EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.
The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll
A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.
A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.
A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.
A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.
For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Travel Expenses
Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Travel Expenses
Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

Non-allowable Expenses
The following expenses are not allowable for reimbursement: capital outlay expenditures (unless specifically included in the contract), contributions, depreciation expenses (unless specifically included in the contract), entertainment expenses, fundraising, non-sufficient check charges, penalties and fines.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Travel Expenses
Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

Non-allowable Expenses
The following expenses are not allowable for reimbursement: capital outlay expenditures (unless specifically included in the contract), contributions, depreciation expenses (unless specifically included in the contract), entertainment expenses, fundraising, non-sufficient check charges, penalties and fines.

RECORDKEEPING

7. RECORDS. This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

This agreement shall be incorporated by reference into any assignment and any assignee shall comply with all of the provisions herein. Unless expressly provided for therein, such approval shall in no manner or event be deemed to impose any obligation upon the Board in addition to the total agreed upon reimbursement amount for the services of the PROVIDER.

24. NON-WAIVER OF IMMUNITY. Notwithstanding the provisions of Sec. 286.28, Florida Statutes, the participation of the County and the PROVIDER in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Travel Expenses
Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

Non-allowable Expenses
The following expenses are not allowable for reimbursement: capital outlay expenditures (unless specifically included in the contract), contributions, depreciation expenses (unless specifically included in the contract), entertainment expenses, fundraising, non-sufficient check charges, penalties and fines.

IN CONSIDERATION of the mutual promises and covenants contained herein, it is agreed as follows:

FUNDING

1. AMOUNT OF AGREEMENT. The Board, in consideration of the PROVIDER substantially and satisfactorily performing and carrying out the duties of the Board as to providing facilities and services for crisis intervention and referral services for persons living in Monroe County, Florida, shall pay to the PROVIDER the sum of TWENTY THOUSAND AND NO/100 DOLLARS ($20,000.00) for fiscal year 2005-2006.

2. TERM. This Agreement shall commence on October 1, 2005, and terminate September 30, 2006, unless earlier terminated pursuant to other provisions herein.

3. PAYMENT. Payment will be made periodically, but no more frequently than monthly, as hereinafter set forth. Reimbursement requests will be submitted to the Board via the Clerk's Finance Office. The COUNTY shall only reimburse, subject to the funded amounts below, those reimbursable expenses which are reviewed and approved as complying with Florida Statutes 112.061 and Attachment A - Expense Reimbursement Requirements. Evidence of payment by the PROVIDER shall be in the form of a letter, summarizing the expenses, with supporting documentation attached. The letter should contain a certification statement. An example of a reimbursement request cover letter is included as Attachment B. The organization's final invoice must be received within sixty days after the termination date of this contract shown in Article 2 above.

After the Clerk of the Board examines and approves the request for reimbursement, the Board shall reimburse the PROVIDER. However, the total of said reimbursement expense payments in the aggregate sum shall not exceed the total amount shown in Article 1, above, during the term of this agreement.

4. AVAILABILITY OF FUNDS. If funds cannot be obtained or cannot be continued at a level sufficient to allow for continued reimbursement of expenditures for services specified herein, this agreement may be terminated immediately at the option of the Board by written notice of termination delivered to the PROVIDER. The Board shall not be obligated to pay for any services or goods provided by the PROVIDER after the PROVIDER has received written notice of termination, unless otherwise required by law.

5. CLAIMS FOR FEDERAL OR STATE AID. PROVIDER and County agree that each shall be, and is, empowered to apply for, seek, and obtain federal and state funds to further the purpose of this Agreement; provided that all applications, requests, grant proposals, and funding solicitations shall be approved by each party prior to submission.

6. PURCHASE OF PROPERTY. All property, whether real or personal, purchased with funds provided under this agreement, shall become the property of Monroe County and shall be accounted for pursuant to statutory requirements.

