RE: Abandonment of a portion of Spanish Main Drive that separates Lot 5,6,&7, Blk. 19
and extends to the centerline of Spanish Main Drive, Cutthroat Harbor Estates.

Dear Mr. Deegan:

The FCAA Board of Directors approved at the May 28, 2009 meeting, the above referenced project.

Pursuant to your request for the partial abandonment of the above-reference property, staff has researched your request and have no objection since the owner has agreed to convey an easement for the entire roadway as platted and pay the \$500.00 front footage and flush-out fee due for Lot 6.

Should you have any questions, please do not hesitate to call this office.

RE: Abandon a portion of Spanish Main Drive in Cudjoe Key, FL

Dear Mr. Deegan

The FCAA Board of Directors approved at the July 29, 2015 meeting, the above referenced project

Pursuant to your request, staff has researched your request and the FCAA have no objection to the abandonment of the portion of Spanish Main Drive in Cudjoe Key, FL.

FCAA has a 4-inch water main with flush-out and water meter located within the location of the requested abandonment. The owner has agreed to pay for utilities to be relocated at their expense. Work will require a Utility Permit prior to performing any work on FCAA utilities.

Should you have any questions, please do not hesitate to call this office.

From: Judy Clarke, P.E., Director of Engineering Services

Date: March 2, 2015

Re: File # 2015-029, Richard Deegan Road Abandonment Petition

I have reviewed the above referenced petition for abandonment of a portion of Spanish Main Drive. Engineering Department does not object to the proposed abandonment; however, the petitioner must construct a T-turnaround in accordance with the Public Works Manual Detail R 5.0 at the end of Spanish Main Drive.

If you should have any questions or need any additional information, please feel free to contact me by telephone at 305-295-4329 or by email at clarke-judith@monroecounty-fl.gov.

Fr: Capt. Don Hiller

Date: March 04, 2015

Re: Road abandonment Petition for Deegan, Richard... File # 2015-029

I have reviewed the petition for road abandonment for the above described location. It appears that this land was once plotted to be a road or alley but was never developed as such. It is not a road. The property in question is bordered on 3 sides by the petitioners other parcels of land. Ingress/egress is not an issue. There is not going to be an issue with additional traffic or hazards to the neighborhood.

The Monroe County Sheriff's Office has no objections to the abandonment of this land.

Please feel free to contact me if you have further questions.

**RIGHT-OF-WAY ABANDONMENT AGREEMENT FOR TURNAROUND
CONSTRUCTION**

This Agreement entered into this 12th day of Nov, 2015 by Richard E Deegan
PETITIONER PROPERTY OWNER (hereinafter "PETITIONER").

WHEREAS, Monroe County Code (hereinafter "Code") Section 19-1 authorizes, in certain circumstances, abandonment of a County right-of-way; and

WHEREAS, Code Section 19-1 provides that such right-of-way abandonments must comply with all applicable Code requirements for road, turn-around, and fire-rescue access; and

WHEREAS, Code Section 114-7(p) provides as follows: "*Dead-end streets, designed to be so permanently, shall be provided at the closed end with a turnaround having an outside roadway diameter of at least 70 feet, and a street property line diameter of at least 100 feet, or may be provided with a "T" type turnaround as may be approved per "Standard Specifications and Details of Monroe County" by the department of planning.*"; and

WHEREAS, Monroe County, finds the PETITIONER must construct a T-turnaround in accordance with the *Public Works Manual Standard Specifications and Details of Monroe County Division (inclusive of Road Specification Section B-2) and T-Turnaround Detail R-5* at the terminus of Spanish Main Drive, adjacent to Lots 5, 6, & 7, Block 19 Of Cutthroat Harbor Estates First Addition, according to the plat thereof as recorded in Plat Book 5, Page 60, of the public records of Monroe County, Florida, and

WHEREAS, the PETITIONER hereby covenants with the County, by this duly executed and recorded Agreement, that all construction and development of such T-type turnaround shall be the sole responsibility of the PETITIONER; and

NOW, THEREFORE, for and in consideration of the sum of TEN and 00/100 DOLLARS (\$10.00), and as an inducement to the County for the approval of this Agreement, together with other good and valuable consideration, the adequacy and receipt of which are hereby acknowledged and attested to by all parties hereto, the PETITIONER agrees and covenants as follows:

1. The foregoing recitals are true and correct and are hereby incorporated as if fully stated herein; and

2. The PETITIONER desires to construct such a T-type turnaround pursuant to the aforesaid Code provision(s), at that certain below-described real property:

County Right of Way: Terminus of Spanish Main Drive

Parcel(s)/Lot(s): Lots 5, 6 & 7 **Block:** 19

Subdivision: Cutthroat Harbor Estates, First Addition

Key: Cudjoe **Plat Book:** 5 **Page:** 60

Real Estate Number(s): 00186840-000000; and

3. The PETITIONER agrees to construct said T-type turnaround in accordance with 1983 *Public Works Manual Standard Specifications and Details of Monroe County Division (inclusive of Road Specification Section B-2) and T-Turnaround Detail R-5*, as attached in Exhibit "A." The PETITIONER shall install said T-type turnaround in accordance with the terms of the right-of-way permit issued by the Monroe County Engineering Department and shall submit the proposed location(s)/site(s) of such turnaround as part of its the right-of-way permit application, which shall be subject to compliance and sufficiency review by the County separate and apart from the authorization(s) conferred pursuant to this Agreement; and
4. All notices, consents, approvals, or other communications to the County hereunder shall be in writing and shall be deemed properly served if sent by U.S. Postal Service Certified Mail, return receipt requested, in the following form and address:

Monroe County Planning & Environmental Resources
Attn: Planning Director
2798 Overseas Highway, Suite 400 Marathon, FL 33050
5. Any and all construction(s) or interpretation(s) of the Monroe County Code shall be deferred in favor of the County and such construction and interpretation shall be entitled to great weight on trial and on appeal; and
6. **RECORDATION.** The PETITIONER hereby agrees to and shall, once executed by both parties, record this Agreement with the Monroe County Clerk of Court and in the Public Records of Monroe County at the same time as the road abandonment is recorded, and shall solely pay any and all costs associated with such recordation; and
7. **AMENDMENT OR MODIFICATION.** No amendment(s) or modification(s) to this Agreement is/are effective unless the County agrees, consents, and joints in writing thereto. The undersigned PETITIONER shall record any such amendment(s) or modification(s) to this Agreement, and shall solely pay any and all costs and expenses associated with the recordation of any such amendment(s) and modification(s); and

