Without limitation, the Provider and its employees, agents, and representatives will not, without prior Departmental written consent in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any State agency or affiliate or any officer or employee of the State, or any State program or service, or represent, directly or indirectly, that any product or service provided by the Provider has been approved or endorsed by the State, or refer to the existence of this Contract in press releases, advertising or materials distributed to the Provider's prospective customers.

#### **4.10 Sponsorship.**

As required by section 286.25, F.S., if the Provider is a non-governmental organization which sponsors a program financed wholly or in part by State funds, including any funds obtained through this Contract, it shall, in publicizing, advertising, or describing the sponsorship of the program state: "Sponsored by (Provider's name) and the State of Florida, Department of Children and Families". If the sponsorship reference is in written material, the words "State of Florida, Department of Children and Families" shall appear in at least the same size letters or type as the name of the organization.

#### **4.11 Employee Gifts.**

The Provider agrees that it will not offer to give or give any gift to any Department employee during the service performance period of this Contract and for a period of two years thereafter. In addition to any other remedies available to the Department, any violation of this provision will result in referral of the Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Provider's name on the suspended vendors list for an appropriate period. The Provider will ensure that its subcontractors, if any, comply with these provisions.

#### **4.12 Mandatory Reporting Requirements.**

The Provider and any subcontractor must comply with and inform its employees of the following mandatory reporting requirements. Each employee of the Provider, and of any subcontractor, providing services in connection with this Contract who has any knowledge of a reportable incident shall report such incident as follows: 1) reportable incidents that may involve an immediate or impending impact on the health or safety of a client shall be immediately reported to the Contract Manager; and 2) other reportable incidents shall be reported to the Department's Office of Inspector General by completing a Notification/Investigation Request (Form CF 1934) and emailing the request to the Office of Inspector General at [ig\\_complaints@dcf.state.fl.us](mailto:ig_complaints@dcf.state.fl.us). The Provider and subcontractor may also mail the completed form to the Office of Inspector General, 1317 Winewood Boulevard, Building 5, 2nd Floor, Tallahassee, Florida, 32399-0700; or via fax at (850) 488-1428. A reportable incident is defined in CFOP 180-4, which can be obtained from the Contract Manager.

### **5. RECORDS, AUDITS AND DATA SECURITY.**

#### **5.1 Records, Retention, Audits, Inspections and Investigations.**

5.1.1 The Provider shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by the Department under this Contract.

5.1.2 Retention of all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this Contract shall be maintained by the Provider during the term of this Contract and retained for a period of six (6) years after completion of the Contract or longer when required by law. In the event an audit is required under this Contract, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this Contract, at no additional cost to the Department.

5.1.3 Upon demand, at no additional cost to the Department, the Provider will facilitate the duplication and transfer of any records or documents during the term of this Contract and the required retention period in Section 5.1.2 hereof.

5.1.4 These records shall be made available at all reasonable times for inspection, review, copying, or audit by Federal, State, or other personnel duly authorized by the Department.

5.1.5 At all reasonable times for as long as records are maintained, persons duly authorized by the Department and Federal auditors, pursuant to 45 Code of Federal Regulations (CFR) s. 92.36(i)(10), shall be allowed full access to and the right to examine any of the Provider's contracts and related records and documents, regardless of the form in which kept.

5.1.6 A financial and compliance audit shall be provided to the Department as specified in this Contract and in Attachment 1.

5.1.7 The Provider shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (section 20.055, F.S.).

No record may be withheld nor may the Provider attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record.

## 5.2 Inspections and Corrective Action.

The Provider shall permit all persons who are duly authorized by the Department to inspect and copy any records, papers, documents, facilities, goods and services of the Provider which are relevant to this Contract, and to interview any clients, employees and subcontractor employees of the Provider to assure the Department of the satisfactory performance of the terms and conditions of this Contract. Following such review, the Department will deliver to the Provider a written report of its findings, and may direct the development, by the Provider, of a corrective action plan where appropriate. The Provider hereby agrees to timely correct all deficiencies identified in the Department's written report. This provision will not limit the Department's termination rights under Section 6.2.3 hereof.

## 5.3 Provider's Confidential and Exempt Information.

5.3.1 By executing this Contract, the Provider acknowledges that, having been provided an opportunity to review all provisions hereof, all provisions of this Contract not specifically identified in writing by the Provider prior to execution hereof as "confidential or exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to section 215.985, F.S. The Provider agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Provider as "confidential or exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential.

5.3.2 Any claim by Provider of trade secret (proprietary) confidentiality for any information contained in Provider's documents (reports, deliverables or workpapers, etc., in paper or electronic form) submitted to the Department in connection with this Contract will be waived, unless the claimed confidential information is submitted in accordance with Section 5.3.2.a. hereof.

- a. The Provider must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Provider shall include information correlating the nature of the claims to the particular protected information.
- b. The Department, when required to comply with a public records request including documents submitted by the Provider, may require the Provider to expeditiously submit redacted copies of documents marked as trade secret in accordance with Section 5.3.2.a hereof. Accompanying the submission shall be an updated version of the justification under Section 5.3.2.a. hereof, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Provider fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

The Provider shall be responsible for defending its claim that each and every portion of the redactions of trade secret information are exempt from inspection and copying under Florida's Public Records Law.

## 5.4 Health Insurance Portability and Accountability Act.

The Provider certifies that neither it nor its subcontractors will have access to, receive or provide Protected Health Information within the meaning of the Health Insurance Portability and Accountability Act (42 U.S.C. s.1320d.) and the regulations promulgated thereunder (45 CFR Parts 160, 162, and 164) incidental to performance of this Contract.

In compliance with 45 CFR s.164.504(e), the Provider shall comply with the provisions of Attachment 2 to this Contract, governing the safeguarding, use and disclosure of Protected Health Information created, received, maintained, or transmitted by the Provider or its subcontractors incidental to the Provider's performance of this Contract.

5.5 **Confidential Client and Other Information.** Except as provided in this Contract, the Provider shall not use or disclose but shall protect and maintain the confidentiality of any client information and any other information made confidential by Florida law or Federal laws or regulations that is obtained or accessed by the Provider or its subcontractors incidental to performance under this Contract.

**5.6 Data Security.** The Provider shall comply with the following data security requirements whenever the Provider or its subcontractors have access to Department data systems or maintain any client or other confidential information in electronic form:

**5.6.1** An appropriately skilled individual shall be identified by the Provider to function as its Data Security Officer. The Data Security Officer shall act as the liaison to the Department's security staff and will maintain an appropriate level of data security for the information the Provider is collecting or using in the performance of this Contract. An appropriate level of security includes approving and tracking all Provider employees that request or have access to any Departmental data system or information. The Data Security Officer will ensure that user access to the data system or information has been removed from all terminated Provider employees.

**5.6.2** The Provider shall provide the latest Departmental security awareness training to its staff who have access to departmental information.

**5.6.3** All Provider employees who have access to Departmental information shall comply with, and be provided a copy of CFOP 50-2, and shall sign the DCF Security Agreement form CF 0114 annually. A copy of CF 0114 may be obtained from the Contract Manager.

**5.6.4** The Provider shall make every effort to protect and avoid unauthorized release of any personal or confidential information by ensuring both data and mobile storage devices are encrypted as prescribed in CFOP 50-2. If encryption of these devices is not possible, then the Provider shall assure that unencrypted personal and confidential Departmental data will not be stored on unencrypted storage devices.

**5.6.5** The Provider agrees to notify the Contract Manager as soon as possible, but no later than five (5) business days following the determination of any breach or potential breach of personal and confidential Departmental data.

**5.6.6** The Provider shall at its own cost provide notice to affected parties no later than 45 days following the determination of any potential breach of personal or confidential Departmental data as provided in section 817.5681, F.S. The Provider shall also at its own cost implement measures deemed appropriate by the Department to avoid or mitigate potential injury to any person due to a breach or potential breach of personal and confidential Departmental data.

The Provider shall cause each of its subcontractors having access to Department data systems or maintaining any client or other confidential information in electronic form to comply with the provisions of this Section 5.6 and the term "Provider" shall be deemed to mean the subcontractor for such purposes.

## **6. PENALTIES, TERMINATION AND DISPUTE RESOLUTION.**

### **6.1 Financial Penalties for Failure to Take Corrective Action.**

**6.1.1** In accordance with the provisions of section 402.73(1), F.S., and Rule 65-29.001, F.A.C., corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Contract. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

**6.1.2** The increments of penalty imposition that shall apply, unless the Department determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan. The penalty, if imposed, shall not exceed ten percent (10%) of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. Noncompliance that is determined to have a direct effect on client health and safety shall result in the imposition of a ten percent (10%) penalty of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.

**6.1.3** Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a five percent (5%) penalty. Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a two percent (2%) penalty.

**6.1.4** The deadline for payment shall be as stated in the Order imposing the financial penalties. In the event of nonpayment the Department may deduct the amount of the penalty from invoices submitted by the Provider.

### **6.2 Termination.**

**6.2.1** In accordance with Section 22 of PUR 1000 Form, this Contract may be terminated by the Department without cause upon no less than thirty (30) calendar days notice in writing to the Provider unless a sooner time is mutually agreed upon in writing.

6.2.2 In the event funds for payment pursuant to this Contract become unavailable, the Department may terminate this Contract upon no less than twenty-four (24) hours notice in writing to the Provider. The Department shall be the final authority as to the availability and adequacy of funds.

6.2.3 In the event the Provider fails to fully comply with the terms and conditions of this Contract, the Department may terminate the Contract upon no less than twenty-four (24) hours (excluding Saturday, Sunday, and Holidays) notice in writing to the Provider. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Provider's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the Contract. The Department's failure to demand performance of any provision of this Contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Contract shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this Contract. The provisions herein do not limit the Department's right to remedies at law or in equity.

6.2.4 Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. To be terminated under this provision, the Provider must have: (1) previously failed to satisfactorily perform in a contract with the Department, been notified by the Department of the unsatisfactory performance, and failed to timely correct the unsatisfactory performance to the satisfaction of the Department; or (2) had a contract terminated by the Department for cause. Termination shall be upon no less than twenty-four (24) hours notice in writing to the Provider.

In the event of termination under Sections 6.2.1 or 6.2.2 hereof, the Provider will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work per Section 21 of the PUR 1000.

### 6.3 Dispute Resolution.

Any dispute concerning performance of this Contract or payment hereunder shall be decided by the Department's Contract Manager, who shall reduce the decision to writing and provide a copy to the Provider. The decision shall be final and conclusive unless within twenty-one (21) calendar days from the date of receipt of the Contract Manager's decision, the Provider delivers to the Contract Manager a petition for alternative dispute resolution. After receipt of a petition for alternative dispute resolution the Department and the Provider shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Provider concerning this Contract. After timely delivery of a petition for alternative dispute resolution, the parties may employ any dispute resolution procedures described in the Attachment I or other attachment, or mutually agree to an alternative binding or nonbinding dispute resolution process, the terms of which shall be reduced to writing and executed by both parties. Completion of such agreed process shall be deemed to satisfy the requirement for completion of the negotiation process. This provision shall not limit the parties' rights of termination under Section 6.2 hereof.

All notices provided under Section 6 shall be in writing on paper, physically sent to the person identified in Section 1.3.d hereof by U.S. Postal Service or any other delivery service that provides verification of delivery, or by hand delivery.

## 7. OTHER TERMS.

### 7.1 Governing Law and Venue.

This Contract is executed and entered into in the State of Florida, and shall be construed, performed and enforced in all respects in accordance with Florida law, without regard to Florida provisions for conflict of laws. Courts of competent jurisdiction in Florida shall have exclusive jurisdiction in any action regarding this Contract and venue shall be in Leon County, Florida. Unless otherwise provided in any other provision or amendment hereof, any amendment, extension or renewal (when authorized) may be executed in counterparts as provided in Section 46 of the PUR 1000 Form.

### 7.2 No Other Terms.

There are no provisions, terms, conditions, or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations, or agreements, either verbal or written between the parties.

### 7.3 Severability of Terms.

If any term or provision of this Contract is legally determined unlawful or unenforceable, the remainder of the Contract shall remain in full force and effect and such term or provision shall be stricken.

#### **7.4 Survival of Terms.**

The parties agree that, unless a provision of this Contract, its attachments or incorporated documents expressly states otherwise as to itself or a named provision, all provisions of this Contract concerning obligations of the Provider and remedies available to the Department are intended to survive the "ending date" or an earlier termination of this Contract. The Provider's performance pursuant to such surviving provisions shall be without further payment, as the contract payments received during the term of this Contract are consideration for such performance.

#### **7.5 Modifications.**

Modifications of provisions of this Contract shall be valid only when they have been reduced to writing and duly signed by both parties. The rate of payment and the total dollar amount may be adjusted retroactively to reflect price level increases and changes in the rate of payment when these have been established through the appropriations process and subsequently identified in the Department's operating budget.

#### **7.6 Most Favored Party Status.**

The Provider represents and warrants that the prices and terms for its services under this Contract are no less favorable to the Department than those for similar services under any existing contract with any other party. The Provider further agrees that, within 90 days of Provider entering into a contract or contract amendment or offering to any other party services similar to those under this Contract under prices or terms more favorable than those provided in this Contract, the Provider will report such prices and terms to the Department, which prices or terms shall be effective as an amendment to this Contract upon the Department's written acceptance thereof. Should the Department discover such other prices or terms, the same shall be effective as an amendment to this Contract retroactively to the earlier of the effective date of this Contract (for other contracts in effect as of that date) or the date they were first contracted or offered to the other party (for subsequent contracts, amendments or offers) and any payment in excess of such pricing shall be deemed overpayments. Provider shall submit an affidavit no later than July 31st of each year during the term of this Contract attesting that the Provider is in compliance with this provision, as required by section 216.0113, F.S.

#### **7.7 Anticompetitive Agreements.**

The Provider will not offer, enter into nor enforce any formal or informal agreement with any person, firm or entity under which the parties agree to refrain from competing for any future service contract or limit in any manner the ability of either party to obtain employment by or provide services to the Department or a provider of services to the Department.

#### **7.8 Communications.**

Except where otherwise provided in this Contract, communications between the parties regarding this Contract may be by any commercially reasonable means. Where this Contract calls for communication in writing, such communication includes email, and attachments thereto are deemed received when the email is received.

#### **7.9 Accreditation.**

The Department is committed to ensuring provision of the highest quality services to the persons we serve. Accordingly, the Department has expectations that where accreditation is generally accepted nationwide as a clear indicator of quality service, the majority of the Department's providers will either be accredited, have a plan to meet national accreditation standards, or will initiate a plan within a reasonable period of time.

#### **7.10 Transitioning Young Adults.**

The Provider understands the Department's interest in assisting young adults aging out of the dependency system. The Department encourages Provider participation with the local Community-Based Care Lead Agency Independent Living Program to offer gainful employment to youth in foster care and young adults transitioning from the foster care system.

#### **7.11 DEO and Workforce Florida.**

The Provider understands that the Department, the Department of Economic Opportunity, and Workforce Florida, Inc., have jointly implemented an initiative to empower recipients in the Temporary Assistance to Needy Families Program to enter and remain in gainful employment. The Department encourages Provider participation with the Department of Economic Opportunity and Workforce Florida.

#### **7.12 Purchases by Other Agencies.**

The Department of Management Services may approve this Contract as an alternate contract source pursuant to Rule 60A-1.047, Florida Administrative Code, if requested by another agency. Other State agencies may purchase from the resulting contract, provided that the Department of Management Services has determined that the contract's use is cost-effective and in the best interest of the State. Upon

such approval, the Contractor may, at its discretion, sell these commodities or services to additional agencies, upon the terms and conditions contained herein.

By signing this Contract, the parties agree that they have read and agree to the entire Contract, as described in Section 1.4 hereof.

IN WITNESS THEREOF, the parties hereto have caused this 42 page Contract to be executed by their undersigned officials as duly authorized.

## EXHIBIT A – SPECIAL PROVISIONS

The following provisions supplement or modify the provisions of Sections 1 through 7, above, as provided herein:

### SECTION 1: ENGAGEMENT, TERM AND CONTRACT DOCUMENT

### SECTION 2: STATEMENT OF WORK.

### SECTION 3: PAYMENT, INVOICE AND RELATED TERMS

### SECTION 4: GENERAL TERMS AND CONDITIONS GOVERNING PERFORMANCE

#### 4.13 Client Risk Prevention.

If services to clients are to be provided under this Contract, the Provider and any subcontractors shall, in accordance with the client risk prevention system, report those reportable situations listed in CFOP 215-6 in the manner prescribed in CFOP 215-6. The Provider shall immediately report any knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number (1-800-96ABUSE). As required by Chapters 39 and 415, F.S., this provision is binding upon both the Provider and its employees.

#### 4.14 Emergency Preparedness Plan.

If the tasks to be performed pursuant to this Contract include the physical care or supervision of clients, the Provider shall, within 30 days of the execution of this Contract, submit to the Contract Manager an emergency preparedness plan which shall include provisions for records protection, alternative accommodations for clients in substitute care, supplies, and a recovery plan that will allow the Provider to continue functioning in compliance with the executed contract in the event of an actual emergency.

4.14.1 For the purpose of disaster planning, the term supervision includes a child who is under the jurisdiction of a dependency court. Children may remain in their homes, be placed in a non-licensed relative/non-relative home, or be placed in a licensed foster care setting.

4.14.2 No later than twelve months following the Department's original acceptance of a plan and every twelve months thereafter, the Provider shall submit a written certification that it has reviewed its plan, along with any modifications to the plan, or a statement that no modifications were found necessary.

4.14.3 The Department agrees to respond in writing within 30 days of receipt of the original or updated plan, accepting, rejecting, or requesting modifications. In the event of an emergency, the Department may exercise oversight authority over such Provider in order to assure implementation of agreed emergency relief provisions.

### SECTION 5: RECORDS, AUDITS AND DATA SECURITY

### SECTION 6: PENALTIES, TERMINATION AND DISPUTE RESOLUTION

### SECTION 7: OTHER TERMS

#### A-7.1. Program or Service Specific Terms

This contract falls under the Adult Protective Services Program (APS), Community Care for Disabled Adults (CCDA). Service specific terms used in this document are defined as follows:

**A-7.1.1 Activities of Daily Living** - Basic activities performed in the course of daily living, such as dressing, bathing, grooming, eating, using a commode or urinal, and ambulating around one's own home.

**A-7.1.2 Adult Protective Services** - Adult Protective Services is the State agency that provides funding for the CCDA program.

**A-7.1.3 CCDA** - Community Care for Disabled Adults.

**A-7.1.4 Case Management** - a client centered series of activities which includes planning, arrangement for and coordination of appropriate community-based services for an eligible Community Care for Disabled Adult client and is an approved service. It includes intake and referral, comprehensive assessment, development of a service plan, arrangement for service and monitoring of client's progress to assure the effective delivery of services and reassessment.

**A-7.1.5 Client** - Any person who is eligible and is at least eighteen (18) years through age fifty-nine (59), has one (1) or more permanent physical or mental limitations that restrict the client's ability to perform normal activities of daily living, and impede the client's capacity to live independently or with relatives or friends without the provision of community-based services.

**A-7.1.6 Home Delivered Meals** - Provision of meals delivered to the home for those who have difficulty shopping for groceries or preparing nutritious meals.

**A-7.1.7 Homemaker Service** - Performance of or assistance in accomplishing household tasks including housekeeping, meal planning and preparation, shopping assistance, and routine household activities by a trained homemaker.

**A-7.1.8 Personal Care Services** - Individual assistance with or supervision of essential activities of daily living, such as bathing, dressing, ambulating, supervision of self-administered medication, eating, and assistance with securing health care from appropriate sources. Personal care services shall not be construed to mean the provision of medical, nursing, dental or mental health services by the personal care service staff.

**A-7.2. Fees**

**A-7.2.1** The case management provider will collect fees for services provided according to Rule 65C-2.007, F.A.C.

**A-7.2.2** No fees shall be assessed other than those established by the Department. Fees collected in compliance with the department directives will be reinvested in a manner prescribed by the Department.

**A-7.3. Policy and Procedures Manuals**

Comprehensive Policy and Procedures Manuals must be developed and maintained by the provider. All manuals must include the specific requirements necessary to address accounting, purchasing, personnel and programmatic components of the agency's current business practices. All manuals should contain an overview page describing the purpose of the manual, a table of contents, numbered pages, be revised/updated regularly and should reflect approval (with date) by the board of directors (or designee).

## EXHIBIT A1- STATE AND FEDERAL LAWS, RULES AND REGULATIONS RELATING TO PERFORMANCE

As provided in Section 4.1 of this Contract, the Provider is required to comply with the following requirements, as applicable to its performance under this Contract, as they may be enacted or amended from time to time. Provider acknowledges that it is independently responsible for investigating and complying with all State and Federal laws, rules and regulations relating to its performance under this Contract and that the below is only a sample of the State and Federal laws, rules and regulations that may govern its performance under this Contract.

### A1-1 Federal Law.

A1-1.1 If this Contract contains Federal Funds, the Provider shall comply with the provisions of Federal law and regulations including, but not limited to, 45 CFR, Parts 74 and 92, and other applicable regulations.

A1-1.2 If this Contract contains \$10,000 or more of Federal Funds, the Provider shall comply with Executive Order 11246, Equal Employment Opportunity, as amended by Executive Order 11375 and others, and as supplemented in Department of Labor regulation 41 CFR, Part 60 and 45 CFR, Part 92, if applicable.

A1-1.3 If this Contract contains over \$100,000 of Federal Funds, the Provider shall comply with all applicable standards, orders, or regulations issued under section 306 of the Clean Air Act, as amended (42 United States Code (U.S.C.) 7401 et seq.), section 508 of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), Executive Order 11738, as amended and where applicable, and Environmental Protection Agency regulations (40 CFR, Part 30). The Provider shall report any violations of the above to the Department.

A1-1.4 No Federal Funds received in connection with this Contract may be used by the Provider, or agent acting for the Provider, or subcontractor to influence legislation or appropriations pending before the Congress or any State legislature. If this Contract contains Federal funding in excess of \$100,000, the Provider must, prior to contract execution, complete the Certification Regarding Lobbying form, Attachment N/A. If a Disclosure of Lobbying Activities form, Standard Form LLL, is required, it may be obtained from the contract manager. All disclosure forms as required by the Certification Regarding Lobbying form must be completed and returned to the Contract Manager, prior to payment under this Contract.

A1-1.5 If this Contract contains Federal Funds and provides services to children up to age 18, the Provider shall comply with the Pro-Children Act of 1994 (20 U.S.C. 6081). Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation or the imposition of an administrative compliance order on the responsible entity, or both.

A1-1.6 Unauthorized aliens shall not be employed. Employment of unauthorized aliens shall be cause for unilateral cancellation of this Contract by the Department for violation of section 274A(e) of the Immigration and Nationality Act (8 U.S.C. 1324 a) and section 101 of the Immigration Reform and Control Act of 1986. The Provider and its subcontractors will enroll in and use the E-verify system established by the U.S. Department of Homeland Security to verify the employment eligibility of its employees and its subcontractors' employees performing under this Contract. "Employee assigned to the contract" means all persons employed or assigned (including subcontractors) by the Provider or a subcontractor during the contract term to perform work pursuant to this contract within the United States and its territories.

A1-2 Civil Rights Requirements. In accordance with Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, or the Florida Civil Rights Act of 1992, as applicable the Provider shall not discriminate against any employee (or applicant for employment) in the performance of this Contract because of race, color, religion, sex, national origin, disability, age, or marital status. Further, the Provider agrees not to discriminate against any applicant, client, or employee in service delivery or benefits in connection with any of its programs and activities in accordance with 45 CFR, Parts 80, 83, 84, 90, and 91, Title VI of the Civil Rights Act of 1964, or the Florida Civil Rights Act of 1992, as applicable and CFOP 60-16. These requirements shall apply to all contractors, subcontractors, grantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities. If employing fifteen or more employees, the Provider shall complete the Civil Rights Compliance Checklist, CF Form 946 within 30 days of execution of this Contract and annually thereafter in accordance with CFOP 60-16 and 45 CFR, Part 80.

Use of Funds for Lobbying Prohibited. The Provider shall comply with the provisions of sections 11.062 and 216.347, F.S., which prohibit the expenditure of contract funds for the purpose of lobbying the Legislature, judicial branch, or a State agency.

Public Entity Crime and Discriminatory Contractors. Pursuant to sections 287.133 and 287.134, F.S., the following restrictions shall apply to the ability of persons placed on the convicted vendor list or the discriminatory vendor list. When a person or affiliate has been placed on the convicted vendor list or the discriminatory vendor list, the Provider shall not award or perform any contract with that person or affiliate.

been placed on the convicted vendor list following a conviction for a public entity crime, or an entity or affiliate has been placed on the discriminatory vendor list, such person, entity or affiliate may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or the repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; and may not transact or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; provided, however, that the prohibition on persons or affiliates placed on the convicted vendor shall be limited to business in excess of the threshold amount provided in section 287.017, F.S., for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

**A1-5 Whistleblower's Act Requirements.** In accordance with subsection 112.3187(2), F.S., the Provider and its subcontractors shall not retaliate against an employee for reporting violations of law, rule, or regulation that creates substantial and specific danger to the public's health, safety, or welfare to an appropriate agency. Furthermore, agencies or independent contractors shall not retaliate against any person who discloses information to an appropriate agency alleging improper use of governmental office, gross waste of funds, or any other abuse or gross neglect of duty on the part of an agency, public officer, or employee. The Provider and any subcontractor shall inform its employees that they and other persons may file a complaint with the Office of Chief Inspector General, Agency Inspector General, the Florida Commission on Human Relations or the Whistle-blower's Hotline number at 1-800-543-5353.

#### **A1-6 Public Records.**

**A1-6.1** As required by section 287.058(1)(c), F.S., the Provider shall allow public access to all documents, papers, letters, or other public records as defined in subsection 119.011(12), F.S., as prescribed by subsection 119.07(1) F.S., made or received by the Provider in conjunction with this Contract except that public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Provider's failure to comply with this provision shall constitute an immediate breach of contract for which the Department may unilaterally terminate this Contract.

**A1-6.2** As required by section 119.0701, F.S., to the extent that the Provider is acting on behalf of the Department within the meaning of section 119.011(2), F.S., the Provider shall:

- a. Keep and maintain public records that ordinarily and necessarily would be required by the Department in order to perform the service.
- b. Provide the public with access to public records on the same terms and conditions that the Department would provide the records and at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- d. Meet all requirements for retaining public records and transfer, at no cost, to the Department all public records in possession of the Provider upon termination of the Contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Department in a format that is compatible with the information technology systems of the Department.

#### **A1-7 Support to the Deaf or Hard-of-Hearing.**

**A1-7.1** Where direct services are provided, the Provider and its subcontractors shall comply with section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, as implemented by 45 CFR Part 84 (hereinafter referred to as Section 504), the Americans with Disabilities Act of 1990, 42 U.S.C. 12131, as implemented by 28 CFR Part 35 (hereinafter referred to as ADA), and the Children and Families Operating Procedure (CFOP) 60-10, Chapter 4, entitled "Auxiliary Aids and Services for the Deaf or Hard-of-Hearing."

**A1-7.2** If the Provider or any of its subcontractors employs 15 or more employees, the Provider shall designate a Single-Point-of-Contact (one per firm) to ensure effective communication with deaf or hard-of-hearing customers or companions in accordance with Section 504 of the ADA, and CFOP 60-10, Chapter 4. The Provider's Single-Point-of-Contact and that of its Subcontractors will process the compliance data into the Department's HHS Compliance reporting Database by the 5<sup>th</sup> business day of the month, covering the previous month's reporting, and forward confirmation of submission to the Contract Manager. The name and contact information for the Provider's Single-Point-of-Contact shall be furnished to the Department's Grant or Contract Manager within 14 calendar days of the effective date of this requirement.

**A1-7.3** The Provider shall, within 30 days of the effective date of this requirement, contractually require that its subcontractors comply with Section 504, the ADA, and CFOP 60-10, Chapter 4. A Single-Point-of-Contact shall be required for each subcontractor that employs 15 or more employees. This Single-Point-of-Contact will ensure effective communication with deaf or hard-of-hearing

customers or companions in accordance with Section 504 and the ADA and coordinate activities and reports with the Provider's Single-Point-of-Contact.

**A1-7.4** The Single-Point-of-Contact shall ensure that employees are aware of the requirements, roles & responsibilities, and contact points associated with compliance with Section 504, the ADA, and CFOP 60-10, Chapter 4. Further, employees of providers and their subcontractors with 15 or more employees shall attest in writing that they are familiar with the requirements of Section 504, the ADA, and CFOP 60-10, Chapter 4. This attestation shall be maintained in the employee's personnel file.

**A1-7.5** The Provider's Single-Point-of-Contact will ensure that conspicuous Notices which provide information about the availability of appropriate auxiliary aids and services at no-cost to the deaf or hard-of-hearing customers or companions are posted near where people enter or are admitted within the agent locations. Such Notices must be posted immediately by The Provider and its subcontractors. The approved Notice can be downloaded through the Internet at: <http://www.myffamilies.com/about-us/services-deaf-and-hard-hearing/DCF-posters>.

**A1-7.6** The Provider and its subcontractors shall document the customer's or companion's preferred method of communication and any requested auxiliary aids/services provided in the customer's record. Documentation, with supporting justification, must also be made if any request was not honored. The Provider shall distribute Customer Feedback forms to customers or companions, and provide assistance in completing the forms as requested by the customer or companion.

**A1-7.7** If customers or companions are referred to other agencies, the Provider must ensure that the receiving agency is notified of the customer's or companion's preferred method of communication and any auxiliary aids/service needs.

**A1-7.8** The Department requires each contract/subcontract provider agency's direct service employees to complete Serving our Customers who are Deaf or Hard-of-Hearing and sign the Attestation of Understanding. Direct service employees performing under this Contract will also print their certificate of completion, attach it to their Attestation of Understanding, and maintain them in their personnel file.

**A1-8 Client and Other Confidential Information.** State laws providing for the confidentiality of client and other information include but are not limited to sections 39.0132, 39.00145, 39.202, 39.809, 39.908, 63.162, 63.165, 383.412, 394.4615, 397.501, 409.821, 409.175, 410.037, 410.605, 414.295, 415.107, 415.295, 741.3165 and 916.107, F.S. Federal laws and regulations to the same effect include section 471(a)(8) of the Social Security Act, section 106(b)(2)(A)(viii) of the Child Abuse Prevention and Treatment Act, 7 U.S.C. §2020(e)(8), 42 U.S.C. §602 and 42 U.S.C. §1396a(a)(7) and 7 CFR §272.1(c), 42 CFR §§2.1-2.3, 42 CFR §431.300-30645 CFR §400.27(a) and 45 CFR §205.50. A summary of Florida Statutes providing for confidentiality of this and other information are found in Part II of the Attorney General's Government in the Sunshine Manual, as revised from time-to-time.

**A1-9 PRIDE.** Articles which are the subject of or are required to carry out this Contract shall be purchased from Prison Rehabilitative Industries and Diversified Enterprises, Inc., (PRIDE) identified under Chapter 946, F.S., in the same manner and under the procedures set forth in subsections 946.515(2) and (4), F.S. For purposes of this Contract, the Provider shall be deemed to be substituted for the Department insofar as dealings with PRIDE. This clause is not applicable to subcontractors unless otherwise required by law. An abbreviated list of products/services available from PRIDE may be obtained by contacting PRIDE, (800) 643-8459.

**A1-10 Recycled Products.** The Provider shall procure any recycled products or materials, which are the subject of or are required to carry out this Contract, in accordance with the provisions of sections 403.7065, F.S.

**A1-11 Scrutinized Companies.** If this Contract is for an amount of \$1 Million or more, the Department may terminate this Contract at any time the Provider is found to have submitted a false certification under section 287.135, F.S., or has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

**A1-12 Federal Funding Accountability and Transparency Act.** The Provider will complete and sign the FFATA Certification of Executive Compensation Reporting Requirements form (CF 1111 or successor) if this Contract includes \$25,000 or more in Federal Funds (as determined over its entire term). The Provider shall also report the total compensation of its five most highly paid executives if it also receives in excess of 80% of its annual gross revenues from Federal Funds.

**A1-13 Prompt Payment and Vendor Ombudsman.** Pursuant to section 215.422, F.S., the Department has five (5) working days to inspect and approve goods and services, unless the bid specifications, purchase order, or this Contract specify otherwise. Any amount that is authorized for payment but is not available within forty (40) days, measured from the latter of the date a properly completed invoice is received by the Department or the goods or services are received, inspected, and approved (or within 35 days after the date eligibility for payment of a health care provider is determined), a separate interest penalty as described in section 215.422, F.S., will be due and payable in addition to the amount authorized for payment. Interest penalties less than one (1) dollar will not be paid unless the

Provider requests payment. A Vendor Ombudsman has been established within the Department of Financial Services and may be contacted at (850) 413-5516.

**A1-14 Timely Payment of Subcontractors.** To the extent that a subcontract provides for payment after Provider's receipt of payment from the Department, the Provider shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with section 287.0585, F.S., unless otherwise stated in the contract between the Provider and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Provider and paid by the Provider to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

**A1-15 Employment Screening.**

**A1-15.1** The Provider shall ensure that all staff utilized by the Provider and its subcontractors that are required by Florida law to be screened in accordance with chapter 435, F.S., are of good moral character and meet the Level 2 Employment Screening standards specified by sections 435.04, 110.1127, and subsection 39.001(2), F.S., as a condition of initial and continued employment that shall include but not be limited to:

- a. Employment history checks;
- b. Fingerprinting for all criminal record checks;
- c. Statewide criminal and juvenile delinquency records checks through the Florida Department of Law Enforcement (FDLE);
- d. Federal criminal records checks from the Federal Bureau of Investigation via the Florida Department of Law Enforcement; and
- e. Security background investigation, which may include local criminal record checks through local law enforcement agencies.
- f. Attestation by each employee, subject to penalty of perjury, to meeting the requirements for qualifying for employment pursuant to chapter 435 and agreeing to inform the employer immediately if arrested for any of the disqualifying offenses while employed by the employer.

**A1-15.2** The Provider shall sign an affidavit each State fiscal year for the term of the contract stating that all required staff have been screened or the Provider is awaiting the results of screening.

**A1-16 Human Subject Research.** The Provider shall comply with the requirements of CFOP 215-8 for any activity under this Contract involving human subject research within the scope of 45 CFR, Part 46, and 42 U.S.C. section 289, et seq., and may not commence such activity until review and approval by the Department's Human Protections Review Committee and a duly constituted Institutional Review Board.

**A1-17 Coordination of Contracted Services.** Section 287.0575, F.S., mandates various duties and responsibilities for certain State agencies and their contracted service providers, and requires the following Florida health and human services agencies to coordinate their monitoring of contracted services: Department of Children and Families, Agency for Persons with Disabilities, Department of Health, Department of Elderly Affairs, and Department of Veterans Affairs, where applicable.

In accordance with Section 287.0575(2), F.S., each contract service provider that has more than one contract with one or more of the five Florida health and human services agencies must provide a comprehensive list of their health and human services contracts to their respective Contract Manager(s). The list must include the following information:

- Name of each contracting State agency and the applicable office or program issuing the contract.
- Identifying name and number of the contract.
- Starting and ending date of each contract.
- Amount of each contract.
- A brief description of the purpose of the contract and the types of services provided under each contract.
- Name and contact information of each Contract Manager.

N/A  for additional laws, rules and regulations affecting performance of this Contract.

**EXHIBIT B - SCOPE OF WORK**

**B-1 Scope of Service**

This is a forty-two month contract, pursuant to the Adult Protective Services Program established under the authority of sections 410.601-410.606, Florida Statutes, Chapter 65C-2, Florida Administrative Code (F.A.C.), and the annual appropriations act, with any proviso language or instructions to the Department, constituting the legal basis for services to be delivered through the Community Care for Disabled Adults Program. In addition, the Provider shall provide in-home services to all eligible permanently disabled adults ages 18-59 who are in need of assistance to maintain reasonably independent lives in the community in Monroe County.

**B-2 Major Contract Goals**

The goal of the Community Care for Disabled Adults (CCDA) Program is to prevent unnecessary institutionalization of disabled adults aged 18-59 through the provision of Case Management Services to coordinate such in-home community-based services as Homemaker Services, Personal Care Services and Home Delivered Meals. The program is designed to serve totally and permanently disabled persons who are not eligible for assistance from other programs and it fills the gap in the services for adults with disabilities.

**B-3 Service Area/Locations/Times**

The Provider for this service must be able to provide both coordination and delivery of in-home community-based services based on the identified days and times in the client care plan. If the Provider can only provide coordination, they must have the ability to coordinate with home health agencies to provide the delivery of in-home community-based services based on the days and times in the client care plan.

| SERVICE              | LOCATION                          | TIME                    |
|----------------------|-----------------------------------|-------------------------|
| Case Management      | Client's Home & Provider's Office | Determined by care plan |
| Home Delivered Meals | Client's Home                     | Determined by care plan |
| Homemaker            | Client's Home                     | Determined by care plan |
| Personal Care        | Client's Home                     | Determined by care plan |

Details of the services to be provided under this contract and the negotiated parameters of those services are included in the descriptions and minimum requirements for each service listed in the "CFOP 140-8, Community Care for Disabled Adults Operating Procedures".

**B-3.1 Changes in Location**

The Provider must notify the Department of changes in the location of service delivery. Once the service delivery location is agreed upon, any proposed change must be presented in writing to the Contract Manager for approval, fifteen (15) working days prior to implementation of that proposed change. In the event of an emergency, temporary changes in location may necessitate waiver of this designated standard by the Region's program office. Such a waiver will take into consideration the continuity, safety, and welfare of the Department's clients, and is at the Department's sole discretion.

**B-4 Clients to be Served**

Adults with disabilities, age eighteen (18) through fifty-nine (59), who are no longer eligible to receive children's services and are not eligible for the Long Term Care Managed Care Program, may be served under the provisions of this contract.

**B-5 Client Eligibility**

**B-5.1** Applicants must have one or more permanent physical or mental limitations, that restrict the ability to perform normal activities of daily living, as determined through the initial functional assessment and medical documentation of disability. Determination of a permanent disability must be established and evidenced in one of the following manners:

**B.5.1.1** An applicant may present a check, award letter, or other proof showing receipt of Social Security Disability Income, or some other disability payment (e.g., Worker's Compensation); or

**B.5.1.2** An applicant may present a written statement from a licensed physician, licensed nurse practitioner, or mental health professional, which meets the Region's criteria for evidence of a disability. This written statement must, at a minimum, include the applicant's diagnosis, prognosis, a broad explanation of level of functioning, and the interpretation of need for services based on identified functional barriers caused by the applicant's disabling condition.

- B5.2 Applicants must have an individual income at or below the prevailing MICP eligibility standard in order to receive free CCDA services.
- B-5.3 Applicants with incomes above the standard will be assessed a fee for a share of the costs, or may be required to provide volunteer services in lieu of payment.

**B-6 Client Determination**

- B-6.1 Clients will be assessed for eligibility determination, and prioritized for services by Department case management staff, in accordance with subsection 410.604 (2), Florida Statutes.
- B-6.2 The Adult Protective Services Program Office will make the final determination of client eligibility and service authorization.

**B-7 Equipment**

The Provider will be responsible for supplying, at its own expense, all equipment necessary to perform under, conduct and complete the contract, including but not limited to computers, telephones, copier and fax machines, including supplies and maintenance, as well as needed office supplies.

**B-8 Contract Limits**

- B-8.1 The total annual cost estimated or actual, for an individual receiving CCDA services, shall not exceed the average, annual general revenue portion of a Medicaid nursing home bed within the Regional area.
- B-8.2 Clients must not be receiving comparable services from any other entity. In order to prevent duplication of services, client files must contain documentation verifying that all comparable community services and funding sources have been explored and exhausted.
- B-8.3 To the extent that funds are available, the Provider will receive referrals for clients on whom the Human Service counselors have completed an Adult Services Screening for Consideration for Community Based Services.

The following task limits apply to the services specified in Section B-3 above.

- B-8.3.1 Case Management provides ongoing assessment of the client's needs, ongoing review of the care plan and the client's satisfaction with the services provided. Case Management consists of identifying, organizing, documenting, coordinating, monitoring and modifying services needed by the client. Case Management requires extensive knowledge of the existing service network and the skills and the willingness to seek out additional service options that may benefit the client. Case Management must maintain at a minimum, monthly telephone contact with the client to verify satisfaction and receipt of services; review the care plan in a face to face visit every three (3) months and if necessary, update the client's care plan and have an annual face to face visit with the client to complete the annual assessment and determine the client's functional status; satisfaction with services; changes in service needs and develop a new care plan. The Case Manager must clearly document in the case narrative the above scheduled visits to the client. The Case Manager may combine the quarterly visits with the monthly contact requirement.

- B-8.3.2 Home Delivered Meals are for clients who have difficulty in shopping for groceries or preparing meals and have no caregiver capable of providing the services. The meals should be appropriate for the client.
- B-8.3.3 Homemaker service time does not include time spent in transit to and from the client's place of residence except when providing shopping assistance, performing errands or other tasks on behalf of the client.

- B-8.3.3.1 Aides providing Homemaker services must not engage in work that is not specified in the care plan; accept gifts from clients; lend or borrow money or articles from clients; handle money, unless authorized in writing by a supervisor or Case Manager (documented in the personnel file) and unless bonded or insured by the employer and transport clients, unless authorized in writing by a supervisor or Case Manager.

- B-8.3.4 Personal Care services will not substitute for the care usually provided by a registered nurse, licensed practical nurse, therapist or home health aide. The personal care aide will not change sterile dressings, irrigate body cavities, administer medications or perform other activities prohibited by Chapter 59A-8, F.A.C.

- B-8.3.5 Other parameters of services delivery, by type of service; are detailed in the "CFOP 140-8, Community Care for Disabled Adults Operating Procedures".

## EXHIBIT C - TASK LIST

The Provider shall perform all functions necessary for the proper delivery of services including, but not limited to, the following:

### C-1 Service Tasks

C-1.1 Service Providers will ensure that appropriate community-based services are provided to clients in a manner designed to meet the client's changing needs, to assist the client in avoiding or reducing unnecessary dependence on the delivered service(s), and to increase the client's self-reliance.

C-1.2 The following tasks, with units designated, shall be performed under this contract include:

- C-1.2.1 Case Management – unit is one hour of service
- C-1.2.2 Personal Care – unit is one hour of service
- C-1.2.3 Homemaker – unit is one hour of service
- C-1.2.4 Home Delivered Meals – unit is one meal

C-1.3 Each CCDA program must include case management services and at least one other service.

### C-2 Administrative Tasks

#### C-2.1 Staffing Requirements

C-2.1.1 The Provider will meet the minimum staffing requirements for each service, as specified in CFOP 140-8, Community Care for Disabled Adults Operating Procedures.

C-2.1.2 The Provider will notify the Department, in writing, within thirty calendar (30) days whenever the Provider is unable, or expects to be unable to provide the required quality or quantity of service due to staff turnovers or shortages.

#### C-2.2 Professional Qualifications

The Provider will ensure that staff meets the professional qualifications for each service, as specified in the "CFOP 140-8, Community Care for Disabled Adults Operating Procedures".

#### C-2.3 Staff Changes

The Provider agrees to notify the Department's Contract Manager within two (2) working days if a key administrative position (e.g., executive director) becomes vacant. Planned staffing changes that may affect service delivery, as stipulated in this contract, must be presented in writing to the Contract Manager for approval at least ten (10) working days prior to the implementation of the change.

#### C-2.4 Subcontracting

This contract allows the Provider to subcontract for the provision of all services under this contract except Case Management, subject to the provisions of Section 4.2 of CF Integrated Contract 2014. The subcontractor at any tier level must comply with the E-Verify clause as subject to the same requirements as the prime contractor.

C-2.5 Records and Documentation The Provider shall complete and submit the Reports as described in Section C-2.6.

C-2.5.1 Providers shall maintain information on each client served by this contract, which includes the following:

- C-2.5.1.1 documentation of the client by name or unique identifier;
- C-2.5.1.2 current documentation of eligibility for services;
- C-2.5.1.3 dates of service provision, delivery and service billing;
- C-2.5.1.4 information documenting the client's need to receive services;
- C-2.5.1.5 information documenting the client's need for service increase;
- C-2.5.1.6 the number of service units provided; and

- C-2.5.1.7 all other forms or records necessary for program operation and reporting, as set forth by the Department
  - C-2.5.2 Case Management Provider individual client files shall contain the following:
    - C-2.5.2.1 a completed Adult Protective Services Client Assessment (not more than one [1] year old);
    - C-2.5.2.2 an Adult Protective Services Program Office approved CCDA Care Plan Services (Exhibit C1) (not more than [1] year old);
    - C-2.5.2.3 an Adult Protective Services Program Office approved Request for Approval of CCDA Care Plan Services Increase (when needed) (Exhibit C2).
    - C-2.5.2.4 a Department release of information form;
    - C-2.5.2.5 a copy of a completed Adult Services Information System (ASIS) printout;
    - C-2.5.2.6 documentation of the client's age, disability, and income;
    - C-2.5.2.7 a completed and scored copy of the Adult Services Screening for Consideration for Community Based Services; and
    - C-2.5.2.8 an ongoing, specific dated case narrative section.
  - C-2.5.3 Providers must ensure that all client records accurately match the invoices submitted for payment. Records must cross reference to each invoice for payment.
  - C-2.5.4 Providers must maintain documentation necessary to facilitate monitoring and evaluation by the Department.
  - C-2.5.5 The Case Management Provider must maintain documentation in the client's file that all comparable community services and funding sources have been explored and exhausted before using CCDA funding.
- C-2.6 Reports (programmatic and to support payment)**

| Reports                              |                     |                                                                                         |                 |                              |
|--------------------------------------|---------------------|-----------------------------------------------------------------------------------------|-----------------|------------------------------|
| Report Title                         | Reporting Frequency | Report Due Date                                                                         | # of Copies Due | DCF Office to Receive Report |
| Monthly Cumulative Summary Report    | Monthly             | 25 <sup>th</sup> day of each month immediately following the month being reported       | One             | Contract Manager             |
| CCDA Performance Data Monthly Report | Monthly             | 25 <sup>th</sup> day of each month immediately following the month being reported       | One             | Contract Manager             |

Reporting requirements for this contract include:

- C-2.6.1 The Monthly Cumulative Summary Report (Exhibit C3), if applicable. Regions will negotiate with the Provider on specific submission requirement criteria for these reports.
- C-2.6.2 Providers of case management services agree to submit Monthly Cumulative Summary Reports, which include management program data (e.g., client identifiable data) to the Department, according to negotiated instructions provided by the Adult Protective Services Program Office.
- C-2.6.3 The CCDA Performance Data Monthly Report (Exhibit C4) and the CCDA Performance Data Annual Report (Exhibit C5) verifying enrolled active clients and nursing home placement data.
- C-2.6.4 In the event of early termination of this contract, the Provider will submit the final Monthly Cumulative Summary Report within forty-five (45) days after the contract is terminated.
- C-2.6.5 **Acceptance of Reports:** Where the contract requires the delivery of reports to the Department, mere receipt by the Department shall not be construed to mean or imply acceptance of those reports. It is specifically intended by the parties that acceptance in writing of required reports shall constitute a separate act. The Department reserves the right to reject reports as incomplete, inadequate, or unacceptable according to the parameters set forth in the contract. The Department, at its option, may allow additional time within which the Provider may remedy the objections noted by the Department or the opportunity to complete, make adequate, or acceptable, or declare the resulting contract to be in default.

**C-3 Standard Contract Requirements.** Provider will perform all acts required by Sections 4, 5 and 7 of the Standard Contract.

**C-3.1 Provider Unique Activities**

- C-3.1.1 The Provider will be required to use volunteers to the fullest extent feasible in the provision of services and program operations. The Provider is required to train, supervise, and appropriately support all volunteers with insurance coverage.
- C-3.1.2 The Provider will maintain an accurate and current active caseload list.
- C-3.1.3 The Provider will maintain a current monthly billing ledger of all Provider claims submitted to the Department, including all corrected claims and adjustments to claims for services that were delivered to clients being served through this contract.

- C-3.1.4 The Provider will notify the APS local office of all service terminations, service increase requests and monthly expenditure trends with regards to the terms of this contract.
- C-3.1.5 The Provider will explain to each individual requesting consideration for CCDA services that the program maintains a centralized Waiting List on which the individual will be placed according to his or her score received through an Adult Protective Services Screening conducted by an Adult Protective Services Counselor.
- C-3.1.6 The Provider shall provide to individuals requesting services a contact name and phone number to the nearest APS Regional Program Office.

**C-3.2 Case Management Provider Unique Activities**

- C-3.2.1 The CCDA case management Provider will accept all referrals through the APS Regional Program Office.
- C-3.2.2 The CCDA case management Provider will complete ongoing face-to-face assessments on all pre-screened individuals referred by the APS Regional Program Office for service consideration and program application, using the Adult Services Client Assessment, CF-AA 3019.
- C-3.2.3 The CCDA case management Provider will maintain an accurate and current active caseload list.
- C-3.2.4 The CCDA case management Provider will maintain a current monthly billing ledger of all Provider claims submitted to the Department, including all corrected claims and adjustments to claims for services that were delivered to consumers being served through this contract.
- C-3.2.5 The CCDA case management agency will notify the APS local office of all service terminations, service increase requests and monthly expenditure trends with regards to the terms of this contract.
- C-3.2.6 The CCDA case management Provider will explain to each individual requesting consideration for CCDA services that the program maintains a centralized Waiting List on which the individual will be placed according to their score received through an Adult Protective Services Screening.
- C-3.2.7 The CCDA case management Provider shall provide to individuals requesting services a contact name and phone number to the APS Regional Program Office.

**C-3.3 Coordination with Other Providers/Entities**

The CCDA case management Provider must coordinate, as necessary, with the Agency for Persons with Disabilities, the Department of Children and Families, the Department of Education, the Department of Elder Affairs and the Department of Health to serve those clients who are eligible for services through two (2) or more service delivery continuums.

**C-3.4 Client Risk Prevention**

If services to clients are to be provided under this Contract, the Provider and any subcontractors shall, in accordance with the client risk prevention system, report those reportable situations listed in CFOP 215-6 in the manner prescribed in CFOP 215-6. The Provider shall immediately report any knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number (1-800-96ABUSE). As required by Chapters 39 and 415, F.S., this provision is binding upon both the Provider and its employees.

**Part II: Summary of Recipient's Presenting Situation.** (Refer to form instructions for details about the type of information required here. Use the space below or include attachment.)

**Part III: Proposed New Service Request.** (Please indicate the new care plan services being requested and the corresponding, anticipated service start dates.)

| Service | Anticipated start date | Service | Anticipated start date |
|---------|------------------------|---------|------------------------|
|         |                        |         |                        |
|         |                        |         |                        |
|         |                        |         |                        |
|         |                        |         |                        |

**Part IV: Specific Description of Proposed New Service(s) As Tailored To Meet Recipient's Need.** (Refer to the form instructions for details about the type of information required here. Use the space below or include attachment.)

**Part V: Cost Detail for Proposed New Care Plan Service(s).**

A. Attach a Cost Detail page for each service requested in Part III. Each Cost Detail page should reflect the total annual cost of serving the consumer for that service type.

**Part VI: Care Plan Modification of Number of Service Units.** The Budget Entity Team will not consider authorization to increase service unit quantity of an authorized service on a Recipient's care plan for any of the following documented reasons unless this section is accurately and fully completed.

*[To justify unit service rates, please present comparative information: unit rate quotes from a minimum of three other service agencies providing this same service within a ten mile radius; reasons for choosing this specific vendor; a statement attesting to the fact that selected vendor is a sole source provider of this service in this geographic area, etc. Attach information as necessary (e.g., agency administrative costs, your agency salary scale, etc.). Refer to the form instructions.]*

**Failing Support System:** List proposed add-on number of monthly service units by service component with annualized service costs projected to safely maintain Recipient at home and to ameliorate this risk factor.

**Decrease in Functional Capacity:** List proposed add-on number of monthly service units by service component with annualized service costs projected to safely maintain Recipient at home and to ameliorate this risk factor.

**Rapidly Deteriorating Health:** List care plan add-on number of monthly service units by service component with annualized service costs projected to safely maintain Recipient at home and to ameliorate this risk factor.

**Part VII. Signatures.** (Please note: Final approval of all requests for Care Plan increases rest with the Budget Entity Team. Providers will receive an Award Letter from the Budget Entity Team (or one of its members) when the plan has been approved.)

## EXHIBIT D – DELIVERABLES

### D-1 Service Units

D-1.1 A service unit is the provision of eligible services, as defined in section C-1.2.

### D-2 Service Targets

- D-2.1 The Provider shall deliver personal care services to a minimum of 1 unduplicated individual in each month for the lifetime of the contract.
- D-2.2 The Provider shall deliver homemaker services to a minimum of 5 unduplicated individuals in each month for the lifetime of the contract.
- D-2.3 The Provider shall deliver case management services to a minimum of 5 unduplicated individuals in each month for the lifetime of the contract.
- D-2.4 The Provider shall deliver home delivered meals to a minimum of 4 unduplicated individuals in each month for the lifetime of the contract.

D-3 **Deliverables.** The Provider shall demonstrate compliance with the service unit targets in Section D-1 through the submission of the Performance Data Monthly Report as specified in Section C-2.6.3.

### D-4 Performance Measures for Acceptance of Deliverables.

During the lifetime of this contract, the Provider shall demonstrate 100% of the Service Targets in D-2.1 – D-2.4. are met each month.

## EXHIBIT E – MINIMUM PERFORMANCE MEASURES

### E-1 Minimum Performance Measures

- E-1.1 Ninety percent (90%) of active clients with disabilities receiving services will not be placed in a nursing home by the end of the contract period.
- E-1.2 One-hundred percent (100%) of active clients who are suspected of being a victim of abuse, neglect or exploitation will be reported to the Abuse Hotline and an incident report will be sent to the Case Manager and copied to the Adult Protective Services Specialist and Contract Manager.
- E-1.3 One-hundred percent (100%) of active clients served through this contract will be provided case management and at least one other CCDA in-home service each month.

### E-2 DESCRIPTION OF PERFORMANCE MEASUREMENT TERMS

**Placed** - The result of an assessment of an individual who is no longer able to remain in their present place of residence. (To place a client involves preparation for and follow up of moving a client into a more restrictive alternative living environment).

### E-3 PERFORMANCE EVALUATION METHODOLOGY

The calculation of the performance standards shall be determined annually for each Fiscal Year (FY) within the contract period. For any and all performance measures suggested in the proposal, the following format shall be used:

E-3.1 The calculation for the sample performance standard detailed in Section E-1.1 is

|                                                  |   |     |
|--------------------------------------------------|---|-----|
| # of active clients not admitted to nursing home | ≥ | 90% |
| # of active clients receiving services           |   |     |

E-3.2 The calculation for the sample performance standard detailed in Section E-1.2 is:

|                                                                        |   |      |
|------------------------------------------------------------------------|---|------|
| # of active clients suspected of being abused, neglected or exploited. | = | 100% |
| # of active clients reported to the Abuse Hotline                      |   |      |

E-3.3 The calculation for the sample performance standard detailed in Section E-1.3 is:

|                                                                                   |   |      |
|-----------------------------------------------------------------------------------|---|------|
| # of clients provided case management and one other CCDA in-home service          | = | 100% |
| # of active clients receiving case management and one other CCDA in-home service. |   |      |

**E-4 Performance Standards Statement**

- E-4.1** By execution of this contract the Provider hereby acknowledges and agrees that its performance under the contract must meet the standards as negotiated with the Department and shall be bound by the conditions set forth in the contract. If the Provider fails to meet these standards, the Department, at its exclusive option, may allow a reasonable period, not to exceed 6 months, for the Provider to correct performance deficiencies. If performance deficiencies are not resolved to the satisfaction of the Department within the prescribed time, and if no extenuating circumstances can be documented by the Provider to the Department's satisfaction, the Department must terminate the contract. The Department has the sole authority to determine whether there are extenuating or mitigating circumstances.
- E-4.2** The Department may conduct random surveys or contract with an outside entity to conduct random or structured surveys during the term of the contract to gauge a variety of factors including client satisfaction, location, Provider responsiveness, professionalism, and cultural and linguistic accommodations.

## EXHIBIT F - METHOD OF PAYMENT

### F-1 Payment Clause

- F-1.1 This is a fixed price (unit cost) contract. The Department shall pay the Provider for the delivery of service units provided in accordance with the terms of this contract for a total dollar amount not to exceed \$286,065.50, subject to the availability of funds. The annual contract totals shall be \$40,866.50 for State Fiscal Year 2014-2015; \$81,733.00 for State Fiscal Year 2015-2016, \$81,733.00 for State Fiscal Year 2016-2017 and \$81,733.00 for State Fiscal Year 2017-2018 subject to the availability of funds.
- F-1.2 The Department shall make payments to the Provider for the provision of services at the rates shown below.
- F-1.3 The Department agrees to pay for the service units for each fiscal year at the unit prices listed below. A Service Unit is defined as one (1) hour of service, or one (1) meal, as described in CFOP 140-8, Community Care for Disabled Adults Operating Procedures.

| Service Units        | Unit Price     |
|----------------------|----------------|
| Case Management      | \$50.96 / hour |
| Home Delivered Meals | \$6.33 / meal  |
| Homemaker            | \$23.47 / hour |
| Personal Care        | \$23.25 / hour |

F-1.4 The Provider agrees to provide local matching funds in the amount of \$4,590.50 for State Fiscal Year 2014-2015; \$9,081.00 for State Fiscal Year 2015-2016 and \$9,081.00 for State Fiscal Year 2016-2017, and \$9,081.00 for State Fiscal Year 2017-2018, totaling \$31,833.50 for the contract period.

F-1.5 Cash or in kind resources may be used to meet this match requirement.

### F-2 Invoice Requirements

- F-2.1 The Provider shall request payment through submission of a properly completed Invoice (Exhibit F1), within twenty-five (25) days following the end of the month for which payment is being requested. The Provider shall submit to the Contract Manager an original Invoice (Exhibit F1), along with supporting documentation as previously identified in Paragraph C-2.6.1 and Paragraph C-2.6.3. Payment due under this contract will be withheld until the Department has confirmed delivery of negotiated services.
- F-2.2 Payments may be authorized only for service units on the invoice which are in accordance with the above list and other terms and conditions of this contract. The service units for which payment is requested may not either by themselves, or cumulatively by totaling service units on previous invoices, exceed the total number of units authorized by this contract.

### F-3 Other Payment Consequences

- F-3.1 It is expressly understood by the Provider that any payment due the Provider under the terms of this contract may be withheld pending the receipt and approval by the Department of all financial and program reports due from the Provider as a part of this contract and any adjustments thereto. Requests for payment, which cannot be documented with supporting evidence, will be returned to the Provider upon inspection by the Department.
- F-3.2 The Provider must maintain records documenting the total number of recipients and names (or unique identifiers) of recipients to whom services were provided and the dates the services were provided so that an audit trail documenting service provision can be maintained.

**EXHIBIT F2 – ADDITIONAL FINANCIAL CONSEQUENCES**

The following financial consequences apply in addition to the Other Payment Consequences provided in Section F-3 of this Contract. This Exhibit implements the following payment adjustments as financial consequences for the following noncompliance with the Performance Measures in Exhibit E-1, using the Performance Evaluation Methodology in Exhibit E-3.

|   | Performance Measures                                                                                                                                                                                                                                                                        | Non-Compliance Trigger | Financial Consequence                                                                                                                   | Payment Adjustment Applicable Timeframe                                                                                                      |

| 3 | One-hundred percent (100%) of active clients served through this contract will be provided case management and at least one other CCDA in-home service monthly.                                                                                                                             | <100%                  | \$10 per each individual who does not receive at least one hour of case management and at least one other CCDA in-home service monthly. | Next monthly invoice following non-compliance trigger.                                                                                       |

- 1) Failure of the Provider to perform under the terms of the contract and pursuant to Chapter 201-154, Laws of Florida and section 215.971(1)(c), Florida Statutes, shall result in a financial penalty being assessed on the Grantee. The Department, after determining the absence of mitigating circumstances, shall assess a penalty as outlined above.
- 2) When notified of noncompliance or pending financial consequences, the Provider's representative shall attest to and document the adverse circumstances beyond the Provider's control to the regional contract manager.
- 3) The Provider shall provide the reasons for the noncompliance, demonstrate that the issue has been corrected as quickly as reasonably possible and detail the steps that the Provider has put into place to avoid a future recurrence of the noncompliance. In addition, when applicable, the Provider shall demonstrate that any error in reporting of a measure was inadvertent and detail the steps that the Grantee has put into place to ensure accurate reporting.
- 4) Receipt of the attestation by the regional contract manager does not constitute acceptance of the attestation. It is specifically agreed by the parties that written acceptance by the regional contract manager of the sufficiency of the adverse circumstances beyond the Provider's control is a condition of agreeing to waive any or all of the Financial Consequences provided for hereunder.

**ATTACHMENT 1  
FINANCE AND COMPLIANCE AUDIT**

The administration of resources awarded by the Department of Children & Families to the provider may be subject to audits as described in this attachment.

**MONITORING**

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised, the department may monitor or conduct oversight reviews to evaluate compliance with contract, management and programmatic requirements. Such monitoring or other oversight procedures may include, but not be limited to, on-site visits by department staff, limited scope audits as defined by OMB Circular A-133, as revised, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures deemed appropriate by the department. In the event the department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the department regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the department's inspector general, the state's Chief Financial Officer or the Auditor General.

**AUDITS**

**PART I: FEDERAL REQUIREMENTS**

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

In the event the recipient expends \$500,000 or more in Federal awards during its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 in Federal awards during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the Federal awards expended during its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Children & Families, Federal government (direct), other state agencies, and other non-state entities. The determination of amounts of Federal awards expended should be in accordance with guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part. In connection with the above audit requirements, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the department shall be fully disclosed in the audit report package with reference to the specific contract number.

**Single Audit Information for Recipients of Recovery Act Funds:**

- (a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act) as required by Congress and in accordance with 2 CFR 215.21 "Uniform Administrative Requirements for Grants and Agreements" and OMB Circular A-102 Common Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds. OMB Circular A-102 is available at <http://www.whitehouse.gov/omb/circulars/a102/a102.html>.
- (b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. OMB

Circular A-133 is available at <http://www.whitehouse.gov/omb/circulars/a133/a133.html>. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

(c) Recipients agree to separately identify to each subrecipient, and document at the time of subaward and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to subrecipients shall distinguish the subawards of incremental Recovery Act funds from regular subawards under the existing program.

(d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.

## PART II: STATE REQUIREMENTS

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

In the event the recipient expends \$500,000 or more in state financial assistance during its fiscal year, the recipient must have a State single or project-specific audit conducted in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 in State financial assistance during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the state financial assistance expended during its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Children & Families, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

In connection with the audit requirements addressed in the preceding paragraph, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 or 10.650, Rules of the Auditor General.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the department shall be fully disclosed in the audit report package with reference to the specific contract number.

## PART III: REPORT SUBMISSION

Any reports, management letters, or other information required to be submitted to the department pursuant to this agreement shall be submitted within 180 days after the end of the provider's fiscal year or within 30 days of the recipient's receipt of the audit report, whichever occurs first, directly to each of the following unless otherwise required by Florida Statutes:

A. Contract manager for this contract (1 copy)

Theresa Phelan  
Department of Children and Families  
1111 12<sup>th</sup> Street  
Key West, FL 33040

B. Department of Children & Families ( 1 electronic copy and management letter, if issued )

Office of the Inspector General  
Single Audit Unit  
Building 5, Room 237  
1317 Winewood Boulevard  
Tallahassee, FL 32399-0700

Email address: [single\\_audit@dcf.state.fl.us](mailto:single_audit@dcf.state.fl.us)

- C. Reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by Part I of this agreement shall be submitted, when required by Section .320(d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to the Federal Audit Clearinghouse using the Federal Audit Clearinghouse's Internet Data Entry System at: <http://harvester.census.gov/fac/collect/ddeindex.html> and other Federal agencies and pass-through entities in accordance with Sections .320(e) and (f), OMB Circular A-133, as revised.

- D. Copies of reporting packages required by Part II of this agreement shall be submitted by or on behalf of the recipient directly to the following address:

Auditor General  
Local Government Audits/342  
Claude Pepper Building, Room 401  
111 West Madison Street  
Tallahassee, Florida 32399-1450

Email address: [flaudgen\\_localgovt@aud.state.fl.us](mailto:flaudgen_localgovt@aud.state.fl.us)

Providers, when submitting audit report packages to the department for audits done in accordance with OMB Circular A-133 or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit or for-profit organizations), Rules of the Auditor General, should include, when available, correspondence from the auditor indicating the date the audit report package was delivered to them. When such correspondence is not available, the date that the audit report package was delivered by the auditor to the provider must be indicated in correspondence submitted to the department in accordance with Chapter 10.558(3) or Chapter 10.657(2), Rules of the Auditor General.

#### PART IV: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of this agreement for a period of six years from the date the audit report is issued and shall allow the department or its designee, Chief Financial Officer or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the department or its designee, Chief Financial Officer or Auditor General upon request for a period of three years from the date the audit report is issued, unless extended in writing by the department.

**ATTACHMENT 2  
HEALTH INSURANCE AND ACCOUNTABILITY ACT (HIPPA)**

This exhibit contains the terms and conditions governing the Provider's access to and use of Protected Health Information and provides the permissible uses and disclosures of protected health information by the Provider, also called "Business Associate."

**Section 1. Definitions**

**1.1 Catch-all definitions:**

The following terms used in this Attachment shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information, Required by Law, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use.

**1.2 Specific definitions:**

- 1.2.1 "Business Associate" shall generally have the same meaning as the term "business associate" at 45 CFR 160.103, and for purposes of this Attachment shall specifically refer to the Provider.
- 1.2.2 "Covered Entity" shall generally have the same meaning as the term "covered entity" at 45 CFR 160.103, and for purposes of this Attachment shall refer to the Department.
- 1.2.3 "HIPAA Rules" shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164.
- 1.2.4 "Subcontractor" shall generally have the same meaning as the term "subcontractor" at 45 CFR § 160.103 and is defined as an individual to whom a business associate delegates a function, activity, service, other than in the capacity of a member of the workforce of such business associate.

**Section 2. Obligations and Activities of Business Associate**

**2.1 Business Associate agrees to:**

- 2.1.1 Not use or disclose protected health information other than as permitted or required by this Attachment or as required by law;
- 2.1.2 Use appropriate administrative safeguards as set forth at 45 CFR § 164.308, physical safeguards as set forth at 45 CFR § 164.310, and technical safeguards as set forth at 45 CFR § 164.312; including, policies and procedures regarding the protection of PHI and/or ePHI set forth at 45 CFR § 164.316 and the provisions of training on such policies and procedures to applicable employees, independent contractors, and volunteers, that reasonably and appropriately protect the confidentiality, integrity, and availability of the PHI and/or ePHI that the Provider creates, receives, maintains or transmits on behalf of the Department;
- 2.1.3 Acknowledge that (a) the foregoing safeguards, policies and procedures requirements shall apply to the Business Associate in the same manner that such requirements apply to the Department, and (b) the Business Associate's and their Subcontractors are directly liable under the civil and criminal enforcement provisions set forth at Section 13404 of the HITECH Act and section 45 CFR § 164.500 and 164.502(E) of the Privacy Rule (42 U.S.C. 1320d-5 and 1320d-6), as amended, for failure to comply with the safeguards, policies and procedures requirements and any guidance issued by the Secretary of Health and Human Services with respect to such requirements;

- 2.1.4 Report to covered entity any use or disclosure of protected health information not provided for by this Attachment of which it becomes aware, including breaches of unsecured protected health information as required at 45 CFR 164.410, and any security incident of which it becomes aware;
- 2.1.5 Notify the Department's Security Officer, Privacy Officer and the Contract Manager as soon as possible, but no later than five (5) business days following the determination of any breach or potential breach of personal and confidential departmental data;
- 2.1.6 Notify the Privacy Officer and Contract Manager within (24) hours of notification by the US Department of Health and Human Services of any investigations, compliance reviews or inquiries by the US Department of Health and Human Services concerning violations of HIPAA (Privacy, Security Breach).
- 2.1.7 Provide any additional information requested by the Department for purposes of investigating and responding to a breach;
- 2.1.8 Provide at Business Associate's own cost notice to affected parties no later than 45 days following the determination of any potential breach of personal or confidential departmental data as provided in section 817.5681, F.S.;
- 2.1.9 Implement at Business Associate's own cost measures deemed appropriate by the Department to avoid or mitigate potential injury to any person due to a breach or potential breach of personal and confidential departmental data;
- 2.1.10 Take immediate steps to limit or avoid the recurrence of any security breach and take any other action pertaining to such unauthorized access or disclosure required by applicable federal and state laws and regulations regardless of any actions taken by the Department ;
- 2.1.11 In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), if applicable, ensure that any subcontractors that create, receive, maintain, or transmit protected health information on behalf of the business associate agree to the same restrictions, conditions, and requirements that apply to the business associate with respect to such information. Business Associate's must attain satisfactory assurance in the form of a written contract or other written agreement with their business associate's or subcontractor's that meets the applicable requirements of 164.504(e)(2) that the Business Associate or Subcontractor will appropriately safeguard the information. For prior contracts or other arrangements, the provider shall provide written certification that its implementation complies with the terms of 45 CFR 164.532(d);
- 2.1.12 Make available protected health information in a designated record set to covered entity as necessary to satisfy covered entity's obligations under 45 CFR 164.524;
- 2.1.13 Make any amendment(s) to protected health information in a designated record set as directed or agreed to by the covered entity pursuant to 45 CFR 164.526, or take other measures as necessary to satisfy covered entity's obligations under 45 CFR 164.526;
- 2.1.14 Maintain and make available the information required to provide an accounting of disclosures to the covered entity as necessary to satisfy covered entity's obligations under 45 CFR 164 528;
- 2.1.15 To the extent the business associate is to carry out one or more of covered entity's obligation(s) under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to the covered entity in the performance of such obligation(s); and
- 2.1.16 Make its internal practices, books, and records available to the Secretary of the U.S. Department of Health and Human Services for purposes of determining compliance with the HIPAA Rules.

### **Section 3. Permitted Uses and Disclosures by Business Associate**

- 3.1 The Business associate may only use or disclose protected health information covered under this Attachment as listed below:
- 3.1.1 The Business Associate may use and disclose the Department's PHI and/or ePHI received or created by Business Associate (or its agents and subcontractors) in performing its obligations pursuant to this Attachment.
  - 3.1.2 The Business Associate may use the Department's PHI and/or ePHI received or created by Business Associate (or its agents and subcontractors) for archival purposes.
  - 3.1.3 The Business Associate may use PHI and/or ePHI created or received in its capacity as a Business Associate of the Department for the proper management and administration of the Business Associate, if such use is necessary (a) for the proper management and administration of Business Associate or (b) to carry out the legal responsibilities of Business Associate.
  - 3.1.4 The Business Associate may disclose PHI and/or ePHI created or received in its capacity as a Business Associate of the Department for the proper management and administration of the Business Associate if (a) the disclosure is required by law or (b) the Business Associate (1) obtains reasonable assurances from the person to whom the PHI and/or ePHI is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the person and (2) the person agrees to notify the Business Associate of any instances of which it becomes aware in which the confidentiality and security of the PHI and/or ePHI has been breached.
  - 3.1.5 The Business Associate may aggregate the PHI and/or ePHI created or received pursuant this Attachment with the PHI and/or ePHI of other covered entities that Business Associate has in its possession through its capacity as a Business Associate of such covered entities for the purpose of providing the Department of Children and Families with data analyses relating to the health care operations of the Department (as defined in 45 C.F.R. §164.501).
  - 3.1.6 The Business Associate may de-identify any and all PHI and/or ePHI received or created pursuant to this Attachment, provided that the de-identification process conforms to the requirements of 45 CFR § 164.514(b).
  - 3.1.7 Follow guidance in the HIPAA Rule regarding marketing, fundraising and research located at Sections 45 CFR § 164.501, 45 CFR § 164.508 and 45 CFR § 164.514.

### **Section 4. Provisions for Covered Entity to Inform Business Associate of Privacy Practices and Restrictions**

- 4.1 Covered entity shall notify business associate of any limitation(s) in the notice of privacy practices of covered entity under 45 CFR 164.520, to the extent that such limitation may affect business associate's use or disclosure of protected health information.
- 4.2 Covered entity shall notify business associate of any changes in, or revocation of, the permission by an individual to use or disclose his or her protected health information, to the extent that such changes may affect business associate's use or disclosure of protected health information.
- 4.3 Covered entity shall notify business associate of any restriction on the use or disclosure of protected health information that covered entity has agreed to or is required to abide by under 45 CFR 164.522, to the extent that such restriction may affect business associate's use or disclosure of protected health information.

### **Section 5. Termination**

- 5.1 Termination for Cause

- 5.1.1 Upon the Department's knowledge of a material breach by the Business Associate, the Department shall either:
- 5.1.1.1 Provide an opportunity for the Business Associate to cure the breach or end the violation and terminate the Agreement or discontinue access to PHI if the Business Associate does not cure the breach or end the violation within the time specified by the Department of Children and Families;
  - 5.1.1.2 Immediately terminate this Agreement or discontinue access to PHI if the Business Associate has breached a material term of this Attachment and does not end the violation; or
  - 5.1.1.3 If neither termination nor cure is feasible, the Department shall report the violation to the Secretary of the Department of Health and Human Services.

## 5.2 Obligations of Business Associate Upon Termination

- 5.2.1 Upon termination of this Attachment for any reason, business associate, with respect to protected health information received from covered entity, or created, maintained, or received by business associate on behalf of covered entity, shall:
- 5.2.1.1 Retain only that protected health information which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities;
  - 5.2.1.2 Return to covered entity, or other entity as specified by the Department or, if permission is granted by the Department, destroy the remaining protected health information that the Business Associate still maintains in any form;
  - 5.2.1.3 Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to electronic protected health information to prevent use or disclosure of the protected health information, other than as provided for in this Section, for as long as Business Associate retains the protected health information;
  - 5.2.1.4 Not use or disclose the protected health information retained by Business Associate other than for the purposes for which such protected health information was retained and subject to the same conditions set out at paragraphs 3.1.3 and 3.1.4 above under "Permitted Uses and Disclosures By Business Associate" which applied prior to termination; and
  - 5.2.1.5 Return to covered entity, or other entity as specified by the Department or, if permission is granted by the Department, destroy the protected health information retained by business associate when it is no longer needed by business associate for its proper management and administration or to carry out its legal responsibilities.
  - 5.2.1.6 The obligations of business associate under this Section shall survive the termination of this Attachment.

## Section 6. Miscellaneous

- 6.1 A regulatory reference in this Attachment to a section in the HIPAA Rules means the section as in effect or as amended.
- 6.2 The Parties agree to take such action as is necessary to amend this Attachment from time to time as is necessary for compliance with the requirements of the HIPAA Rules and any other applicable law.
- 6.3 Any ambiguity in this Attachment shall be interpreted to permit compliance with the HIPAA Rules.

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: January 20, 2016

Department: OMB

Bulk Item: X No     

Staff Contact /Phone #: Laura deLoach-Hartle x4482

---

**AGENDA ITEM WORDING:** Approval of agreement with Guidance Care Center for the Jail In-House Program for FY 2016.

---

**ITEM BACKGROUND:** The Jail In-House Program (JIP) direct program cost for FY16 is \$213,640. The program will be funded in part by a FDLE Byrne JAG grant in the amount of \$37,331 for the Women's Jail In-House Program. This year FDLE did not fund the Men's JIP. The Sheriff's office will be providing funds to help meet the funding shortfall in the Men's JIP. The balance remaining necessary to support the direct program is \$133,284. The full program budget including the Sheriff's office anticipated funds is attached. (Additional indirect program costs will be funded by the Guidance Care Center (GCC)).

---

**PREVIOUS RELEVANT BOCC ACTION:** For FY15, the BOCC funded the JIP in the amount of \$107,680. For FY16, the BOCC approved the funding amounts during the budget process, \$116,617 from the General Fund and \$16,667 (budgeted match for Men's JIP) from Fine and Forfeiture.

---

**CONTRACT/AGREEMENT CHANGES:** None

---

**STAFF RECOMMENDATIONS:** Approval

---

**TOTAL COST:** JIP \$133,284 Baker Act \$      /Trnsp. Disadv. \$      SAMH \$       
**INDIRECT COST:**      **BUDGETED:** Yes X No     

**DIFFERENTIAL OF LOCAL PREFERENCE:** NA

**COST TO COUNTY:** \$133,284 **SOURCE OF FUNDS:** Ad Valorem, Fine & Forfeiture.

**REVENUE PRODUCING:** Yes      No X **AMOUNT PER MONTH**      **Year**

## **AGREEMENT**

This Agreement is made and entered into this 20th day of January, 2016, between the BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, hereinafter referred to as "Board" or "County," and Guidance/Care Center, hereinafter referred to as "PROVIDER."

WHEREAS, the PROVIDER is a not-for-profit corporation established for the provision of behavioral health services throughout the Florida Keys, and

WHEREAS, it is a legitimate public purpose to provide behavioral health services including comprehensive substance abuse services for individuals in the Jail In-House Program at the Monroe County Detention Center, now, therefore,

IN CONSIDERATION of the mutual promises and covenants contained herein, it is agreed as follows:

### **FUNDING**

**1. AMOUNT OF AGREEMENT.** The Board, in consideration of the PROVIDER substantially and satisfactorily performing and carrying out the duties and obligations of the Board, shall reimburse the Provider for a portion of the Provider's expenditures for the Jail In-House Program services (including substance abuse and mental health services, such as psychosocial assessment, individual counseling, group therapy and case management, to those incarcerated individuals that qualify for the program), as billed by the Provider. This cost shall not exceed a total reimbursement of ONE HUNDRED THIRTY THREE THOUSAND TWO HUNDRED EIGHTY FOUR AND NO/100 DOLLARS (\$133,284) during the fiscal year 2016.

**2. TERM.** This Agreement shall commence on October 1, 2015, and terminate September 30, 2016, unless earlier terminated pursuant to other provisions herein.

**3. PAYMENT.** Payment will be made periodically, but no more frequently than monthly, as hereinafter set forth. Reimbursement requests will be submitted to the Board via the Clerk's Finance Office. The County shall only reimburse, subject to the funded amounts below, those reimbursable expenses which are reviewed and approved as complying with Monroe County Code of Ordinances, State laws and regulations and Attachment A - Expense Reimbursement Requirements. Evidence of payment by the PROVIDER shall be in the form of a letter, summarizing the expenses, with supporting documentation attached. The letter should contain a notarized certification statement. An example of a reimbursement request cover letter is included as Attachment B. The organization's final invoice must be received within thirty days after the termination date of this contract shown in Article 2 above.

After the Clerk of the Board examines and approves the request for reimbursement, the Board shall reimburse the PROVIDER. However, the total of said reimbursement expense payments in the aggregate sum shall not exceed the total amount shown in Article 1, above, during the term of this agreement.

**4. AVAILABILITY OF FUNDS.** If funds cannot be obtained or cannot be continued at a level sufficient to allow for continued reimbursement of expenditures for services specified herein, this agreement may be terminated immediately at the option of the Board by written notice of termination delivered to the PROVIDER. The Board shall not be obligated to pay for any services or goods provided by the PROVIDER after the PROVIDER has received written notice of termination, unless otherwise required by law.

**5. CLAIMS FOR FEDERAL OR STATE AID.** PROVIDER and County agree that each shall be, and is, empowered to apply for, seek, and obtain federal and state funds to further the purpose

of this Agreement; provided that all applications, requests, grant proposals, and funding solicitations shall be approved by each party prior to submission.

**6. PURCHASE OF PROPERTY.** All property, whether real or personal, purchased with funds provided under this agreement, shall become the property of Monroe County and shall be accounted for pursuant to statutory requirements.

## **RECORDKEEPING**

**7. RECORDS.** PROVIDER shall maintain all books, records, and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Each party to this Agreement or their authorized representatives shall have reasonable and timely access to such records of each other party to this Agreement for public records purposes during the term of the Agreement and for four years following the termination of this Agreement. If an auditor employed by the County or Clerk determines that monies paid to PROVIDER pursuant to this Agreement were spent for purposes not authorized by this Agreement, the PROVIDER shall repay the monies together with interest calculated pursuant to Sec. 55.03, FS, running from the date the monies were paid to PROVIDER.

**8. PUBLIC ACCESS.** The County and PROVIDER shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and PROVIDER in conjunction with this Agreement; and the County shall have the right to unilaterally cancel this Agreement upon violation of this provision by PROVIDER.

**9. COMPLIANCE WITH COUNTY GUIDELINES.** The PROVIDER must furnish to the County the following (items A-I must be provided prior to the payment of any invoices):

- (a) IRS Letter of Determination and GUIDESTAR printout indicating current 501(c)(3) status;
- (b) List of the Organization's Board of Directors of which there must be at least 5 and for each board member please indicate when elected to serve and the length of term of service;
- (c) Evidence of annual election of Officers and Directors;
- (d) Unqualified audited financial statement from the most recent fiscal year for all organizations that expend \$150,000 a year or more; if qualified, include a statement of deficiencies with corrective actions recommended/taken;
- (e) Copy of a filed IRS Form 990 from most recent fiscal year with all attached schedules;
- (f) Organization's Corporate Bylaws, which must include the organization's mission, board and membership composition, and process for election of officers;
- (g) Organization's Policies and Procedures Manual which must include hiring policies for all staff, drug and alcohol free workplace provisions, and equal employment opportunity provisions;
- (h) Specific description or list of services to be provided under this contract with this grant (see Attachment C);
- (i) Annual Performance Report describing services rendered during the most recently completed grant period (to be furnished within 30 days after the contract end date.) The performance report shall include statistical information regarding the types and frequencies of services provided, a profile of clients (including residency) and numbers served, and outcomes achieved;
- (j) Cooperation with County monitoring visits that the County may request during the contract year; and
- (k) Other reasonable reports and information related to compliance with applicable laws, contract provisions and the scope of services that the County may request during the contract year.