RECORDKEEPING

7. RECORDS. PROVIDER shall maintain all books, records, and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Each party to this Agreement or their authorized representatives shall have reasonable and timely access to such records of each other party to this Agreement for public records purposes during the term of the Agreement and for four years following the termination of this Agreement. If an auditor employed by the County or Clerk determines that monies paid to PROVIDER pursuant to this Agreement were spent for purposes not authorized by this Agreement, the PROVIDER shall repay the monies together with interest calculated pursuant to Sec. 55.03, FS, running from the date the monies were paid to PROVIDER.

8. PUBLIC ACCESS. The County and PROVIDER shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and PROVIDER in conjunction with this Agreement; and the County shall have the right to unilaterally cancel this Agreement upon violation of this provision by PROVIDER.

9. COMPLIANCE WITH COUNTY GUIDELINES. The PROVIDER must furnish to the COUNTY:

24. NON-WAIVER OF IMMUNITY. Notwithstanding the provisions of Sec. 286.28, Florida Statutes, the participation of the County and the PROVIDER in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

25. ATTESTATIONS. PROVIDER agrees to execute such documents as the County may reasonably require, to include a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement.

EXPENSE REIMBURSEMENT REQUIREMENTS

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

"I certify that the attached expenses are accurate and in agreement with the records of this organization. Furthermore, these expenses are in compliance with this organization's contract with the Monroe County Board of County Commissioners."

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive. The Clerk's Finance Department reserves the right to review reimbursement requests on an individual basis. Any questions regarding these guidelines should be directed to 305-292-3534.

Data Processing, PC Time, etc.

The vendor invoice is required for reimbursement. Inter-company allocations are not considered reimbursable expenditures unless appropriate payroll journals for the charging department are attached and certified.

Payroll

A certified statement verifying the accuracy and authenticity of the payroll expense is needed. If a Payroll Journal is provided, it should include: dates, employee name, salary or hourly rate, total hours worked, withholding information and payroll taxes, check number and check amount. If a Payroll Journal is not provided, the following information must be provided: check amount, check number, date, payee, support for applicable payroll taxes.

Postage, Overnight Deliveries, Courier, etc.

A log of all postage expenses as they relate to the County contract is required for reimbursement. For overnight or express deliveries, the vendor invoice must be included.

Rents, Leases, etc.

A copy of the rental or lease agreement is required. Deposits and advance payments are not allowable expenses.

Reproductions, Copies, etc.

A log of copy expenses as they relate to the County contract is required for reimbursement. The log must define the date, number of copies made, source document, purpose, and recipient. A reasonable fee for copy expenses will be allowable. For vendor services, the vendor invoice and a sample of the finished product are required.

Supplies, Services, etc.

For supplies or services ordered, a vendor invoice is required.

Telefax, Fax, etc.

A fax log is required. The log must define the sender, the intended recipient, the date, the number called, and the reason for sending the fax.

Telephone Expenses
A user log of pertinent information must be remitted including: the party called, the caller, the telephone number, the date, and the purpose of the call.

Travel Expenses
Travel expenses must be submitted on a State of Florida Voucher for Reimbursement of Travel Expenses. Travel must be submitted in accordance with Florida Statute 112.061. Credit card statements are not acceptable documentation for reimbursement. If attending a conference or meeting a copy of the agenda is needed. Airfare reimbursement requires the original passenger receipt portion of the airline ticket. A travel itinerary is appreciated to facilitate the audit trail. Auto rental reimbursement requires the vendor invoice. Fuel purchases should be documented with paid receipts. Taxis are not reimbursed if taken to arrive at a departure point: for example, taking a taxi from one's residence to the airport for a business trip is not reimbursable. Parking is considered a reimbursable travel expense at the destination. Airport parking during a business trip is not.

A detailed list of charges is required on the lodging invoice. Balance due must be zero. Room must be registered and paid for by traveler. The County will only reimburse the actual room and related bed tax. Room service, movies, and personal telephone calls are not allowable expenses.