8. **LIMITATION OF LIABILITY.** The PETITIONER hereby expressly waives its rights to a jury trial and any rights it may have to bring a claim against the County for personal damage or injury, or damage or injury to property, that is allegedly caused by the negligent action or inaction of the County or an employee or agent of the County arising from or caused by the County's authorization(s), activity(ies), or inactivity related to this Agreement, further holds the County harmless from the claims of all persons for action(s), inaction(s), activity(ies), damage(s), expense(s), and loss(es) occurring on the above-described property and location(s)/site(s) therein, and the PETITIONER shall be solely responsible and liable for and to any and all parties who engage in or otherwise perform work relating to said construction/development of the above-described and below-described T-turnaround, and the County shall in no way be either responsible or liable for any injury caused by the tools, materials, or equipment used by the PETITIONER, its employees or agents, or used by the PETITIONER's Contractor(s), or its employees or agents; and
9. **INDEMNIFICATION.** The PETITIONER hereby agrees to indemnify and defend the County and its commissioners, officers, employees, and agents, from any and all claims for bodily injury (including death), personal injury, and property damage (including property owned by or property interest(s) held by Monroe County) and any other losses, damages, and expenses (including attorney's fees), arising from any injury or damage in connection with this Agreement; and
10. **PAYMENT.** The PETITIONER is and shall be solely responsible for all costs incurred in the carrying out of such the T-type turnaround project construction/development. It is hereby understood by the parties that the County shall incur no cost for or in relation to such project construction/development. It is further hereby understood that there are no third-party beneficiaries to this Agreement, and that no Contractor or Sub-Contractor, or any other person or entity, shall look to County for payment related to such project construction/development; and
11. **COMPLIANCE WITH LAWS.** The PETITIONER shall comply with all Articles of Incorporation, Bylaws, laws, ordinances, and governmental rules and regulations that apply to this Agreement and to its activities on and at the above-described real property location(s)/site(s). The PETITIONER shall obtain all necessary permits, approvals, inspections, and authorization as may be required by such Articles of Incorporation, Bylaws, and local, state, and federal governments and agencies; and
12. **JURISDICTION AND VENUE.** This Agreement shall be governed by and construed in accordance with the Laws of the State of Florida and the United States. Exclusive venue for any dispute arising under this Agreement shall be in the Sixteenth Judicial Circuit in and for Monroe County, Florida. This Agreement shall not be subject to arbitration. If the County brings an action to enforce the provisions, restrictions, or terms contained herein and prevails in any such action, on trial or appeal, the County shall be entitled to reasonable attorney's fees to be paid by the losing party(ies), at figures fixed by the court, as well as the reasonable cost(s) of restoring such land to the natural vegetative and hydrologic condition existing at the time of execution and recordation of this Agreement. These remedies are in addition to any other remedy, fine, or penalty which may be applicable under Chapter 162, 373, and 403, Florida Statutes, and any other action at law or in equity; and

13. **TERMINATION/REVOCAION OF RIGHT OF WAY ABANDONMENT.** The PETITIONER hereby agrees to have plans complete and obtain a right of way permit for construction of such T-type turnaround in accordance with the requirements contained in the *Public Works Manual Standard Specifications and Details of Monroe County* within one-hundred eighty (180) days of the effective date of the County's approval of the corresponding petition for right-of-way abandonment. If the PETITIONER fails to so construct such T-type turnaround in accordance with the *Public Works Manual Standard Specifications and Details of Monroe County Division(, inclusive of) B-2 and R-5*, or fails to so construct such T-type turnaround within one hundred eighty days after issuance of the right of way permit, said previously abandoned right-of-way shall immediately revert back to the County. Nothing contained herein shall be construed to prohibit, limit, or otherwise restrict the County's authority to terminate this Agreement, a duly approved right-of-way abandonment petition, a right-of-way permit, or any other permit(s), approval(s), or inspection(s) corresponding to this Agreement or its corresponding right-of-way abandonment petition, pursuant to applicable provisions of the Monroe County Code and/or the permit(s) applied for or issued pursuant to this Agreement; and

14. **ENFORCEMENT.** In the event of any breach or violation of the restrictions or terms contained herein, the County shall, without liability to the County, have the right to unilaterally and without notice terminate this Agreement, and to proceed at law or in equity as may be necessary to enforce compliance with the restrictions or terms hereof, and to otherwise prevent the breach or violation of any of them, to collect damages, and may enforce this Agreement by emergency, preliminary, and permanent injunction, including ex parte action and motion for such injunction(s), it being agreed that the County would have no adequate remedy at law, or such other legal method as the County deems appropriate. Uncured breach of violation of this Agreement by the PETITIONER shall, without any additional notice beyond this Agreement's recordation, entitle the County to immediately suspend and/or rescind, without liability to the County, development applications and pending permits, approvals, or inspections relating to this Agreement, except for those permits, approvals, or inspections necessary to cure such breach or violation. The PETITIONER hereby agrees to and shall pay for all costs associated with the County's enforcement action(s). Such County enforcement shall be at the County's discretion. Failure of the PETITIONER to comply with or perform any act required by or under this Agreement shall not impair the validity of this Agreement, and County delay or failure to enforce, however long continued, shall not be deemed a waiver or estoppel of the right to do so thereafter as to any such violation or breach; and

15. **AUTHORIZED SIGNATORY.** The signatory for the PETITIONER, below, certifies and warrants that:

- (a) The PETITIONER's name as set forth in this Agreement is its full and correct legal name (if an entity, as designated in its corporate charter and as formally registered with the State).

- (b) The individual(s) executing this Agreement is/are duly authorized to so act and execute such Agreement on behalf of the PETITIONER.
 - (c) As applicable, this Agreement has been duly approved by the PETITIONER's Board of Directors and/or members, consistent with and compliant with the PETITIONER's Articles of Incorporation, Bylaws, and all local, state, and federal law(s).
 - (d) Furthermore, as applicable, the PETITIONER shall, upon execution of this Agreement, provide copies of a list of its current Board of Directors and/or managers, a properly executed and notarized corporate resolution approving this Agreement, a copy of its current Articles of Incorporation, and, if PETITIONER has or is otherwise subject to Bylaws, a copy of such current Bylaws.
16. **SEVERABILITY.** If any condition, provision, reservation, restriction, right, or term of this Agreement is held to be invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such condition, provision, reservation, restriction, right, or term shall neither limit nor impair the operation, enforceability, or validity of any other condition(s), provision(s), reservation(s), restriction(s), right(s), or term(s) thereof. All such other condition(s), provision(s), reservation(s), restriction(s), right(s), and term(s) shall continue unimpaired in full force and effect; and
17. **PARAGRAPH HEADINGS.** Paragraph headings, where used herein, are inserted for convenience only and are not intended to descriptively limit the scope and intent of the particular paragraph to which they refer; and
18. **EFFECTIVE DATE.** This Agreement constitutes the entire Agreement and any representation or understanding of any kind preceding the date of this Agreement's execution or recordation is not binding on the County or the PETITIONER except to the extent it has been incorporated into this Agreement. This Agreement shall become effective upon recordation in the Public Records of Monroe County.
19. **BINDING EFFECT.** The terms, covenants, conditions, and provisions of this Agreement shall bind and inure to the benefit of the County and the PETITIONER and their respective legal representatives, successors, and assigns. However, this Agreement shall not be conveyed, assigned, or otherwise transferred from the PETITIONER. Any such transfer requires County approval, and any such transfer absent County approval shall immediately render this Agreement void ab initio; and