## RESPONSIBILITIES

**10. SCOPE OF SERVICES.** The PROVIDER, for the consideration named, covenants and agrees with the Board to substantially and satisfactorily perform and provide the services outlined in Attachment C to residents of Monroe County, Florida.

**11. ATTORNEY'S FEES AND COSTS.** The County and PROVIDER agree that in the event any cause of action or administrative proceeding is initiated or defended by any party relative to the enforcement or interpretation of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees, court costs, investigative, and out-of-pocket expenses, as an award against the non-prevailing party, and shall include attorney's fees, courts costs, investigative, and out-of-pocket expenses in appellate proceedings. Mediation proceedings initiated and conducted pursuant to this Agreement shall be in accordance with the Florida Rules of Civil Procedure and usual and customary procedures required by the circuit court of Monroe County.

**12. BINDING EFFECT.** The terms, covenants, conditions, and provisions of this Agreement shall bind and inure to the benefit of the County and PROVIDER and their respective legal representatives, successors, and assigns.

**13. CODE OF ETHICS.** County agrees that officers and employees of the County recognize and will be required to comply with the standards of conduct for public officers and employees as delineated in Section 112.313, Florida Statutes, regarding, but not limited to, solicitation or acceptance of gifts; doing business with one's agency; unauthorized compensation; misuse of public position, conflicting employment or contractual relationship; and disclosure or use of certain information.

**14. NO SOLICITATION/PAYMENT.** The County and PROVIDER warrant that, in respect to itself, it has neither employed nor retained any company or person, other than a bona fide employee working solely for it, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for it, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of the provision, the PROVIDER agrees that the County shall have the right to terminate this Agreement without liability and, at its discretion, to offset from monies owed, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

**15. INDEPENDENT CONTRACTOR.** At all times and for all purposes hereunder, the PROVIDER is an independent contractor and not an employee of the Board. No statement contained in this agreement shall be construed so as to find the PROVIDER or any of its employees, contractors, servants or agents to be employees of the Board.

## COMPLIANCE ISSUES

**16. COMPLIANCE WITH LAW.** In providing all services pursuant to this agreement, the PROVIDER shall abide by all statutes, ordinances, rules and regulations pertaining to or regulating the provision of such services, including those now in effect and hereinafter adopted. Any violation of said statutes, ordinances, rules and regulations shall constitute a material breach of this agreement and shall entitle the Board to terminate this contract immediately upon delivery of written notice of termination to the PROVIDER.

**17. PROFESSIONAL RESPONSIBILITY AND LICENSING.** The PROVIDER shall assure that all professionals have current and appropriate professional licenses and professional liability insurance coverage. Funding by the Board is contingent upon retention of appropriate local, state and/or federal certification and/or licensure of the PROVIDER'S program and staff.

**18. NON-DISCRIMINATION.** County and PROVIDER agree that there will be no discrimination against any person, and it is expressly understood that upon a determination by a court of competent jurisdiction that discrimination has occurred, this Agreement automatically terminates without any further action on the part of any party, effective the date of the court order. County and PROVIDER agree to comply with all Federal and Florida statutes, and all local ordinances, as applicable, relating to nondiscrimination. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (PL 88-352) which prohibits discrimination on the basis of race, color or national origin; 2) Title IX of the Education Amendment of 1972, as amended (20 USC ss. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; 3) Section 504 of the Rehabilitation Act of 1973, as amended (20 USC s. 794), which prohibits discrimination on the basis of handicaps; 4) The Age Discrimination Act of 1975, as amended (42 USC ss. 6101-6107) which prohibits discrimination on the basis of age; 5) The Drug Abuse Office and Treatment Act of 1972 (PL 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; 6) The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (PL 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; 7) The Public Health Service Act of 1912, ss. 523 and 527 (42 USC ss. 690dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; 8) Title VIII of the Civil Rights Act of 1968 (42 USC s. et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; 9) The Americans with Disabilities Act of 1990 (42 USC s. 1201 Note), as maybe amended from time to time, relating to nondiscrimination on the basis of disability; 10) Any other nondiscrimination provisions in any Federal or state statutes which may apply to the parties to, or the subject matter of, this Agreement.

## **AMENDMENTS, CHANGES, AND DISPUTES**

**19. MODIFICATIONS AND AMENDMENTS.** Any and all modifications of the services and/or reimbursement of services shall be accomplished by an amendment, which must be approved in writing by the County.

**20. ADJUDICATION OF DISPUTES OR DISAGREEMENTS.** County and PROVIDER agree that all disputes and disagreements shall be attempted to be resolved by meet and confer sessions between representatives of each of the parties. If no resolution can be agreed upon within 30 days after the first meet and confer session, the issue or issues shall be discussed at a public meeting of the Board of County Commissioners. If the issue or issues are still not resolved to the satisfaction of the parties, then any party shall have the right to seek such relief or remedy as may be provided by this Agreement or by Florida law.

**21. COOPERATION.** In the event any administrative or legal proceeding is instituted against either party relating to the formation, execution, performance, or breach of this Agreement, County and PROVIDER agree to participate, to the extent required by the other party, in all proceedings, hearings, processes, meetings, and other activities related to the substance of this Agreement or provision of the services under this Agreement. County and PROVIDER specifically agree that no party to this Agreement shall be required to enter into any arbitration proceedings related to this Agreement.

## **ASSURANCES**

**22. COVENANT OF NO INTEREST.** County and PROVIDER covenant that neither presently has any interest, and shall not acquire any interest, which would conflict in any manner or degree with its performance under this Agreement, and that only interest of each is to perform and receive benefits as recited in this Agreement.

**23. NO ASSIGNMENT.** The PROVIDER shall not assign this agreement except in writing and with the prior written approval of the Board, which approval shall be subject to such conditions and provisions as the Board may deem necessary. This agreement shall be incorporated by reference into any assignment and any assignee shall comply with all of the provisions herein.

Unless expressly provided for therein, such approval shall in no manner or event be deemed to impose any obligation upon the Board in addition to the total agreed upon reimbursement amount for the services of the PROVIDER.

**24. NON-WAIVER OF IMMUNITY.** Notwithstanding the provisions of Sec. 768.28, Florida Statutes, the participation of the County and the PROVIDER in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

**25. ATTESTATIONS.** PROVIDER agrees to execute such documents as the County may reasonably require, to include a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement.

**26. AUTHORITY.** Each party represents and warrants to the other that the execution, delivery and performance of this Agreement have been duly authorized by all necessary County and corporate action, as required by law.

## **INDEMNITY ISSUES**

**27. INDEMNIFICATION AND HOLD HARMLESS.** The PROVIDER covenants and agrees to indemnify and hold harmless Monroe County Board of County Commissioners from any and all claims for bodily injury (including death), personal injury, and property damage (including property owned by Monroe County) and any other losses, damages, and expenses (including attorney's fees) which arise out of, in connection with, or by reason of services provided by the PROVIDER occasioned by the negligence, errors, or other wrongful act or omission of the PROVIDER'S employees, agents, or volunteers.

**28. PRIVILEGES AND IMMUNITIES.** All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

**29. NO PERSONAL LIABILITY.** No covenant or agreement contained herein shall be deemed to be a covenant or agreement of any member, officer, agent or employee of Monroe County in his or her individual capacity, and no member, officer, agent or employee of Monroe County shall be liable personally on this Agreement or be subject to any personal liability or accountability by reason of the execution of this Agreement.

**30. LEGAL OBLIGATIONS AND RESPONSIBILITIES:** Non-Delegation of Constitutional or Statutory Duties. This Agreement is not intended to, nor shall it be construed as, relieving any participating entity from any obligation or responsibility imposed upon the entity by law except to the extent of actual and timely performance thereof by any participating entity, in which case the performance may be offered in satisfaction of the obligation or responsibility. Further, this Agreement is not intended to, nor shall it be construed as, authorizing the delegation of the constitutional or statutory duties of the County, except to the extent permitted by the Florida constitution, state statute, and case law.

**31. NON-RELIANCE BY NON-PARTIES.** No person or entity shall be entitled to rely upon the terms of this Agreement to enforce or attempt to enforce any third-party claim or entitlement to or benefit of any service or program contemplated hereunder, and the County and the PROVIDER agree that neither the County nor the PROVIDER or any agent, officer, or employee of either shall

have the authority to inform, counsel, or otherwise indicate that any particular individual or group of individuals, entity or entities, have entitlements or benefits under this Agreement separate and apart, inferior to, or superior to the community in general or for the purposes contemplated in this Agreement.

## **GENERAL**

**32. Execution in Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall be regarded as an original, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

**33. NOTICE.** Any notice required or permitted under this agreement shall be in writing and hand-delivered or mailed, postage pre-paid, by certified mail, return receipt requested, to the other party as follows:

For Board:

Grants Administrator  
1100 Simonton Street  
Key West, FL 33040

and

Monroe County Attorney  
PO Box 1026  
Key West, FL 33041

For PROVIDER

Frank Rabbito, Senior Vice President  
Guidance/Care Center  
1205 Fourth Street  
Key West, FL 33040

**34. GOVERNING LAW, VENUE, INTERPRETATION, COSTS, AND FEES.** This Agreement shall be governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and to be performed entirely in the State.

In the event that any cause of action or administrative proceeding is instituted for the enforcement or interpretation of this Agreement, the County and PROVIDER agree that venue will lie in the appropriate court or before the appropriate administrative body in Monroe County, Florida.

The County and PROVIDER agree that, in the event of conflicting interpretations of the terms or a term of this Agreement by or between any of them the issue shall be submitted to mediation prior to the institution of any other administrative or legal proceeding.

**35. NON-WAIVER.** Any waiver of any breach of covenants herein contained to be kept and performed by the PROVIDER shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent the Board from declaring a forfeiture for any succeeding breach, either of the same conditions or covenants or otherwise.

**36. SEVERABILITY.** If any term, covenant, condition or provision of this Agreement (or the application thereof to any circumstance or person) shall be declared invalid or unenforceable to any extent by a court of competent jurisdiction, the remaining terms, covenants, conditions and provisions of this Agreement, shall not be affected thereby; and each remaining term, covenant, condition and provision of this Agreement shall be valid and shall be enforceable to the fullest extent permitted by law unless the enforcement of the remaining terms, covenants, conditions and provisions of this Agreement would prevent the accomplishment of the original intent of this Agreement. The County and PROVIDER agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

37. **ENTIRE AGREEMENT.** This agreement constitutes the entire agreement of the parties hereto with respect to the subject matter hereof and supersedes any and all prior agreements with respect to such subject matter between the PROVIDER and the Board.

[THIS SPACE INTENTIONALLY LEFT BLANK WITH SIGNATORY PAGE TO FOLLOW]

ASSISTANT COUNTY ATTORNEY  
Date 4/5/16

**EXPENSE REIMBURSEMENT REQUIREMENTS**

This document is intended to provide basic guidelines to Human Service and Community-Based Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from the Monroe County Code of Ordinances and State laws and regulations.

A cover letter (see Attachment B) summarizing the major line items on the reimbursable expense request needs to also contain the following notarized certified statement:

“I certify that the above checks have been submitted to the vendors as noted and that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization’s contract with the Monroe County Board of County Commissioners and will not be submitted for reimbursement to any other funding source.”

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk’s Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

**Data Processing, PC Time, etc.**

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

**Payroll**

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and paid payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: pay period, check amount, check number, date, payee, and support for applicable paid payroll taxes.

**Postage, Overnight Deliveries, Courier, etc.**

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

**Rents, Leases, etc.**

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

**Reproductions, Copies, etc.**

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

**Supplies, Services, etc.**

For supplies or services ordered, a vendor invoice is required.

**Telefax, Fax, etc.**

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

**Telephone Expenses**

A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

**Travel and Meal Expenses**

Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel reimbursement requests must be submitted and will be paid in accordance with Monroe County Code of Ordinances and State laws and regulations. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting, a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Mileage reimbursement shall be at the rate established by ARTICLE XXVI, TRAVEL, PER DIEM, MEALS, AND MILEAGE POLICY of the Monroe County Code of Ordinances. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving from one's home to the airport for a business trip is not a reimbursable expense.

Meal reimbursement shall be at the rates established by ARTICLE XXVI, TRAVEL, PER DIEM, MEALS, AND MILEAGE POLICY of the Monroe County Code of Ordinances. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

**Non-allowable Expenses**

The following expenses are not allowable for reimbursement: capital outlay expenditures (unless specifically included in the contract), contributions, depreciation expenses (unless specifically included in the contract), entertainment expenses, fundraising, non-sufficient check charges, penalties and fines.

DRUG-FREE WORKPLACE FORM

The undersigned vendor in accordance with Florida Statute 287.087 hereby certifies that:

GUIDANCE/CARE CENTER INC

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 (Florida Statutes) or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, or any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

## EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT PROGRAM FUNDS AGREEMENT

THIS AGREEMENT is made and entered into this \_\_\_\_ day of January, 2016, by and between MONROE COUNTY, a political subdivision of the State of Florida, whose address is 1100 Simonton Street, Key West, FL 33040, hereinafter referred to as "COUNTY," and Guidance/Care Center hereinafter referred to as "AGENCY."

### WITNESSETH

WHEREAS, the Florida Department of Law Enforcement has awarded a sub-grant of Edward Byrne Memorial Justice Assistance to the COUNTY to implement a program that provides substance abuse treatment services to women offenders held in local correctional facilities who have at least six months and no more than twelve months of their sentence left to serve; and

WHEREAS, the COUNTY is in need of an implementing agency to provide said services under this Program; and

WHEREAS, the AGENCY is the sole provider of this program; and

WHEREAS, the COUNTY has agreed to disburse the Edward Byrne Memorial Justice Assistance Grant funds to the AGENCY in accordance with the COUNTY'S application for the Edward Byrne Memorial Assistance Grant.

NOW THEREFORE, in consideration of the mutual understandings and agreements set forth herein, the COUNTY and the AGENCY agree as follows:

1. TERM - The term of this Agreement is from October 1, 2015 through September 30, 2016, the date of the signature by the parties notwithstanding, unless earlier terminated as provided herein.
2. SERVICES - The AGENCY will provide services, in compliance with all provisions, as outlined in the COUNTY'S Edward Byrne Memorial Justice Assistance Sub-grant Award, attached and made a part hereof (Attachment B).
3. FUNDS - The total project budget to be expended by the AGENCY in performance of the services set forth in Section 2 of this agreement shall be the total sum of \$37,331. All funds shall be distributed and expended in accordance with the Project Budget Narrative as outlined in the grant agreement.
4. INCORPORATION BY REFERENCE - The provisions of those certain documents entitled "State of Florida Office of Criminal Justice Grants Florida Department of Law Enforcement Sub-grant Award Certificate and Application" and all laws, rules and regulations relating thereto are incorporated by reference (Attachment B).
5. BILLING AND PAYMENT
  - (a) The AGENCY shall comply with the program and expenditure reporting requirements for Byrne Grant funds. The AGENCY shall render to the COUNTY **a detailed quarterly performance report not later than 7 days after the end of each quarter.** The quarterly performance reports must include a response to all objectives included in your project, as described in the Performance section in the grant agreement. A detailed narrative, reflecting on accomplishments, challenges, etc. is required as part of this quarterly report. The AGENCY shall render to the COUNTY, **monthly itemized invoices, not later than 30 days after the end of each month,** properly dated, describing the

services rendered, the unit cost of the services, and all other information required including supporting documentation validating delivery of services. The original invoice shall be sent to:

Grants Administrator  
1100 Simonton Street  
Key West, FL 33040

(b) Payment shall be made after review and approval by the COUNTY within thirty (30) days of receipt of the correct and proper invoice submitted by the AGENCY.

(c) The County shall only make payment subject to the funded amounts above, those documented services provided which are reviewed and approved as complying with Monroe County Code of Ordinances, State laws and regulations and Attachment B – Edward Byrne Memorial Justice Assistance Sub-grant Award. Evidence of services rendered by the PROVIDER shall be in the form of a letter, summarizing the units of services with supporting documentation of service delivery attached. The letter should contain a notarized certification statement. An example of a payment request cover letter is included as Attachment A.

6. TERMINATION - This Agreement may be terminated by either party at any time, with or without cause, upon not less than thirty (30) days written notice delivered to the other party. The COUNTY shall not be obligated to pay for any services provided by the AGENCY after the AGENCY has received notice of termination.

7. ACCESS TO FINANCIAL RECORDS - The AGENCY shall maintain appropriate financial records which shall be open to the public at reasonable times and under reasonable conditions for inspection and examination and which comply with the Agreement incorporated in Section 4 of this Agreement.

8. AUDIT - The AGENCY shall submit to the COUNTY an audit report covering the term of this Agreement, within one-hundred twenty (120) days following the Agreement's lapse or early termination and shall also comply with all provisions of the Agreement incorporated in Section 4 of this Agreement.

9. NOTICES - Whenever either party desires to give notice unto the other, it must be given by written notice, sent by registered United States mail, with return receipt requested, and sent to:

FOR COUNTY:  
Grants Administrator  
1100 Simonton Street  
Key West, FL 33040

FOR PROVIDER:  
Frank Rabbito, Senior Vice President  
Guidance Care Center  
1205 Fourth Street  
Key West, FL 33040

Either of the parties may change, by written notice as provided above, the addresses or persons for receipt of notices.

10. UNAVAILABILITY OF FUNDS - If the COUNTY shall learn that funding from the Florida Department of Law Enforcement cannot be obtained or cannot be continued at a level sufficient to allow for the services specified herein, this Agreement may then be terminated immediately, at the option of the COUNTY, by written notice of termination delivered in person or by mail to the AGENCY at its address specified above. The COUNTY shall not be obligated to pay for any services provided by the AGENCY after the AGENCY has received notice of termination.

11. **COMPLIANCE WITH LAWS AND REGULATIONS** - In providing all services pursuant to this Agreement, the AGENCY shall abide by all statutes, ordinances, rules, and regulations pertaining to, or regulating the provision of, such services, including those now in effect and hereafter adopted, and particularly Article 1, Section 3 of the Constitution of the State of Florida and Article 1 of the United States Constitution, which provide that no revenue of the state or any political subdivision shall be utilized, directly or indirectly, in aid of any church, sect or religious denomination or in aid of any sectarian institution. Any violation of said statutes, ordinances, rules, or regulations shall constitute a material breach of this Agreement immediately upon delivery of written notice of termination to the AGENCY. If the AGENCY receives notice of material breach, it will have thirty days in order to cure the material breach of the contract. If, after thirty (30) days, the breach has not been cured, the contract will automatically be terminated.

12. **ASSIGNMENTS AND SUBCONTRACTING** - Neither party to this Agreement shall assign this Agreement or any interest under this Agreement, or subcontract any of its obligations under this Agreement, without the written consent of the other.

13. **EMPLOYEE STATUS** - The AGENCY is an independent contractor. Persons employed by the AGENCY in the performance of services and functions pursuant to this Agreement shall have no claim to pension, worker's compensation, unemployment compensation, civil service or other employee rights or privileges granted to the COUNTY'S officers and employees either by operation of law or by the COUNTY.

14. **INDEMNIFICATION** - The AGENCY agrees to hold harmless, indemnify, and defend the COUNTY, its commissioners, officers, employees, and agents against any and all claims, losses, damages, or lawsuits for damages, arising from, allegedly arising from, or related to the provision of services hereunder by the AGENCY.

15. **ENTIRE AGREEMENT**

(a) It is understood and agreed that the entire Agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof.

(b) Any alterations, amendments, deletions, or waivers of the provisions of this Agreement shall be valid only when expressed in writing and duly signed by the parties.

IN WITNESS WHEREOF, the parties to this Agreement have caused their names to be affixed hereto by the proper officers thereof for the purposes herein expressed at Monroe County, Florida, on the day and year first written above.

SUBGRANT AWARD CERTIFICATE

Subgrantee: Monroe County Board of Commissioners

Date of Award: 1/8/2016

Grant Period: From: 10/01/2015 TO: 09/30/2016

Project Title: WOMEN'S JAIL INCARCERATION DRUG ABUSE TREATMENT PROGRAM

Grant Number: 2016-JAGC-MONR-1-H3-184

Federal Funds: \$ 37,331.00

State Agency Match:

Local Agency Match: \$ 0.00

Total Project Cost: \$ 37,331.00

CFDA Number: 16.738

Award is hereby made in the amount and for the period shown above of a subgrant under Part E of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 as amended Subpart 1 of such part (42 U.S.C. 3751-3759); the Consolidated Appropriations Act, 2008, Public Law 110-161; and Public Law 109-162, Title XI, Department of Justice Reauthorization, Subtitle B, Improving the Department of Justice's Grant Programs, Chapter 1, Assisting Law Enforcement and Criminal Justice Agencies, Section 1111. Merger of Byrne Grant Program and Local Law Enforcement Block Grant Program, to the above mentioned subgrantee and subject to any attached or special conditions.

This award is subject to all applicable rules, regulations, and conditions as contained in the Office of Justice Programs (OJP) Financial Guide, Common Rule for State and Local Governments, or OMB Uniform Grant Guidance (2 CFR Part 200), in their entirety. It is also subject to the attached standard conditions and such further rules, regulations and policies as may be reasonably prescribed by the State or Federal Government consistent with the purposes and authorization of P.L. 90-351, as amended, and P.L. 100-690.

This award is a cost-reimbursement agreement for satisfactory performance of eligible activities. Requests for reimbursement may be submitted quarterly or monthly as designated in the Financial Section of the agreement. Requests for reimbursement will be processed in conjunction with receipt and review of programmatic performance reports to determine successful completion of minimum performance for deliverables. Expenditures must be supported with documentation and verified during annual monitoring. Failure to comply with provisions of this agreement, or failure to meet minimum performance specified in the agreement will result in required corrective action up to and including project costs being disallowed, withholding of federal funds and/or termination of the project, as specified within the terms of the agreement and OMB Uniform Guidance 200.338 - 200.342.

This grant shall become effective on the beginning date of the grant period provided that within 30 days from the date of award, a properly executed Certificate of Acceptance of Subgrant Award is returned to the Department.

Florida Department of Law Enforcement  
Justice Assistance Grant - County-wide

## Section 2. Project Overview

### General Project Information

**Project Title:** WOMEN'S JAIL INCARCERATION DRUG ABUSE TREATMENT PROGRAM  
**Subgrant Recipient:** Monroe County Board of Commissioners  
**Implementing Agency:** Monroe County Board of Commissioners  
**Project Start Date:** 10/1/2015      **End Date:** 9/30/2016

### Problem Identification

South Florida, including Monroe County and the Florida Keys, continues to have the unfortunate distinction of being designated as a high-intensity drug trafficking area and, as such, is a leading illicit drug importation area. This has increased the availability of illicit drugs in Monroe County resulting in drug abuse rates higher than both the state and national averages. Specifically in regards to the female population of Monroe County which is the population of focus for this grant request, the latest Behavioral Risk Factor Surveillance Survey compiled by the Florida Department of Health reports rates of drug involvement as over twice that of the state average and four times that of the much larger Miami-Dade County to the north. The Agency for Healthcare Administration in its Emergency Department and Inpatient Hospitalization Data of 2011 publication indicates that female residents of our county had over twice the state rate per 100,000 populations for emergency room treatment for acute drug intoxication. In addition, Monroe has over twice the state average for DUI arrests and, consequently, almost three times the state average for vehicular deaths involving drug use. Opioid and crack cocaine addiction also continues to ravage the community and lead addicts quickly into the criminal justice system. The GAINS Center estimates that US jails admit approximately 1.1 million people with serious mental illness annually and among these admissions, 72% also meet criteria for co-occurring substance use disorders. Monroe County Sheriff's Department reports that between January 2012 and March 2015, there were over 3,000 females who were rearrested for substance related crimes.

For many drug involved women, the obsession surrounding use and attainment of illicit and legal drugs of abuse often lead to legal involvement, criminal conduct, neglect of family and self, and ultimately incarceration. In addition; the destruction of parent-child relationships, increased domestic violence, increased crime, child abuse and neglect, foster care placement, divorce, stress on the legal and medical systems of a county with very limited resources, and global negative effects on our communities and quality of life are also directly affected. Recognizing the significant need for appropriate treatment among greater numbers of incarcerated women whose level of drug involvement is such that they would not benefit from available outpatient treatment, the Guidance/Care Center along with the Monroe County Sheriff's Office created the Jail Incarceration Drug Treatment Program located within the Monroe County Detention Center in 1992. It remains today as one of the few such programs operated within a county jail in Florida and the only opportunity for women to receive intensive drug abuse treatment within Monroe County. Moreover, these women are able to get treatment quickly instead of being one of the 66% of substance abusing Florida residents who desire help but are unable to access treatment due to Florida's lengthy waiting list for substance abuse services as reported by the Florida Department of Children and Families. Increasingly, the behavioral health field is moving toward treatment of co-occurring disorders, which means recognizing that substance abuse also goes hand in hand with a mental illness, including Post Traumatic Stress Disorder. This program has been able to attain and maintain a very low recidivism rate (under 25%) for women participants in the last 5

# Application for Funding Assistance

Justice Assistance Grant - County-wide

## Section 2: Project Overview

years with the addition of evidenced-based practices and special attention to the unique needs of substance abusing women who also may have mental health needs. The program has a very close relationship with county judges, attorneys, and the administration and staff of the Monroe County Detention Center as well as city and county authorities. Women who complete treatment are often granted early release from incarceration to return to their families and begin rebuilding their lives and the lives of their loved ones thereby saving the county the expense of their continued detainment. Skills attained within the context of treatment increases the chances of sustained recovery, healthier family and other personal relationships, healthier children, and safer communities.

### **Project Summary (Scope of Work)**

In 1997, The Jail In-House Program (JIP), as it was initially named, was developed in the Monroe County Detention Center and began providing substance abuse treatment services to county inmates to lay the foundation for sustained recovery. The majority of clients are court ordered by the Drug Court, Circuit Court and County Court Judges in Monroe County. The rest enter the program as volunteers who have met the criteria for drug/alcohol treatment and will be in the county jail a minimum of 182 days. The program has established a positive reputation county wide, working closely with judges, prosecutors and defense attorneys throughout the county. DCF audits for the past three years reported that this program meets or exceeds Best Practice standards with 100% compliance. This year's funding will allow services begun with last year's grant to continue for this population in the detention center.

In May 2010, the Commission on Accreditation of Rehabilitative Facilities (CARF) evaluated the JIP program for accreditation. The program was received renewed three year accreditation in June 2013. The Jail Incarceration Program met the highest CARF standards and received recognition for its positive relationships between correctional staff and treatment/clinical staff.

Client-centered individualized treatment plans tailored to the needs of women are a cornerstone of gender-responsive treatment. After developing these plans in partnership with the program participant, treatment plan reviews, case management services to provide community linkages and monthly self-reports of progress continue to refine the plan. On-going program review occurs through monthly focus groups with administrative staff and participants. An assessment provides a comprehensive assessment of client needs and assists in developing a person-centered Wellness Plan that is updated with the participant every 30 days. A licensed clinician also provides a Brief Behavioral Status Exam upon admission to diagnose and make appropriate recommendations. Admission policies are welcoming to individuals with co-occurring disorders, learning disabilities, and illiteracy, as well as other special individualized needs. This allows access for all who probably otherwise would not receive services.

Treatment in the program is a minimum of six months and a maximum of one year. Aftercare services are encouraged as a part of re-entry planning and last up to six months once the participant is released. The Guidance/Care Center provides aftercare throughout the county in community-based facilities. Aftercare is given priority and participants are enrolled before they are released. These services are available to all participants regardless of ability to pay.

The Guidance/Care Center employs all program staff and has a forty two year history of

# Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

providing substance abuse counseling and mental health services. The program will require 1 full time counselor to provide all core program services to no less than 30 women for the one-year grant period. Administrative support to conduct regular case staffing, provide services, collect and report data, and monitor program outcomes will be billed at .25 FTE.

Program services will be delivered using several evidence based practices including a Cognitive Behavioral Therapy (CBT) based curriculum entitled Substance Abuse and Criminal Conduct: Strategies for Self Improvement and Change - Pathways to Responsible Living. Throughout the treatment episode participants use a client workbook that belongs to them. Additionally, Moral Reconciliation Therapy, another systematic treatment strategy that seeks to decrease recidivism among criminal offenders by increasing moral reasoning is included. Treatment in the correctional setting will incorporate trauma-informed and gender-responsive treatment through the use of the evidenced-based "Seeking Safety" treatment model that incorporates treatment of PTSD into traditional treatment of substance use disorders. Seeking Safety offers 25 treatment topics, each with a clinician guide and client handouts. In addition, four combination topics are Introduction to Treatment / Case Management, Safety, The Life Choices Game (Review), and Termination. These relational models support the development of healthy relationships with self, significant others, and the community at large in order to reduce the risk of relapse and recidivism. Staff will use individual and group formats to deliver core services. Relapse Prevention Therapy incorporates Motivational Interviewing to facilitate movement through the stages of change, and helps participants develop real life tools to cope with relapse triggers. The program staff, in conjunction with the corrections staff, conduct random drug testing on all participants and positive tests can result in 30 days in lock-up and a return to court for judicial review of the case. Tests used are a 10 panel dip stick testing for amphetamine, benzodiazepines, cocaine, opiates, synthetic opiates, THC, PCP, barbiturates, MDMA and methadone. These tests also include adulteration and temperature strips to ensure the sample has not been tampered or masked.

Monroe County Board of Commissioners will subcontract with a service provider to offer substance abuse treatment services to female inmate in the Monroe County Detention Center. Grant funds will be used to pay a portion of the unit costs for Guidance/Care Center to provide services as discussed in the scope of work above. The provider's minimum performance required for payment by the county will be established in the local agency contractual services agreement, and accounted for through monthly invoices reflecting units of service provided along with Event Reports and Unit Reports. The provider will conduct a minimum of 60 quarter hours of assessments and 296 quarter hours of case management services for each defendant. Case management will be provided to each participant and include a minimum of the following: 60 quarter hours of Assessments, 346 quarter hours of Individual therapy, 2,458 quarter hours of Group Therapy, 296 quarter hours of Case Management. Documentation to support costs and activities will be maintained for all grant-funded expenditures for reimbursement. All documentation to support use and expenditure of grant funds, including a copy of the local subcontract agreement and records that the provider met minimum performance requirements, will be available for review during grant monitoring or upon request.

The deliverable for this agreement is the quarterly performance of the tasks and activities described in the scope of work in accordance with the local agency contractual agreement and/or position description. Monroe County will request reimbursement of

# Application for Funding Assistance

Florida Department of Law Enforcement  
Justice Assistance Grant - County-wide

allowable costs identified in Section 4, pages 1-3 on a quarterly basis.

Monthly invoices are provided to Monroe County by the treatment provider, Guidance/Care Center, summarizing activities for which they seek payment, Monroe County will enter into an agreement with Guidance/Care Center to provide the services identified.

## Section 2: Project Overview

### Section Questions:

Question: What percentage of the total cost of this project is being funded by sources other than this award?

Answer: 62

Question: What is the name of the jurisdiction(s) your agency provides service to. (e.g., City of Miami, Orange County, State of Florida)

Answer: Monroe County

Question: What is the combined population of the jurisdiction(s) your agency provides services to (according to the most recent census)?

Answer: 73090

Question: What is the address of the location being used to provide services for this project?

Answer: Monroe County Detention Center  
5501 College Road  
Key West, FL 33040

Question: Describe your agency. (e.g., non-profit, community based, government)

Answer: Local government agency who contracts with a local non-profit to provide the services.

Question: Have you verified that the subgrantee has an active and current registration in SAM.gov?

Answer: Yes

Question: What is the Operating Capital Outlay threshold used by the subgrantee? If the implementing agency is a sheriff's office, indicate the sheriff's office's threshold instead.

Answer: N/A

Question: Does the subgrantee receive a single grant in the amount of \$750,000 or more from the U.S. Department of Justice?

Answer: No

Question: Does the implementing agency receive a single grant in the amount of \$750,000 or more from the U.S. Department of Justice?

Answer: No

Question: In your organization's preceding completed fiscal year, did your organization (the subgrantee) receive at least (a) 80 percent or (b) \$25,000,000 of your annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements?

Answer: Yes

Question: If you answered yes above, does the public have access to information about the compensation of the executives in your organization (the subgrantee) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986? If answer to Part 1, above, was "no," answer N/A.

## Section 3 Performance

### General Performance Info:

**Performance Reporting Frequency:** Quarterly

**Federal Purpose Area:** 10 - Behavioral Health

**State Purpose Area:** 1G - General Questions

---

### Objectives and Measures

---

**Objective:** General Questions - General Questions for All Recipients

**Measure:** General 01

Will your organization be using the crimesolutions.gov website during the grant period regardless of JAG funding? Crimesolutions.gov provides information on several crime reduction and prevention programs and practices.

**Goal:** No

**Measure:** General 02

Will your organization be using the The National Training and Technical Assistance Center (NTTAC) during the grant period, regardless of JAG funding? The NTTAC serves as BJA's training and technical assistance center. You can find resources, tools, webinars, and TTA support on a variety of criminal justice issues and initiatives.

**Goal:** No

**Measure:** General 03

Will your organization be using the NCJP.org website during the grant period, regardless of JAG funding? NCJP.org contains resources to support strategic planning, program development, and implementation of evidence-based policy and practice.

**Goal:** No

**Measure:** General 04

Will your organization be using the Evidence-Based Policing Matrix during the grant period regardless of JAG funding? The Evidence-Based Policing Matrix provides information on evidence-based practices for law enforcement.

**Goal:** No

**Measure:** General 05

Will your organization be using the What Works in Reentry Clearinghouse during the grant period regardless of JAG funding? The clearinghouse provides research on the effectiveness of reentry programs and practices.

**Goal:** No

**Measure:** General 06

Section #3 Page 1 of 8

Contract 2016-JAGC-MONR-1-H3-184

# Application for Funding Assistance

Florida Department of Law Enforcement

Justice Assistance Grant - County-wide

## Section C: Performance

Will your organization be using Research to Practice during the grant period regardless of JAG funding? Research to Practice promotes the dissemination of research on drug courts to practitioners and policymakers.

Goal: No

Measure: General 07

Will your organization be using any other resources during the grant period regardless of JAG funding? If yes, please describe them.

Goal: Unfunded units are paid through a partnership with Monroe County.

Measure: General 08

During the grant period, will your agency conduct or sponsor (with or without JAG funds) a survey or focus group of citizens on any of the following topics? Enter all that apply from the following list: Public satisfaction with police services; public satisfaction with prosecution services; public satisfaction with public defender/indigent defense services; public satisfaction with courts; public perceptions of crime/disorder problems; personal crime experiences of citizens; none of the above; unsure/don't know.

Goal: None of the above.

Measure: General 09

During the grant period, which of the following community activities will your organization be involved in, with or without JAG funds and how often will they each occur (yearly, monthly, etc.)? Choose from the following list: Hosting community meetings; attending community meetings; distributing a newsletter, e-mail, or other bulletin; attending community events; conducting social media activities; conducting outreach to minority populations; other (please describe)

Goal: Attend community meetings (suicide prevention taskforce).

Measure: General 10

Law Enforcement Agencies ONLY: In which of the following ways has your agency fostered community involvement in the last year? Enter all that apply from the following list: Citizen Review Board or other review board with citizen representation, Citizen's Police Academy, Internships for university or high school students, Volunteer Program, Auxiliary police officer program, Police Cadet Program, k-12 school programs, Youth Athletic Programs, Other (please Describe), None of the above, Unsure/Don't know.

Goal: N/A

Measure: General 11

Identify the goal(s) you hope to achieve with your funding. If you have multiple goals, describe each goal separately.

# Application for Funding Assistance

Florida Department of Law Enforcement  
Justice Assistance Grant - County-wide

## Section 3: Performance

Goal: Educate participants about substance abuse and the relationship to criminal thinking and behavior, assist participants in developing healthy coping skills and support networks, reduce recidivism due to substance use related crimes.

Measure: General 12

Are the subrecipient and implementing agency aware that they will be required to report on the status of the identified goals during each reporting period?

Goal: Yes.

Measure: General 13

Describe any barriers you may encounter which may prevent you from achieving your identified goal(s).

Goal: Barriers have typically involved courts ordering individuals into the program who cannot complete the 6 months of required programming due to jail release.

Measure: General 14

Are you aware that the Office of Criminal Justice Grants encourages recipients to report on any noteworthy accomplishments, success stories, or program results that they would like to showcase?

Goal: Yes.

**State Purpose Area:** 5C - Consultants/Contracts

### Objectives and Measures

**Objective:** Consultants/Contracts - Questions for all recipients using consultants/contracts.

Measure: Consultants1

Please describe what consultants/contracts will be paid for with JAG funds during the grant period. Include names, titles and areas of expertise where applicable.

Goal: Monroe County will enter into an agreement with the service provider, Guidance/Care Center.

**State Purpose Area:** R25 - Questions for recipients of an award \$25,000 or more.

### Objectives and Measures

**Objective:** B1 General - Behavioral health questions for recipients of an award \$25,000 or more.

Measure: B01

# Application for Funding Assistance

## Section 3: Performance

If you will operate a behavioral health program with JAG funds during the grant period, what percentage of the program's total costs will be paid for with sources other than this JAG award? If you operated more than one program, answer for each separately.

Goal: 62%

Measure: B02

What is the name of your behavioral health program? If you will operate more than one program/service, answer for each separately.

Goal: JIP (Jail Incarceration Program)

Measure: B03

If you will operate a behavioral health program with JAG funds during the grant period, what was the initiation year of that program, regardless of when it received JAG funding? If you will operate more than one program, answer for each separately.

Goal: 1997

Measure: B04

What behavioral health services will you provide during the grant period? If you will operate more than one program, answer for each separately. Choose all that apply from the following list: Substance abuse treatment, Mental health treatment, Co-occurring treatment (includes both substance abuse and mental health treatment).

Goal: Substance abuse treatment, Mental health treatment, Co-occurring. (Comprehensive behavioral health evaluations, treatment planning, case management, group and individual therapy, court communication and representation if required, discharge planning.)

Measure: B05

Are you or a partner planning or conducting an evaluation of your behavioral health program? If you will operate more than one program, answer for each separately.

Goal: Yes

Measure: B06

If you or a partner are planning or conducting an evaluation of your program, describe the current status of the evaluation, its purpose, who is conducting the evaluation and the evaluation results if applicable. If you will operate more than one program being evaluated, answer for each separately.

Goal: Our agency has a performance improvement plan that evaluates programming and outcomes. Evaluation data is compiled through WestCare and includes fidelity on evidence based programs, outcome measures for Seeking Safety and satisfaction surveys.

## Section 3: Performance

Measure: B07

Regardless of JAG funding, how many treatment staff on the program are currently licensed and/or certified in substance abuse treatment? If you operate more than one program, answer for each separately.

Goal: 1

Measure: B08

Regardless of JAG funding, how many treatment staff are currently licensed and/or certified in mental health treatment? If you operate more than one program, answer for each separately.

Goal: 1

Measure: B09

Regardless of JAG funding, how many treatment staff on the program are currently licensed and/or certified in co-occurring treatment? If you operate more than one program, answer for each separately.

Goal: 1

Measure: B10

How many treatment employees does your office currently have on staff? Please count both full- and part-time employees.

Goal: 5

Measure: B11

Of the treatment employees your office currently has on staff, how many are JAG funded?

Goal: 3

Measure: B12

Regardless of JAG funding, approximately how many new participants will be added to the program for only substance abuse treatment during the grant period? If you will operate more than one program, answer for each separately.

Goal: 30

Measure: B13

Regardless of JAG funding, approximately how many total participants will receive only substance abuse treatment services during the grant period? If you will operate more than one program, answer for each separately.

Goal: 30

Measure: B14

Regardless of JAG funding, approximately how many new participants will be added to the program for only mental health treatment during the grant

period? If you will operate more than one program, answer for each separately.

Goal: 0

Measure: B15

Regardless of JAG funding, approximately how many total participants will receive only mental health treatment services during the grant period? If you will operate more than one program, answer for each separately.

Goal: 0

Measure: B16

Regardless of JAG funding, approximately how many new participants will be added to the program for co-occurring treatment during the reporting period? If you will operate more than one program, answer for each separately.

Goal: 30

Measure: B17

Regardless of JAG funding, approximately how many total participants will receive co-occurring treatment services during the grant period? If you will operate more than one program, answer for each separately.

Goal: 30

Measure: B18

Are you aware that you will be required to complete the behavioral health questionnaire and submit it to your grant manager alongside each performance report.

Goal: Yes

**Objective:** B2 Med. Assist - Behavioral health questions for recipients engaged in medication assisted services who receive an award of \$25,000 or more.

Measure: B19

If your treatment program includes medication-assisted treatment (MAT), which of the following medications will you utilize, regardless of JAG funding? If you are operating more than one program, answer for each separately. Choose all that apply from the following list: Naltrexone, Buprenorphine, Methadone.

Goal: None

Measure: B20

If your treatment program includes medication-assisted treatment (MAT), approximately how many of your total program participants will be deemed eligible for MAT? If you operate more than one program, answer for each separately.

Goal: N/A

# Application for Funding Assistance

Justice Assistance Grant - County-wide

## Section 3: Performance

Measure: B21

If your treatment program includes medication-assisted treatment (MAT), approximately how many of your total program participants will receive at least one MAT treatment? If you operate more than one program, answer for each separately.

Goal: N/A

**Objective:** B3 Group - Behavioral health questions for recipients engaged in group treatment services who receive an award of \$25,000 or more.

Measure: B22

If your treatment program utilizes group treatment, regardless of JAG funding, what is the average group size? If you operate more than one program, answer for each separately.

Goal: 7

Measure: B23

Regardless of JAG funding, how many participants are currently active in your program? If you will operate more than one program, answer for each separately.

Goal: 9

**Objective:** B4 Sub. Abuse - Behavioral health questions for recipients engaged in substance abuse treatment services who receive an award of \$25,000 or more.

Measure: B24

Does your treatment agency offer a continuum of care for substance abuse treatment, including detoxification, residential, sober living, day treatment, intensive outpatient, and outpatient treatment services?

Goal: Yes

Measure: B25

Of those enrolled in a substance abuse treatment program for at least 90 days, how many participants were tested for the presence of alcohol or illegal substances during the reporting period, regardless of the number of times tested? If you operate more than one program, answer for each separately.

Goal: All participants are tested randomly.

Measure: B26

Of those enrolled in a substance abuse treatment program for at least 90 days, how many participants tested positive for the presence of alcohol or illegal substances during the reporting period, regardless of the number of times tested.

Goal: 0

## Section #4 Financial (cont.)

### Budget Narrative:

#### Budget Detail

Contractual Services:(Guidance/Care Center)

- Assessments 96 quarter hours @ \$17.2025 1,651
  - Individual Therapy 462 quarter hours @ \$20.1100 9,291
  - Group Therapy 3,762 quarter hours @ \$5.0275 18,914
  - Case Management 395 quarter hours @ \$18.925 7,475
- Total Contractual Services: \$37,331

#### Budget Narrative:

The budget reflects costs directly associated with the provision of substance abuse treatment, mental health and educational services to inmates of Monroe County jail. The unit cost rates were derived by using the hourly rates from the FY 2015-16 state funding contract for Substance Abuse and Mental Health services and dividing by 4 to arrive at the quarter hour rates. A contract with the treatment provider will be developed to be utilized during the established grant period.

**Psychosocial Assessment:** Monroe County through a contracted treatment provider will interview all program participants for the purposes of data collection of educational, employment, criminal, medical, family, substance abuse and mental health histories to assist in the determination of the inmates appropriateness for the program and to update treatment plans.

Unit of Service: Client direct service quarter hour

Unit Rate \$17.20

Units Requested 96 quarter hours to be paid for by this grant.

Total Cost \$1,651

**Individual Counseling:** Monroe County through its contracted treatment provider will provide counseling to all program participants to review progress and develop treatment plans and work on treatment plan goals and objectives.

Unit of Service: Client direct service quarter hour:

Unit Rate \$20.11

Units Requested 462 quarter hours to be paid for by this grant.

Total Cost \$9,291

**Group Therapy:** Monroe County through its contracted treatment provider will provide group therapy to all program participants weekly. Group counseling among program participants will be conducted to include the introduction of "Self-help groups" and their attendance to establish an ongoing support network.

Unit of Service: Client direct service quarter hour

Unit Rate \$5.0275

Units Requested 3,762 quarter hours to be paid for by this grant.

Total Costs \$18,914

**Case Management:** Monroe County through its contracted treatment provider will provide the coordination of adjunctive services, discharge planning, communication with collateral contacts, linkage with other treatment resources to all program participants.

Unit of Service: Client direct service quarter hour

## Section 4 Financial

### Section Questions:

Question: If the budget contains salaries and benefits, will this project result in a net personnel increase, or continue to fund a prior federally grant funded net personnel increase?

Answer: No

Question: If Expenses or Operating Capital Outlay are included in your budget, what will be the method of procurement for those items? (e.g., competitive bid, sole source, state term contract)

Answer: N/A

Question: If indirect cost is included, explain the indirect cost plan. Provide documentation of approval.

Answer: N/A

Question: If contractual services in the budget are based on unit costs, provide a definition and breakdown of cost for each service. Include the methodology for the unit cost plan and when it was approved.

Answer: Contractual Services:  
- Assessments 96 quarter hours @ \$17.2025 = 1,651  
- Individual Therapy 462 quarter hours @ \$20.1100 = 9,291  
- Group Therapy 3,762 quarter hours @ \$5.0275 = 18,914  
- Case Management 395 quarter hours @ \$18.925 = 7,475  
Total Contractual Services- \$37,331

Total Budget- \$37,331

The budget reflects costs directly associated with the provision of substance abuse treatment, mental health and educational services to inmates of Monroe County jail. The unit cost rates were derived by using the hourly rates from the FY 2015-16 state funding contract for Substance Abuse and Mental Health services and dividing by 4 to arrive at the quarter hour rates. A contract with the treatment provider will be developed to be utilized during the established grant period. The unit cost plan was provided by the treatment provider, Guidance/Care Center in September 2015.

2. **Requirements for Contractors of Subgrant Recipients**

The subgrant recipient assures the compliance of all contractors with the applicable provisions of Title I of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. 3711 et seq. at [www.gpo.gov/fdsys/](http://www.gpo.gov/fdsys/)); the provisions of the current edition of the Office of Justice Programs Financial Guide ([www.ojp.usdoj.gov/financialguide/index.htm](http://www.ojp.usdoj.gov/financialguide/index.htm)); and all other applicable federal and state laws, orders, circulars, or regulations.

### 3. Allowable Costs

- a. Allowance for costs incurred under the subgrant shall be determined according to the general principles and standards for selected cost items set forth in the Office of Justice Programs Financial Guide, U.S. Department of Justice Common Rule for State And Local Governments and federal OMB Circular A-87, "Cost Principles for State, Local and Indian Tribal Governments," or OMB Circular A-21, "Cost Principles for Educational Institutions."
- b. All procedures employed in the use of federal funds for any procurement shall be according to U.S. Department of Justice Common Rule for State and Local Governments, or OMB Circular A-110, or OMB Circular A-102, and Florida law to be eligible for reimbursement.

### 4. Reports

#### a. Project Performance Reports

- (1) Reporting Time Frames: The subgrant recipient shall submit Quarterly Project Performance Reports to the Florida Department of Law Enforcement, hereafter known as the Department, within fifteen (15) days after the end of the reporting period. In addition, if the subgrant award period is extended beyond the "original" project period, additional Quarterly Project Performance Reports shall be submitted.

Failure to submit Quarterly Performance Reports that are complete, accurate, and timely may result in sanctions, as specified in item 19, Performance of Agreement Provisions.

- (2) Report Contents: Performance Reports must include a response to all objectives included in your subgrant. A detailed response is required in the narrative portion for yes/no performance objectives. The narrative must also reflect on accomplishments for the quarter and identify problems with project implementation and address actions being taken to resolve the problems. Additional information may be required if necessary to comply with federal reporting requirements.
- (3) Submission: Performance Reports may be submitted by the Project Director, Application Manager, or Performance Contacts.

#### b. Financial Reports

##### (1) Project Expenditure Reports

- (a) The subgrant recipient shall have a choice of submitting either a Monthly or a Quarterly Project Expenditure Report to the Department. Project Expenditure Reports are due thirty (30) days after the end of the reporting period. In addition, if the subgrant award period is extended, additional Project Expenditure Reports shall be submitted.
- (b) All project expenditures for reimbursement of subgrant recipient costs shall be submitted on the Project Expenditure Report Forms prescribed and provided by the Office of Criminal Justice Grants (OCJG) through the SIMON (Subgrant Information Management ON-line)
- (c) All Project Expenditure Reports shall be submitted in sufficient detail for proper pre-audit and post-audit.
- (d) Before the "final" Project Expenditure Report will be processed, the subgrant recipient must submit to the Department all outstanding project reports and must have satisfied all special conditions. Failure to comply with the above provisions shall result in forfeiture of reimbursement.
- (e) Reports are to be submitted even when no reimbursement is being requested.

- (f) The report must be electronically signed by the subgrant recipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

(2) Financial Closeout Audit

- (a) The Financial Closeout Audit shall be submitted to the Department within forty-five (45) days of the subgrant expiration date.
- (b) The Financial Closeout Audit must be electronically signed by the subgrant recipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

(3) Project Generated Income (PGI)

- (a) If applicable, the subgrant recipient shall submit Quarterly PGI Earnings and Expenditures Reports to the Department within thirty (30) days after the end of the reporting period covering subgrant project generated income and expenditures during the previous quarter. If any PGI remains unspent after the subgrant ends, the subgrant recipient must continue submitting quarterly PGI reports until all funds are expended. (See Item 11, Program Income.)
- (b) PGI Earnings and Expenditures reports must be electronically signed by the subgrant recipient or implementing agency's chief financial officer or the chief financial officer's designee.

c. Other Reports

The subgrant recipient shall report to the Uniform Crime Report and other reports as may be reasonably required by the Department.

**5. Fiscal Control and Fund Accounting Procedures**

- a. All expenditures and cost accounting of funds shall conform to the Office of Justice Programs Financial Guide, the Common Rule, and OMB Circulars A-21, A-87, and A-110, or A-102 as applicable, in their entirety.
- b. The subgrant recipient is required to establish and maintain adequate accounting systems and financial records and to accurately account for funds awarded to them. As a subgrant recipient, you must have a financial management system in place that is able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system for a subgrant recipient must be able to accommodate a fund and account structure to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subgrant recipients.
- c. All funds spent on this project shall be disbursed according to provisions of the project budget as approved by the Department.
- d. All funds not spent in accordance with this agreement shall be subject to repayment by the subgrant recipient.

**6. Payment Contingent on Appropriation and Available Funds**

The State of Florida's performance and obligation to pay under this agreement is contingent upon an annual appropriation by the Florida Legislature. Furthermore, the obligation of the State of Florida to reimburse subgrant recipients for incurred costs is subject to available federal funds.

**7. Obligation of Subgrant Recipient Funds**

Subgrant funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the subgrant award period. Only project costs incurred on or after the effective date, and on or prior to the termination date of the subgrant recipient's

project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the subgrant period.

**8. Advance Funding**

Advance funding may be provided to a subgrant recipient upon a written request to the Department. The request must be electronically signed by the subgrant recipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.

**9. Trust Funds**

- a. The unit of local government must establish a trust fund in which to deposit JAG funds. The trust fund may or may not be an interest bearing account.
- b. The account may earn interest, but any earned interest must be used for program purposes and expended before the federal grant period end date. Any unexpended interest remaining at the end of the federal grant period must be submitted to the Office of Criminal Justice Grants for transmittal to the Bureau of Justice Assistance.

**10. Travel and Training**

The cost of all travel shall be reimbursed according to the subgrant recipient's written travel policy. If the subgrant recipient does not have a written travel policy, cost of all travel will be reimbursed according to State of Florida Travel Guidelines § 112.061, Fla. Stat. Any foreign travel must obtain prior written approval.

**11. Program Income (also known as Project Generated Income)**

- a. All income generated as a direct result of a subgrant project shall be deemed program income.
- b. Any project that will potentially earn PGI must submit an Earnings and Expenditures Report to report how much PGI was earned during each quarter. A report must be submitted each quarter even if no PGI was earned or expended. PGI Earnings and Expenditures reports must be electronically signed by the subgrant recipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.
- c. PGI expenditures require prior written approval from the Office of Criminal Justice Grants. Program income must be used for the purposes of and under the conditions applicable to the award. If the cost is allowable under the federal grant program, then the cost would be allowable using program income. PGI budget requests must be signed by the subgrant recipient or implementing agency's Chief Financial Officer or the Chief Financial Officer designee.
- d. Program income should be used as earned and expended as soon as possible. Any unexpended PGI remaining at the end of the federal grant period must be submitted to OCJG for transmittal to the Bureau of Justice Assistance.

**12. Approval of Consultant Contracts**

The Department shall review and approve in writing all consultant contracts prior to employment of a consultant when the consultant's rate exceeds \$650 (excluding travel and subsistence costs) per eight-hour day, or \$81.25 per hour. A detailed justification must be submitted to and approved by FDLE prior to obligation or expenditures of such funds. Approval shall be based upon the contract's compliance with requirements found in the Financial Guide, the Common Rule, and in applicable state statutes. The Department's approval of the subgrant recipient agreement does not constitute approval of consultant contracts. If consultants are hired through a competitive bidding process (not sole source), the \$650 threshold does not apply.

**13. Property Accountability**

- a. The subgrant recipient agrees to use all non-expendable property for criminal justice purposes during its useful life or dispose of it pursuant to § 274, Fla. Stat.

- b. The subgrant recipient shall establish and administer a system to protect, preserve, use, maintain and dispose of any property furnished to it by the Department or purchased pursuant to this agreement according to federal property management standards set forth in the Office of Justice Programs Financial Guide, U.S. Department of Justice Common Rule for State and Local Governments or the federal OMB Circular A-110 or A-102, as applicable. This obligation continues as long as the subgrant recipient retains the property, notwithstanding expiration of this agreement.

#### 14. Ownership of Data and Creative Material

Ownership of material, discoveries, inventions, and results developed, produced, or discovered subordinate to this agreement is governed by the terms of the Office of Justice Programs Financial Guide (as amended), and the U.S. Department of Justice Common Rule for State and Local Governments, or the federal OMB Circular A-110 or A-102, as applicable.

#### 15. Copyright

The awarding agency reserves a royalty-free non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use, for federal government purposes:

- a. The copyright in any work developed under an award or subaward, and
- b. Any rights of copyright to which a subgrant recipient or subrecipient purchases ownership with support funded under this grant agreement.

#### 16. Patents

If any program produces patentable items, patent rights, processes, or inventions, in the course of work sponsored by the federal award or subaward funds, such facts must be promptly and fully reported to the awarding agency.

- a. Unless there is a prior agreement between the subgrant recipient and the Department on disposition of such items, the Department may determine whether protection on the invention or discovery will be sought.
- b. The Department will also determine how rights in the invention or discovery (including rights under any patents issued) will be allocated and administered in order to protect the public interest consistent with "Government Patent Policy" ("President's Memorandum for Heads of Executive Departments and Agencies," dated August 23, 1971, and statement of Government patent policy, as printed in 36 Federal Register 16839).
- c. Government regulations have been issued in Title 37 CFR Part 401 by the U.S. Department of Commerce.

#### 17. Publication or Printing of Reports

The subgrant recipient shall submit for review and approval one copy of any curricula, training materials, or any other written materials that will be published, including web-based materials and web site content, through funds from this grant at least thirty (30) days prior to the targeted dissemination date. The subgrantee understands and agrees that any training materials developed or delivered with grant funding must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees available at [www.ojp.usdoj.gov/funding/ojptrainingguidingprinciples.htm](http://www.ojp.usdoj.gov/funding/ojptrainingguidingprinciples.htm)

All materials publicizing or resulting from award activities shall contain the following statements:

"This project was supported by Award No. \_\_\_\_\_ awarded by the Bureau of Justice Assistance, Office of Justice Programs. The opinions, findings, and conclusions or recommendations expressed in this publication/program/exhibition are those of the authors and do not necessarily reflect the views of the Department of Justice".

## 18. Audit

- a. Subgrant recipients that expend \$500,000 or more in a year in federal awards shall have a single or program-specific audit conducted for that year. The audit shall be performed in accordance with the federal OMB Circular A-133 and other applicable federal law. The contract for this agreement shall be identified in the Schedule of Federal Financial Assistance in the subject audit. The contract shall be identified as federal funds passed through the Florida Department of Law Enforcement and include the contract number, CFDA number, award amount, contract period, funds received and disbursed. When applicable, the subgrant recipient shall submit an annual financial audit that meets the requirements of § 11.45, Fla. Stat., "Definitions; duties; authorities; reports; rules."; § 215.97, Fla. Stat., "Florida Single Audit Act"; and Rules of the Auditor General, Chapter 10.550, "Local Governmental Entity Audits" and Chapter 10.650, "Florida Single Audit Act Audits Nonprofit and For-Profit Organizations."
- b. A complete audit report that covers any portion of the effective dates of this agreement must be submitted within 30 days after its completion, but no later than nine (9) months after the audit period. In order to be complete, the submitted report shall include any management letters issued separately and management's written response to all findings, both audit report and management letter findings. Incomplete audit reports will not be accepted by the Department.
- c. The subgrant recipient shall have all audits completed by an Independent Public Accountant (IPA). The IPA shall be either a Certified Public Accountant or a Licensed Public Accountant.
- d. The subgrant recipient shall take appropriate corrective action within six (6) months of the issue date of the audit report in instances of noncompliance with federal laws and regulations.
- e. The subgrant recipient shall ensure that audit working papers are made available to the Department, or its designee, upon request for a period of three (3) years from the date the audit report is issued, unless extended in writing by the Department.
- f. Subgrant recipients that expend less than \$500,000 in federal awards during a fiscal year are exempt from the audit requirements of OMB Circular A-133 for that fiscal year. In this case, written notification, which can be in the form of the "Certification of Audit Exemption" form, shall be provided to the Department by the Chief Financial Officer, or designee, that the subgrant recipient is exempt. This notice shall be provided to the Department no later than March 1 following the end of the fiscal year.
- g. If this agreement is closed out without an audit, the Department reserves the right to recover any disallowed costs identified in an audit completed after such closeout.
- h. A scanned copy of the completed audit reports or a link to the electronic audit report should be sent via email to [criminaljustice@fdle.state.fl.us](mailto:criminaljustice@fdle.state.fl.us) or mailed to the following address:

Florida Department of Law Enforcement  
Office of Criminal Justice Grants  
Post Office Box 1489  
Tallahassee, Florida 32302-1489

## 19. Performance of Agreement Provisions

In the event of default, non-compliance or violation of any provision of this agreement by the subgrant recipient, the subgrant recipient's consultants and suppliers, or both, the Department shall impose sanctions it deems appropriate including withholding payments and cancellation, termination, or suspension of the agreement in whole or in part. In such event, the Department shall notify the subgrant recipient of its decision thirty (30) days in advance of the effective date of such sanction. The subgrant recipient shall be paid only for those services satisfactorily performed prior to the effective date of such sanction.

## 20. Commencement of Project

- a. If a project is not operational within 60 days of the original start date of the award period, the subgrant recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date.
- b. If a project is not operational within 90 days of the original start date of the award period, the subgrant recipient must submit a second statement to the Department explaining the implementation delay.
- c. Upon receipt of the ninety (90) day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, unilaterally terminate this agreement and re-obligate subgrant funds to other Department approved projects. The Department, where warranted by extenuating circumstances, may extend the starting date of the project past the ninety (90) day period, but only by formal written adjustment to this agreement.

## 21. Excusable Delays

- a. Except with respect to defaults of consultants, the subgrant recipient shall not be in default by reason of any failure in performance of this agreement according to its terms (including any failure by the subgrant recipient to make progress in the execution of work hereunder which endangers such performance) if such failure arises out of causes beyond the control and without the fault or negligence of the subgrant recipient. Such causes include, but are not limited to, acts of God or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case, the failure to perform shall be beyond the control and without the fault or negligence of the subgrant recipient.
- b. If failure to perform is caused by failure of a consultant to perform or make progress, and if such failure arises out of causes beyond the control of subgrant recipient and consultant, and without fault or negligence of either of them, the subgrant recipient shall not be deemed in default, unless:
  - (1) Supplies or services to be furnished by the consultant were obtainable from other sources,
  - (2) The Department ordered the subgrant recipient in writing to procure such supplies or services from other sources, and
  - (3) The subgrant recipient failed to reasonably comply with such order.
- c. Upon request of the subgrant recipient, the Department shall ascertain the facts and the extent of such failure, and if the Department determines that any failure to perform was occasioned by one or more said causes, the delivery schedule shall be revised accordingly.

## 22. Grant Adjustments

- a. Subgrant recipients must submit a grant adjustment through SIMON for major substantive changes such as changes in project activities or scope of the project, target populations, service providers, implementation schedules, project director, and designs or research plans set forth in the approved agreement and for any budget changes that affect a cost category that was not included in the original budget. Adjustments are also required when there will be a transfer of 10% or more of the total budget between budget categories, or there is an indirect cost rate category change.
- b. Subgrant recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval as long as the funds are transferred to an existing line item.
- c. Under no circumstances can transfers of funds increase the total budgeted award.

- d. Requests for changes to the subgrant agreement must be electronically signed by the subgrant recipient or implementing agency's chief official or the chief official's designee.

**23. Disputes and Appeals**

- a. The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The subgrant recipient shall proceed diligently with the performance of this agreement according to the Department's decision.
- b. If the subgrant recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The subgrant recipient's right to appeal the Department's decision is contained in § 120, Fla. Stat., and in procedures set forth in Rule 28-106.104, Florida Administrative Code. Failure to appeal within this time frame constitutes a waiver of proceedings under § 120, Fla. Stat.

**24. Conferences and Inspection of Work**

Conferences may be held at the request of any party to this agreement. At any time, a representative of the Department, of the U.S. Department of Justice, or the Auditor General of the State of Florida, have the right of visiting the project site to monitor, inspect and assess work performed under this agreement.

**25. Access to Records**

- a. The Florida Department of Law Enforcement, the Auditor General of the State of Florida, the U.S. Department of Justice, the U.S. Comptroller General or any of their duly authorized representatives, shall have access to books, documents, papers and records of the subgrant recipient, implementing agency and contractors for the purpose of audit and examination according to the Financial Guide and the Common Rule.
- b. The Department reserves the right to unilaterally terminate this agreement if the subgrant recipient, implementing agency, or contractor refuses to allow public access to all documents, papers, letters, or other materials subject to provisions of § 119, Fla. Stat., unless specifically exempted and/or made confidential by operation of § 119, Fla. Stat., and made or received by the subgrant recipient or its contractor in conjunction with this agreement.
- c. The subgrant recipient will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.

**26. Retention of Records**

The subgrant recipient shall maintain all records and documents for a minimum of five (5) years from the date of the final financial statement and be available for audit and public disclosure upon request of duly authorized persons. The subgrant recipient shall comply with State of Florida General Records Schedule GS1-SL for State and Local Government Agencies:  
<http://dhis.dos.state.fl.us/barm/qenschedules/GS2-2008-Rev2010.pdf>

**27. Personnel Changes**

Upon implementation of the project, in the event there is a change in Chief Officials for the Subgrant recipient or Implementing Agency or any contact information to include mailing address, phone number, email or title change, project staff must notify the SIMON help desk to update the organizational information in SIMON. If the project director changes, a grant adjustment must be entered in SIMON to reflect the change.

**28. Background Check**

Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of § 435, Fla. Stat. shall apply.

- a. All positions in programs providing care to children, the developmentally disabled, or vulnerable adults for 15 hours or more per week; all permanent and temporary employee positions of the central abuse hotline; and all persons working under contract who have access to abuse records are deemed to be persons and positions of special trust or responsibility and require employment screening pursuant to § 435, Fla. Stat., using the level 2 standards set forth in that chapter.
- b. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile records checks through the Florida Department of Law Enforcement, and federal criminal records checks through the Federal Bureau of Investigation, and may include local criminal records checks through local law enforcement agencies.
  - (1) Any person who is required to undergo such a security background investigation and who refuses to cooperate in such investigation or refuses to submit fingerprints shall be disqualified for employment in such position or, if employed, shall be dismissed.
  - (2) Such background investigations shall be conducted at the expense of the employing agency or employee. When fingerprinting is required, the fingerprints of the employee or applicant for employment shall be taken by the employing agency or by an authorized law enforcement officer and submitted to the Department of Law Enforcement for processing and forwarding, when requested by the employing agency, to the United States Department of Justice for processing. The employing agency shall reimburse the Department of Law Enforcement for any costs incurred by it in the processing of the fingerprints.

**29. Drug Court Projects**

A Drug Court Project must comply with § 397.334, Fla. Stat., "Treatment-Based Drug Court Programs."

**30. Overtime for Law Enforcement Personnel**

Prior to obligating funds from this award to support overtime by law enforcement officers, the U.S. Department of Justice encourages consultation with all allied components of the criminal justice system in the affected jurisdiction. The purpose of this consultation is to anticipate and plan for systemic impacts such as increased court dockets and the need for detention space.

**31. Criminal Intelligence System**

- a. The subgrant recipient agrees that any information technology system funded or supported by the Office of Justice Programs funds will comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if the Office of Justice Programs determines this regulation to be applicable. Should the Office of Justice Programs determine 28 C.F.R. Part 23 to be applicable, the Office of Justice Programs may, at its discretion, perform audits of the system, as per 28 C.F.R. 23.20(g). Should any violation of 28 C.F.R. Part 23 occur, the subgrant recipient may be fined as per 42 U.S.C. 3789g(c)-(d). The subgrant recipient may not satisfy such a fine with federal funds.
- b. The subgrantee understands and agrees that no awarded funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. In doing so the subgrantee agrees these restrictions will not limit the use of awarded funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

### 32. Confidential Funds

A signed certification that the project director or the head of the Implementing Agency has read, understands, and agrees to abide by all of the conditions for confidential funds as set forth in the effective edition of the Office of Justice Programs Financial Guide is required from all projects that are involved with confidential funds. The signed certification must be submitted at the time of grant application.

### 33. Civil Rights Compliance

- a. Federal laws prohibit recipients of financial assistance from discriminating on the basis of race, color, national origin, religion, sex, disability, or age in funded programs or activities. All subgrant recipients, implementing agencies, and contractors must comply with any applicable statutorily-imposed nondiscrimination requirements, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. § 3789d); the Victims of Crime Act (42 U.S.C. § 10604(e)); The Juvenile Justice and Delinquency Prevention Act of 2002 (42 U.S.C. § 5672(b)); the Civil Rights Act of 1964 (42 U.S.C. § 2000d); the Rehabilitation Act of 1973 (29 U.S.C. § 794); the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131-34); the Education Amendments of 1972 (20 U.S.C. §§1681, 1683, 1685-86); the Age Discrimination Act of 1975 (42 U.S.C. §§ 6101-07); and Department of Justice Non-Discrimination Regulations 28 CFR Part 42; see Ex. Order 13279 (equal protection of the laws for faith-based and community organizations).
- b. FDLE does not discriminate on the basis of race, color, religion, national origin, sex, disability, or age in the delivery of services or benefits or in employment. The subgrant recipient must notify program participants and beneficiaries that it does not discriminate on the basis of race, color, national origin, religion, sex, disability, and age in the delivery of services or benefits or in employment practices.
- c. Subgrant recipients are responsible for ensuring that contractors, vendors, and agencies to whom they pass-through funds are in compliance with all Civil Rights requirements and that the contractors, vendors, and agencies are aware that they may file a discrimination complaint with the subgrant recipient, with FDLE, or with the Office for Civil Rights and how to do so.
- d. Equal Employment Opportunity Plans
  - (1) A subgrant recipient or implementing agency must develop an EEO Plan if it has 50 or more employees and it has received any single award of \$25,000 or more from the Department of Justice. The plan must be prepared using the on-line short form at [www.ojp.usdoj.gov/about/ocr/eeop\\_comply.htm](http://www.ojp.usdoj.gov/about/ocr/eeop_comply.htm), must be retained by the subgrant recipient or implementing agency, and must be available for review or audit. The organization must also submit an EEO Certification to FDLE.
  - (2) If the subgrant recipient or implementing agency is required to prepare an EEO Plan and has received any single award of \$500,000 or more from the Department of Justice, it must submit its plan to the Department of Justice for approval. A copy of the Department of Justice approval letter must be submitted to FDLE. The approval letter expires two years from the date of the letter.
  - (3) A subgrant recipient or implementing agency is exempt from the EEO Plan requirement if it has fewer than 50 employees or if it does not receive any single award of \$25,000 or more from the Department of Justice or if it is a nonprofit organization, a medical or educational institution, or an Indian Tribe. If an organization is exempt from the EEO Plan requirement, it must submit an EEO Certification to FDLE.
  - (4) The subgrant recipient and implementing agency acknowledge that failure to comply with EEO Requirements within 60 days of the project start date may result in suspension or termination of funding, until such time as it is in compliance.

- e. In the event a federal or state court or federal or state administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, sex, or disability against a recipient of funds, the recipient will forward a copy of the finding to FDLE and to the Office for Civil Rights, Office of Justice Programs.
- f. In accordance with federal civil rights laws, the subgrant recipient shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.
- g. Subgrant recipients must include comprehensive Civil Rights/Nondiscrimination Provisions in all contracts funded by the subgrant recipient.
- h. If the subgrant recipient or any of its employees, contractors, vendors, or program beneficiaries has a discrimination complaint, they may file a complaint with the subgrant recipient, with FDLE or with the Office for Civil Rights. Discrimination complaints may be submitted to FDLE at Office of the Inspector General, Post Office Box 1489, Tallahassee, Florida 32302-1489 or online at [info@fdle.state.fl.us](mailto:info@fdle.state.fl.us). Discrimination complaints may also be submitted to the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, 810 7<sup>th</sup> Street, Northwest, Washington, D.C. 20531, or by phone at (202) 307-0690.
- i. The subgrant recipient must have procedures in place for responding to discrimination complaints that employees and clients, customers, and program participants file directly with the subgrant recipient.
- j. The subgrant recipient must have written policies or procedures in place for notifying program beneficiaries how to file complaints alleging discrimination by the subgrantee/implementing agency with FDLE or the OCR.
- k. Any discrimination complaints filed with FDLE will be reviewed by FDLE's Inspector General and referred to the Office for Civil Rights, the Florida Commission on Human Relations, or the Equal Employment Opportunity Commission, based on the nature of the complaint.
- l. **Americans with Disabilities Act**  
Subgrant recipients must comply with the requirements of the Americans with Disabilities Act (ADA), Public Law 101-336, which prohibits discrimination by public and private entities on the basis of disability and requires certain accommodations be made with regard to employment (Title I), state and local government services and transportation (Title II), public accommodations (Title III), and telecommunications (Title IV).
- m. **Rehabilitation Act of 1973 (28 C.F.R. Part 42, Subpart G)**  
If the subgrant recipient has 50 or more employees and receives DOJ funding of \$25,000 or more, the subgrant recipient must take the following actions:
  - (1) Adopt grievance procedures that incorporate due process standards and provide for the prompt and equitable resolution of complaints alleging a violation of the DOJ regulations implementing Section 504 of the Rehabilitation Act of 1973, found at 28 C.F.R. Part 42, Subpart G, which prohibit discrimination on the basis of a disability in employment practices and the delivery of services.
  - (2) Designate a person to coordinate compliance with the prohibitions against disability discrimination contained in 28 C.F.R. Part 42, Subpart G.
  - (3) Notify participants, beneficiaries, employees, applicants, and others that the subgrantee/implementing agency does not discriminate on the basis of disability.
- n. **Limited English Proficiency (LEP)**  
In accordance with Department of Justice Guidance pertaining to Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, recipients of federal financial assistance must take reasonable steps to provide meaningful access to their programs and activities for persons with LEP. For more information on the civil rights responsibilities that recipients have in

providing language services to LEP individuals, please see the website at [www.lep.gov](http://www.lep.gov). FDLE strongly encourages subgrant recipients to have a written LEP Language Access Plan.

- o. Title IX of the Education Amendments of 1972 (28 C.F.R. Part 54)  
If the subgrant recipient operates an education program or activity, the subgrant recipient must take the following actions:
  - (1) Adopt grievance procedures that provide for the prompt and equitable resolution of complaints alleging a violation of the DOJ regulations implementing Title IX of the Education Amendments of 1972, found at 28 C.F.R. Part 54, which prohibit discrimination on the basis of sex.
  - (2) Designate a person to coordinate compliance with the prohibitions against sex discrimination contained in 28 C.F.R. Part 54.
  - (3) Notify applicants for admission and employment, employees, students, parents, and others that the subgrantee/implementing agency does not discriminate on the basis of sex in its educational programs or activities.

- p. Equal Treatment for Faith Based Organizations  
The subgrant recipient agrees to comply with the applicable requirements of 28 C.F.R. Part 38, the Department of Justice regulation governing "Equal Treatment for Faith Based Organizations" (the "Equal Treatment Regulation"). The Equal Treatment Regulation provides in part that Department of Justice grant awards of direct funding may not be used to fund any inherently religious activities, such as worship, religious instruction, or proselytization. Recipients of direct grants may still engage in inherently religious activities, but such activities must be separate in time or place from the Department of Justice funded program, and participation in such activities by individuals receiving services from the grantee or a sub-grantee must be voluntary. The Equal Treatment Regulation also makes clear that organizations participating in programs directly funded by the Department of Justice are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion. The subgrantee also understands and agrees that award funds may not be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from the award, or the parent or legal guardian of such students. Notwithstanding any other special condition of this award, faith-based organizations may, in some circumstances, consider religion as a basis for employment. See [www.ojp.gov/about/ocr/equal\\_fbo.htm](http://www.ojp.gov/about/ocr/equal_fbo.htm).

#### **34. Immigration and Nationality Act**

No public funds will intentionally be awarded to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e), Section 274A(e) of the Immigration and Nationality Act ("INA"). The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the subgrant recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this contract by the Department.

#### **35. National Environmental Policy Act (NEPA)**

- a. The subgrant recipient agrees to assist FDLE in complying with the NEPA, the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of subgrant funds by the subgrant recipient. This applies to the following new activities whether or not they are being specifically funded with these subgrant funds. That is, it applies as long as the activity is being conducted by the subgrant recipient or any third party and the activity needs to be undertaken in order to use these subgrant funds. Accordingly, the subgrantee agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the grant, the grantee agrees to contact FDLE OCJG.

- (1) New construction
  - (2) Minor renovation or remodeling of a property either (a) listed on or eligible for listing on the National Register of Historic Places or (b) located within a 100-year flood plain; a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
  - (3) A renovation, lease, or any other proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size; and
  - (4) Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or educational environments.
  - (5) Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.
- b. The subgrant recipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by the Bureau of Justice Assistance. The subgrant recipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed by the Department of Justice at [www.bja.gov/Funding/nepa.html](http://www.bja.gov/Funding/nepa.html), for programs relating to methamphetamine laboratory operations.
  - c. For any of a subgrant recipient's existing programs or activities that will be funded by these subgrants, the subgrant recipient, upon specific request from the Department and the U.S. Department of Justice, agrees to cooperate with the Department of Justice in any preparation by Department of Justice of a national or program environmental assessment of that funded program or activity.

**36. Mitigation of Health, Safety and Environmental risks dealing with Clandestine Methamphetamine Laboratories**

If an award is made to support methamphetamine laboratory operations the subgrant recipient must comply with this condition, which provides for individual site environmental assessment/impact statements as required under the National Environmental Policy Act.

- a. **General Requirement:** The subgrant recipient agrees to comply with federal, state, and local environmental, health and safety laws and regulations applicable to the investigation and closure of clandestine methamphetamine laboratories and the removal and disposal of the chemicals, equipment, and wastes used in or resulting from the operation of these laboratories. The subgrant recipient also agrees to complete a Methamphetamine Mitigation Plan (MMP) that includes the nine protective measures or components required by BJA and submit the plan to FDLE's Office of Criminal Justice Grants.
- b. **Specific Requirements:** The subgrant recipient understands and agrees that any program or initiative involving the identification, seizure, or closure of clandestine methamphetamine laboratories can result in adverse health, safety and environmental impacts to (1) the law enforcement and other governmental personnel involved; (2) any residents, occupants, users, and neighbors of the site of a seized clandestine laboratory; (3) the seized laboratory site's immediate and surrounding environment of the site(s) where any remaining chemicals, equipment, and waste from a seized laboratory's operations are placed or come to rest. Therefore, the subgrant recipient further agrees that in order to avoid or mitigate the possible adverse health, safety and environmental impacts from any of clandestine methamphetamine operations funded under this award, it will (1) include the nine, below listed protective measures or components; (2) provide for their adequate funding to include funding, as necessary, beyond that provided by this award; and (3) implement these protective measures directly throughout the life of the subgrant. In so doing, the subgrant

recipient understands that it may implement these protective measures directly through the use of its own resources and staff or may secure the qualified services of other agencies, contractor or other qualified third party.

- (1) Provide medical screening of personnel assigned or to be assigned by the subgrant recipient to the seizure or closure of clandestine methamphetamine laboratories;
- (2) Provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and other personnel assigned by the subgrant recipient to either the seizure or closure of clandestine methamphetamine laboratories;
- (3) As determined by their specific duties, equip personnel assigned to the project with OSHA required protective wear and other required safety equipment;
- (4) Assign properly trained personnel to prepare a comprehensive contamination report on each closed laboratory;
- (5) Employ qualified disposal contractors to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized clandestine laboratory;
- (6) Dispose of the chemicals, equipment, and contaminated materials and wastes removed from the sites of seized laboratories at properly licensed disposal facilities or, when allowable, properly licensed recycling facilities;
- (7) Monitor the transport, disposal, and recycling components of subparagraphs 5 and 6 immediately above in order to ensure proper compliance;
- (8) Have in place and implement an inter-agency agreement or other form of commitment with a responsible State environmental agency that provides for that agency's (i) timely evaluation of the environmental conditions at and around the site of a closed clandestine laboratory and (ii) coordination with the responsible party, property owner, or others to ensure that any residual contamination is remediated, if necessary, and in accordance with existing federal and state requirements; and
- (9) Have in place and implement a written agreement with the responsible state or local service agencies to properly respond to any minor, as defined by state law, at the site. This agreement must ensure immediate response by qualified personnel who can (i) respond to the potential health needs of any minor at the site; (ii) take that minor into protective custody unless the minor is criminally involved in the meth lab activities or is subject to arrest for other criminal violations; (iii) ensure immediate medical testing for methamphetamine toxicity; and (iv) arrange for any follow-up medical tests, examinations, or health care made necessary as a result of methamphetamine toxicity

### **37. Non-Procurement, Debarment and Suspension**

The subgrant recipient agrees to comply with Executive Order 12549, Debarment and Suspension and 2 CFR 180, "OMB Guidelines To Agencies On Governmentwide Debarment And Suspension (Nonprocurement)" These procedures require the subgrant recipient to certify it shall not enter into any lower tiered covered transaction with a person who is debarred, suspended, declared ineligible or is voluntarily excluded from participating in this covered transaction, unless authorized by the Department. If the subgrant is \$100,000 or more, the subgrant recipient and implementing agency certify that they and their principals:

- a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;
- b. Have not within a three-year period preceding this application been convicted of or had a civil

judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

- c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- d. Have not within a three-year period preceding this application had one or more public transactions (federal, state, or local) terminated for cause or default.

**38. Federal Restrictions on Lobbying**

- a. Each subgrant recipient agrees to comply with 28 CFR Part 69, "New Restrictions on Lobbying" and shall file the most current edition of the Certification And Disclosure Form, if applicable, with each submission that initiates consideration of such subgrant recipient for award of federal contract, grant, or cooperative agreement of \$100,000 or more.
- b. This certification is a material representation of fact upon which reliance was placed when this agreement was made. Submission of this certification is a prerequisite to entering into this agreement subject to conditions and penalties imposed by 31 USC 1352. Any person who fails to file the required certification is subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure to file.
- c. As required by 31 USC 1352, and implemented at 28 CFR 69, for persons entering into a grant or cooperative agreement over \$100,000, as defined at 28 CFR 69, the applicant certifies that:
  - (1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement;
  - (2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions;
  - (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all subgrant recipients shall certify and disclose accordingly.

**39. State Restrictions on Lobbying**

In addition to the provisions contained in Item 38, above, the expenditure of funds for the purpose of lobbying the legislature or a state agency is prohibited under this contract.

**40. Additional Restrictions on Lobbying**

The subgrant recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the Office of Justice Programs.

**41. "Pay – to – Stay"**

Funds from this award may not be used to operate a "pay-to-stay" program in any local jail. Furthermore, no funds may be given to local jails that operate "pay-to-stay" programs. "Local jail," as referenced in this condition, means an adult facility or detention center owned and/or operated by city, county, or municipality. It does not include juvenile detention centers. "Pay-to-stay" programs as referenced in this condition, means a program by which extraordinary services, amenities and/or accommodations, not otherwise available to the general inmate population, may be provided, based upon an offender's apparent ability to pay, such that disparate conditions of confinement are created for the same or similar offenders within a jurisdiction.

**42. The Coastal Barrier Resources Act**

The subgrant recipient will comply and assure the compliance of all contractors with the provisions of the Coastal Barrier Resources Act (P.L. 97-348) dated October 19, 1982 (16 USC 3501 et seq.) which prohibits the expenditure of most new federal funds within the units of the Coastal Barrier Resources System.

**43. Enhancement of Security**

If funds are used for enhancing security, the subgrant recipient agrees to:

- a. Have an adequate process to assess the impact of any enhancement of a school security measure that is undertaken on the incidence of crime in the geographic area where the enhancement is undertaken.
- b. Conduct such an assessment with respect to each such enhancement; and, submit to the Department the aforementioned assessment in its Final Program Report.