Meal reimbursement is: breakfast at $3.00, lunch at $6.00, and dinner at $12.00. Meal guidelines state that travel must begin prior to 6 a.m. for breakfast reimbursement, before noon and end after 2 p.m. for lunch reimbursement, and before 6 p.m. and end after 8 p.m. for dinner reimbursement.

Mileage reimbursement is calculated at .29 cents per mile for personal auto mileage while on County business. An odometer reading must be included on the state travel voucher for vicinity travel. Mileage is not allowed from a residence or office to a point of departure. For example, driving form one's home to the airport for a business trip is not a reimbursable expense.

Non-allowable Expenses
The following expenses are not allowable for reimbursement: capital outlay expenditures (unless specifically included in the contract), contributions, depreciation expenses (unless specifically included in the contract), entertainment expenses, fundraising, non-sufficient check charges, penalties and fines.

The COUNTY shall only reimburse, subject to the funded amounts below, those reimbursable expenses which are reviewed and approved as complying with Florida Statutes 112.061 and Attachment A - Expense Reimbursement Requirements. Evidence of payment by the PROVIDER shall be in the form of a letter, summarizing the expenses, with supporting documentation attached. The letter should contain a certification statement. An example of a reimbursement request cover letter is included as Attachment B. The organization's final invoice must be received within sixty days after the termination date of this contract shown in Article 2 above.

After the Clerk of the Board examines and approves the request for reimbursement, the Board shall reimburse the PROVIDER. However, the total of said reimbursement expense payments in the aggregate sum shall not exceed the total amount shown in Article 1, above, during the term of this agreement.

4. AVAILABILITY OF FUNDS. If funds cannot be obtained or cannot be continued at a level sufficient to allow for continued reimbursement of expenditures for services specified herein, this agreement may be terminated immediately at the option of the Board by written notice of termination delivered to the PROVIDER. The Board shall not be obligated to pay for any services or goods provided by the PROVIDER after the PROVIDER has received written notice of termination, unless otherwise required by law.

5. CLAIMS FOR FEDERAL OR STATE AID. PROVIDER and County agree that each shall be, and is, empowered to apply for, seek, and obtain federal and state funds to further the purpose of this Agreement; provided that all applications, requests, grant proposals, and funding solicitations shall be approved by each party prior to submission.

6. PURCHASE OF PROPERTY. All property, whether real or personal, purchased with funds provided under this agreement, shall become the property of Monroe County and shall be accounted for pursuant to statutory requirements.

RECORDKEEPING

7. RECORDS. PROVIDER shall maintain all books, records, and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Each party to this Agreement or their authorized representatives shall have reasonable and timely access to such records of each other party to this Agreement for public records purposes during the term of the Agreement and for four years following the termination of this Agreement. If an auditor employed by the County or Clerk determines that monies paid to PROVIDER pursuant to this Agreement were spent for purposes not authorized by this Agreement, the PROVIDER shall repay the monies together with interest calculated pursuant to Sec. 55.03, FS, running from the date the monies were paid to PROVIDER.

8. PUBLIC ACCESS. The County and PROVIDER shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and PROVIDER in conjunction with this Agreement; and the County shall have the right to unilaterally cancel this Agreement upon violation of this provision by PROVIDER.

Notwithstanding the provisions of Sec. 286.28, Florida Statutes, the participation of the County and the PROVIDER in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

25. ATTESTATIONS. PROVIDER agrees to execute such documents as the County may reasonably require, to include a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement.

This document is intended to provide basic guidelines to Human Service Organizations, county travelers, and contractual parties who have reimbursable expenses associated with Monroe County business. These guidelines, as they relate to travel, are from Florida Statute 112.061.

A cover letter summarizing the major line items on the reimbursable expense request needs to also contain a notarized certified statement such as:

Invoices should be billed to the contracting agency. Third party payments will not be considered for reimbursement. Remember, the expense should be paid prior to requesting a reimbursement.

Only current charges will be considered, no previous balances.

Reimbursement requests will be monitored in accordance with the level of detail in the contract. This document should not be considered all-inclusive.