This Agreement is made in reliance upon information, representations, and documents provided by the PETITIONER(S). If, at some later date, Monroe County determines that such information, representations, and/or documents contained false or misleading information material to the County's consideration and assent to this Agreement, the County reserves the right, in its discretion, to revoke such consideration and assent and to rescind this Agreement and to pursue all remedies at law and equity, for injuries to the County caused by the submission of such false or misleading material information.

EXECUTED ON THIS 12th day of November, 2015.

RIGHT-OF-WAY ABANDONMENT AGREEMENT FOR UTILITY RELOCATION

This Agreement entered into this _____ day of _____, 2016, by Richard Deegan
PETITIONER(s)/PROPERTY OWNER(s) (hereinafter “**PETITIONER(s)**”); and

WHEREAS, Monroe County Code (hereinafter “Code”) Section 19-1 (2015) authorizes, in certain circumstances, abandonment of a County right-of-way; and

WHEREAS, Code Section 19-1 (2015) provides, in relevant part, that “**No right-of-way shall be abandoned unless there is an agreement to do so by all affected property owners.**” For purposes of this Section, and pursuant to Code Sections 19-1(c)(1)-(4) (2015), an “affected property owner” is “the owner of property which directly adjoins the area subject to abandonment or, if” such “right of way is abandoned, will have access currently used by that property owner eliminated or diminished,” or “will have the only platted access eliminated,” or “will have the paved area adjacent to that property increased for turn-around purposes,” or “be increased in size;” and

WHEREAS, Code Section 1-2 (2015) defines “property” as including both “real and personal property,” which, therefore, may include an affected owner of personal property such as (but not limited to) an owner of an existing utility line which does not have a real property interest (such as a utility easement) in the same; and

WHEREAS, in order to satisfy the requirement(s) set forth in Code Section 19-1(k) (2015), **PETITIONER(s)** has/have obtained a “**Conditional Letter of No Objection**,” attached hereto as Exhibit “A” to this Agreement, which is hereby incorporated as if fully stated herein, which **PETITIONER(s)** has/have submitted or shall submit or otherwise provide to the County, from the subject utility having the following legal name as set forth in the official public records of the Florida Department of State - Division of Corporations **Florida Keys Aqueduct Authority**, in which said utility stated that it has “No objection” to [the] abandonment of that portion of **Spanish Main Drive that separates Lots 5,6 & 7, Block 19 extending to the western line of Spanish Main Drive, Cutthroat Harbor Estates, First Addition** on the condition(s) that **the 4 inch water main with flush out and water meter located in the abandonment be relocated at the owner’s expense;** and

WHEREAS, by this duly executed Agreement, which shall be recorded forthwith, **PETITIONER(s)** hereby covenant(s) with the County that the relocation of the **4 inch water main with flush out and water meter** of the above-named utility shall be the exclusive and

sole responsibility of **PETITIONER(s)** and be at **PETITIONER's** exclusively and sole expense; and

NOW, THEREFORE, for and in consideration of the sum of TEN and 00/100 DOLLARS (\$10.00), and as an inducement for the County to approve this Agreement, together with other good and valuable consideration, the adequacy, sufficiency, and receipt of which are hereby expressly acknowledged and attested to by all parties hereto, **PETITIONER(s)** hereby agree(s) and covenant(s) as follows:

1. The foregoing recitals are true and correct and are hereby incorporated as if fully stated herein; and
2. The **PETITIONER(s)** is/are the sole fee simple title owner(s) of that certain immediately below-described real property located in Monroe County, Florida, having a legal description as follows and which is shown on attached Exhibit "B" which is hereby incorporated as if fully stated herein:

Parcel(s)/Lot(s): 5, 6, & 7 **Block:** 19

Subdivision: Cutthroat Harbor Estates, First Addition

Key: Cudjoe **Plat Book:** 5 **Page:** 60

Approximate Mile Marker: _____

Real Estate Number(s): 00186840.000000; and

3. The **PETITIONER(s)** desires to relocate the subject utility's above-described interest, more fully legally described immediately below and as shown on attached Exhibit "B", in pursuant to and in compliance with the above-described Code Sections, and shall do so in compliance with the United States and Florida Constitutions, the Florida Statutes, the Monroe County Comprehensive Plan, the Monroe County Code(s), the Florida Building Code(s), and all other applicable federal, state, and local codes, ordinances, orders, resolutions, regulations, and rules:

Parcel(s)/Lot(s): 5, 6, & 7 **Block:** 19

Subdivision: Cutthroat Harbor Estates, First Addition

Key: Cudjoe **Plat Book:** 5 **Page:** 60

Approximate Mile Marker: _____

Real Estate Number(s): 00186840.000000; and

4. **Conditions and Revocation or Termination of Agreement.** The **PETITIONER(s)** hereby agrees to submit a complete right-of-way permit application to the County in compliance with the form and address requirements set forth in Paragraph 5 below together with **a Florida Keys Aqueduct Authority Utility Permit** within one-hundred eighty (180) days of the effective date of the County's approval of the **PETITIONER's** right-of-way abandonment petition corresponding to this Agreement. Should the **PETITIONER(s)** fail to relocate the subject utility's above-described interest in accordance with **Florida Keys Aqueduct Authority Utility Permit(s)** and the corresponding County right-of-way permit(s) (corresponding to this Agreement), or otherwise fails to complete construction necessary to complete re-location of the subject utility's above-described interest within the following time-frame and under the following condition(s)
-
-

the County's previous approval to abandon the corresponding/the subject right-of-way shall immediately be rescinded and the prior-abandoned right-of-way (any and all portions thereof) shall immediately revert back to the County. Nothing contained herein shall be construed to prohibit, limit, or otherwise restrict the County's authority to terminate this Agreement, the County's previous approval to abandon the corresponding/the subject right-of-way, the County right-of-way permit(s) corresponding to this Agreement, or any other permit(s), approval(s), or inspection(s) corresponding to this Agreement or prior County approval to abandon the corresponding/the subject right-of-way, pursuant to the U.S. and Florida Constitutions, the Florida Statutes, the Monroe County Comprehensive Plan, the Monroe County Code(s), the Florida Building Code(s), the provisions and terms of this Agreement, and/or all other applicable federal, state, and local codes, ordinances, orders, resolutions, regulations, and rules; and