**44. Environmental Protection Agency's (EPA) list of Violating Facilities**

The subgrant recipient assures that the facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the Program Purpose are not listed on the EPA's list of Violating Facilities and that it will notify the Department of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.

**45. Flood Disaster Protection Act**

The subgrant recipient will comply with Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, requiring that the purchase of flood insurance in communities where such insurance is available as a condition of the receipt of any federal financial assistance for construction or acquisition purposes for use in any area that has been identified as an area having special flood hazards.

**46. National Historic Preservation Act**

It will assist the Department (if necessary) in assuring compliance with section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. § 470), Ex. Order 11593 (identification and protection of historic properties), the Archeological and Historical Preservation Act of 1974 (16 U.S.C. § 469 a-1 et seq.), and the National Environmental Policy Act of 1969 (42 U.S.C. § 4321).

**47. Human Research Subjects**

Subgrant recipient agrees to comply with the requirements of 28 C.F.R. part 46 and all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtaining of Institutional Review Board approval, if appropriate, and subject informed consent.

**48. Global Standards Package**

In order to promote information sharing and enable interoperability among disparate systems across the justice and public safety community, OJP requires the grantee to comply with DOJ's Global Justice Information Sharing Initiative (DOJ's Global) guidelines and recommendations for this particular grant. Grantee shall conform to the Global Standards Package (GSP) and all

constituent elements, where applicable, as described at: [www.it.ojp.gov/gsp\\_grantcondition](http://www.it.ojp.gov/gsp_grantcondition). Grantee shall document planned approaches to information sharing and describe compliance to the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

**49. Reporting, Data Collection and Evaluation**

The subgrant recipient agrees to comply with all reporting, data collection and evaluation requirements, as prescribed by the Bureau of Justice Assistance in the program guidance for the Justice Assistance Grant (JAG). Compliance with these requirements will be monitored by FDLE.

**50. Privacy Certification**

The subgrant recipient agrees to comply with all confidentiality requirements of 42 U.S.C. section 3789g and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. Subgrant recipient further agrees, as a condition of grant approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, section 22.23.

**51. State Information Technology Point of Contact**

The subgrant recipient agrees to ensure that the State Information Technology Point of Contact receives written notification regarding any information technology project funded by this grant during the obligation and expenditures period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these grant funds. In addition, the subgrant recipient agrees to maintain an administrative file documenting the meeting of this requirement. For a list of State Information Technology Points of Contact, go to

[www.it.ojp.gov/default.aspx?area=policyAndPractice&page=1046](http://www.it.ojp.gov/default.aspx?area=policyAndPractice&page=1046)

**52. Interstate Connectivity**

To avoid duplicating existing networks or IT systems in any initiatives funded by the Bureau of Justice Assistance for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the subgrant recipient can demonstrate to the satisfaction of the Bureau of Justice Assistance that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

**53. Supplanting**

The subgrant recipient agrees that funds received under this award will not be used to supplant state or local funds, but will be used to increase the amounts of such funds that would, in the absence of federal funds, be made available for law enforcement activities.

**54. Conflict of Interest**

The subgrant recipient and implementing agency will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

**55. Uniform Relocation Assistance and Real Property Acquisitions Act**

The subgrant recipient will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs.

**56. Limitations on Government Employees Financed by Federal Assistance**

The subgrant recipient will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7324-28, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

**57. Additional Required Certifications**

**Employees Working Solely on a Single Federal Award**

For any position that works 100% of its time on a single federal award, the employee must certify that 100% of his or her time was spent working on that federal award. This requirement applies to both full time and part time positions regardless of the percentage of the position's salary that is charged to the grant. The certification must be signed by both the employee and the employee's direct supervisor having firsthand knowledge of the work performed by the employee. The forms must be submitted semi-annually and may not be signed prior to the end of the reporting period. Certifications must be provided to cover the entire grant period.

**Sole Source**

If the project requires a purchase of services or equipment from a sole source, the subgrant recipient must complete the Sole Source Justification for Services and Equipment Form. This form must be submitted upon application if applicable and pre-approval must be obtained. If the cost is below \$100,000, the form must be kept on file for review at monitoring. If the subgrantee is a state agency and the cost is at least \$150,000, then the agency must submit a copy of the approval from the Department of Management Services (F.S. 287.057(5)).

**ADP Justification**

The subgrant recipient must complete an Automated Data Processing (ADP) equipment and Software and Criminal Justice Information and Communication Systems Request for Approval form if the purchase of any ADP equipment is to be made. This form must be submitted upon application if applicable and pre-approval must be obtained.

**Confidential Funds Certificate**

For all projects involved with confidential funds the subgrant recipient must submit a confidential funds certificate. This certificate certifies the Project Director has read, understands, and agrees to abide by the provision in Chapter 8 of the Office of Justice Programs Financial Guide. This form must be submitted upon application if applicable.

Sole Source, ADP Justification, Privacy Certification forms, and Confidential Funds certifications, must be signed by the subgrant recipient or implementing agency chief official or an individual with formal, written signature authority for the chief official.

**58. Timesheets**

Timesheets must be kept for all project staff whose hours will be charged to the project. The timesheets must be signed by the supervisor and clearly indicate hours spent on project activities.

**59. Additional Documentation of Personnel for Department of Financial Services**

In accordance with Section 215.971, Florida Statutes, the Florida Department of Financial Services may require documentation validation that personnel services were performed on project-related activities in accordance with the contract agreement.

**60. Reporting Potential Fraud, Waste, Abuse, and Similar Misconduct**

The subgrant recipient must promptly refer to the Florida Department of Law Enforcement, Office of Criminal Justice Grants any credible evidence that a principal, employee, agent, contractor, subcontractor, or other person has either 1) submitted a false claim for grant funds under the False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.

**61. Task Force Training Requirement**

The subgrant recipient agrees that within 120 days of award, each member of a law enforcement task force funded with these funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, will complete required online (internet-based) task force training. The training is provided free of charge online through BJA's Center for Task Force Integrity and Leadership ([www.ctfli.org](http://www.ctfli.org)). All current and new task force members are required to complete this training once during the life of the award, or once every four years if multiple awards include this requirement. This training addresses task force effectiveness as well

as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability. When FDLE award funds to support a task force, the subgrant recipient must compile and maintain a task force personnel roster along with course completion certificates. Additional information is available regarding this required training and access methods via BJA's web site and the Center for Task Force Integrity and Leadership ([www.ctfli.org](http://www.ctfli.org)).

**62. Funds to Association of Community Organizations for Reform Now (ACORN) Unallowable**

Subgrant recipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract or subaward to either the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries, without the express prior written approval of OJP.

**63. High Risk Subgrant Recipients**

The subgrant recipient agrees to comply with any additional requirements that may be imposed during the grant performance period if the U.S. Department of Justice determines that the subgrant recipient is a high-risk grantee. Cf. 28 C.F.R. parts 66, 70.

**64. Text Messaging While Driving**

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), and §316.305, F.S., the subgrant recipient is encouraged to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this subgrant and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

**65. System for Award Management (SAM)**

The subgrant recipient must maintain current information in SAM until it submits the final financial report required under this award or receives the final payment, whichever is later. This requires that the subgrant recipient review and update the information at least annually after the initial registration, and more frequently if required by changes in its information or another award term.

**66. Maximum Allowable Salary**

No portion of these federal grant funds shall be used towards any part of the annual cash compensation of any employee of the subgrant recipient whose total annual cash compensation exceeds 110% of the maximum salary payable to a member of the Federal government's Senior Executive Service at an agency with a Certified SES Performance Appraisal System for that year. (The salary table for SES employees is available at <http://www.opm.gov/oca/payrates/index.asp>. A subgrant recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds.). This limitation on compensation rates allowable under this award may be waived on an individual basis at the discretion of the OJP official indicated in the program announcement under which this award is made.

**67. DNA Testing of Evidentiary Materials and Upload of DNA Profiles to a Database**

If JAG program funds will be used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System (CODIS), by a government DNA lab with access to CODIS. No profiles generated with JAG funding may be entered into any other non-governmental DNA database without prior express written approval from BJA. For more information, refer to the NIJ FY 2012 DNA Backlog Reduction Program, available at <https://www.ncjrs.gov/pdffiles1/nij/s1001062.pdf>

In addition, funds may not be used for purchase of DNA equipment and supplies when the resulting DNA profiles from such technology are not accepted for entry into CODIS (the National DNA Database operated by the FBI).

**68. Interoperable Communications Guidance**

Subgrant recipients that are using funds to support emergency communications activities must comply with the current SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at [www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334](http://www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334).

Subgrant recipients Grantees interested in developing a public safety broadband network in the 700 MHz band in their jurisdictions must adhere to the technical standards set forth in the FCC Waiver Order, or any succeeding FCC orders, rules, or regulations pertaining to broadband operations in the 700 MHz public safety band. The subgrant recipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP) and are fully coordinated with the full-time Statewide Interoperability Coordinator (SWIC). If any future regulatory requirement (from the FCC or other governmental entity) results in a material technical or financial change in the project, the recipient should submit associated documentation, and other material, as applicable, for review by the SWIC to ensure coordination. Subgrant recipients must provide a listing of all communications equipment purchased with grant award funding (plus the quantity purchased of each item) to FDLE once items are procured during any periodic programmatic progress reports.

**69. Ballistic-Resistant and Stab Resistant Body Armor**

Subgrant recipients that wish to purchase armor with JAG funds **must certify** that law enforcement agencies receiving vests have a written "mandatory wear" policy in effect. This policy must be in place for at least all uniformed officers before funding can be used by the agency for body armor. There are no requirements regarding the nature of the policy other than it being a mandatory wear policy for all uniformed officers while on duty. FAQs related to the mandatory wear policy and certifications can be found at [www.bja.gov/Funding/JAGFAQ.pdf](http://www.bja.gov/Funding/JAGFAQ.pdf).

JAG funds may be used to purchase armor for an agency, but may not be used as the 50% match for purposes of the Bulletproof Vest Partnership (BVP) program.

Body armor purchased with JAG funds may be purchased at any threat level, make, or model from any distributor or manufacturer, as long as the vests have been tested and found to comply with applicable National Institute of Justice ballistic or stab standards and are listed on the NIJ Compliant Body Armor Model List (<http://nij.gov>). In addition, body armor purchased must be American-made. The latest NIJ standard information can be found at: [www.nij.gov/topics/technology/body-armor/safety-initiative.htm](http://www.nij.gov/topics/technology/body-armor/safety-initiative.htm).

**70. BJA or FDLE Sponsored Events**

The subgrant recipient agrees to participate in BJA- or FDLE-sponsored training events, technical assistance events, or conference held by FDLE or BJA or their designees, upon FDLE's or BJA's request.

**71. Expenses Related to Conferences, Meetings, Trainings, and Other Events**

The subgrant recipient agrees to comply with all applicable laws, regulations, policies, and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences, meetings, trainings, and other events, including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies, and guidance is available at <http://ojp.gov/financialguide/PostawardRequirements/chapter15page1.htm>

**72. Environmental Requirements and Energy**

For subgrants in excess of \$100,000, the subgrant recipient must comply with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C.

1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).

The subgrant recipient must comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871), if any.

**73. Other Federal Funds**

The subgrantee agrees that if it currently has an open award of federal funds or if it receives an award of federal funds other than this award, and those awards have been, are being, or are to be used, in whole or in part, for one or more of the identical cost items for which funds are being provided under this award, the subgrantee will promptly notify, in writing the grant manager for this award, and, if so requested by OCJG seek a budget modification or change of project scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

**74. Monitoring**

The recipient agrees to comply with FDLE's grant monitoring guidelines, protocols, and procedures, and to cooperate with FDLE on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and /or site visits. The recipient agrees to provide FDLE all documentation necessary to complete monitoring of the award. Further, the recipient agrees to abide by reasonable deadlines set by FDLE for providing requested documents. Failure to cooperate with FDLE grant monitoring activities may result in sanctions affecting the recipient's award, including, but not limited to: withholding and/or other restrictions on the recipient's access to funds referral to the Office of the Inspector General for audit review, designation of the recipient as a FDLE High Risk grantee, or termination of an award(s).

**75. Unmanned Aerial Vehicles**

The recipient agrees that awarded funds may not be expended on unmanned aircraft, unmanned aircraft systems, or aerial vehicles (US, UAS, or UAV) unless the BJA Director certifies that extraordinary and exigent circumstances exist, making them essential to the maintenance of public safety and good order. Additionally, any funding approved for this purpose would be subject to additional reporting, which would be stipulated by FDLE post award.

### Section A—Declaration Claiming Complete Exemption from the EEOP Requirement

Please check all the following boxes that apply:

- Recipient has less than fifty employees.
- Recipient is a nonprofit organization.
- Recipient is an Indian tribe.
- Recipient is an educational institution.
- Recipient is a medical institution.
- Recipient is receiving an award less than \$25,000.

I, \_\_\_\_\_ [responsible official],  
certify that \_\_\_\_\_ [recipient] is  
not required to prepare an EEOP for the reason(s) checked above, pursuant to 28 C.F.R § 42.302.  
I further certify that \_\_\_\_\_ [recipient]  
will comply with applicable federal civil rights laws that prohibit discrimination in employment and in the delivery of  
services.

Print or Type Name and Title \_\_\_\_\_ Signature \_\_\_\_\_ Date \_\_\_\_\_

### Section B—Declaration Claiming Exemption from the EEOP Submission Requirement and Certifying That an EEOP Is on File for Review

If a recipient agency has fifty or more employees and is receiving a single award or subaward of \$25,000 or more, but less than \$500,000, then the recipient agency does not have to submit an EEOP to the OCR for review as long as it certifies the following (42 C.F.R. § 42.305):

I, Danny L. Kolhage, Mayor  
certify that Monroe County BOCC [responsible official],  
\_\_\_\_\_ [recipient],  
which has fifty or more employees and is receiving a single award or subaward for \$25,000 or more, but less than  
\$500,000, has formulated an EEOP in accordance with 28 CFR pt. 42, subpt. E. I further certify that within the last  
twenty-four months, the proper authority has formulated and signed into effect the EEOP and, as required by applicable  
federal law, it is available for review by the public, employees, the appropriate state planning agency, and the Office for  
Civil Rights, Office of Justice Programs, U.S. Department of Justice. The EEOP is on file at the following office:  
Calvin Allen, EEO Officer, Monroe County [organization],  
1100 Simonton Street, Key West, FL 33040-3110 [address].

Danny L. Kolhage, Mayor  
Print or Type Name and Title \_\_\_\_\_ Signature  Date 10/09/2015

### Section C—Declaration Stating that an EEOP Utilization Report Has Been Submitted to the Office for Civil Rights for Review

If a recipient agency has fifty or more employees and is receiving a single award or subaward of \$500,000 or more, then the recipient agency must send an EEOP Utilization Report to the OCR for review.

I, \_\_\_\_\_ [responsible official],  
certify that \_\_\_\_\_ [recipient],  
which has fifty or more employees and is receiving a single award of \$500,000 or more, has formulated an EEOP in  
accordance with 28 CFR pt. 42, subpt. E, and sent it for review on \_\_\_\_\_ [date] to the  
Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice.

**CERTIFICATION REGARDING LOBBYING; DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS; AND DRUG-FREE WORKPLACE REQUIREMENTS**

**Florida Department of Law Enforcement  
Edward Byrne Memorial Justice Assistance Grant Program**

**Form Provided by the U.S. DEPARTMENT OF JUSTICE, OFFICE OF JUSTICE PROGRAMS,  
OFFICE OF THE COMPTROLLER**

**CERTIFICATIONS REGARDING LOBBYING; DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS; AND DRUG-FREE WORKPLACE REQUIREMENTS**

Applicants should refer to the regulations cited below to determine the certification to which they are required to attest. Applicants should also review the instructions for certification included in the regulations before completing this form. Signature of this form provides for compliance with certification requirements under 28 CFR Part 69, "New Restrictions on Lobbying" and 28 CFR Part 67, "Government-wide Debarment and Suspension (Non-procurement) and Government-wide Requirements for Drug-Free Workplace (Grants)". The certifications shall be treated as a material representation of fact upon which reliance will be placed when the Department of Justice determines to award the covered transaction, grant, or cooperative agreement.

**1. LOBBYING**

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 28 CFR Part 69, for persons entering into a grant or cooperative agreement over \$100,000, as defined at 28 CFR Part 69, the applicant certifies that:

(a) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement;

(b) If any funds other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or an employee of Congress, or an employee of a member of Congress in connection with this federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities", in accordance with its instructions;

(c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all subrecipients shall certify and disclose accordingly.

**2. DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS (DIRECT RECIPIENT)**

As required by Executive Order 12549, Debarment and Suspension, and implemented at 28 CFR Part 67, for prospective participants in primary covered transactions, as defined at 28 CFR Part 67, Section 67.510 -

A. The applicant certifies that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a State or Federal court, or voluntarily excluded from covered transactions by any federal department or agency;

(b) Have not within a three-year period preceding this application been convicted of or had a civil judgement rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and

(d) Have not within a three-year period preceding this application had one or more public transactions (Federal, State, or local) terminated for cause or default; and

B. Where the applicant is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

**3. DRUG-FREE WORKPLACE (GRANTEES OTHER THAN INDIVIDUALS)**

As required by the Drug-Free Workplace Act of 1988, and implemented at 28 CFR Part 67, Subpart F, for grantees, as defined at 28 CFR Part 67 Sections 67.615 and 67.620-

A. The applicant certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an on-going drug-free awareness program to inform employees about-

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

**CERTIFICATION REGARDING LOBBYING; DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS; AND DRUG-FREE WORKPLACE REQUIREMENTS**

**Florida Department of Law Enforcement  
Edward Byrne Memorial Justice Assistance Grant Program**

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will-

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after the conviction;

(e) Notifying the agency, in writing, within 10 calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice including position title, to: Department of Justice, Office of Justice Programs, ATTN: Control Desk, 633 Indiana Avenue, N.W., Washington, D.C. 20531. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d) (2), with respect to any employee who is so convicted-

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check here  If there are workplaces on file that are not identified here.

Section 67.630 of the regulations provides that a grantee that is a State may elect to make one certification in each Federal fiscal year. A copy of which should be included with each application for Department of Justice funding. States and State agencies may elect to use OJP Form 4061/7.

Check here  If the State has elected to complete OJP Form 4061/7.

**DRUG-FREE WORKPLACE  
(GRANTEES WHO ARE INDIVIDUALS)**

As required by the Drug-Free Workplace Act of 1988, and implemented at 28 CFR Part 67, Subpart F, for grantees, as defined at 28 CFR Part 67, Sections 67.615 and 67.620-

A. As a condition of the grant, I certify that I will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant; and

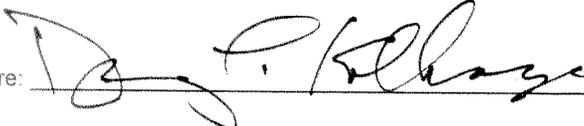

B. If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, I will report the conviction, in writing, within 10 calendar days of the conviction, to: Department of Justice, Office of Justice Programs, ATTN: Control Desk, 633 Indiana Avenue, N.W., Washington, D.C. 20531.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above certifications.

1. Grantee Name and Address: Monroe County BOCC, 1100 Simonton Street, Key West, FL 33040

2. Project Name: Women's Jail Incarceration Drug Abuse Treatment Program

3. Typed Name and Title of Authorized Representative: Danny L. Kolhage, Mayor

4. Signature: 

5. Date: 10/09/2015

PUBLIC ENTITY CRIME STATEMENT

"A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a CONTRACTOR, supplier, subcontractor, or CONTRACTOR under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."

I have read the above and state that neither Maween Kempa (Respondent's name) nor any Affiliate has been placed on the convicted vendor list within the last 36 months.

DRUG-FREE WORKPLACE FORM

The undersigned vendor in accordance with Florida Statute 287.087 hereby certifies that:

GUIDANCE CARE CENTER INC

(Name of Business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business' policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 (Florida Statutes) or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, or any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

## LEASE ASSUMPTION AND CONSENT

This **LEASE ASSUMPTION AND CONSENT** (the “Consent”) is made and entered into as of January 20, 2016, by and between Piedmont Hawthorne Aviation, LLC d/b/a Landmark Aviation, a Delaware limited liability company (“Assignor”), BBA US Holdings, Inc., a Delaware corporation (“Assignee”) and the Board of County Commissioners of Monroe County, Florida (“Landlord”).

### WITNESSETH:

**WHEREAS**, Assignor and Landlord are all of the parties to the leases, amendments, modifications, addendums, and agreements set forth on Exhibit A (collectively, the “Leases”); and,

**WHEREAS**, the ultimate parent company of Assignor has entered into a purchase agreement to sell the interests of Landmark Aviation to the affiliates of BBA Aviation plc, which is the ultimate parent company of Assignee (the “Transaction”); and,

**WHEREAS**, the operation pursuant to the Leases will be branded Signature Flight Support such that the tenant entity thereunder will be Piedmont Hawthorne Aviation, LLC, d/b/a Signature Flight Support (the “Rebranding”); and,

**WHEREAS**, the Transaction requires the consent of the Landlord pursuant to the Leases and the Assignor and the Assignee desire to execute this Consent to memorialize the foregoing and Landlord desires to consent to the Transaction, all upon the terms and conditions set forth here;

**NOW, THEREFORE**, for valid consideration the receipt and sufficiency of which is acknowledged, the parties agree as follows:

1. *Assumption.* Assignee, as the parent company of Assignor following the closing of the Transaction, hereby confirms and ratifies, Assignor shall remain liable and obligated hereby assumes and agrees to pay, discharge and perform in a full and timely manner all of Assignor’s liabilities and obligations under the Leases, effective upon the date the Transaction closes.

2. *Consent.* Landlord hereby consents to the Transaction and Rebranding. Landlord also hereby acknowledges and confirms to Assignor and Assignee that:

- (i) Assignor and Landlord are all of the parties to each of the Leases;
- (ii) the Leases represent the entire understanding of the parties with respect to the matters that are the subject thereof, and have not been amended or otherwise modified;
- (iii) the Leases are in full force and effect in accordance with their terms, which terms have not been further modified;

(iv) Assignor has paid to Landlord all amounts due and payable under the Leases to date and has performed all non-monetary obligations under the Leases to date;

(v) to Landlord's knowledge, no defaults on behalf of either Assignor or Landlord have occurred and are continuing under the Leases, nor have any events occurred which with the giving of notice, the passage of time or both would constitute defaults under the Leases;

(vi) there are no present charges, liens or claims of offset under the Leases;

(vii) the address for notices to be sent to Landlord is as expressly set forth in the Leases;

(viii) no sums have been deposited with Landlord other than the security deposit as expressly set forth, as applicable, in the Leases;

(ix) Landlord has no cause of action against Assignor arising out of any of the Leases, nor to the best of Landlord's knowledge does the basis for any cause of action exist;

(x) the term of the Leases shall terminate July 31, 2036;

(xi) the rent under the Leases currently is \$13,930.66 (\$12,958.75 rent plus \$971.91 sales tax) per month;

(xii) there are no additional capital expenditures other than those expressly stated in the Leases.

3. *Full Force and Effect.* The Leases shall continue in full force and effect and the Leases are ratified. In the event of a conflict between the terms of the Leases and this Consent, this Consent shall prevail.

4. *Binding Effect.* This Consent shall not be effective unless and until the transaction between Assignor and Assignee closes. Thereafter, it be binding upon and shall inure to the benefit of Assignor, Assignee, Landlord, and their respective and permitted successors and assigns.

5. *Counterparts.* This Consent may be executed in any number of counterparts, each of which shall be deemed an original and all of which counterparts together shall constitute one agreement with the same effect as if the parties had signed the same signature page.

AGREEMENT

THIS CONTRACT OF LEASE is made and entered into this 20th day of January, 1994, by and between the COUNTY OF MONROE, STATE OF FLORIDA, a political subdivision of the State of Florida, hereinafter referred to as Lessor, and ISLAND CITY FLYING SERVICE, INC., a corporation organized and existing under the laws of the State of Florida, hereinafter referred to as the Company.

W I T N E S S E T H:

WHEREAS, Lessor owns an airport known as the Key West International Airport located in Key West, Monroe County, State of Florida, hereinafter called the "AIRPORT"; and

WHEREAS, the Company is a corporation primarily engaged in commercial aeronautical activities and the general activities of a full service fixed base operation; and

WHEREAS, the conduct of quality fixed base operator services as hereinafter set forth is advantageous to the operation of said "Airport" for public airport purposes; and

WHEREAS, Lessee desire to obtain certain rights, services and privileges in connection with the use of the Airport and its facilities; and the Lessor is willing to grant and lease the same to Lessee on a non-exclusive basis upon the terms and conditions hereinafter stated;

NOW, THEREFORE, for and in consideration of the premises and

RECORDED  
JUN 16 48 AM '94  
FILED

of the mutual covenants and agreements herein contained, and other valuable considerations, Lessor does hereby grant and lease unto Lessee, and Lessee does hereby hire and take from Lessor, certain premises, facilities, rights, licenses, services and privileges in connection with and on the Airport, as follows, to-wit:

1. PREMISES LEASED. The Lessor does hereby lease to the Lessee that space as marked on Exhibit "A", "B" and "C" attached hereto and made a part hereof at the Key West International Airport located in Key West, Monroe County, Florida, in accordance with the terms and conditions as set forth in this Agreement. Parcel A shall hereinafter be referred to as General Aviation Parcel. In space marked on Exhibit "B" shall be referred to as the Fuel Farm Parcel or Parcel "B", and the space marked on Exhibit "C" shall be referred to as the additional General Aviation Parking Apron or Parcel "C". Said parcels shall collectively be referred to as the Demised Premises.

2. USE OF THE AIRPORT. Lessee shall be entitled to use, in common with others authorized to do so, the Airport and appurtenances, together with all facilities and equipment.

3. COMMERCIAL AVIATION USE AND PRIVILEGES. The Company shall have the non-exclusive right in connection with its use of the lease premises and subject to the conditions provided in this Lease Agreement and/or contained in the Monroe County Minimum Standards for Fixed Base Operators, as amended from time to time, to engage in the following commercial aviation activities:

a. The unloading and loading of aircraft in any lawful

activity as incidental to the conduct of any services or operations outlined in this section.

b. The maintenance, storing and servicing of aircraft which shall include overhauling, rebuilding, repairing, inspecting, licensing, flying, purchasing and selling including parts, equipment and accessories thereof.

c. The sale of aircraft fuels, lubricants and propellants at the Airport. The sale of said fuel, lubricants and propellants at any locations shall include the right to use vehicles necessary for the servicing of aircraft provided they are operated in accordance with reasonable rules and regulations established by the Lessor.

d. The operation of a business of buying and selling new or used aircraft, aircraft parts and accessories thereof and aviation merchandise and equipment of all descriptions either at retail, wholesale or as a dealer or distributor.

e. The rental of aircraft.

f. The operation of air transportation and/or charter services for the transportation of passengers, cargo and mail.

g. The operation and sale of air taxi, ambulance and sightseeing services.

h. The operations and sale of aerial surveying, photographic and mapping services.

i. The operation of flight instruction services in accordance with Federal Aviation Administration standards.

j. The maintenance of coin-operated vending machines on the leased premises.

k. Any other aeronautical activity, of any category, permitted by the Minimum Standards for Fixed Base Operators, as amended from time to time, upon the conditions stated therein. If Lessee desires to engage in a legitimate aeronautical activity not provided for in the Minimum Standards for Fixed Base Operators, it shall apply in writing to the Lessor for an amendment to such Standards, and such Standards may be amended to allow, with appropriate conditions, any legitimate aeronautical activity which will not be adverse to the public interest or the safe and efficient operation of the Airport.

4. GENERAL RIGHTS AND PRIVILEGES. The Company shall enjoy the following general non-exclusive rights on the Airport premises subject to the conditions provided in this Lease Agreement and/or contained in the Minimum Standards for Fixed Base Operators, as amended from time to time:

a. The general use of all public facilities and improvements which are now or may hereafter be connected with or appurtenant to the Airport to be used by Company for the general aviation commercial activities contemplated hereunder. For the purpose of this Lease Agreement public airport facilities shall mean all necessary landing area including but not limited to approach areas, runways, taxiways, aprons, aircraft parking areas, and all roadways, sidewalks, navigational aids, lighting facilities or other public facilities appurtenant to the Airport. Such use of

public facilities by company shall be in all ways and at all time subject to control by the Monroe County Director of Airports or acting Airport Director, as well as all applicable laws and Federal Aviation Administration rules and regulations.

b. The right of ingress to and egress from the demised premises over airport roadways including the use of common used roadways subject only to such reasonable rules and regulations as may be established by the Lessor and its Director of Airports.

c. The right to install, operate and maintain, repair and store on the leased premises all equipment necessary for the conduct of Company's business, including identifying signs which shall be subject to the written prior approval of the Lessor in the interest of safety and convenience of all concerned, which approval shall not be unreasonably withheld.

d. The use in common with others of the public airport parking area for automobiles and/or aircraft subject to revenues imposed generally, control by the Director of Airports and all applicable laws and Federal Aviation Administration rules and regulations.

e. The Company shall not exercise any rights or privileges described in this Section of this Lease Agreement in any manner which, in the opinion of the Director of Airports, restricts in any way the exercise of the same rights by others. Company shall use its own leased premises, whenever practical and feasible, for automobile and aircraft parking.

5. MINIMUM REQUIRED SERVICES AND INVESTMENT. As part of the

consideration hereunder, Company shall, when and as requested, provide at a minimum those services, facilities, and functions required by the Minimum Standards for Fixed Base Operators, as amended from time to time, as conditions of each aeronautical activity engaged in by Company.

6. TERM. This Agreement shall be binding upon execution and the term and rents hereunder shall commence on January 1, 1994 and terminate on December 31, 2004. The Company shall have the option to renew this Lease for two (2) additional five (5) year terms on the same terms and conditions as contained herein with the exception of the base rent for Parcel A which shall be redetermined pursuant to Paragraph 42 hereof.

7. RENT. The lease amount agreed to herein may be adjusted annually in accordance with the percentage change in the Consumer Price Index (CPI) for Wage Earners and Clerical Workers in the Miami, Florida, area, and shall be based upon the annual average CPI computation from January 1 through December 31 of the previous year.

Base Rent for Parcel A shall be computed at the rate of 11 cents per square foot per year for the 5.97 acres (260,053 sq. ft.) of land leased pursuant to this Agreement, less the acreage used as county easements. The Base Rent shall be 44 cents per square foot per year for the 5,625 square foot or 75' x 75' tract of land known as the Fuel Farm as designated on Exhibit "B". The Base Rent for the additional General Aviation Parking Apron shall be .11 cents per square foot per year for 35,955 sq. ft.

a. Regardless of the percentage increase in the National Consumer Price Index, the monthly rental payable hereunder shall be redetermined every year in the same manner as provided in the first paragraph of Section 7.

8. FUEL FLOWAGE FEES. Lessor shall be entitled to collect, and Company agrees to pay as additional consideration under the Agreement, as amended by any future Addenda, all fuel flowage fees as are imposed generally by the Minimum Standards for Fixed Base Operators, as amended from time to time. The fuel flowage fee shall be Six Cents per gallon upon the effective date of this Lease Agreement and shall be paid by the fifteenth (15th) day of each month for each gallon of aircraft fuel received or bought by the Company at the Airport during the preceding month, less the number of gallons pumped that month into aircraft exempt from fuel flowage fees pursuant to agreement with the Lessor.

An investment credit of One Cent per gallon shall be allowed to the Company until such time as the cumulative investment credit has reached the Company's investment which was necessary to initially bring the tanks and facility into compliance with FDEP and EPA standards. The remaining dollars credited to Tenant from said percentage investment credit is \$34,160.05 as of October, 1993. Once the Investment Credit has reached said amount, the Investment Credit of One Cent per gallon shall no longer be available, and the fuel flowage fee shall be Six Cents per gallon.

The Company shall provide to Lessor by the tenth (10th) day of each month a report of all aircraft fuel received or bought during

the preceding month and all aircraft fuel pumped into exempt aircraft during the preceding month, which report shall include copies of invoices supporting both amounts. Company shall authorize all of its suppliers to furnish to the Lessor any information required by the Lessor concerning fuel deliveries to the Company. The fuel flowage fee will be reviewed every five (5) years and may be increased to compensate for improvements made at the Airport that benefit the Company.

9. MAINTENANCE. The Company shall make its own arrangements for janitorial services including the care of interior and exterior maintenance of the areas and premises to be occupied under this Lease and all operating facilities installed or acquired by it. It shall make all repairs and improvements as may be necessary to maintain and keep same in good condition as at the beginning of this lease period or at the time of installation or modification, ordinary wear and tear accepted.

10. OWNERSHIP OF IMPROVEMENTS. It is agreed that title to all fixed improvements constructed hereafter on the leased premises by the Company shall at all times during the term of said Agreement remain in the Company. Upon termination, whether by expiration of the term, cancellation or forfeiture, said improvements shall become the property of the Lessor. Title to fixed improvements constructed by the Company on the Airport prior to the execution of this Agreement shall remain in the Company until termination.

11. UTILITY CHARGES. The Company agrees to pay for all utilities consumed on the leased premises, as well as its own

water, sewer and garbage pickup. Electricity and water consumption shall be metered through instruments fixed in place. Any expense for installation of meters or for connection or similar charges shall be paid by Company.

12. PEACEFUL POSSESSION AND QUIET ENJOYMENT. The Company and its customers shall have, at all time,s the right of ingress, egress and a free access to the premises, and the Lessor guarantees to them the peaceful possession and quiet enjoyment thereof. The Lessor covenants that it will continue to operate the Airport as a public facility.

13. TERMINATION PRIOR TO EXPIRATION.

a. The Lessor shall have the right to terminate this lease in whole or in part upon the occurrence of any of the following events:

(1) Failure on the part of the Company to pay rent, fuel flowage fees or usage fees when due.

(2) Filing by or the final adjudication against the Company of any petition of bankruptcy or the making of any transfer or general assignment for the benefit of creditors which has not been previously authorized by the Lessor.

(3) The failure of the Company to perform or keep or observe any of the terms, covenants and conditions which it is obligated to perform, keep or observe under this lease after the expiration of any period of warning or ultimatum given by the Lessor to the Company to correct any deficiency of default.

(4) The abandonment of the leased premises or

discontinuance of the business operations.

(5) The failure of the Company to abide by the terms of any law governing its business or operations under this lease; rules and regulations of the Federal Aviation Administration; rules and regulations established by the Director of Airports; or a direct order of the Director of Airports concerning the movement or parking of aircraft or vehicles anywhere on the Airport or the relative rights, obligations and duties of the Company and other fixed base operators at the Airport.

b. In the event of default of any of the above, except for a failure to abide by a direct order of the Airport Director or acting Airport Director concerning the movement or parking of aircraft or vehicles, the Lessor shall give the Company written notice specifying with particularity the nature of the alleged default or other ground for termination. The Company shall have fifteen (15) days from the receipt of said notice to correct any default; and the failure to so correct the default within fifteen (15) days shall result in absolute termination. Upon a failure of the Company to abide by any direct order of the Director of Airports concerning the movement or parking of aircraft or vehicles anywhere on the Airport, the Lessor shall have the authority to move, or to have moved, at the Company's sole expense (including any liability for such acts), any aircraft or vehicles impeding the safe, orderly, and efficient use and control of the airport premises and to take all other actions the Company has not taken, at the Company's sole expense, which are necessary to effectuate

the order or orders not complied with. Company agrees to pay such expenses within ten (10) days after being billed for same.

14. RATES AND PRICES. All rates and prices shall be established by the Company. However, they shall be fair and reasonable and in no case exorbitant and shall be subject to review by the Lessor. Reasonableness and fairness of prices shall be determined by whether they are comparable to prices charged for similar services or products of similar caliber or quality at other airports similarly situated.

15. ASSIGNMENTS.

a. Except for sale or assignment of this lease to a bank or lending institution for financing purposes, no sublease, transfer or assignment by the Lessee of this lease or any part hereof or interest herein, directly or indirectly, voluntarily or involuntarily, shall be made unless such sub-lease, transfer or assignment is first approved by the Lessor in writing, which approval shall not be unreasonably withheld. Lessee shall not at any time assign this Agreement or any part thereof, nor sublet all or any portion of the leased premises herein without written approval of County; provided, however, that County shall not unreasonably withhold approval. The prohibitions above stated include assignment of this Agreement to any corporation with which Lessee may merge or consolidate or which may succeed all or any portion of the business of Lessee.

b. The Lessor reserves the right prior to any assignment of this lease or any interest herein, or prior to possession by any

Mortgagee or Lessor of improvements of the Company through default by the Company, to approve any proposed Assignee, Mortgagee or Lessor of improvements of the Company, (collectively referred to in this paragraph as Assignee), which approval shall not be unreasonably withheld. The Lessor shall consider, in approving such proposed Assignee, the ability of such proposed Assignee to perform the duties required of the Company as set out in this lease, the financial ability and capacity of such proposed Assignee to meet the obligations required by this lease and the general reputation of the proposed Assignee in the area in which the proposed Assignee has done business in the past. No assignment of any kind or nature shall be valid until the same has the prior approval of the Lessor, and when such approval is granted by the Lessor, then, and only then, will the Company be released from the obligations required by this Lease Agreement.

c. In constructing improvements on the leased premises the Company may be required to mortgage such improvements. In the event a default should occur in any of the terms of any such mortgage or other agreement encumbering such improvements, the Mortgagee or Lessor of such improvements may have the right and option to take possession of the leased property and all improvements located thereon to the exclusion of the Company. Such right and option shall be subject to the conditions of approval as set forth in Paragraphs 16 a. and b, regarding the assignment of this lease, or possession by Mortgagees or Lessors of improvements. If for any reason said Mortgagee or Lessor does not take possession

after the default, the Lessor shall have the right to occupy and use such improvements itself or to enter into any agreement or agreements with other persons or parties as to their uses subject only to the payment of any monies owed and outstanding against such improvements. In the event the Lessor should not elect to so take possession of all improvements located thereon as set forth above, the Lessor or any Mortgagee of such improvements under default as the case might be, shall have the right to remove all of said improvements from the leased property without obligation to the Lessor or damage to the leased property or any other Airport property.

16. EMPLOYEES OF THE COMPANY. The Company shall, if so directed by the Lessor in writing, require its employees who come in direct contact with the public on the Airport to wear a uniform or badge by which they may be known and distinguished as employees of the Company.

17. FEDERAL, STATE AND LOCAL LAW. The Company shall comply with all federal, state and local laws, county and local ordinances, rules and regulations now and hereafter in force which may be applicable to the operation of its business at the Airport, including the Minimum Standards for Fixed Base Operators, as amended from time to time.

18. PAYMENT OF TAXES. The Company shall be liable for any and all taxes, penalties and interest herein assessed, levied or charged by any governmental agency against the Company's tangible personal property situated on the Lessor's premises and ad valorem

taxes, if any, assessed against the Company's leasehold interest under this Agreement. However, Company shall not be deemed in default of this obligation pending the outcome of any legal proceeding by it contesting such tax liability.

19. FIRE LOSS - INSURANCE. The Company shall replace any buildings or facilities destroyed by fire and return them in predamage condition so that the replacement will be equivalent in value to the original facilities. Lessor shall permit a proportionate abatement of rent during a reasonable time for the repair or replacement of such buildings or facilities. The Company agrees to supply at its own cost and expense fire and extended coverage of at least 80% of the value of the property and to maintain hangar keeper's liability coverage with insurance companies approved by the Lessor.

20. WORK STOPPAGE OR STRIKE. In the event operations of the Company are substantially curtailed or interrupted for any reason beyond the control of the Company, including employees strikes against the Company or damage to or destruction to the assigned premises by fire or other casualty including war, civil insurrection or act of God, such condition shall operate to relieve the Company of its obligations to pay charges and fees required under this lease by creating a moratorium on payments to the extent of and in the same proportion as Company's operations are curtailed or interrupted; provided, the Company shall at all times use its best efforts to prevent, minimize, or remedy such curtailment or interruption.

21. WAIVER OF PERFORMANCE. Failure of the Lessor to insist in any one or more instances upon a strict performance by the Company of any of the provisions, terms, covenants, reservations, conditions or stipulations herein shall not be deemed to have been made, in any instance, unless specifically expressed in writing by the Lessor as an amendment to this lease.

22. NOTICES TO THE LESSOR AND THE COMPANY. Notices to the Lessor shall be sufficient as sent by certified mail, postage prepaid, addressed to the Monroe County Board of County Commissioners, c/o County Administrator, 5100 College Road, Wing 2-PSB, Key West, Florida 33040, and notices to the Company shall be sufficient if sent by certified mail, postage prepaid, addressed to the Company at the leasehold address set forth in this lease or to other respective addresses as the parties hereto may designate in writing from time to time.

23. STANDARDS OF SERVICE. It is expressly understood and agreed as a condition of this Agreement that the Company, its tenants and sublessees, shall conduct a first-class commercial aviation service adequate at all times to meet the reasonable demands for such service on the Airport, in accordance with the Minimum Standards for Fixed Base Operators adopted by the Lessor and as amended from time to time. The Company, its tenants and sublessees agree to conduct said business in a proper and courteous manner, to furnish good, prompt and efficient services at all times and to provide at a minimum and at all times during the term of this lease. In the event the Company fails to perform its duties

in accordance with this Section and to the reasonable satisfaction of the Lessor, then the Lessor shall so inform Company in writing describing the particulars of the unsatisfactory performance and giving the Company a thirty (30) day period within which to correct the conditions to the satisfaction of the Lessor. In the event the Company fails to correct the default, the Lessor reserves the right to terminate this Agreement thirty (30) days after the written notice to the Company hereunder.

24. INDEMNIFICATION.

a. The Company agrees to indemnify fully and save and hold harmless Lessor, its officers, agent and employees from and against all loss of damages, claims, liabilities and causes of action of every kind, character and nature as well as costs and fees, including reasonable attorneys fees connected therewith and the expense of any investigation thereof based upon or arising out of damages or injuries to third persons or their property to the extent they are caused by the negligence of the Company, its officers, agents or employees. Lessor shall give the Company prompt and reasonable notice of any such claims or actions and the Company shall have the right to investigate, compromise, and defend the same to the extent of its own interest.

b. The Lessor agrees to indemnify fully and save and hold harmless Company, its officers, agents and employees from and against all loss of damage, claims, liabilities, causes of action of every kind or character and nature as well as costs and fees including reasonable attorneys' fees connected therewith and the

expenses of the investigation thereof based upon or arising out of damages or injuries to third persons or their property to the extent caused by the negligence of the Lessor. Company shall give to the Lessor prompt and reasonable notice of any such claims or actions, and the Lessor shall have the right to investigate, compromise, and defend the same to the extent of its own interest.

c. Company agrees to carry and keep in force comprehensive general liability insurance covering personal injury and property damage and such other insurance as may be necessary to protect Lessor herein from such claims and actions set forth in the above indemnity clause. The limits of said insurance shall be as required by the Lessor's Standards for Fixed Base Operators, as amended from time to time. The Company shall furnish the Lessor with proper certification that such insurance is in force and will furnish additional certificates as evidence of changes of such insurance.

d. Lessor agrees to carry and keep in force public liability insurance covering personal injury and property damage, and such other insurance as may be necessary to protect Lessor herein from such claims and actions aforesaid. Lessee agrees to carry and keep force such insurance within minimum limits of liability for personal injury in a sum not less than \$300,000 for any one person, and \$500,000 for any one accident; and for property damage in a sum not less than \$200,000; and Comprehensive General Liability coverage with combined single limits for bodily injury and property damage in the amount of \$1,000,000; and to furnish

Lessor with proper certificate certifying that such insurance is in force. Lessee shall carry its insurance coverages with insurance companies authorized to do business in the State of Florida.

25. NON-EXCLUSIVE RIGHTS. It is further covenanted and agreed that nothing contained in this Agreement shall be construed to grant or authorize the granting of any exclusive right within the meaning of Section 308 of the Federal Aviation Act of 1958.

26. GRANT AGREEMENTS. The leased premises and the Airport are subject to the terms of those certain sponsors' assurances made to guarantee the public use of the airport as incident to grant agreements between the Lessor and the United States of America as amended and the Quit Claim Deed from the United States of America, predecessor in title to the leased premises. The parties represent that none of the provisions of this Agreement violate any of the provisions of the sponsors' assurance agreement or said Quit Claim Deed.

27. RIGHT TO DEVELOP THE AIRPORT. It is further covenanted and agreed that the Lessor reserves the right to further develop and improve the Airport and all landing areas and taxiways as it may see fit regardless of the desires or the views of the Company and without interference and hindrance provided, however, that such development or improvement does not adversely affect Company's use and occupancy under this Agreement.

28. NON-DISCRIMINATION. The Company for itself, its personal representative, successors in interest and assigns as part of consideration hereof, does hereby covenant and agree, as a covenant

running with the land that:

1. No person on the grounds of sex, age, religion, physical handicaps, race, color and national origin, shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in the use of said facilities.

2. That in the construction of any improvements on, over or under such land and the furnishing of services thereon, no person on the grounds of race, color or national origin shall be excluded from the participation in, denied the benefits of, or otherwise be subjected to discrimination.

3. Company shall use the premises in compliance with other requirements imposed by and pursuant to Title 49, Code of Federal Regulations Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally assisted programs of the Department of Transportation, Effectuation of title 6 of the Civil Rights Act of 1964, and as the regulations may be amended.

29. RIGHT TO AMEND. In the event that the Federal Aviation Administration or its successors require modification or change in this Agreement as a condition precedent to the granting of funds for the improvement of the Airport, the Company agrees to consent to such amendments, modifications or requirements of this Agreement as may be reasonably required to obtain such funds provided, however, that in no event will the Company be required pursuant to this paragraph to agree to an increase in the rent provided for

hereinunder; or to agree to a reduction in size of the leased premises or to a change in the use to which the Company has put the leased premises (provided it is an authorized use hereunder) without an adjustment in rent.

30. REGULATIONS OF THE LESSOR. The occupancy and use of the Company of the leased premises and the rights herein conferred upon the Company shall be subject to the Lessor's Standards for Fixed Base Operators, as amended from time to time, and to valid rules and regulations as are or may hereafter be prescribed by the Lessor through the lawful exercise of its powers provided, however, that no such rule or regulation or standard shall be of such nature as to interfere with or cause any derogation or infringement with or upon the rights and privileges herein in this agreement granted to the Company. The Company shall be given advance notice of any proposed change or addition to such rules or regulations and an opportunity to be heard thereon. All the terms, conditions and covenants of this Agreement shall inure to the benefit of and be binding upon he successors and assigns of the parties hereto.

31. CONSTRUCTION OF AGREEMENT. This Agreement is made in and shall be construed in accordance with the laws of the State of Florida. All duties, obligations and liabilities of Lessor and Company with respect to the leased premises are expressly set forth herein, and this Agreement can only be amended in writing and agreed to by both parties.

32. RECORDING. This Agreement when executed and delivered

will be recorded in the Public Records, Monroe County, Florida, and cost of said recording shall be paid for by the Lessor.

33. WASTE. The Lessee agrees to commit no waste nor permit any waste to be committed to the leased premises, and Lessee shall keep the premises at all times in a clean condition, free from the accumulation of trash and other waste materials, and shall protect said premises from any and all fire hazards and surrender the same at the termination of this lease in as good condition as they now are, ordinary wear and tear and damage by the elements excepted. The Lessor shall have the right at any time to enter upon the leased facilities for the purpose of inspecting same.

34. NON-INTERFERENCE. The Lessor may at any time during the effective period of this lease enter into contracts with any passenger or freight-carrying airlines for the use of the Airport facilities, or with other fixed base operators, and nothing herein contained shall be construed to preclude the Lessor from so doing, and the Lessee agrees to cooperate with the Lessor and with any and all airlines contracted with by the Lessor for the use of said airport facilities in a manner so as to encourage and not to in anyway interfere with the use of the said Airport facilities by any airline operating there or by other fixed base operators.

35. LITIGATION EXPENSES. In the event either party is required to enforce any of the terms of this Agreement against the other party, the defaulting party shall pay all costs and expenses applicable thereto, including reasonable attorneys' fees, whether initial court, appellate court, or any other proceeding.

36. INTERPRETATION. This Lease Agreement shall be interpreted and enforced in accordance with the laws of the State of Florida, and the unconstitutionality or unenforceability of any part hereof shall not affect the enforceability of any other part.

37. OTHER FIXED BASE OPERATORS. The Lessor agrees that it shall comply with the provisions of 49 USC §1718(a)(1), with all FAA rules, and with all other laws, rules or regulations concerning entering into contracts with other fixed base operators on terms more favorable than those herein granted. No lease agreement for a similar fixed base operation on the Airport shall be entered into by the Lessor with any other person, firm, corporation, or partnership on terms which are more advantageous or upon conditions less stringent or at a lower rental for comparable lands and buildings than for those herein devised, in accordance with 49 USC §1718(a)(1).

38. NON-COMPETITION BY LESSOR. The Lessor agrees that it will not itself provide any of the services herein contracted for, nor otherwise enter into competition with the Company's business herein authorized, unless and until this Agreement has been breached by the Company and has been declared in default and terminated by the Lessor.

39. PARCEL C TERMINATION. The Lessor reserves the right to terminate this lease only as to the additional General Aviation Apron parcel as described on Exhibit "C" with thirty (30) days written notice to Lessee if the Lessor determines that the lease of the additional General Aviation Apron parcel is a violation of FAA

directives concerning competition opportunities for additional FBOs. In the event the Lessor exercises the right to terminate this lease as to the space described on Exhibit "C", all other provisions of this lease shall remain in full force and effect except those provisions specifically regarding the space described on Exhibit "C".

40. REDETERMINATION OF RENT FOR GENERAL AVIATION PARCEL DESCRIBED ON EXHIBIT "A". In the event the Company exercises one or both of its options to renew this lease for an additional term as provided in Paragraph 6 hereof the base rent for Parcel A the General Aviation Parcel shall be adjusted to reflect a fair rental on the leased Airport land. Fair rental value is a market based concept established by appraisal then multiplying the appraised value by ten percent (10%) (eg, if the appraised value is \$100,000, the annual fair rental value will be \$10,000). In determining the fair market value the parties agree that an appraisal shall be based upon usage of the land by a fixed base operator as opposed to the highest and best use appraisal method. It shall be the Company's responsibility to obtain and pay for said appraisal.

41. The Company's right to exercise the two (2) options to renew referred to in Paragraph 6 above shall be conditioned upon the Company making capital improvements during the initial term, i.e., ten (10) years, of this lease in an amount not less than \$269,000. These additional improvements shall not be included in the appraised value for Rent Redetermination in Paragraph 42 above.

IN WITNESS WHEREOF, the parties have hereunto set their hands and affixed their seals on this, the day and year first written above.

Exhibit "A"

## LEGAL DESCRIPTION

parcel of land within KEY WEST INTERNATIONAL AIRPORT property located on the island of Key West, Monroe County, Florida, being more particularly described as follows:

COMMENCE at the Point of Beginning of KEY WEST INTERNATIONAL AIRPORT property, located at the northerly curb line of South Roosevelt Boulevard, lying N 74 53'02"W and 674.36 feet of the U.S. Army Corps of Engineers Reference Monument (G.M.E.) also located at said South Roosevelt Boulevard;

THENCE run N 01 35'42"W along the property line of said KEY WEST INTERNATIONAL AIRPORT for 436.14 feet to a point, said point being the POINT OF BEGINNING of the parcel of land herein being described;

Thence run N 68 55'45"W along the southerly property line of said KEY WEST INTERNATIONAL AIRPORT, for 284.75 feet to a point on said southerly property line;

Thence run N 12 52'33"E, for 79.29 feet to a point;

Thence run S 82 59'17"E, for 50.00 feet to a point;

Thence run N 00 21'13"W, for 346.01 feet to a point;

Thence run N 89 38'46"E, along a line 125.00 feet South and parallel with the center line of TAXIWAY "A", for 550.67 feet to a point;

Thence run S 00 21'14"E, along a line 225.00 feet West and parallel with the center line of TAXIWAY "E", for 403.82 feet to a point;

Thence run S 89 51'30"W, for 101.93 feet to a point;

Thence run S 101 09'26"E, for 69.00 feet to a point;

Thence run S 88 50'36"W, for 166.99 feet to a point;

Thence run N 01 09'25"W, for 50.00 feet to a point;

Thence run S 88 50'36"W, for 50.00 feet to a point;

Thence run S 01 09'26"E, for 109.55 feet to a point;

Thence run N 68 55'45"W, for 58.93 feet to the POINT OF BEGINNING of the herein described parcel of land;

Containing 5.97 acres more or less.

**GENERAL LIABILITY  
INSURANCE REQUIREMENTS  
FOR  
CONTRACT**

---

**BETWEEN  
MONROE COUNTY, FLORIDA  
AND**

---

Prior to the commencement of work governed by this contract, the Contractor shall obtain General Liability Insurance. Coverage shall be maintained throughout the life of the contract and include, as a minimum:

- Premises Operations
- Products and Completed Operations
- Blanket Contractual Liability
- Personal Injury Liability
- Expanded Definition of Property Damage

The minimum limits acceptable shall be:

\$1,000,000 Combined Single Limit (CSL)

If split limits are provided, the minimum limits acceptable shall be:

- \$ 500,000 per Person
- \$ 1,000,000 per Occurrence
- \$ 100,000 Property Damage

An Occurrence Form policy is preferred. If coverage is provided on a Claims Made policy, its provisions should include coverage for claims filed on or after the effective date of this contract. In addition, the period for which claims may be reported should extend for a minimum of twelve (12) months following the acceptance of work by the County.

The Monroe County Board of County Commissioners shall be named as Additional Insured on all policies issued to satisfy the above requirements.

**AIRPORT LIABILITY  
AND  
HANGARKEEPERS LEGAL LIABILITY  
INSURANCE REQUIREMENT  
FOR  
CONTRACT \_\_\_\_\_**

**BETWEEN  
MONROE COUNTY, FLORIDA  
AND**

---

Recognizing that the work governed by this contract involves the repair, servicing, maintenance, fueling, or storage of aircraft, the Contractor will be required to purchase and maintain, throughout the life of the contract, Airport Liability and Hangarkeepers Legal Liability Insurance naming the Monroe County Board of County Commissioners as Additional Insured.

The minimum limits of liability shall be \$500,000.

April 22, 1993  
1st Printing**WORKERS' COMPENSATION  
INSURANCE REQUIREMENTS  
FOR  
CONTRACT****BETWEEN  
MONROE COUNTY, FLORIDA  
AND**

Prior to the commencement of work governed by this contract, the Contractor shall obtain Workers' Compensation Insurance with limits sufficient to respond to the applicable state statutes.

In addition, the Contractor shall obtain Employers' Liability Insurance with limits of not less than:

- \$1,000,000 Bodily Injury by Accident
- \$1,000,000 Bodily Injury by Disease, policy limits
- \$1,000,000 Bodily Injury by Disease, each employee

Coverage shall be maintained throughout the entire term of the contract.

Coverage shall be provided by a company or companies authorized to transact business in the state of Florida and the company or companies must maintain a minimum rating of A-VI, as assigned by the A.M. Best Company.

If the Contractor has been approved by the Florida's Department of Labor, as an authorized self-insurer, the County shall recognize and honor the Contractor's status. The Contractor may be required to submit a Letter of Authorization issued by the Department of Labor and a Certificate of Insurance, providing details on the Contractor's Excess Insurance Program.

If the Contractor participates in a self-insurance fund, a Certificate of Insurance will be required. In addition, the Contractor may be required to submit updated financial statements from the fund upon request from the County.

1st Printing**VEHICLE LIABILITY  
INSURANCE REQUIREMENTS  
FOR  
CONTRACT \_\_\_\_\_****BETWEEN  
MONROE COUNTY, FLORIDA  
AND  
\_\_\_\_\_**

Recognizing that the work governed by this contract requires the use of vehicles, the Contractor, prior to the commencement of work, shall obtain Vehicle Liability Insurance. Coverage shall be maintained throughout the life of the contract and include, as a minimum, liability coverage for:

- Owned, Non-Owned, and Hired Vehicles :

The minimum limits acceptable shall be:

**\$1,000,000 Combined Single Limit (CSL)**

If split limits are provided, the minimum limits acceptable shall be:

**\$ 500,000 per Person  
\$1,000,000 per Occurrence  
\$ 100,000 Property Damage**

The Monroe County Board of County Commissioners shall be named as Additional Insured on all policies issued to satisfy the above requirements.

**LEASE AMENDMENT**  
Island City Flying Service, Inc.

**THIS LEASE AMENDMENT** is entered into on the 21<sup>st</sup> day of AUGUST, 2002, by and between BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, hereafter Lessor, and ISLAND CITY FLYING SERVICE, INC. a corporation, hereafter Lessee.

**WHEREAS**, in a Lease Amendment dated April 18, 2001, a copy of which is attached hereto and incorporated herein by reference, the Lessor agreed to provide to Lessee 92,447 square feet of additional land to Lessee known as the "West Ramp" as shown on EXHIBIT D in exchange for Lessee's agreement to devote the Air Cargo area exclusively to Air Cargo and large general aviation aircraft operations; and

**WHEREAS**, the area of the West Ramp included the access road, which is used by Airport staff and others to reach sites beyond the ramp; and

**WHEREAS**, the parties desire to delete from the lease the road area included in the West Ramp, leaving an area of 56,770 square feet as the West Ramp; now, therefore,

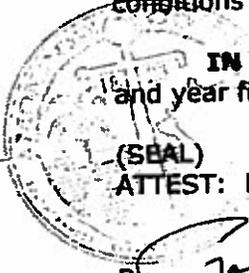

**IN CONSIDERATION** of the mutual promises and it is agreed as follows:

1. Paragraph 3 of the April 18, 2001 lease amendment and modification agreement is amended to read:

3. At such time as Lessor has paved and made ready for occupancy the West Ramp shown on EXHIBIT D, the West Ramp shall be included within the Lease premises, and Lessee shall pay for the 56,770 square feet comprising the West Ramp TWENTY-SEVEN CENTS (\$0.27) per foot on an annual basis, payable monthly.

2. Except as provided in this amendment, in all other respects, the terms and conditions of the original lease remain in full force and effect.

**IN WITNESS WHEREOF**, the parties hereto have set their hands and seals the day and year first above written.

**LEASE AMENDMENT AND MODIFICATION AGREEMENT**

**THIS LEASE AMENDMENT** is entered into on the 18<sup>th</sup> day of APRIL, 2001, by and between BOARD OF COUNTY COMMISSIONERS OF **MONROE COUNTY**, a political subdivision of the State of Florida, hereafter Lessor, and **ISLAND CITY FLYING SERVICE, INC.** a corporation, hereafter Lessee.

**WHEREAS**, Lessor and Lessee are parties to a Lease Agreement together with all amendments and modifications thereto (the "Lease"), a copy of which is attached hereto; and

**WHEREAS**, under the Lease, Lessee presently occupies the site shown on EXHIBIT A and the East Ramp as shown on EXHIBIT B ("East Ramp"); and

**WHEREAS**, Lessor desires that Lessee utilize a portion of the East Ramp (the "Air Cargo area") for air cargo operations, and the Lessee is willing to manage and sublease to air cargo operators the Air Cargo area; and

**WHEREAS**, the Lessor is willing to provide 92,447 square feet of additional land to Lessee known as the West Ramp as shown on EXHIBIT D ("West Ramp") in exchange for Lessee's agreement to devote the Air Cargo area exclusively to Air Cargo and large general aviation aircraft operations; and

**WHEREAS**, the area of the West Ramp exceeds the area of the East Ramp, but because of their respective locations the rental value of the East Ramp exceeds the rental value of the West Ramp; and

**WHEREAS**, as a result of the amendment and modifications hereby authorized, the rent to be received by the Lessor will increase approximately Fifty Thousand Dollars (\$50,000.00) (i.e., from less than Twenty-five Thousand Dollars (\$25,000.00) to SEVENTY-FIVE THOUSAND DOLLARS (\$75,000.00)); and

**WHEREAS**, these modifications and amendments will provide Lessor a fair benefit, and the airport facility will be improved; and

**WHEREAS**, Lessor has an opportunity to obtain federal and state funds for airport improvement for a hangar area and ramp, a portion of which land is now occupied by Lessee under the Lease; and

**WHEREAS**, Lessee is willing to surrender a portion of its existing leased site (shown as Hangars 19 and 20) as shown on EXHIBIT C in order to help facilitate the development of said facility; and

**WHEREAS**, the parties contemplate such a reduction of the leased premises to allow for the relocation of hangars and construction of new hangars pursuant to a future RFP (the "Hangar Development Proposal"); and

**WHEREAS**, there has been some confusion as to which entities and/or airplanes are subject to the County's Fuel Flowage Fee, and the parties desire to clarify same; now, therefore,

**IN CONSIDERATION** of the mutual promises and covenants herein contained and other valuable consideration, the receipt of which is hereby acknowledged, it is agreed as follows:

1. That the recitals contained herein are true and correct and incorporated herein by reference.

2. The leasehold premises described on EXHIBIT A is hereby deleted and in lieu thereof the property shown on EXHIBIT A-1 is substituted. At such time as Monroe County paves the shaded area shown on EXHIBIT A-1, then Lessee shall begin paying rent at FORTY-ONE CENTS (\$0.41) per square foot on an annual basis, payable monthly to the County, for the shaded area. The shaded area is approximately 20,000 square feet.

3. At such time as Lessor has paved and made ready for occupancy the West Ramp shown on EXHIBIT D, the West Ramp shall be included within the Lease premises, and Lessee shall pay for the 83,407 square feet comprising the West Ramp TWENTY-SEVEN CENTS (\$0.27) per foot on an annual basis, payable monthly.

4. At such time as all of the necessary plans, permits and other conditions precedent to the implementing of the Hangar Development Proposal have been approved, and the consent of no fewer than 100% of all existing hangar tenants within the Hangar Development Proposal boundaries has been obtained, then the property, shown as Hangars 19 and 20 on EXHIBIT A-1, shall be deleted from the Lease and the approximate 44' x 246' strip shown on EXHIBIT D-1 shall be added and the leased premises shall be amended to include the property shown on EXHIBIT C and D-1. Lessee shall then increase its existing rent to FORTY-ONE CENTS (\$0.41) per square foot for the property shown on EXHIBIT C and TWENTY-SEVEN CENTS (\$0.27) per square foot for the property shown on EXHIBIT D-1 on an annual basis, payable monthly, and the expiration of the Lease shall be extended to the same expiration date as the expiration date under the Lease entered into pursuant to the Hangar Development Proposal.

5. In addition to the other rent due Lessor, Lessee shall pay to Lessor monthly as additional rent Ten Percent (10%) of the gross rents on ramp fees received by Lessee from all sublessees and tenants engaged in air cargo and like operations on the East Ramp. Lessee shall provide Lessor monthly with backup documentation sufficient for Lessor to verify Lessee's gross receipts from such air cargo and like operations.

6. The exemption for the fuel flowage fee shall only be applicable to aircraft operated by airlines providing regularly scheduled service to Key West International Airport, and to aircraft owned or operated by Island City Flying

Service. By way of illustration and not exclusion, the airplanes operated by Seaplanes of Key West, an affiliate of Island City, shall be exempt.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.

## Destination Event Agreement

THIS Agreement is made and entered into by and between Monroe County, Florida, a political subdivision of the State of Florida (County), and **Greater Marathon Chamber of Commerce, Inc.** (Event Contractor) on this \_\_\_\_ day of \_\_\_\_\_, 2015.

WITNESSETH:

In consideration of the mutual covenants contained herein, the parties agree as follows:

1. The County agrees to pay up to \$40,000 (Forty Thousand Dollars – Monroe County Tourist Development Council TDC District III Funding Allocation) for **The Original Marathon Seafood Festival in March 2016**; from tourist development tax funds (see Exhibit C). Of this amount, no more than 10% or \$4,000 of the total allocated funds shall be expended on advertising media costs attributable to in-county placement. **The general non-allocated section of an event budget shall not exceed 15% of the total budget and may be utilized for unforeseen permissible expenditures and for those budget lines that may require additional funds. No amendments shall be made to Exhibit C after approval of contract. A list of Acceptable Event Marketing Expenses is attached to the agreement as Exhibit A.**

2. Scope of Services: The Event Contractor agrees to provide the County with an event as specified below:

a) A two (2) day seafood festival to include food; art and crafts vendors; boat show exhibits; live music entertainment; activities and rides for children.

3. Event Budget: Exhibit C attached hereto shall be reviewed and approved by the TDC Agencies of record.

4. Invoicing: Event Contractor agrees to submit all invoices and support documentation as required by the County's Finance Department rules and policies no later than **May 30, 2016** unless the date of the event is amended upon approval of the Advisory Committee and TDC Director. Event Contractor shall not be reimbursed nor will Event Contractor's vendors be paid directly for any invoices received by the County after **May 30, 2016** unless the date of the event is amended upon approval of the Advisory Committee and TDC Director, and the County shall not be obligated to pay for any services provided by Event Contractor under this agreement if documentation as noted above is not received on or before this reimbursement deadline date. To be eligible for reimbursement, the request for reimbursement and supporting documents (checks, invoices, credit card statements, bank statements, etc.) must show that the items were paid for directly by the same entity named on the contract with the County. For clarification on reimbursements, please refer to the reimbursement packet provided to you upon execution of your funding agreement.

5. Expiration of Agreement: This agreement expires on **May 30, 2016** unless the date of the event is amended upon approval of the Advisory Committee and TDC Director and the County shall not be obligated to pay for any services provided by Event Contractor under this agreement if documentation as noted above is not received on or before this reimbursement deadline date.

Event Name: The Original Marathon Seafood Festival  
Destination Event: FY 2016  
Contract ID#: 1646

6. **Duties of Event Contractor:** Event Contractor shall provide promotion and related services as described in paragraph 2 – Scope of Services, and outlined in Exhibit C (Event Budget). All advertising and public relations services or supervision of advertising and public relations will be provided through the contracted agencies of the TDC and County.

7. **Accounting and Records:** Event Contractor shall maintain records pursuant to generally accepted accounting principles for four (4) years after the event and shall permit County and its agents and employees access to said records at reasonable times.

8. **Modification:** The event name, time & date of the event and Schedule of Activities may be amended upon written approval of the Advisory Committee and TDC Director. Any changes to said contract other than stated above require approval by the Advisory Committee, TDC and the County.

9. **Reimbursement to County:** Event Contractor shall reimburse County for any amount of funds expended by County in connection with an event which does not occur as a result of any act or omission by Event Contractor.

10. **Breach and Penalties:** The parties agree to full performance of the covenants contained in this agreement, and the County reserves the right at its discretion, provided such breach is material, to terminate this agreement for any misfeasance, malfeasance or nonperformance of the agreement terms or negligent performance of the agreement terms by the Event Contractor.

11. **Non Occurrence of Event:** The Event Contractor shall give written notice to the TDC if it is found necessary to cancel an event. The notice shall contain the reason for the cancellation. If the event does not take place for any reason under control of Event Contractor except for those reasons in paragraph 21, then Event Contractor agrees to refund to the County any amounts already paid to them under this agreement, and relieve the County from any further payments.

12. **Claims and Venue:** Event Contractor agrees to notify County immediately of any claims, suits or action made against the Event Contractor that is related to the activity under this agreement, and will cooperate with County in the investigation arising as a result of any action, suit or claim related to this agreement. Any legal proceedings arising out of this agreement shall be in accordance with the laws of the State of Florida in the 16<sup>th</sup> Judicial Circuit for Monroe County; venue shall be in Monroe County, Florida.

13. **Indemnification and Hold Harmless:** The Event Contractor covenants and agrees to indemnify and hold harmless and defend Monroe County, its officers, employees and agents including the TDC and Visit Florida Keys from any and all claims for bodily injury (including death), personal injury, and property damage (including property owned by Monroe County) and any other losses, damages, and expenses (including attorney's fees) which arise out of, in connection with, or by reason of the services provided by Event Contractor, or other activities and funding associated with this agreement, except those losses or damages caused by County or its agents.

14. **Permits:** The Event Contractor will secure all required permits, licenses and shall pay all appropriate business taxes.

15. **Taxes:** The County and TDC are exempt from Federal Excise and State of Florida Sales Tax, but this in no way exempts the Event Contractor from applicable Federal and State taxes.

Event Name: The Original Marathon Seafood Festival  
Destination Event: FY 2016  
Contract ID#: 1646

16. Finance Charges: The County and TDC shall not be responsible for any finance charges.

17. Relation of County/TDC: It is the intent of the parties hereto that the Event Contractor shall be legally considered as an independent Event Contractor and that neither it nor its employees shall, under any circumstances, be considered employees, servants or agents of the County and TDC and the County and TDC shall at no time be legally responsible for any negligence on the part of said Event Contractor, its employees or agents, resulting in either bodily or personal injury or property damage to any individual, firm or corporation.

18. Disclosure: The Event Contractor shall be required to list any or all potential conflicts of interest, as defined by Florida Statutes Chapter 112 and Monroe County Code. The Event Contractor shall disclose to the County and TDC all actual or proposed conflicts of interest, financial or otherwise, direct or indirect, involving any client's interest which may conflict with the interest of the County and TDC.

19. Assignment: The Event Contractor shall not assign, transfer, convey, sublet or otherwise dispose of this agreement, or of any or all of its rights, title or interest therein, or his or its power to execute such agreement to any person, company or corporation without prior consent of the County.

20. Compliance with Laws - Nondiscrimination: The Event Contractor shall comply with all Local, State and Federal laws, regulations and ordinances applicable to the work or payment for work thereof, and shall not discriminate on the grounds of race, color, religion, sex, age or national origin in the performance of work under this agreement. This agreement shall be subject to all Local, State and Federal laws and regulations and ordinances.

21. Force Majeure: The Event Contractor shall not be liable for delay in performance or failure to perform in whole or in part, the services due to the occurrence of any contingency beyond its control or the control of any of its subcontractors or suppliers, including labor dispute, strike, labor shortage, war or act of war whether an actual declaration thereof if made or not, insurrection, sabotage, riot or civil commotion, act of public enemy, epidemic, quarantine restriction, accident, fire, explosion, storm, flood, drought or other act of God, act of any governmental authority, jurisdictional action, or insufficient supply of fuel, electricity, or materials or supplies, or technical failure where the Event Contractor has exercised reasonable care in the prevention or mitigation of damages and delay, any such delay or failure shall not constitute a breach of the agreement. Upon demand of TDC or County, the Event Contractor must furnish evidence of the causes of such delay or failure. County shall not pay for any services or activities, promotional or otherwise, connected with an event produced after the date(s) described in paragraph 1 and Scope of Services.

22. Governing Law/Venue: This agreement shall be governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and to be performed entirely in the State. In the event that any cause of action or administrative proceeding is instituted for the enforcement or interpretation of the agreement, the County and Event Contractor agree that venue shall lie in the appropriate court or before the appropriate administrative body in Monroe County, Florida. This agreement shall not be subject to arbitration.

23. Security Protection: The Event Contractor agrees to provide adequate security for the event. No TDC funds will be used for this purpose.

Event Name: The Original Marathon Seafood Festival  
Destination Event: FY 2016  
Contract ID#: 1646

24. **Media Rights:** The TDC shall have the right under this agreement to broadcast or rebroadcast, for any purpose whatsoever, radio, television, sound, video or film production, and still photographs, paid by the TDC and County, and produced by the TDC agencies of record.

25. **Logo:** **Logo Usage guidelines are attached to this contract as Exhibit B.** All promotional literature and display advertising must display the "The Florida Keys - Marathon" logo/trademark (as per attached logo sample). This logo/trademark was adopted by the TDC and County in April, 2010.

26. **Severability:** If any provision of this agreement shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall not be affected thereby; and each provision of this agreement shall be valid and enforceable to the fullest extent permitted by law.

27. **Authority:** Each of the signatories for the Event Contractor below certifies and warrants that: a) the Event Contractor's name in the agreement is the full name as designated in its corporate charter, and b) they are empowered to act and execute the agreement for the Event Contractor and c) this agreement has been approved by the Event Contractor's governing board.

28. **Ethics Clause:** The Event Contractor warrants that it has not employed, retained or otherwise had act on its behalf, any former County office or employee in violation of Section 2 of Ordinance No. 10-1990 or any County officer or employee in violation of Section 3 of Ordinance No. 10-1990. For breach or violation of the provision the County may, at its discretion terminate this agreement without liability and may also, at its discretion, deduct from the agreement or purchase price, or otherwise recover, the full amount of any fee, commission, percentage, gift or consideration paid to the former or present County officer or employee.

29. **Public Entities Crimes:** A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for category two for a period of 36 months from the date of being placed on the convicted vendor list.

30. **Laws and Regulations:** Any and all services, materials and equipment shall comply fully with all Local, State and Federal laws and regulations.

31. **Termination of Agreement:** County may terminate this agreement without cause by providing written notice to Event Contractor, through its officer, agent or representative, no less than sixty (60) days prior to the event and may terminate for breach upon providing to Event Contractor, through its officer, agent or representative, notice at least seven (7) days prior to the effective date of the termination. Notice is deemed received by Event Contractor when hand delivered, delivered by national courier with proof of delivery, or by U.S. mail upon verified receipt or upon the date of refusal or non-acceptance of delivery.

**Acceptable Event Marketing Expenses for Destination Events**

Only the TDC expenses listed below may be included in the proposed budget. A general non-allocated line item is not to exceed 15% of the total budget and can only be utilized for acceptable TDC marketing items listed in this section. There cannot be more than a 10% deviation from the approved line item budget. The following are the only acceptable expenses:

**Media Placement & Production Costs:** Newspapers and magazines (inserts will also be considered) radio, and TV. The TDC will pay for the following digital advertising on websites, website links, pre roll video, banners, mobile and email blasts. Digital advertising links may go to the event website. The TDC Logo must be placed on all print, TV, websites, pre roll video, banners and email blasts. Radio advertising does not require the logo but all radio announcements must say "Brought to you by the Monroe County Tourist Development Council". No more than 10% of the total allocated funds shall be expended on advertising media costs attributable to in-county placement.

**Promotional Signs:** Posters and banners (hanging and displayed outdoors).

**Promotional Items:** T-shirts and hats\*.

**\*Sales/Resale of TDC funded items:** Items funded, including creative and resulting work product, by the BOCC/TDC, in accordance with Florida Public Records Law, are owned by the BOCC/TDC and as such may not be sold.

**Direct Mail Promotions:** Brochures, postcards and pamphlets including postage/shipping. This is a direct mail promotional brochure/postcard/pamphlet utilized for pre-event advertising.

**Programs:** TDC will pay up to fifty percent (50%) of the cost of production and printing of an event program showing scheduled activities and information on the event, as outlined in contract budget.

**Public Relations (PR):** Print and electronic public relations materials for distribution to media, such as, but not limited to, press releases, public service announcements, photography and videography as approved by the public relations agency of record. Only permissible PR material produced by the TDC agency of record and/or a professional public relations agency shall be acceptable.

**In-House Production:** In-house production of any permissible expenditure will not be considered for reimbursement.

**Event Marketing Reimbursement:** TDC will only consider reimbursement of permissible marketing expenditures that highlight the special event versus the regular programming of a business, organization or the facility.

**Amendments to Contract Budgets:** No amendments to the line item budgets will be permitted after the contract has been reviewed and approved.

Event Name: The Original Marathon Seafood Festival  
Destination Event: FY 2016  
Contract ID#: 1646

**Logo/Acknowledgement Usage Guidelines For District III Destination Events**

Color ads four (4) color processing printing

Black & white ads shall include the Florida Keys and Key West logo in high resolution

Use on all printed material as listed under the Acceptable Event Marketing Expenses list

TV: logo must appear at the conclusion of commercial

Hats and t-shirts: must carry the "The Florida Keys - Marathon" Out-of-County logo

**Radio Advertising:** No logo is required. All radio announcements must say "Brought to you by the Monroe County Tourist Development Council"

**In-County Logo**

The logo below indicating the "Monroe County Tourist Development Council" designation is to be utilized on in-county print newspaper and magazine ads, brochures, postcards, pamphlets, programs, posters, banners (hanging and displayed outdoors), and digital advertising on websites, website links, pre roll video, banners, mobile and email blasts. Radio commercials should include "Brought to you by The Monroe County Tourist Development Council". To seek approval, clarification and/or logo in electronic format (eps or jpg file), contact Ashley Miller or John Underwood with Tinsley Advertising at 305-856-6060.

**Out-of-County Logo**

The logo below that does NOT include the "Monroe County Tourist Development Council" designation is to be utilized in out-of-county newspapers and magazines, brochures, postcards, pamphlets, programs, posters and digital advertising on websites, website links, pre roll video, banners, mobile and email blasts. Radio commercials should include "Brought to you by The Monroe County Tourist Development Council". To seek approval, clarification and/or logo in electronic format (eps or jpg file), contact Ashley Miller or John Underwood at Tinsley Advertising at 305-856-6060.

Event Name: The Original Marathon Seafood Festival  
Destination Event: FY 2016  
Contract ID#: 1646

**DESTINATION EVENT BUDGET - FISCAL YEAR 2016**

**Applicant is advised prior to completing this budget to refer to Exhibit A of the Sample Contract showing the Allowable Marketing Expenses. This can be found online at: <http://www.monroecounty-fl.gov/DocumentCenter/Home/View/7673>**

**THERE WILL BE NO AMENDMENTS TO THIS BUDGET {EXHIBIT C} AFTER BOCC APPROVAL OF AGREEMENT**

The Original Marathon Seafood Festival  
**EVENT NAME**

|                                    |                 |
|------------------------------------|-----------------|
| MEDIA PLACEMENT & PRODUCTION COST: | \$31,000        |
| PROMOTIONAL SIGNS:                 |                 |
| PROMOTIONAL ITEMS:                 | \$3,000         |
| DIRECT MAIL PROMOTIONS:            |                 |
| PROGRAMS                           |                 |
| PUBLIC RELATIONS:                  |                 |
| *GENERAL NON-ALLOCATED:            | \$6,000         |
| <b><u>TOTAL</u></b>                | <b>\$40,000</b> |

\*The General Non-Allocated line item should not exceed 15% of the total funding allocation, and may only be utilized for acceptable event marketing expenses (see Exhibit A of application).

Actual expenditures may deviate no more than 10% from the budgeted line items noted above.

TDC will only consider reimbursement of permissible marketing expenditures that highlight the special event versus the regular programming of a business, organization or the facility.

The County shall pay no more than 10% of the total allocated funds on advertising media costs attributable to in-county placement.

MONROE COUNTY COMPREHENSIVE PLAN LAND AUTHORITY  
GOVERNING BOARD

December 9, 2015 Meeting Minutes

The Governing Board of the Monroe County Comprehensive Plan Land Authority held a regular meeting on Wednesday, December 9, 2015 at the Murray E. Nelson Government Center located at 102050 Overseas Highway, Key Largo, Florida. Chairman David Rice called the meeting to order at 9:19 AM. Present and answering roll call, in addition to Chairman Rice, were Mayor Heather Carruthers, Commissioner Danny Kolhage, Commissioner Sylvia Murphy, and Commissioner George Neugent. Also in attendance were Executive Director Mark Rosch, Office Manager Dina Gambuzza, Counsel Ginny Stones, and members of the public.

The first item on the agenda was the selection of the Chairman and Vice Chairman of the Governing Board. Commissioner Murphy nominated Commissioner Kolhage to serve as Chairman. Commissioner Kolhage declined the nomination and nominated Commissioner Rice to continue serving as Chairman. Mayor Carruthers nominated Commissioner Kolhage to serve as Vice Chairman. There were no other nominations.

The next item was approval of a resolution electing the Chairman and Vice Chairman of the Governing Board. This resolution documents the Board's selections of David Rice as Chairman and Danny Kolhage as Vice Chairman. A motion was made by Commissioner Neugent and seconded by Mayor Carruthers to approve the resolution. There being no objections, the motion carried (5/0). [Resolution 08-2015]

The next item was approval of a resolution regarding the execution of all warrants, legal documents and papers, and other instruments on behalf of the Land Authority. A motion was made by Commissioner Neugent and seconded by Mayor Carruthers to approve the resolution. There being no objections, the motion carried (5/0). [Resolution 09-2015]

The next item was approval of the minutes for the meetings held on September 3, 2015, September 11, 2015, and November 17, 2015. A motion was made by Commissioner Neugent and seconded by Mayor Carruthers to approve the minutes as submitted. There being no objections, the motion carried (5/0).

The next item was approval of a contract to purchase Block 3, part of Lot 1 and all of Lot 2, Punta Brisa, Big Pine Key for conservation. A motion was made by Commissioner Murphy and seconded by Commissioner Neugent to approve the item. There being no objections, the motion carried (5/0).

The next item was approval of a resolution concerning waiving the surcharge on admission to the State parks in unincorporated Monroe County on Veterans Day. A motion was made by Commissioner Murphy and seconded by Commissioner Kolhage to approve the resolution. Mr. Rosch addressed the Board. Following Board discussion, there were no objections and the motion carried (5/0). [Resolution 10-2015]

Mr. Rosch reported that 34 applications were received for the position of Executive Director and the Review Committee established by the Board to rank the applicants is scheduled to meet on December 16, 2015. Following Board discussion, a motion was made by Commissioner

Murphy and seconded by Commissioner Kolhage to request the Review Committee to rank the 34 applicants and provide a list of the 11 who rank the highest. After further discussion, an amendment to the motion was proposed by Commissioner Kolhage and accepted by Commissioner Murphy to request the Review Committee to select the top 11 candidates from the 34 applications received and to rank those 11 candidates in numeric order. There being no objections, the motion carried (5/0). The Board also discussed having the Review Committee identify strengths and weaknesses of the candidates.

The Board discussed the fact that one of the applicants is an in-house candidate in the Planning and Environmental Resources Department. A motion was made by Commissioner Neugent and seconded by Commissioner Murphy to remove Assistant County Administrator Christine Hurley from the Review Committee and replace her with Employee Services Director Teresa Aguiar. Roll call was as follows: Mayor Carruthers, no; Commissioner Kolhage, yes; Commissioner Murphy, yes; Commissioner Neugent, yes; and Chairman Rice, yes. The motion carried (4/1).

The Board discussed different scenarios for scheduling interviews and special meetings but took no action.

There being no further business, the meeting was adjourned at 9:45 AM.

**LAND AUTHORITY GOVERNING BOARD  
AGENDA ITEM SUMMARY**

**Meeting Date:** January 20, 2016

**Department:** Land Authority

**Bulk Item:** Yes  No

**Staff Contact / Phone #:** Mark Rosch / 295-5180

---

**Agenda Item Wording:** Approval of contracts to purchase property for conservation - Block 4, Lot 37, Eden Pines Colony, Big Pine Key.

---

**Item Background:** This acquisition is proposed to protect property rights and the natural environment and to provide mitigation land in support of the Big Pine Key Habitat Conservation Plan.

The subject property consists of a 5,000 square foot canal lot on Cedar Drive on the bay side of Big Pine Key near mile marker 30. The property has a tier designation of Tier 2 – Transition and Sprawl Area, a zoning designation of Improved Subdivision with an overlay of Area of Critical County Concern, and vegetation consisting of a mix of tropical hardwood hammock and exotic species. The Southeast Florida Regional Climate Change Compact 50-year sea level rise projection is 14 to 26 inches by the year 2060. In the event of a 36-inch increase in sea level, estimates provided by the South Florida Water Management District indicate this property will have a less than 25.1% probability of being inundated. The stewardship requirements for this property may include periodic trimming of vegetation to maintain navigation along the canal.

The property owner has agreed to sell the property for the price of \$25,000. The estimated closing costs for this transaction are listed in the agenda documentation.

---

**Advisory Committee Action:** On December 16, 2015 the Committee voted 4/0 to approve purchasing this property for the price of \$25,000.

---

**Previous Governing Board Action:** The Board has approved the purchase of many conservation properties in this subdivision.

---

**Contract/Agreement Changes:** N/A

AGREEMENT FOR THE PURCHASE OF LANDS

THIS AGREEMENT is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2015, is by and between

**Lester G. Schott, Jr.**

hereinafter style the Seller(s), for themselves, their heirs, executors, administrators, successors and assigns, and the MONROE COUNTY COMPREHENSIVE PLAN LAND AUTHORITY (hereinafter, "Land Authority") acting by and through the Executive Director of the LAND AUTHORITY.

WITNESSETH:

1. In consideration of Ten Dollars (\$10.00) in hand, paid by the LAND AUTHORITY, the receipt of which is hereby acknowledged, the Seller(s) agree to sell to the LAND AUTHORITY certain lands upon the terms and conditions hereinafter set forth, and for the price of **\$25,000.00** for all of the lands and other interests, which lands shall include all tenements, hereditaments, together with all water and other rights, easements, appurtenances, and any and all of the Seller's rights in or arising by reason of ownership thereunto belonging, owned by them, situate and lying in the County of Monroe, State of Florida, more particularly described as follows; to-wit:

**Block 4, Lot 37, Eden Pines Colony (PB 4-158)  
RE# 00265860-000000**

2. The Seller(s) agree that they have full right, power and authority to convey, and that they will convey to the LAND AUTHORITY the fee simple title together with legal and practical access thereto clear, free and unencumbered, except subject to the following easements or reservations:

Existing easements for canals, ditches, flumes, pipelines, railroads, public highways and roads, telephone, telegraph, power transmission lines and public utilities.

The LAND AUTHORITY, at the LAND AUTHORITY'S expense, within the time allowed to deliver evidence of title and to examine same, may have the real property surveyed and certified by a registered Florida surveyor. If the survey discloses encroachments on the real property or that improvements located thereon encroach on setback lines, easements, lands of others, or violate any restrictions, contract covenants, or applicable governmental regulations, the same shall constitute a title defect.

Seller(s) shall convey a marketable title subject only to the aforementioned liens, encumbrances, exceptions or qualification set forth herein. Marketable title shall be determined according to applicable title standards adopted by authority of the Florida Bar and in accordance with law. The LAND AUTHORITY shall have sixty (60) days from the effective date of this Agreement in which to examine title. If title is found defective, the LAND AUTHORITY shall, within this specified time period, notify Seller(s) in writing specifying defect(s). If the defect(s) render title unmarketable the Seller(s) will have one hundred twenty (120) days from receipt of notice within which to remove the defect(s), failing which the LAND AUTHORITY shall have the option of either accepting the title as it then is or rescinding the Agreement herein; thereupon the LAND AUTHORITY and the Seller(s) shall release one another of all further obligations under this Agreement. The Seller(s) will, if title is found unmarketable, use diligent effort to correct defect(s) in title within the time provided therefore, including the bringing of necessary suits.

3. The Seller(s) further agree not to do, or suffer others to do, any act by which the value or title to said lands may be diminished or encumbered. It is further agreed that any loss or damage occurring prior to the vesting of satisfactory title in the LAND AUTHORITY by reasons of the unauthorized cutting or removal of products therefrom, or because of fire, shall be borne by the Seller(s); and that, in the event any such loss or damage occurs, the LAND AUTHORITY may refuse, without liability, to accept conveyance of said lands, or it may elect to accept conveyance upon an equitable adjustment of the purchase price.
4. The Seller(s) further agree that during the period covered by this instrument officers and accredited agents of the LAND AUTHORITY shall have at all proper times the unrestricted right and privilege to enter upon said lands for all proper and lawful purposes, including examination of said lands and the resources upon them. The Seller(s) hereby waive their rights to any and all claims against the LAND AUTHORITY or Monroe County associated with, or arising from ownership of, said lands and this waiver shall survive closing.
5. The Seller(s) will execute and deliver upon demand of the proper officials and agents of the LAND AUTHORITY a good and sufficient deed of warranty conveying to the LAND AUTHORITY a safe title to the said lands of such character as to be satisfactory to the legal counsel of the LAND AUTHORITY and said deed shall provide that the use, occupation and operation of the rights-of-way, easements and reservations retained therein, shall be subordinate to and subject to such rules and regulations as may be prescribed by the LAND AUTHORITY governing the use, occupation, protection and administration of lands.
6. In consideration whereof the LAND AUTHORITY agrees that it will purchase all of said lands and other interests at the price of **\$25,000.00**. The LAND AUTHORITY further agrees that, after the preparation, execution, delivery and recordation of the deed, and after the legal counsel of the LAND AUTHORITY shall have approved the title thus vested in the LAND AUTHORITY, it will cause to be paid to the Seller(s) the purchase price by a check drawn on the account of the LAND AUTHORITY. The LAND AUTHORITY shall pay the following expenses associated with the conveyance of the property: deed recording fees, settlement fees, abstract fees, title examination fees, the Buyer's attorney's fees, and title insurance, as well as the prorata share of prepaid real property taxes allocable to the period subsequent to the vesting of title in the LAND AUTHORITY, or the effective date of possession of such real property by the same, whichever is earlier. The Seller(s) shall pay the expenses of documentary stamps to be affixed to the deed and the removal of trash, debris, and structures from the property, if any, and real estate commissions, if any. Full possession of the premises shall pass to the LAND AUTHORITY as of the date payment is made to the Seller(s) subject only to the reservations stated in Section 2 above.
7. It is mutually agreed that an abstract, title insurance policy or other evidence of title to the property herein contracted to be sold, satisfactory to the legal counsel of the LAND AUTHORITY will be obtained by the LAND AUTHORITY at its expense. The Seller(s) expressly agree herein to furnish to the LAND AUTHORITY any documents in Seller(s)'s possession establishing evidence of title including, but not limited to, abstracts, title commitments, title policies and opinions of title.
8. It is mutually understood and agreed that the LAND AUTHORITY may assign this Agreement.
9. It shall be the obligation of the Seller(s) to pay all taxes and assessments outstanding as liens at the date title vests of record in the LAND AUTHORITY, whether or not such taxes and assessments are then due and payable.

10. It is mutually understood and agreed that notice of acceptance of this Agreement shall be given to the Seller(s) by mail addressed to the Seller(s) at the following address:

**5848 Hurricane Creek Road  
Woodbury, TN 37190**

and shall be effective upon date of mailing and shall be binding upon all of the Seller(s) without sending a separate notice to each, except as such obligation may be affected by the provisions of paragraph 6 hereof.

- 11. The property shall be delivered at closing free of any tenant or occupancy whatsoever.
- 12. The effective date of this Agreement shall be that date when the last one of the Seller(s) and the LAND AUTHORITY has signed this Agreement.
- 13. If the Seller(s) wish to proceed with this transaction, the Seller(s) have until **December 13, 2015** to sign and return this Agreement to the LAND AUTHORITY. This Agreement may be executed in counterparts. Notwithstanding any provision of this Agreement to the contrary, the closing of this transaction is contingent upon approval by the Advisory Committee and Governing Board of the LAND AUTHORITY, failing which the LAND AUTHORITY and the Seller(s) shall release one another of all further obligations under this Agreement.

IN WITNESS WHEREOF, the Seller(s) have hereunto signed their names and affixed their respective seals on the day first above written and therefore the Seller(s) for and in consideration of the Ten Dollars (\$10.00) hereinabove acknowledge as received, have and do hereby grant unto the LAND AUTHORITY or its authorized representative, or any other office or agent of the LAND AUTHORITY authorized to purchase said lands, the option and right to enter into this Agreement for Purchase within sixty (60) days from the execution thereof by the Seller(s), and to purchase said lands as herein provided.

Seller/ **Lester G. Schott, Jr.**

*Proposal for Refurbishment of:*

**One (1) – 2007 Pierce Dash 2000 75' Ladder  
“19539TR”**

**Date: December 23, 2015**

**Quote is good for 90 days**

*Prepared by: Alan Boushley*

**PIERCE MANUFACTURING, INC.**

**MIDWEST REGIONAL SERVICE CENTER**

**816 COMMERCIAL AVENUE \* WEYAUWEGA, WI 54983 \* (920) 867-2142**

Pierce Manufacturing, Inc. is pleased to submit to the **Monroe County Fire Rescue** a proposal for the refurbishment of your **2007 Pierce Dash 2000 75' Ladder 19539TR**. The following paragraphs will describe in detail the apparatus additions and modifications proposed.

### **QUALIFICATIONS**

**PIERCE MANUFACTURING** was incorporated in 1917. Since then we have been building bodies with one philosophy, "**BUILD THE FINEST**". Our skilled craftsmen take pride in their work, which is reflected, in the final product. We have been building fire apparatus since the early "forties" giving Pierce Manufacturing over 50 years of experience in the fire apparatus market. Our plant is located in Appleton, Wisconsin with over 474,000 total square feet of floor space situated on approximately 93 acres of land. A multi-million dollar inventory of parts is available to keep your unit in service long after it has left the factory.

The Pierce Refurbishment Center has achieved the very same reputation for fire apparatus repair and refurbishing. Located just 30 miles west of Appleton in Weyauwega, Wisconsin, the Pierce Refurbishment Center facility is dedicated exclusively to the refurbishing and repairs of all makes and models of fire apparatus and emergency vehicles. Pierce Manufacturing has produced fire apparatus for over 55 years and has been refurbishing apparatus for more than 35 years.

The 40,000 square foot Refurbishment Center has 16 well-equipped bays staffed by 52 certified, highly skilled mechanics. Fabrication and refinishing is done at the main manufacturing facilities to assure our customers the same fine quality that new Pierce apparatus is famous for.

### **ISO COMPLIANCE**

The manufacturer will operate a Quality Management System under the requirements of ISO 9001. These standards sponsored by the "International Organization for Standardization (ISO)" specify the quality systems that will be established by the manufacturer for design, manufacture, installation and service. A copy of the certificate of compliance will be included with the bid.

### **SINGLE SOURCE MANUFACTURER**

Pierce Manufacturing is a single source apparatus manufacturer. The definition of single source is a manufacturer that designs and manufactures their products using an integrated approach, including the chassis, cab and body being fabricated and assembled on the bidders premises. The warranties relative to the chassis and body design (excluding component warranties such as engine, transmission, axles, pump, etc.) will be from a single source manufacturer and not split between manufacturer (i.e. body and chassis).

### **WARRANTY**

A separate warranty page detailing the warranty coverage will be provided with the proposal.

### **WELDING REQUIREMENTS**

Pierce Manufacturing follows American Welding Society D1.1-96 standards for structural steel welding. All aluminum welding will be done to American Welding Society and ANSI D1.2-96 requirements for structural welding of aluminum. Flux core arc welding will use alloy rods, type 7000, American Welding Society standards A5.20-E70T1.

### **PAYMENT TERMS**

Payment is to be made to Pierce Manufacturing, in full, within 30 days after completion and final acceptance.

### **SHIPPING PRECAUTIONS**

The following shipping precautions must be completed before transportation of the fire department's apparatus to Pierce Manufacturing for refurbishment or repair. ***Failure to complete the listed items below may result in additional costs to the fire department.***

1. All water tanks, foam tanks, pumps, all inlets and discharge plumbing, all drains, and any other plumbing are to be completely drained prior to being driven or flat-bedded.
2. Strip down all loose equipment unless arranged with Pierce prior to shipping in order to make the repair process easier and to eliminate the potential for lost equipment while the unit is being refurbished or repaired.
3. All loose or potentially loose items should be taped or strapped to ensure they do not come loose during transit.

### **INCOMING EMERGENCY PARKING BRAKE TEST**

The following inspection will be performed by a qualified Pierce technician to insure this apparatus is safe to drive and perform work on. Should any defects be found that are not already addressed in the proposed work, an itemized list of the defects, along with the costs to repair any additional items, will be provided to the fire department for review. ***Repair of any defects will be "open", pending approval and additional costs. No additional work will be performed without prior approval from the fire department.***

### **INCOMING BATTERY LOAD TEST**

All truck starting system batteries and battery cables will be visually inspected for cracks, acid leaks, corrosion and overall condition. Along with the visual inspection a load test will be performed to verify the batteries cold cranking amps, voltage and shorted cells. Should any defects be found that are not already addressed in the proposed work, an itemized list of the defects, along with the costs to repair any additional items, will be provided to the fire department for review. ***Repair of any defects will be "open", pending approval and additional costs. No additional work will be performed without prior approval from the fire department.***

## **INCOMING VEHICLE INSPECTION**

The following inspections will be performed before the removal of any components and before any disassembly. A detailed inspection report will be forward to the fire department for disposition. **Additional repairs will be open: subject to inspection.**

- **Incoming Electrical inspection**
- **Generator Load test**
- **Incoming Chassis Inspection and Road test**
- **Incoming Pump Test**
- **Incoming Body Inspection**
- **Air Conditioning unit**
- **Aerial Inspection**

Should any defects be found that are not already addressed in the proposed work, an itemized list of the defects, along with the costs to repair any additional items, will be provided to the fire department for review. *Repair of any defects will be “open”, pending approval and additional costs. No additional work will be performed without prior approval from the fire department.*

## **SCOPE of WORK**

Replace frame rails and frame liners; Repair accident damage.

## **FRAME and WATER TANK CRADLE CORROSION PUMPER**

- Remove the water tank, tank cradle, grating, hosebed dividers and all plumbing attached to and/or through the tank area.
- Disassemble the body components, unstring electrical harness and remove the body from the apparatus.
- Remove the pump house assembly.
- Remove the cab assembly to include all wiring, air lines, and hoses.
- Remove all mounting brackets, power steering, cab lifts, ext.
- Remove front suspension assembly to include suspension and wheels to gain access to frame.
- Remove the front bumper extension.
- Remove front body mounting supports, running board supports, crossmembers.

- Remove the rear axle assembly to include suspension and wheels to gain access to frame and water tank area.
- Remove the fuel tank.
- Remove frame rails and frame liners
- Replace all removed crossmembers, running board supports and body mounting supports. All replaced items are to be E-Coated and painted matching the original job color (Black).
- New chassis air tanks and mounting brackets will be provided from the pump house back.
- Replace the following brake system components and air tank PPV valves.
  - Double check valve
  - Relay valve R-14
  - Relay valve R-12
  - Parking brake valve
  - Rubber hoses to the brake cans
- Replace the fuel tank and stainless steel straps.
- The front and rear axle assembly to include suspensions are to be steam cleaned / corrosion removed and painted matching the original color (Black).
- Reinstall rear axle assembly to include new U-bolts.
- Reinstall front axle assembly to include new U-bolts.
- Reinstall the pump house and all components.
- Reinstall the body and all components.
- Reinstall the cab assembly to include all wiring, air lines, and hoses.
- Reinstall water tank cradle assembly.
- Reinstall body mounting supports.
- Reinstall the grating, hosebed dividers and all plumbing attached to and/or through the tank area.
- Install new universal U-Joints on the drive line

- Check alignment and road test apparatus.
- Check all DOT lighting, emergency warning lights.

#### **FRAME RAIL REPLACEMENT**

The Frame Rails will be replaced with two (2) steel channels. The frame shall be stepped down behind the cab for a lower center of gravity and increased vehicle stability. The side rails shall have a 13.38" tall web and shall be constructed of 120,000 psi yield strength heat-treated .38" thick steel, with 3.50" wide flanges.

#### **FRAME LINER REINFORCEMENT, REPLACEMENT**

In addition, a full-length mainframe inverted "C-L" liner will be provided.

#### **TIE RODS**

Front axle tie rods will be removed and replaced.

#### **LADDER AND TORQUE BOX**

Ladder and torque box assembly will be removed/installed. All wiring and hoses will be removed and inspected for wear/deformities.

Stabilizer housing will need to remove corrosion the bottom side of the housings.

Corrosion will be removed from the extension cylinder, lift cylinders and rear water way mounting bracket.

Areas of corrosion on stabilizer housings, extension/lift cylinders and waterway brackets will be treated with an anti-rust inhibitor, primed and painted matching the original color.

#### **COMPARTMENT LIGHTING**

Remove all existing compartment lights and mounting brackets and replace all body compartment lights with AMDOR, LED strip lights.

Opening the compartment door will automatically turn the compartment lighting on.

#### **STEP LIGHTS**

Remove and replace all exterior cab and body step lights.

#### **LADDER FLOOD LIGHT**

Remove and replace driver side ladder tip Flood light matching the original light.

#### **LADDER SPOT LIGHT**

Remove and replace passenger side ladder tip spot light matching the original light.

### **RUBRAILS**

Remove and replace four (4) rubrails. Two (2) rear wall; one (1) driver side rear body; one (1) passenger side rear body.

### **MONITOR LOGIC BOX**

Inspect inside Monitor logic box for corrosion. (Corrosion on outside of logic box)

### **PUMP**

Pump casing is to be separated to inspect impeller and casing for corrosion and deformities.

### **MUFFLER, TAILPIPE**

Remove and replace exhaust muffler, muffler rings, tailpipe and mounting hardware.

### **TOW HOOKS**

Remove and replace the two (2) front chrome tow hooks.

### **PAINT/SEAL CHASSIS FRAME ASSEMBLE**

The following components will be treated with epoxy E-coat protection prior to finish paint:

- Two (2) C-channel frame rails
- Two (2) C-L frame liners
- Two (2) front body mounting supports
- Two (2) running board supports
- Crossmembers

The E-coat process will meet the technical properties shown.

Before the frame rails are finish painted, all areas will be sealed with a 3M 2084 metal sealant after the components are torqued to the frame rails:

- The joint between the main frame and the liner
- The joint between all crossmembers and the frame
- The joint between all spring hangers and the frame.

The chassis frame assembly will be finish painted before the installation of the cab and body, and before installation of the engine and transmission assembly, air brake lines, electrical wire harnesses, etc.

Components that are included with the chassis frame assembly that will be finish painted are:

- Frame rails
- Frame liners
- Cross members
- Axles

- Suspensions
- Steering gear
- Battery boxes
- Bumper extension weldment
- Frame extensions
- Body mounting angles
- Rear Body support substructure (front and rear)
- Pump house substructure
- Air tanks
- Fuel tank
- Castings
- Individual piece parts used in chassis and body assembly

### **UNDERCOATING, CAB & BODY**

The apparatus will be properly treated by an authorized Ziebart dealer.

The underside of the apparatus will be undercoated with an asphalt petroleum based material, dark in color.

The undercoating material utilized on the apparatus will be formulated to resist corrosion and deaden unwanted sound or road noise.

Coating texture will appear firm, flexible, and resistant to abrasion. Minimum dry film thickness will be in the range of 8.00 to 12.00 mils.

The material will be applied to the following areas:

- Body and cab wheel well fender liners, on the back side only.
- Underside of body and cab sheet metal, and structural components.
- Underside and vertical sides of all sheet metal compartmentation, including support angles.
- Structural support members under running boards, rear platforms, battery boxes, walkways, etc.
- Inside surfaces of the pump heat enclosure. (when installed)
- Suspension mounts.
- Transmission cooler fittings.

### **TRANSIT COATING**

All non-painted metal surfaces on the exterior of the vehicle will be sprayed with a corrosion protective coating provided by Carwell. The coating can be removed with soap and water. The coating is made of a linseed oil base and is biodegradable.

The underside non-painted metal surfaces will also be coated with a corrosion protective coating.

### **FINALIZATION and DETAILING**

Prior to delivery the entire vehicle will be washed to include the interior and exterior

All fluid levels will be checked on topped off if needed.

The vehicle will be fully fueled.

**Net \$115,535.00 (Includes transportation by Ten-8 driver to and from Wisconsin)**

## **Options**

### **ACCIDENT DAMAGE REPAIR.**

Repair accident damage to the following areas:

- Passenger side rear lower bulkhead.
- Driver side rear lower bulk head.
- Passenger side bottom fender panel.
- Driver side fender panel.
- Passenger side crew cab door radius.

Damaged areas will be fully disassembled to ensure proper paint coverage.

### **PAINT**

The following areas will be metal finished; primed; painted and buffed:

- Passenger side rear bulkhead.
- Passenger side P1 lower compartment flange.
- Driver side rear bulkhead.
- Driver side D1 lower compartment flange.
- Driver side fender panel
- Passenger side fender panel
- Passenger side crew cab door.

### **GRAPHICS**

All reflective stripping, Chevron, Emblems will be replaced as needed.

**Net \$8,865.00**

### **PUMP OVERHAUL WATEROUS**

The pump drive unit and drivelines will be removed. The pump body will be split and the impeller assembly will be removed for bench service. The pump sections will be carefully cleaned and inspected for abnormal wear on the stripping edges or other damage. **Any damage to the center case will be identified in writing and forward to the fire department with a parts and labor estimate if replacement is needed.**

An entirely new impeller assembly will be installed, to include new impellers, wear rings, impeller shaft and seals/gaskets. Standard packing is included. The pump body will be

reassembled following the manufacturers tightening sequence and fastener torque specifications. The pump drive unit and driveline will be reinstalled. The driveline and drive unit will be serviced, including oil change in the drive unit and greasing of the U-joints.

The pump will be dynamically tested for leaks and to insure the performance meets the manufacturers flow and pressure standards. The transfer valve, and any indicators, will be checked for correct operation within the manufacturers operating parameters. A Pierce Manufacturing pump certification will be provided when the work is complete.

**Net \$8,722.00**

### **VALVE OVERHAUL**

All discharge, tank fill, tank to pump and auxiliary inlet valves will be removed from the adjacent piping to facilitate cleaning and allow bench rebuilding. The valve seals and ball will be removed and carefully inspected for wear or abnormal operation. New seals and O-rings will be installed per manufacturer's recommendation, including a new ball if required. The valves will be reinstalled and dynamically tested for internal and external leakage.

**Net \$8,149.00**

### **3<sup>rd</sup> PARTY PUMP CERTIFICATION**

The pump test will be witnessed by a 3<sup>rd</sup> party testing company, UL an Underwriters Laboratory technician and a certification document will be issued.

**Net \$ 633.00**

### **AERIAL INSPECTION**

Underwriters Laboratories (UL), a third party testing company, will perform an operational test and inspection of the aerial device. The test results will be evaluated and forwarded to the fire department for review. If any defects are found the fire department will be advised immediately. A parts and labor estimate for the repair of the defects will be submitted for approval prior to proceeding with any additional work.

**Net \$2,842.00**

11/15/15

Monroe County Fire Rescue  
Mr. Michael Elias  
490 63Rd St. Ocean  
Marathon, FL 33050

Our Reference: File: FS481360; Project: 15FES15136

Subject: Aerial Examination; 2007 Pierce Mfg. Inc. 75 ft. Aluminum  
Aerial Ladder, Client Vehicle No. - Ladder 9

Dear Mr. Michael Elias:

The examinations and tests of the subject aerial device covered under our Reference No. 15FES15136 were conducted on 11/15/15. The test program was conducted in accordance with the applicable provisions of Chapter 19 of the National Fire Protection Association (NFPA) Standard No. 1911, "Standard for the Inspection, Maintenance, Testing, and Retirement of In-Service Automotive Fire Apparatus," current Edition.

The enclosed Report outlines the tests conducted, the methods used, and the results of such tests. The Conclusion Page of the Report summarizes the areas of noncompliance and explains the repairs that need to be made to the subject aerial device.

During the inspection we were unable to conduct the load test, water system tests, and several additional test due to other issues including Delamanation corrosion on main frame. These tests will need to be conducted by UL in order to meet the inspection requirements of the Chapter 19 of NFPA 1911.

Since a reinspection is required, please contact UL customer service at 877-854-3577, prompt 2, to arrange a mutually convenient time for the reinspection.

If you should have any questions or comments concerning this investigation, please do not hesitate to contact the undersigned.

Very Truly Yours,

*Jeff Yarbrough*

Maximum Recommended Extended Length - 75 ft.  
No. of Sections - 3  
Mileage - 20,710  
Engine Hours - 2149.7  
Examination and Tests by - Jeff Yarbrough

PURPOSE AND SCOPE:

The sole purpose of this examination and test is to determine that the aerial device identified in the Agreement conforms to the applicable provisions of Chapter 19 of the National Fire Protection Association (NFPA) Standard No. 1911, Standard for the Inspection, Maintenance, Testing, and Retirement of In-Service Automotive Fire Apparatus, current Edition.

RESULTS:

A detailed Report containing results of examination and tests required by Chapter 19 of NFPA 1911 follows. Test methods are outlined in Chapter 19 of NFPA Standard 1911 and the UL Fire Department Aerial Device Examination and Test Specifications.

Results of each test are to be considered in compliance with the Standard unless comment is made to the contrary. A summary of noncompliant results is provided in the conclusion of this Report.

LIMITATION OF LIABILITY:

By the issuance and receipt of this report, the Client agrees that UL in performing its inspection does not undertake to discharge any responsibility of the Client to any other party. UL makes no representations or warranties of any kind, express or implied, with respect to its services. UL's findings represent its judgment given with due consideration to the necessary limitations of practical operation and the Client agrees that UL does not warrant or guarantee that its findings will be recognized or accepted. The Client agrees that UL is not an insurer and assumes no liability which might result directly or indirectly from the inspection of the aerial device, failure of the aerial device, or that the aerial device will in all cases operate as intended except to the extent such liability results from the sole negligence of UL in examining and testing the aerial device identified in this report.

T E S T R E C O R D N O. 1

Turntable Examination and Test

UPPER ROTATION BEARING MOUNTING BOLTS:

Upper bearing bolts were identified by the UL Field representative as 3.4 in., Grade 8, with a torque specification of 380 ft-lb.

Number of bolt(s) less than the specified torque: None

Number of bolt(s) inaccessible to torque verification: Two

All bolts were present.

TORQUE BOX MOUNTING TO FRAME:

Torque box to frame mounting bolts were identified by the UL Field Representative as 7/8 in., Grade 8, with a torque specification of 576 ft-lb.

Number of bolt(s) less than the specified torque: None

Number of bolt(s) inaccessible to torque verification: Four

All bolts were present.

Inspection of the torque box to frame mounting plate weldments was conducted. No defects were found.

TORQUE BOX:

Inspection of all accessible torque box structural weldments was conducted. No defects were found.

No delaminating corrosion was found.

ROTATION GEAR REDUCTION BOX MOUNTING:

Rotation gear reduction box mounting bolts were identified by the UL Field Representative as 3/4 in., Grade 8, with a torque specification of 357 ft-lb.

Number of bolt(s) inaccessible to torque verification: All

All bolts were present.

Inspection of the rotation gear reduction box mounting weldments was conducted. No defects were found.

TURNTABLE STRUCTURAL COMPONENTS:

Inspection of the turntable structural weldments was conducted. No defects were found.

ROTATION HYDRAULIC SWIVEL:

No hydraulic fluid leakage was detected.

The rotation hydraulic swivel was securely mounted.

HYDRAULIC LINES AND HOSES IN CHASSIS AND TORQUE BOX:

All hydraulic lines, valves, fittings and other components were undamaged.

All hydraulic lines exhibited no signs of hydraulic fluid leakage.

HYDRAULIC LINES AND HOSES IN TURNTABLE:

All hydraulic lines, valves, fittings and other components were undamaged.

All hydraulic lines exhibited no signs of hydraulic fluid leakage.

POWER TAKEOFF:

The power takeoff showed no signs of external hydraulic fluid leakage.

The power take off engaged properly.

HYDRAULIC PUMP:

The hydraulic pump showed no signs of external hydraulic fluid leakage.

ELEVATION CYLINDER(S):

The elevation cylinder rod(s) were undamaged.

The rod to barrel seals did not leak hydraulic fluid.

The elevation cylinder(s) was/were then subjected to a drift test. The aerial was properly leveled, elevated to 60°, fully extended, and the fly locks, if any, engaged. The hydraulic cylinder lock valve, if any, was closed tightly and dial indicators attached to the cylinder rods. The aerial was allowed to stand with the motor shut off for 1 hr. Any cylinder drift can be determined by reading the dial indicator.

The left elevation cylinder drift was recorded at 0.045 in. in 1 hour.

The right elevation cylinder drift was recorded at 0.044 in. in 1 hour.

HOLDING VALVES ON ELEVATION CYLINDER(S):

The holding valves on all cylinders showed no signs of external hydraulic fluid leakage.

EXTENSION CYLINDER ANCHOR EARS AND PLATES:

Inspection of the extension cylinder anchor ear mounting plate weldments was conducted. No defects were found.

EXTENSION CYLINDER(S):

The extension cylinders were then subjected to a drift test. The aerial device was properly leveled, fully elevated and extended 10 ft. The second section was marked and the device was allowed to stand for 1 hr. Cylinder drift was then determined by observing second section movement in relation to the base section.

The left extension cylinder drift was recorded at 0.000 in. in 1 hour.

The right extension cylinder drift was recorded at 0.000 in. in 1 hour.

UNIT MAIN FRAME:

Inspection of the unit main frame weldments was conducted. The following defects were found. These results are noncompliant.

Delaminating corrosion various sections throughout the frame. Several measurements were taken of the frame rail at various locations of the corrosion. The single section of the frame rail was measured to be roughly 0.410", at the worst point above the exhaust on the passenger side frame rail the frame was measured at about 0.189". This shows that the frame rail has rusted through over half of its original thickness. This main section of rust ran longitudinally the length of the frame rail roughly 18" long. On this same section on the inside of the frame channel delamination corrosion was found roughly 75% of the height of the frame and about 9 inches wide at the widest point. The rust runs along both sides of the lower flange of the frame rail varying in severity. The frame cross member above the rear axle is also showing signs of severe delamination corrosion also. In the attached pictures it will show two long pieces of rust that were pulled from this cross member. They ran the entire width of the cross member and measured at roughly 0.450" thick.

UNIT MAIN FRAME SUSPENSION:

Inspection of the unit main frame suspension weldments was conducted. No defects were found.

Stabilizer Examination and Test

STABILIZER STRUCTURAL COMPONENTS:

Inspection of the stabilizer structural component weldments was conducted. No defects were found.

STABILIZER PLATES:

Stabilizer plates were present and of proper construction.

STABILIZER MOUNTING TO TORQUE BOX:

Inspection of the stabilizer mounting to torque box weldments was conducted. No defects were found.

HYDRAULIC LINES AND HOSES IN STABILIZER SYSTEM:

All hydraulic lines were undamaged.

All hydraulic lines exhibited no signs of external hydraulic fluid leakage.

STABILIZER EXTENSION CYLINDER:

The stabilizer extension cylinder rods were undamaged.

The rod to barrel seals did not leak hydraulic fluid.

The extension cylinders were then tested for drift by setting the stabilizers and attaching dial indicators to the stabilizers. The unit was then allowed to stand for 1 hr. with the motor shut off. Cylinder drift was then detected by reading the dial indicator.

The stabilizer cylinder drift was recorded in inches per hour at:

|           |       |            |       |
|-----------|-------|------------|-------|
| Left Rear | 0.014 | Right Rear | 0.019 |
|-----------|-------|------------|-------|

HOLDING VALVES ON EXTENSION CYLINDERS:

The holding valves on the extension cylinders exhibited no signs of external hydraulic fluid leakage.

DIVERTER VALVE:

The diverter valve exhibited no signs of external hydraulic fluid leakage.

Aerial Ladder Examination and Test

LADDER CRADLE:

The ladder cradle was properly aligned.

The cradle pad was undamaged.

Inspection of the ladder cradle weldments was conducted. No defects were found.

The ladder cradle bolts were identified by the UL Field Representative as 3/4 in., Grade 8, with a torque specification of 357 ft-lb.

Number of bolt(s) less than the specified torque: None

Number of bolt(s) inaccessible to torque verification: None

All bolts were present.

C O N C L U S I O N

The aerial device covered by this Report has been evaluated for compliance with the applicable provisions of Standard NFPA 1911, current Edition. Issuance of a UL Certificate of Inspection for Aerial Devices is contingent upon correction in accordance with the manufacturer's recommendations of those items found not to be in accordance with the Standard and meeting the requirements of all test work not yet completed, if any.

Specifically, Certification of the subject aerial device is contingent upon:

Repair of the unit main frame defects.

Delaminating corrosion various sections throughout the frame. Several measurements were taken of the frame rail at various locations of the corrosion. The single section of the frame rail was measured to be roughly 0.410", at the worst point above the exhaust on the passenger side frame rail the frame was measured at about 0.189". This shows that the frame rail has rusted through over half of its original thickness. This main section of rust ran longitudinally the length of the frame rail roughly 18" long. On this same section on the inside of the frame channel delamination corrosion was found roughly 75% of the height of the frame and about 9 inches wide at the widest point. The rust runs along both sides of the lower flange of the frame rail varying in severity. The frame cross member above the rear axle is also showing signs of severe delamination corrosion also. In the attached pictures it will show two long pieces of rust that were pulled from this cross member. They ran the entire width of the cross member and measured at roughly 0.450" thick. Recommend contacting Peirce Manufacturing to discuss repair or replacement options.

Comments / Observations for Informational Purposes Only:

For details, such as bolt torque, specific weldments requiring repair, and other problem areas, see the Report text.

Very Truly Yours,

*Jeff Yarbrough*

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

**Meeting Date:** January 20, 2016  
**Bulk Item:** Yes  No  **Department:** Building  
**Staff Contact Person:** Rick Griffin, Sr. Director / Building Official **Phone:** 305.289.2500

---

**AGENDA ITEM WORDING:**

Approval of an exception to Section 2.02C of the personnel policies and approval to create a new Customer Service Representative (CSR) position (FTE) to be occupied for up to six months overlapping with the current Coordinator Licensing position (who is resigning)

---

**ITEM BACKGROUND:**

The current Licensing Coordinator will be resigning. Personnel policies allow up to a 30 day overlap for replacements and require BOCC approval for any new position establishment. With BOCC approval, a new Customer Service Representative position will be established in lieu of replacing a Coordinator Licensing position (recruitment expected January 1, 2016 with overlap of the retiring employee). Upon the current employee's resignation, the newly created overlap position will be abolished. A longer overlap period will allow sufficient time for training and familiarization of required duties and establishment of working relationships with other departments and agencies with whom he/she will be required to work. Additional cost of the additional FTE for 6 months in FY15-16 is estimated to be \$34,268. There is adequate funding in the budget, due to vacancy savings as we are recruitment two other positions.

Following the Licensing Coordinator position's resignation, the new 6 month FTE position would be eliminated and the Licensing Coordinator position would continue under the Building Department, Marathon Office (GMBLG-034).

---

**AGENDA ITEM WORDING:** Approval of a second, one-year time extension of the URS Southern Corporation Continuing Contract for Transportation Planning Services. All terms and conditions of the original contract, including payment conditions, remain unchanged. The time extension will extend the current contract through March 15, 2017.

---

**ITEM BACKGROUND:**

Monroe County entered into a Contract for Professional Services with URS March 16, 2011. The contract allows for two, one-year extensions. A one-year extension was approved by the BOCC, which is set to expire March 15, 2016. This request for extension will allow for continued review of development applications, assistance with general transportation planning tasks and the completion of various planning studies. This is the final time extension allowed under the original contract.

---

**PREVIOUS RELEVANT BOCC ACTION:**

March 6, 2011- Approval of a 4-year continuing service contract with options to review on an annual basis for two additional years.

January 21, 2015- Approval of one-year time extension. Contract set to expire March 15, 2016.

---

**CONTRACT/AGREEMENT CHANGES:**

Final one-year contract extension, which will expire March 15, 2017.

2<sup>nd</sup> Amendment to Contract for Professional Services  
between Owner and Engineer  
Extension of the Continuing Contract  
For Transportation Planning Services

The second amendment to Contract (herein, after "Amendment") between Owner and Engineer for the Continuing Contract for Professional Services ("Contract") entered into between Monroe County ("Owner" or "County") and URS Corporation Southern is made and entered into this 4<sup>th</sup> day of December, 2015, in order to amend the contract as follows:

Witnesseth

WHEREAS, on March 16, 2011, the parties entered into a continuing contract for Professional Services, pursuant to Florida Statute 287.055(2)(g) where services are to be rendered for projects in which the estimated construction costs of each individual project under the contract does not exceed Two Million Dollars (\$2,000,000.00), or for a study activity if the fee for Professional Services for each individual study under the contract does not exceed Two Hundred Thousand Dollars (\$200,000.00); and

WHEREAS, the continuing contract indicates that a separate task order shall be issued to the Engineer by the Owner, and the specific task orders will be determined by the Owner and agreed to by the Engineer and will contain a specific scope of work, time schedule, charges and payment conditions, and additional terms and conditions applicable to that specific task order; and

WHEREAS, the Continuing Contract was issued for a period of-four years, with options for the Owner to renew on an annual basis for two additional years; and

WHEREAS, the requirement to perform an annual US 1 Arterial Travel Time and Delay Study has changed to a biennial reporting cycle, with the next scheduled study to be initiated in February 2017; and

NOW, THEREFORE, in consideration of the mutual promises, covenants, and agreements stated, herein, and for other good and valuable consideration, the sufficiency of which hereby acknowledged, the Owner and the Engineer agree as follows:

- 1) The Continuing Contract for Professional Services dated March 16, 2011 and terminating on March 15, 2015 shall be renewed for the second of two one-year periods. The new termination date will be March 15, 2017.

- 2) Article II, 2.1. Task 1 – Annual US 1 Arterial Travel Time and Delay Study was revised to "Biennial US 1 Travel Time and Delay Study" under Amendment 1. The next study is scheduled to begin in February 2017.
- 3) Hourly fees under this amendment shall remain at the 2014/15 billing rate as stated in Exhibit A of the original contract.
- 4) In all other respects, the original Continuing Contract dated March 16, 2011 remains unchanged.

IN WITNESS WHEREOF, each party caused this Agreement to be executed by its duly authorized representative on the day and year first written above.

**END OF AGREEMENT**

MONROE COUNTY ATTORNEY  
APPROVED AS TO FORM:  
Christine M. Lambert-Barrows  
CHRISTINE M. LAMBERT-BARROWS  
ASSISTANT COUNTY ATTORNEY  
Date 12/2/14

**CONTRACT FOR  
PROFESSIONAL SERVICES  
BETWEEN OWNER AND ENGINEER**

THIS CONTRACT FOR PROFESSIONAL SERVICES BETWEEN OWNER AND ENGINEER (the "Contract" or "Agreement") is made and entered into by Monroe County ("Owner" or "County"), a political subdivision of the State of Florida, whose address is 1100 Simonton Street, Key West, Florida 33040, its successors and assigns through the Monroe County Board Of County Commissioners ("BOCC"), and URS Corporation Southern, a California corporation ("Engineer"), whose address is 3343 W. Commercial Boulevard, Suite 100, Fort Lauderdale, FL 33309, its successors and assigns on the 16 day of February, 2011.

This contract is issued as a continuing contract pursuant to Florida Statute 287.055(2) (g). The professional services required by this Contract are to be rendered for projects in which the estimated construction costs of each individual project under the contract does not exceed Two Million Dollars (\$2,000,000.00), or for study activity if the fee for professional services for each individual study under the contract does not exceed Two Hundred Thousand Dollars (\$200,000.00).

The parties shall enter into a separate task order for each study awarded to the Engineer by the Owner. The specific services to be performed under these separate task orders will be determined by the Owner and agreed to by the Engineer. Each separate task order will contain specific scope of work, time schedule, charges and payment conditions, and additional terms and conditions applicable to that specific task order.

The professional services required by this contract will be for services in the form of a continuing contract, commencing on the effective date of this contract and ending four years thereafter, with options for Owner to renew on an annual basis for two additional years.

The terms and conditions of this Contract shall apply to any task order or separate contract, if required, unless expressly modified in the provisions of the separate contract. Where the terms of this Contract differ from the terms of the separate contract, the terms of the separate contract shall take precedence. The separate contract will contain its specific scope of work and it is anticipated by this Contract that the scope of work in the separate contract will be in addition to the scope of work outlined in this Contract

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency of which hereby acknowledged, the Owner and the Engineer agree:

FORM OF AGREEMENT

**ARTICLE 1**

**1.1 REPRESENTATIONS AND WARRANTIES**

By executing this Contract, Engineer makes the following express representations and warranties to the Owner:

1.1.1 The Engineer is a professional qualified to act as the Engineer for the assignment and is licensed to practice Engineerure/Engineering by all public entities having jurisdiction over the Engineer and the assignment;

1.1.2 The Engineer shall maintain all necessary licenses, permits or other authorizations necessary to act as Engineer for the assignment until the Engineer's duties hereunder have been fully satisfied;

1.1.3 The Engineer shall prepare all documents that may be developed under this Contract including, but not limited to, all contract plans and specifications, in such a manner that they shall be in conformity and comply with all applicable law, codes and regulations. The Engineer warrants that any documents prepared as a part of this Contract will be adequate and sufficient to accomplish the purposes of the task order, therefore, eliminating any additional construction cost due to missing or incorrect design elements in the contract documents;

1.1.4 The Engineer assumes full responsibility to the extent allowed by law with regards to his performance and those directly under his employ as Engineer of Record.

1.1.5 The Engineer's services shall be performed as expeditiously as is consistent with professional skill and care and the orderly progress of the Work. The Engineer shall submit, for the Owner's and Monroe County Growth Management Division's information, a schedule for the performance of the Engineer's services which may be adjusted as task order proceeds if approved by the Owner, and shall include allowances for periods of time required for the Owner's and Monroe County Growth Management Division's review, and for approval of submission by authorities having jurisdiction over the task order. Time limits established by this schedule and approved by the Owner may not be exceeded by the Engineer except for delay caused by events not within the control of the Engineer or foreseeable by him.

1.1.6 In providing all services pursuant to this agreement, the Engineer shall abide by all statutes, ordinances, rules and regulations pertaining to, or regulating such services, including those now in effect and hereinafter adopted. Any violation of said statutes, ordinances, rules and regulations shall constitute a material breach of this agreement and shall entitle the COUNTY to terminate this agreement immediately upon delivery of written notice of termination to the Engineer.

**ARTICLE II**

**SCOPE OF ENGINEER'S BASIC SERVICE**

**2.1 DEFINITION**

Engineer's Basic Services consist of:

**Task 1 – Annual US 1 Arterial Travel Time and Delay Studies**

**1. Purpose**

The travel time studies will be used to monitor the level of service on US 1 based on Monroe County Comprehensive Plan Policies and Land Development Codes for concurrency management purposes pursuant to Chapter 163, Florida Statutes. The studies will be conducted in accordance with the methodology that was developed by the US 1 LOS Task Force and approved by the County, the Florida Department of Transportation, and the Florida Department of Community Affairs.

**2. Minimum Activities to Complete Study**

- A. Using the floating car method, the County will record travel time, speed, and delay data for:
  - a. Each of the 24 segments of US 1 from Florida City to Stock Island, and
  - b. The length of US 1 from Miami-Dade County line to Cow Key Channel.
- B. The data will be recorded by date, day of week, time of day, and direction.
- C. The study will be conducted over 14 days within the six week period from February 15 to March 31. The study will consist of 14 round trip runs, sampling each day of the week twice.
- D. The study schedule will be coordinated with seven day, 24 hour traffic counts to be conducted by FDOT in Islamorada, Marathon, and Big Pine Key.
- E. The study will employ the staggered schedule of departure times previously approved by the Task Force so as to record peak hour conditions in as many different locations as possible.
- F. The study results will be summarized in a report format including a series of tables and graphs. A statistical analysis of the mean, median, standard deviation, and range of speeds for each segment and for the overall distance will be provided. Excess roadway capacity and deficiencies in capacity will be reported.

**Task 2: General Transportation Planning Assistance**

**1. Purpose**

The purpose of this task is to provide assistance to the Monroe County Growth Management Division staff for the purpose of maintaining and updating the Long Range Transportation Plan, to ensure that transportation concurrency requirements are met by public and private development, and other tasks necessary to maintain a high level of coordination between land use planning and transportation planning activities in the Florida Keys. This task will provide assistance for general transportation planning and analysis activities, including data collection and technical support.

**2. Activities**

The transportation planning consultant will provide assistance to Monroe County Growth Management Division in the following areas:

- a) Review of private development site plans for internal traffic flows and access;
- b) Preparation of traffic impact reports;
- c) Review of access management issues;
- d) Development of access management plans;
- e) Origin-destination studies;
- f) Attendance at appropriate public meetings and hearings;
- g) Trip generation rates for land uses;
- h) Provision of review comments on relevant transportation documents prepared by other agencies;
- i) Review of transportation element of reports and plans prepared by County staff in support of the comprehensive plan amendments;
- j) Systems planning analysis (including running the FSUTMS model or other transportation planning models deemed as appropriate by Client and Consultant);
- k) Reevaluation of the level of service methodology for US 1; and
- l) Special transportation projects to implement the comprehensive plan.

**ARTICLE III**  
**ADDITIONAL SERVICES**

**3.1 GENERAL**

**3.1.1** The services described in this Article III are not included in Basic Services. They shall be paid for by the Owner as provided in this agreement as an addition to the compensation paid for the Basic Services but only if approved by the Owner before commencement, and as follows:

- A. Providing services of Engineer for other than the previously listed consulting scope of Project provided as a part of Basic Services.
- B. Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted consulting practice.
- C. Providing representation before public bodies in connection with the task order, upon approval by the Owner.

**3.2** If Additional Services are required, such as those listed above, the Owner shall issue a letter requesting and describing the requested services to the Engineer. The Engineer shall respond with a fee proposal to perform the requested services. Only after receiving a task order and a notice to proceed from the Owner shall the Engineer proceed with the Additional Services.

**ARTICLE IV**  
**OWNER'S RESPONSIBILITIES**

4.1 The Owner shall designate Monroe County Growth Management Division Director (Director) or designee to act on the Owner's behalf with respects to the task orders. The Owner or Director shall render decisions in a timely manner pertaining to documents submitted by the Engineer in order to avoid unreasonable delay in the orderly and sequential progress of the Engineer's services. However, the parties acknowledge that due to Monroe County Policy, Ordinances or State or Federal Statute there may be times when a decision must be made by the BOCC, in which case any delay shall not be attributed to Monroe County or its representative.

4.2 The Owner shall furnish the required information and services and shall render approvals and decisions as expeditiously as necessary for the orderly progress of the Engineer's services and work of the contractors.

4.3 The Owner's review of any documents prepared by the Engineer or its consultants shall be solely for the purpose of determining whether such documents are generally consistent with the Owner's criteria, as and if, modified. No review of such documents shall relieve the Engineer of responsibility for the accuracy, adequacy, fitness, suitability or coordination of its work product.

**ARTICLE V**  
**INDEMNIFICATION AND HOLD HARMLESS**

5.1 Pursuant to Section 725.08 of the Florida Statutes, the Consultant shall indemnify and hold harmless the Owner, its employees and officers, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of this Contract.

5.2 In the event the completion of the task assignment is delayed or suspended as a result of the Engineer's failure to purchase or maintain the required insurance, the Engineer shall indemnify County from any and all increased expenses resulting from such delays. Should any claims be asserted against County by virtue of any deficiencies or ambiguity in the plans and specifications provide by the Engineer the Engineer agrees and warrants that Engineer hold the County harmless and shall indemnify it from all losses occurring thereby and shall further defend any claims or action on the County's behalf.

5.3 The extent of liability is in no way limited to, reduced or lessened by the insurance requirements contained elsewhere within the Agreement.

5.4 This indemnification shall survive the expiration or early termination of the Agreement.

**ARTICLE VI**

**6.1 PERSONNEL**

The Engineer shall assign only qualified personnel to perform any service concerning the project.

**ARTICLE VII**

**7.1 COMPENSATION AND PAYMENT**

Compensation shall be made according to the rates on Exhibit A. Payment shall be made according to the Florida Local Government Prompt Payment Act. Claims for payment are deemed received upon receipt by the Clerk of Court for payment. All invoices shall be detailed enough to show the task performed, the services rendered, and the amount due with all appropriate documentation indicating personnel and hours worked.

**7.2 REIMBURSABLE EXPENSES**

Reimbursable expenses (travel, meals, mileage, or other expenses) are not allowed as part of this contract.

**7.3 BUDGET**

**7.3.1** The Engineer may not be entitled to receive, and the County is not obligated to pay, any fees or expenses in excess of the amount budgeted for this Agreement in each fiscal year (October 1- September 30) by County's Board of County Commissioners. The budgeted amount may only be modified by an affirmative act of the County's Board of County Commissioners.

**7.3.2** If funding cannot be obtained or cannot be continued at a level sufficient to allow for continued reimbursement of expenditures for services specified in this Contract or in the separate contracts for individual projects, the agreement may be terminated immediately at the option of the County by written notice of termination delivered to the Engineer. The County shall not be obligated to pay for any services provided by the Engineer after the Engineer has received written notice of termination, unless otherwise required by law.

**7.3.3** The County does not guarantee Engineer any specific amount of work under this agreement. The parties shall enter into a task order for each assignment awarded to the Engineer by the County. The specific services to be performed under these separate task orders will be determined by the County and agreed to by the Engineer. Each separate task order will contain specific scope of work, time schedule, charges and payment conditions, and additional terms and conditions applicable to that specific contract.

**7.3.4** Monroe County's performance and obligation to pay under this contract is contingent upon an annual appropriation by the transportation funding agency, the Board of County Commissioners and the approval of the Board members at the time of contract initiation and its duration.

**ARTICLE VIII**

**8.1 APPLICABLE LAW**

This contract is governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and performed entirely in the State. Venue for any mediation, dispute conferences or litigation arising under this contract must be in Monroe County, Florida. The Parties waive their rights to a trial by jury.

**ARTICLE IX**

**9.1 SUCCESSORS AND ASSIGNS**

The Engineer shall not assign its right hereunder, excepting its right to payment, nor shall it delegate any of its duties hereunder without the written consent of the Owner. The Owner and Engineer, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement.

**ARTICLE X**

**NO THIRD PARTY BENEFICIARIES  
AND INDEPENDENT CONTRACTOR RELATIONSHIP**

**10.1 NO THIRD PARTY BENEFICIARIES**

Nothing contained herein shall create any relationship, contractual or otherwise, between the parties which creates or gives rise to any rights in favor of, any third party.

**10.2 INDEPENDENT CONTRACTOR RELATIONSHIP**

The Engineer is and shall be an independent contractor in the performance of all work, services, and activities under this Agreement and is not an employee, agent or servant of the County. The Engineer shall exercise control over the means and manner in which it and its employees perform the work and in all respects the Engineer's relationship and the relationship of its employees to the County shall be that of an independent contractor and not as employees or agents of the County. The Engineer does not have the power or authority to bind the County in any promise, agreement or representation other than such power and authority that is specifically provided for in this Agreement.

**ARTICLE XI**

**11.1 INSURANCE**

**11.1.1** The Engineer shall obtain insurance as specified and maintain the required insurance at all times that this Agreement is in effect. Professional Liability Insurance shall also be maintained as specified. In the event the completion of the project (to include the work of others) is delayed or suspended as a result of the Engineer's failure to purchase or maintain the required insurance, the Engineer shall indemnify the County from any and all increased expenses resulting from such delay.

Contract for Transportation Planning Services – URS Corporation Southern

---

**11.1.2** The coverage provided herein shall be provided by an insurer with an A.M. Best Rating of VI or better, that is licensed to do business in the State of Florida and that has an agent for service of process within the State of Florida. The insurance certificate shall contain an endorsement providing thirty (30) days notice to the County prior to any cancellation of said coverage. Said coverage shall be written by an insurer acceptable to the County and shall be in a form acceptable to the County.

**11.1.3** Engineer shall obtain and maintain the following policies:

- A. Workers' Compensation insurance as required by the State of Florida.
- B. Employers Liability Insurance with limits of \$100,000 per Accident, \$500,000 Disease, policy limits, \$100,000 Disease each employee.
- C. Comprehensive business automobile and vehicle liability insurance covering claims for injuries to members of the public and/or damages to property of others arising from use of motor vehicles, including onsite and offsite operations, and owned, hired or non-owned vehicles, with Three Hundred Thousand Dollars (\$300,000.00) combined single limit and Three Hundred Thousand Dollars (\$300,000.00) annual aggregate.
- D. Commercial general liability covering claims for injuries to members of the public or damage to property of others arising out of any covered act or omission of the Engineer or any of its employees, agents or subcontractors or subconsultants, including Premises and/or Operations, Independent Contractors; Broad Form Property Damage and a Contractual Liability Endorsement with Five Hundred Thousand Dollars (\$500,000.00) per occurrence and annual aggregate.
- E. Professional liability insurance of Five Hundred Thousand Dollars (\$500,000.00) per claim and One Million Dollars (\$1,000,000.00) annual aggregate. If the policy is a "claims made" policy, Engineer shall maintain coverage or purchase a "tail" to cover claims made after completion of the project to cover the statutory time limits in Chapter 95 of the Florida Statutes.
- F. County shall be named as an additional insured with respect to Engineer's liabilities hereunder in insurance coverage identified in Paragraphs C and D.
- G. Engineer shall require its subconsultants to be adequately insured at least to the limits prescribed above, and to any increased limits of Engineer if so required by County during the term of this Agreement. County will not pay for increased limits of insurance for subconsultants.
- H. Engineer shall provide to the County certificates of insurance including those showing the County as a named insured as required above. County reserves the right to require a certified copy of such policies upon request.

**ARTICLE XII**  
**TERMINATION**

12.1 Either party hereto may terminate this contract prior to expiration upon giving seven (7) days written notice to the other in the event that such other party negligently or for any reason substantially fails to perform its material obligations set forth herein. No termination expenses shall be paid by the Owner after the date of notice of termination.

12.2 The Owner may terminate this Contract without cause by giving the other party fifteen (15) days written notice of its intention to do so. Termination expenses shall include expenses available under the contract through the date on the notice of termination and shall not include any additional services required in order to stop performance of services, unless agreed to in writing by the County and subject to audit for the purpose of verification.

**ARTICLE XIII**  
**ENTIRE AGREEMENT**

13.1 This contract constitutes of the form of agreement, the exhibits that are attached and made a part of the contract, the response document, and the documents referred to in the form of agreement as a part of this contract. In the event any conflict between any of those contract documents, the one imposing the greater burden on the Engineer will control.

13.2 A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017 of the Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

**ARTICLE XIV**  
**DISPUTE RESOLUTION**

14.1 County and Engineer agree that all disputes and disagreements shall first be attempted to be resolved by meet and confer sessions between representatives of each of the parties. If no resolution can be agreed upon within 30 days after the first meet and confer session, the issue or issues shall be submitted to mediation before a mediator mutually agreed to by the parties. The cost of mediation shall be shared equally. The parties agree that mediation is a condition precedent to the institution of legal or equitable proceedings by either party. Request for mediation shall be in writing and sent to the other party. The parties shall agree on a mediator to hear the dispute.

14.2 Mediation shall be held in Monroe County, Florida in a location in Key West; the location may be moved only by mutual agreement of the parties.

14.3 Agreements reached in mediation shall be reduced to writing and signed by the representative of each party; however agreements must be approved by the Board of County Commissioners to be enforceable. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction in Monroe County.

14.4 Nothing in this Agreement shall be construed to interfere with a subsequent order from any court of competent jurisdiction ordering the parties to enter into mediation after institution of legal or equitable proceedings.

14.5 Arbitration is specifically rejected by the parties as a method of settling disputes which arise under this agreement; neither of the parties shall be compelled by the other to arbitrate a dispute which may arise under this Agreement.

**ARTICLE XV**  
**Additional Requirements**

15.1 The following items are part of this contract:

a) Engineer shall maintain all books, records, and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Each party to this Agreement or their authorized representatives shall have reasonable and timely access to such records of each other party to this Agreement for public records purposes during the term of the Agreement and for four years following the termination of this Agreement. If an auditor employed by the County or Clerk determines that monies paid to Engineer pursuant to this Agreement were spent for purposes not authorized by this Agreement, the Engineer shall repay the monies together with interest calculated pursuant to F.S. Sec. 55.03, running from the date the monies were paid to County.

b) **Governing Law, Venue, Interpretation, Costs, and Fees:** This Agreement shall be governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and to be performed entirely in the State. In the event that any cause of action or administrative proceeding is instituted for the enforcement or interpretation of this Agreement, the County and Engineer agree that venue will lie in the appropriate court or before the appropriate administrative body in Monroe County, Florida. The Parties waive their rights to a trial by jury. The County and Engineer agree that, in the event of conflicting interpretations of the terms or a term of this Agreement by or between any of them the issue shall be submitted to mediation prior to the institution of any other administrative or legal proceeding, pursuant to this agreement.

c) **Severability.** If any term, covenant, condition or provision of this Agreement (or the application thereof to any circumstance or person) shall be declared invalid or unenforceable to any extent by a court of competent jurisdiction, the remaining terms, covenants, conditions and provisions of this Agreement, shall not be affected thereby; and each remaining term, covenant, condition and provision of this Agreement shall be valid and shall be enforceable to the fullest extent permitted by law unless the enforcement of the remaining terms, covenants, conditions and provisions of this Agreement would prevent the accomplishment of the original intent of this Agreement. The County and Engineer agree to reform the Agreement to replace

Contract for Transportation Planning Services – URS Corporation Southern

---

any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

d) **Attorney's Fees and Costs.** The County and Engineer agree that in the event any cause of action or administrative proceeding is initiated or defended by any party relative to the enforcement or interpretation of this Agreement, each party shall pay its own attorneys' fees and costs.

e) **Binding Effect.** The terms, covenants, conditions, and provisions of this Agreement shall bind and inure to the benefit of the County and Engineer and their respective legal representatives, successors, and assigns.

f) **Authority.** Each party represents and warrants to the other that the execution, delivery and performance of this Agreement have been duly authorized by all necessary County and corporate action, as required by law. Each party agrees that it has had ample opportunity to submit this Contract to legal counsel of its choice and enters into this agreement freely, voluntarily and with advise of counsel.

g) **Claims for Federal or State Aid.** Engineer and County agree that each shall be, and is, empowered to apply for, seek, and obtain federal and state funds to further the purpose of this Agreement; provided that all applications, requests, grant proposals, and funding solicitations shall be approved by each party prior to submission.

h) **Adjudication of Disputes or Disagreements.** County and Engineer agree that all disputes and disagreements shall be attempted to be resolved under Section XIV of this agreement. If no resolution can be agreed upon within 30 days after mediation, then any party shall have the right to seek such relief or remedy as may be provided by this Agreement or by Florida law.

i) **Cooperation.** In the event any administrative or legal proceeding is instituted against either party relating to the formation, execution, performance, or breach of this Agreement, County and Engineer agree to participate, to the extent required by the other party, in all proceedings, hearings, processes, meetings, and other activities related to the substance of this Agreement or provision of the services under this Agreement. County and Engineer specifically agree that no party to this Agreement shall be required to enter into any arbitration proceedings related to this Agreement.

j) **Nondiscrimination.** Engineer and County agree that there will be no discrimination against any person, and it is expressly understood that upon a determination by a court of competent jurisdiction that discrimination has occurred, this Agreement automatically terminates without any further action on the part of any party, effective the date of the court order. Engineer or County agree to comply with all Federal and Florida statutes, and all local ordinances, as applicable, relating to nondiscrimination. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (PL 88-352) which prohibits discrimination on the basis of race, color or national origin; 2) Title IX of the Education Amendment of 1972, as amended (20 USC ss. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; 3) Section 504 of the Rehabilitation Act of 1973, as amended (20 USC s. 794), which prohibits

Contract for Transportation Planning Services – URS Corporation Southern

discrimination on the basis of handicaps; 4) The Age Discrimination Act of 1975, as amended (42 USC ss. 6101-6107) which prohibits discrimination on the basis of age; 5) The Drug Abuse Office and Treatment Act of 1972 (PL 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; 6) The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (PL 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; 7) The Public Health Service Act of 1912, ss. 523 and 527 (42 USC ss. 690dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patent records; 8) Title VIII of the Civil Rights Act of 1968 (42 USC s. et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; 9) The Americans with Disabilities Act of 1990 (42 USC s. 1201 Note), as maybe amended from time to time, relating to nondiscrimination on the basis of disability; 10) Any other nondiscrimination provisions in any Federal or state statutes which may apply to the parties to, or the subject matter of, this Agreement.

k) **Covenant of No Interest.** Engineer and County covenant that neither presently has any interest, and shall not acquire any interest, which would conflict in any manner or degree with its performance under this Agreement, and that only interest of each is to perform and receive benefits as recited in this Agreement.

l) **Code of Ethics.** County agrees that officers and employees of the County recognize and will be required to comply with the standards of conduct for public officers and employees as delineated in Section 112.313, Florida Statutes, regarding, but not limited to, solicitation or acceptance of gifts; doing business with one's agency; unauthorized compensation; misuse of public position, conflicting employment or contractual relationship; and disclosure or use of certain information.

m) **No Solicitation/Payment.** The Engineer and County warrant that, in respect to itself, it has neither employed nor retained any company or person, other than a bona fide employee working solely for it, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for it, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of the provision, the Engineer agrees that the County shall have the right to terminate this Agreement without liability and, at its discretion, to offset from monies owed, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

n) **Public Access.** The Engineer and County shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Engineer and County in conjunction with this Agreement; and the Engineer shall have the right to unilaterally cancel this Agreement upon violation of this provision by County.

o) **Non-Waiver of Immunity.** Notwithstanding the provisions of Sec. 768.28, Florida Statutes, the participation of the Engineer and the County in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the

Contract for Transportation Planning Services – URS Corporation Southern

extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

p) **Privileges and Immunities.** All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

q) **Legal Obligations and Responsibilities: Non-Delegation of Constitutional or Statutory Duties.** This Agreement is not intended to, nor shall it be construed as, relieving any participating entity from any obligation or responsibility imposed upon the entity by law except to the extent of actual and timely performance thereof by any participating entity, in which case the performance may be offered in satisfaction of the obligation or responsibility. Further, this Agreement is not intended to, nor shall it be construed as, authorizing the delegation of the constitutional or statutory duties of the County, except to the extent permitted by the Florida constitution, state statute, and case law.

r) **Non-Reliance by Non-Parties.** No person or entity shall be entitled to rely upon the terms, or any of them, of this Agreement to enforce or attempt to enforce any third-party claim or entitlement to or benefit of any service or program contemplated hereunder, and the Engineer and the County agree that neither the Engineer nor the County or any agent, officer, or employee of either shall have the authority to inform, counsel, or otherwise indicate that any particular individual or group of individuals, entity or entities, have entitlements or benefits under this Agreement separate and apart, inferior to, or superior to the community in general or for the purposes contemplated in this Agreement.

s) **Attestations.** Engineer agrees to execute such documents as the County may reasonably require including a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement.

t) **No Personal Liability.** No covenant or agreement contained herein shall be deemed to be a covenant or agreement of any member, officer, agent or employee of Monroe County in his or her individual capacity, and no member, officer, agent or employee of Monroe County shall be liable personally on this Agreement or be subject to any personal liability or accountability by reason of the execution of this Agreement.

u) **Americans with Disabilities Act of 1990 (ADA).** The Engineer will comply with all the requirements as imposed by the ADA, the regulations of the Federal government issued thereunder, and the assurance by the Engineer pursuant thereto.

v) **Disadvantaged Business Enterprise (DBE) Policy And Obligation.** It is the policy of the County that DBE's, as defined in C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with County funds under this Agreement. The DBE requirements of applicable federal and state laws and

Contract for Transportation Planning Services – URS Corporation Southern

regulations apply to this Agreement. The County and its Engineer agree to ensure that DBE's have the opportunity to participate in the performance of the Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that DBE's have the opportunity to compete and perform contracts. The County and the Engineer and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

w) Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be regarded as an original, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

x) Section Headings. Section headings have been inserted in this Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Agreement and will not be used in the interpretation of any provision of this Agreement.

y) Notwithstanding any other provision to the contrary in this Contract and to the fullest extent permitted by law, neither Owner nor Engineer shall be liable, whether based on contract, tort, negligence, strict liability, warranty, indemnity, error and omission or any other cause whatsoever, for any consequential, special, incidental, indirect, punitive or exemplary damages, or damages arising from or in connection with loss of power, loss of use, loss of revenue or profit (actual or anticipated), loss by reason of shutdown or non-operation, increased cost of construction, cost of capital, cost of replacement power or customer claims, and Engineer hereby releases Owner and Owner hereby releases Engineer from any such liability.

**RESOLUTION NO. -2016**

**A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, AUTHORIZING CERTAIN CODE COMPLIANCE INSPECTORS TO ISSUE CITATIONS FOR VIOLATIONS OF THE MONROE COUNTY CODE FOR DISPOSITION IN COUNTY COURT.**

---

**WHEREAS**, Monroe County Code Section 8-4 provides that Monroe County Code Inspectors may be authorized by the Board of County Commissioners (BOCC) to issue citations for Violations of the Monroe County Code for disposition in county court; and;

**WHEREAS**, Florida Statute 162 provides for the disposition of Monroe County Codes in county court; and

**WHEREAS**, in order to enforce violations of Monroe County Codes in county court, Monroe County code inspectors must first be authorized by a resolution of the Board of County Commissioners to issue citations for the violations of the Monroe County Code for disposition in county court,

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:**

That the following code compliance inspectors are authorized to issue citations for violations of The Monroe County Code for disposition in county court:

**Mallory Jones  
Ariel Coll**

**PASSED AND ADOPTED** at a regular meeting of the Board of County Commissioners of Monroe County, Florida, held on the 20<sup>th</sup> day of January 2016.

---

**AGENDA ITEM WORDING:** Third public input opportunity for the discussion, and development of policy direction by Board of County Commissioners in regards to the proposed Florida Department of Economic Opportunity (DEO) “Vacant Lot Retirement and Hotel Unit Allocation Rule.”

---

**ITEM BACKGROUND:** The 2014 ACSC Annual Report (excerpt attached) demonstrates the progress the County and cities have made meeting the Rule Work Program requirements. The report also discusses the hurricane evacuation time limit and the fact that the number of allocations awarded County-wide through the year 2023 are not enough to provide building permits for all vacant parcels in the Florida Keys. The report demonstrates almost 8,000 parcels will remain Keys-wide with 6,198 remaining in unincorporated Monroe County. The DEO recognizes this is a challenge in the annual report. DEO encourages each jurisdiction to work with the Department of Environmental Protection through the Florida Forever program for land acquisition.

The DEO requested and the Administrative Commission authorized rulemaking for the DEO proposed “Vacant Lot Retirement and Hotel Unit Allocation Rule.” This proposed rule is discussed beginning on page 16 of the attached 2014 Florida Keys Annual Report. In general, this rule provides:

- 300 hotel units (this does not increase evacuation time in the model) be granted to up to 3 Keys communities who:
  - Establish a hotel Unit Allocation Program that requires:
    - an application for the units;
    - award;
    - tracking/record keeping for distribution to developers;
    - development of affordable housing units or a fee in lieu of contribution for affordable housing in exchange for the hotel units; and
    - the extinguishment of residential development rights in Marathon, Islamorada, or unincorporated Monroe County at a 3:1 ratio – meaning for every hotel unit awarded, development rights are extinguished on 3 private buildable platted lots that are either:
      - Tier I or II; or
      - Targeted for acquisition by the Florida Department of Environmental Protection (DEP); or
      - Scored between 4-5 under the Florida Keys Wetland Identification Program (KWEP)
    - an approval of a conditional use for the development (with a condition that the extinguished residential development rights be completed within 2 years of approval of the conditional use);
    - no building permit for hotel units be issued prior to residential development rights being extinguished
    - the local government rezone the lots with extinguished development rights as “Conservation”
    - reporting to DEO annually by July 30 of each year

The DEO will begin rulemaking over the next year and they will be holding public input workshops.

In order for the Commission to develop their policy direction related to the proposed DEO rule, staff is seeking direction from the BOCC prior to the rulemaking effort by DEO. DEO is anticipating holding initial public input meetings in late January 2016.

Assuming this Rule is adopted and goes into effect, it is important to note that the County currently prohibits new transient residential units (hotel/motel units) and if the BOCC wishes to participate in the "Vacant Lot Retirement and Hotel Unit Allocation Program" the County would need to amend the Comprehensive Plan. See existing policy below in double underline.

**Objective 101.2**

*Monroe County shall reduce hurricane evacuation clearance times to 24 hours by the year 2010.*

**Policy 101.2.1**

*Monroe County shall establish a Permit Allocation System for new residential development. The Permit Allocation System shall limit the number of permits issued for new residential development. THIS POLICY IS SUPERSEDED BY POLICY 101.2.13 FOR AN INTERIM PERIOD OF TIME.*

**Policy 101.2.2**

*Applicants shall be required to obtain letters of coordination confirming the availability of potable water and electricity, and applicable permits from HRS prior to submitting a building permit application for new residential development to the Monroe County Growth Management Division through the Permit Allocation System. Applicants shall be required to obtain all other applicable agency permits prior to the issuance of a County permit.*

**Policy 101.2.3**

*The Permit Allocation System for new residential (ROGO) development shall specify procedures for:*

- 1. annual adjustment of the number of permits for new residential units to be issued during the next year based upon, but not limited to the following:
  - a. expired allocations and building permits in previous year;*
  - b. allocations available, but not allocated in previous year;*
  - c. number of allocations borrowed from future quarters;*
  - d. vested allocations;*
  - e. modifications required or provided by this plan or agreement pursuant to Chapter 380, Florida Statutes; and*
  - f. receipt or transfer of affordable housing allocations by intergovernmental agreement.**
- 2. allocation of affordable and market rate housing units in accordance with Policy 101.2.4; and*
- 3. timing of the acceptance of applications, evaluation of applications, and issuance of permits for new residential development during the calendar year.*

**Policy 101.2.4**

*Monroe County shall allocate at least 20 percent of residential (non-transient) growth to affordable housing units as part of the Permit Allocation System. Any portion of the 20 percent allocation not used for affordable housing shall be retained and be made available for affordable housing from ROGO year to ROGO year. Affordable housing eligible for this separate allocation shall meet the criteria specified in Policy 601.1.7, but shall not be subject to the competitive Residential Permit Allocation and Point System in Policy 101.5.4. The parcel proposed for affordable housing shall not be located within an area designated as Tier I*

**Policy 101.2.5**

*Monroe County recognizes the discrepancy of units between the County's proposed allocation to the Cities and the Cities' vested development assumptions. By January 4, 1997, the County shall initiate an interlocal agreement with the Cities to resolve the discrepancy within three (3) years.*

**Policy 101.2.6**

**Monroe County shall prohibit new transient residential units including hotel or motel rooms, campground spaces, or spaces for parking a recreational vehicle or travel trailer until May 1, 2022.**  
**(Ordinance 005-2014)**

---

**PREVIOUS RELEVANT BOCC ACTION:**

On May 21<sup>st</sup>, 2014 the BOCC passed and adopted Ordinance 005-2014 amending Policy 101.2.6 extending the moratorium on transient unit allocations until May 1, 2022.

On October 21, 2015 BOCC meeting there was a discussion agenda item to review the 2014 Florida Keys Areas of Critical State Concern (ACSC) Annual Report by the DEO including the proposed "Vacant Lot Retirement and Hotel Unit Allocation Rule." BOCC directed staff to begin a county outreach program to gather public input and develop a county commission policy direction.

On November 17, 2015 BOCC meeting there was an initial public input and discussion agenda item in regards to the proposed Florida Department of Economic Opportunity (DEO) "Vacant Lot Retirement and Hotel Unit Allocation Rule" to gain input from the community.

**DOCUMENTATION:** Included \_\_\_ Not Required \_\_\_

**DISPOSITION:** \_\_\_\_\_ **AGENDA ITEM #** \_\_\_\_\_

The proposed rule language is as follows:

**Rule \_\_\_\_\_.** **Hotel Unit Allocation Program for the Florida Keys and City of Key West Areas of Critical State Concern.**

- (1) **Purpose.** This rule establishes a program to award to Florida Keys local governments Hotel Unit Allocations for hotel development in exchange for extinguishment of residential development rights on vacant buildable environmentally sensitive lots. The purpose of the program is to reduce residential development entitlements and increase acquisition of vacant buildable environmentally sensitive platted lots, reduce state and local government exposure to potential takings claims, and ensure the safe evacuation of residents of the Florida Keys and City of Key West Areas of Critical State Concern during tropical hurricane events.
- (2) **Definitions.** As used in this rule the following terms have the following meanings:
  - (a) “Florida Keys” means the Florida Keys Area of Critical State Concern and the City of Key West Area of Critical State Concern.
  - (b) A “Hotel Unit Allocation” means an allocation for development of one Hotel Unit consisting of one bedroom and up to two bathrooms.
  - (c) “Recipient(s)” means a non-government entity or an individual who receives a Hotel Unit Allocation award from a local government.
  - (d) Department and DEO means the State Land Planning Agency
  - (e) “Environmentally Sensitive” means lands targeted for acquisition by the Florida Department of Environmental Protection, lands designated Tier I and Tier II under the Monroe County comprehensive plan, or wetlands scoring 4 to 5 on the Keys Wetland Evaluation Program (KEYWEP)
- (3) **Communities; Local Government Hotel Unit Allocation Awards; Expiration.** The Department of Economic Opportunity may designate up to three local governments in the Florida Keys as communities under this rule. The Department shall issue a Hotel Unit Allocation Award Letter to the community or communities awarding a combined total of up to 300 Hotel Unit Allocations. If more than one community is designated, the Department may award all Hotel Unit Allocations simultaneously or may stagger the Hotel Unit Allocation awards.
- (4) **Use of Hotel Unit Allocations for Development.**
  - (a) **Local Hotel Unit Allocation Program.** A local government in possession of Hotel Unit Allocations may award those Hotel Unit Allocations to a Recipient for development of hotel units. Prior to any award to a Recipient, the local government shall establish a Hotel Unit Allocation Program that:
    1. includes application, award, tracking, and record-keeping requirements,
    2. requires development of affordable housing units or, if authorized by the local government’s comprehensive plan or land development regulations, contribution of a fee for each hotel unit built, and

3. requires the extinguishment of residential development rights as provided in this rule.
- (b) **Conditional Use Approval; Expiration of Hotel Unit Allocation to a Recipient.** Hotel Unit Allocations shall be awarded pursuant to a conditional use approval conditioning the award on the Recipient extinguishing development rights on three vacant buildable environmentally sensitive platted residential lots for each one Hotel Unit Allocation awarded. For the purpose of this rule, an environmentally sensitive platted residential lot is a platted lot designated as Tier I or II, targeted for acquisition by the Florida Department of Environmental Protection, or a lot that scores between 4.0 and 5.0 under the Florida Keys Wetland Identification Program and must have been platted on or before the effective date of this rule. The lots on which development rights are extinguished must be located within unincorporated Monroe County, Islamorada, or Marathon exclusive of offshore islands and Mainland Monroe. Residential development rights shall be extinguished within two years after the date of the conditional use approval or the Hotel Unit Allocation award shall automatically expire. Upon expiration, the Hotel Unit Allocations shall revert to the Department for further award pursuant to its adopted Hotel Unit Allocation program. Once the required residential development rights are extinguished in a manner consistent with this rule, the Hotel Unit Allocations are the sole property of the Recipient.
  - (c) **Extinguishing Residential Development Rights.** Residential development rights shall be extinguished by the Recipient recording a written instrument in the public records of Monroe County, Florida, extinguishing such development rights. The instrument shall be in a form acceptable to the local government in which the lots are located. The Recipient shall provide a copy of the recorded instrument to the Department and to the local government in which the lots are located no later than 10 days after the recording information is made available to the Recipient by the Clerk's Office. The Recipient shall not be entitled to receive a building permit for hotel units to be developed pursuant to a Hotel Unit Allocation award until the required residential development rights have been extinguished.
  - (d) **Plan Amendment Designating Lots as Conservation.** The local government in whose jurisdiction the lots on which development rights have been extinguished are located shall amend its comprehensive plan to designate the lots as "Conservation" on its Future Land Use Map within six months after the receipt of the recorded written instrument extinguishing such development rights. The local government in whose jurisdiction the lots are located may require the Recipient to apply for the plan amendment required by this section.
  - (e) **Land Management.** For the purpose of land management, the Recipient may convey the lots on which development rights have been extinguished to the Monroe County Land Authority or to the local government in which they are located to manage the lots.

- (5) **Evaluation and Report to the Administration Commission.** Local governments participating in the program shall provide DEO an annual Report by July 30 of each year indicating the status of the program and reporting the number of units that have been transferred or acquired. Adjustments to the ten year building permit allocation shall be reflected in a plan amendment by the donor and receiver local governments within 12 months of adoption of a resolution to transfer units to another local government. Department of Economic Opportunity shall include in its Florida Keys annual report an assessment of the success or failure of the program and a recommendation whether the program should be expanded.

*Rulemaking Authority: 380.05(22)(b), FS; Law Implemented: 380.05, 380.0552, FS; New.*

#### **Recommendations**

Staff at DEO recommend promulgation of the above rule.

**BOARD OF COUNTY COMMISSIONERS

Staff Contact Person/Phone #: Mayté Santamaria 289-2562

---

**AGENDA ITEM WORDING:** Discussion of text amendments to allow maintenance dredging in canals with seagrasses to maintain navigability.

---

**ITEM BACKGROUND:** At the October 21, 2015 BOCC meeting, there was a Sounding Board item to “speak to the County Commissioners in regards to Duck Key Property Owner’s Association concerns regarding decreasing water quality and accessibility in the renowned free flowing waterways that intersect the five islands that compromise Duck Key” by Sherry Popham. Mrs. Popham, representing Duck Key residents and Duck Key Property Owner’s Association, provided a hand-out to the BOCC regarding Duck Key Canal Restoration (attached), which identified 8 areas in Duck Key that have silted up to less than 5ft of depth at low tide. Mrs. Popham noted that no appreciable maintenance has been performed since construction of the canals 60+ years ago. Mrs. Popham described the canal system as free-flowing, teeming with sea life and seagrass, and with good water quality. Ms. Popham also described the creation of an attractive nuisance with the white sand deposition in the entrance canal (described in the hand-out as Area F), creating a white sandy beach within the canal. The movement of deposits of sand from storm events, water quality, property value impacts and navigability issues were mentioned. The Duck Key residents, represented by Ms. Popham, asked the BOCC to consider modifying the current County prohibitions (i.e. allow maintenance dredging where there are seagrasses and hardbottom communities) that prevent the restoration of the canals. Duck Key representatives have reviewed the various governmental agency requirements and noted that they believe the requirements of the state and federal agencies can be met but cannot move forward with the County’s prohibition on maintenance dredging in areas with seagrass beds or characterized by hardbottom communities.

The BOCC discussed the possibility of a specific Comprehensive Plan amendment to address canal maintenance and asked County staff to bring back potential options (not to open uncontrolled dredging or to allow the creation of new canals) for consideration. If the BOCC is considering the potential amendments of the Comprehensive Plan and Land Development Code, staff suggests that the Duck Key residents apply for text amendments to the Comprehensive Plan and Land Development Code.

Attached are excerpts of the current, adopted Monroe County Comprehensive Plan and Land Development Code related to maintenance dredging. Additionally, attached is a potential Comprehensive Plan and Land Development Code amendment option.

---

**PREVIOUS RELEVANT BOCC ACTION:**

On April 18, 2013, the BOCC reviewed a private application for a proposed text amendment to the Comprehensive Plan to establish sub-area policies applicable to a specific geographic area of submerged lands, create site-specific parameters for the re-dredging of privately-owned submerged lands with benthic resources to facilitate navigational access and to define the specific, limited circumstances and conditions which must be met to allow the re-dredging. The BOCC voted to not transmit the amendment.

On March 21, 2014, the BOCC reviewed draft amendments to the Comprehensive Plan for the 2030 Comprehensive Plan update project and directed staff to develop a text amendment to allow maintenance dredging the mouth of a canal to restore navigational access.

On July 23, 2014, the BOCC reviewed draft amendments to the Comprehensive Plan for the 2030 Comprehensive Plan update project, including text amendments to allow maintenance dredging the mouth (entrance) of a canal. The BOCC recommended maintaining the proposed amendment in the 2030 Comprehensive Plan update draft.

On October 7, 2014, the BOCC reviewed draft amendments to the Comprehensive Plan for the 2030 Comprehensive Plan update project, including text amendments to allow maintenance dredging the mouth of a canal. The BOCC directed deletion of the proposed amendments relating to maintenance dredging the mouth (entrance) of a canal.