5. **Notice and Service of Process - Monroe County.** All notices, consents, approvals, or other communications to the County hereunder shall be in writing and shall be deemed properly served if sent by U.S. Postal Service Certified Mail, return receipt requested, in the following form and address:

Monroe County Planning & Environmental Resources Department
Attn: Senior Director

With a copy to:

Monroe County Attorney's Office

Subject: Right-of-Way (Road) Abandonment - Utility Agreement

1111 12th Street, Suite 408

Key West, FL 33040

6. **Construction and Interpretation.** Any and all construction(s) or interpretation(s) of Monroe County Comprehensive Code provision(s) and Monroe County Code(s) provision(s) shall be deferred in favor of the County and such construction and interpretation shall be entitled to great weight on trial and on appeal; and
7. **Recordation.** The **PETITIONER(s)** hereby agree(s) to and shall, once this Agreement has been executed by **PETITIONER(s)** and the County, file this Agreement with the Clerk of the Circuit Court of Monroe County together with all appropriate and required collateral instrument(s), and shall record this Agreement together with all appropriate and required collateral instrument(s) in the Official Records of Monroe County, Florida, and shall pay any and all costs associated with such recordation; and
8. **Amendment, Modification, or Release, and Recording Thereto.** No amendment(s), modification(s), or release(s) to this Agreement is/are effective unless the County agrees, consents, and joins in writing thereto. The **PETITIONER(s)** shall file any such properly executed amendment(s), modification(s), or release(s) to this Agreement with the Clerk of the Circuit Court of Monroe County together with all appropriate and required collateral instrument(s), and shall record such properly executed amendment(s), modification(s), or release(s) together with all appropriate and required collateral instrument(s) in the Official Records of Monroe County, Florida, and shall pay any and all costs associated with such recordation; and
9. **Subsequent Reference Requirement.**
 - A. The **PETITIONER(s)** hereby agree(s) to and shall submit a copy of this filed and recorded Agreement together with (simultaneously in date and time with) all future development applications relating to the/his/her/its/their property described in Paragraphs 2 or 3 above. Such submission by **PETITIONER(s)** shall be to the agency(ies), department(s), and office(s) in receipt of or otherwise receiving such development application(s). This requirement is non-exclusive to Monroe County agencies, departments, and offices, and is to be construed as inclusive of all reviewing federal, state, Monroe County, and local agencies, departments, and offices in receipt of or otherwise receiving such development application(s), such that the **PETITIONER(s)** must so simultaneously furnish a copy of this filed and recorded Agreement to any and all federal, state, Monroe County, and local agencies, departments, and offices in receipt of or otherwise receiving such development application(s); and
 - B. The **PETITIONER(s)** shall reference this filed and recorded Agreement, including the recording book and page number(s) and document number(s) of this Agreement in any

future instrument conveying title to or an interest in the property described in Paragraphs 2 or 3 above; and

C. The **PETITIONER(s)** shall insert the terms and restrictions of this Agreement into any subsequent deed or other legal instrument by which he/she/it/they divest(s) himself/herself/itself/themselves of any title to or interest in the property described in Paragraphs 2 or 3 above; and

10. **Joint-and-Several Liability.** If the **PETITIONER(s)**, or any other non-County natural person(s) or legal person(s) are party(ies) to any suit, action, or proceeding, in law or in equity, initiated, cross-initiated, counter-initiated, or otherwise filed by the County to enforce any provision(s) or term(s) contained herein, and consist(s) of more than one person(s) or entity(ies), such person(s) and entity(ies) shall be jointly and severally liable; and
11. **Non-Assignability.** This Agreement shall not be independently assignable or severable from the subject property's conveyance instrument by the **PETITIONER(s)**, or by any other non-County party with title to or an interest in the property described in Paragraphs 2 or 3 above, unless such assignment or severance is first approved by Monroe County Board of County Commissioners (hereinafter "BOCC") Resolution; and
12. **Transfer Notice.** The **PETITIONER(s)** shall provide written notice to the County of the transfer of any title to or interest in the property described in Paragraphs 2 or 3 above at least thirty (30) days prior to the date of such transfer. Failure of the **PETITIONER(s)** to perform any act required by this Section shall not eliminate this requirement or the County's rights arising from, relating to, or in connection with this requirement, and shall not impair the validity of this Agreement or limit its enforceability in any way; and
13. **Notice and Service of Process - To PETITIONER(s).** All notices, consents, approvals, or other communications to the **PETITIONER(s)** shall be in writing and be deemed properly served if, unless otherwise provided in this instrument, sent by U.S. Postal Service, Certified Mail, return receipt requested, to his/her address of record with the Monroe County Property Appraiser's Office or to his/her address of record with the Monroe County Tax Collector's Office. If, after one (1) unsuccessful attempt (in accordance with the preceding sentence) by the County to serve notice upon **PETITIONER(s)**, the County shall, in addition to the preceding sentence's method of notice and service of process for the purposes herein, be entitled to satisfy this Section's sufficiency of notice and service of process requirement(s) by subsequent election to serve such notice pursuant to (I) Florida Statutes §§ 49.011(1)-(2) (2015), 49.011(5) (2015), 49.021 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.031 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.041 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.051 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.061 (2015), (applicable if an action or administrative

proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.071 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.08-09 (2015), (for non-foreclosure action proceeding notice(s)) 49.10(1)(a) (2015), (for foreclosure action proceeding notice(s)) 49.10(c) (2015), and/or pursuant to (II) Florida Statute § 49.11 (2015). Notice constructively served pursuant to such election shall be deemed properly served for the purpose(s) herein. Actual notice is not required under this Section; and