## Existing Adopted Dredging Policies and Code

### Comprehensive Plan

#### **Objective 202.8**

Monroe County shall maintain Land Development Regulations which implement county policies preventing the continued loss of benthic resources, improving water quality and controlling pollutant discharges into surface waters from dredge and fill activities.

#### **Policy 202.8.1**

Monroe County shall support state and federal policies and regulations concerning the permitting of dredge and fill activity, except in those instances where more stringent regulations adopted by Monroe County shall be maintained.

#### **Policy 202.8.2**

No new dredging shall be permitted in Monroe County

#### **Policy 202.8.3**

*No maintenance dredging shall be permitted within areas vegetated with seagrass beds or characterized by hardbottom communities except for maintenance in public navigation channels.*

#### **Policy 202.8.4**

In order to facilitate establishment and prevent degradation of bottom vegetation, maintenance dredging in artificial waterways shall not exceed depths greater than minus six (-6) feet mean low water. This policy does not apply to the entrance channels into Key West Harbor and Safe Harbor.

### Land Development Code

#### **Sec. 118-10. - Environmental design for specific habitat types.**

In addition to the general criteria set forth in this chapter, specific criteria shall apply to individual habitats as outlined in this section.

(4) Mangroves, wetlands, and submerged lands.

All structures developed, used or occupied on land classified as mangroves, wetlands or submerged lands (all types and all levels of quality) shall be designed, located and constructed such that:

a. Generally. Only docks and docking facilities, boat ramps, walkways, water access walkways, water observation platforms, boat shelters, nonenclosed gazebos, riprap, seawalls, bulkheads, and utility pilings shall be permitted on or over mangroves, wetlands, and submerged lands, subject to the specific restrictions of this subsection. These restrictions shall not apply to disturbed wetlands that have been lawfully converted into uplands through filling. Trimming and/or removal of mangroves shall meet Florida Department of Environmental Protection requirements.

b. Protection of circulation patterns. Shoreline structures shall be designed to protect tidal flushing and circulation patterns.

c. **Dredging.** The following restrictions shall apply to dredging activities:

1. No new dredging shall be allowed in the county except as specified for boat ramps in section 118-12(1) (shoreline setback, boat ramps).

2. *No maintenance dredging shall be permitted within areas vegetated with seagrass beds or characterized by hard bottom communities except for maintenance dredging in public navigation channels.*

3. In order to facilitate establishment and prevent degradation of bottom vegetation, maintenance dredging in artificial waterways shall not exceed depths greater than six feet at mean low water (MLW). This restriction does not apply to the entrance channels into Key West Harbor and Safe Harbor.

4. All dredged spoil materials shall be placed on permitted upland sites designed and located to prevent runoff of spoil material into wetlands or surface waters.

5. All dredge activities require approvals by the Florida Department of Environmental Protection and the U.S. Army Corps of Engineers prior to issuance of a county permit.

6. Exemptions:

a. Pursuant to Policy 202.8.6, canal restoration projects developed to determine the effectiveness of water quality strategies of the Florida Keys National Marine Sanctuary Water Quality Protection Program that meet the following criteria are exempt from the restrictions in [subsection] (4)c.2:

i. Projects are limited to previously dredged artificial canals characterized as having poor or fair water quality within the 2013 Monroe County Canal Management Master Plan;

ii. Projects are performed or funded by public entities (county, state, or federal) for organic material removal; and

iii. Projects are backfilled to a depth of six to eight feet, or an alternative depth as determined by best available scientific data and authorized by the state and federal permitting agencies; and

iv. Hydraulic (vacuum) dredging shall be considered the preferred means of removal of the organic material. If hydraulic dredging is not proposed to accomplish the organic material removal, a public hearing before the board of county commissioners (BOCC) shall be required prior to issuance of a county permit.

b. Pursuant to Policy 202.8.6, two demonstration pilot canal restoration projects to remove decomposing organic material from previously dredged artificial canals (down to the bedrock) without backfilling will be performed and evaluated for effectiveness. Water quality monitoring of these two organic removal pilot projects shall be conducted at a two-year point of time and a ten-year point of time after completion of the pilot projects, and a water quality report shall be reviewed to determine the effectiveness in improving dissolved oxygen concentrations, as identified in the surface water quality criteria in Chapter 62-302.530, F.A.C., in the two organic removal pilot projects canals.

d. Placement of fill. No fill shall be permitted in any mangroves, wetlands, or submerged lands except:

1. As specifically allowed by this section or by section 118-12(k) and (l) shoreline setbacks, bulkheads, seawalls, riprap and boat ramps);

2. To fill a manmade, excavated water body such as a canal, boat ramp, boat slip, boat basin or swimming pool if the county biologist determines that such

filling will not have a significant adverse impact on marine or wetland communities;

3. As needed for shoreline stabilization or beach renourishment projects with a valid public purpose that furthers the goals of the Monroe County Comprehensive Plan, as determined by the county biologist;

4. For bridges extending over salt marsh and/or buttonwood association wetlands that are required to provide automobile or pedestrian access to dwelling units located on upland areas within the same property for which there is no alternate means of access. Such bridges shall be elevated on pilings so that the natural movement of water, including volume, rate and direction of flow shall not be disrupted or altered; or

5. As approved for Disturbed Salt Marsh and Buttonwood Association Wetlands with appropriate mitigation as defined by the wetland regulations of subsection (d)(6) of this section.

All such projects shall require approval by the Florida Department of Environmental Protection and the U.S. Army Corps of Engineers prior to issuance of a county building permit.

e. After-the-fact exclusion. No after-the-fact permits shall be issued that violate the county dredge and filling regulations. All fill shall be removed and all damages mitigated.

**Section 101-1:**

*Dredging* means excavation below water level or in wetlands.

*Maintenance* means that action taken to restore or preserve the functional intent of any facility or system.

**Florida Department of Environmental Rule 18-21.003, F.A.C., provides definitions for private and public channel, as follows:**

**Rule 18-21.003 Definitions.**

When used in these rules, the following definitions shall apply unless the context clearly indicates otherwise:

(46) **“Private channel”** means a channel that is dredged or maintained by private entities to provide access to or from such locations as private residences, marinas, yacht clubs, vessel repair facilities, or revenue-generating facilities.

(50) **“Public channel”** means a channel that is constructed or maintained by a public entity such as a federal or state agency, local government, or inland navigation district listed in Chapter 374, F.S., or that is part of a public navigation project, public water management project, or a deepwater port listed in Section 403.021(9)(b), F.S.

(52) **“Public navigation project”** means an activity primarily for the purpose of navigation which is authorized and funded by the United States Congress or by port authorities as defined by Section 315.02(2), F.S.

**Section 373.403, F.S. Definitions.—**

When appearing in this part or in any rule, regulation, or order adopted pursuant thereto, the following terms mean:

- (8) “Maintenance” or “repairs” means remedial work of a nature as may affect the safety of any dam, impoundment, reservoir, or appurtenant work or works, but excludes routine custodial maintenance.
- (13) “Dredging” means excavation, by any means, in surface waters or wetlands, as delineated in s. 373.421(1). It also means the excavation, or creation, of a water body which is, or is to be, connected to surface waters or wetlands, as delineated in s. 373.421(1), directly or via an excavated water body or series of water bodies.
- (14) “Filling” means the deposition, by any means, of materials in surface waters or wetlands, as delineated in s. 373.421(1).

**403.803 Definitions.—When used in this act, the term, phrase, or word:**

- (2) “Canal” is a manmade trench, the bottom of which is normally covered by water with the upper edges of its sides normally above water.
- (3) “Channel” is a trench, the bottom of which is normally covered entirely by water, with the upper edges of its sides normally below water.

**Rule 62-312.020 Definitions.**

- (7) “Dredging” is the excavation, by any means, in waters of the state. It is also the excavation (or creation) of a water body which is, or is to be, connected to any of the waters listed in subsection 62-312.030(2), F.A.C., directly or via an excavated water body or series of excavated water bodies.

## Potential Text Comprehensive Plan Amendment Option

### **Objective 202.48**

Monroe County shall adopt-maintain Lland Ddevelopment Rregulations which implement county policies controlling pollutant discharges into surface waters from dredge and fill activities. [9J-5.012(3)(b)2; 9J-5.013(2)(b)2] [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

### **Policy 202.84.1**

Monroe County shall support state and federal policies and regulations concerning the permitting of dredge and fill activity, except in those instances where more stringent regulations adopted by Monroe County shall be maintained. [9J-5.012(3)(e)1,2,3 and 8; 9J-5.013(2)(e)1 and 6] [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

### **Policy 202.84.2**

No new dredging shall be permitted in Monroe County. [9J-5.012(3)(e)1, [§163.3177(6)d.2,3 and 8; 9J-5.013(.b., F.S; §163.3177(6)d.2)(e)1 and 6].e., F.S.]

### **Policy 202.84.3**

Channels: No maintenance dredging shall be permitted within areas vegetated with seagrass beds or characterized by hardbottom communities except for maintenance in public navigation channels.

Canals: Maintenance dredging may be permitted within a previously dredged artificial canal, including areas vegetated with seagrass beds or characterized by hardbottom communities, to restore navigational access due to storm depositions and preserve the function of the artificial canal, subject to the requirements in Policy 202.4.4. [9J-5.012(3)(e)1,2,3 and 8; 9J-5.013(2)(e)1 and 6] [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

### **Policy 202.84.4**

In artificial canals with deposits of sand from storm events, maintenance dredging may be permitted to facilitate navigational access and/or restore the function of the canal provided that:

- Shoaling and sedimentation has reduced the reasonable access to open water.
- The maintenance dredging cannot be used to dredge natural barriers (areas that have not been previously dredged) separating a canal or canal system from adjacent wetlands and/or other surface waters.
- The maintenance dredging shall not exceed depths greater than minus six (-6) feet mean low water, or to the depths of refusal (rock), whichever is more restrictive (e.g. the shallowest depth shall control).
- The maintenance dredging methodology shall not cause degradation of water quality or secondary and/or cumulative impacts to surrounding benthic resources.
- Turbidity controls shall be used to prevent reduction of light availability to seagrasses and increased sedimentation in adjacent surface waters and benthic resources.

- The quantity of mitigation for seagrass/hardbottom community resource impacts shall meet the requirements specified by the State of Florida's Uniform Mitigation Assessment Method (UMAM).
- The applicants shall provide justification that the proposed maintenance dredge is in the 'public interest.' (Public Interest means demonstrable environmental, social, and economic benefits which would accrue to the public at large as a result of a proposed action.)

**Policy 202.84.54**

In order to ~~facilitate establishment~~prevent degradation of bottom vegetation, maintenance dredging in artificial waterways shall not exceed depths greater than minus six (-6) feet mean low water. This policy does not apply to the entrance channels into Key West Harbor and Safe Harbor. ~~{9J 5.012(3)(e)1,2,3 and 8; 9J 5.013(2)(e)1 and 6}~~ [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

**Policy 202.84.65**

All dredged spoil resulting from maintenance dredging shall be placed on permitted upland sites where drainage can be contained on-site. ~~{9J 5.012(3)(e)1,2,3 and 8; 9J 5.013(2)(e)1 and 6}~~ [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

**Policy 202.84.76**

No "after-the-fact" permits shall be issued that violate Monroe County dredge and fill regulations. All illegal structures and fill shall be removed and damages mitigated. ~~{9J 5.012(3)(e)1,2,3 and 8; 9J 5.013(2)(e)1 and 6}~~ [§163.3177(6)d.2.b., F.S; §163.3177(6)d.2.e., F.S.]

## Potential Text Land Development Code Amendment Option

### **Sec. 118-10. - Environmental design for specific habitat types.**

In addition to the general criteria set forth in this chapter, specific criteria shall apply to individual habitats as outlined in this section.

(4) Mangroves, wetlands, and submerged lands.

All structures developed, used or occupied on land classified as mangroves, wetlands or submerged lands (all types and all levels of quality) shall be designed, located and constructed such that:

- a. Generally. Only docks and docking facilities, boat ramps, walkways, water access walkways, water observation platforms, boat shelters, nonenclosed gazebos, riprap, seawalls, bulkheads, and utility pilings shall be permitted on or over mangroves, wetlands, and submerged lands, subject to the specific restrictions of this subsection. These restrictions shall not apply to disturbed wetlands that have been lawfully converted into uplands through filling. Trimming and/or removal of mangroves shall meet Florida Department of Environmental Protection requirements.
  - b. Protection of circulation patterns. Shoreline structures shall be designed to protect tidal flushing and circulation patterns.
  - c. **Dredging.** The following restrictions shall apply to dredging activities:
    1. No new dredging shall be allowed in the county except as specified for boat ramps in section 118-12(1) (shoreline setback, boat ramps).
    2. Channels: No maintenance dredging shall be permitted within areas vegetated with seagrass beds or characterized by hard bottom communities except for maintenance dredging in public navigation channels.
    3. Canals: Maintenance dredging may be permitted within a previously dredged artificial canal, including areas vegetated with seagrass beds or characterized by hardbottom communities, to restore navigational access due to storm depositions and preserve the function of the artificial canal, subject to the requirements in Policy 202.4.4.
43. In order to facilitate establishment and prevent degradation of bottom vegetation, maintenance dredging in artificial waterways shall not exceed depths greater than six feet at mean low water (MLW). This restriction does not apply to the entrance channels into Key West Harbor and Safe Harbor.
54. All dredged spoil materials shall be placed on permitted upland sites designed and located to prevent runoff of spoil material into wetlands or surface waters.
65. All dredge activities require approvals by the Florida Department of Environmental Protection and the U.S. Army Corps of Engineers prior to issuance of a county permit.

# Situation

- Duck Key canals created more than 60 years ago
- 3 miles of canals and perimeter waterways (created by a breakwall)
- DK canals are open at both ends allowing tidal currents to course through – one of only 3 keys with ‘clean’ water
- While in general the canals are in good shape, some are silting up due to currents and storms
- Hurricanes Georges and Wilma accelerated silting and damaged the south breakwall, partially repaired
- No appreciable maintenance performed since construction

# DKPOA Involvement

- The Duck Key Property Owners Association conducted a survey of the DK residents' community priorities
- Canal maintenance was the second highest priority item, with more than 80% support
- A team of DKPOA directors was asked to study the feasibility of restoring the canals
- DKPOA commissioned an engineering survey to determine the extent of the silting

# ACoE/DEP Rules

- Maximum canal depth 5' at low tide
- Must mitigate damage to the environment (live coral and sea grass)
- May not dredge new channels
- Must drain silt before transportation
- Use of removed material as fill only in approved locations

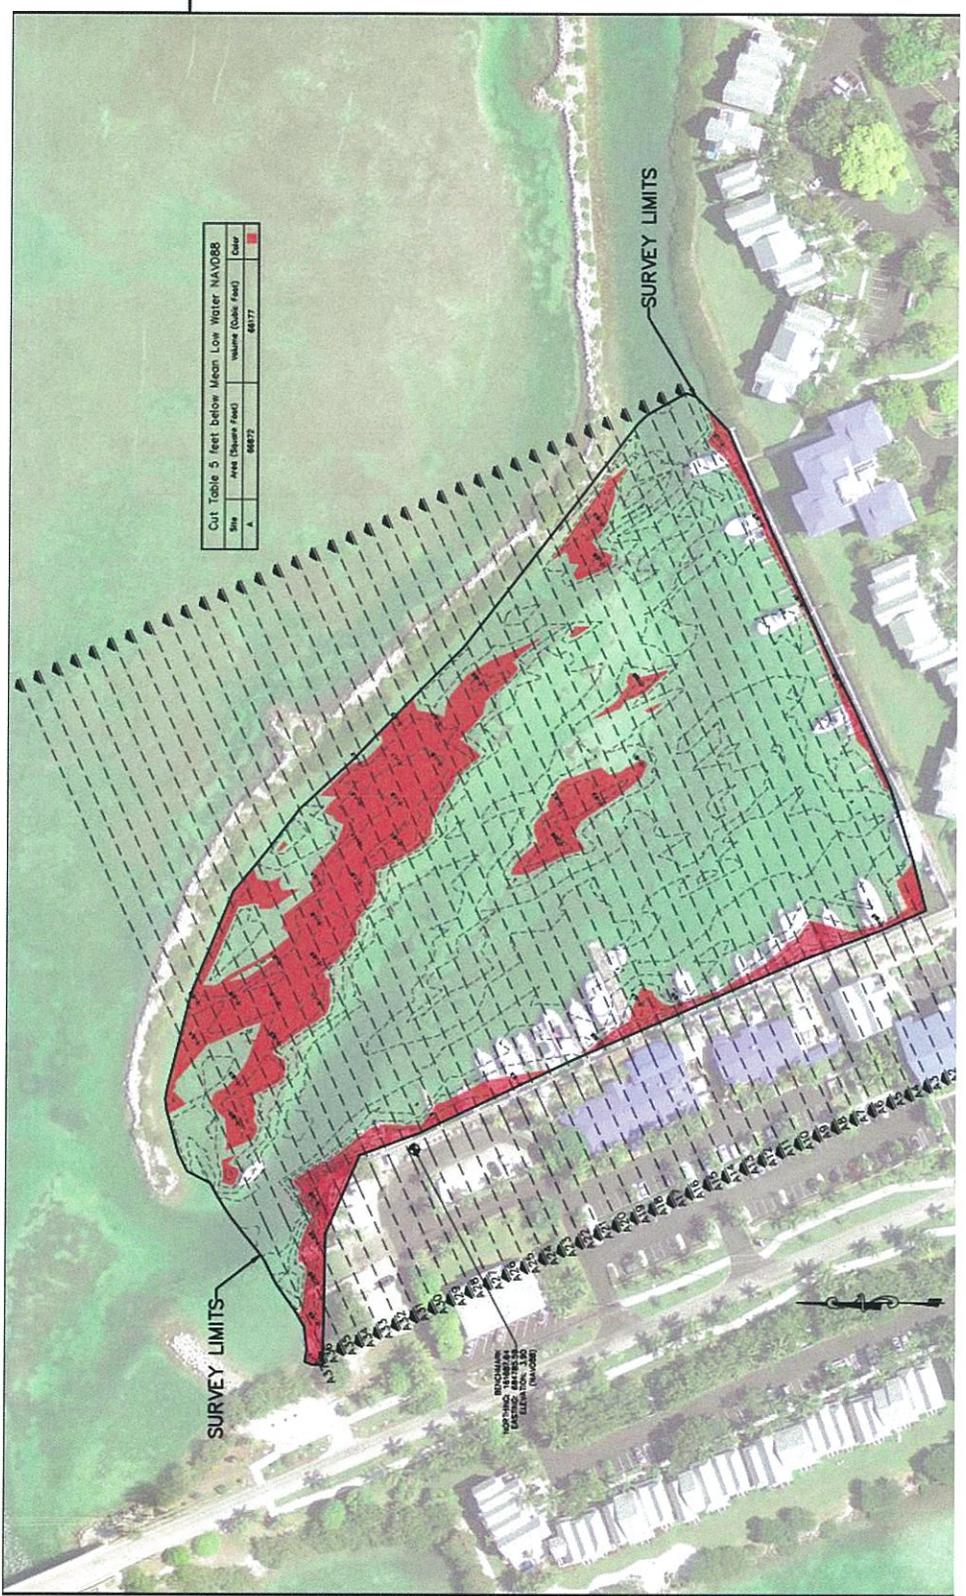

# Bathymetric survey results

- 8 areas were identified that have silted up to less than 5' depth at low tide:
  - Hawk's Cay marina basin center and under docks (A)
  - South/east perimeter canal south of the HK pond (B)
  - South/east inside canal near the main south entry (C)
  - South/west perimeter canal at the main south entry and about 1/3 of its length from the west entry (D+F)
  - South/west inside canal at elbow bend opposite the Halliburton property (E)
  - North shore along Bimini Drive (G)
  - West shore of Harbour Island (H)

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: 1/20/16

Department: Public Works/Solid Waste

Bulk Item: Yes  No

Staff Contact /Phone #: Will Thompson x4432

---

**AGENDA ITEM WORDING:** Discussion, direction, and possible approval of request by Waste Management of Florida, Inc. (WM) for a contract amendment to allow WM to dispose the County's waste at another Waste-to-Energy Plant in Palm Beach County since the WTE in Broward County will no longer accept waste for processing.

---

**ITEM BACKGROUND:** The County received notice via a letter from Wheelabrator to WM indicating that WM had exceeded the annual delivery of Municipal Solid Waste (MSW) at the Wheelabrator South Broward (WSB) facility and that WSB must cease receipt of any additional MSW from WM at the WSB facility effective immediately. Waste Management has advised staff that they are currently taking the County's MSW to the WTE in Palm Beach County.

---

**PREVIOUS RELEVANT BOCC ACTION:** 8/21/13: Discussion and direction on solid waste management program and related contracts.

10/16/13: Presentation and discussion of the current offers from the solid waste vendors. 30 day extension to negotiations authorized and more cost effective offers requested.

11/20/13: Presentation and discussion of the semi-final offers from the solid waste vendors. 3 week extension to negotiations authorized and more cost effective offers requested.

12/11/13: Presentation and discussion of the final offers for solid waste and a potential incineration demonstration project. BOCC authorized moving forward with drafting of the solid waste contracts and also consideration of an incineration demonstration project in Ramrod.

02/19/14: Discussion on the incineration demonstration project and moving forward with a solicitation for processing of yard waste. No formal vote taken.

03/19/14: Discussion, recommendation and direction on the County's yard waste processing. Vote to proceed with RFP for yard waste processing.

5/21/14: The Board approved the *Amended and Restated Haul Out, Operation and Maintenance Agreement* with Waste Management Inc. of Florida (WM)

03/18/15: the Board approved *Amendment 1* designating a yard Waste Processing area at the County's transfer stations.

04/15/15: The Board directed staff to bring back an agenda item to discuss the haul-out rate in the *Amended and Restated Haul Out, Operation and Maintenance Agreement* with Waste Management Inc. of Florida

05/20/15: The Board approved *Amendment 2* clarifying the haul-out rates for municipal solid waste and yard waste and disposal methods for each.

# MONROE COUNTY SHERIFF'S OFFICE

## RICHARD A. RAMSAY, SHERIFF

---

December 01, 2015

Mr. Roman Gastesi, County Administrator  
Historic Gato Building  
1100 Simonton Street  
Key West, Florida 33040

RE: Request for Expenditures from Law Enforcement Trust Fund

Dear Mr. Gastesi:

I would like to request that the Commission authorize the following expenditures from the Law Enforcement Trust Fund:

**\$ 2,000.00: Samuel's House Inc.** to help with the operating funds for the only program in the county providing emergency shelter and permanent supportive housing for women, women with children, men with children and intact families. The Samuel's House provides programs to individuals assisting them overcome adversities and move forward with a strong sense of purpose.

**TOTAL: \$ 2,000.00**

I hereby certify that these expenditures are lawful pursuant to the Florida Contraband Act. There will be no recurring expenses in the existing budget.

Please feel free to contact my General Counsel, Patrick McCullah, or me, should you have any questions or concerns regarding this request.

Sincerely,

A handwritten signature in blue ink that reads "Rick Ramsay".

Rick Ramsay  
Sheriff of Monroe County

RAR/dvk

---

**AGENDA ITEM WORDING:** Discussion and direction of a proposal to revamp the funding mechanisms for fire rescue services and human services in a manner that reduces *ad valorem* taxation but allows for the expansion of services.

---

**ITEM BACKGROUND:** The County currently funds fire and rescue services and non-profit entities receiving funding through the Human Services Advisory Board (HSAB) through *ad valorem* property taxes. Through the HSAB process, the County provides funding for more than 2 dozen non-profit entities, which provide services for underserved populations throughout the county.

The Florida Legislature recently adopted F.S. 212.055(8), which authorized local governments to enact an "Emergency Fire Rescue Services and Facilities Surtax" of up to one penny, similar to the infrastructure sales surtax. Using the revenue numbers from infrastructure sales surtax as a guide, if the county were to adopt a fire rescue surtax, an additional penny of surtax would raise approximately \$34 million county-wide. Of that \$34 million, it is estimated that tourists would pay approximately 60% of those funds or \$20.4 million. In 2014, the county and the cities providing emergency fire and rescue services spent approximately \$29 million, all of which was funded by local property owners through property taxes. Under the law, if the fire rescue sales surtax is adopted, property taxes must be reduced by the amount raised by the new sales surtax.

Due to our tourist based economy, the cities and counties in Monroe County are in the unique situation of being able to raise significantly more money (approximately \$5 million) through sales surtax than they collectively spend on fire rescue services county-wide. This situation creates an opportunity to potentially reallocate some of the excess funds raised through sales surtax to fund human services entities which are also currently funded through property taxes. Several of the human services providers report vast unmet needs which could be served with additional funding.

This proposal would require clarification of F.S. 212.055(8), which is a relatively new statute that has yet to be implemented by any county in the state. Because of the statute's novelty, neither the Attorney General nor the Courts have provided guidance yet regarding its implementation or limitations. Board authorization would be required in order to seek such clarification of F.S. 212.055(8) and possibly other laws either through an Attorney General's Opinion or the Legislature, or both.

Revised 1/09

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. [212.054](#).

(1) CHARTER COUNTY AND REGIONAL TRANSPORTATION SYSTEM SURTAX.—

(a) Each charter county that has adopted a charter, each county the government of which is consolidated with that of one or more municipalities, and each county that is within or under an interlocal agreement with a regional transportation or transit authority created under chapter 343 or chapter 349 may levy a discretionary sales surtax, subject to approval by a majority vote of the electorate of the county or by a charter amendment approved by a majority vote of the electorate of the county.

(b) The rate shall be up to 1 percent.

(c) The proposal to adopt a discretionary sales surtax as provided in this subsection and to create a trust fund within the county accounts shall be placed on the ballot in accordance with law at a time to be set at the discretion of the governing body.

(d) Proceeds from the surtax shall be applied to as many or as few of the uses enumerated below in whatever combination the county commission deems appropriate:

1. Deposited by the county in the trust fund and shall be used for the purposes of development, construction, equipment, maintenance, operation, supportive services, including a countywide bus system, on-demand transportation services, and related costs of a fixed guideway rapid transit system;

2. Remitted by the governing body of the county to an expressway, transit, or transportation authority created by law to be used, at the discretion of such authority, for the development, construction, operation, or maintenance of roads or bridges in the county, for the operation and maintenance of a bus system, for the operation and maintenance of on-demand transportation services, for the payment of principal and interest on existing bonds issued for the construction of such roads or bridges, and, upon approval by the county commission, such proceeds may be pledged for bonds issued to refinance existing bonds or new bonds issued for the construction of such roads or bridges;

3. Used by the county for the development, construction, operation, and maintenance of roads and bridges in the county; for the expansion, operation, and maintenance of bus and fixed guideway systems; for the expansion, operation, and maintenance of on-demand transportation services; and for the payment of principal and interest on bonds issued for the construction of fixed guideway rapid transit systems, bus systems, roads, or bridges; and such proceeds may be pledged by the governing body of the county for bonds issued to refinance existing bonds or new bonds issued for the construction of such fixed guideway rapid transit systems, bus systems, roads, or bridges and no more than 25 percent used for nontransit uses; and

4. Used by the county for the planning, development, construction, operation, and maintenance of roads and bridges in the county; for the planning, development, expansion, operation, and maintenance of bus and fixed guideway systems; for the planning, development, construction, operation, and maintenance of on-demand transportation services; and for the payment of principal and interest on bonds issued for the construction

Any change in the distribution formula must take effect on the first day of any month that begins at least 60 days after written notification of that change has been made to the department.

(d) The proceeds of the surtax authorized by this subsection and any accrued interest shall be expended by the school district, within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure; to acquire land for public recreation, conservation, or protection of natural resources; to provide loans, grants, or rebates to residential or commercial property owners who make energy efficiency improvements to their residential or commercial property, if a local government ordinance authorizing such use is approved by referendum; or to finance the closure of county-owned or municipally owned solid waste landfills that have been closed or are required to be closed by order of the Department of Environmental Protection. Any use of the proceeds or interest for purposes of landfill closure before July 1, 1993, is ratified. The proceeds and any interest may not be used for the operational expenses of infrastructure, except that a county that has a population of fewer than 75,000 and that is required to close a landfill may use the proceeds or interest for long-term maintenance costs associated with landfill closure. Counties, as defined in s. [125.011](#), and charter counties may, in addition, use the proceeds or interest to retire or service indebtedness incurred for bonds issued before July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of the proceeds or interest for purposes of retiring or servicing indebtedness incurred for refunding bonds before July 1, 1999, is ratified.

1. For the purposes of this paragraph, the term "infrastructure" means:

a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of 5 or more years and any related land acquisition, land improvement, design, and engineering costs.

b. A fire department vehicle, an emergency medical service vehicle, a sheriff's office vehicle, a police department vehicle, or any other vehicle, and the equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

c. Any expenditure for the construction, lease, or maintenance of, or provision of utilities or security for, facilities, as defined in s. [29.008](#).

d. Any fixed capital expenditure or fixed capital outlay associated with the improvement of private facilities that have a life expectancy of 5 or more years and that the owner agrees to make available for use on a temporary basis as needed by a local government as a public emergency shelter or a staging area for emergency response equipment during an emergency officially declared by the state or by the local government under s. [252.38](#). Such improvements are limited to those necessary to comply with current standards for public emergency evacuation shelters. The owner must enter into a written contract with the local government providing the improvement funding to make the private facility available to the public for purposes of emergency shelter at no cost to the local government for a minimum of 10 years after completion of the improvement, with the provision that the obligation will transfer to any subsequent owner until the end of the minimum period.

e. Any land acquisition expenditure for a residential housing project in which at least 30 percent of the units are affordable to individuals or families whose total annual household income does not exceed 120 percent of the area median income adjusted for household size, if the land is owned by a local government or by a special district that enters into a written agreement with the local government to provide such housing. The local government or special district may enter into a ground lease with a public or private person

or entity for nominal or other consideration for the construction of the residential housing project on land acquired pursuant to this sub-subparagraph.

2. For the purposes of this paragraph, the term "energy efficiency improvement" means any energy conservation and efficiency improvement that reduces consumption through conservation or a more efficient use of electricity, natural gas, propane, or other forms of energy on the property, including, but not limited to, air sealing; installation of insulation; installation of energy-efficient heating, cooling, or ventilation systems; installation of solar panels; building modifications to increase the use of daylight or shade; replacement of windows; installation of energy controls or energy recovery systems; installation of electric vehicle charging equipment; installation of systems for natural gas fuel as defined in s. [206.9951](#); and installation of efficient lighting equipment.

3. Notwithstanding any other provision of this subsection, a local government infrastructure surtax imposed or extended after July 1, 1998, may allocate up to 15 percent of the surtax proceeds for deposit into a trust fund within the county's accounts created for the purpose of funding economic development projects having a general public purpose of improving local economies, including the funding of operational costs and incentives related to economic development. The ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

(e) School districts, counties, and municipalities receiving proceeds under the provisions of this subsection may pledge such proceeds for the purpose of servicing new bond indebtedness incurred pursuant to law. Local governments may use the services of the Division of Bond Finance of the State Board of Administration pursuant to the State Bond Act to issue any bonds through the provisions of this subsection. Counties and municipalities may join together for the issuance of bonds authorized by this subsection.

(f)1. Notwithstanding paragraph (d), a county that has a population of 50,000 or less on April 1, 1992, or any county designated as an area of critical state concern on the effective date of this act, and that imposed the surtax before July 1, 1992, may use the proceeds and interest of the surtax for any public purpose if:

a. The debt service obligations for any year are met;

b. The county's comprehensive plan has been determined to be in compliance with part II of chapter 163; and

c. The county has adopted an amendment to the surtax ordinance pursuant to the procedure provided in s. [125.66](#) authorizing additional uses of the surtax proceeds and interest.

2. A municipality located within a county that has a population of 50,000 or less on April 1, 1992, or within a county designated as an area of critical state concern on the effective date of this act, and that imposed the surtax before July 1, 1992, may not use the proceeds and interest of the surtax for any purpose other than an infrastructure purpose authorized in paragraph (d) unless the municipality's comprehensive plan has been determined to be in compliance with part II of chapter 163 and the municipality has adopted an amendment to its surtax ordinance or resolution pursuant to the procedure provided in s. [166.041](#) authorizing additional uses of the surtax proceeds and interest. Such municipality may expend the surtax proceeds and interest for any public purpose authorized in the amendment.

3. Those counties designated as an area of critical state concern which qualify to use the surtax for any public purpose may use only up to 10 percent of the surtax proceeds for any public purpose other than for infrastructure purposes authorized by this section. A county that was designated as an area of critical state concern for at least 20 consecutive years

prior to removal of the designation, and that qualified to use the surtax for any public purpose at the time of the removal of the designation, may continue to use up to 10 percent of the surtax proceeds for any public purpose other than for infrastructure purposes for 20 years following removal of the designation, notwithstanding subparagraph (a)2. After expiration of the 20-year period, a county may continue to use up to 10 percent of the surtax proceeds for any public purpose other than for infrastructure if the county adopts an ordinance providing for such continued use of the surtax proceeds.

(g) Notwithstanding paragraph (d), a county having a population greater than 75,000 in which the taxable value of real property is less than 60 percent of the just value of real property for ad valorem tax purposes for the tax year in which an infrastructure surtax referendum is placed before the voters, and the municipalities within such a county, may use the proceeds and interest of the surtax for operation and maintenance of parks and recreation programs and facilities established with the proceeds of the surtax throughout the duration of the surtax levy or while interest earnings accruing from the proceeds of the surtax are available for such use, whichever period is longer.

(h) Notwithstanding any other provision of this section, a county shall not levy local option sales surtaxes authorized in this subsection and subsections (3), (4), and (5) in excess of a combined rate of 1 percent.

(3) SMALL COUNTY SURTAX.—

(a) The governing authority in each county that has a population of 50,000 or less on April 1, 1992, may levy a discretionary sales surtax of 0.5 percent or 1 percent. The levy of the surtax shall be pursuant to ordinance enacted by an extraordinary vote of the members of the county governing authority if the surtax revenues are expended for operating purposes. If the surtax revenues are expended for the purpose of servicing bond indebtedness, the surtax shall be approved by a majority of the electors of the county voting in a referendum on the surtax.

(b) A statement that includes a brief general description of the projects to be funded by the surtax and conforms to the requirements of s. [101.161](#) shall be placed on the ballot by the governing authority of any county that enacts an ordinance calling for a referendum on the levy of the surtax for the purpose of servicing bond indebtedness. The following question shall be placed on the ballot:

FOR the \_\_\_\_\_-cent sales tax

AGAINST the \_\_\_\_\_-cent sales tax

(c) Pursuant to s. [212.054](#)(4), the proceeds of the surtax levied under this subsection shall be distributed to the county and the municipalities within the county in which the surtax was collected, according to:

1. An interlocal agreement between the county governing authority and the governing bodies of the municipalities representing a majority of the county's municipal population, which agreement may include a school district with the consent of the county governing authority and the governing bodies of the municipalities representing a majority of the county's municipal population; or
2. If there is no interlocal agreement, according to the formula provided in s. [218.62](#).

Any change in the distribution formula shall take effect on the first day of any month that begins at least 60 days after written notification of that change has been made to the department.

(d)1. If the surtax is levied pursuant to a referendum, the proceeds of the surtax and any interest accrued thereto may be expended by the school district or within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, for the purpose of servicing bond indebtedness to finance, plan, and construct infrastructure and to acquire land for public recreation or conservation or protection of natural resources. However, if the surtax is levied pursuant to an ordinance approved by an extraordinary vote of the members of the county governing authority, the proceeds and any interest accrued thereto may be used for operational expenses of any infrastructure or for any public purpose authorized in the ordinance under which the surtax is levied.

2. For the purposes of this paragraph, "infrastructure" means any fixed capital expenditure or fixed capital costs associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of 5 or more years and any land acquisition, land improvement, design, and engineering costs related thereto.

(e) A school district, county, or municipality that receives proceeds under this subsection following a referendum may pledge the proceeds for the purpose of servicing new bond indebtedness incurred pursuant to law. Local governments may use the services of the Division of Bond Finance pursuant to the State Bond Act to issue any bonds through the provisions of this subsection. A jurisdiction may not issue bonds pursuant to this subsection more frequently than once per year. A county and municipality may join together to issue bonds authorized by this subsection.

(f) Notwithstanding any other provision of this section, a county shall not levy local option sales surtaxes authorized in this subsection and subsections (2), (4), and (5) in excess of a combined rate of 1 percent.

#### (4) INDIGENT CARE AND TRAUMA CENTER SURTAX.—

(a)1. The governing body in each county the government of which is not consolidated with that of one or more municipalities, which has a population of at least 800,000 residents and is not authorized to levy a surtax under subsection (5), may levy, pursuant to an ordinance either approved by an extraordinary vote of the governing body or conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

2. If the ordinance is conditioned on a referendum, a statement that includes a brief and general description of the purposes to be funded by the surtax and that conforms to the requirements of s. [101.161](#) shall be placed on the ballot by the governing body of the county. The following questions shall be placed on the ballot:

FOR THE. . . .CENTS TAX  
AGAINST THE. . . .CENTS TAX

3. The ordinance adopted by the governing body providing for the imposition of the surtax shall set forth a plan for providing health care services to qualified residents, as defined in subparagraph 4. Such plan and subsequent amendments to it shall fund a broad range of health care services for both indigent persons and the medically poor, including, but not limited to, primary care and preventive care as well as hospital care. The plan must also address the services to be provided by the Level I trauma center. It shall emphasize a continuity of care in the most cost-effective setting, taking into consideration both a high quality of care and geographic access. Where consistent with these objectives, it shall include, without limitation, services rendered by physicians, clinics, community hospitals, mental health centers, and alternative delivery sites, as well as at least one regional referral hospital where appropriate. It shall provide that agreements negotiated between the county

and providers, including hospitals with a Level I trauma center, will include reimbursement methodologies that take into account the cost of services rendered to eligible patients, recognize hospitals that render a disproportionate share of indigent care, provide other incentives to promote the delivery of charity care, promote the advancement of technology in medical services, recognize the level of responsiveness to medical needs in trauma cases, and require cost containment including, but not limited to, case management. It must also provide that any hospitals that are owned and operated by government entities on May 21, 1991, must, as a condition of receiving funds under this subsection, afford public access equal to that provided under s. [286.011](#) as to meetings of the governing board, the subject of which is budgeting resources for the rendition of charity care as that term is defined in the Florida Hospital Uniform Reporting System (FHURS) manual referenced in s. [408.07](#). The plan shall also include innovative health care programs that provide cost-effective alternatives to traditional methods of service delivery and funding.

4. For the purpose of this paragraph, the term "qualified resident" means residents of the authorizing county who are:

- a. Qualified as indigent persons as certified by the authorizing county;
- b. Certified by the authorizing county as meeting the definition of the medically poor, defined as persons having insufficient income, resources, and assets to provide the needed medical care without using resources required to meet basic needs for shelter, food, clothing, and personal expenses; or not being eligible for any other state or federal program, or having medical needs that are not covered by any such program; or having insufficient third-party insurance coverage. In all cases, the authorizing county is intended to serve as the payor of last resort; or
- c. Participating in innovative, cost-effective programs approved by the authorizing county.

5. Moneys collected pursuant to this paragraph remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the clerk of the circuit court as ex officio custodian of the funds of the authorizing county. The clerk of the circuit court shall:

- a. Maintain the moneys in an indigent health care trust fund;
- b. Invest any funds held on deposit in the trust fund pursuant to general law;
- c. Disburse the funds, including any interest earned, to any provider of health care services, as provided in subparagraphs 3. and 4., upon directive from the authorizing county. However, if a county has a population of at least 800,000 residents and has levied the surtax authorized in this paragraph, notwithstanding any directive from the authorizing county, on October 1 of each calendar year, the clerk of the court shall issue a check in the amount of \$6.5 million to a hospital in its jurisdiction that has a Level I trauma center or shall issue a check in the amount of \$3.5 million to a hospital in its jurisdiction that has a Level I trauma center if that county enacts and implements a hospital lien law in accordance with chapter 98-499, Laws of Florida. The issuance of the checks on October 1 of each year is provided in recognition of the Level I trauma center status and shall be in addition to the base contract amount received during fiscal year 1999-2000 and any additional amount negotiated to the base contract. If the hospital receiving funds for its Level I trauma center status requests such funds to be used to generate federal matching funds under Medicaid, the clerk of the court shall instead issue a check to the Agency for Health Care Administration to accomplish that purpose to the extent that it is allowed through the General Appropriations Act; and

d. Prepare on a biennial basis an audit of the trust fund specified in sub-subparagraph a. Commencing February 1, 2004, such audit shall be delivered to the governing body and to the chair of the legislative delegation of each authorizing county.

6. Notwithstanding any other provision of this section, a county shall not levy local option sales surtaxes authorized in this paragraph and subsections (2) and (3) in excess of a combined rate of 1 percent.

(b) Notwithstanding any other provision of this section, the governing body in each county the government of which is not consolidated with that of one or more municipalities and which has a population of less than 800,000 residents, may levy, by ordinance subject to approval by a majority of the electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.25 percent for the sole purpose of funding trauma services provided by a trauma center licensed pursuant to chapter 395.

1. A statement that includes a brief and general description of the purposes to be funded by the surtax and that conforms to the requirements of s. [101.161](#) shall be placed on the ballot by the governing body of the county. The following shall be placed on the ballot:

FOR THE. . . .CENTS TAX  
AGAINST THE. . . .CENTS TAX

2. The ordinance adopted by the governing body of the county providing for the imposition of the surtax shall set forth a plan for providing trauma services to trauma victims presenting in the trauma service area in which such county is located.

3. Moneys collected pursuant to this paragraph remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the clerk of the circuit court as ex officio custodian of the funds of the authorizing county. The clerk of the circuit court shall:

a. Maintain the moneys in a trauma services trust fund.

b. Invest any funds held on deposit in the trust fund pursuant to general law.

c. Disburse the funds, including any interest earned on such funds, to the trauma center in its trauma service area, as provided in the plan set forth pursuant to subparagraph 2., upon directive from the authorizing county. If the trauma center receiving funds requests such funds be used to generate federal matching funds under Medicaid, the custodian of the funds shall instead issue a check to the Agency for Health Care Administration to accomplish that purpose to the extent that the agency is allowed through the General Appropriations Act.

d. Prepare on a biennial basis an audit of the trauma services trust fund specified in sub-subparagraph a., to be delivered to the authorizing county.

4. A discretionary sales surtax imposed pursuant to this paragraph shall expire 4 years after the effective date of the surtax, unless reenacted by ordinance subject to approval by a majority of the electors of the county voting in a subsequent referendum.

5. Notwithstanding any other provision of this section, a county shall not levy local option sales surtaxes authorized in this paragraph and subsections (2) and (3) in excess of a combined rate of 1 percent.

(5) COUNTY PUBLIC HOSPITAL SURTAX.—Any county as defined in s. [125.011](#)(1) may levy the surtax authorized in this subsection pursuant to an ordinance either approved by extraordinary vote of the county commission or conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum. In a county as defined in s. [125.011](#)(1), for the purposes of this subsection, "county public

general hospital” means a general hospital as defined in s. [395.002](#) which is owned, operated, maintained, or governed by the county or its agency, authority, or public health trust.

(a) The rate shall be 0.5 percent.

(b) If the ordinance is conditioned on a referendum, the proposal to adopt the county public hospital surtax shall be placed on the ballot in accordance with law at a time to be set at the discretion of the governing body. The referendum question on the ballot shall include a brief general description of the health care services to be funded by the surtax.

(c) Proceeds from the surtax shall be:

1. Deposited by the county in a special fund, set aside from other county funds, to be used only for the operation, maintenance, and administration of the county public general hospital; and

2. Remitted promptly by the county to the agency, authority, or public health trust created by law which administers or operates the county public general hospital.

(d) Except as provided in subparagraphs 1. and 2., the county must continue to contribute each year an amount equal to at least 80 percent of that percentage of the total county budget appropriated for the operation, administration, and maintenance of the county public general hospital from the county’s general revenues in the fiscal year of the county ending September 30, 1991:

1. Twenty-five percent of such amount must be remitted to a governing board, agency, or authority that is wholly independent from the public health trust, agency, or authority responsible for the county public general hospital, to be used solely for the purpose of funding the plan for indigent health care services provided for in paragraph (e);

2. However, in the first year of the plan, a total of \$10 million shall be remitted to such governing board, agency, or authority, to be used solely for the purpose of funding the plan for indigent health care services provided for in paragraph (e), and in the second year of the plan, a total of \$15 million shall be so remitted and used.

(e) A governing board, agency, or authority shall be chartered by the county commission upon this act becoming law. The governing board, agency, or authority shall adopt and implement a health care plan for indigent health care services. The governing board, agency, or authority shall consist of no more than seven and no fewer than five members appointed by the county commission. The members of the governing board, agency, or authority shall be at least 18 years of age and residents of the county. No member may be employed by or affiliated with a health care provider or the public health trust, agency, or authority responsible for the county public general hospital. The following community organizations shall each appoint a representative to a nominating committee: the South Florida Hospital and Healthcare Association, the Miami-Dade County Public Health Trust, the Dade County Medical Association, the Miami-Dade County Homeless Trust, and the Mayor of Miami-Dade County. This committee shall nominate between 10 and 14 county citizens for the governing board, agency, or authority. The slate shall be presented to the county commission and the county commission shall confirm the top five to seven nominees, depending on the size of the governing board. Until such time as the governing board, agency, or authority is created, the funds provided for in subparagraph (d)2. shall be placed in a restricted account set aside from other county funds and not disbursed by the county for any other purpose.

1. The plan shall divide the county into a minimum of four and maximum of six service areas, with no more than one participant hospital per service area. The county public

general hospital shall be designated as the provider for one of the service areas. Services shall be provided through participants' primary acute care facilities.

2. The plan and subsequent amendments to it shall fund a defined range of health care services for both indigent persons and the medically poor, including primary care, preventive care, hospital emergency room care, and hospital care necessary to stabilize the patient. For the purposes of this section, "stabilization" means stabilization as defined in s. [397.311](#)(41). Where consistent with these objectives, the plan may include services rendered by physicians, clinics, community hospitals, and alternative delivery sites, as well as at least one regional referral hospital per service area. The plan shall provide that agreements negotiated between the governing board, agency, or authority and providers shall recognize hospitals that render a disproportionate share of indigent care, provide other incentives to promote the delivery of charity care to draw down federal funds where appropriate, and require cost containment, including, but not limited to, case management. From the funds specified in subparagraphs (d)1. and 2. for indigent health care services, service providers shall receive reimbursement at a Medicaid rate to be determined by the governing board, agency, or authority created pursuant to this paragraph for the initial emergency room visit, and a per-member per-month fee or capitation for those members enrolled in their service area, as compensation for the services rendered following the initial emergency visit. Except for provisions of emergency services, upon determination of eligibility, enrollment shall be deemed to have occurred at the time services were rendered. The provisions for specific reimbursement of emergency services shall be repealed on July 1, 2001, unless otherwise reenacted by the Legislature. The capitation amount or rate shall be determined prior to program implementation by an independent actuarial consultant. In no event shall such reimbursement rates exceed the Medicaid rate. The plan must also provide that any hospitals owned and operated by government entities on or after the effective date of this act must, as a condition of receiving funds under this subsection, afford public access equal to that provided under s. [286.011](#) as to any meeting of the governing board, agency, or authority the subject of which is budgeting resources for the retention of charity care, as that term is defined in the rules of the Agency for Health Care Administration. The plan shall also include innovative health care programs that provide cost-effective alternatives to traditional methods of service and delivery funding.

3. The plan's benefits shall be made available to all county residents currently eligible to receive health care services as indigents or medically poor as defined in paragraph (4)(d).

4. Eligible residents who participate in the health care plan shall receive coverage for a period of 12 months or the period extending from the time of enrollment to the end of the current fiscal year, per enrollment period, whichever is less.

5. At the end of each fiscal year, the governing board, agency, or authority shall prepare an audit that reviews the budget of the plan, delivery of services, and quality of services, and makes recommendations to increase the plan's efficiency. The audit shall take into account participant hospital satisfaction with the plan and assess the amount of poststabilization patient transfers requested, and accepted or denied, by the county public general hospital.

(f) Notwithstanding any other provision of this section, a county may not levy local option sales surtaxes authorized in this subsection and subsections (2) and (3) in excess of a combined rate of 1 percent.

(6) SCHOOL CAPITAL OUTLAY SURTAX.—

(a) The school board in each county may levy, pursuant to resolution conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum, a discretionary sales surtax at a rate that may not exceed 0.5 percent.

(b) The resolution shall include a statement that provides a brief and general description of the school capital outlay projects to be funded by the surtax. The statement shall conform to the requirements of s. [101.161](#) and shall be placed on the ballot by the governing body of the county. The following question shall be placed on the ballot:

|             |           |
|-------------|-----------|
| FOR THE     | CENTS TAX |
| AGAINST THE | CENTS TAX |

(c) The resolution providing for the imposition of the surtax shall set forth a plan for use of the surtax proceeds for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto. Additionally, the plan shall include the costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district. Surtax revenues may be used for the purpose of servicing bond indebtedness to finance projects authorized by this subsection, and any interest accrued thereto may be held in trust to finance such projects. Neither the proceeds of the surtax nor any interest accrued thereto shall be used for operational expenses.

(d) Surtax revenues collected by the Department of Revenue pursuant to this subsection shall be distributed to the school board imposing the surtax in accordance with law.

(7) VOTER-APPROVED INDIGENT CARE SURTAX.—

(a)1. The governing body in each county that has a population of fewer than 800,000 residents may levy an indigent care surtax pursuant to an ordinance conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum. The surtax may be levied at a rate not to exceed 0.5 percent, except that if a publicly supported medical school is located in the county, the rate shall not exceed 1 percent.

2. Notwithstanding subparagraph 1., the governing body of any county that has a population of fewer than 50,000 residents may levy an indigent care surtax pursuant to an ordinance conditioned to take effect only upon approval by a majority vote of the electors of the county voting in a referendum. The surtax may be levied at a rate not to exceed 1 percent.

(b) A statement that includes a brief and general description of the purposes to be funded by the surtax and that conforms to the requirements of s. [101.161](#) shall be placed on the ballot by the governing body of the county. The following questions shall be placed on the ballot:

|                  |            |
|------------------|------------|
| FOR THE. . .     | .CENTS TAX |
| AGAINST THE. . . | .CENTS TAX |

(c)1. The ordinance adopted by the governing body providing for the imposition of the surtax must set forth a plan for providing health care services to qualified residents, as defined in paragraph (d). The plan and subsequent amendments to it shall fund a broad range of health care services for indigent persons and the medically poor, including, but not limited to, primary care and preventive care, as well as hospital care. It shall emphasize a continuity of care in the most cost-effective setting, taking into consideration a high quality of care and geographic access. Where consistent with these objectives, it shall include, without limitation, services rendered by physicians, clinics, community hospitals, mental health centers, and alternative delivery sites, as well as at least one regional referral

hospital where appropriate. It shall provide that agreements negotiated between the county and providers shall include reimbursement methodologies that take into account the cost of services rendered to eligible patients, recognize hospitals that render a disproportionate share of indigent care, provide other incentives to promote the delivery of charity care, and require cost containment, including, but not limited to, case management. The plan must also include innovative health care programs that provide cost-effective alternatives to traditional methods of service delivery and funding.

2. In addition to the uses specified or services required to be provided under this subsection, the ordinance adopted by a county that has a population of fewer than 50,000 residents may pledge surtax proceeds to service new or existing bond indebtedness incurred to finance, plan, construct, or reconstruct a public or not-for-profit hospital in such county and any land acquisition, land improvement, design, or engineering costs related to such hospital, if the governing body of the county determines that a public or not-for-profit hospital existing at the time of issuance of the bonds authorized under this subparagraph would, more likely than not, otherwise cease to operate. The plan required under this paragraph may, by an extraordinary vote of the governing body of such county, provide that some or all of the surtax revenues and any interest earned must be expended for the purpose of servicing such bond indebtedness. Such county may also use the services of the Division of Bond Finance of the State Board of Administration pursuant to the State Bond Act to issue bonds under this subparagraph. A jurisdiction may not issue bonds under this subparagraph more frequently than once per year. Any county that has a population of fewer than 50,000 residents at the time any bonds authorized in this subparagraph are issued retains the authority granted under this subparagraph throughout the terms of such bonds, including the term of any refinancing bonds, regardless of any subsequent increase in population which would result in such county having 50,000 or more residents.

(d) For the purpose of this subsection, the term "qualified residents" means residents of the authorizing county who are:

1. Qualified as indigent persons as certified by the authorizing county;
2. Certified by the authorizing county as meeting the definition of the medically poor, defined as persons having insufficient income, resources, and assets to provide the needed medical care without using resources required to meet basic needs for shelter, food, clothing, and personal expenses; not being eligible for any other state or federal program or having medical needs that are not covered by any such program; or having insufficient third-party insurance coverage. In all cases, the authorizing county shall serve as the payor of last resort; or
3. Participating in innovative, cost-effective programs approved by the authorizing county.

(e) Moneys collected pursuant to this subsection remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the clerk of the circuit court as ex officio custodian of the funds of the authorizing county. The clerk of the circuit court shall:

1. Maintain the moneys in an indigent health care trust fund.
2. Invest any funds held on deposit in the trust fund pursuant to general law.
3. Disburse the funds, including any interest earned, to any provider of health care services, as provided in paragraphs (c) and (d), upon directive from the authorizing county.
4. Disburse the funds, including any interest earned, to service any bond indebtedness authorized in this subsection upon directive from the authorizing county, which directive may be irrevocably given at the time the bond indebtedness is incurred.

(f) Notwithstanding any other provision of this section, a county may not levy local option sales surtaxes authorized in this subsection and subsections (2) and (3) in excess of a combined rate of 1 percent or, if a publicly supported medical school is located in the county or the county has a population of fewer than 50,000 residents, in excess of a combined rate of 1.5 percent.

**(8) EMERGENCY FIRE RESCUE SERVICES AND FACILITIES SURTAX.—**

(a) The governing authority of a county, other than a county that has imposed two separate discretionary surtaxes without expiration, may, by ordinance, levy a discretionary sales surtax of up to 1 percent for emergency fire rescue services and facilities as provided in this subsection. As used in this subsection, the term “emergency fire rescue services” includes, but is not limited to, preventing and extinguishing fires; protecting and saving life and property from fires or natural or intentional acts or disasters; enforcing municipal, county, or state fire prevention codes and laws pertaining to the prevention and control of fires; and providing prehospital emergency medical treatment.

(b) Upon the adoption of the ordinance, the levy of the surtax must be placed on the ballot by the governing authority of the county enacting the ordinance. The ordinance will take effect if approved by a majority of the electors of the county voting in a referendum held for such purpose. The referendum shall be placed on the ballot of a regularly scheduled election. The ballot for the referendum must conform to the requirements of s. [101.161](#).

(c) Pursuant to s. [212.054](#)(4), the proceeds of the discretionary sales surtax collected under this subsection, less an administrative fee that may be retained by the Department of Revenue, shall be distributed by the department to the county. The county shall distribute the proceeds it receives from the department to each local government entity providing emergency fire rescue services in the county. The surtax proceeds, less an administrative fee not to exceed 2 percent of the surtax collected, shall be distributed by the county based on each entity’s average annual expenditures for fire control and emergency fire rescue services in the 5 fiscal years preceding the fiscal year in which the surtax takes effect in proportion to the average annual total of the expenditures for such entities in the 5 fiscal years preceding the fiscal year in which the surtax takes effect. The county shall revise the distribution proportions to reflect a change in the service area of an entity receiving a distribution of the surtax proceeds. If an entity declines its share of surtax revenue, such revenue shall be redistributed proportionally to the entities that are participating in the sharing of such revenue based on each participating entity’s average annual expenditures for fire control and emergency fire rescue services in the preceding 5 fiscal years in proportion to the average annual total of the expenditures for the participating entities in the preceding 5 fiscal years.

(d) If a local government entity requests personnel or equipment from any other service provider on a long-term basis and the personnel or equipment is provided, the local government entity providing the service is entitled to payment from the requesting service provider from that provider’s share of the surtax proceeds for all costs of the equipment or personnel.

(e) Upon the surtax taking effect and initiation of collections, each local government entity receiving a share of surtax proceeds shall reduce the ad valorem tax levy or any non-ad valorem assessment for fire control and emergency rescue services in its next and subsequent budgets by the estimated amount of revenue provided by the surtax.

(f) Use of surtax proceeds authorized under this subsection does not relieve a local government entity from complying with chapter 200 and any related provision of law that establishes millage caps or limits undesignated budget reserves and procedures for establishing rollback rates for ad valorem taxes and budget adoption. If surtax collections

exceed projected collections in any fiscal year, any surplus distribution shall be used to further reduce ad valorem taxes in the next fiscal year. These proceeds shall be applied as a rebate to the final millage, after the TRIM notice is completed in accordance with this provision. If a local government entity receiving a share of the surtax is unable to further reduce ad valorem taxes because the millage rate is zero, the funds shall be applied to reduce any non-ad valorem assessments levied for the purposes described in this section. If no ad valorem or non-ad valorem reduction is possible, the surplus surtax collections shall be returned to the county, and the county shall reduce the county millage rates to offset the surplus surtax proceeds.

(g) Surtax collections shall be initiated on January 1 of the year following a successful referendum in order to coincide with s. [212.054](#)(5).

(h) Notwithstanding s. [212.054](#), if a multicounty independent special district created pursuant to chapter 67-764, Laws of Florida, levies ad valorem taxes on district property to fund emergency fire rescue services within the district and is required by s. 2, Art. VII of the State Constitution to maintain a uniform ad valorem tax rate throughout the district, the county may not levy the discretionary sales surtax authorized by this subsection within the boundaries of the district.

# **White paper on the financial impacts to Monroe County residents of the Emergency Fire Rescue Services and Facilities Surtax**

## **Introduction**

Monroe County is unique in many ways, including its geography and economy. The county is sparsely populated over a string of islands 120 miles in length. This presents cost challenges in providing fire and rescue protection services. Insurance discounts favor all properties that are within 5 miles of a fire station. With Monroe County's geography and population densities, this results in relatively few properties supporting the cost of each fire/rescue facility.

Florida Statute 212.055(8) enables counties to adopt a discretionary sales surtax of up to one percent to help fund emergency fire and rescue services, subject to approval by a majority of qualified electors in a referendum. The statute requires any local government that receives surtax revenues to lower its ad valorem tax levy and non-ad valorem assessments by the same amount.

Like its geography, Monroe County is unique among Florida counties as to its economy. Monroe County's economy is far more dependent on tourism than that of any other Florida county. It is estimated that in excess of 60% of all Monroe County sales tax revenues are generated by tourists and visitors.

While the cost burden on property owners to fund fire rescue services is unusually high due to the unique geographic factors, the capacity to provide fire/rescue services to the roughly 4 million visitors must still be in place. The visitors pay little for these necessary services. Adoption of the Emergency Fire Rescue Services and Facilities Surtax will shift the cost burden of funding fire/rescue services from the current status of essentially 100% residents / 0% visitors to a ratio of roughly 40% residents / 60% visitors.

## **Financial Impacts**

Adoption of the Fire/Rescue surtax will impact Monroe County residents in two ways. The surtax will result in a reduction in property taxes for all property owners. At the same time, all residents will pay more in sales taxes.

The tables below summarize the 2014 financial impact on property owners in each of the 8 taxing districts within Monroe County. The following assumptions were used.

- Assessed value of \$350,000
- One percent sales tax generates \$34 million countywide
- Countywide fire/rescue spending equals \$29 million
- Ambulance revenues of \$3 million are offset against fire/rescue spending

| District       | Total Millage | Fire/Rescue or Municipal Millage | Fire/Rescue or Municipal Tax | Fire/Rescue Portion of Muni Tax (%)* | Fire/Rescue Tax |
|----------------|---------------|----------------------------------|------------------------------|--------------------------------------|-----------------|
| Unincorp MC    | 10.1055       | 2.1403                           | \$ 749                       | N/A                                  | \$ 749          |
| Ocean Reef     | 7.9652        | 0                                | 0                            | N/A                                  | 0               |
| Key Largo      | 8.7875        | .8223                            | \$ 288                       | N/A                                  | \$ 288          |
| Islamorada     | 10.0282       | 2.6459                           | \$ 926                       | 56 %                                 | \$ 519          |
| Layton         | 12.1149       | 2.1403                           | \$ 749                       | N/A                                  | \$ 749          |
| Key Colony Bch | 9.6336        | 2.2513                           | \$ 788                       | 42 %                                 | \$ 331          |
| Marathon       | 9.6823        | 2.3000                           | \$ 805                       | 70 %                                 | \$ 564          |
| Key West       | 9.9731        | 2.5908                           | \$ 907                       | 55 %                                 | \$ 499          |

\* For Islamorada, Marathon and Key West, percentages determined by analysis of Annual Finance Reports filed with the State CFO, per FL Statute 218. Key Colony Beach contracts with the City of Marathon for fire/rescue services. Current fee is \$550,000 per year, or approximately 42% of ad valorem levy.

The statute defines a distribution formula for the surtax revenues based upon the average of five years historical spending on fire/rescue services in each district. A complete analysis of the ultimate financial impact on each property owner is not possible due to unclear statute language.

The Emergency Fire Rescue Services and Facilities Surtax statute requires any excess revenues generated by the tax that exceed projected collections to be used to further reduce ad valorem taxes in the next fiscal year. The statute does not define the projection to use. The DOR does publish projections but the statute does not mandate the use of this projection. Nor does the statute address the situation where projected collections exceed aggregate county-wide fire/rescue expenditures. For Monroe County, projected collections will materially exceed budgeted expenditures but, as the statute is written, the disposition of these excess funds cannot be determined.

The final piece of the financial impact on the residents of Monroe County by the adoption of the fire/rescue surtax is the added sales tax burden. The IRS publishes tables showing the average sales tax paid per wage bracket. Using the median household income for Monroe County<sup>1</sup> of \$54,000 as an example, this household will pay approximately \$125 in additional sales taxes per year as a result of the adoption of the surtax.

Although we cannot determine the ultimate financial impact of property owners in Monroe County, the adoption of the fire/rescue surtax does result in a significant financial benefit for virtually all property owners in Monroe County. Ocean Reef is a special situation. Their fire rescue services are funded entirely by donations and charges for service. Also, since they are not a governmental entity, they would not be eligible for a direct distribution of the surtax revenues. Property owners in Ocean Reef will benefit from a reduction in county-wide millage. Since the average property value in Ocean Reef is high relative to the rest of the County, this financial benefit will not be negligible.

Monroe County BOCC  
Key West, Florida

*White paper on the financial impacts to Monroe County residents of the Emergency Fire Rescue Services and Facilities Surtax*

December, 2015

Revised January, 2016

---

<sup>1</sup> U.S. Census Bureau; American Factfinder

**MEMORANDUM**  
Office of the Monroe County Attorney

TO: Bob Shillinger, County Attorney

FROM: Cynthia L. Hall, Assistant County Attorney CH

DATE: June 17, 2015

SUBJECT: Fire Rescue Surtax

---

This memo provides information regarding the procedure by which Monroe County could adopt a fire rescue surtax in accordance with Section 212.055(8), Fla. Stat., as amended by HB 209 in the 2015 session of the Florida legislature.<sup>1</sup>

**1. Overview of the Surtax**

The Emergency Fire Rescue Services and Facilities Surtax (“Surtax”) was originally authorized in 2009 via Ch. 2009-182, Laws of Florida, and is now codified in Section 212.055(8). The Surtax may be levied at the rate of up to one cent pursuant to an ordinance enacted by a majority vote of the county’s governing body, subsequently approved by voters in a countywide referendum during a regularly scheduled election. The Surtax may only be levied by a county that not yet imposed two separate discretionary surtaxes without expiration.<sup>2</sup> (Section 212.055(8)(a)-(b), Fla. Stat.)

Section 212.055(8) was amended by the Florida legislature in the 2015 session via HB 209. The bill was presented to the Governor on June 1, 2015 and signed into law on June 16, 2015.

The key points of the surtax are as follows:

---

<sup>1</sup> HB 209 was passed with amendments by both the House and the Senate in April 2015 and signed into law by the Governor on June 16, 2015 . The effective date of the bill is July 1, 2015.

<sup>2</sup> According to the Florida Department of Revenue, a total of 65 counties are currently eligible to levy the Surtax. See 2015LDSSrates.xls, available at: <http://edr.state.fl.us/Content/revenues/index.cfm>; see also Office of Economic and Demographic Research, *2014 Local Government Financial Information Handbook*, at p. 193. According to the same source, no counties have levied the surtax so far. However, one county (Duval) has passed an ordinance and Managing Deputy General Counsel Margaret Sidman advises that the county is ready to place a referendum on the ballot for a general election.

Monroe County currently levies a one-cent local government infrastructure surtax per F.S. 212.055(2), with an expiration date of December 31, 2033. In addition, the local school district levies a half-penny school district surtax per F.S. 212.055(6), with a December 31, 2026 expiration. <http://edr.state.fl.us/Content/local-government/data/county-municipal/2015LDSSrates.pdf>.

- Funds raised through the Surtax can be used for fire emergency medical services and facilities (note however that the term “facilities” is not defined in the statute);<sup>3</sup>
- The surtax must be approved in a referendum in a regularly scheduled general election;<sup>4</sup>
- HB 209 dispensed with the need for the ILA between participating jurisdictions, previously required by F.S. 212.055(8). The proceeds must now be distributed according to a statutory formula;<sup>5</sup> and
- Ad valorem taxes and non-ad valorem assessments must be reduced in the participating jurisdictions by the same estimated amount of revenue to be raised by the surtax.

## 2. Referendum

The Surtax can be collected beginning on January 1 of the year following a successful referendum. Section 212.055(8)(i).

The referendum must be placed on a ballot of a regularly scheduled election. (Section 212.055(8)(b).) The next three county-wide upcoming regularly scheduled elections<sup>6</sup> are:

|                                          |                  |
|------------------------------------------|------------------|
| Presidential Preference Primary Election | March 15, 2016   |
| Primary Election.....                    | August 30, 2016  |
| General Election.....                    | November 8, 2016 |

The ballot for the referendum must meet the following requirements from Section 101.61, Fla. Stat.: a ballot title of no more than 15 words and a ballot summary of no more than 75 words.<sup>7</sup> The Supervisor of Elections advises that the ballot title and ballot summary should be submitted to her office by no later than **December 18, 2015**, for the March 2016 election.

The ordinance passed by the BOCC will take effect if the levy is approved by a majority of electors voting in the referendum.

## 3. Distribution of Proceeds

The proceeds of the Surtax will be distributed by the Department of Revenue, less an administrative fee that may be retained by the Department. The county must distribute the net proceeds to the participating jurisdictions. The county may charge an administrative fee for

---

<sup>3</sup> Section 212.055(8)(a), F.S.

<sup>4</sup> Section 212.055(8)(b), F.S.

<sup>5</sup> Section 212.055(8)(c), F.S.

<sup>6</sup> <http://www.keys-elections.org/Upcoming-Elections>; <http://election.dos.state.fl.us/calendar/elecdate.shtml>.

<sup>7</sup> For a referendum, the requirements are (a) a ballot title not more than 15 words in length, and (b) a ballot summary not more than 75 words in length, printed in clear and unambiguous language, which has also been incorporated within the enabling ordinance, followed by the words “yes” and “no,” with “yes” meaning approval and “no” meaning rejection.

receiving and distributing the Surtax in the amount of actual costs incurred, not to exceed 2% of surtax collected.<sup>8</sup>

Each participating jurisdiction receives a share of the Surtax equal to its average annual expenditures for fire rescue services over the past 5 years divided by the total of expenditures by all participating jurisdictions.

Each jurisdiction receiving a share of the surtax proceeds must reduce its ad valorem taxes by estimated amount to be raised through the surtax. If the local government entity is unable to reduce its ad valorem taxes because its millage rate is zero, then it must reduce any non-ad valorem assessments raising funds for the same fire rescue/EMS purpose by the same amount in each budget year in which it receives the surtax. If neither ad valorem taxes nor non-ad valorem assessments can be reduced, the local government entity must return the surtax, and the county will reduce the county millage rates to offset the surplus surtax proceeds.<sup>9</sup>

HB 209 adds new language clarifying that if a participating jurisdiction declines its share of the Surtax proceeds, the remainder is distributed proportionately to the remaining entities.

#### **4. Ordinance and Notice to DOR**

The governing body enacting the ordinance must comply with Section 125.66(2), Fla Stat. This requires notice of at least 10 days in a newspaper of general circulation. The county levying the Surtax must notify the Department of Revenue of the Surtax within ten (10) days within final adoption by ordinance or referendum, but no later than November 16 prior to the effective date (i.e., one week after the last general election of the year). The notice to DOR must specify the time period within which the Surtax will be in effect and the rate, and include a copy of the ordinance. Failure to provide the notice to DOR shall result in the delay of the effective date of the ordinance by one year.<sup>10</sup>

If the referendum is scheduled to be held after October 1, the county must notify DOR of the upcoming referendum by October 1. Failure to provide this advance notice will also result in the delay of the effective date by one year.<sup>11</sup>

#### **5. Funds Raised Through the Surtax May Be Used for Emergency Fire Rescue Services and Facilities.**

The permissible uses for the Surtax are *emergency fire rescue services* and *facilities*. The term “emergency fire rescue services” is defined in Section 212.055(8)(a):

As used in this subsection, the term “emergency fire rescue services” includes, but is not limited to, preventing and extinguishing fires; protecting and saving life and

---

<sup>8</sup> Section 212.055(8)(c), Fla. Stat. HB 209 changes this to read “not to exceed 2 percent” (eliminating the “actual costs incurred” language).

<sup>9</sup> Section 212.055(8)(f), Fla. Stat.

<sup>10</sup> Section 212.054(7)(a), Fla. Stat.

<sup>11</sup> Section 212.054(7)(b), Fla. Stat.

property from fires or natural or intentional acts or disasters; enforcing municipal, county, or state fire prevention codes and laws pertaining to the prevention and control of fires; and providing prehospital emergency medical treatment.

The term “facilities” is not defined in Section 212.055(8). No cases or Attorney General opinions have reached this issue.

Other subsections of 212.055 use the word facilities. Subsection (2) of the statute (Local Government Infrastructure Surtax)<sup>12</sup> defines the term “infrastructure” to *include* facilities “as defined in Section 29.008 (Court-related functions)”, in addition to other items.<sup>13</sup> Section 29.008 in turn defines the term “facilities” in an expansive way, which includes “reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, . . .”

Similarly, subsection (3) (“Small County Surtax”) states that the surtax may be used for the purpose of servicing bond indebtedness to finance, plan, and construction infrastructure or to acquire land for public recreation or for conservation or protection. Subsection (3) in turn defines “infrastructure” to mean capital expenditures or fixed capital costs associates with construction, reconstruction or improvement of public facilities; however, the subsection provides no further definition of the word “facilities.”

Subsection (6) (“School Capital Outlay Surtax”) states that the surtax can be levied for the construction, reconstruction, or improvement of “school facilities and campuses which have a useful life expectancy of 5 or more years, and any land acquisition, land improvement, design, and engineering costs related thereto.” The subsection does not provide a definition of the term “facilities.”

In the absence of a definition for the word “facility” within subsection (8), the Attorney General has opined that it is also acceptable to look to the use of the word in other statutes.<sup>14</sup> Within Chapter 163 (the Community Planning Act), the term is defined to mean “major capital improvements, including transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational facilities.”<sup>15</sup> *See also* Section 163.3221(13), Fla. Stat. (same).

Thus, while the statute contains no precise definition of the term, and the legislative history does not discuss the term, it is more likely than not that the Surtax could capital

---

<sup>12</sup> Monroe County currently levies the one-cent infrastructure surtax (subsection 2) and the half-cent school capital outlay surtax (subsection 6).

<sup>13</sup> In addition to “facilities as defined in Section 29.008,” Section 212.055(2)(d)1. defines the term “infrastructure” to mean (a) fire department, EMS and law enforcement vehicles; (b) private facilities with a life expectancy of 5 years or more, where the owner agrees to make the building available for use during an emergency on a temporary basis; and (c) land acquisition for residential housing projects, where at least 30% of units are set aside as affordable housing.

<sup>14</sup> Fla. AGO 2007-51, 2007 WL 3357170 (“Recognizing that s. 212.055(2), Fla. Stat., did not contain a definition of ‘public facilities,’ this office in the opinion reviewed other statutes where the term is used and defined.”).

<sup>15</sup> Section 163.3164(38), F.S.

construction, furnishings, and possibly even land acquisition in addition to fire rescue and emergency medical services.

David Paul Horan

## Bio

DAVID PAUL HORAN believes that a true Patriot must always be ready to defend his country against its government. David Paul's innovative use of Constitutional Law and the Civil Rights Act has earned him a national and international reputation in admiralty and maritime law, environmental law and fisheries law.

Born to a U.S. Air Force family in Rome Georgia, he lost his father to a mid-air collision at the age of 15. After graduating with a degree in science (Marine Biology, Chemistry and Physics), he had a short work history as a Naval Aviation Cadet (NAVCAD), teacher, personnel manager and skin and scuba diving instructor. He remains an avid diver and enjoys spearfishing during his infrequent escapes from his office. He owns a twin engine Piper Seneca II and has logged over 3500 hours of flight time.

Mr. Horan's community involvement includes serving as a Director of the Greater Key West Chamber of Commerce since 1973 (President in 1998), Member of the Key West Military Affairs Committee (Chairman in 1991), Member of the Florida Keys National Marine Sanctuary Counsel (1997/2000), Mote Marine Keys Advisory Board (2000 to Present) and numerous other Boards and Commissions. In 2001 Mr. Horan was inducted into the Key West Chamber of Commerce Hall of Fame, Key West's highest community service award.

Mr. Horan is licensed to practice in all Florida State Courts, Florida Southern and Middle District courts, four (4) United States Courts of Appeal, and the United States Supreme Court.

Representing most of the modern-salvors, he fought the seven (7) year-long case for Mel Fisher/Treasure Salvors that culminated in his successful oral argument before the United States Supreme Court. His salvage cases include the Spanish Galleon Nuestra Senora de Atocha of the 1622 Fleet and aircraft, including recently, a Boeing B-17 G recovered from a Lake in Northern Labrador, Canada.

In 1979, Mr. Horan hired a great legal secretary and by 1981, she had become his best friend who, in 1982 became his wife. Karen Horan continues to work as his secretary. Mr. Horan is the proud father of five (5) children.

E-mail: jamesbernardin@mac.com

Date of Appointment: January 20, 2016

Reappointment: Yes

Date Term Expires: February 1, 2020

Name of Person Being Replaced: N/A

Fulfilling Term of: N/A

Misc. Info: Mr. Bernardin was first appointed in May of 2009, and reappointed to a full term in January 2012. This will be his third term.

**James Bernardin**  
**148 Gulfside Dr.**  
**Islamorada, FL 33036**  
**Cell: 305-393-8682**  
**Off: 305-664-4343**

Mr. Bernardin has served on the TDC since May of 2009. This will be his third term on the TDC, and second full-term appointment.

Full-time resident of Islamorada for 18 years in 2016. Married with three children. Owner of Pines and Palms Resort at MM 80.4, a 26-unit old Keys style resort on the oceanfront.

He is a member of the Islamorada Chamber of Commerce, the Lodging Association of the Florida Keys and Key West. Previously served on the District 4 Advisory Committee, the Fishing Umbrella, and the Islamorada Water Quality Improvement Committee.

He is a lifelong outdoorsman, fisherman, and hunter. Previous professional experience includes 16 years in major market radio, television, and advertising, with expertise in sales, media planning, station management, group representation, and production.

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: January 20, 2016

Department: Mayor Heather Carruthers District 3

Bulk Item: Yes  No

Staff Contact : Carol Schreck 305-292-3430

---

**AGENDA ITEM WORDING:** Approval of a resolution supporting a proposed amendment to the Florida Constitution entitled "Limits or Prevents Barriers to Local Solar Electric Supply" which is being supported by *Floridians for Solar Choice*.

---

**ITEM BACKGROUND:** *Floridians for Solar Choice* is seeking to place an initiative on the November 2016 ballot, which seeks to amend the Florida Constitution to prohibit regulatory barriers from blocking Florida property owners from harnessing clean, renewable solar power and reselling it to neighbors and others. The proposed constitutional amendment would expand choice in solar power providers, offering customers more choice and freedom in selecting solar power and who provides it to them. The Florida Supreme Court approved the ballot title and language for this petition on October 22, 2015. If a sufficient number of signatures are obtained on petitions in support of this initiative, the item will appear on the November 2016 ballot.

According to *Floridians for Solar Choice*, Florida is one of only 4 states that by law expressly denies citizens and businesses the freedom to buy solar power from anyone other than their current utility company. Florida law currently denies property owners the right to sell power to tenants, or to neighbors.

There currently is a competing petition to amend the Constitution which is supported by the power companies that seeks to maintain the status quo, restricting property owners to only one option -- selling excess energy to utilities at retail prices. The counter petition is pending before the Supreme Court.

RESOLUTION NO. \_\_\_\_\_ - 2016

**A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA IN SUPPORT OF REMOVING BARRIERS TO CUSTOMER-SITED SOLAR POWER AND SUPPORTING THE FLORIDIANS FOR SOLAR CHOICE BALLOT PETITION.**

**WHEREAS**, unlike conventional power generation, solar power generates electricity with zero air emissions and no water use, thereby moving the county, state, and country to a cleaner and more sustainable energy future; and

**WHEREAS**, Florida has the greatest potential for rooftop solar power of any state in the eastern United States but lags in realizing that potential; with 9 million electric utility customer accounts, Florida has only 6,678 customer-sited solar systems.<sup>1</sup> Less sunny states, like New Jersey, have over 30,000 customer-sited solar systems but only half the population of Florida; and

**WHEREAS**, Florida is one of only five (5) states in the United States that, by law, expressly denies citizens and businesses the freedom to buy solar power electricity directly from someone other than a power company,<sup>2</sup> and

**WHEREAS**, allowing non-utility solar providers to provide solar generated electricity, through a Power Purchase Agreement (PPA), directly to customers can remove the upfront cost for solar power systems to homeowners and expand solar power options to residential and commercial tenants – thereby expanding the choice for solar power to all Floridians; and

**WHEREAS**, in states such as New York or New Jersey, where non-utilities can provide solar generated power directly to customers, there has been significant solar development in the residential sector and such arrangements have driven anywhere from 67% (New York) to 92% (New Jersey) of residential installations in those states;<sup>3</sup> and

**WHEREAS**, Florida spends about 58 trillion dollars each year buying carbon-based fuels from other states and countries to power our homes, businesses and cars, while solar power will keep energy dollars here at home and create good paying local jobs; and

**WHEREAS**, in a recent poll, 74% of Florida voters said they support a proposal to change the state's current law and allow Floridians to contract directly with solar power providers for their electricity, and removing barriers to solar choice will allow more Floridians to take advantage of the power of the sun;<sup>4</sup> and

**WHEREAS**, *Exhibit A* to this Resolution is the text of the proposed new Section 29 to Article X of the Florida Constitution; and

WHEREAS, on October 22, 2015, the Florida Supreme Court approved the proposed amendment for placement on the ballot provided that a sufficient number of valid signatures are obtained;<sup>5</sup>

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:**

**Section 1.** The Board of County Commissioners of Monroe County, Florida hereby urges the Florida Legislature to remove the barrier that limits the sale of solar-generated electricity directly to a customer by anyone other than a power company, and alternatively supports the Floridians for Solar Choice ballot petition to amend the Florida Constitution to remove the barrier to customer-sited solar power.

**Section 2.** This resolution shall become effective immediately upon adoption by vote of the County Commission.

**Section 3.** The Clerk is directed to send a copy of this resolution to:

- Governor Rick Scott
- Senate President Andy Gardiner
- House Speaker Steve Crisafulli
- Senator Dwight Bullard
- Representative Holly Raschein

**PASSED AND ADOPTED** by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 20<sup>th</sup> day of January, 2016.

**Mayor Heather Carruthers**  
**Mayor pro tem George Neugent**  
**Commissioner Danny L. Kolhage**  
**Commissioner David Rice**  
**Commissioner Sylvia Murphy**

<sup>5</sup> *Advisory Opinion to the Attorney General re: Limits or Prevents Barriers to Local Solar Electricity Supply*, 177 So.3d 235 (Fla. 2015)

## Exhibit A

### ARTICLE X, SECTION 29. Purchase and sale of solar electricity.—

(a) **PURPOSE AND INTENT.** It shall be the policy of the state to encourage and promote local small-scale solar-generated electricity production and to enhance the availability of solar power to customers. This section is intended to accomplish this purpose by limiting and preventing regulatory and economic barriers that discourage the supply of electricity generated from solar energy sources to customers who consume the electricity at the same or a contiguous property as the site of the solar electricity production. Regulatory and economic barriers include rate, service and territory regulations imposed by state or local government on those supplying such local solar electricity, and imposition by electric utilities of special rates, fees, charges, tariffs, or terms and conditions of service on their customers consuming local solar electricity supplied by a third party that are not imposed on their other customers of the same type or class who do not consume local solar electricity.

### (b) **PURCHASE AND SALE OF LOCAL SMALL-SCALE SOLAR ELECTRICITY.**

(1) A local solar electricity supplier, as defined in this section, shall not be subject to state or local government regulation with respect to rates, service, or territory, or be subject to any assignment, reservation, or division of service territory between or among electric utilities.

(2) No electric utility shall impair any customer's purchase or consumption of solar electricity from a local solar electricity supplier through any special rate, charge, tariff, classification, term or condition of service, or utility rule or regulation, that is not also imposed on other customers of the same type or class that do not consume electricity from a local solar electricity supplier.

(3) An electric utility shall not be relieved of its obligation under law to furnish service to any customer within its service territory on the basis that such customer also purchases electricity from a local solar electricity supplier.

(4) Notwithstanding paragraph (1), nothing in this section shall prohibit reasonable health, safety and welfare regulations, including, but not limited to, building codes, electrical codes, safety codes and pollution control regulations, which do not prohibit or have the effect of prohibiting the supply of solar-generated electricity by a local solar electricity supplier as defined in this section.

(c) DEFINITIONS. For the purposes of this section:

(1) "local solar electricity supplier" means any person who supplies electricity generated from a solar electricity generating facility with a maximum rated \*241 capacity of no more than 2 megawatts, that converts energy from the sun into thermal or electrical energy, to any other person located on the same property, or on separately owned but contiguous property, where the solar energy generating facility is located.

(2) "person" means any individual, firm, association, joint venture, partnership, estate, trust, business trust, syndicate, fiduciary, corporation, government entity, and any other group or combination.

(3) "electric utility" means every person, corporation, partnership, association, governmental entity, and their lessees, trustees, or receivers, other than a local solar electricity supplier, supplying electricity to ultimate consumers of electricity within this state.

(4) "local government" means any county, municipality, special district, authority, or any other subdivision of the state.

(d) ENFORCEMENT AND EFFECTIVE DATE. This amendment shall be effective on January 3, 2017.

Your Address: \_\_\_\_\_

City: \_\_\_\_\_ Zip: \_\_\_\_\_ County: \_\_\_\_\_

Please change my legal residence address on my voter registration record to the above residence address (check box, if applicable)

Voter Registration Number: \_\_\_\_\_ (or) Date of Birth \_\_\_\_\_

I am a registered voter of Florida and hereby petition the Secretary of State to place the following proposed amendment to the Florida Constitution on the ballot in the general election:

**BALLOT TITLE:** Limits or Prevents Barriers to Local Solar Electricity Supply

**BALLOT SUMMARY:** Limits or prevents government and electric utility imposed barriers to supplying local solar electricity. Local solar electricity supply is the non-utility supply of solar generated electricity from a facility rated up to 2 megawatts to customers at the same or contiguous property as the facility. Barriers include government regulation of local solar electricity suppliers' rates, service and territory, and unfavorable electric utility rates, charges, or terms of service imposed on local solar electricity customers.

**ARTICLE AND SECTION BEING CREATED OR AMENDED:** Add new Section 29 to Article X

**FULL TEXT OF PROPOSED AMENDMENT:**

Section 29. Purchase and sale of solar electricity. –

(a) **PURPOSE AND INTENT.** It shall be the policy of the state to encourage and promote local small-scale solar-generated electricity production and to enhance the availability of solar power to customers. This section is intended to accomplish this purpose by limiting and preventing regulatory and economic barriers that discourage the supply of electricity generated from solar energy sources to customers who consume the electricity at the same or a contiguous property as the site of the solar electricity production. Regulatory and economic barriers include rate, service and territory regulations imposed by state or local government on those supplying such local solar electricity, and imposition by electric utilities of special rates, fees, charges, tariffs, or terms and conditions of service on their customers consuming local solar electricity supplied by a third party that are not imposed on their other customers of the same type or class who do not consume local solar electricity.

(b) **PURCHASE AND SALE OF LOCAL SMALL-SCALE SOLAR ELECTRICITY.**

(1) A local solar electricity supplier, as defined in this section, shall not be subject to state or local government regulation with respect to rates, service, or territory, or be subject to any assignment, reservation, or division of service territory between or among electric utilities.

(2) No electric utility shall impair any customer's purchase or consumption of solar electricity from a local solar electricity supplier through any special rate, charge, tariff, classification, term or condition of service, or utility rule or regulation, that is not also imposed on other customers of the same type or class that do not consume electricity from a local solar electricity supplier.

(3) An electric utility shall not be relieved of its obligation under law to furnish service to any customer within its service territory on the basis that such customer also purchases electricity from a local solar electricity supplier.

(4) Notwithstanding paragraph (1), nothing in this section shall prohibit reasonable health, safety and welfare regulations, including, but not limited to, building codes, electrical codes, safety codes and pollution control regulations, which do not prohibit or have the effect of prohibiting the supply of solar-generated electricity by a local solar electricity supplier as defined in this section.

(c) **DEFINITIONS.** For the purposes of this section:

(1) "local solar electricity supplier" means any person who supplies electricity generated from a solar electricity generating facility with a maximum rated capacity of no more than 2 megawatts, that converts energy from the sun into thermal or electrical energy, to any other person located on the same property, or on separately owned but contiguous property, where the solar energy generating facility is located.

(2) "person" means any individual, firm, association, joint venture, partnership, estate, trust, business trust, syndicate, fiduciary, corporation, government entity, and any other group or combination.

(3) "electric utility" means every person, corporation, partnership, association, governmental entity, and their lessees, trustees, or receivers, other than a local solar electricity supplier, supplying electricity to ultimate consumers of electricity within this state.

(4) "local government" means any county, municipality, special district, district, authority, or any other subdivision of the state.

(d) **ENFORCEMENT AND EFFECTIVE DATE.** This amendment shall be effective on January 3, 2017.

# Floridians for Solar Choice

## Florida Solar Ballot Initiative Fact Sheet

**WHAT:** This measure – to be placed on the 2016 ballot - removes barriers that block Florida families and businesses from harnessing clean, renewable solar power. It expands choice in solar power providers, offering customers more choice and freedom in selecting solar power and who provides it to them.

**HOW:** Amends the Florida Constitution to allow the sale of solar-generated electricity to Florida families and businesses by persons other than monopoly power companies and government-owned utilities.

**WHY:** Florida has the greatest potential for solar energy of any state east of the Mississippi. Yet the Sunshine State lags in solar power development. It has 9 million electric utility customers, yet a [paltry 6,000](#) customer-sited solar systems – dwarfed by less sunny states like New Jersey which has over 30,000 customer-sited solar systems but only half the population of Florida. Why aren't Florida families and businesses harnessing the benefits of clean, renewable solar power?

For one thing, Florida is one of only four states in the United States that by law expressly denies citizens and businesses the freedom to buy solar power electricity directly from someone other than a monopoly electric utility, or a local electric utility. Having the choice to buy solar power from someone other than your current electricity company has been the major driver of solar development in other states.

Florida law also denies property owners the right to sell power to tenants, or to a neighbor with a common boundary line. That means that a landlord can't offer solar generated electricity to families that rent their home, nor can a shopping center owner offer solar-generated electricity to their tenants. These laws restrict solar choice for a large portion of Florida's families and businesses. Big power companies such as Duke Energy and Florida Power & Light profit by maintaining their monopoly on the state's energy market. Florida's solar market is held back by these monopoly utilities that do everything in their vast power to stomp out potential competition and deny Floridians their right to choose their energy sources.

In a recent poll, 74% of Florida voters said they support a proposal to change the state's current law and allow Floridians to contract directly with solar power providers for their electricity. Removing barriers to solar choice will allow more Floridians to take advantage of the power of the sun.

It's clear: Floridians support solar power but they are being denied their right to choose it as their power source! *That's why Floridians for Solar Choice is bringing this issue directly to the people.* **Join us! Sign the petition TODAY!** Visit [www.FLsolarchoice.org](http://www.FLsolarchoice.org) to learn more about the benefits of customer solar choice. Sign up for free updates and help spread the word. Together we can remove unfair state policies that block competition and encourage monopoly control of our energy choices.

# Floridians for Solar Choice Partners

Floridians for Solar Choice, Inc. is a registered Florida political committee that is sponsoring the ballot initiative. It's a grassroots effort whose supporters include Floridians from across the political spectrum and the business community.

**Floridians for  
 Solar Choice**

# Floridians for Solar Choice

## Floridians for Solar Choice Garner Editorial Support from Around Florida

**Bradenton Herald: Editorial: Don't be fooled on Florida solar energy petition drives: One friendly to consumers; other to utilities (November 2, 2015)**

*Floridians would be well advised to learn to stark differences in the two diametrically opposed petitions seeking constitutional amendments on solar energy. One would eliminate the ban on property owners who want to sell electricity generated by solar panels to neighboring homes and businesses. The other merely seeks to maintain the status quo, restricting property owners to only one option -- selling excess energy to utilities at retail prices. Confusion arises when the people paid to gather petition signatures misrepresent the utility-supported initiative as a consumer-friendly measure. Don't be fooled.*

**Ocala Star Banner: Editorial: An inconvenient truth in Florida (October 8, 2015)**

*Florida's major utilities have gutted solar rebate programs and energy-efficiency goals, and now are fighting an initiative that would create solar competition for them. "The utilities use their legacy power and wealth ... to absolutely control the state Legislature and the governor's office," Gore said, denying residents "the opportunity to take advantage of buying electricity at a cheaper price by turning away a monopoly."*

**Daily Commercial: Editorial: An inconvenient truth for Florida (October 7, 2015)**

*Florida is ranked third in its potential to produce solar energy yet is just one of four states that limit electric sales to utilities, according to the Herald. Florida's major utilities have gutted solar rebate programs and energy-efficiency goals, and now are fighting an initiative that would create solar competition for them. A coalition of environmental and conservative groups called Floridians for Solar Choice is seeking to put an initiative on the ballot that would change the status quo. The initiative would allow solar companies to install rooftop panels on homes and businesses at little or no cost, selling the power back to the customer at a long-term fixed rate.*

**Gainesville Sun: Editorial: An inconvenient truth (October 6, 2015)**

*But fossil-fuel interests are trying to confuse voters with their own group, deceptively called Consumers for Smart Solar. The group is largely being financially supported by the big utilities as well as out-of-state front groups funding by the Koch brothers, according to the Energy and Policy Institute and the Center for Media Democracy. The group is pushing an initiative giving Floridians the right to use solar power in the state — a right they already have. As Politico reported, Gore rightly referred to the second initiative as a "wolf ... in sheep's clothing" that merely keeps utility monopolies in place.*

**Tampa Bay Times: Editorial: Court should allow solar amendment on ballot (September 1, 2015)**

*The investor-owned electric utilities and Attorney General Pam Bondi's office failed to make a compelling argument Tuesday for the Florida Supreme Court to block a referendum next year on expanding public access to solar power. They gave the court no reason to reject the ballot language of a 2016 constitutional amendment that would enable small-scale solar producers to resell energy in a limited market. The electric monopolies instead used Tuesday's oral arguments to further test a misinformation campaign that already is kicking into gear. At the moment, the future of solar, the fate*

*of next year's elections and the direction of energy policy is not the issue. The ballot supporters for the straightforward Floridians for Solar Choice effort have presented a clean and fair amendment. The opponents may not like the ballot language, but they have offered nothing to justify the court knocking it off the ballot. Let the voters decide the issue.*

**The Ledger: [A ray of light in Florida's impending battle over solar power](#) (August 23, 2015)**

*But there is another initiative that could help the Sunshine State rank higher than 14th nationally in terms of solar power production. As former Republican state Sen. Paula Dockery of Lakeland reminds us in her weekly column today, forces are gathering for a showdown of competing amendments to the state Constitution regarding solar energy. The upcoming battle to revise the Constitution for control of solar power likely will not be pretty. The important thing, however, is that both municipal systems like Lakeland's and the solar industry no longer see energy from the sun as something that is far-fetched or unsustainable. It is worth fighting for, and that is good for the future.*

**Palm Beach Post: [Conflicting ballot measure clouds Florida's solar future](#) (August 16, 2015)**

*The future of solar energy in Florida is beclouded by a battle of two amendments that are trying to make their way onto the 2016 ballot. One strives to open up the tight grip of power companies, and allow Floridians to buy solar energy from enterprising suppliers. The other, heavily funded by utilities, exists for apparently no other purpose than to thwart the first one. If voters are confused, then the second initiative has done its job. This is bare-knuckled politics. And if it delays the rise of solar power in a state that rightfully ought to be known for it, we're all the worse for it. Because, while Florida may be the Sunshine State, we're far from being the Sunshine-Power State.*

**Tampa Bay Times: [Editorial: Don't confuse solar energy debate](#) (August 7, 2015)**

*The first proposed amendment (by Floridians for Solar Choice) is a genuine attempt to address an issue the Legislature has failed to resolve, but the second one is an underhanded attempt to confuse voters. Floridians for Solar Choice has proposed a constitutional amendment that would allow small-scale power sales. Last month, a rival group aligned with the utilities filed its own proposed amendment. The measure by the misnamed Consumers for Smart Solar would merely codify in the state Constitution what's already in state law — provisions that allow consumers to own or lease solar equipment on their property. It doesn't expand solar one bit or rewrite state regulations an iota, because its purpose is not to stoke the solar market but to confuse voters and preserve the status quo.*

**Port Charlotte Sun: [Standoff looms on Florida's solar growth](#) (July 24, 2015)**

*Confused over "Solar Choice" and "Smart Solar"? That's the aim. Florida's utility companies have dusted off an old ploy from the political ploy-book to ward off threats to their business posed by the expansion of standalone rooftop solar power. Responding to a drive for a constitutional amendment that would open up the solar market, an industry-backed group has cooked up a competing amendment that would reinforce the status quo. There's likely little chance that it will attract enough signatures for the ballot, but that's not really the point. To voters, it will be "Solar Choice" vs. "Smart Solar." The confusion alone could be enough to kill both, which only means a "win" for the utilities.*

**TC Palm: [Fight shows solar power has bright future](#) (July 17, 2015)**

*By removing barriers that have closed the market to small producers of solar energy — 2 megawatts or less and focused on providing electricity for their own or adjacent property — the amendment would create competition for major utilities. They have responded by also asking the high court to nullify the*

amendment's language. *Floridians for Solar Choice* says on its website that it resorted to a constitutional amendment because "past legislative efforts to overcome barriers to solar choice have been thwarted by large monopoly power companies."

**Sun Sentinel: [Fight shows solar power has bright future](#) (July 14, 2015)**

*Disputes about the proposed ballot language aside, we agree with the principles that motivate Floridians for Solar Choice. As technology makes solar power more feasible and more available to small producers, Florida — the Sunshine State — should regulate and deregulate to promote innovation and competition. Perhaps there will come a day when small producers can mount the sort of challenge in energy production that Uber has posed to established taxi companies. That kind of creative disruption needs to be managed, not blocked. It is encouraging that, even with that kind of dominance, big utilities are afraid of competition from the little guys. It means that they know solar power finally is becoming a viable option.*

**Palm Beach Post: [Solar amendment deserves to see light of day](#) (June 22, 2015)**

*As you have surely noticed, we have a lot of sunshine in the Sunshine State. Yet ours is not nearly the top state in solar energy. It's not even close. We're, at best, 18th, as ranked by the Florida Solar Energy Industries Association. A grass-roots coalition of advocates is out to change this...They are gathering signatures for an amendment that would allow third parties — other than major utilities — to sell electricity from solar power to businesses or property owners and adjacent properties, up to 2 megawatts (enough to power a Wal-Mart for a day). We hope the Supreme Court sees past the utilities' arguments, and lets the state's voters have the ultimate say. We'd love to see the free market set loose to move Florida's solar industry out of the shadows.*

**Bradenton Herald: [Floridians, utilities forging ahead on two solar energy fronts](#) (June 4, 2015)**

*Today, Floridians for Solar Choice aim to place a constitutional amendment proposal on renewable energy onto the November 2016 ballot. This common-sense, free-market proposal simply asks voters to change state policy and promote small-scale, local solar energy by eliminating barriers, chiefly the one banning neighbor-to-neighbor sales of excess power. The surprising element to this is a broad-based coalition of political opponents has united behind this petition drive. Republicans, Democrats, tea party activists, libertarians, businesses, Christian Coalition conservatives, liberal environmentalists and others joined hands under Floridians for Solar Choice. We hope the proposed amendment makes the 2016 ballot.*

**Northwest Florida Daily News: [Cooling off the solar monopoly](#) (May 28, 2015)**

*The problem isn't a lack of sunshine in the Sunshine State; in fact, Gulf Power plans to build three solar energy "farms" to catch some rays right here in Okaloosa, Santa Rosa and Escambia counties. No, the problem is that Florida is one of a few states which ban residents from buying electricity from companies that put solar panels on homes or businesses. The proposed amendment would end that prohibition.*

**Daily Commercial: [Solar in the Sunshine State](#) (May 27, 2015)**

*Florida residents should have the choice to purchase solar power without having to purchase expensive solar panels. States that have seen a large expansion in solar energy use allow rooftop solar systems to be owned by separate entities than the customer using the electricity, the Herald-Tribune reported.*

*These power purchase agreements save homeowners the upfront costs of buying solar panels while providing savings on their utility bills. It's a win-win.*

**The Ledger: [The Sunshine State: Interests in Solar Energy](#) (May 27, 2015)**

*The problem is that Florida is one of the few states that ban residents from buying electricity from companies that put solar panels on homes or businesses. The proposed amendment would end the prohibition. More than 86,000 verified signature have been collected in support of the measure, and another 70,000 are waiting to be verified, the Herald-Tribune reported.*

**Ocala Star Banner: [Solar in the Sunshine State](#) (May 25, 2015)**

*Groups as different as Sierra Club Florida and the Christian Coalition of America are supporting an effort to expand the use of solar energy in the Sunshine State. Whether for free-market or environmental principles, these disparate groups share an interest in seeing competition apply to the sale of solar energy in Florida. Not surprisingly, big utilities are fighting to protect their big monopolies and big profits.*

**Sarasota Herald-Tribune: [Solar power to the people](#) (May 24, 2015)**

*The Legislature did it again. Or rather, the Legislature did nothing -- again. Given the opportunity in this year's session to address an important and popular demand -- in this case, greater access to solar energy -- the Legislature in essence looked the other way. Increased use of solar energy means a lot to Florida's bottom line, too. Diversifying the state's energy sources would equip it to better handle future swings in fuel prices. Florida would become less dependent on fossil fuel, a major contributor to climate change. It shouldn't take a constitutional amendment to make the Legislature recognize the long-term value of promoting solar power. But the proponents of third-party sales feel the Legislature -- whether because of ideological objections or the influence of the big utilities -- gave them no choice.*

**Gainesville Sun: [Supporting solar](#) (May 21, 2015)**

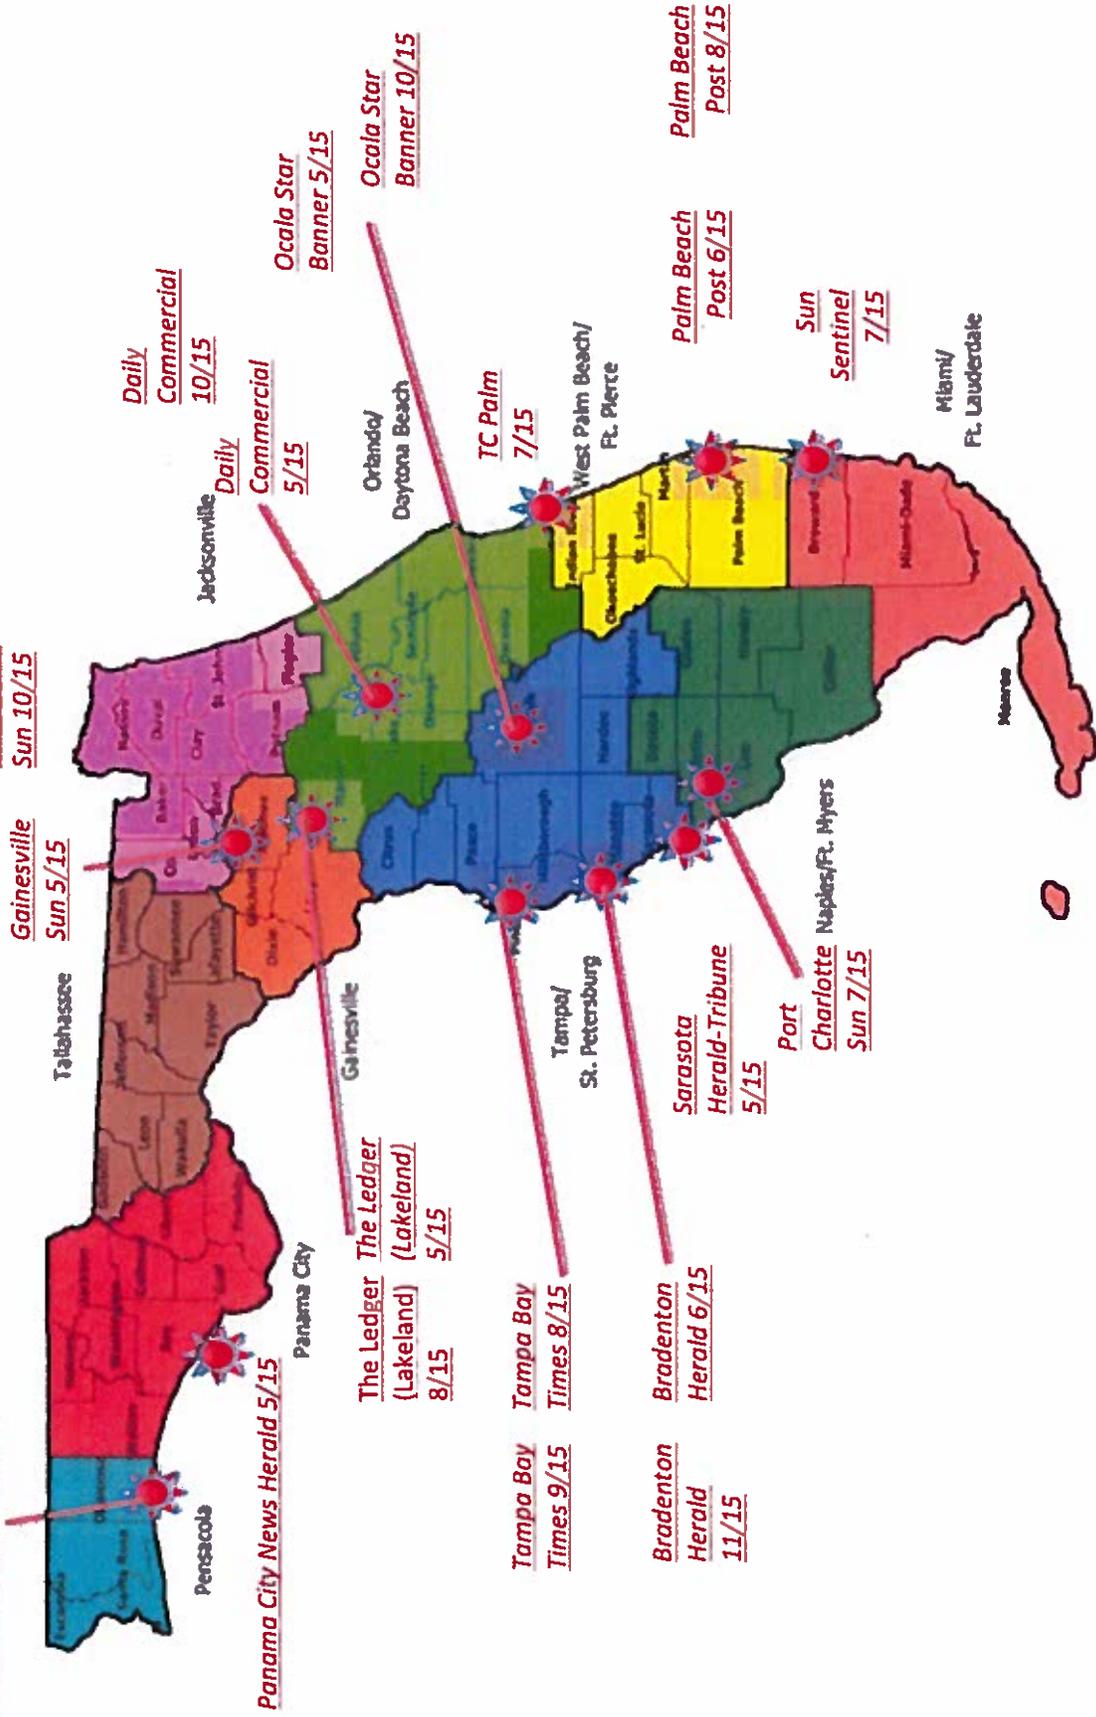

*A recent state analysis found the amendment would mean less money for utilities, resulting in fewer dollars from taxes and fees for state and local governments. Those cuts are outweighed by the benefits that solar energy provides. Consumers could save money while saving the planet from the fossil-fuel emissions that contribute to climate change. Jobs would be created in the growing solar industry. Whether for environmental or economic reasons, the solar amendment makes sense. We encourage voters to sign the petition to put the measure on the November 2016 ballot.*

**Panama City News Herald: [Time to let sunshine in](#) (May 20, 2015)**

*It seems to us that there is a clear bottom line. Between now and 2016, Florida's Legislature has a chance to get all the stakeholders together and see if they can come up with a solution that benefits everyone. Florida's government works best when its leaders listen to the people and then respond by drafting appropriate legislation that solves the issue. Although they are popular, constitutional amendments often create more problems and are open to wider interpretation from the Legislature and the courts than most people expect. However, if the Legislature doesn't act there's a good chance that -- whether Florida's lawmakers and power companies are ready or not -- the voters will decide it is time to let the sunshine in.*

State Representative Holly Raschein's Environmental Stewardship Workshop  
Wednesday August 5, 2015 3:00 pm  
Marathon Government Center, Marathon, Florida

On August 5, 2015, Representative Holly Raschein convened a meeting of interested public officials including local governments and special districts (FKAA and KLWTD) to discuss funding sources for Waste Water, Land Acquisition, Canal Maintenance Drudging, and other Environmental issues. Holly Raschein provided a brief synopsis of last year draft of Legislation Florida Keys Environmental Stewardship Act (drafted by Kenneth Lee and Frank Bernardino) which provides a foundation to move forward.

Frank Bernardino (Landscape Consultant representing Monroe County) presented background of what we had and an action which requires support and a consensus for a comprehensive plan to address all the needs of communities forward.

Kenneth Lee (Capital's Insight representing Islamorada and Monroe County) elaborated further on these issues. After a presentation, officials were permitted the opportunity to make remarks.

State representative Holly Raschein suggested that everyone return to discuss this and speak to your state representative from Tallahassee.

Regular Meeting  
Board of County Commissioners  
Wednesday, October 21, 2015  
Marathon, Florida

A regular meeting of the Monroe County Board of County Commissioners convened at 9:00 a.m. at the Marathon Government Center. Present and answering to roll call were Commissioner Heather Carruthers, Commissioner Sylvia Murphy, Commissioner George Neugent, Commissioner David Rice and Mayor Danny Kolhage. Also present at the meeting were Roman Gastesi, County Administrator; Bob Shillinger, County Attorney; Amy Heavilin, County Clerk; Cheryl Robertson, Deputy Clerk; county staff and members of the general public.

### **ADDITIONS, CORRECTIONS, DELETIONS**

- Item A1 Motion was made by Commissioner Rice and seconded by Commissioner Murphy granting approval of the additions, corrections and deletions to the agenda. Motion carried unanimously. *A copy of the approved changes are attached at the end of these minutes for reference.*
- Item B **Presentation of excess fee check by Tax Collector**, Honorable Danise Hernandez; Monroe County Tax Collector as well as an update of the Tourist Development Council and Audit Enforcement.

### **PRESENTATION OF AWARDS**

- Item C1 **EMERGENCY SERVICES:** Presentation of Years of Service Award for 25 years of service to Stanley Webb III, Firefighter Paramedic. Chief Callihan shared his appreciation and thanks of Stantley Webb's service and commitment as a Firefighter Paramedic.
- Item C2 **EMPLOYEE SERVICES :** One Grand Prize Drawing by Commissioner Murphy out of all employees who participated in the 2015 Health & Wellness Fair. Commissioner Carruthers spun the wheel and Commissiner Murphy announced the winner. Marty Slavik of the Public Works Department was the winner of a brand new bicycle.

### **BULK APPROVALS**

Commissioner Murphy addressed the audience regarding the Rules of Bulk Approval's items. Motion was made by Commissioner Carruthers and seconded by Commissioner Rice granting approval of the following bulk items. Motion passed unanimously.

- Item D1 Board granted approval of the filing of a grant application and agreement for State Aid to Libraries from the Florida Department of State, Division of Library and Information Services, and execution of same with the proper County authorities.

MINUTES  
OF THE MONROE COUNTY  
BOARD OF COUNTY COMMISSIONERS  
OCTOBER 21, 2015

- Item D2 Board granted approval for the Key West, Marathon and Key Largo Branch Libraries to close at 6:00p.m. on Wednesday , November 25,2015.
- Item D3 Board granted approval to declare library books, which are valued at less than \$5,000 as surplus property, and allow for the books to be disposed of for value and/or donations at the library's discretion with the monies to be deposited into the Library's donation account.
- Item D6 Board granted approval of the Amendment to Administrative Services Agreement with Blue Cross and Blue Shield of Florida (BCBSF) effective November 1, 2015.
- Item D7 Board granted ratification and approval of Transportation Security Administration Award Modification No. P00003 extending Grant Agreement No. HSTS0213HSLR041 for four (4) additional months (October 1, 2015 to January 31, 2016) and providing an additional \$6,872.42 in grant funds for Law Enforcement Officer Reimbursement at the Key West International Airport.
- Item D8 Board granted approval of Jacobs Project Management Co.'s Task Order #12/ 15-39 for the Services Authorized: Commercial Apron Reconstruction Design PSO #39 in the amount of \$259,400 to be funded by FAA (900/o), FDOT (5%)- grant pending, and Airport Operating funds (5%).
- Item D9 Board granted approval of Jacobs Project Management Co.'s Task Order #12/14-45 for the Services Authorized: Drainage Reconstruction Phase 2 & 3 - EYW-PSO #45 in the amount of \$239,000 to be funded by FAA (900/o), FDOT - grant pending (5%), and Airport Operating funds (5%).
- Item D11 Board granted approval of Jacobs Project Management Co.'s Task Order #12114-48 for the Services Authorized: Marathon Miscellaneous Study PSO #48 in the amount of \$258,247 to be funded by FAA (90%), FDOT (5%)- grant pending , and Airport Operating funds (5%).
- Item D12 Board granted approval of Jacobs Project Management Co.'s Task Order #12/14-51 for the Services Authorized: Noise Program Coordinator for NIP Implementation Plan & Initial Testing PSO #51 in the amount of \$88,000 to be funded by FAA (90%), and Key West Airport FY16 PFC funds 10% (application pending).
- Item D13 Board granted approval of Jacobs Project Management Co.'s Task Order #12/ 14-55 for the Services Authorized: DBE Implementation Services PSO #55 in the amount of \$65,810 to be funded by FDOT -grant pending and local match from Airport Operating funds (Planning Studies).
- Item D14 Board granted approval of Jacobs Project Management Co.'s Task Order #12/14-56 for the Services Authorized: MTH Hangars Additional Design, FBC Update &

BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY

1/20/16

Meeting Date: 12/09/2015

Department: Finance

Bulk Item: Yes  No

Staff Contact /Phone #: C. Bradford 3457

**AGENDA ITEM WORDING:**

Assets to be transferred from Card Sound to lower Keys Roads & Bridges

**ITEM BACKGROUND:**

**PREVIOUS RELEVANT BOCC ACTION:**

**CONTRACT/AGREEMENT CHANGES:**

**STAFF RECOMMENDATIONS:**

Approve the addition of assets

TOTAL COST: \_\_\_\_\_ INDIRECT COST: \_\_\_\_\_ BUDGETED: Yes  No

DIFFERENTIAL OF LOCAL PREFERENCE: \_\_\_\_\_

COST TO COUNTY: \$ \_\_\_\_\_ SOURCE OF FUNDS: \_\_\_\_\_

REVENUE PRODUCING: Yes  No  AMOUNT PER MONTH \_\_\_\_\_ Year \_\_\_\_\_

APPROVED BY: County Attorney  OMB/Purchasing  Risk Management

DOCUMENTATION: Included  Not Required

DISPOSITION: \_\_\_\_\_

AGENDA ITEM # \_\_\_\_\_

**MONROE COUNTY  
FIXED ASSET TRANSFER FORM  
(ATTACHMENT B.4.)**

TO: Charlie Bradford , Property Manager  
FINANCE DEPT, Stop #8

FROM: Roy Sanchez, Director  
Fleet Mgmt., Stop #4

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: 1/20/16  
12/09/2015

Department: Finance

Bulk Item: Yes X No     

Staff Contact /Phone #: C. Bradford 3457

---

**AGENDA ITEM WORDING:**

Request to surplus assets no longer useable

---

**ITEM BACKGROUND:**

---

**PREVIOUS RELEVANT BOCC ACTION:**

---

**CONTRACT/AGREEMENT CHANGES:**

---

**STAFF RECOMMENDATIONS:**

Approve the addition of assets

---

**TOTAL COST:** \_\_\_\_\_ **INDIRECT COST:** \_\_\_\_\_ **BUDGETED:** Yes \_\_\_ No \_\_\_

**DIFFERENTIAL OF LOCAL PREFERENCE:** \_\_\_\_\_

**COST TO COUNTY:** \$ \_\_\_\_\_ **SOURCE OF FUNDS:** \_\_\_\_\_

**REVENUE PRODUCING:** Yes \_\_\_ No \_\_\_ **AMOUNT PER MONTH** \_\_\_ **Year** \_\_\_

**APPROVED BY:** County Attorney \_\_\_ OMB/Purchasing \_\_\_ Risk Management \_\_\_

**DOCUMENTATION:** Included X Not Required \_\_\_

---

**DISPOSITION:** \_\_\_\_\_

**AGENDA ITEM #** \_\_\_\_\_

**DOCUMENTATION:** Included  Not Required

**DISPOSITION:** \_\_\_\_\_

**AGENDA ITEM #** \_\_\_\_\_

To the Honorable Mayor and Board  
of County Commissioners of  
Monroe County, Florida:

We are engaged to audit the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Monroe County, Florida (the "County") for the year ended September 30, 2015. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

**Our Responsibilities under U.S. Generally Accepted Auditing Standards, Government Auditing Standards, and OMB Circular A-133**

Our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we will consider the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We will also consider internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we will perform tests of its compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit. Also in accordance with OMB Circular A-133, we will examine, on a test basis, evidence about the County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement applicable to each of its major federal programs for the purpose of expressing an opinion on the County's compliance with those requirements. While our audit will provide a reasonable basis for our opinion, it will not provide a legal determination on the County's compliance with those requirements.

**Planned Scope, Timing of the Audit, and Other**

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

**To the Honorable Mayor and Board  
of County Commissioners of  
Monroe County, Florida:**  
**Page 2**

We expect to begin our audit on approximately January 18th and issue our report on approximately March 31, 2016. Eddie Burke is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of and management of the Board of County Commissioners of the County and is not intended to be, and should not be, used by anyone other than these specified parties.

*Chasmy Rickett LLP*

Raleigh, North Carolina

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: 1/20/16

Department: Finance

Bulk Item: Yes  No

Staff Contact /Phone #: William Chase (305)292-3573

---

**AGENDA ITEM WORDING:**

Approval of FKAA invoices for the fiscal year (to include salaries), relating to the Cudjoe Regional Wastewater System Project. The invoices under \$50,000 are being submitted as informational only.

---

**ITEM BACKGROUND:**

To substantiate proper expenditure of County funds advanced to the FKAA pursuant to the terms of the Interlocal Agreement for the Cudjoe Regional Wastewater System, as amended, all related invoices and supporting documentation shall be submitted by the FKAA to the County Engineering Department for review and approval, and thereupon to the Clerk's Finance Department. As per County Ordinance and the County's own purchasing policy and procedures, the BOCC shall retain final approval for all invoices/contracts. This involves (as per attached) a total of all amounts submitted by the FKAA for the Cudjoe Regional Wastewater System. The total of expenditures for the period of December 2015 is \$308,722.04.

---

**PREVIOUS RELEVANT BOCC ACTION:**

---

**CONTRACT/AGREEMENT CHANGES:**

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: January 20, 2016

Department : FINANCE

Bulk Item: Yes  No

Staff Contact /Phone #: William Chase/ 305-292-3573

**AGENDA ITEM WORDING:**

Approval of FKAA invoices for the fiscal year ( to include salaries ), relating to the Cudjoe Regional Wastewater System Project. The invoices \$50,000.00 and over are being submitted for approval.

**ITEM BACKGROUND:**

To substantiate proper expenditures of County funds advanced to the FKAA pursuant to the terms of the Interlocal Agreement for the Cudjoe Regional Wastewater System, as amended, all related invoices and supporting documentation shall be submitted by the FKAA to the County Engineering Department for review and approval, and thereupon to the Clerk's Finance Department. As per County Ordinance and the County's own Purchasing Policy and Procedures, the BOCC shall retain final approval for all invoices/contracts. These involves (as per attached) are a total of all amounts submitted by the FKAA for the Cudjoe Regional Wastewater System. The Total of expenditures for the period of December is a total of \$ 8,555,117.04 to be approved

- Item Q 8      Board granted approval to enter into a contract with the following speakers to allow them to be paid a reimbursed for lump sum honorarium for their speaking services travel expenses after they present at the 7th Annual Southeast Regional Climate Leadership Summit: Ernesto L. Diaz, Paul Wolfe, Cynthia Barnett, David Guggenheim, and Elizabeth Fly.

MINUTES  
OF THE MONROE COUNTY  
BOARD OF COUNTY COMMISSIONERS  
NOVEMBER 17, 2015

- Item Q9 Board granted approval of a grant application submitted October 30, 2015 to the Florida Department of Environmental Protection (FDEP) to conduct a vulnerability assessment of an important community asset in Monroe County area. This work, if awarded, will include the identification of risk and loss for one asset, Bayshore Manor Assisted Living Facility, as a means of developing a method to quantify potential losses for various important assets in the Keys exacerbated by sea level rise. This method is being developed to facilitate later dialogue which will be focused on developing methods to prioritize assets to be considered for protection across all county controlled or influenced asset types.
- Item Q10 Board granted approval to enter into Amendment No. 1 to a contract with Casa Operating Lessee Inc., d/b/a Casa Marina, A Waldorf Astoria Resort, for conference hosting and implementation services for the 7th Annual Southeast Florida Regional Climate Change Summit to authorize additional food and beverage services and audio visual services in support of the Summit; authorization for the Sustainability/Projects Director to execute necessary documentation.
- Item Q11 Board granted approval to enter into Amendment No. 1 to Grant Agreement awarded by the Environmental Protection Agency (EPA) for the South FL Geographic Initiative Grant Improving Water Quality in Residential Canals to increase the grant amount by \$15,001 to equal the amount originally anticipated under the Grant Award.
- Item R2 Board granted approval of a mediated settlement agreement for a Code Compliance Lien Foreclosure Case styled Monroe County v. Simon L. Sherrill and Sandra Jo Sherrill, Case No. 15-CA-223-P, regarding real property located at 102870 Overseas Highway, Key Largo, FL.
- Item R3 Board granted authorization to initiate litigation against James C. and Brenda R. Edwards and the property located at 18 Cactus Dr., Big Coppitt Key, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE14100095.
- Item R4 Board granted authorization to initiate litigation against Silvia N. and Hercules J. Ferrandi and the property located at 889 Ellen Dr., Key Largo, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE14090140.
- Item R5 Board granted authorization to initiate litigation against David R. Rowland and Denise Rowland and the property located at 912 LaPaloma Rd., Key Largo, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE14010062.
- Item R6 Board granted authorization to initiate litigation against Gregory P. Sutton and the property located at 25 North Dr., Key Largo, Florida, to seek compliance with the

County Code and enforce a lien arising from Code Compliance Case Number CE13100009.

- Item R7 Board granted approval of and authorization for the County Attorney to execute the conflict waiver letter dated October 26, 2015, authorizing Ira Libanoff, Esq., to represent the County in two lawsuits in which Berkley Regional Insurance Company (“Berkley”) is an adversarial party to the County.
- Item S2 Board granted approval of revised BOCC policy statement for provision of sewer connections in County funded wastewater systems at County expense.

- Revenue for December 2015 \$24,708.07
- Expenditures for the same period \$49,741.71
- Percentage of the budget spent year to date 17.59%

### **EXTENSION SERVICES**

- Number of services provided: 152 phone calls, 19 office visits, 10 visits to clients, 20 learning events with 263 participants, 4 media submissions, and 738 publications distributed. Total Budget for FY 15/16: \$212,351.00; Year to Date Expenditures and Encumbrances: \$114,673.32; Remaining Balance: \$97,677.68; Percentage of budget spent and/or encumbered year-to-date: 54%.

The County Extension Director/Family & Community Development Agent accomplished the following activities:

- Worked with staff to host 450 participants for the 7th Annual Southeast Florida Regional Climate Leadership Summit including exhibitor placement, volunteer management, and agenda planning. A display was developed to represent Monroe County’s initiatives and impact for 2015 on issues such as sea level rise, canal restoration, and STAR community rating. Five Sustainable Floridians<sup>SM</sup> graduates volunteered at the summit as well as staff from the other three compact counties. Also was a presenter under “Shipshape and Sustainable.” The summit presentations were recorded and are available at <http://greenkeys.info>.
- Worked nationally with a peer group to update the “Climate Change Handbook: A Citizen’s Guide to Thoughtful Action” which is expected to be completed in the spring of 2016.
- Was nominated by IFAS Dean Dr. Nick Place to apply for a national Extension climate team, the “eXtension i-Three Corps” initiative. The application included public voting and over 300 local community members voted for the County Extension Director. The applicants will be notified of appointments by January 1.

The Environmental Horticulture Agent accomplished the following activities:

- Worked with staff from Islamorada Environmental Resources to develop an upcoming eight-week residential horticulture workshop series that will be in three hours/sessions with a combination presentation and hands-on activities. “Landscaping on the Rock” will run February 4 through March 24, 2016.
- Lead the involvement of 14 after- school students and a teacher at Grimal Grove in lecture and hands-on activities about Big Pine Key native plants.
- Held seven Regional Plant Clinics. Eleven Master Gardeners assisted 19 people by answering questions regarding plants and insects.

The Florida Sea Grant Marine Extension Agent accomplished the following activities:

- Held three Florida Keys Water Watch Workshops. There are currently 38 sites with a total of 185 water quality-sampling events in Monroe County.
- Attended the 7th Annual Southeast Florida Regional Climate Leadership Summit at the Casa Marina in Key West.
- Attended the Florida Keys National Marine Sanctuary Water Quality Protection Program Canal Subcommittee meeting in Marathon.

## **EMERGENCY SERVICES**

### **FIRE RESCUE**

- Attended Customer Service Seminar hosted by the Key West Chamber of Commerce.
- Training academy construction progressing on schedule.
- EMS Division organized and conducted Santa Parades for Stock Island, Big Pine, Summerland, Ramrod, Conch Key and Duck Key.

### **EMERGENCY MANAGEMENT**

- Completed and submitted Monroe County's 2016 Turkey Point Nuclear Power Plant Letter of Certification to Florida Power & Light. The certification is required by the Nuclear Regulatory Commission in order to maintain licensing of Turkey Point Nuclear Power Plant as it attests to our readiness in responding to any potential emergency at the Turkey Point Nuclear Plant.
- Provided copy of the updated 2015 Local Mitigation Plan and the 510 Activity Worksheet to Growth Management Community Rating System (CRS) Consultant. They are beginning to gather documentation for the County's application to join the CRS program.
- Met with Miami Dade EM, Miami Dade Fairgrounds and a representative from BCC Engineering Firm to discuss their draft report on the structural engineering study they conducted of the Arnold and Edwards Halls as part of the on-going shelter retrofit project at the Fairgrounds.
- Completed the After Action Report for Loss of Water Supply Exercise and updated the plan where appropriate. All phases of this initial project have been completed and closed out.
- Successfully met all Florida Division of Emergency Management's 2015 Scope Of Work requirements.

### **EMS/TRAUMA STAR**

- Trauma Star flew Forty-Seven (47) patients to mainland hospitals for definitive care in the month of December.
- Completed training and testing for three (3) Provisional Paramedics to move to charge medic status.
- In house Paramedic Program completed 4<sup>th</sup> semester of program.
- Conducted 2 day EMS training and orientation for five (5) new hires.
- Restructured Operative IQ inventory system for each ALS apparatus.
- Conducted Flight Medic Assessment process for five (5) paramedics.
- Completed CRM and Air Medical Ground crew training for three (3) Flight Medics.
- Attended the Quarterly Trauma Star Safety Meeting.
- Conducted a conference meeting with Florida Keys health coalition and Infant Swim Rescue for preliminary plans to certify Infant swim rescue instructors to offer free infant swim survival training to children in Monroe County.
- Continued with field training of paramedics on quality assurance/billing issues of ePCR reports.

KWIA (EYW)

- Attended / participated with fire prevention education at KWIA’s annual children’s Christmas party, Flight to the North Pole.
- Organized and participated with Key West’s annual Christmas Parade.
- Initiated MCI Trailer rehab / refurbishment project.

| 8  | Other                | 1221        | 10.1%     | 93.05 GB  | 1.6%    |
| 9  | LG Electronics       | 220         | 1.8%      | 86.61 GB  | 1.5%    |
| 10 | Microsoft            | 98          | 0.8%      | 85.13 GB  | 1.5%    |

In December, IT also:

- Completed 147 Work Orders
- Migrated OneView & Hydrants from Linux to Windows for alignment with other county application operating systems and tools
- Continued the deployment of ESET antivirus as a replacement product for Kaspersky antivirus
- Migrated Growth Management shared drive data to modern hardware
- Produced an analysis of county servers and identified required replacements due to hardware/software obsolescence
- MCTV server troubleshooting and repair at QTS facility
- Online Activities
  - Facebook Likes: 211 (+45 Since April)
  - Twitter Followers: 1035 (+177 Since April)
  - December Site Visits: 32,564 (-2,332 Since November)
  - December Unique Site Visits: 26,117 (-1,498 Since November)
  - Top Key Word Site Searches: Search, Permits, Property Search, Employment
  - Web Updates including: Web News, Intranet, Benefits, Recycling, Hazardous Waste, Greenkeys.info, OMB, Employment
- Updated mdmView which is an Access database used by Workers' Comp
- Updated security setup and configuration for the Special Needs Registry
- Worked with the Library staff to ensure the Useful application upgrade was successful

## LIBRARY

- Library visitors numbered 27,792 in November; these customers checked out 25,583 items
- Public access PC and wireless sessions were logged at 9,800 for the month, 7% over the figure for last year. Wireless users alone were estimated at more than 40% over the previous month. Staff members attribute this high usage to the lower cost and proliferation of portable devices, along with the increased bandwidth available to library patrons. Smartphones and other smaller devices are also being used to connect to the public wi-fi unobserved, driving the actual customer number even higher. Library staff have noticed steady increases in library users requiring assistance with e-government websites, such as food stamps and unemployment, as well as job seekers and housing hunters.

- The circulation of e-books totaled 1,925, an increase of 19% over last year's figure.
- Library staff participated in 31 outreach events during the month, with 1,570 attendees from the Library communities enjoying the programs.
- New Library cards brought 345 new patrons added to the roster of cardholders. This number exceeded the previous year by 44%, and the previous month by 55%.
- Staff answered 8,615 reference questions via e-mail, test, chat, phone, and in-person formats, demonstrating that the librarian is still the ultimate search engine.
- 344,601 eVisits were made to the Library's web resources in November, an increase of 6% over last year.
- Though the season was just beginning in November, we have already seen evidence that this will be another active winter for Library staff and patrons.

## **VETERANS AFFAIRS**

### **FINANCIAL DATA**

The financial data for the months of December totals \$ 290,673.18 *this indicates the amount of new revenue brought into Monroe County derived from claims filed by the entire Veterans Affairs department.*

*The financial data captured monthly will vary due to the Veterans Administration's variable time frame in adjudicating awards.*

## **ENGINEERING / ROADS**

***Card Sound Bridge Repair Project*** – Contract for CEI services on January agenda. Received five construction bids on December 16<sup>th</sup>. The lowest responsible bidder was Coastal Gunit Construction at \$2,969,512. Staff is preparing construction contract for January agenda.

***Card Sound Toll Study*** – Progress meeting held with HDR on December 14<sup>th</sup>. Staff reviewed preliminary design/build criteria plans and provided comments. HDR received 899 responses to the toll survey and are tabulating results.

***Lake Surprise Estates Roadway and Drainage Improvement Project*** – Contractor is installing drainage structures; amendment to task order to add preliminary analysis for additional sea level rise adjustment on January agenda. EAC provided draft preliminary study and recommendations to staff on December 22, 2015.

***Roadway and Drainage Improvement Program*** – Staff responding to requests for clarification on Stock Island II (Maloney/McDonald Avenue) Roadway Improvement Project Engineering Design and Permitting services RFQ; responses are due on January 14<sup>th</sup>.

**Key Largo I Roadway and Drainage Improvement Project** - EAC provided draft survey information to staff; Engineering staff working with GIS and sea level rise consultant to determine minimum design elevation to account for current sea level rise projections.

**Key Largo II (Bay Harbor, Sunset Point, Sunrise Point, Lime Grove Estates and Rays Cuda Canal) Roadway and Drainage Improvement Project** – Task order for engineering design and permitting services has been sent to CDM Smith, on call consultant for signature.

**No Name Key Bridge Repair Project** – Work is nearing completion; FDOT final construction audit is scheduled for January 6, 2016. Punch list will be developed at audit to work to final completion.

**Pigeon Key Ramp Repair Project** – Conceptual/preliminary design report provided by Metric on December 18<sup>th</sup>; staff reviewing. Report was submitted to FDOT for entry into Electronic Plans Review database for review and comment by FDOT personnel.

**Sexton Cove Roadway and Drainage Improvement Project** – Staff requested updated engineer's estimate of construction from CDM. Preparing construction bid documents for bid advertisement in February/March 2016.

**Stock Island Roadway and Drainage Improvement Project** – Consultant preparing 90% plans. Staff working with sea level rise consultant to determine minimum desired elevation to incorporate most recent flooding and sea level rise data. Anticipate scheduling public information meeting in January, 2016.

**US 1 Bayside Pedestrian Bridge** – Contracts for CEI and construction awarded at December BOCC meeting. Anticipate pre-construction meeting in January, 2016.

**US 1 Bayside Trail** – FDOT provided final material certification on December 22<sup>nd</sup>. Awaiting submittal of retainage invoice by contractor so that project may be closed out.

**9<sup>th</sup> Avenue Stock Island Drainage Project** – Project complete. Engineer of Record creating digital record drawings from as built.

**Grouper Lane (Key Largo) Drainage Project** – Work is ongoing; contractor has ordered new drainage structures to account for increase in road elevation to address recent high levels of nuisance flooding.

**Duck Key Security District Cameras** – Contract with TYCO Integrated Security approved at December BOCC meeting. Staff is beginning coordination with FKEC, Comcast and contractors to install utility poles and utility service to camera sites.

**Garrison Bight Bridge Repair Project** – Contract for engineering design and permitting services is on the January 2016 agenda for approval.

**Sugarloaf Boulevard Bridge Replacement Project** – Design project kick off meeting with consultant held on December 16<sup>th</sup>; preliminary utility coordination meeting held on December 17<sup>th</sup>. Identified some construction challenges with regard to proximity to electrical lines. Anticipate participating in Sugarloaf Homeowners Association meeting in January or February 2016 to provide introduction to proposed design and address questions.

## **ROAD DEPARTMENT**

### **Lower Keys**

- Mulch Deliveries - 15 loads with a total of 52.5 tons of mulch, savings of \$6,483.75 on dump fees.
- Repaired guardrail at Niles Road, Summerland Key.
- Replaced manhole at the corner of 2<sup>nd</sup> Avenue, Stock Island.
- Chip/Brush -20 miles.
- Right of Ways Mowed -24 miles.
- Weed eating operation -12 miles.

- Cold patch pot holes-1.5 tons.
- Road sweeping- 8 miles.
- Sign Technician - 35 locates; 58 signs; and, 43 posts.
- Obtain revenue of \$75.30 from recycled signs.

#### **Upper Keys**

- Buzz bar/chipper operation – 17.83 miles.
- Mowing operation – 80.71 miles.
- Trench drains – 1,288 feet, 40 tons #4 rock used.
- Sweeping operation – 88.6 miles.
- Shoulder work – 471 feet, 30 tons of #57 rock used.
- Sign Department – 24 new signs, 15 posts installed, and 11 underground locates performed.
- Material pick-up at CEMEX in Kendall – 35.93 tons.
- Tree removal/stump grinding – 2 trees/3 stumps.
- Bucket work – 2 subdivision.
- Pot holes repaired – 2 subdivisions, 250 lbs. cold patch used.
- Trash pickup – 46 bags.
- Safety meetings – November 24, 2015 and December 4, 2015.

#### **Special Projects**

- Cone off traffic light at mile marker 100 with 100 cones due to malfunctioning traffic light, and cleaned up when light was repaired.
- Moved old phone poles from Magnolia to Harry Harris Park for Parks Department.
- Picked up and disposed of seaweed at Harry Harris Park for Parks Department.
- Repaired shoulder/drain on Shared Use Path.

#### **CARD SOUND**

- Mowing operation - 21 miles.
- Trash pickup – 2,180 lbs.
- Miles driven for trash pickup – 110 miles.

#### **TOLLS NOT COLLECTED**

- Lifting of toll due to heavy traffic - **\$4,786.00 (due to heavy traffic).**

### **PROJECT MANAGEMENT / FACILITIES**

**Marathon Customs Facility-** CBP has added additional change order items not in approved specs and drawings. New completion date estimated for late February 2016.

**Senior Nutrition Center-** Drafting ILA with the City of Key West Housing Authority for use of space at the Kennedy Street Facility. Draft to be completed on January 6<sup>th</sup>.

**Magnolia Street/Public Works-** Construction proceeding on schedule.

**Harvey Government Center Paint-** Contract approved. Work to begin when permits clear January 2016.

**Crawl Key Fire Academy-** Construction proceeding on schedule.

**Atlantic Boulevard Relocation-** Redesign received and under review.

**Bernstein Park-** Bids due in January.

***Summerland Fire Station***- Property scheduled to close in February.

***Plantation Key Government Center***- Site plan application to be completed and submitted in full 1<sup>st</sup> week of January.

***Marathon Library***- First programming meeting scheduled for January 15<sup>th</sup> 2016.

**CORRECTION FACILITIES**

***Stock Island Detention Center***

- Exterior painting of Jail Complex has been completed.
- New Dish Machine arrived and installation is complete.
- Quarterly fire testing has been performed.
- Quarterly fire sprinkler testing has been performed.
- Fire sprinkler line repaired in Unit B.

***Juvenile Justice Building***

- New fire system installation has been completed.
- Quarterly fire testing has been performed.
- Quarterly fire sprinkler testing has been performed.

***Marathon State Attorney’s Office***

- Painted central offices, back hallway and service area.

***Marathon Government Annex***

- Painted two of Emergency Management’s offices and Director’s lobby.
- Built 8’ storage table for Emergency Management.
- Completed rebuilding of fire sprinkler pump.

***Layton Fire Station***

- Assisted Technical Services with network installation.

***Conch Key Fire Station***

- Painted stairway walls.

**FACILITIES MAINTENANCE/PARKS & BEACHES**

**LOWER KEYS**

- Replaced kitchen cabinets and plumbing fixtures in the breakroom at the Harvey Government Center.
- Completed renovation of the Cudjoe EMS kitchen.
- Resumed construction of added closets at Bayshore Manor.
- Installed a baby changing station at the Key West Library.

- Replaced exhaust fan motors for the Big Pine Key Fire Station truck bay and the elevator equipment room.
- Started painting the Key West DMV building and completed landscape trimming and replacement of front sign.
- Continued replacement of the Key West Lighthouse perimeter wall wood fence pickets.
- Assembled new furniture for Worker's Compensation Office at the Gato Building.
- Performed tree trimming at Bayshore Manor.
- Continued extensive interior painting of the Key West Library.
- Replaced lighting fixtures at the West Martello Restroom building.
- Tested and repaired all Higgs Beach Dog Park lighting fixtures and electrical outlets.
- Performed semi-annual testing of clean agent fire suppression systems at the Records Facility Clerk's computer room/evidence storage room and Historic Courthouse Property Appraiser computer room.
- Performed FKAA required backflow preventer testing for the Historic Courthouse, Lester Building, Key West Lighthouse, Bernstein and Bay Point Parks.
- Pest control services were completed for Lower Keys Facilities and Parks.  
Issued purchase order for the upgrade of the water level sensing and control system from float type to a Multitrode system at the Wilhelmina Harvey Park stormwater system.

## **UPPER KEYS**

### ***Murray Nelson Government Center***

- Provided assistance in (6) events.
- Assisted Code Compliance painting/preparing office 226 for new employee.
- Repaired water leak in walls in office #225 & # 226.
- Resolved (2) plumbing issues.
- Repaired doors and replaced (4) door locks.
- Replaced (2) exit lights in 2<sup>nd</sup> floor mechanical room.
- Pressure cleaned main entrance exterior wall.
- Laid decorative river rock by main building entrance. (work in process)
- Contractor working on repair/replace of condensing water pump #4.
- Removed old benches and installed (9) nine new benches at Peace Park.

### ***Plantation Key Courthouse***

- Inspected roof for rodents and set up traps.
- Replaced (12) lamps and (2) ballasts.
- Pressure cleaned roof and gutters in courtroom B.
- Repaired several roof leaks in courtroom A & B around computer and hallway areas.
- Contractor repaired A/C in the criminal/recording office.

### ***Ellis Building***

- Adjusted timers.
- Air quality test was performed inhouse.
- Repaired back door.
- Repaired roof leak in women's restroom.

### ***Plantation Key Garage***

- Resolved (1) plumbing issue.

### ***Tavernier Fire Dept.***

- Installed prevention box 22 & 25 (traffic light control and coordination).

### ***Public Works Plantation Key Shed***

- Repaired roof.
- Repaired water line.

### ***Spottswood Building***

- Provided assistance to the Social Services Department installing new carpet in the Supervisor's office, Assistant's office, transportation office, and printer room. Fixed filing cabinet, relocated some cabinets, and provided new driver, Tammy Colarusso, with a key to the Social Services main entrance door.
- Repaired employee's exit door.

### ***AARP***

- Resolved (2) plumbing issues.

### ***Key Largo Library***

- Replaced (1) regular lamp with an LED lamp.
- Replaced electrical receptacle.
- Uninstalled hurricane shutters.
- Installed purse/robe hooks on women's restroom stall doors.
- Contractor was solicited to repair a roof leak under warranty.

### ***Islamorada Library***

- Resolved (2) plumbing issues.
- Contractor Nationwide attended to an emergency call due to sewer backing up into library restrooms.

### ***Key Largo Tax Collectors***

- Finished walls at the new location.
- Installed (10) lamps and (1) exit light.
- Contractor replaced broken capacitor in one A/C unit.

### ***Animal Shelter***

- Performed a temporary repair on the roof.

### ***Key Largo Transfer Station***

- Repaired several leaks on the main water line.

### **PARKS & BEACHES:**

#### ***Key Largo Park***

- Removed benches and installed some old benches from Peace Park.
- Resolved (2) plumbing issues.
- Removed graffiti.
- Installed grainer at the shop.
- Contractor repaired sprinkler main water leak.

#### ***Harry Harris Park***

- Replaced (6) regular lamps with LED lamps.
- Resolved (1) plumbing issue.

#### ***Friendship Park***

- Replaced (2) lamps.

### **Notes:**

- Preventive Maintenance completed on some HVAC units.
- Provided assistance to the Mesquite Productions filming crew throughout the Upper Keys for the filming of the Bloodline series.
- Provide assistance to Citizens Pictures and Silverprod USA Celebrity Network through Rita Troxel.
- Harry Harris Park is scheduled for Softball and Baseball games.
- (17) Employees attended the Monthly Safety training.
- Removed old and installed new park rules signs throughout all the Upper Keys Parks.

- Fire Extinguisher inspections for the Murray Nelson and Ellis Buildings were completed.

## **FLEET MANAGEMENT**

- Garage staff completed safety training (confined spaces and backing up).
- Filled Key West Lead Mechanic position that has been vacant since March 2015.
- Three garages combined provided preventative maintenance and completed approximately 250 unit safety inspections.
- Three garages combined opened and/or completed approximately 500 work orders.
- Three garages combined processed and distributed approximately 19,000 gallons of unleaded gasoline and 7,500 gallons of diesel fuel.
- Key West garage mechanics diagnosed and repaired Solid Waste Department Clam truck after outsourced contractors failed at the repairs.
- Activated and transferred 1 used van for Tech Services Department use.
- Received and processed 2 new Kubota zero turn mowers for Lower Keys Parks/Beaches Department.
- Received and processed 3 new Ford F150 pick-up trucks for Solid Waste Department.
- Processed new clam truck for Solid Waste Department.
- Processed new moving storage truck for Facilities Maintenance Department.
- Received new sewer clean-out vacuum truck for Key West Road Department.
- 2 Fleet Department employees attended customer services training seminar.
- 4 Fleet Department Mechanics attended 2 day new electrical training seminar.
- Ordered 2 new Ford Escapes for Code Compliance Department.
- Ordered 1 new Dodge Journey for Emergency Management.
- Ordered 6 new Dodge Pick-up trucks for various Public Works Departments.
- Ordered 2 work storage/transport trailers for Parks/Beaches.
- Ordered 1 new clam truck for Solid Waste Department.

## **SOLID WASTE MANAGEMENT**

### **Recycling Department**

- Staff was in Waste Management, Marathon Garbage and Keys Sanitary service areas with the ongoing inspections of commercial and residential solid waste and recycling services.
- Staff is still working with Fishermen's Hospitals Director of Human Resources Chris Fletcher. Mr. Fletcher is reinstating a recycling program that was stop by the previous administration. Mr. Fletcher is conducting staff meetings with each department trying to figure out what the initial participation rate will be. Once these meetings are complete, Mr. Fletcher, county staff and the franchise hauler will determine the best option for a recycling.
- Staff is updating and compiling a new a list of second hand and consignment stores throughout the Keys. Staff will provide a new Keys Reuse Business guide for placement on the county website.
- Staff continues to work with commercial businesses in the lower keys who have not converted to single stream recycling. The businesses are being discouraged from single stream recycling by the franchise hauler. These businesses were provided a cardboard

only dumpster and recycling carts for everything else. Most of these businesses, when switched to single stream, will be able to save a little money each month and reduce the amount of collection bins on their property.

- Since staff has had a 4 yard single stream recycling dumpster placed at Little Torch Cottages, 48 units have begun recycling for the first time since the complex opened. The franchise hauler was required to provide an 18gallon recycling bin to each unit for the convenience of hauling recyclables to the recycling dumpster. Staff provided the county recycling and household hazardous waste brochures to each resident and left some at the leasing office for new tenants.

The Management Company and tenants both enjoy and have made great strides in recycling as the picture below illustrates. Management has plans to reduce the size of the garbage dumpster after the new year as a result.

- Staff has had the new 2015 recycling brochure placed on the county website. Staff is also having corrections made to the solid waste portion of the website. Some of the information is outdated or incorrect.
- Staff has presented the new owner of Bobalu's with a cost savings breakdown if they were to implement recycling. Bobalu's could save approximately \$52.00 per month by starting a recycling program. Staff will provide recycling information for kitchen staff if they decide to recycle.
- Staff helped with household hazardous waste collections at the Key Largo and Cudjoe Key transfer stations.

#### **Hazardous Material Department**

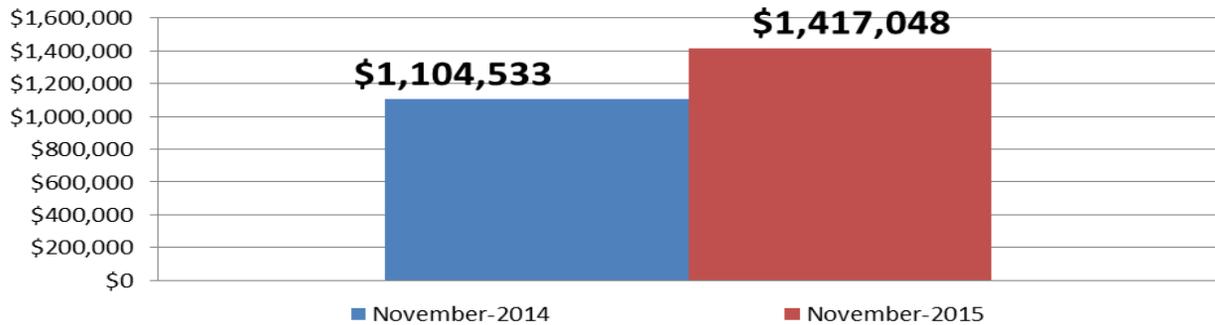

- Staff held six household hazardous waste (HHW) collections in December and accepted material from 115 Monroe County residents and businesses.
- Staff filled 13 boxes of electronic waste to be recycled, weighing approximately 7,800 lbs. during this month.
- Staff recycled over 300 lbs. of lead sealed batteries; and recycled 40 lbs. of rechargeable batteries.
- Staff crushed 320 fluorescent, and mercury containing bulbs in house.

- Our Hazardous and E-Waste Commercial Collection participants included: staff shipped out 24 pallets of electronics weighing 14,522 lbs.; staff recycled 400 gallons of contaminated fluids; and staff bulked 220 gallons of latex paints for recycling.

## PLANNING AND ENVIRONMENTAL RESOURCES DEPARTMENT

The goal of the Monroe County Planning and Environmental Resources Department is to foster sustainable, quality development in the county while conserving and promoting stewardship of the county's fragile environment and the unique character of its diverse island communities.

The functions of this department are implemented by the following offices:

- Comprehensive Planning & Current Planning
- Environmental Resources
- Marine Resources

The Planning Office is responsible for the administration of the adopted Monroe County Comprehensive Plan and Land Development Regulations. The Department processes amendments to

the Comprehensive Plan and Land Development Regulations. Additionally, the department reviews

development proposals for compliance with the Comprehensive Plan and Land Development

Regulations, including environmental compliance.

The Environmental Resources Office services include the review of applications for compliance with

environmental regulations, such as: clearing limits, wetland delineation, landscaping, stormwater,

land clearing and FEMA required review of potential endangered species impacts under the Permit

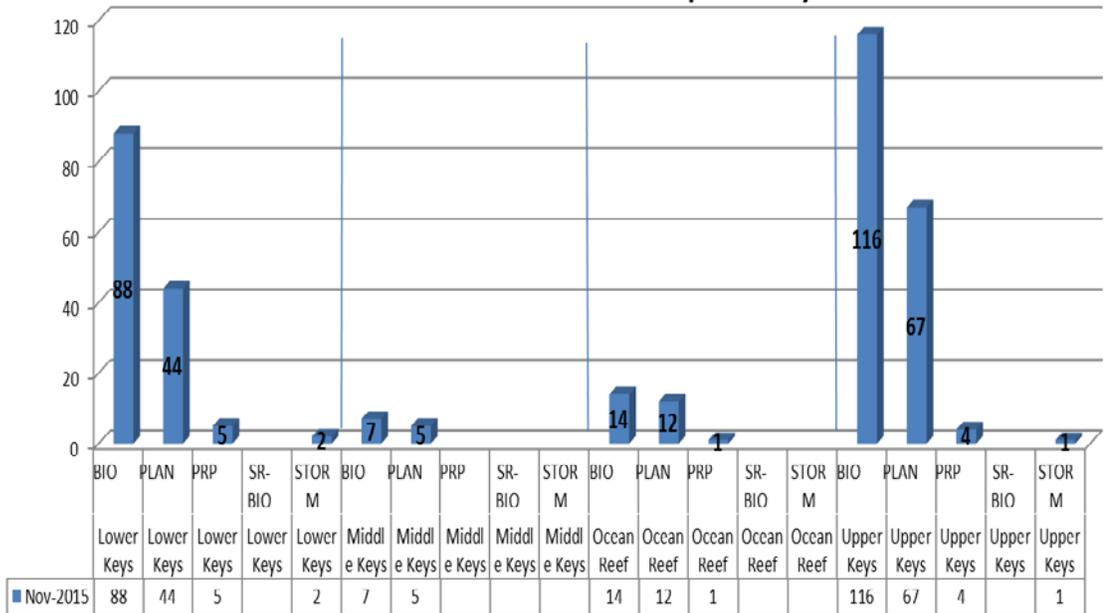

Referral Process (PRP).

The Marine Resources Office provides a variety of services focusing on protection of the marine

environment, provision of maritime infrastructure, and the preservation of public water access.

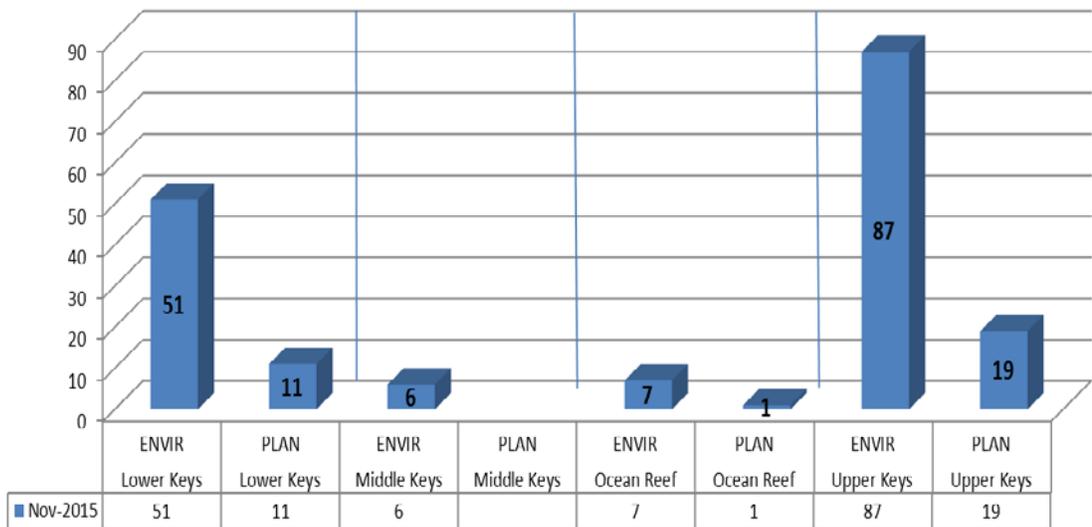

Does not include "Boat Improvement Fund" Revenue.

Channel Marker Program:

| Month        | Channel Marker/Buoy Replacement Costs |
|--------------|---------------------------------------|
| Dec 2014     | \$5,400.00                            |
| January 2015 | \$2,830.00                            |
| February     | \$0.00                                |
| March        | \$3,000.00                            |
| April        | \$2,825.00                            |
| May          | \$0.00                                |
| June         | \$0.00                                |
| July         | \$41,965.00                           |
| August       | \$0.00                                |
| September    | \$3,700.00                            |
| October      | \$1,140.00                            |
| November     | \$6,107.00                            |
| <b>Total</b> | <b>\$66,967.00</b>                    |

A large regulatory buoy replacement job was completed in July 2015, with funding assistance from an FWC Boating Improvement Program grant. Total annual costs for marker/buoy replacements for the past twelve month period were approximately 21% lower than the same timeframe in 2014 (\$84,689.50).

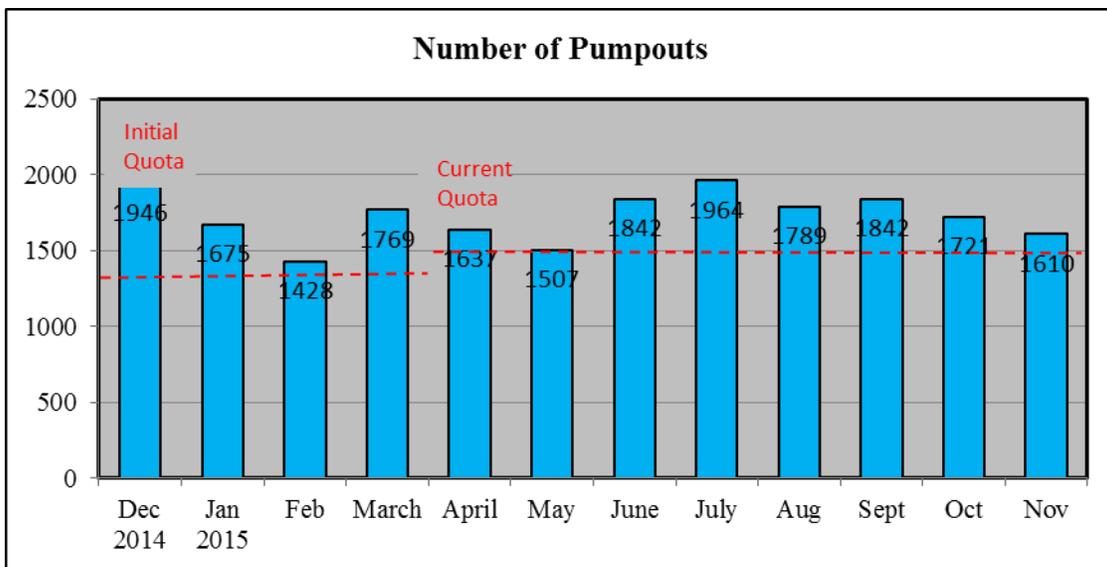

Derelict Vessel Program:

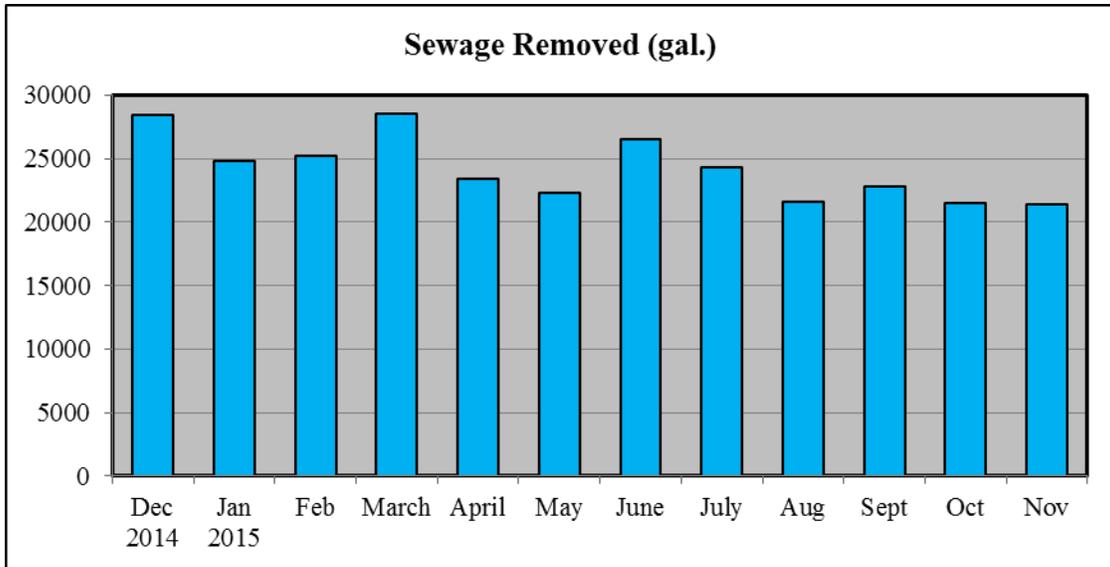

| Month        | Derelict Vessel Removal Costs |
|--------------|-------------------------------|
| Dec 2014     | \$23,368.00                   |
| January 2015 | \$22,093.00                   |
| February     | \$5,850.00                    |
| March        | \$0.00                        |
| April        | \$1,400.00                    |
| May          | \$13,000.00                   |
| June         | \$55,256.00                   |
| July         | \$7,600.00                    |
| August       | \$11,510.00                   |
| September    | \$11,449.00                   |
| October      | \$10,400.00                   |
| November     | \$18,300.00                   |
| <b>Total</b> | <b>\$180,226.00</b>           |

Derelict vessel removal costs for the past twelve month period were approximately 21% higher than the same timeframe in 2014 (\$149,238). Note that one of the six vessels removed in June 2015 was a large vessel which was funded by an FWC Boating Improvement Program grant at a cost of \$42,500.

Vessel Pumpout Program:

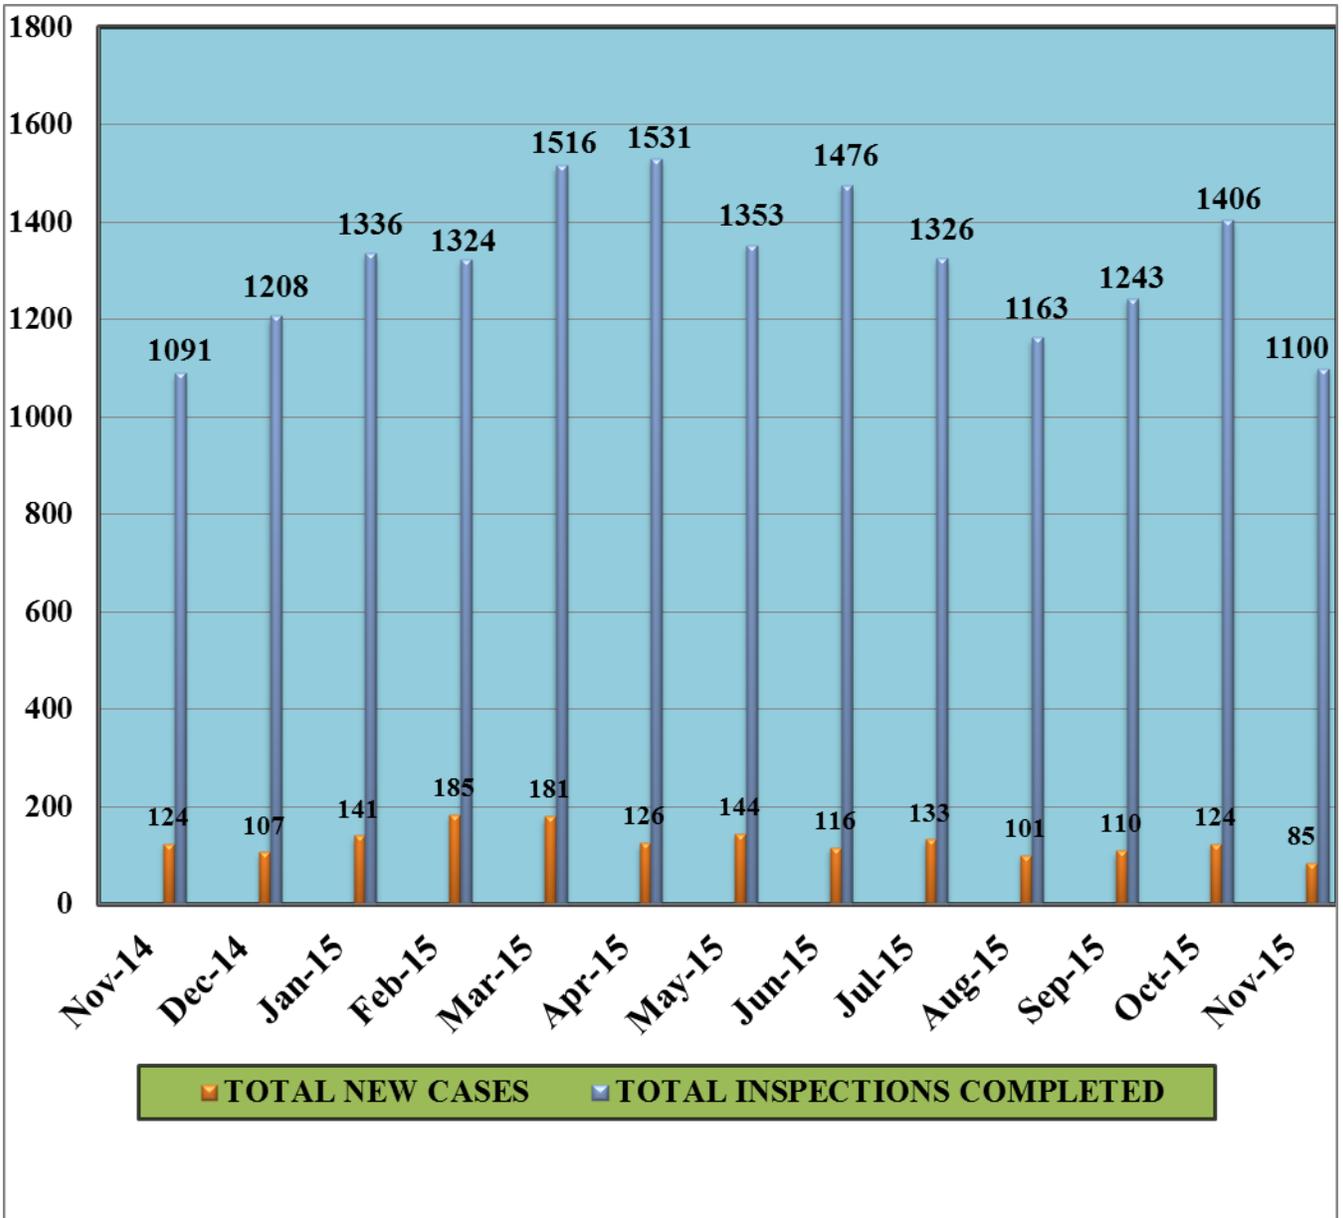

Pumpout numbers have consistently exceeded current quota of 1500 per month, which became effective April 1, 2015.

### **Sustainability and Canals:**

- Hosted the 7<sup>th</sup> *Annual Climate Leadership Summit* on December 1-3 in Key West, 425 attended.
- Presented on sea level rise for the *FL Natural Resources Leadership Institute* in Key Largo on January 7, 2016.
- Hosted 2 public workshops on sea level rise on October 6<sup>th</sup> for Stock Island and 7<sup>th</sup> for Big Pine Key
- Hosted 3 public workshops on release of the draft *Sustainability Action Plan* on October 14<sup>th</sup> in Key Largo, the 19<sup>th</sup> in Sugarloaf and 22<sup>nd</sup> in Marathon
- Moving forward with 2 demonstration projects for tidal flooding in the upper and lower Keys.
- Finalizing the due diligence process on the vendor for the yard waste processing, will provide an update at the January BOCC.
- Backfilling of Canal #29 in Key Largo work is fully complete. No settling occurred in the canal bottom during the 90 day monitoring period.
- Vacuum dredging of the Dr.'s Arm canal on Big Pine is complete, as is the sand capping process. Organic removal work started on Canal #290 on Avenue J in Big Pine in January 2016 and is underway.
- The contract for the installation of Air Curtains (weed gates) at Canal #266 Dr's Arm and #287 Atlantic Estates is anticipated to be submitted at the January 2016 BOCC for approval
- The contract for the installation of a Culvert on Canal #277 in Tropical Bay Estates on Big Pine is anticipated to be submitted at the January 2016 BOCC for approval.