14. **Notice and Service of Process - To Legal Person(s)**. In the event **PETITIONER(s)** comprise(s) a registered business entity, corporate entity, or similar legal person, all notices, consents, approvals, or other communications to such entity shall be in writing and shall be deemed properly served if sent by U.S. Postal Service Certified Mail, return receipt requested, to the mailing address of such entity's Registered Agent as shown in the public records of the Florida Department of State - Division of Corporations (hereinafter "Sunbiz"), or its equivalent agency. Actual notice is not required under this Section. In the event **PETITIONER(s)** is/are a legal trust, all notices, consents, approvals, or other communications to such trust shall be in writing and shall be deemed properly served if sent by U.S. Postal Service Certified Mail, return receipt requested, to the mailing address(es) of the property described in Paragraphs 2 and 3 above, and to such trust's address(es) of record, if any, with the Monroe County Property Appraiser's Office or its address(es) of record, if any, with the Monroe County Tax Collector's Office. If, after one (1) unsuccessful attempt (in accordance with the preceding sentence) by the County to serve notice upon such legal person(s), the County shall, in addition to the preceding sentence's method of satisfying notice and service of process for the purposes herein, also be entitled to satisfy this Section's sufficiency of notice and service of process requirement(s) by subsequent election to serve such notice pursuant to (I) Florida Statutes §§ 49.011(1)-(2) (2015), 49.011(5) (2015), 49.021 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.031 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.041 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.051 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.061 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.071 (2015), (applicable if an action or administrative proceeding has commenced or otherwise been formally initiated by filing in accordance with applicable rules of procedure) 49.08-09 (2015), (for non-foreclosure action proceeding notice(s)) 49.10(1)(a) (2015), (for foreclosure action proceeding notice(s)) 49.10(c) (2015), and/or pursuant to (II) Florida Statute § 49.11 (2015). Notice constructively served pursuant to such election shall be deemed properly served for the purpose(s) herein. Actual notice is not required under this Section; and

15. **Default Notice**. Unless otherwise provided in this Agreement, in the event of breach or violation of any provision(s) or term(s) hereunder by **PETITIONER(s)**, the County shall

provide written "Notice of Default" or "Notice of Violation" to the defaulting **PETITIONER(s)**, and such defaulting **PETITIONER(s)** shall have the right to cure such breach(es) or violation(s) within thirty (30) days of receiving notice of such breach or violation; and

16. **Enforcement.**

A. In the event of any breach or violation of any condition(s), provision(s), or term(s) contained herein, the County shall, without liability to the County, have the right to unilaterally terminate this Agreement, and to proceed at law or in equity as may be necessary to ensure compliance with the condition(s), provision(s), or term(s) hereof, remediation thereto, and to otherwise the breach or violation of any of them, to collect damages, and may enforce this Agreement by emergency, preliminary, and permanent injunction, including ex parte action and motion for such injunction(s), it being agreed that the County would have no adequate remedy at law, or such other legal method as the County deems appropriate. Uncured breach or violation of this Agreement shall, without any additional notice beyond this Agreement's recordation, entitle the County to immediately suspend and/or rescind, without liability to the County, development applications and pending or issued permits, approvals, or inspections reliant upon **PETITIONER's** full and proper performance of this Agreement, or otherwise arising from, related to, or in connection with this Agreement, except for those permits, approvals, and inspections necessary to cure such breach or violation. County enforcement action(s) thereto shall be at the County's discretion, and **PETITIONER(s)** hereby agrees to and shall pay for all costs associated with such County enforcement action(s). Failure of the **PETITIONER(s)** to comply with or perform any act required by or under this Agreement shall not impair the validity of this Agreement, and County delay or failure to enforce, however long continued, shall not be deemed a waiver or estoppel of the County's right to do so thereafter as to any such violation or breach, and no alleged County waiver or estoppel of any breach of any condition, provision, or term contained herein shall be construed as waiver or estoppel of any succeeding breach or violation of the same condition, provision, or term; and

B. In the event of any suit, action, or proceeding, in law or in equity, by the County to enforce the condition(s), provision(s), or term(s) contained herein, if the County prevails in any such suit, action, or proceeding, on trial or appeal, the County shall be entitled to reasonable attorney's fees, including trial, appellate, bankruptcy, and post-judgment costs and collection proceedings for the maintenance or defense of any such suit, action, or proceeding, to be paid by the losing party(ies) as fixed by the court. Any order or judgment so rendered in favor of the County in connection with any such suit, action, or proceeding arising out of, related to, or in connection with this Agreement, shall bear interest at the highest rate allowed by law. The County may recover reasonable legal and professional fees attributable to the preparation, administration, and enforcement of such suit, action, or proceeding, from any person(s) and/or entity(ies) from or to whom a demand or enforcement request is made, regardless of actual initiation of a suit, action, or proceeding. These remedies are in addition to any other remedy, fine, or penalty which may be applicable under including, but not limited to, Chapters 162, 373, and 403, Florida Statutes; and

C. **Cumulative Remedies.** In the event of any breach or violation of the condition(s), provision(s), or term(s) contained herein, the County shall, without liability to the County, have the right to proceed at law or in equity as may be necessary to enforce compliance with such conditions, provisions, and terms, to enjoin activities, construction, maintenance, practices, repairs, and uses non-compliant with the conditions, provisions, and terms contained herein, and to otherwise prevent the breach or violation of any of them, to collect damages, and both authorized and entitled to enforce this Agreement by emergency, preliminary, and permanent injunction, including by ex parte motion and action for such injunction(s), it being hereby expressly and specifically agreed that the County has no adequate remedy at law, or such other legal method as the County deems appropriate. All rights and remedies accruing to the County shall be assignable in whole or in part and be cumulative; that is, the County may pursue such rights and remedies as the law and this Agreement afford it in whatever order the County desires and the law permits. The County's resort to any one law(s) and/or remedy(ies) in advance of any other shall not result in waiver or compromise of any other law(s) and/or remedy(ies). The **PETITIONER(s)** hereby agree(s) to and shall pay for all costs associated with the County's enforcement action(s) thereto; and

17. **Dispute Resolution - Meet-and-Confer Prerequisite.** The **PETITIONER(s)** hereby agree(s) that as a first condition precedent to his/her/its/their initiation of litigation or adversarial administrative proceedings against the County in the form of a suit or action arising out of, related to, or in connection with this Agreement, shall first, prior to the initiation of such suit or action, attempt to resolve their dispute(s) and disagreement(s) by a meet-and-confer session between himself/herself/itself/themselves and Monroe County Planning & Environmental Resources Department staff and counsel to the Monroe County Planning & Environmental Resources Department. If no resolution can be agreed upon within thirty (30) days after the occurrence of the aforesaid meet-and-confer session, such issue(s) shall next (second), as a second condition precedent to the initiation of such suit or action, be discussed at a public meeting of the Monroe County BOCC occurring in the same geographic sub-area as the geographic location of this Agreement (i.e., Upper Keys - Key Largo, Middle Keys - Marathon, Lower Keys - Key West). The **PETITIONER(s)** hereby agree(s) that in the event he/she/it/they so initiate such suit or action without satisfying both of these conditions precedent to their initiation of litigation or adversarial administrative proceedings against the County, that the County shall be automatically entitled to an Order granting Grantee's Motion to Dismiss and Florida Statute § 57.105 (2015) Motion for Sanctions and Attorney's Fee (or, at Grantee's election (if applicable), their Florida statutory equivalent(s), Federal equivalent(s), or non-Florida legal equivalent(s)); and

18. **Limitation of Liability.**

A. In the event of any litigation or adversarial administrative proceedings concerning the condition(s), provision(s), or term(s) of this Agreement, the **PETITIONER(s)** hereby agrees to expressly waive his/her/its/their right to a jury trial and shall be treated as having expressly waived his/her/its/their right to a jury trial; and

B. **Hold Harmless and Indemnification.** The **PETITIONER(s)** hereby hold(s) the County harmless from the claims of all persons and entities for action(s), inaction(s),

activity(ies), damage(s), expense(s), proposed or undertaken construction, development, or similar work, and loss(es) occurring on the property described in Paragraphs 2 or 3 above, and hereby expressly agrees that the County shall not be liable for any injury(ies) allegedly caused by the tools, materials, or equipment used by the **PETITIONER(s)**, its employees or agents, or used by the **PETITIONER's** contractor(s), or its (contractor(s)) employees or agents. The **PETITIONER(s)** further agree(s) to indemnify and defend the County, its officers, employees, and agents, from any and all claims for bodily injury (including death), personal injury, business damage(s), property damage, and any other losses, damages, and expenses (including attorney's fees), allegedly arising from, related to, or in connection with this Agreement or construction, development, or similar work undertaken thereto; and

- C. **Hazardous, Toxic, Radioactive Substances.** The **PETITIONER(s)** hereby expressly waives its rights to file or otherwise initiate or pursue any claim(s) against the County for personal damage or injury, or damage or injury to property, that is allegedly caused by the allegedly negligent or grossly negligent action or inaction of the County or an officer, employee, or agent of the County, which allegedly arises from, was or is related to, or was or is in connection with this Agreement, or County authorization(s), activity(ies), or inactivity(ies) thereto, and further holds the County harmless from the claims of all persons for the action(s), inaction(s), activity(ies), damage(s), expense(s), and loss(es) occurring on the property described in Paragraphs 2 and 3 above, and further indemnifies the County for all liability arising from any discovery of hazardous, toxic, or radioactive substance materials on the property described in Paragraphs 2 and 3 above, and, in the event such material is discovered, the County shall not be responsible for, and the **PETITIONER(s)** shall be responsible for, the removal of such materials following coordination and written approval by the County. The term(s) "hazardous, toxic, or radioactive substance material" shall mean any hazardous, toxic, or radioactive substance material, matter, or waste, which is or becomes regulated by any federal, state, or local law, ordinance, order, rule, regulation, code, or any other governmental restriction or requirement and shall include petroleum products and asbestos as well as improper or excessive storage of or use of common household cleaning and landscaping chemicals, pesticides, batteries, and the like, and those materials defined as hazardous substance or hazardous waste in the Comprehensive Environmental Response Compensation and Liability Act and/or the Resource Conservation and Recovery Act. The **PETITIONER(s)** shall immediately notify the County of any discharge or discovery of any hazardous, toxic, or radioactive waste at, upon, under, or within the property described in Paragraphs 2 and 3 above, and the **PETITIONER(s)** shall, at his/her/its/their cost and expense, comply with all remedial measures required by any governmental agency having jurisdiction thereto. The **PETITIONER(s)** hereby warrant(s), represent(s), and attest(s), that to the best of his/her/its/their knowledge, the property described in Paragraphs 2 and 3 above are free of any such waste(s), and the **PETITIONER(s)** hereby agree(s) that the County shall not be liable for environmental damages arising from, related to, or in connection with this Agreement and the property described in Paragraphs 2 and 3 above, and further agree that he/she/it/they shall be exclusively liable for environmental damages according to the extent made so by law for periods following the effective date of this Agreement; and

D. The **PETITIONER(s)** hereby agree(s) that no charge(s) or claim(s) shall be made by it for any delay(s) or hindrance(s) allegedly attributable to the County during the progress of any portion of or during the effective date of this Agreement; and

19. **No County Compensation or Payment(s)**. The **PETITIONER(s)** is and shall be exclusively and solely responsible for all costs and expenses required or incurred to/in the completion of any utility relocation project(s) arising from, related to, or in connection with this Agreement. It is hereby mutually and expressly understood by **PETITIONER(s)** and the County that the County shall be responsible for no cost(s) and shall incur no cost(s) arising from, related to, or in connection with any utility relocation project(s) arising from, related to, or in connection with this Agreement. It is further mutually and expressly understood that there are no third-party beneficiaries to this Agreement, and that no Contractor, or any other person or entity, shall look to the County for compensation arising from, related to, or in connection with such utility relocation project(s); and
20. **No Waiver**. The County shall not be deemed to have waived any rights under this Agreement unless such waiver has been given within this instrument expressly, specifically, and unambiguously; and
21. **No Personal Liability**. The County expressly reserves and in no way shall be deemed to have waived, for itself or for its officer(s), employee(s), or agent(s), any sovereign, governmental, and any other similar defense, immunity, exemption, or protection against any suit, cause-of-action, demand, or liability. Further, no covenant, provision, or term of this Agreement shall be deemed to be a covenant or agreement of any officer, employee, or agent of the County in his or her individual capacity, and no officer, employee, or agent of the County shall be liable personally in this Agreement or be subject to any personal liability or accountability by reason of the execution of this Agreement; and
22. **Non-Reliance by Third-Parties**. No person(s) or entity(ies) shall be entitled to rely upon the terms, or any of them, of this Agreement to enforce or attempt to enforce any third-party claim(s) or entitlement(s) to or benefit(s) of any service(s), term(s), or program(s) contemplated hereunder; and
23. **Authorized Signatory**: The signatory(ies) for **PETITIONER(s)**, below, hereby attest(s), certify(ies), and warrant(s) that:
 - A. The **PETITIONER's** name as set forth in this Agreement is his/her/its/their full and correct legal name (if a legal person/entity, as designated in its corporate charter and as formally registered with the State, or, if a trust entity, as designated in its original trust instrument, as amended).
 - B. The individual(s) executing this Agreement is/are duly authorized to so act and execute this Agreement on **PETITIONER's** behalf.
 - C. If/As applicable, this Agreement has been duly approved by the **PETITIONER's** Board of Directors and/or members, consistent with and compliant with **PETITIONER's** Articles of Incorporation, Bylaws, and all federal, state, and local laws and regulations.