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: January 20, 2016

Department: Sustainability and Projects

Bulk Item:      No   X  

Staff Contact /Phone #: Rhonda Haag, 453-8774

---

**AGENDA ITEM WORDING:** Presentation and staff update on the technical and financial due diligence process for the Energy 3 gasification facility project and project status and update by Energy 3.

---

**ITEM BACKGROUND:** The County issued a Request for Proposals (RFP) for the services of an experienced contractor to process the County's yard waste. The Board's direction was to meet the combined goals of a highly sustainable approach, high quality of services, at the most cost-effective price. Energy3, LLC, the highest ranked respondent, offered a state of the art gasification method, 100% private financing, backed by an insurance company, at a rate more than 20% below what the County was contracted to pay for haul out services.

Energy3's proposal included an interim processing rate of \$79.50 for composting services, which has been in operation since February 18<sup>th</sup>, 2015, and a long term rate of \$67.50 for gasification services.

On December 15, 2014, the *Monroe County Climate Change Advisory Committee (CCAC)* passed a resolution in support of the gasification concept and requested that the County follow the original recommendations for yard waste processing in the County's RFP. See attached.

---

**PREVIOUS RELEVANT BOCC ACTION:**

- 2-19-14: Presented options for yard waste incineration demonstration. BOCC directed staff to proceed with RFP for processing of yard waste.
- 5-21-14: Presented CCAC recommendations as to evaluation criteria for the RFP.
- 06-11-14: Approval to issue a Request For Proposals for processing of the County yard waste.
- 10-17-14: Approval to conduct further research and enter into negotiations with Energy 3 for a proposed gasification project.
- 12-10-14: Update on research of gasification technology and Energy3. BOCC directed staff to expedite a contract for the interim processing of the yard waste.
- 02-18-15: Approval of an interim yard waste processing contract, to allow continuation of the due diligence process
- 10-17-15: Brief update of status of the work being performed under the interim contract and ongoing gasification project negotiations.

**AMENDMENT NO. 2  
FOR THE CONTRACT FOR PROFESSIONAL SERVICES TO THE TASK ORDER  
FOR TECHNOLOGY EVALUATION ASSISTANCE  
FOR THE COUNTY YARD WASTE PROGRAM**

In accordance with the Continuing Contract for On Call Professional Engineering Services made and entered on the 16<sup>th</sup> day of January, 2014 between Monroe County hereinafter referred to as the "County" and HDR Engineering, Inc., hereinafter referred to as "Consultant" where services for an individual study are allowed if fees do not exceed \$200,000.

All terms and conditions of the referenced Contract for Professional Services Between Owner and Engineer apply to the Amendment to the Task Order, unless the Amendment modifies an Article of the Agreement of which will be specifically referenced in this Task Order and modification shall be precisely described.

A no cost six month time extension is required to allow time to complete the due diligence. Therefore, this second Amendment to the Task Order is effective on December 9, 2015 and shall extend through June 9, 2016. Scope of services and compensation remain unchanged.

IN WITNESS WHEREOF, each party caused this AMENDMENT NO.1 to be executed by its duly authorized representative on the day and year first above written.

**AMENDMENT NO. 1  
FOR THE CONTRACT FOR PROFESSIONAL SERVICES TO THE TASK ORDER  
FOR TECHNOLOGY EVALUATION ASSISTANCE  
FOR THE COUNTY YARD WASTE PROGRAM**

In accordance with the Continuing Contract for On Call Professional Engineering Services made and entered on the 16<sup>th</sup> day of January, 2014 between Monroe County hereinafter referred to as the "County" and HDR Engineering, Inc., hereinafter referred to as "Consultant" where services for an individual study are allowed if fees do not exceed \$200,000.

All terms and conditions of the referenced Contract for Professional Services Between Owner and Engineer apply to the Amendment to the Task Order, unless the Amendment modifies an Article of the Agreement of which will be specifically referenced in this Task Order and modification shall be precisely described.

This Amendment to the Task Order is effective on December 1, 2014 and shall extend through December 9, 2015.

Article II Scope of Basic Services, Paragraph 2.1 is amended as follows:

The scope of services for the Monroe County yard waste processing program will include:

- Review of the detailed Basis of Design, and provide comments (via a letter report or by email);
- Assistance in preparation of clarification questions to E3 during negotiations or the preparation of a Term Sheet;
- Prepare questions or information requests for the County prior to site visits of E3/Chinook's reference facilities;
- Review and comment on operating data provided by E3 for their reference facilities; and
- Participation in attending site visits of one of E3/Chinook's reference facilities in the continental United States.

Specific tasks to complete the project are outlined in the Consultant's Proposal included as Exhibit 1.

Article VII Compensation, Paragraph 7.1 is amended to read:

The Consultant shall be paid monthly based on hourly according to the Rate Schedule in the Contract with a not-to-exceed fee of \$25,000.00. The total amount for this AMENDMENT No. 1 shall be a fee not to exceed Twenty Five Thousand Dollars (\$25,000). The total Task Order 1 fee shall hereby not exceed Forty Six Thousand One Hundred Fifteen Dollars (\$46,115.00).

Direct expenses incurred in support of the County will be reimbursed to HDR upon proof of expenditure, without markup.

IN WITNESS WHEREOF, each party caused this AMENDMENT NO.1 to be executed by its duly authorized representative on the day and year first above written.

**EXHIBIT 1  
HDR PROPOSAL**

November 3, 2014

Monroe County, Florida  
Attn: Rhonda Haag  
Sustainability Program Manager  
Via email: [Haag-Rhonda@MonroeCounty-FL.Gov](mailto:Haag-Rhonda@MonroeCounty-FL.Gov)

**RE: PROPOSAL - Yard Waste Processing Technology Evaluation Assistance**

Dear Ms. Haag,

HDR Engineering, Inc. (HDR) offers this proposal as requested by Monroe County (County) to provide assistance in evaluation of the Energy 3 (E3) proposal for Yard Waste Processing. We understand the County can self-perform much of the work required to evaluate the E3 proposal; however, given HDR's relevant and recent experience with similar projects throughout North America (New York City, Toronto, Los Angeles) we propose the County retain HDR under an open Task/Purchase Order to provide assistance on an as-needed basis.

**Proposed Scope of Work**

HDR's role would include but not necessarily be limited to the following elements

- Review of the detailed Basis of Design, and provide comments (via a letter report or by email);
- Assistance in preparation of clarification questions to E3 during negotiations or the preparation of a Term Sheet;
- Prepare questions or information requests for the County prior to site visits of E3/Chinook's reference facilities;
- Review and comment on operating data provided by E3 for their reference facilities; and
- Participation in attending site visits of one of E3/Chinook's reference facilities in the continental United States.

**Project Team**

For this assignment, HDR offers the following team of professionals:

- **Project Principal - Chuck Sinclair, P.E.** currently serves as HDR's South Florida Managing Principal.
- **Senior Project Manager - Allison Trulock** currently serves as HDR's Southeast Region Practice Lead for Integrated Waste Planning.
- **Technical Advisor - Tim Raibley, P.E.** currently serves as HDR's National Director for our Organics Management Group.

hdrinc.com

15450 New Barn Road, Suite 304, Miami Lakes, FL 33014-2169  
(305) 728-7400

- **Technical Advisor – Bruce Howie, P.E.** currently serves as HDR's Practice Leader for Waste-To-Energy and Waste Conversion Technology.

### **Estimated Fees**

We recognize that the assistance the County may need from HDR is dependent on the amount and timeliness of receipt of information from E3, vendors, regulators, and other stakeholders in this project; therefore it is difficult to estimate an exact fee for professional services. As such, HDR is proposing a not to exceed fee of \$25,000. We propose this fee be paid for HDR personnel working directly in support of the County based on the Rate Schedule included in HDR's On Call Professional Engineering Services contract with the County.

Direct expenses incurred in support of the County will be reimbursed to HDR upon proof of expenditure, without markup.

We do not anticipate the use of subconsultants on this project.

HDR would notify the County in advance when we have expended up to 75% of the budget limit.

### **Schedule**

HDR is prepared to assist the County immediately and only when requested, preserving the budget and utilizing our budgeted labor hours at the direction of the County.

We appreciate the opportunity to continue to be of service to Monroe County. Please do not hesitate to contact me by phone at (305) 728-7400 or by email at [Chuck.Sinclair@hdrinc.com](mailto:Chuck.Sinclair@hdrinc.com).

Sincerely,  
HDR Engineering, Inc.

Charles T. Sinclair, PE  
Senior Vice President

**TASK ORDER FOR CONTRACT FOR PROFESSIONAL SERVICES  
BETWEEN  
MONROE COUNTY  
AND  
HDR ENGINEERING, INC.  
FOR PROFESSIONAL CONSULTING SERVICES  
FOR  
THE COUNTY YARD WASTE PROGRAM**

In accordance with the Continuing Contract for On Call Professional Engineering Services made and entered on the **16th** day of **January, 2014** between **Monroe County** hereinafter referred to as the "County" and HDR Engineering, Inc., hereinafter referred to as "Consultant" where services for an individual study are allowed if fees do not exceed \$200,000.

All terms and conditions of the referenced Contract For Professional Services Between Owner and Engineer apply to the Task Order, unless the Task Order modifies an Article of the Agreement of which will be specifically referenced in this Task Order and the modification shall be precisely described.

This Task Order is effective on the 16th Day of April, 2014.

**Article II Scope of Basic Services, Paragraph 2.1 is amended as follows:**

The scope of services for the Monroe County yard waste processing program will include:

1. Finalize the Request For Proposals (RFP) to ensure it is current with industry standards, contains all requirements for scope of work in RFP, seeks innovative solutions, and that the evaluation criteria provides an equal comparison for all types of proposals/responses to RFP.
2. Incorporate recommendations by the Monroe County Climate Change Action Committee (CCAC), as may be approved by the BOCC.
3. Assist in the evaluation process of the proposals, including but not limited to service on selection committee.

Specific tasks to complete the project are outlined in the Consultant's scope of services that is included as Attachment A. The qualifications of the Consultant in regard to this specific scope of services are included in Attachment B.

**Article VII Compensation, Paragraph 7.1 is amended to read:**

The Consultant shall be paid monthly on a percentage of task completion basis. All requirements shall be completed no later than November 15, 2014. The total lump sum amount is Twenty One Thousand One Hundred Fifteen Dollars (\$21,115.00) as total lump sum fee for services. Additional expenses shall not be allowed.

IN WITNESS WHEREOF, each party caused the Task Order to be executed by its duly authorized representative.

**RE: Yard Waste Processing RFP Assistance**

Dear Ms. Haag:

HDR Engineering, Inc. (HDR) is providing this proposal as requested by Monroe County (County) to provide assistance in finalizing a yard waste processing Request for Proposals (RFP). The objectives of the effort are to ensure the RFP contains the necessary requirements, seeks innovative solutions, and to ensure that the evaluation criteria provide an apples to apples comparison on which the County can make a firm decision. HDR understands that the Climate Change Action Committee (CCAC) will be providing recommendations regarding the RFP. The proposed scope of work below also includes efforts to assist the County with incorporating CCAC recommendations into the RFP, as appropriate.

### **PROPOSED SCOPE OF WORK**

#### **Task 1 – RFP Review and Outline**

HDR understands that the County will provide HDR with notes from the CCAC meeting, including specific comments on the draft RFP developed by the County. HDR will facilitate a conference call with County staff to assure the feedback provided by the CCAC is understood, and discuss other issues or items that should be considered before revising the RFP.

HDR will review the draft RFP document developed by County staff, and will develop an outline for the RFP including:

- Procurement approach options, which may include a one-step process, two-step process, and varying degrees of specificity
- Technology considerations, which may include chipping/mulching; aerobic digestion (composting, in-vessel); anaerobic digestion; and incineration
- Evaluation criteria considerations, which may include policy criteria and technical criteria, and strategies for apples to apples comparisons

HDR Engineering Inc.

15450 New Barn Road

Fax: (305) 728-7447  
[www.hdrinc.com](http://www.hdrinc.com)

ONE COMPANY *Many Solutions*®

HDR will facilitate a conference call with County staff to discuss the outline, and receive direction from the County before beginning revisions to the RFP.

### Task 2 - RFP Revisions

Based upon direction given by County staff after review of the RFP outline in Task 1, HDR will revise the draft RFP. Particular attention will be given to the technical specifications and evaluation criteria in the RFP to assure that the necessary technical requirements are included, and evaluation criteria will allow for apples to apples comparison. HDR will use the track changes feature in Word to track revisions, and deliver the revised RFP to County staff electronically, via email. HDR will facilitate a conference call with County staff to discuss the recommended revisions to the RFP.

Due to the uncertainty of effort required for revising the RFP at this time, HDR has estimated a total of 34 hours associated with revising the RFP for budgeting purposes. Efforts beyond the estimated 34 hours will be considered additional services, and are not included in the project cost estimate provided below.

### Task 3 - Evaluation Assistance

The HDR team will assist the County in evaluating responses to the RFP. For budgeting purposes, the efforts associated with evaluation assistance are limited to 20 total HDR hours, and are anticipated to mainly include assistance with understanding different technologies proposed, and how evaluation criteria should be applied.

## **PROJECT TEAM**

For this assignment, HDR offers the following team of professionals:

- **Project Principal - Chuck Sinclair, P.E.** currently serves as HDR's South Florida Managing Principal.
- **Technical Advisor - Tim Raibley, P.E.** currently serves as HDR's National Director for our Organics Management Group.
- **Senior Project Manager - Allison Trulock** currently serves as HDR's Southeast Region Practice Lead for Integrated Waste Planning.
- **Senior Consulting Engineer - Brenda Clark, P.E.** currently serves as HDR's South Florida Solid Waste Section Manager.

ONE COMPANY *Many Solutions*

### **ESTIMATED FEES**

For services described above, HDR offers a lump sum fee of \$21,115.00. HDR will invoice monthly for services rendered, based on percent complete by task.

### **ASSUMPTIONS**

1. As members of the HDR team are not attorneys, the County is responsible for legal review of the RFP
2. Data relating to different technologies included in the RFP outline will also be limited to information readily available from other jurisdictions or studies.
3. All meetings described in the scope will be held via conference call.
4. The estimated budget for revisions to the RFP assumes only minor revisions and 34 total hours by HDR team members. More than 34 hours will be considered an additional service.
5. The estimated budget for assistance in evaluating responses assumes mainly technical support, and 20 hours by HDR team members. More than 20 hours will be considered additional services.

ONE COMPANY *Many Solutions*

We appreciate the opportunity to continue to be of service to Monroe County. Please do not hesitate to contact me by phone at (305) 728-7400 or by email at [Chuck.Sinclair@hdrinc.com](mailto:Chuck.Sinclair@hdrinc.com).

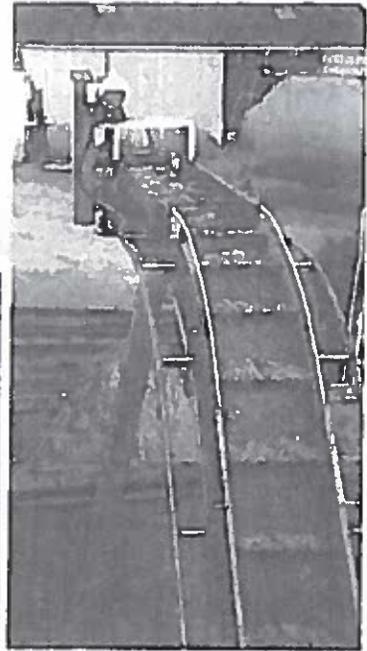

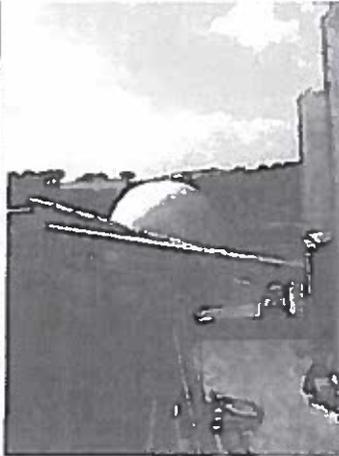

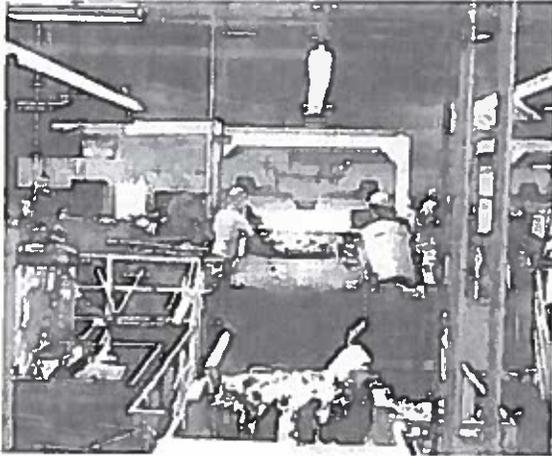

Sincerely,

**HDR Engineering, Inc.**

**Charles T. Sinclair, P.E.**

At HDR, it's our desire as a consultant to help you understand and navigate the specific challenges of your waste programs. We know that 'textbook' solutions don't always work, so we evaluate a broad view of your needs in the context of economic, environmental and social impacts. Building a team that focuses on your needs guides our work. We match our regulatory, natural resources, economics, public outreach, and engineering and construction management professionals to your situation. The result is sustainable, cost-effective and tailored solutions to your specific program's needs.

We make a commitment to our clients to be a long-term trusted advisor and solutions provider to ensure that your business is profitable, sustainable and that our partnered results are accepted by the numerous stakeholders within our communities. Our practice focuses on integrated project delivery with cutting-edge technology and expertise while delivering unparalleled, sustainable solutions for a global tomorrow.

Founded in 1917, HDR is an employee-owned consulting, engineering and architectural firm. With more than 185 office locations across the United States and abroad and nearly 8,000 professionals globally, we provide access to world-class engineering and scientific resources. We excel at complex projects that improve the quality of life for our clients and those they serve.

As an integrated and top-ranked firm, HDR provides a total spectrum of engineering, consulting and architecture services, and has been providing comprehensive solid waste services to our clients for nearly 35 years. HDR provides a comprehensive offering of waste management services to our clients including:

- Integrated waste management planning
- Waste transfer and processing facilities
- Energy from waste
- Organics
- Landfill services
- Permitting, studies, siting and optimizations
- Environmental remediation

HDR's integrated waste management practice provides clients with consulting services tailored to the unique variables and needs of each community, with a focus on diversion-based services leading to our goal of No Wasted Resources<sup>SM</sup>. Diversion-based services address our life-cycle approach to processes and systems that help clients eliminate inefficiencies, and improve environmental and economic performance in their solid waste management programs.

#### Our Professionals

HDR has specialized professionals on-call to address questions and create solutions. With nearly 8,000 employees skilled in providing multidisciplinary services across all major infrastructure markets, HDR has the organizational depth to quickly deploy resources to support successful project delivery. Our professional network is available to help keep your project on schedule and under budget, as well as deliver the results you expect.

HDR's waste professionals cultivate a working partnership with our clients to support business objectives as their operations grow and prosper. Our professionals take a hands-on approach to assessing our client's needs and identifying the solution that is right for your overall waste system.

#### Our Approach

- **National Expertise, Strong Local Presence.** Waste infrastructure is often highly visible in the community and very personal to residents, making local team presence imperative. HDR's operating philosophy is to be an expertise-driven global firm that delivers tailored solutions through a strong local presence.
- **Sustainable Growth Through Integrated Solutions.** The most successful investments keep the big picture in mind, considering a project from every angle. This means addressing long-term environmental, community and economic challenges through context-sensitive solutions.
- **Responsive and Reliable Project Management.** One of our guiding principles, which reflects our values and culture, is to be a trusted advisor. This means we think of our clients' needs first, beyond what is expected of us as a consultant, and build long-lasting relationships.
- **Innovative Problem Solving for a Rapidly Changing Market.** Some of the most innovative solutions come from thinking and responding beyond traditional boundaries. With an eye on what's best for your community, we work with you to determine where you are with your project, where you want to be and which direction we will take together to reach that goal.

## ORGANICS

HDR understands that waste management is not a one-size-fits-all industry. We know that what works in one community, might not be the right solution for another. HDR is a one-stop shop for integrated waste management solutions tailored to the unique needs of each client and each community. The depth of technical expertise and sound science that led to the emergence of HDR as an early leader in energy from waste has expanded in the decades since we entered this market. Today, we lead the industry as a source for innovative ideas and strategies for diversion-based, sustainable waste management systems.

### The HDR Difference: Integrated Services

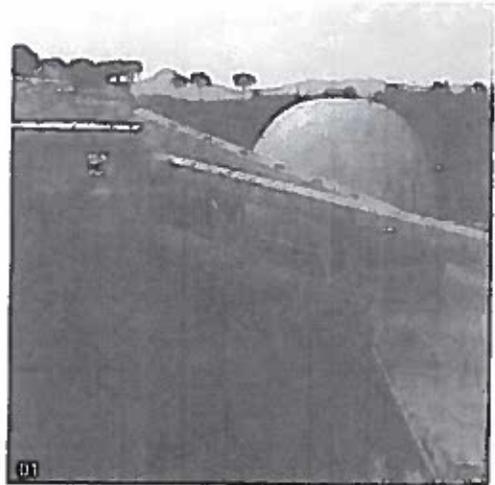

We offer a multitude of integrated services that mirror a project's life-cycle in these focus areas:

- Integrated organics system development and implementation
- Organics processing
- Composting
- Anaerobic digestion
- Biogas recovery and beneficial use
- Effluent management
- Odor control and management

### Integrated Organics System Development and Implementation

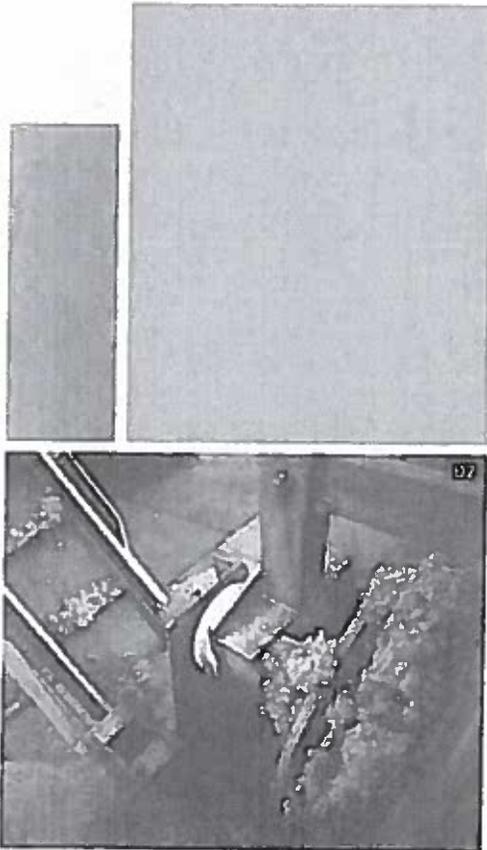

HDR offers integrated organic system development services that draw upon our waste system planning expertise along with our expertise in organics processing approaches. HDR staff have provided this service to municipalities and commercial interests across North America, resulting in the successful implementation of organics diversion programs. This service addresses all of the key elements required to implement a successful organics system for the residential, commercial and/or industrial sectors including:

- **Identification and assessment** of the organic fraction of the waste stream, and the characterization of these materials which differ by source. Our system designs examine the effect of policy decisions and the range of system designs, on the capture rates of the organic material streams, as well as the impact of population growth and demographic change that can affect the projected organic material quantities.
- **Analysis and assessment** of the range of approaches that can be used to capture and collect organic material streams, including options for source separation of materials and mixed material processing.
- **Economic/financial analysis** of organics management options to assist in the assessment of the preferred approach for implementation.
- **The design and implementation** of organics collection systems, which includes assessment of options to successfully remove organic materials from the source and to haul these materials to their processing destination. Our experts apply collection system models to identify the most efficient collection systems.
- **Procurement processes** used to secure contracts with qualified vendors capable of developing and operating the Organics Processing facilities required for a successful system.
- **Permitting processes** required for the development of the waste management facilities (transfer, processing) required for an integrated system.

The quality and timelines of their work, their breadth of knowledge and professionalism has brought a sense of dependability, not only to the Solid Waste Division, but to the county administrative and elected officials as well.

01 | WORLD TECHNOLOGY TOUR BIOGAS COLLECTOR, Barcelona

02 | GILLIS ONIONS ADVANCED ENERGY RECOVERY SYSTEM FROM FOOD WASTE, Oxnard, California

www.hdrinc.com

- **Advice and support** during the actual roll-out of a new system, including the development of promotional and educational materials, the logistics of delivery of collection containers and other supporting materials (e.g. for residential systems, the delivery of organic carts to households) and the follow-up surveys required to determine the effectiveness of the system for the user.
- **Market analysis and assessment**, to determine the range of approaches that are available to ensure that the materials generated by the system have a beneficial market. Our market analysis takes into consideration the range of potential products and product quality that can be produced, as well as local market conditions. Often, the consideration of markets can identify the need for some additional investment or adjustments in the collection/processing approach, in order to gain the highest value from the products generated.
- **Review and analysis of existing systems**, to identify areas for increased efficiencies and improved performance. This includes the regular implementation of compliance reviews at source, to determine how successful current approaches have been in terms of sourcing the quantity and quality of organic materials sought, and to identify the adjustments that could be made for improvements.

HDR offers a complete approach to organics system implementation to our clients, through the combination of our integrated system development service and the organics processing components outlined below.

#### Organics Processing and Energy Recovery

HDR has provided consulting and engineering services for over 75 new and upgraded energy generation facilities throughout North America. Our organics management projects have included aerobic and anaerobic processing technologies. Our aerobic experience includes composting using open windrow, aerated static pile, agricultural (ag) bag and enclosed vessel technologies, and our services include air emissions management and storm water management.

Our anaerobic digestion experience includes development, process design, detailed design, and application of the organic recycling bio-cell and anaerobic digesters using a variety of low solids, high solids and dry fermentation technologies. We have also developed and designed the supporting infrastructure for these projects, including digester tanks or enclosures, feedstock processing, biogas filtering/scrubbing facilities, odor and emission control, biogas storage facilities, fuel cells or internal combustion engines for electricity generation, and liquid/solid waste effluent processing facilities. Our hands-on experience helps you understand the possibilities—and constraints—of implementing a wide array of possible organics management systems.

#### Anaerobic Digestion

Anaerobic digestion of industrial, municipal or other sources of organic materials can provide a host of potential benefits including:

- Effective and efficient management of organic wastes as a resource
- Enhanced environmental sustainability through reductions in greenhouse gases
- Creation of renewable energy
- Alternatives for solid waste management to support continued and expanded waste diversion efforts

## ORGANICS

- Alternative end-uses for biosolids products
- Soil amendment/compost products support agricultural sector
- Revenue from energy and products contributes to financial sustainability

### Turning Waste into a Valuable Resource (Biogas)

In the past, biogas was considered a nuisance, and either ignored or flared at anaerobic digestion facilities. New technologies and enhanced biogas recovery systems are turning this wasted by-product into a valuable energy resource. Anaerobic digestion of agricultural and organic wastes produces a biogas that can provide both heat and electricity through cogeneration, a fuel source for boilers, refined for use as compressed natural gas as a vehicle fuel or cleaned to pipeline quality natural gas for sale to natural gas utilities. Beneficial use of biogas is quickly emerging as a viable and smart option for getting value from waste by-products. A thorough biogas feasibility study can determine whether a recovery and utilization project is both cost-effective and sustainable at your facility.

HDR helps clients find ways to successfully implement biogas recovery and utilization programs at existing and new wastewater treatment plants, organics digestion facilities and landfill sites. New technologies are making it easier and more cost effective to store, treat and condition biogas for conversion into a renewable energy source. To determine the most sustainable and practical solution for biogas utilization, our professionals follow a multistep approach as outlined below.

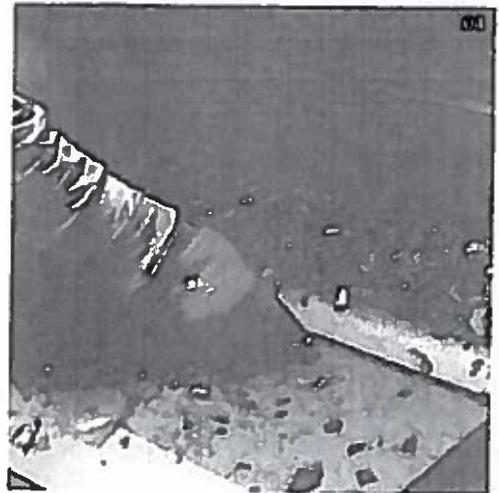

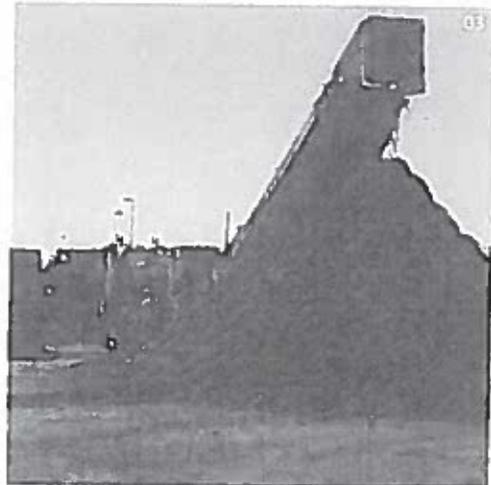

- Identify sustainability and energy goals
- Quantify present and future biogas production
- Evaluate air emissions and permitting and gas cleaning requirements,
- Determine ways to increase biogas production if biogas is to be used beneficially
- Perform a Sustainable Return on Investment (SROI) analysis on biogas utilization options
- Determine the most practical way to deliver the selected biogas utilization project
- Deliver the project
- Conduct startup, testing and commissioning

### Composting

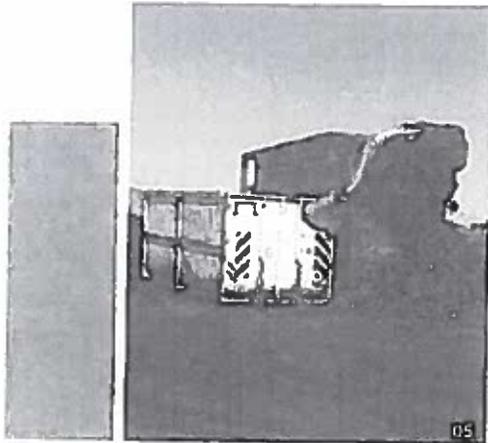

HDR helps clients manage comparatively lower cost aerobic treatment processes of organics including municipal yard/garden, food, biosolids or residuals of anaerobic digestion processes. HDR can assist in determining the proper employment of a variety of technologies that are appropriate for certain applications, based on the assessment of the incoming organic feedstock. HDR also helps clients understand the operational parameters that have to be met with an aerobic treatment process, in order to successfully manage odors and generate a marketable product. We understand, that for aerobic processes it is not just the technology that contributes to successful processes, but the operating approach itself.

### Effluent Management

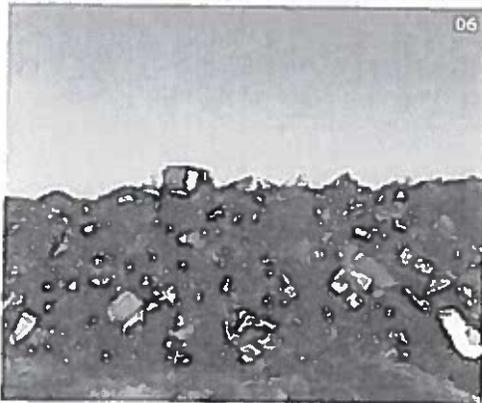

HDR helps clients manage liquid by-products of the various organics processing technologies. Capturing and treating effluent from organics processing can require a host of creative solutions. HDR is equipped to assist clients resolve issues to reduce costs and maintain effluent discharge levels within appropriate levels as well as evaluating ways to beneficially recover nutrients from such effluent streams.

03, 04 | WESTERN PLACER WASTE MANAGEMENT AUTHORITY  
PLASMA ARC GASIFICATION ASSESSMENT Lincoln, Colorado

05

06

05, 06 | RECOLOGY JEPSON PRAIRIE ORGANICS, California

#### Odor Management

HDR helps clients capture and manage odors from organics processing technologies. Odors can cause severe harm to the otherwise positive reputation of an organics management system. HDR is prepared to assist clients in developing ways of capturing and treating odors before they cause damage, using methods ranging from low tech biofilters to carbon absorption systems. HDR has prepared odor management plans which identify all of the areas for potential odor generation in a process, and identifies the operational parameters/procedures as well as the odor capture and treatment systems that are required.

#### Integrated Delivery Methods

Selecting the most appropriate project delivery method is one of the most important decisions an owner faces. HDR prides itself on its ability to bring value to our clients by understanding each of the unique delivery methods and how to help our clients select and implement the most appropriate process. For an owner, the wealth of choices and overwhelming amount of variations is both good and bad. HDR's approach to guiding owners through the selection and the utilization of the right method is tried and proven, yet constantly refined and improved.

We recognize that every client and every project are different and deserve a custom-designed approach and efficiency comes from working well together. When you work with our integrated delivery (I/D) teams, the design, estimating, permitting and construction occur on a parallel path. We believe this delivery method has the additional benefit of a partnership, so we work with you to mobilize our experts—in planning, procurement, estimating, financing, project controls and construction, start-up, commissioning and operations—for quick completion of quality projects. Our goal is that even if the project time-frame is short, the relationship is long-lasting. Generally, I/D teams are motivated to succeed because single-source contracts give sole responsibility and accountability. When HDR—as a prime design-build contractor or part of a team—accepts risk, we guarantee schedule and performance. This accountability was the core value behind most pre-modern projects. We still honor this traditional accountability with teams that lead design and are there with you through construction and startup.

#### Integrated Delivery Services

- Design
- Value engineering
- Estimating
- Scheduling
- Procurement
- Project controls and cost reporting
- Project management
- Construction
- Construction management with cost controls
- Quality control and construction management at risk
- Environmental health and safety monitoring

#### HDR's Commitment to Quality

HDR believes that quality products and services result from having sound business practices, retaining talented staff, and focusing on being responsive to our client's needs. Our clients respect us for our philosophy of "doing the right things for the right reasons." Quality is integrated into HDR's day-to-day business activities through our Quality Management System (QMS).

HDR

www.hdrinc.com

## ORGANICS

HDR's senior management demonstrates its commitment to quality through establishing responsibilities for quality at all levels of the company, from company president to members of management to the project team. HDR's QMS promotes professional service delivery through formal policies and procedures, tools and processes. Our QMS provides sound business practices that result in quality products and services that our clients expect.

HDR's Quality Assurance/Quality Control (QA/QC) Program is implemented company-wide and monitored locally by experienced professionals during project execution. Our project managers integrate our QA/QC Program into each project work plan. The QA/QC Program is ISO 9000 compliant and promotes problem prevention rather than correction, and being proactive rather than reactive. HDR's QA/QC Program is designed to achieve our mission of superior client service in a defined and systematic fashion.

### Our Commitment to Health and Safety

HDR has one of the most comprehensive health and safety programs in the engineering industry. As a global consulting firm, HDR employees continually face new project hazards; therefore, our program cannot remain static, but must be constantly refined to address these hazards. HDR remains committed to providing the highest level of health and safety support for our staff, and in performing all services in a manner that is both safe and in compliance with all regulations and client requirements.

HDR's Corporate Health and Safety Program encompasses all aspects of safety, including office safety, field safety, remote site safety, road side safety, and construction site safety. Used as the foundation for all project activities, HDR's Corporate Health and Safety Program is an integral part of project planning and development. The program requires each of our projects to have and adhere to Site-Specific Safety Plans (SSSPs). A Job Safety Analysis (JSA) or hazard analysis is conducted for each project task to help formulate the SSSP. HDR stands by our work—the satisfaction of our clients defines our success. Our past performance has been outstanding when based on quality indicators such as client testimonials and our history of compliance with delivery schedule, cost control and quality of work—as evidenced by our 85 percent repeat customer base.

### Safety Certifications and Statistics

We continually strive to set the highest standard for safety excellence. The strength and commitment of HDR's safety program has been verified through certifications by the following third party review programs: ISNetworld®, PEC/Premier, PICS, Browz, and COR (Certificate of Recognition, Alberta Construction Safety Association).

Our commitment to safety is evidenced by our low experience modification rating (EMR) and injury incident rates. HDR's EMR is one of the lowest achievable, and our OSHA recordable incident and lost time injury rates are consistently lower than the industry average for our NAICS code (5413—Architectural, Engineering, and Related).

HDR has provided excellent consulting services to LCSWMA over the years and they have grown to be a trusted advisor. We believe HDR to be the best in the business and chose to partner with them on numerous projects. They have shown that when you pair their depth and breadth of knowledge of the waste industry with excellent client service you end up with a successful project.

# RENEWABLE ENERGY ANAEROBIC DIGESTER (READ) PROJECT FEASIBILITY STUDY

University of California Davis | Davis, CA

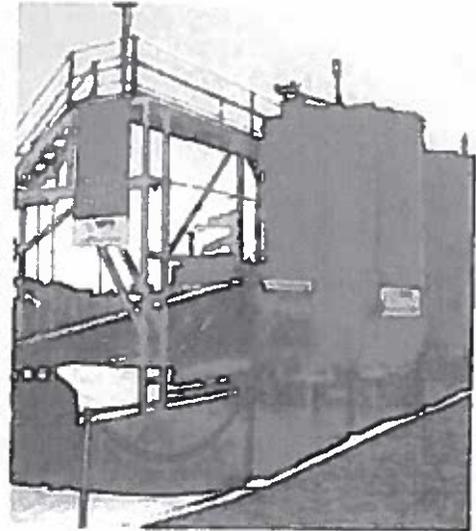

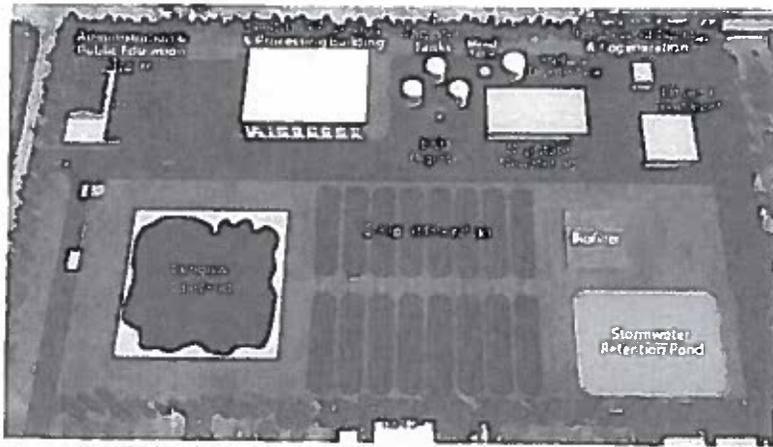

Figure 2: University of California Davis  
Feasibility Study for Renewable Energy Anaerobic Digester Project

## Key Features

- Feasibility study
- Biogas will be extracted from the digesters and could be used in a variety of energy production systems
- Production of a renewable energy source
- Diverting organic materials from being landfilled while retaining optimal use of recyclables

The University of California, Davis (UCD) retained HDR to evaluate the feasibility of developing a Renewable Energy Anaerobic Digester (READ) facility to treat organic wastes from the campus cafeteria and food preparation activities, and manures from the various animal agricultural activities. Other possible feedstock materials included waste paper towels, municipal solid waste (MSW) and biosolids from the wastewater treatment plant (WWTP). The feasibility study explores a variety of possible anaerobic digestion treatment technologies which include:

- Traditional low solids digestion similar to municipal WWTP facilities
- Anaerobic phased solids (APS) process developed by Dr. Ruihong Zhang of UCD
- Dry fermentation using an enclosed bunker or using a flexible membrane liner
- High solids digestion for agricultural wastes similar to processes employed in Europe

Various anaerobic digestion technologies were evaluated based on relative capital or operational cost, appropriateness to treat the feedstock, ability to contain odors and proven track record. In general, the facility will include enclosed unloading and handling operations to prevent the migration of fugitive odors, a phased digestion system with a hydrolysis/acidification phase where volatile solids would be converted into volatile organic acids. The acids from the hydrolysis/acidification phase would be converted to biogas containing methane and carbon dioxide in the methanogenic phase.

The READ facility employs a technology which was initially developed at UCD using a two-phase, batch anaerobic digester based on bench scale laboratory research efforts. HDR's role has been to evaluate the feasibility of the facility in terms of identification of facility components, cost estimates and supporting assistance in issues including feedstock pretreatment, digestate management and effluent management. Extensive research by UCD at the demonstration plant evaluated the treatment of pre and post consumer food wastes. HDR's role has been to prepare design development plans, cost estimates and supporting data for UCD in their goal to determine the financial and technical viability of the digester as a commercial venue. The project has also been considered as one of the sources of renewable power for the West Village, a LEED platinum housing development project at the university. HDR has worked interactively with UCD and the National Renewable Energy Laboratory (NREL) when developing the conceptual facility configurations, development options analysis and related economic pro-forma. The current configuration of the facility includes a facility feedstock receiving and preparation function, digesters, centrate treatment, biogas cleanup and power plant, digestate composting function as well as a public education function.

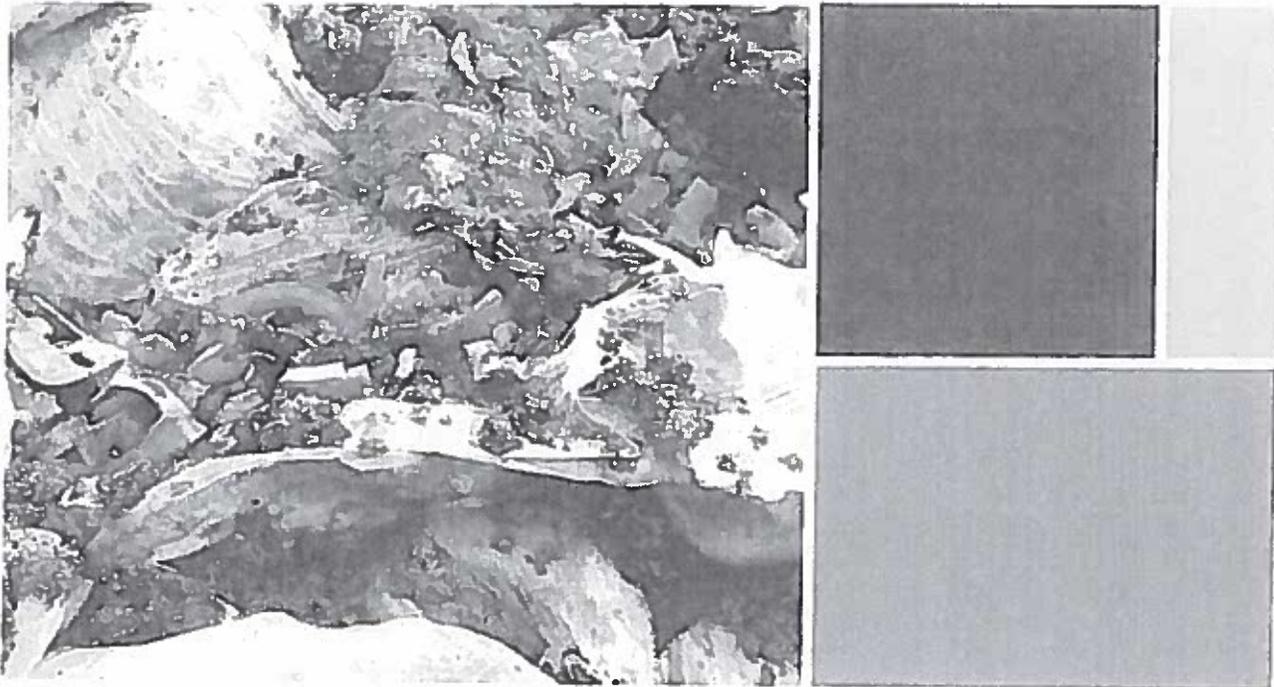

Biogas will be extracted from the digesters and could be used in a variety of energy production systems such as a fuel cell, microturbine or internal combustion engine. Other uses include supplementation of natural gas boiler fuel, or cleaning the gas for injection into the university's natural gas distribution system. Undigested solids will likely require stabilization using an aerobic process such as aerated static pile composting. Due to the proximity to the UCD campus, solids stabilization would include a biofilter to capture and treat organic rich air prior to discharge to the atmosphere.

www.hdrinc.com

# ORGANICS CONVERSION TECHNOLOGIES FACILITIES OVERVIEW USING ANAEROBIC DIGESTION AND DRY FERMENTATION

City of San Jose | San Jose, CA

## Key Features

- Conversion of organics to energy using non-thermal means
- The project, when completed, will be a privately owned and operated facility entirely funded making it one of the largest Public-Private Partnerships in solid waste in recent history
- Dry fermentation form of anaerobic digestion, the waste remains stationary in an enclosed bunker and the organic media is circulated through the waste

HDR was retained to assist the city as a technical advisor to an evaluation team, providing insight into the key issues, performance expectations and contingency planning as the procurement of commercial processors and commercial collection service providers proceeds.

The city historically managed an open franchise commercial waste system whereby over twenty haulers provided waste collection services. HDR assisted the city in preparing its Green Vision Goals which included a goal of diverting 75 percent of the city wastes from landfills. In order to reach the goal, the city is terminating its existing open franchise system and replacing it with an exclusive franchise system that obligates the franchisee to reach the elevated diversion level. By consolidating the commercial wastes in and specifying minimum performance standards, the city's Green Vision can be reached.

HDR was retained to assist the city in soliciting and reviewing responses to private sector proposals to construct and operate various types of organics processing facilities under the exclusive franchise incentivize program. Our role included assisting in the development of the RFP to encourage innovative and aggressive waste diversion solutions from the private sector, including incentives for waste handling that include conversion technologies as an organics processing option. Vendors were allowed to propose traditional organics treatment technologies such as composting, or innovative emerging technologies such as anaerobic digestion.

Our analysis included a detailed review of the proposals which were tailored to accommodate various levels of contamination in the organics stream. The analysis included issues such as consideration of the proposer's capability to perform within a relatively aggressive time-frame, the necessary permitting pathway and time-frame needed to implement the facility, the technology proposed and its level of commercial application to a similar waste stream, and its location in terms of likely increased truck traffic to and from the facility. We presented our analysis, findings and recommendations to the city evaluation team, which considered the issues in conjunction with cost of service, financial strength of the company and appropriateness of collection system to the various commercial areas in the city. The city selected a dry fermentation technology which is to be constructed in the Alviso portion of northern San Jose by the Zero Waste Energy Development (ZWED) Company which is relying on technology from a European source. The developer is securing permits and designing the facility at this time. The facility is anticipated to be operational in 2014.

# FEASIBILITY STUDY OF ANAEROBIC DIGESTION OF MSW TO ENERGY, INCLUDING WASTE CHARACTERIZATION

National Renewable Energy Laboratory (NREL) | Port au Prince, Haiti

## Key Features

- Feasibility study exploring combined health related solid waste management goals with renewable power production infrastructure
- Indicative design Includes consideration of capital cost, operational cost and revenues from renewable power sales
- Study included consideration of broad array of possible digestion technologies and modern sanitary landfill equipped with a landfill gas-to-energy facility

HDR was retained to prepare an evaluation of converting organics wastes in the Port au Prince Haiti region into electricity under a research effort requested by the National Renewable Energy Laboratory (NREL). The feasibility study has progressed through a series of phases including an initial phase to explore a variety of possible treatment technologies as possible options.

The initial purpose of the study was to provide a comparative summary of approaches and process features of anaerobic digestion (AD) technology, and evaluate which of these are best suited to digestion of municipally generated wastes in the Port-au-Prince area. The waste sort analysis suggested that approximately 1,500 metric tons (MT) per day of solid waste is generated in the Port-au-Prince area and approximately 73 percent of this total (approximately 1,100 MT/day) is organic and suitable for AD.

Our analysis considered six different anaerobic digestion approaches including membrane covered lagoon, heated and mixed membrane covered lagoon, plug flow digester, complete mix and hybrid digesters, fixed film digester and upright cylinder digester. The analysis also considered key features of AD, specifically in terms of addressing the unique conditions in Haiti. Key features considered included solids content, process configuration, biomass immobilization, reactor construction, temperature, feeding operation and digester mixing regimen.

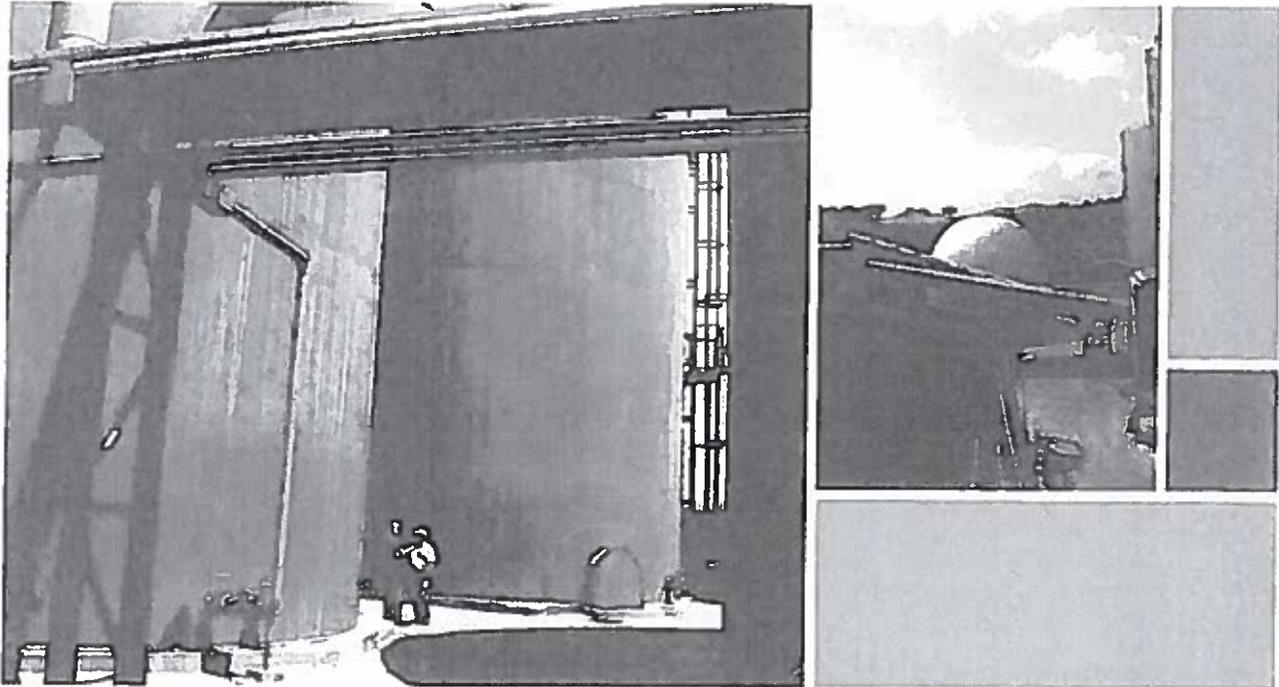

We concluded the use of a feedstock contaminant removal system coupled with high solids, continuously stirred batch tank-type digester operating at mesophilic temperatures, as the preferred technology for this application. We are currently developing the conceptual design and conceptual cost estimate for the facility. As a basis of comparison, our analysis is also exploring cost of developing a modern, lined sanitary landfill equipped with a landfill gas-to-energy facility. NREL is reviewing the final report and will consolidate into their report to the United Nations.

---

[www.hdrinc.com](http://www.hdrinc.com)

# ANAEROBIC DIGESTION OF MSW AS A CONVERSION TECHNOLOGY

City of Los Angeles | Los Angeles, CA

## Key Features

- Project included robust technical, financial, mechanical and regulatory analysis of vendor offered technologies,
- Technologies included Mechanical Biological Treatment in addition to thermal processing technologies
- Consideration of aerobic and anaerobic technologies of municipal solid waste feedstock materials

HDR was retained to assist the city of Los Angeles in the analysis of various alternative technologies for processing mixed municipal wastes. The analysis included an independent analysis of each proposed facility mass balance, thermodynamics, economics, credibility, viability, diversion capacity, operational history, engineering design and relative environmental impact.

The analysis also included preparation of toxic air contaminant, criteria air pollutant and greenhouse gas analysis of each of the vendor's proposals. The anaerobic digestion technologies analyzed included the Valorga high solids digestion in Spain, Arrow Bio's Up-flow Anaerobic Sludge Blanket (UASB) in Tel Aviv Israel, in addition to several innovative high solids anaerobic digestion technologies offered by a variety of other vendors.

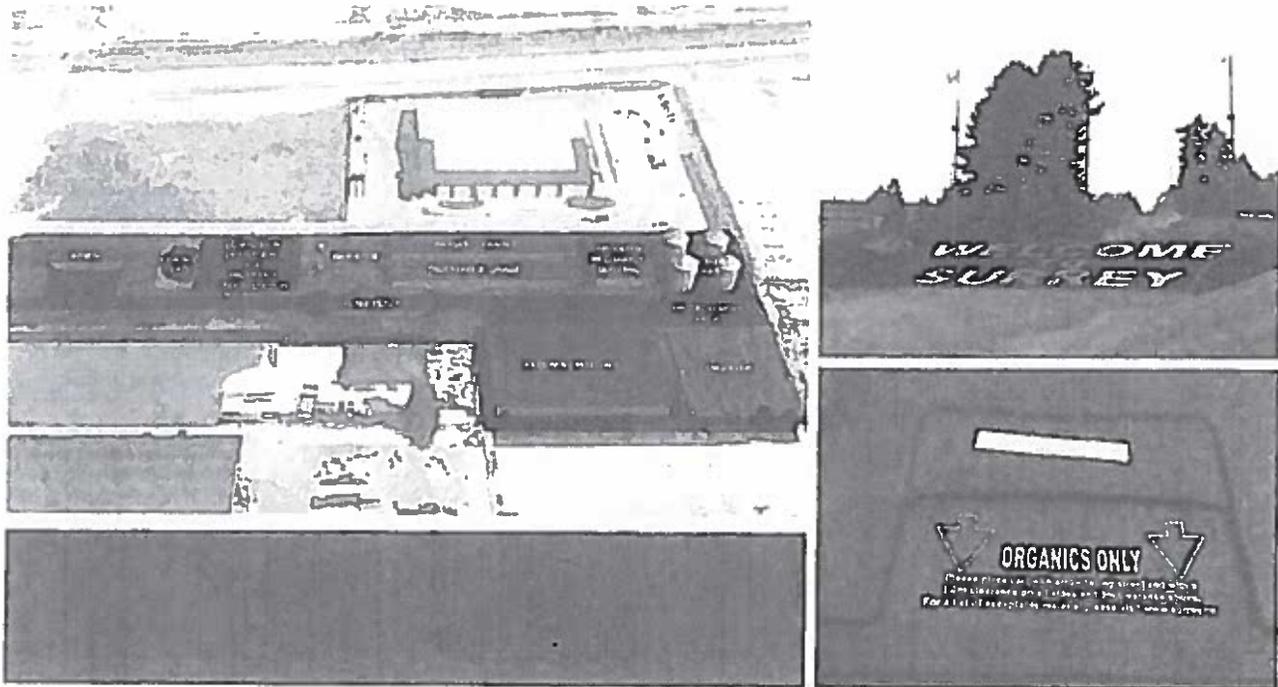

A variety of aerobic composting processes were also evaluated for their capability to process digestate from the anaerobic digestion processes. Having performed this analysis, HDR has developed a unique set of insights regarding the viability of different digestion technologies with respect to their ability to process difficult feedstock materials.

---

[www.hdrinc.com](http://www.hdrinc.com)

# ORGANICS TO BIOFUEL FACILITY, PROCUREMENT ASSISTANCE

City of Surrey | British Columbia, Canada

## Key Features

- Project entails a Public Private Partnership solicitation for vendors to offer design, build operate service for the conversion of organics to transportation fuel
- Feedstock to include residential yard/food waste from Surrey and Industrial/Commercial/Institutional waste
- Procurement open to wide variety of digestion technologies

HDR was retained to assist the city of Surrey as technical analysis advisor for the procurement of a private developer to construct and operate an organics to biofuel facility. The project has received Partnerships BC support for up to 25 percent of the capital cost up to \$17M if developed as a public/private partnership. HDR's role is to serve as the technical advisor in the procurement process supporting the development of the solicitation, analysis and ultimately the vendor selection.

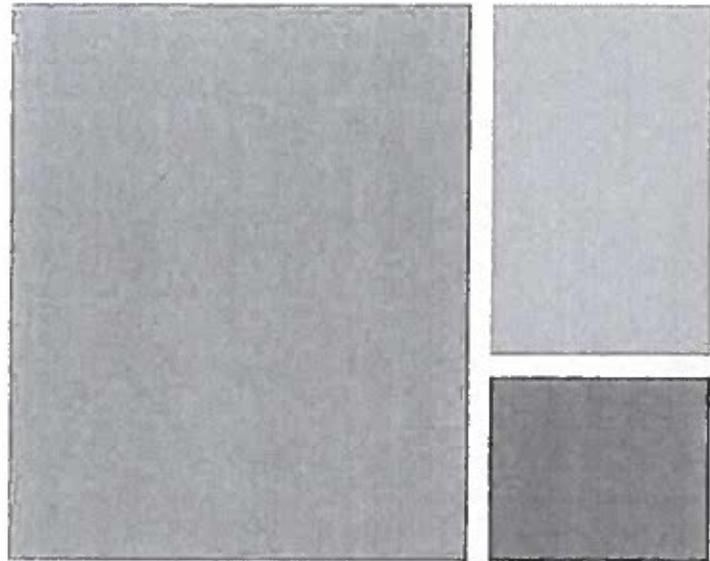

As initially conceived, the project will process approximately 45,000 metric tons of green/food waste bin from the city of Surrey and the proponent will be charged with responsibility to secure an additional 35,000 metric tons from the Industrial-Commercial-Institutional (ICI) sector. Biogas from the anaerobic digestion system will be cleaned and injected into the gas pipeline, converted to electricity or refined and used as compressed natural gas for fueling the city's waste collection vehicles.

The logo for HDR, consisting of the letters 'HDR' in a stylized, serif font.

[www.hdrinc.com](http://www.hdrinc.com)

# ORGANICS RECYCLING FACILITY CONCEPTUAL DESIGN AND ECONOMIC FEASIBILITY STUDY

Alachua County | Alachua County, FL

## Key Features

Potential benefits of the organic recycling biomodule include:

- Greenhouse gas collection efficiency
- Reduced vehicle emissions
- Reduced landfilling of potentially recyclable materials
- Beneficial use of final product
- Contributing to Florida's 75 percent recycling goal
- Renewable energy source
- Revenue generation

HDR was retained by Alachua County to evaluate the feasibility of a county owned and operated organics recycling facility. The evaluation included preparation of a conceptual site model, a conceptual operations plan, an evaluation of the permitting process and a financial feasibility model. HDR developed the organics recycling biomodule process specifically to utilize organic materials generated by the Alachua County free marketplace. By charging a lower cost than conventional landfilling, the project is expected to attract organics from local businesses, such as restaurants, grocery stores and landscaping services. The stabilized organic material produced can then be beneficially used locally. The organic recycling biomodule is a low-technology technique to process organic waste materials for biogas generation and utilization, and ultimately converts the remaining solids into compost. HDR created a site-specific design based on anticipated organic waste flow rates, and presented operations considerations that involved materials handling, mixing and biomodule filling.

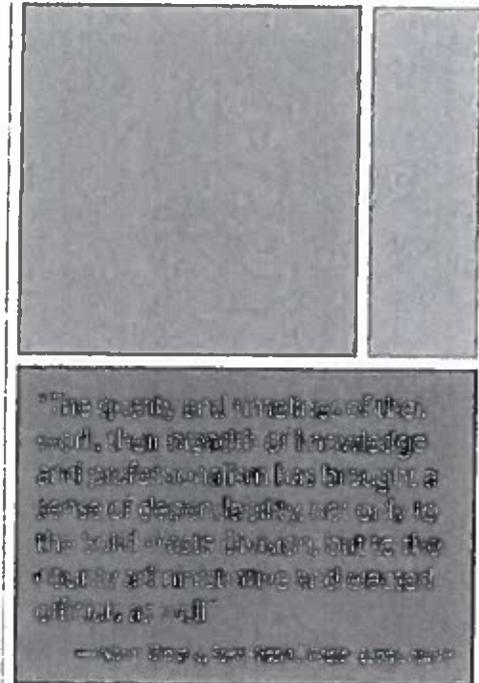

Also, as part of the detailed conceptual design, HDR proposed an odor control system consisting of a biofilter and/or carbon filter. HDR utilized other environmental protection systems and operations that can be implemented to eliminate ground/surface water contamination and odor and gas emissions. HDR's conceptual technical approach involves the sequential application of anaerobic degradation, aerobic decomposition and waste mining within reusable biomodules. Final composting and curing of the excavated materials will be accomplished prior to the use of the stabilized material for organic soil amendment, land reclamation or similar beneficial uses. Biodegradation of the organic waste in the organics recycling biomodule is enhanced through leachate recirculation coupled with biogas collection in the anaerobic phase and air injection in the aerobic phase. The project is expected to realize sustainability by being reusable, thereby eliminating the need for new land for future incoming organic waste.

[www.hdrinc.com](http://www.hdrinc.com)

# ORGANICS RECYCLING BIO-MODULE DEMONSTRATION PROJECT

Leon County | Leon County, FL

Leon County asked HDR to conduct a demo project to determine how HDR's bio-module design would work with the county's specific waste composition of available organic waste materials. This demonstration project was valuable because HDR was able to determine the logistical challenges of acquiring, mixing and loading the feedstock, and evaluate the design and operational details of the bio-module.

The pilot project consisted of HDR constructing the 115 cubic yard flexible vessel made of 60mil HDPE. This specially designed sealed vessel consists of a fluid recirculation and distribution system and biogas collection system piping. It is constructed as a prototype to process the waste stream that the county anticipates it can divert from their current program of mixed MSW landfill disposal. Consumed pre and post consumer waste, yard waste and bio solids were collected, shredded and mixed prior to placement in the bio-module. The fluid recirculation system allows the materials to drain but also remain moist for accelerated decomposition with a fairly uniform moisture content of 40-50 percent. The biogas collection system pulls gas generated from the decaying organics within the bio-module.

HDR is currently monitoring both quantity and quality of biogas being produced. The current methane concentrations are 15-25 percent methane and lower than generally estimated due to the small size of the bio-module and the less than optimum quality of the feedstock. Future organic waste diversion for bio-module processing will include a greater percentage of food waste closer and other wet organic sources versus dryer organics such as wood chips, shredded soiled paper and cardboard. The mixture for this demonstration project was closer to 20 percent wet organics whereas the optimum would be closer to 50%. HDR will develop a gas generation curve specific for this particular waste stream in the bio-module.

HDR will continue to monitor the temperature and moisture content in bio-module as anaerobic decomposition, and will also survey the bio-module surface to measure the volume reduction over time within the bio-module.

[www.hdrinc.com](http://www.hdrinc.com)

# ALTERNATE TECHNICAL PROCUREMENT, MTS NEGOTIATIONS & LONG-TERM DISPOSAL OPTIONS, DSNY | New York City, NY

DEPARTMENT OF SANITATION  
JOHN J. DOHERTY  
Commissioner

## REQUEST FOR PROPOSALS FOR NEW AND EMERGING SOLID WASTE MANAGEMENT TECHNOLOGY

Procurement Identification Number (PIN): 82712RR00028

Authorized Agency Contact: Sarah Dellinar, Bureau Contracting Officer  
DSNY Bureau of Long Term Export  
44 Beaver Street, 12<sup>th</sup> Floor  
New York, NY 10004  
Telephone: (212) 437-4508  
Fax: (212) 269-0783  
E-Mail: sdellinar@dny.nyc.gov

IT IS ILLEGAL TO ENGAGE IN PRACTICES THAT UNDERMINE OR THWART THE FAIR AWARD OF THE CONTRACT RELATED TO THIS RFP. EVERY EFFORT HAS BEEN MADE TO ENSURE THAT THE AWARD OF THIS CONTRACT IS BASED ON JUST AND FAIR PRACTICES. CRIMINAL VIOLATIONS WILL BE PROSECUTED TO THE FULLEST EXTENT OF THE LAW.

THE NEW YORK CITY COMPTROLLER IS CHARGED WITH THE AUDIT OF CONTRACTS IN NEW YORK CITY. ANY PROPOSER

### Key Features

- Project intended to look at diversification of means of waste disposal for the City
- Pilot project up to 450 tpd, which if successful, can expand to 900 tpd
- No changes to DSNY collection practices, so waste received would be as collected
- Procurement open to thermal, biological, chemical technologies, or a combination, but excluded conventional waste-to-energy and RDF combustion systems.
- Successful Proposer would fund the project, and the City would pay a tip fee.

HDR has been DSNY's solid waste program management consultant since 1994, providing it with a broad range of engineering, planning, procurement and economic analysis support. HDR assisted in developing three iterations of the Solid Waste Master Plan (SWMP), and two supporting FEISs that evaluated the potential for significant adverse impacts at approximately 25 alternative solid waste facility/site options, including the 10 sites approved in the SWMP. HDR is the lead consultant on permitting the four Converted Marine Transfer Stations (MTSs) including solid waste and marine permits. HDR led the procurement of transfer-transport and disposal contracts from four private transfer station sites, and transport and disposal contracts from four Converted MTSs, including RFP preparation, proposal evaluation and contract negotiation. HDR also leads the procurement effort on DSNY's Alternative Technology procurement currently underway.

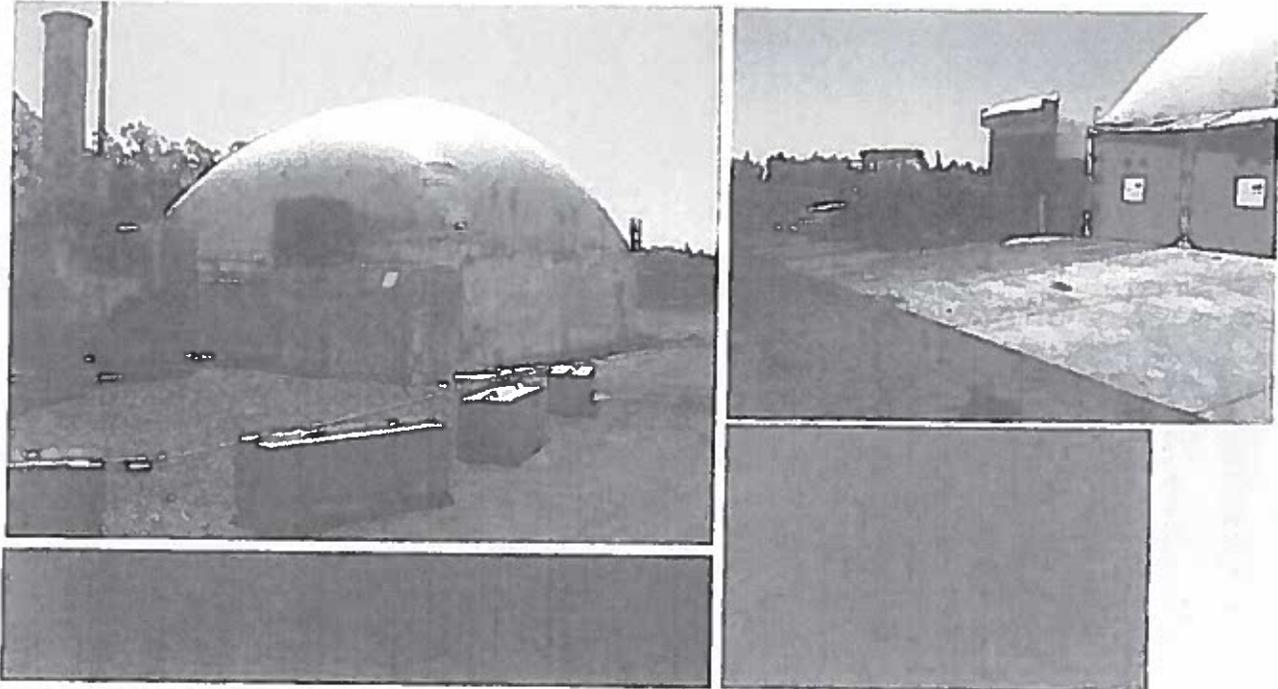

HDR continues in its role as serving as DSNY's solid waste consultant. To date, HDR has assisted DSNY implement long term land-based disposal contracts for four of the five boroughs (Staten Island, Brooklyn, the Bronx and Manhattan), with contracts valued in excess of \$3 billion. These contracts involve transfer and disposal at landfills and energy from waste facilities over a twenty year period. HDR continues to support DSNY in the negotiation of the 20 +year transfer-transport and disposal services contracts from four MTSs.

On March 6, 2012, DSNY released a request for proposals for the development of a new and emerging solid waste management technology facility at a site in or near the city. The pilot facility will accept a small portion of residential and institutional waste collected by the City, and convert the waste into a renewable source of energy/recovered materials. HDR is assisting DSNY in the ongoing evaluation of proposals.

www.hdrinc.com

## DRY FERMENTATION FACILITY DEVELOPMENT

Monterey County | Monterey, CA

### Key Features

- Project intended to demonstrate dry fermentation technology using combined yard/food wastes
- Includes combined heat/power internal combustion engine to both produce electricity and surplus heat for digestion process
- Cooperative agreement between waste management district and technology developer

Monterey County recently initiated its demonstration dry fermentation facility provided by Zero Waste Energy (ZWE). The plant was constructed to serve as a pilot sized facility to process wastes from the San Jose region as a precursor to the pending facility in San Jose.

Monterey retained HDR to assist in the review and consideration of the facility. The technology employs a dry fermentation in four modular units that enable both the county and ZWE to explore the issues associated with the facility prior to initiating the process in San Jose.

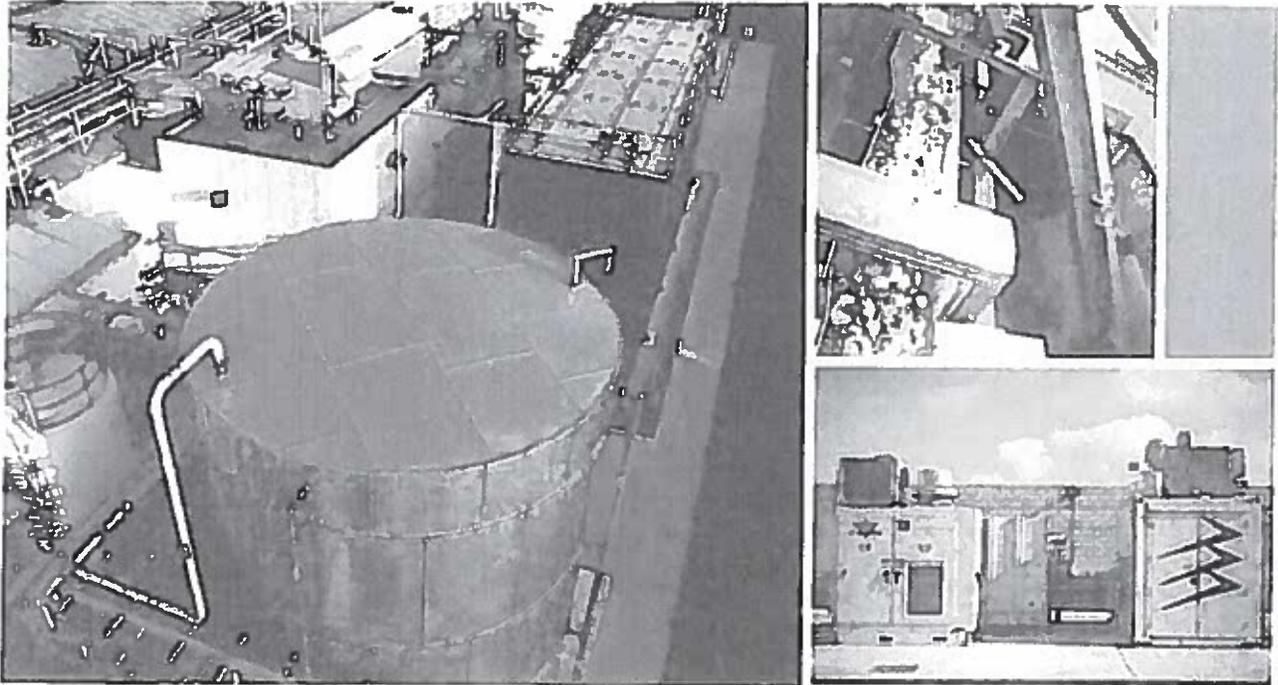

The facility is equipped with a biogas capture system that produces electricity using a combined heat and power internal combustion engine which provides electricity to the adjacent waste water treatment facility and heat for the digestion process.

[www.hdrinc.com](http://www.hdrinc.com)

# ADVANCED ENERGY RECOVERY SYSTEM FROM FOOD WASTE

Gillis Onions | Oxnard, CA

## Key Features

- American Council of Engineering Companies, Grand Conceptor Award, 2010
- First food processing facility in the nation to produce fuel cell energy from its own waste
- Onion juice extracted from onion peels is treated in a high-rate anaerobic reactor to produce methane-rich biogas
- Biogas is treated and powers two fuel cells that provide electricity for the processing plant

HDR worked with Gillis Onions to take its Advanced Energy Recovery System (AERS) from an energy saving concept to a ground-breaking \$9.5 million system that will pay for itself in less than six years and reduce its operational carbon footprint.

HDR designed and installed a system to grind and dewater onion peels to reduce waste by 75 percent. This was achieved using two stages of grinding and pressing to produce 30,000 gallons per day of onion juice and 20 tons per day of onion cake.

The cake is hauled to the California Central Valley as cattle feed ready for consumption. The juice, with more than 60,000 mg/L of COD, is digested in a high-rate upflow anaerobic sludge blanket reactor (UASB) supplied by Biothane in Camden, NJ. The 100 cfm of methane-rich biogas generated in the reactor is treated to remove moisture and sulfur compounds and used to feed two 300-kW fuel cells manufactured by Fuel Cell Energy of Danbury, Conn.

Fuel cells were selected over more conventional combined heat and power generation systems because of their lower atmospheric emissions and reduced carbon footprint. The 0.6 MW of electricity generated continuously supplies more than 80 percent of the Gillis Onions processing facility base load. The heat required to maintain the UASB at 95°F is recovered from an existing 850-HP natural gas engine driving an air compressor. Heat from the fuel cell exhaust gases will be recovered in a new process the project team is currently developing.

The Gillis Onions AERS has received nationwide attention for innovative technology and renewable energy production. The American Council of Engineering Companies awarded the project its prestigious Grand Conceptor Award in 2010.

Sempra Energy awarded Gillis Onions \$2.7 million as part of the renewable energy Self Generation Incentive Program. Gillis Onions will also receive \$3 million in investment tax credits from the federal government for the use of fuel cells.

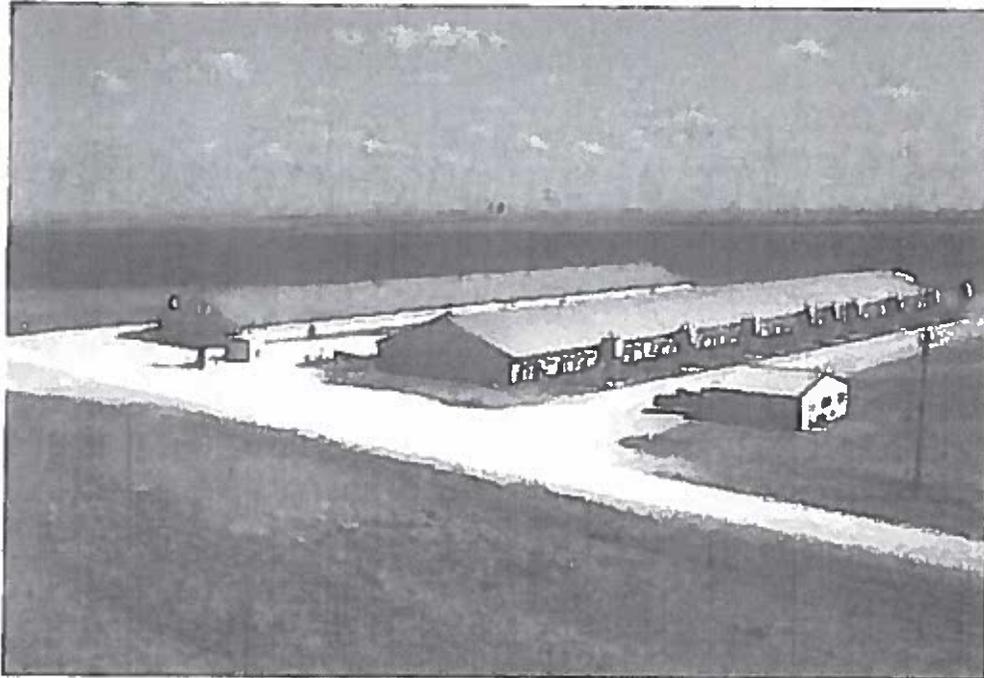

The AERS project results in \$1.1 million of operational cost savings per year. The project was delivered on time, and the plant has been fully operational since its ribbon-cutting ceremony in 2009.

[www.hdrinc.com](http://www.hdrinc.com)

## ANAEROBIC DIGESTION AT SWINE FARMS

Cargill Pork, Premium Standard Farms Swine Farms, Somerset Farm, Hedgewood Farm, Smithfield Foods | Various Locations

### Key Features

- Alternative feedstock (manure)
- Anaerobic process
- Biogas recovery and beneficial use

HDR is one of the country's leaders in treatment of farm/agricultural wastes from cattle, swine and poultry operations. HDR and our team members have been involved on over 20 cattle and swine waste treatment facilities nationwide. Most include anaerobic digestion with subsequent beneficial reuse of the methane gas. Our agricultural waste treatment systems run from simple low-tech lagoon-style systems to high-rate reactors with fuel cell cogeneration (as was used at Gills Onions). The following represent some of our more challenging projects.

#### Sandy River Farm, Cargill Pork | Morrilton, Arkansas

Waste treatment facilities were designed in 2006 and constructed in 2007 to treat manure waste from both a sow farm and a finishing farm located near Morrilton, Ark. The project included the design, construction-phase services and start-up services through the first year of operation of the swine manure waste treatment system. HDR established design waste loads and flows based on owner-furnished pig types, numbers and average weight per type. Cargill Pork's engineers for the sow and finishing farm designed the manure collection system to bring the waste to a manhole located at the corner of the swine farm. Collected manure waste is pumped to an anaerobic digester where biogas is collected and utilized in facility mortality incinerators or flared.

#### S-S Farm, Premium Standard Farms Swine Farms | Dalhart, Texas

This project was for a 10,000-head sow farm that produces and cares for piglets until they are weaned. The project consisted of: 1) fine screening and pumping facilities, 2) an HDPE-covered and lined anaerobic digester with biogas collection, 3) biogas handling facilities and a biogas-fired steam boiler for heating the anaerobic influent by direct steam injection, and 4) an HDPE-lined aerated lagoon with loading surface aeration before the waste entered existing storage ponds.

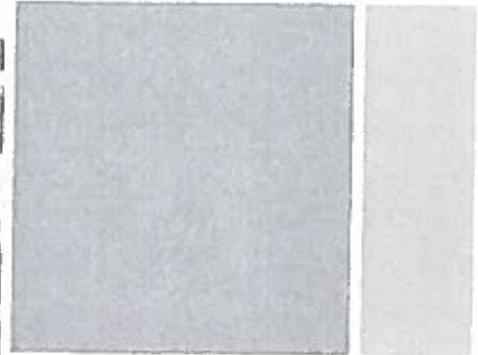

#### WF-1 Farm, Premium Standard Farms Swine Farms | Dalhart, Texas

This project was for a 108,000-head wean-to-finish farm that takes the piglets from the sow farm and raises them to market weight. The project consisted of: 1) pumping facilities, 2) an HDPE-covered and lined anaerobic digester with biogas collection, 3) biogas handling facilities and a biogas-fired steam boiler for heating the anaerobic influent by direct steam injection, and 4) an HDPE-lined aerated lagoon with diffused aeration, 5) a biosolids settling pond, and 6) a storage pond.

# RENEWABLE ENERGY ANAEROBIC DIGESTER PROJECTS

BioStar Systems | Sonoma County, CA and Johnson County, MO

## Key Features

- Manure feedstock
- Anaerobic process
- Beneficial reuse of treated by-product (digestate)
- Biogas reuse in fuel cell and cleanup/sell back to PG&E
- Effluent treatment processes

HDR provided preliminary design for a renewable energy project to convert poultry waste from multiple egg production operations in Sonoma County. The foundation of HDR's design is based on bench-scale research conducted by UCD's Dr. Zhang, and funded by BioStar Systems.

Dr. Zhang and her research team are providing the necessary testing to confirm projected biogas production rates from digestion of local chicken manure with a seven percent TS content. HDR's anaerobic digestion process lead, Pepi Ursillo, met with Dr. Zhang, her research team, and BioStar at UCD in July 2010 to review bench-testing protocol and preliminary results to help understand these findings and their impact on full-scale design for the Sonoma facility.