D. If **PETITIONER(s)** comprise(s) a legal person/entity, **PETITIONER(s)** shall provide the County with an official list of its current Board of Directors and managers, a properly executed and notarized corporate resolution approving this Agreement, a copy of its current Articles of Incorporation (including all amendments thereto), and a copy of its current Bylaws.

24. **Compliance with Laws.** The **PETITIONER(s)** hereby attests that it has and shall comply with all Articles of Incorporation, Bylaws, laws, ordinances, and governmental rules and regulations applicable to this Agreement and to construction and/or development activity(ies) arising from, related to, or in connection with this Agreement at the property described in Paragraphs 2 and 3 above. The **PETITIONER(s)** shall obtain all necessary and/or required permits, approvals, inspections, and authorizations as may be required by such Articles of Incorporation, Bylaws, laws, ordinances, governmental rules and regulations, and local, state, and federal governments and agencies; and
25. **Jurisdiction, Venue, and Governing Laws.** This Agreement shall be governed by and construed in accordance with the Laws of the State of Florida and the United States. Exclusive venue for any dispute arising under this Agreement shall be in the Sixteenth Judicial Circuit in and for Monroe County, Florida. This Agreement shall not be subject to arbitration. If the County brings an action to enforce provisions or terms contained herein and prevails in any such action, on trial or appeal, the County shall be entitled to reasonable attorney's fees to be paid by the losing party(ies), at figures fixed by the court, as well as the reasonable cost(s) of restoring such land to the natural vegetative and hydrologic condition existing at the time of execution and recordation of this Agreement. These remedies are in addition to any other remedy, fine, or penalty which may be applicable under including, but not limited to, Chapters 162, 373, and 403, Florida Statutes, and any other action at law or in equity; and
26. **Miscellaneous.**
- A. **Financial Responsibility and No Pledge of Credit.** The **PETITIONER(s)** shall not pledge the County's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien, or any form of indebtedness; and
- B. **Duty to Cooperate.** Where required under this Agreement or related agreement(s), the **PETITIONER(s)** shall cooperate with the County's reasonable requests regarding the provisions and terms contained herein; and
27. **Inconsistency, Partial Invalidity, Severability, and Survival of Provisions.** If any condition, obligation, right, or term of this Agreement, or any portion(s) thereof, is/are held to be invalid or unenforceable in or by any administrative hearing officer or court of competent jurisdiction, the invalidity or unenforceability of such condition, obligation, right, or term, or any portion(s) thereof, shall neither limit nor impair the operation, enforceability, or validity of any other condition, obligation, right, or term of this Agreement, or any remaining portion(s) thereof. All such other conditions, obligations, rights, and terms, and remaining portion(s) thereof shall continue unimpaired in full force and effect; and

28. **Captions and Paragraph Headings.** Captions and paragraph headings, where used herein, are inserted for convenience only and are not intended to descriptively limit the scope and intent of the particular paragraph or text to which they refer; and
29. **Authority to Attest.** Each party to this Agreement represents and warrants to the other that the execution, delivery, and performance of this Agreement has been duly authorized by all necessary corporate and other organizational action, as required; and
30. **Binding Effect.** The conditions, obligations, provisions, rights, and terms of this Agreement shall bind and inure to the benefit of the County and **PETITIONER(s)** and their respective personal representative(s), successor(s), and assign(s), and all such conditions, obligations, provisions, rights, and terms shall be construed as running with the land described in Paragraphs 2 and 3 above such that all subsequent title-holders and parties in interest to said property(ies) shall be bound by this Agreement and all of its conditions, obligations, provision, rights, and terms. However, neither this Agreement, nor any part of it, may be conveyed, assigned, or otherwise transferred by or from the **PETITIONER(s)** or its personal representative(s), successor(s), or assign(s), absent County approval as set forth in this Agreement. Any such transfer absent County approval as set forth above shall immediately render this Agreement voidable at the County's election and the County shall not be liable to **PETITIONER(s)**, its personal representative(s), successor(s), or assign(s), or any third-party(ies), for any damage(s) or injury(ies) allegedly sustained by the County's lawful election to so void this Agreement on the basis of such unauthorized transfer (transfer absent County approval as set forth above); and
31. **TO HAVE AND HOLD UNTO THE PARTIES FOREVER.**

This Agreement is made in reliance upon information, representations, and documents provided by the **PETITIONER(S)**. If, at some later date, Monroe County determines that such information, representations, and/or documents contained false or misleading information material to the County's consideration and assent to this Agreement, the County reserves the right, in its discretion, to revoke such consideration and assent and to rescind this Agreement and to pursue all remedies at law and equity, for injuries to the County caused by the submission of such false or misleading material information.

EXECUTED ON THIS 20 day of January, 2016.

RE: Abandon a portion of Spanish Main Drive in Cudjoe Key, FL

Dear Mr. Deegan

The FCAA Board of Directors approved at the July 29, 2015 meeting, the above referenced project

Pursuant to your request, staff has researched your request and the FCAA have no objection to the abandonment of the portion of Spanish Main Drive in Cudjoe Key, FL.

FKAA has a 4-inch water main with flush-out and water meter located within the location of the requested abandonment. The owner has agreed to pay for utilities to be relocated at their expense. Work will require a Utility Permit prior to performing any work on FKAA utilities.

Should you have any questions, please do not hesitate to call this office.

Sincerely,

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Planning & Env. Resources

Bulk Item: Yes No

Staff Contact /Phone #: Richard Jones/289-2805

AGENDA ITEM WORDING:

Approval of Grant Agreement No. 15084 (Agreement) between Monroe County (County) and the Florida Fish and Wildlife Conservation Commission (FWC) providing reimbursement funding to the County in an amount not to exceed \$74,943 for derelict vessel removals, in addition to Boating Improvement Funds used for derelict vessel removals.

ITEM BACKGROUND:

The County Marine Resources Office routinely removes derelict vessels utilizing Boating Improvement Funds (BIF). The number and size of derelict vessels to be removed this fiscal year is anticipated to exceed the current amount budgeted in BIF. In order to supplant BIF funds and provide for additional removals, Marine Resources staff in the spring of 2015 submitted a grant application to the FWC Boating Improvement Program (BIP) for the removal of numerous derelict vessels. The FWC BIP subsequently awarded grant funding to the County for the removal of sixteen derelict vessels at a total project cost of \$99,924 including 75% reimbursement of \$74,943 and a 25% County match of \$24,981. FWC has provided Agreement No.15084 for execution by the County.