The facility was designed to convert a combined 53,000 tons per year of manure and mortality to the natural gas energy equivalent of 250,000 MCF per year and 16,000 tons per year of dry granulated sludge. Process components include feedstock receiving and treatment, anaerobic digesters, digester gas scrubbing with use either in a 300 kW fuel cell or discharge into the PG&E natural gas pipeline, centrifuge dewatering, bio-solids drying and bagging. Odor control scrubbers and an emergency flare system were also included.

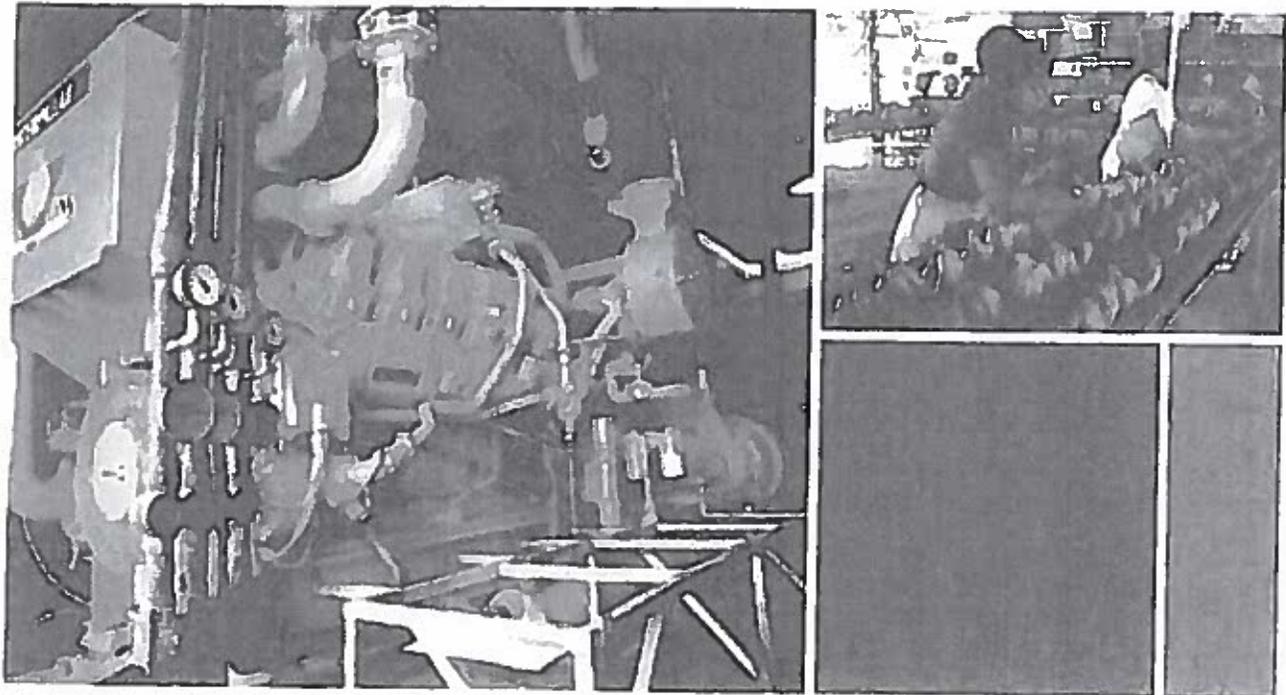

The dried product will be marketed as a commercial fertilizer. Process liquid will either be further treated to reduce ammonia or discharged to a municipal wastewater system. This project is part of a sustainability program for the Sonoma County Water Agency to make the agency energy neutral. HDR also provided preliminary design for a second renewable energy system for BioStar in Johnson County, Miss., also treating chicken manure. This system was designed to recover and clean biogas generated at the facility to produce pipeline-quality gas and inject it into the local utility's natural gas transmission line.

[www.hdrinc.com](http://www.hdrinc.com)

## ORGANIC WASTE-TO-ENERGY PLANT

Chiquita Brands International, Ltd. | Guapiles, Costa Rica

HDR is providing engineering services for the development of a waste-to-energy anaerobic digestion plant that would process banana and pineapple peel waste to generate energy. Chiquita hopes that this plant will bring it closer to its goal to become energy self-sufficient.

### Key Features

- Food waste stream with high cellulose content
- Anaerobic digestion
- Biogas reuse using cogeneration
- Raw waste handling/pretreatment prior to digestion

HDR is evaluating the use of various anaerobic digestion processes to generate methane gas (biogas) from the peel waste and to use this gas to produce power and heat. HDR conducted a site visit in early 2011, followed by treatability studies to evaluate anaerobic digestion of peel waste, assess methane gas production rates, and characterize the available banana and pineapple waste streams for their suitability for the proposed facility.

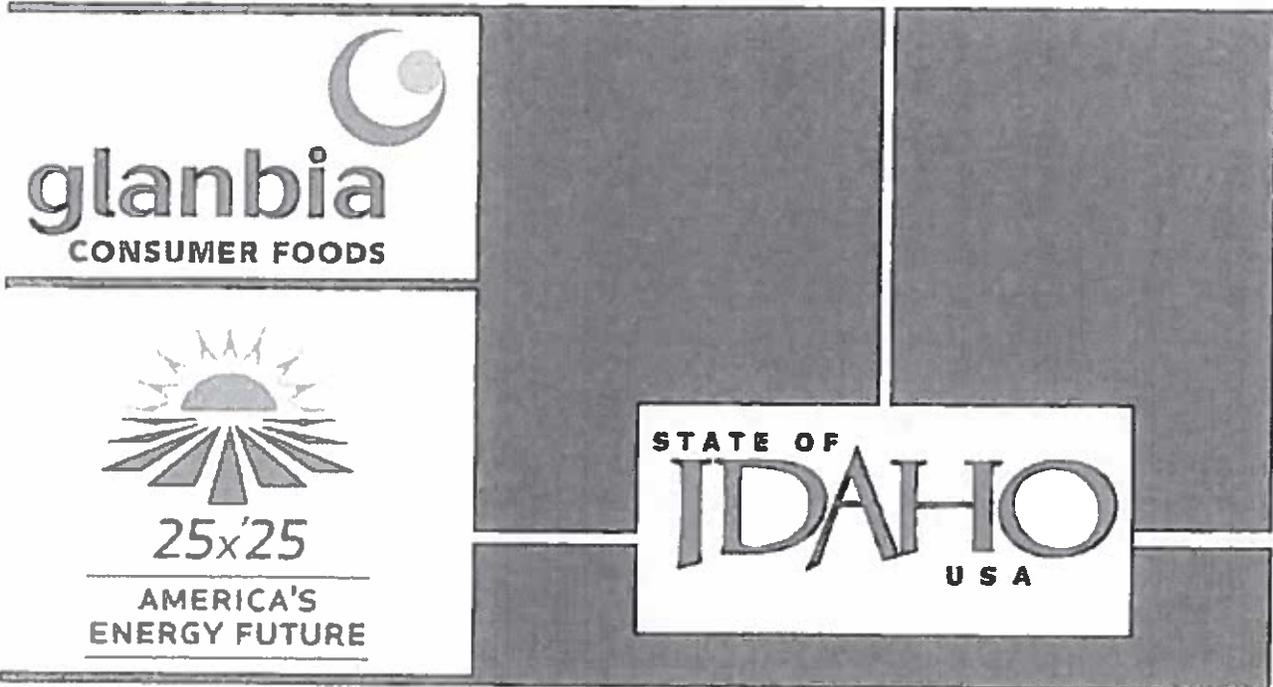

HDR will also evaluate current practices, local conditions and regulations in our conclusions to guide the development of practical solutions to meet the needs of the location and requirements of the project and Chiquita corporate offices.

HDR

# ANAEROBIC DIGESTION IN THE FOOD AND BEVERAGE INDUSTRY

State of Idaho and Glanbia Foods Inc., 25 x 25 Renewable Energy Council | Boise, Ada County, ID

In September 2007, Idaho Governor Butch Otter signed an executive order stating it is the goal of the state of Idaho that 25 percent of Idaho's energy needs be provided through renewable sources by the year 2025 from farm, ranch, timber and other working lands, while continuing to produce abundant, safe and affordable agricultural products. An establishment called the Idaho 25 x 25 Renewable Energy Council was initiated under this order to develop a coordinated approach to attain this renewable energy goal. One of the council's tasks is to segregate and quantify the energy that could be obtained from a variety of renewable sources including wind, solar, biomass, geothermal and anaerobic digestion. A subcommittee was formed to specifically evaluate the energy that could be obtained through the anaerobic digestion of process wastewater from Idaho's food and beverage industry.

## Key Features

- Generated database of food processing industry wastewater in Idaho
- Projected biogas potential from all food processors in Idaho using AD

Wastewater generated during the production of food and beverage products is typically characterized by high chemical oxygen demand (COD). High COD wastewaters favor anaerobic digestion as a treatment method for several reasons including low excess sludge production, relatively small treatment system footprint and low overall energy requirements. For these reasons, anaerobic digestion is already practiced by several Idaho food processors.

HDR prepared a summary report addressing the potential for anaerobic digestion of food and beverage processing wastewater in Idaho. The report:

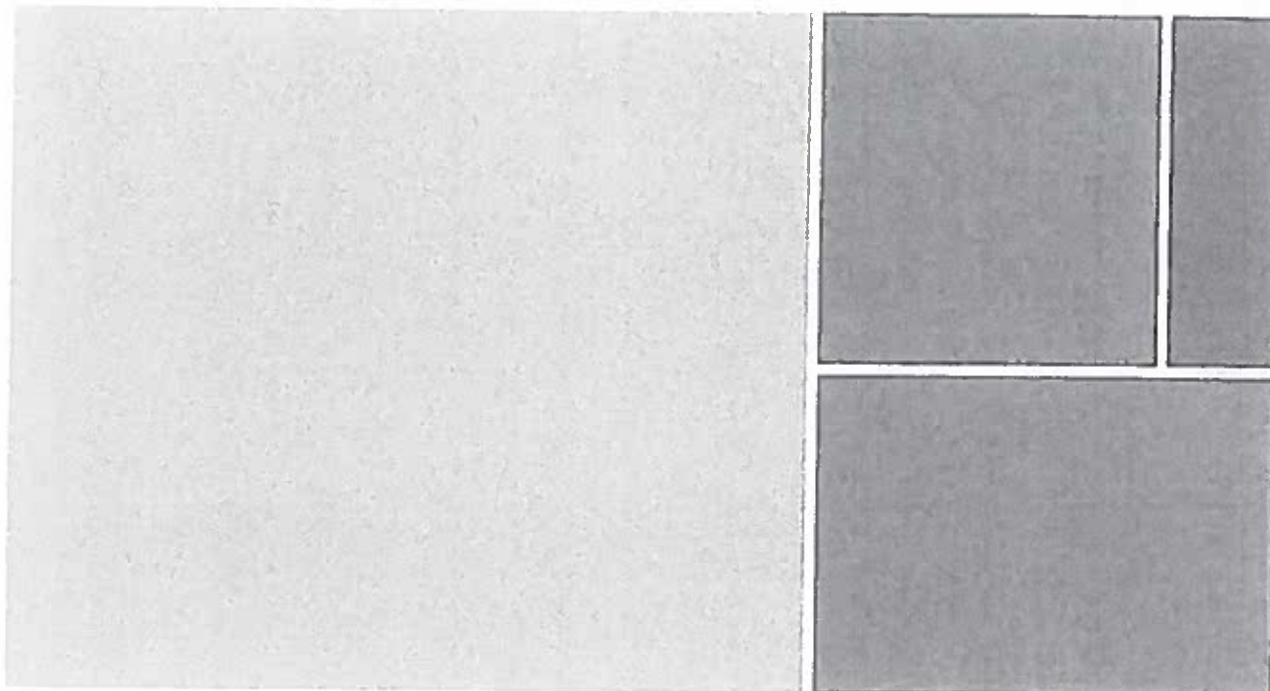

- Describes and identifies the number of Idaho food and beverage companies that could feasibly employ anaerobic digestion for treatment of wastewater from their processing operations
- Quantifies the biogas (and energy value) that could be generated from anaerobic digestion of the process wastewater from the Idaho food and beverage industry
- Estimates the quantity of biogas that is currently produced by anaerobic digestion of food and beverage process wastewater in Idaho
- Estimates the quantity of biogas that is currently recovered and utilized from anaerobic digestion of food and beverage process wastewater in Idaho
- Identifies potential uses for captured methane

**HDR**

[www.hdrinc.com](http://www.hdrinc.com)

# BIOGAS ENERGY RENEWABLE NATURAL GAS PROJECT

Confidential Client | CO

HDR is performing planning, preliminary design, and design-build pricing of a proposed confidential renewable energy development facility that will digest manure and organic food-processing residuals (substrate) to produce renewable natural gas (RNG) with an annual value of 1.5 trillion BTU. The facility will use six 1.7 million gallon low-solids tank digesters.

## Key Features

- Merchant codigestion facility for manure, food processing wastes, FOG, supermarket waste, and restaurant waste.
- Projected 6.5 million cubic feet of biogas generated per day

The biofuel would be conditioned to pipeline quality gas using wet scrubbers, and then sold to a regional natural gas utility as a RNG. Digestate from the facility will be dewatered and the residual dewatered material will be composted or utilized for cow bedding at the dairies where the manure is generated. Liquid effluent will be stored and utilized for its agronomic value via irrigation.

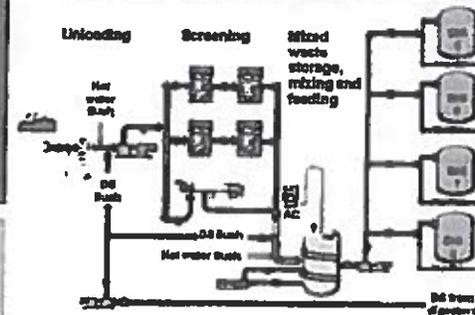

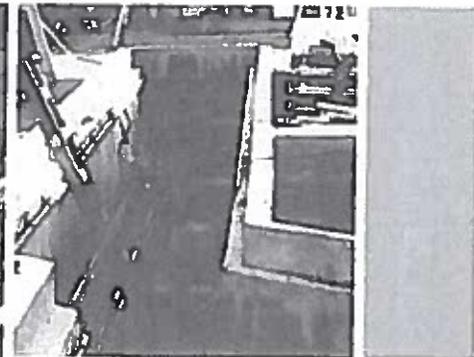

The project is currently receiving corporate final approval after which HDR will design and build the facility.

[www.hdrinc.com](http://www.hdrinc.com)

# ANNACIS ISLAND CO-DIGESTION FACILITY & ENERGY RECOVERY

Metro Vancouver | Vancouver, British Columbia, Canada

Metro Vancouver (Metro) is a regional government agency that operates several wastewater treatment plants in the Vancouver metropolitan area. The Annacis Island Wastewater Treatment Plant (AIWWTP) is the largest secondary treatment plant in British Columbia and serves approximately 1 million people.

The AIWWTP processes sewage flows of approximately 131 MGD and the treated effluent is discharged into the Fraser River. Approximately 12,000 dry tonnes of biosolids are produced from a thermophilic anaerobic digestion process and centrifuge dewatering at 24-34 percent solids concentration.

Recovering energy from liquid waste and biosolids is one of Metro Vancouver's goals for managing liquid wastes affordably and effectively. Codigestion has several merits for Metro, including increasing biogas production, reducing greenhouse gas emissions, reducing untreated discharges and mitigation for other WWTPs.

The objective of the codigestion facility project is to design and construct a facility at the AIWWTP to test a variety of available feedstocks for direct feeding into the anaerobic digesters. The codigestion facility is a full-scale pilot facility that will confirm the feasibility of the technology and can be expanded in the future.

HDR developed the process design, including process flow diagrams, of a codigestion facility at Metro's 500 ML/day (130 MGD) Annacis Island WWTP. The facility includes a receiving station, screening, grit removal, a heated storage tank, a storage tank mixing pump, a digester feed pump and other support facilities.

Wastes to be accepted include fats, oils and grease from grease trap haulers, spoiled milk, crude glycerin, industrial DAFT float, deicing fluid, chicken processing waste and thickened primary sludge from other Metro wastewater treatment plants. Wastes will be fed into existing 16-meter (52-foot)-diameter anaerobic digesters for enhanced biogas production. The codigestion facility will be automated.

The engineer's cost estimate for the co-digestion facility was \$2.3 million (CAN). Bids were received in May 2010 and the low bid was approximately \$2.1 million (CAN). Facility construction was completed in 2011.

## Key Features

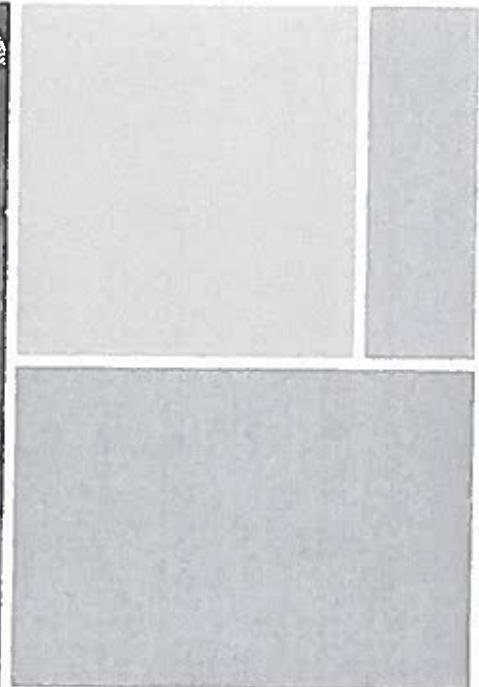

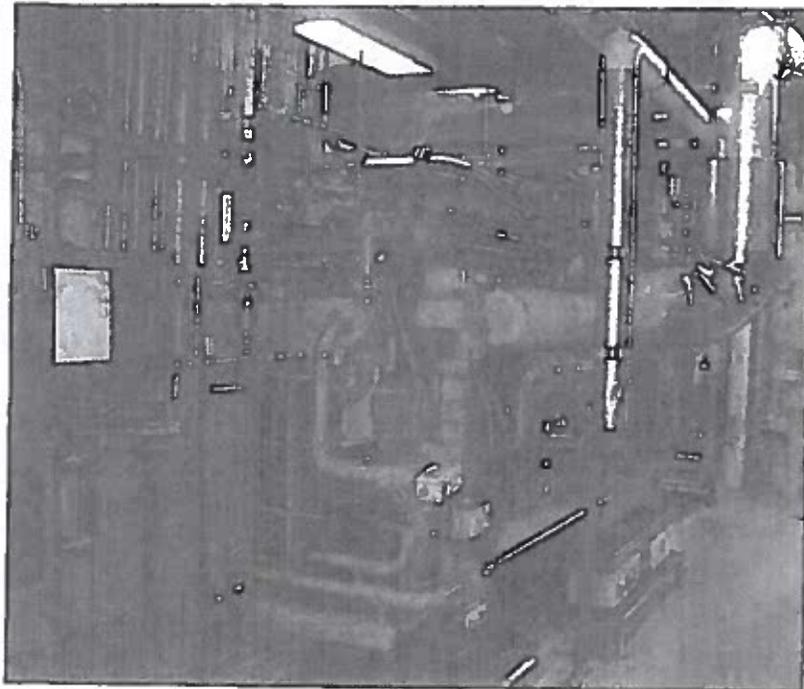

- Facility provides maximum flexibility for accepting various types of wastes and at half the cost of previous planning study
- Beneficial reuse of other waste streams using existing digesters
- Additional biogas production for power production, expanding the use of existing cogeneration facilities

www.hdrinc.com

# BUDD INLET WASTEWATER TREATMENT PLANT COGENERATION FACILITY

LOTT Alliance | Olympia, WA

## Key Features

- Extensive involvement with LOTT staff
- Design of LOTT's cogeneration facilities

HDR provided permitting support, alternative funding support, design engineering and construction support services for a 335 kW digester-gas fueled cogeneration system at the Budd Inlet wastewater treatment plant for the LOTT Alliance (cities of Lacey, Olympia and Tumwater, and Thurston County).

Using the design-build alternative delivery method, the project was installed in just under a year, meeting a deadline for significant funding from Puget Sound Energy which provided 70 percent of project costs, and minimizing disruptions at the plant.

The first phase of the project included analysis of digester gas production rates and gas quality, plant heat needs and electrical demands, and development of conceptual plans to support the guaranteed maximum price. Gas production was carefully calculated, including storage capacity of the existing floating cover digesters to optimize engine sizing, thereby reducing life-cycle costs. To satisfy plant needs while meeting fuel treatment performance requirements, workshops were held with plant staff to discuss the pros and cons of different gas treatment technologies, including sessions with technology vendors.

The second phase involved finalizing equipment selection and construction document preparation to provide a new digester gas treatment system, 335 kW reciprocating engine-generator, heat recovery systems for the engine package, two hot water boilers, associated piping, valving and controls.

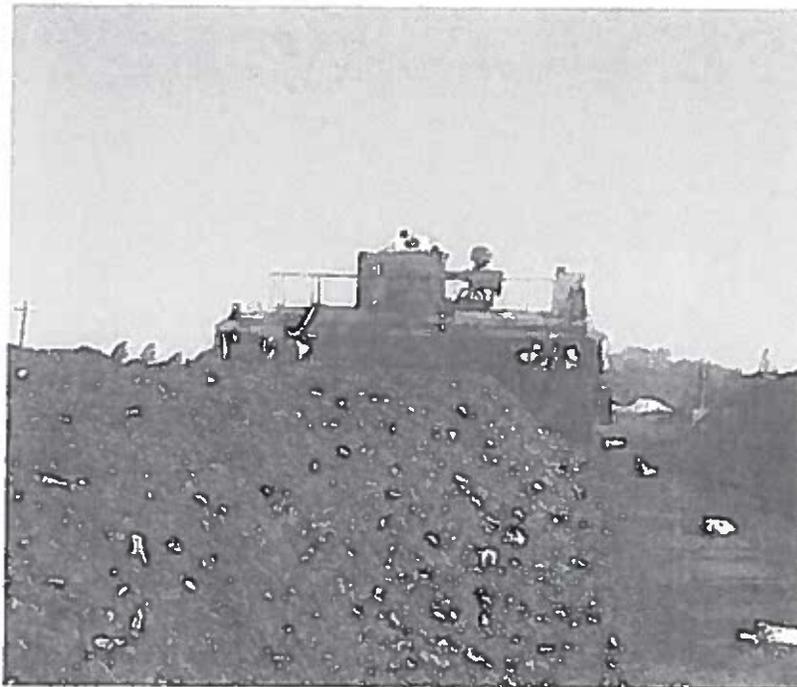

All waste heat was designed to be sent to plant effluent, avoiding the noise of waste heat radiators. The engine was integrated into existing plant electrical and hot water systems. Controls were integrated with existing plant SCADA. Locations of gas treatment systems were modified during the project to improve access for operations and maintenance.

The design-build of the new cogeneration facility was a critical component to the mechanical systems of a new administration building and its ability to achieve LEED status due to heating and energy from a renewable resource. Construction was completed in November 2009. Total project value was \$1.9 million.

[www.hdrinc.com](http://www.hdrinc.com)

## ORGANICS COMPOSTING FACILITY (FOOD, MUNICIPAL AND YARD WASTE) Recology | Bay Area, CA

### Key Features

- Commercial scale (2,000 tons per day) compost facility sizing and capacity analysis using a variety of different types of operating modes
- Water balance analysis
- Pre and post processing systems analysis

HDR is assisting a private composting company in an ongoing project consisting of the analysis, design and construction of various aspects of expanding and renovating a composting facility as a part of the development of a business plan. The plan outlines the development of a mixed organics/food waste program and potentially mixed municipal solid waste program as an alternative to transfer and dispose of these materials. The goal of the facility is to be capable of processing the mixed municipal waste materials in such a way as to allow extraction of a wide variety of potentially valuable materials including syngas, volatile organic acids, fiber pulp, recyclable materials and compost feedstock.

This planning project led to HDR being retained to develop various design modifications to the facility as well as preparing a design for a new facility the company wished to develop. The modifications to the existing facility included the preparation of designs for improved entrance facilities, processing and grinding facilities and overall site drainage issues.

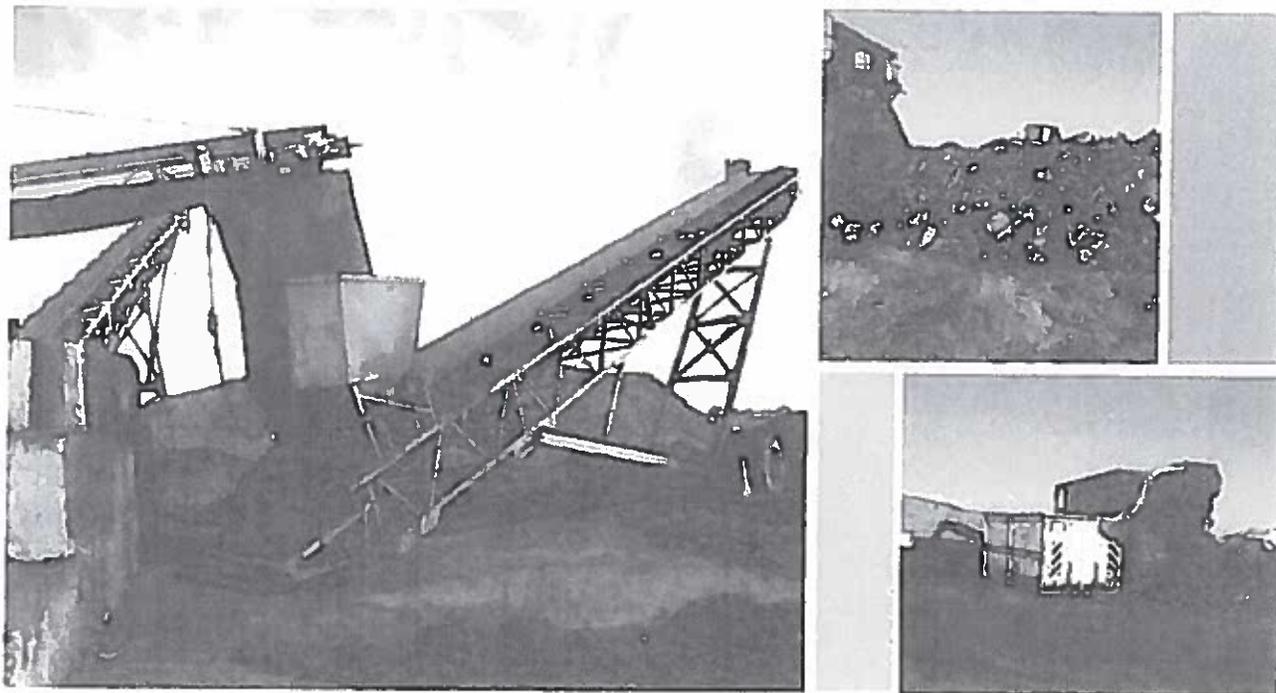

Further, HDR was retained to prepare site planning and designs for a new facility to accommodate the increased throughput. HDR's role included the conceptual design, permitting and environmental impact report of a regional organics facility serving the greater San Francisco Bay Area region. HDR was retained to prepare the facility design, evaluate the environmental impacts and assist in securing necessary permits for a modern regional organics facility that includes state-of-the-art aerobic and anaerobic processes. Treatment technologies explored include windrow composting, micro pore cover composting, and aerated static pile composting, in addition to anaerobic digestion. Our analysis included comparing various types of aerobic technologies that could comply with the rigorous air emission standards of the Bay Area and the central valley. Our efforts also included the preparation of site configuration design and facility sizing based on a variety of possible tonnage throughput rates using a variety of possible treatment technologies. We also developed an anaerobic digester component in the design for both renewable energy production and as an emission reduction element. HDR was also tasked with preparing an environmental impact report as well as facilitating stakeholder and public outreach.

The company has since purchased an existing operating compost facility in lieu of developing the new facility discussed above. They are retaining HDR to prepare an evaluation of a variety of longterm planning issues such as a new receiving and grinding operation, new storm water basins, and an overall master plan for expansion. We are currently designing the new entrance, receiving and grinding facility.

## COMPOSTING FACILITY EXPANSION DESIGN & OPERATIONS IMPROVEMENTS

Grover Compost, Vernalis California and Jepson Prairie Organics | Dixon, CA

### Key Features

- 2,000 ton per day compost facility serves greater San Francisco Bay Area
- Developed facility master plan using variety of operating methods
- Designed expanded receiving/processing facility and storm water management systems

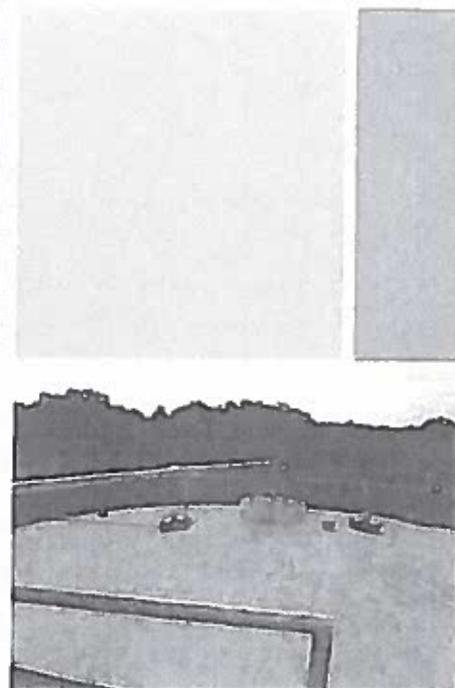

Recology (formerly Norcal Waste, owner of Grover) retained HDR in a variety of expansion improvement and operational modifications. Recology purchased Grover to aid in serving the greater San Francisco Bay Area in the diversion of organic wastes. Our efforts in developing a compost facility master plan included expansions to the facility pre-processing capacity. Other improvements included electricity improvements (to reduce emissions caps due to diesel generator for key grinding equipment), water supply, storm water management and containment. The site traffic pattern was refined to reduce crossing traffic and maximize the distribution of organic materials from the pre-processing area into the compost windrow system and through to the final screening and product sales process. Assistance to the Jepson Prairie facility includes a new entrance, truck queuing and scaling facility to expedite arriving vehicles into the site. Other improvements included consideration of altering the then open-windrow process into an aerated static pile operation. We are currently assisting Recology in the preparation of pond liner and surface water pumping system designs.

**HDR**

# SUSTAINABLE ENERGY PROJECT

Village of Ridgewood | Glen Rock, NJ

## Key Features

- Provide a biogas driven generator system that will provide power for use within the plant
- Retrofit existing chlorine contact tanks to employ Ultraviolet (UV) Disinfection and eliminate chlorine use in the treatment plant
- Place photovoltaic panels to generate electricity to offset existing utility purchases. The solar panels added at the Ridgewood WPCF in the grassy area in front of the Administration building will be designed and installed by a solar power contractor

HDR is the design engineer for the Sustainable Energy project at the Village of Ridgewood Water Pollution Control Plant located at 561 Prospect Street, Glen Rock, NJ. The project will be privately financed through a joint venture between Middlesex Water and Natural Systems Utilities (NSU) known as Ridgewood Green RME. They have the contractual agreement with the Village of Ridgewood for the Sustainable Energy project. The project will maximize the utilization of renewable energy resources at the Village of Ridgewood Water Pollution Control Facility (WPCF). In addition to the key features on the left, the technical approach includes the following components:

- Fully utilize the excess treatment capacity of the existing digester system by providing a liquid waste receiving, holding and feeding system to deliver additional feedstock to the digesters that will increase biogas production;
- Provide cleaning and storage for biogas production from the digester system to allow flexibility in the operation of sludge heating and electricity generating system to utilize the gas produced from the digester system;

The liquid waste receiving station design will include an 11,000 gallon receiving tank, feed pump, and mixing pump. The waste will be delivered via truck to the Ridgewood WPCF and pumped through screens into the insulated and heated receiving tank. This feedstock will be fed from the receiving tank to the existing anaerobic digester and will increase digester gas (biogas) production. Instead of flaring or burning the excess biogas, the biogas produced in the digester will be fully utilized and fed to a gas conditioning system to remove impurities such as hydrogen sulfide (H<sub>2</sub>S) and siloxanes. The biogas will then be fed to a new combined heat and power reciprocating engine supplied to generate electricity for the treatment plant and heat for maintaining the digester operating temperature. The engine will burn the biogas and can produce up to 240 kW of electricity. The electrical power will be tied into the plant's main switchboard and power equipment at the plant replacing electricity purchased from the utility.

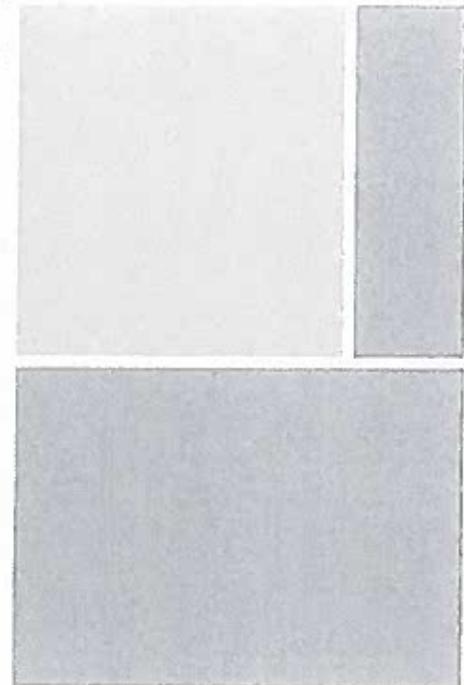

In addition to the combined heat and power engine, the Sustainable Energy project includes replacement of chlorine contact disinfection at the water treatment plant with UV disinfection. The UV disinfection system will eliminate the need for sodium hypochlorite feed to the plant effluent. The chlorine contact tanks will be modified to accommodate installation of the UV modules, and no major changes will be visible at the plant other than the electrical control panel and modules for the UV disinfection system.

HDR

# FOOD WASTE TO ENERGY FACILITY

Confidential Client | New York City, NY

## Key Features

- Characterization of food waste streams
- Material balances for COD, solids and nitrogen to estimate biogas production and waste loads
- State and local permit application
- Preliminary engineering design documents
- Coordination of technology provides for pretreatment, anaerobic digestion, composting, ammonia removal and biofiltration

HDR, as part of a design build team, is responsible for coordinating and integrating the process/mechanical design of a food waste to energy facility which will take source separated food waste from the municipal waste stream and produce biogas and energy. HDR Engineering is the lead firm in obtaining the New York City industrial wastewater discharge permit and is coordinating all of the technology providers for the process and engineering design and construction documents as the PE of Record for NYSDEC Permit 360 permit approach.

The food waste to energy processes include: waste receiving, de-sizing and segregation, wet anaerobic digestion with membrane bioreactor, decanter centrifuge dewatering, in-vessel aerobic compost tunnels composing curing and screening, odor control using biofilter system, and wastewater treatment using ammonia stripping and aerobic biological treatment. The anaerobic digestion process will produce biogas with a methane content of 60 to 70% which will be used to fuel a combined heat and power facility. The treated wastewater from the digestion process will contain up to 3000 mg/L of ammonia nitrogen and will require pretreatment before discharge to the NYCDEP city sewer system and POTW.

Both wet and dry anaerobic digestion technologies were evaluated including anaerobic membrane bioreaction which was selected. In-vessel composting and biofiltration alternatives were also evaluated.

Biological and physical/chemical treatment processes were considered for the high strength waste stream. The biological processes considered various forms of nitrification/denitrification processes for high strength ammonia wastes including SHARON, ANAMMOX and New York City's AT3 process. These processes were compared to an emerging vacuum distillation process. While the final selection is yet to be made, a preliminary selection of the vacuum distillation was based on a comparison of the size of the facility, preliminary cost estimates, energy requirements and consumable chemical requirements.

A preliminary 30% design was prepared as part of the NYSDEC 360 permit application.

## SONOMA COUNTY COMPOST FACILITY SITE SELECTION, DESIGN AND EIR

Sonoma County, CA

---

HDR was selected to prepare a conceptual facility design and perform a site selection study and design for a regional compost facility to serve the Sonoma County and Waste Management Agency and its member jurisdictions. The purpose of the study is to replace a temporary compost facility operating on a portion of the county landfill. Using the county preferred site selection criteria, we employed a geographic information system (GIS) to screen thousands of possible sites to a short list of twenty potential sites. We are currently in the process of communicating the preferred sites with local stakeholders such as the wine growers and dairy associations. We prepared a site-specific conceptual design for the top three sites. In order to illustrate two extremes of site usage, we modeled two types of operations; a windrow process and a static aerated pile process. These different types of operations have differing impacts on the size of the operation as well as environmental issues such as storm water contact and associated run-off. Our work also included assisting in the development of an environmental impact report for project reflecting the preferred sites.

## COMPOSTING FACILITY IMPROVEMENTS

City of Springfield | Springfield, MO

---

The city of Springfield retained HDR to evaluate the possibility of improving its brush and green waste processing program to produce a better product and reduce its cost. Our analysis included identifying a series of modifications to the facility to improve the receipt and staging of the materials, include a dedicated grinding process, and develop an open-windrow composting program.

## COMPOSTING FACILITY PLANNING STUDY

Santa Cruz County, CA

---

HDR was retained to assist Santa Cruz County in preparation for developing a regional compost facility. Our efforts included preparing facility sizing based on a variety of possible tonnage throughput rates. We also prepared an economic model of the capital and operational cost of each component of the facility. The facility is a part of the county's zero waste diversion program in preparation of the closure of the Buena Vista landfill. We evaluated several dozen potential sites, using criteria we developed. Our analysis identified a preferred region which included a handful of potential sites. We are currently in the process of updating the County Board of Supervisors of our study. Our analysis is being used to solicit interest from the cities of Santa Cruz, Aptos, Watsonville and Capitola whereby each city will choose whether to participate in the ongoing development of the facility.

# CONCEPTUAL DESIGN FOR THE PALO ALTO RECYCLING AND TRANSFER STATION AND COMPOST FACILITY

City of Palo Alto | Palo Alto, CA

---

HDR was retained to prepare a conceptual design and perform an economic analyses for the development of the Palo Alto recycling center and transfer station and compost facilities. The feasibility study included a conceptual project description, facility design, cost estimate and cost-benefit analysis. The project consisted of a recycling center to handle the city's curbside collected materials, a household hazardous waste facility, a recyclables drop-off center for the general public, a yard trimmings and wood processing area with composting, and a transfer station to transfer residual residential materials and refuse to the landfill.

## ENCLOSED COMPOST (BIOSOLIDS) FACILITY MASTERPLAN

Virginia Beach, VA

---

HDR was retained to evaluate the feasibility of a citywide organics/composting facility. The services included preparing overall sizing and master plan calculations a variety of feedstock sources including mixed yard waste, food waste and the option to include biosolids. The purpose of the facility is to provide composting capacity that currently does not exist. The facility is envisioned to be enclosed to prevent fugitive emissions. The facility will capture and treat foul air to treat foul air using a biofilter. The new facility will receive approximately 35,000 tons of greenwaste and 15,000 tons of food waste per year. The master plan includes entrance scales, an unloading and pre-processing area, administrative management, active composting, curing and final product storage area.

## RESIDUALS AND BIOSOLIDS COMPOST FACILITY MASTERPLAN

City of Carey | Carey, NC

---

HDR was retained to evaluate the feasibility of developing a residuals and biosolids master plan for the city of Carey, N.C. Our work included preparing several residuals management scenarios, each representing various treatment methodologies. Technologies considered included open windrow of various types of configurations and enclosed aerated static pile. The feedstock sources considered included mixed yard waste, food waste and possibly biosolids. The purpose of the facility is to provide residuals management services that are either non-existent in the region or are currently being provided by private sector service providers. The facility is envisioned to be enclosed to prevent fugitive emissions, and will capture and treat foul air to treat foul air using a biofilter. The facility was modeled assuming it would receive approximately 26,000 tons of yard waste with the possibility of an additional 20,000 tons of Biosolids per year.

[www.hdrinc.com](http://www.hdrinc.com)

# COMPOST PLANNING, DESIGN AND ECONOMIC STUDY

Confidential Client

---

A confidential client retained HDR to evaluate the technical and financial viability of developing a compost facility that will serve as an expansion to the existing waste management infrastructure at an existing landfill. Several key options were considered including various compost treatment methods, feedstock materials and other variables that are relevant to the analysis of the facility. In anticipation of the expanded material throughput, the client has requested assistance in the preparation of a feasibility study.

## BALTIMORE COMPOST FACILITY

Northeast Maryland Waste Disposal Authority | Baltimore, MD

---

HDR provided owner's engineering due-diligence review of operations and maintenance of the Baltimore Compost Facility, which is a facility that generates agricultural-grade compost from organic wastes. Several key objectives included review of third-party operator O&M practices and operating budget, assessment of facility condition and O&M practices, independent estimate of future opex and capex, and remaining useful life.

[www.hdrinc.com](http://www.hdrinc.com)

# COMPOST FACILITY EXPANSION DESIGN

Placer County | CA

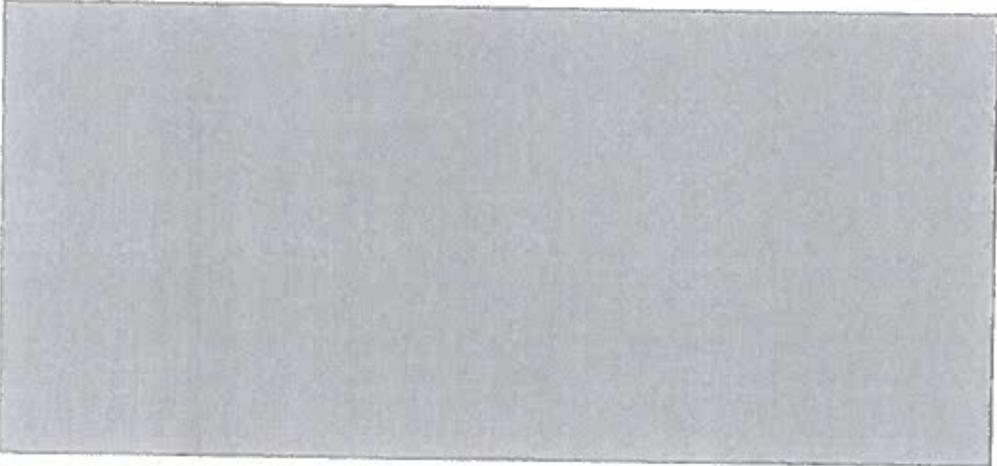

## Key Features

- Strategic development services
- Identified the limiting elements of the facility and proposed differing solutions to resolve these limitations
- Prepared final construction documents for the expansion and assisting during construction of the expansion of the compost facility

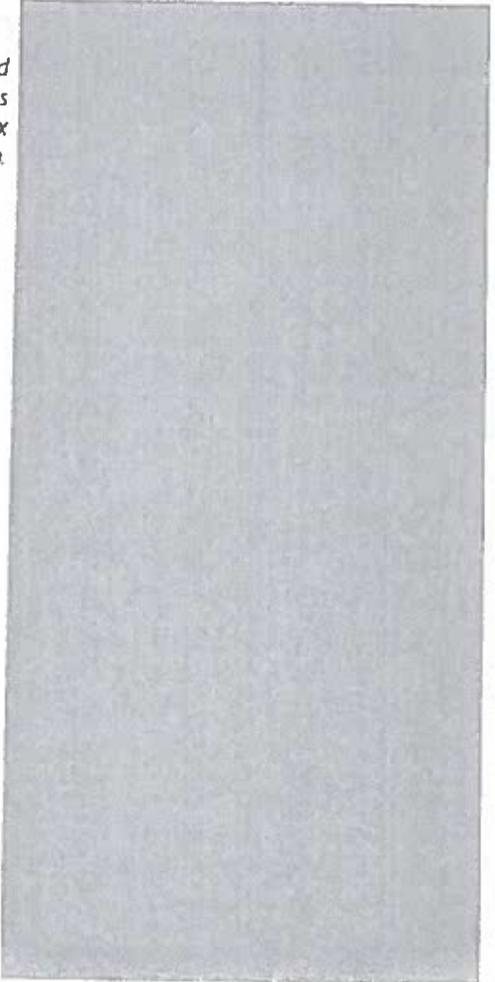

HDR provided strategic development services to the Western Placer Waste Management Authority to resolve challenges with the Compost Facility. The original Compost Facility was initially constructed to process a relatively small quantity of green waste materials. Significant urban growth combined with a burgeoning commercial and light industrial growth rate resulted in the facility reaching throughput capacity. HDR assisted in identifying the limiting elements of the facility and proposing differing solutions to resolve these limitations. We developed conceptual plans, offering a spectrum of solutions to the challenges, including a budgetary cost estimate of the improvements and development of a description of the improvements necessary for the CEQA and Land Use process. Our services included preparing final construction documents for the expansion and assisting during construction of the expansion of the Compost Facility.

**BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

Meeting Date: January 20, 2015  
Bulk Item: Yes x No    

Division: County Administrator  
Staff Contact /Phone #: Lisa Tennyson x 4444

---

**AGENDA ITEM WORDING:** Approval of a Resolution endorsing the nomination of Mayor Pro Tem George Neugent for a position on the Executive Committee of the (RESTORE Act) Gulf Consortium.

---

**ITEM BACKGROUND:**

- For the past three years, Commissioner Neugent has served as a member of the Executive Committee of the Gulf Consortium.
- The election and appointments for Gulf Consortium's Executive Committee for the upcoming year will take place at the next meeting of the Gulf Consortium on February 4, 2016.
- In order to be nominated for an elected or appointed position on the Executive Committee, a Director's candidacy must be endorsed by the Director's own Board of County Commissioners (by the date of the election).

---

**PREVIOUS RELEVANT BOCC ACTION:**

- On December 10, 2014, the Board supported the Candidacy of Commissioner Neugent for a position on the Executive Committee of the Gulf Consortium. Commissioner Neugent was subsequently appointed by the elected officers to join the Executive Committee for 2015.
- On January 16, 2014, the Board supported the Candidacy of Commissioner Neugent for a position on the Executive Committee of the Gulf Consortium. Commissioner Neugent was subsequently appointed by the elected officers to join the Executive Committee for 2014.
- On December 11, 2012, the Board of County Commissioners supported the candidacy of Commissioner Neugent for a position on the Executive Committee of the Gulf Consortium. Commissioner Neugent was subsequently appointed by the elected officers to join the Executive Committee for 2013.
- Each year, Commissioner Neugent also serves as Monroe County's representative or "director" on the Consortium's Board of Directors.
- On September 21, 2012 Monroe County joined the Gulf Consortium by approving the Inter-local Agreement to participate in a consortium of counties to develop a state-wide plan for RESTORE Act funding.

RESOLUTION NO. \_\_\_\_\_ - 2016

**A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA SUPPORTING THE CANDIDACY OF MAYOR PRO TEM GEORGE NEUGENT FOR A POSITION ON THE EXECUTIVE COMMITTEE OF THE GULF COAST CONSORTIUM.**

**WHEREAS**, in July 2012 the United States Congress passed the “*Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012*”, and the President signed the Act into law, known as the RESTORE Act, to establish a trust fund for deposits of 80% of administrative and civil penalties exacted from parties responsible for the Deepwater Horizon oil spill for distribution of the funds among the affected states; and

**WHEREAS**, the RESTORE Act contemplates that Florida’s twenty-three (23) affected counties will form a *consortium of local political subdivisions* to help distribute civil fines collected from the responsible parties under the Clean Water Act, and

**WHEREAS**, it has been established that there are 8 disproportionately and 15 non-disproportionately affected counties in Florida, with Monroe as one of the 15 non-disproportionately affected counties; and

**WHEREAS**, on September 21, 2012, Monroe County joined the Gulf Coast Consortium by approving the Interlocal Agreement and authorizing *Resolution No. 246- 2012* to participate in a consortium of counties to develop a state-wide plan for expenditures of the discretionary, competitive funding available to the 23 disproportionately and non-disproportionately affected counties of the State of Florida: and

**WHEREAS**, on September 21, 2012, the Board of County Commissioners adopted *Resolution No. 250A - 2012* appointing Mayor George Neugent to be Monroe County’s representative or “Director” on the Consortium’s board of directors to act on behalf of Monroe County; and

**WHEREAS**, the Interlocal Agreement further requires an Executive Committee of the Board to be established which shall have the power to act on behalf of the Board as set forth in the Interlocal Agreement and other powers as may be designated by the Board; and

**WHEREAS**, the Consortium holds annual elections for the Executive Committee, and requires in order to be nominated for a position on the Executive Committee, a Director’s candidacy must be endorsed by that Director’s own Board of County Commissioners, and

**WHEREAS**, on December 11, 2012, the Board of County Commissioners endorsed Commissioner George Neugent’s candidacy for a position on the Executive Committee and Commissioner Neugent was subsequently selected for a position on the Executive Committee for 2013;

**WHEREAS**, on January 16, 2014, the Board of County Commissioners endorsed Commissioner George Neugent’s candidacy for a position on the Executive Committee and Commissioner Neugent was subsequently selected for a position on the Executive Committee for 2014;

**WHEREAS**, on December 10, 2014, the Board of County Commissioners endorsed Commission George Nuegent's candidacy for a position on the Executive Committee and Commissioner Neugent was subsequently selected for a position on the Executive Committee for 2015;

**WHEREAS**, Commissioner George Neugent desires to be nominated to serve for a fourth term on the Executive Committee for the upcoming year, 2016; and

**WHEREAS**, the Executive Committee of the Gulf Consortium would continue to benefit from Commissioner George Neugent's hands-on experience and expertise gained as a result of over sixteen (16) years of service on the Florida Keys Water Quality Steering Committee and the Florida Keys National Marine Sanctuary Advisory Council, combined with his seventeen (17) years of elected service on the Monroe County Board of County Commissioners dealing with many environmentally sensitive issues; and

**WHEREAS**, the election and participation of Commissioner George Neugent on the Consortium's Executive Committee will continue to benefit Monroe County by providing a voice for the citizens of the Florida Keys on critical issues and concerns that arise as the Consortium carries out the duties and responsibilities of the RESTORE Act throughout the State of Florida; and

**WHEREAS**, the Board of County Commissioners of Monroe County, Florida enthusiastically supports the candidacy of Mayor Pro Tem George Neugent for a position on the Executive Committee of the Gulf Consortium,

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA that:**

1. The Board of County Commissioners of Monroe County, Florida hereby endorses the candidacy of Mayor Pro Tem George Neugent for a position on the Executive committee of the Gulf Consortium.
2. The Clerk is hereby directed to send a copy of this resolution to Interim Manager Ginger Delegal, Executive Director of the Gulf Consortium, 100 S. Monroe Street, Tallahassee, FL 32301.

**PASSED AND ADOPTED** by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 20th day of January, 2016.

Mayor Heather Carruthers \_\_\_\_\_  
 Mayor Pro Tem George Neugent \_\_\_\_\_  
 Commissioner Danny Kolhage \_\_\_\_\_  
 Commissioner David Rice \_\_\_\_\_

### **APPENDIX:**

**MONROE COUNTY PROFILE** (Florida Legislature, Office of Economic and Demographic Research)

**REPORT AND DISCUSSION****BACKGROUND**

Staff is seeking Board approval of the issues presented herein to be included in the County's 2016 State Legislative Program. Upon Board approval, staff and the contract lobbying teams will pursue all of the legislative issues approved by the Board, and in so doing, place appropriate priority on the issues that the Board directs to receive a special level of attention in 2016.

Annually, the Board reviews legislative priorities and gives direction on and approval of priority legislative issues to guide the County's lobbying efforts at both the state and federal level. Typically, the County identifies as priorities only its most pressing issues and then supports the Florida Association of Counties (FAC) and the Small County Coalition (SCC) in achieving their broader substantive initiatives. FAC finalized its legislative program during its legislative conference in November. As a member of the Southeast Florida Regional Climate Compact, Monroe County works collaboratively to help develop the Compact's draft legislative program. The Compact finalized its draft agenda in December; and was reviewed and approved by the County Commission for approval at its December meeting.

Each year, the BOCC and staff evaluate the trends and issues affecting all County programs and services to identify potential policy or substantive legislative issues. Staff has provided a draft list of substantive priorities and a list general issues that we should monitor for the 2016 state legislative session; and welcomes the addition or deletion of issues that the Board deems appropriate for the County's 2016 legislative efforts.

Like most legislation, the County's legislative efforts are incremental and focused on issues that are built upon throughout several sessions, such as water quality infrastructure funding, land acquisition, and Citizen's wind insurance affordability; these will continue to be legislative priorities in the 2016 session.

The County will seek to steer dedicated annual funding through proposed legislation, the "Florida Keys Stewardship" bill, which seeks to establish a 10 year authorization to fund both water quality projects and land acquisition. For water quality funding, it will encompass the current Mayfield wastewater authorization, expanding its uses beyond wastewater to include storm water management and canal water restoration and expanding the term to 10 years (with the intention to eventually extend for an additional 10 years.) The new legislation will further include an annual appropriation for land acquisition to enable Florida Department of Environmental Protection to renew an aggressive land acquisition program in the Florida Keys.

There is need to keep our state legislators mindful about the economic value and return on investment that water quality protection and land conservation have for the State of Florida. Our state legislators also need to be reminded about the impacts and consequences of Monroe County's challenge of protecting both environmentally sensitive lands while balancing private property rights. We continue to work closely with the State's Department of Environmental Protection (DEP) and Department of Economic Opportunity (DEO) on these issues.

Property insurance affordability is yet another critical need for our constituents and a key component in preserving the Keys' strong local economy that is a valuable economic engine for the State. At the State level, this requires working with and monitoring Citizens Property Insurance Company's wind storm insurance to find ways to enhance affordability, and to oppose efforts to increase premiums, reduce coverage, and reduce eligibility. Affordable flood insurance is another important issue, but

mainly a federal one. However, Monroe supports any efforts that may be made by State Legislature on behalf of the over 1 million Floridians who are policy holders in the National Flood Insurance Program, to preserve the NFIP and affordable flood insurance.

As always, it remains important for the lobbying teams to monitor the budgetary and programmatic decisions made by the Legislature to determine their impact on local governments in the form of revenue reductions, cost shifts and unfunded mandates.

It is beneficial for the Board to be active participants in the legislative process by testifying on behalf of the County and working with the legislative delegation. Staff will continue to keep the Board involved in legislative issues through agenda items, resolutions, memoranda, FAC "Call to Action" emails, and regular updates.

## **LOBBYING CONTRACTS**

The County utilizes contract lobbying services at the state level to further the County's legislative goals and in pursuit of support and appropriations for Monroe's interests. Monroe County currently contracts with Robert Reyes with Capital Group (formerly Floridian Partners) and John Wayne Smith of Peebles Smith (with a sub-contract with Capitol Insight), and Frank Bernardino with Anfield Consulting. These firms provide a daily presence in Tallahassee and advocate for the County's legislative priorities.

For the specific focus area of water quality and land acquisition funding, and to assist with the passage of the Keys Stewardship bill, Monroe County contracted with Anfield Consulting, whose specialty and expertise is water-related state funding and appropriations.

Capitol Group, Peebles Smith, and Capitol Insight will continue to focus on state funding for water quality and land acquisition, wind insurance, state funding for critical services and infrastructure, and various programmatic and financial interests as they arise in the upcoming session.

Staff coordinates regularly with all of the lobbyists by phone and e-mail to strategize on key state policy, regulatory, and budget issues. In addition, lobbyists will submit monthly memoranda to update the Board on their lobbying activities in order to further improve communication between the Board and their federal lobbying firm.

Please find on the following pages a listing of the proposed Monroe County 2016 state legislative issues; with a brief discussion on each.

## **KEY DATES**

- ❖ January 12: 2016 State Legislative Session Opens
- ❖ February 3: Florida Association of Counties Legislative Day
- ❖ February 17: Florida Keys Legislative Day
- ❖ March 11: Last Day of Regular Session

## LEGISLATIVE PRIORITIES

**LAND ACQUISITION: CONSERVATION, PROPERTY RIGHTS, MILITARY BUFFERS****CHALLENGES:**

- **Area of Critical State Concern:** The State of Florida designated the Florida Keys an Area of Critical State Concern, in recognition of its unique and significant environmental resources.
- **Hurricane Evacuation:** The State's hurricane evacuation rules for the Keys, mandate that the Keys be safely evacuated within 24 hours. This limits the number of cars on the road which limits the number of people that can live here, which the State accomplishes through an annual rationing of building permits, until we reach a cap or "build out."
- **Development Permits:** The State allots the Florida Keys 355 permits annually. At that rate, according to the most recent hurricane evacuation modelling, we will reach build out in 2023. As of 2013, the Keys has a total of 3,550 permits over the next years, after which no further development will be permitted.
- **Property Rights/Takings:** There are approximately 11,384 privately-owned undeveloped parcels. After we apply the rest of our available permits (3,550), there will still be 7,800 privately-owned, undeveloped parcels valued conservatively at \$317M, potentially with no ability to develop. The deficit of permits could trigger takings lawsuits against the local governments and the State from owners who may have been denied the ability to build on their property.

**REQUESTED ACTIONS:**

Reinitiate a State partnership to implement long-term land acquisition strategy in the Florida Keys aimed at preserving land and reducing the total inventory of privately owned vacant land to curtail the threat of significant future takings liability. Monroe County has allocated \$10M in local match funds for land acquisition.

- ✓ **SUPPORT HB 447/SB 770, The Florida Keys Stewardship Act:** Will provide a 10 year annual state appropriation of \$5M dedicated to the acquisition of vacant land for the purposes of complying with the legislative intent of the Florida Keys Area of Critical State Concern.
- ✓ **SUPPORT funding from Land Acquisition Trust Fund/Florida Forever for two highly-ranked Florida Forever projects in the Florida Keys:** The Keys have two prioritized Florida Forever projects. Of the 7,800 privately-owned, undeveloped properties that could be left without permits almost half — 3,400—lie within these Florida Forever projects.
- ✓ **SUPPORT Military Base Protection Program funding for Naval Air Station Key West encroachment threats:** The Keys are home the U.S. Naval Air Station Key West; we are working to get prioritized within the State's Military Base Protection Program, land that presents encroachment threats to the base's operation. Approximately 500 of the 7,800 privately-owned, undeveloped parcels lie within military buffer areas.
- ✓ **SUPPORT significant, reliable funding from Land Acquisition Trust Fund for the acquisition of land including land management, restoration of natural systems, conservation of land to improve water quality, and protection of critical land and water habitat.**
- ✓ **SUPPORT increased Florida Communities Trust Funding.**

## **WATER QUALITY PROTECTION: WASTEWATER TREATMENT, STORMWATER, CANAL WATERS**

### **CHALLENGES:**

- **Unique Ecosystem:** The Florida Keys lie within the waters of the Florida Keys National Marine Sanctuary. This fragile and complex marine ecosystem of the Florida Keys is one of the most unique ecosystems in the world and is home to the **only living coral reef** in the continental U.S. and the third largest barrier reef in the world, the largest sea grass meadow in the hemisphere, and 6,000 species of marine life. Leaching cesspits, runoff and degraded canal waters pollute the nearshores waters of the Sanctuary and threaten the ecosystem.
- **Unrivaled Economic Impact:** This ecosystem is the lifeblood of marine-based tourism and fisheries economy unrivaled in the State of Florida generating over **\$4B in economic activity**, enabling the Keys to generate **\$200M in sales tax revenue** for the State last year.
- **Federal State Water Quality Mandates:** The implementation of Advanced Wastewater Treatment standards, storm water management and canal water restoration in the Florida Keys are all pursuant to and in furtherance of the Federal Water Quality Protection Program mandates that apply to all of the waters surrounding the Florida Keys. Congress created the Florida Keys National Marine Sanctuary in 1990 and directed US EPA and the State to develop a Water Quality Protection Program to restore and protect water quality.
- **Wastewater Implementation:** The Florida Keys have invested almost \$900M for a centralized advanced wastewater treatment system that spans the 100+mile archipelago. The State has invested \$100M in that system.
- **Storm water and Degraded Canal Waters:** With wastewater treatment system improvements almost complete, the Keys must now address two remaining areas of water quality concern, storm water and degraded canal waters. There are approximately 300 poor water quality canals throughout the Keys that do not meet state water quality standards. Runoff and poor canal water leach into the nearshore waters of the Florida Keys National Marine Sanctuary and threaten its fragile ecosystem.

### **REQUESTED ACTIONS:**

- ✓ **SUPPORT HB 447/SB 770, The Florida Keys Stewardship Act: Will provide a 10 year annual state appropriation of \$20M dedicated to address water quality projects in the Florida Keys.**
- ✓ **SUPPORT expansion of use of infrastructure sales tax for restoration of public water bodies including ecologically beneficial muck removal.**

**WIND INSURANCE AND FLOOD INSURANCE: AFFORDABILITY AND ACCESSABILITY**

**CHALLENGES:**

- **Single provider of wind insurance:** Citizens Property Insurance Company provides wind insurance coverage for approximately 90% of Keys’ homes, and is limited to homes valued up to \$750,000. Those properties valued over \$750,000 must use surplus lines.
- **Affordability importance:** Property insurance affordability is a key component in preserving the Keys’ strong local economy that is a valuable economic engine for the State, and critically important to our residents and business community.
- **Premium increases and depopulation:** Each year Citizens lobbies the State Legislature to increase its premiums and limit its availability; higher costs and limited coverage negatively impacts our citizens, our real estate market and our economy. Monroe County opposes any legislation that increases present premiums or efforts to further depopulate (for example, prohibiting homes over a certain market value, or second homes, from coverage).
- **Monroe’s building standards:** Monroe County’s building standards are among the most rigorous in the State, yet this is not reflected in Citizens’ rate calculations for Monroe property owners. We are working with Citizens to account for Monroe’s building code in mitigation credit calculations and supports legislation that establishes premium rates that are commensurate with actual risk.
- **Flood Insurance:** Affordable flood insurance is another important issue, but mainly a federal one. Affordable flood insurance is provided through the National Flood Insurance Program (NFIP). With more NFIP policies than any other state, Florida has a lot at stake with the future of the program, and its continued ability to provide flood insurance to Floridians at affordable rates. The majority of NFIP policies belong to homes and businesses in the state’s coastal communities; these coastal communities generate 80% of the State’s GDP. The County encourages the State Legislature to recognize the value of NFIP and the local and state-wide economic benefits of affordable flood insurance and to ensure and support measures that preserve it.

**REQUESTED ACTIONS:**

- ✓ **MONITOR** all legislation related to Citizens wind insurance and flood insurance.
- ✓ **OPPOSE** legislation that increases Citizens’ wind insurance premiums.
- ✓ **OPPOSE** legislation that limits the availability of Citizens’ coverage (particularly in areas such as Monroe, where there is no reasonable degree of competition for windstorm insurance.)
- ✓ **SUPPORT** legislative fix to rate calculation for condominium owners.
- ✓ **SUPPORT** state legislative efforts that recognize the importance of affordable flood insurance to home-owners and local businesses, particularly in coastal communities, and to their local economies, which in turn contribute tremendously to the overall state economy; and that seek to address flood insurance premium rate hikes associated with changes to the National Flood Insurance Program.
- ✓ **SUPPORT** the legislative efforts of Fair Insurance Rates for Monroe (FIRM) related to both wind and flood insurance affordability and availability for Monroe County.

## UNFUNDED MANDATES, COUNTY REVENUES, STATE FUNDING LEVELS AND HOME RULE

### CHALLENGES:

- **Unfunded Mandates:** The State Legislature frequently passes legislation that compels local governments to provide a service, program, or benefit without providing the appropriate funding. As more and more mandates are created, local governments are faced with the burden of using local tax dollars to finance functions that they have little control over and compromising local governments' ability to provide services requested by our local communities.
- **Cost shifts:** The State Legislature frequently passes legislation that passes along the costs or increases local share requirements for services traditionally funded by the State, such as but not limited to County Health Departments, Courts, Clerks' offices, Juvenile Justice, and mental health services.
- **Restrictions of County Revenue Sources:** At the same time the State Legislation imposes more mandates and costs, it often pursues legislation reducing, restricting or eliminating sources of revenue for county services, such as the Local Business Tax, Communication Services Tax, impact fees, and sales taxes.
- **Pre-emption of Home Rule:** Home rule, conferred to Florida counties by Article VIII, Section 1(f) and 1(g) of the Florida Constitution (1968), and by section 125.01, Florida Statutes, is the principle that the government closest to the people is the appropriate authority to serve the needs and requirements of the community. The preservation of this concept is essential to the operation of county governments in Florida, and which allows counties to develop and implement county-based solutions to local problems.
- **Pre-emption Examples:** The State Legislature often pursues local government pre-emptions in its bills that prohibit local governments from banning or even regulating activities enabled by the Legislature such as: fracking, single use plastic bags and vacation rentals.

### REQUESTED ACTIONS:

- ✓ **SUPPORT** measures to adequately and fairly fund County Clerks' offices.
- ✓ **SUPPORT** increased State general revenue funding for State Department of Health County Health Departments (CHDs); and oppose any further efforts that reduce state support and shift costs to counties.
- ✓ **SUPPORT** current level of funding from the Clean Vessel Act to enable continued water quality protection measures to address impacts from boaters.
- ✓ **OPPOSE** legislation that reduces revenues collected from state park admission fees.
- ✓ **OPPOSE** any legislation that eliminates, reduces, or restricts uses of the Communications Services Tax, Local Business Tax and/or Commercial Lease Sales Tax.
- ✓ **OPPOSE** legislation that restricts local governments' home rule authority to set impact or concurrency fees.
- ✓ **OPPOSE** further efforts to shift cost of services, unfunded mandates, pre-emption of local government authority (home rule), or other legislation that is costly and limits Monroe County's ability to serve the needs of its citizens without requisite increases in local property taxes.
- ✓ **SUPPORT** continued/increased state funding for local infrastructure and service needs including: Roads, Affordable Housing, Homelessness, Social Services, Libraries, Veterans, and Mental Health.

## DERELICT VESSELS

### CHALLENGES:

- The generation of derelict vessels statewide has been recognized by the Florida Legislature and FWC as posing significant navigational and environmental impacts to be addressed. In the summer of 2015 the FWC held a series of workshops throughout the State to consider regulatory options to: 1) reduce the number of derelict vessels, including specifically addressing long-term anchoring (storage) of vessels that often leads to degeneration and ultimately to derelict condition, and 2) ensure sufficient funding to remove and dispose of derelict vessels.
- Monroe County has the highest number of derelict vessels in the State. Consistent with FWC and statewide goals, Monroe County supports anchoring restrictions and ensuring sufficient revenues for removing and disposing of derelict vessels.
- During the workshops, FWC identified 8 conceptual regulatory concepts that were highly supported by stakeholders, designed to discourage dereliction of vessels, including ability to place a hold on derelict vessel titles, limitation on renewal of registrations, penalties for expired registrations, identification and prohibition of “at risk” vessels, and rapid removal of some types of derelict vessels.
- Under the authority of the FWC Pilot Program for Anchoring and Mooring, Monroe County in 2012 established 4 “Managed Anchoring Zones.” Within those zones is a regulation for proof of pumpout, requiring vessel owners/operator to provide proof that they have had their sewage holding tank has been pumped out on a regular basis. In order to assist those boaters in complying with the proof of pumpout regulation (and requirements of the federally established “No Discharge Zone” throughout the Keys’ waters), the County has provided a free mobile vessel pump out service. After three years of provision of the pump out service and requirement of proof of pumpout, FWC and the County have determined that there is near 100% compliance of the proof of pumpout regulation within the “Managed Anchoring Zones”. Based on the success of the proof of pumpout requirement in association with the mobile pump out service provided, the County desires to expand the proof of pumpout requirement Keys-wide.

### REQUESTED ACTIONS:

- ✓ **SUPPORT** a \$1 surcharge on vessel registrations to be deposited into a State fund for the sole purpose of derelict vessel removals, and an additional \$1 surcharge on all Monroe County vessel registrations to be retained for Monroe County and to be used solely for the purpose of derelict vessel removals within Monroe County.
- ✓ **SUPPORT** regulations pertaining to the anchoring and mooring of vessels outside public mooring fields, specifically limited anchoring in one location on public waters to 60 days.
- ✓ **SUPPORT** statutory authority that would enable Monroe County to regulate by ordinance the requirement that all vessels in Monroe County waters which are required to have a marine sanitation device provide proof of pumpout.
- ✓ **SUPPORT** continued Clean Vessel Act funding to Monroe County, and state efforts to secure higher level of CVA funding from U.S. Fish and Wildlife Service, and/or State appropriation of funding for pumpout services. This funding is critical to incentivizing boaters to pumpout.

- ✓ **SUPPORT** development and implementation of the eight derelict vessel regulatory concepts that were identified by stakeholders during the FWC workshops.
- ✓ **SUPPORT** continued state and local regulation of vessels, mooring fields, bulkheads and seawalls, floating vessel platforms, and seagrasses in order to protect water quality.
- ✓ **OPPOSE** further dilution of county authority to regulate vessels and waterways.

## **TELECOMMUNICATIONS FOR MEETINGS OF ADVISORY BOARDS**

### **REQUESTED ACTIONS:**

- ✓ **SUPPORT** a Monroe County local bill amending sunshine law statutory requirements to allow for teleconferencing presence at advisory committee meetings.

## **LOCAL GOVERNMENT INFRASTRUCTURE SALES TAX:**

### **REQUESTED ACTIONS:**

- ✓ **SUPPORT** an amendment to the local option sales tax statutory requirements to include professional services, such as legal and planning services, as an allowable use of funds.
- ✓ **SUPPORT** an amendment to the local option sales tax statutory requirements that “public facility” be defined as a facility owned by any governmental entity, and not limited to County ownership in order to facilitate jointly financed projects with other governmental entities.
- ✓ **SUPPORT SB 346** amending local option sales tax statutory requirements to include restoration of public water bodies and ecologically beneficial muck removal as an allowable use of funds.

## **CLERKS FUNDING**

### **REQUESTED ACTIONS:**

- ✓ **SUPPORT** legislative efforts to establish permanent, reliable funding for Clerks’ offices.

## **OIL DRILLING/FRACTURING**

### **REQUESTED ACTIONS:**

- ✓ **OPPOSE** hydraulic fracturing or “fracking” or similar well stimulation processes and treatments performed for the purpose of exploration or production of energy resources in the State, or in the Florida Keys, or any area that would impact the water supply or watersheds of the Florida Keys.
- ✓ **OPPOSE** a pre-emption of fracking/drilling activities, including ancillary activities such as waste storage, handling and disposal, truck traffic, and other local public health and safety impacts.
- ✓ **OPPOSE** any state law that would create a public records law exemption for proprietary information provided by drilling companies.

- ✓ **OPPOSE** efforts to lift the ban on oil drilling within Florida's territorial waters.
- ✓ **OPPOSE** oil drilling on state lands.

## VACATION RENTALS

### REQUESTED ACTIONS:

- ✓ **OPPOSE** preemption prohibiting local communities from regulating vacation rentals.
- ✓ **SUPPORT** SB 338 that would allow entities with grandfathered ordinances to amend and update their regulations without losing their grandfathered status.

## UTILITY RELOCATION

### REQUESTED ACTIONS:

- ✓ **OPPOSE** legislation requiring counties to pay for the relocation of private utilities when such utilities are located within a county-owned right of way and must be moved to accommodate a county project.

## SINGLE USE PLASTIC BAGS

### REQUESTED ACTIONS:

- ✓ **OPPOSE** preemption prohibiting local communities from banning single use plastic bags, particularly coastal communities where plastic bags are not only an environmental pollutant but also pose a danger to ocean and coastal wildlife.

### GROWTH MANAGEMENT/ENVIRONMENTAL REGULATIONS

#### REQUESTED ACTIONS:

- ✓ **SUPPORT** the continued designation of the Florida Keys as an Area of Critical State Concern.
- ✓ **OPPOSE** legislation that prevents counties from having local environmental protection programs that are stricter in nature than state or federal regulatory programs.
- ✓ **OPPOSE** any legislation that restricts state, county and city government purchases of conservation land, and which would effectively eliminate land conservation efforts in the Florida Keys.
- ✓ **SUPPORT** growth management legislation that is thoroughly vetted with all stakeholders, and that takes a targeted approach to increasing regulatory efficiencies, rather than broadly preempting local governments.
- ✓ **SUPPORT** the current case law definition of the "ordinary high water mark" delineating state lands from lands in private ownership and
- ✓ **OPPOSE** any changes to the definition which have the effect of transferring large quantities of wetlands and uplands from state ownership to private ownership.
- ✓ **SUPPORT** legislative efforts that strengthen the existing roles and home rule powers of local governments to implement comprehensive planning programs that guide future development and encourage the most appropriate use of land and natural resources.
- ✓ **SUPPORT** county home rule authority, and current statutory provisions, which allow counties to retain their current transportation concurrency systems, and impact fees, as adopted by local ordinance.
- ✓ **OPPOSE** legislation that preempts local government's ability to establish and maintain local ordinances which regulate billboards.

### AFFORDABLE HOUSING /HOMELESSNESS

#### REQUESTED ACTIONS:

- ✓ **SUPPORT** full appropriation of Sadowski Housing Trust Fund monies for affordable housing.
- ✓ **SUPPORT** the Florida Keys set-aside in the State's competitive Low Income Housing Tax Credit program.
- ✓ **SUPPORT** legislation that creates a dedicated state funding source for homelessness programs and services.
- ✓ **SUPPORT** legislation that streamlines current state statutes relating to homelessness and associated programs.
- ✓ **SUPPORT** continued coordination with the state's homeless planning council, specifically as it develops policies in support of the new Federal Strategic Plan to end Homelessness.

- ✓ **SUPPORT** the development of strategies that would allow local governments to work with the state and federal government to serve target populations: The chronically homeless, Veterans and Families and children, with particular emphasis on children aging out of the foster care system.
- ✓ **SUPPORT** a process that would waive the fees related to obtaining personal identification from the state for persons identified as homeless.

## HEALTH, MENTAL HEALTH, AND SOCIAL SERVICES

### REQUESTED ACTIONS:

- ✓ **SUPPORT** increasing state general revenue funding for County Health Departments (CHDs), preserving the ability of CHDs to provide primary care and direct patient care services, particularly in communities without adequate substitutes or alternative providers for these services, and maintaining a coordinated system of county health departments (CHDs) that is centrally housed within the Department of Health (DOH).
- ✓ **OPPOSE** efforts to decentralize the public health system by transferring authority over CHDs from the DOH to the respective county governments, any state reductions to the County Health Department Trust Funds; and any efforts, legislative or otherwise, to limit or eliminate the provision of primary care services in CHDs.
- ✓ **SUPPORT** legislative reforms enhance and improve the coordination and delivery of high quality mental health services, including diverting, assisting and treating mentally ill persons outside of the criminal justice system, and the necessary increased funding to implement and support those reforms; and continued efforts to work through Medicaid reform initiatives to ensure that persons with substance abuse and mental health treatment needs are appropriately served.
- ✓ **SUPPORT** appropriate funding as outlined in the existing state capacity formula for crisis mental health and substance abuse beds statewide (Baker Act).
- ✓ **SUPPORT** establishing a cap on growth in the individual county Medicaid costs to address cost shifts; and continued evaluation of the County-State Medicaid cost-share arrangement.
- ✓ **SUPPORT** state legislation drawing down federal funds made available to Florida under the PPACA to expand health care coverage to certain individuals who earn up to 138 percent of the federal poverty level, provided that such a program does not further shift Medicaid costs to counties.
- ✓ **OPPOSE** legislation that limits the ability of county EMS providers to be reimbursed for out of network transports.
- ✓ **SUPPORT** efforts to increase supportive housing, employment and education initiatives for people with behavioral health issues and/or disabilities.
- ✓ **SUPPORT** appropriate funding for children in early learning and school age care to ensure children's access to educational, enrichment and readiness programs; and continuation of funding for the Florida Healthy Start and Healthy Families program.
- ✓ **SUPPORT** restoration and expansion of state funding for the Community Care for the Elderly Program, which provides cost efficient diversion from nursing home placement for impaired elders.

- ✓ **SUPPORT** the continuation of a coordinated Transportation Disadvantaged (TD) system, and appropriate and dedicated state funding for the TD program; protect the TD trust fund.

## LIBRARIES

### REQUESTED ACTIONS:

- ✓ **SUPPORT** full funding of State Aid to Libraries based on the current statutory formula that provides counties 25 cents for every local dollar spent.
- ✓ **SUPPORT** measures that ensure decisions and policies regarding county libraries are made at the local level.

## TRANSPORTATION

### REQUESTED ACTIONS:

- ✓ **SUPPORT** continuing enhanced state funding for the Small County Outreach Program (SCOP). This funding is critical to Monroe County which is a small county with major bridge and local road responsibilities.
- ✓ **SUPPORT** increasing the cost cap (from \$400,000 to \$750,000) for counties to self-perform road improvement projects using the Constitutional Gas Tax proceeds.
- ✓ **SUPPORT** amending s.336.045, Florida Statutes, to include an additional paragraph expressly authorizing Florida counties to determine the reasonable level and frequency of local road maintenance.

## JAILS, JUVENILE JUSTICE

### REQUESTED ACTIONS:

- ✓ **OPPOSE** sentencing of state inmates to county jails, but support counties' ability to contract with the Department of Corrections for housing state inmates.
- ✓ **SUPPORT** legislation that reduces jail expenses by setting a reimbursement amount paid by counties to medical providers for health care services for inmates and arrestees at no higher than the established Medicare rate plus 10%, the same rate as currently charged to the Department of Corrections, unless there is an existing contract in place or a business practice providing a lower rate.
- ✓ **SUPPORT** continued efforts to obtain Medicaid eligibility for persons incarcerated in county jails while waiting disposition of their cases and to ensure that existing Medicaid benefits are not terminated during incarceration.
- ✓ **SUPPORT** the state taking full responsibility for funding and operation of detention facilities serving juveniles, both for pre-disposition and post-disposition days and implementing juvenile justice reform.
- ✓ **SUPPORT** initiatives which reduce juvenile detention through prevention, treatment, and rehabilitation services.

- ✓ **SUPPORT** the Legislature appropriating state funds to the Department of Juvenile Justice to upgrade, renovate, or reconstruct detention centers across Florida that are in a state of disrepair and state investments in juvenile facilities to improve the conditions of secure confinement for detained youth without such costs being shifted to the counties.

## EMERGENCY MANAGEMENT

### REQUESTED ACTIONS:

- ✓ **SUPPORT** assistance for building/identifying Out of County Shelter for residents of Monroe County in cases of mandatory evacuation during storm-related events and other emergencies.
- ✓ **SUPPORT** state funding for county Emergency Operations Centers to ensure each is able to meet the minimum structural survivability and operational space criteria established by the state and federal government.
- ✓ **SUPPORT** an increase to the county base grant funding, which has remained unchanged for nearly a decade.
- ✓ **SUPPORT** maintaining the original intent and purpose of the Emergency Management Preparation And Assistance Trust Fund, which is to serve as a funding source for state and local emergency management programs, by ensuring that all monies collected for purposes of funding emergency management, preparedness and assistance are deposited into the EMPA Trust Fund and spent on emergency management activities, and opposing legislative sweeps of these trust fund monies.
- ✓ **SUPPORT** changes to the EMPA trust fund by ensuring the \$2.00 and \$4.00 annual surcharge on all homeowner and business insurance policies is assessed on either a per-parcel or per-unit basis of coverage, rather than on a single policy and a repeal of the service charge to general revenue on the EMPA trust fund and redirect these monies back to the counties in the same manner in which the EMPA base grant is distributed.
- ✓ **Disaster Funding: SUPPORT** a 50/50 cost-share arrangement with the state for the non-federal portion of the Hazard Mitigation Grant Program (HMGP). **SUPPORT** the creation of an emergency bridge loan program for counties to provide a source of expedient cash flow to counties impacted by a major catastrophe.

## SUSTAINABILITY, RECYCLING AND SOLID WASTE

### REQUESTED ACTIONS:

- ✓ **SUPPORT** the 2016 legislative initiatives of the SE Florida Regional Climate Compact's State Energy and Climate Legislative Program.
- ✓ **SUPPORT** incentives for local governments to assist in furthering state energy policies such as green building and carbon emissions reductions, and the technical assistance to implement these programs and legislation that provides appropriate resources and incentives to local governments to achieve any statewide recycling goals.
- ✓ **SUPPORT** state legislation that encourages vulnerability assessments, coordinates resources and supports the efforts of local governments to mitigate and adapt to sea level rise, increasing storm severity and other climate changes, and state funding for adaptation planning and investments in

areas such as roads and other infrastructure projects that provide hazard mitigation and serve to reduce immediate and long-term risks to critical infrastructure.

- ✓ **SUPPORT** a state comprehensive climate change action plan, energy policies, and other initiatives to reduce carbon dioxide and other compounds in the atmosphere which will help provide solutions to present and future generations, including ecosystem sustainability, long term water supply, flood protection, public health and safety, and economic growth and prosperity.
- ✓ **SUPPORT** state funding of Solid Waste Management Grants.

## **PACE (PROPERTY ASSESSED CLEAN ENERGY)**

### **REQUESTED ACTIONS:**

- ✓ **SUPPORT** amending statutory language to clarify that in addition to energy retrofits and wind mitigation, that flood mitigation is also an allowable use.

## **PENSION CHANGES**

### **REQUESTED ACTIONS:**

- ✓ **OPPOSE** any benefit changes that result in an increase in the FRS county and county employee contribution rates.
- ✓ **SUPPORT** requiring all legislation that potentially results in an increase in the FRS contribution rate or the closing of the traditional pension plan to new employees to be analyzed and evaluated to determine the direct fiscal impact of proposed changes to all local and state government to be eligible for consideration.

| Average Household Size, 2010 Census | 2.18          | 2.48      |
| Average Family Size, 2010 Census    | 2.70          | 3.01      |

According to Census definitions, a household includes all of the people who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters. A family includes a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption. Census counts may be corrected for Census Count Question Resolution (CCQR).

## Housing

| Housing Counts             | Monroe County | Florida   |
|----------------------------|---------------|-----------|
| Housing units, 2000 Census | 51,817        | 7,302,947 |