Staff has provided Agreement No. 15084 for Board approval.

RE: Contract No. 15084
Florida Boating Improvement Program (FBIP) Grant Agreement
Derelict Vessel Removal

Dear Mr. Jones:

Enclosed are two (2) originals of the Grant Agreement for the FY 15/16 FBIP grant award to the Monroe County for the project **Derelict Vessel Removal**. Please have the Grant Agreement reviewed, signed by the authorized designee and return all originals to me within 90 days of receipt. Upon full execution, an original will be returned to your office.

If you have any questions or need further information, please call me at (850) 717-2108, or e-mail Andrea.Pelton@MyFWC.com. You may also contact Tim Woody at (850) 617-9559, or email Tim.Woody@MyFWC.com

Sincerely,

Andrea Pelton, Grant Specialist

**STATE OF FLORIDA
FLORIDA FISH AND WILDLIFE CONSERVATION COMMISSION**

AGREEMENT NO. 15084

CFDA Title(s): N/A	CFDA No(s): N/A
Name of Federal Agency(s): N/A	
Federal Award No(s): N/A	Federal Award Year(s): N/A
Federal Award Name(s): N/A	
CSFA Title(s): Florida Boating Improvement Program	CSFA No(s): 77.006
State Award No(s): 15084	State Award Year(s): 2015-2016
State Award Name(s): Monroe County, Removal of Derelict Vessels	

This Agreement is entered into by and between the Florida Fish and Wildlife Conservation Commission, whose address is 620 South Meridian Street, Tallahassee, Florida 32399-1600, hereafter "**Commission**," and Monroe County Board of County Commissioners, FEID # 59-6000749, whose address is 2798 Overseas Highway, Suite 420, Marathon FL, hereinafter "**Grantee**."

WHEREAS, the Commission and Grantee have partnered together to remove sixteen derelict vessels from the public waters of Monroe County; and,

WHEREAS, Grantee has been awarded Florida Boating Improvement Program grant 15084; and,

WHEREAS, such benefits are for the ultimate good of the State of Florida, its resources, wildlife, and public welfare.

NOW THEREFORE, the Commission and the Grantee, for the considerations hereafter set forth, agree as follows:

1. PROJECT DESCRIPTION.

The Grantee shall provide the services and perform the specific responsibilities and obligations, as set forth in the Scope of Work, attached hereto as Attachment A and made a part hereof (hereafter, Scope of Work). The Scope of Work specifically identifies project tasks and accompanying deliverables. These deliverables must be submitted and approved by the Commission prior to any payment. The Commission will not accept any deliverable that does not comply with the specified required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable. If this agreement is the result of Grantee responses to the Commission's request for competitive or other grant proposals, the Grantee's response is hereby incorporated by reference.

2. PERFORMANCE.

The Grantee shall perform the activities described in the Scope of Work in a proper and satisfactory manner. Unless otherwise provided for in the Scope of Work, any and all equipment, products or materials necessary or appropriate to perform under this Agreement shall be supplied by the Grantee. Grantee shall obtain all necessary local, state, and federal authorizations necessary to complete this project, and the Grantee shall be licensed as necessary to perform under this Agreement as may be required by law, rule, or regulation; the Grantee shall provide evidence of such compliance to the Commission upon request. The Grantee shall procure all supplies and pay all charges, fees, taxes and incidentals that may be required for the completion of this Agreement. By acceptance of this Agreement, the Grantee warrants that it has the capability in all respects to fully perform the requirements and the integrity and reliability that will assure good-faith performance as a responsible Grantee. Grantee shall immediately notify the Commission's Grant Manager in writing if its ability to perform under the Agreement is compromised in any manner during the term of the Agreement. The Commission shall take appropriate action, including potential termination of this Agreement pursuant to Paragraph nine (9) below, in the event the Grantee's ability to perform under this Agreement becomes compromised.

3. AGREEMENT PERIOD.

A. Agreement Period and Commission's Limited Obligation to Pay. This Agreement is made pursuant to a grant award and shall be effective upon execution by the last Party to sign, and shall remain in effect through 06/30/2017. However, as authorized by Rule 68-1.003, F.A.C., referenced grant programs may execute Agreements with a retroactive start date of no more than sixty (60) days, provided that approval is granted from the Executive Director or his/her designee and that it is in the best interest of the Commission and State to do so. Agreements executed under this grant award shall not precede a start date of 07/01/2015. For this agreement, the retroactive start date was not approved. The Commission's Grant Manager shall confirm the specific start date of the Agreement by written notice to the Grantee. The Grantee shall not be eligible for reimbursement or compensation for grant activities performed prior to the start date of this Agreement nor after the end date of the Agreement. For this agreement, preaward costs may be eligible for reimbursement. Details of allowable expenses are included in Attachment A (Scope of Work). If necessary, by mutual agreement as evidenced in writing and lawfully executed by the Parties, an Amendment to this Agreement may be executed to lengthen the Agreement period.

4. COMPENSATION AND PAYMENTS.

- A. Compensation.** As consideration for the services rendered by the Grantee under the terms of this Agreement, the Commission shall pay the Grantee on a cost reimbursement basis in an amount not to exceed \$74,943.
- B. Payments.** The Commission shall pay the Grantee for satisfactory performance of the tasks identified in Attachment A, Scope of Work, as evidenced by the completed deliverables, upon submission of invoices, accompanied by supporting documentation sufficient to justify invoiced expenses or fees, and after acceptance of services and deliverables in writing by the Commission's Grant Manager identified in Paragraph eleven (11), below. Unless otherwise specified in the Scope of Work, invoices shall be due monthly, commencing from the start date of this Agreement. Invoices must be legible and must clearly reflect the Deliverables that were provided in accordance with the terms of the Agreement for the invoice period. Unless otherwise specified in the Scope of Work, a final invoice shall be submitted to the Commission no later than forty-five (45) days following the expiration date of this Agreement to assure the availability of funds for payment. Further, pursuant to Section 215.971(1)(d), F.S., the Commission may only reimburse the Grantee

for allowable costs resulting from obligations incurred during the agreement period specified in Paragraph three (3).

- C. **Invoices.** Each invoice shall include the Commission Agreement Number and the Grantee's Federal Employer Identification (FEID) Number. Invoices, with supporting documentation, may be submitted electronically to the attention of the Commission's Grant Manager identified in Paragraph eleven (11), below. If submitting hard copies, an original and two (2) copies of the invoice, plus all supporting documentation, shall be submitted. All bills for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. Grantee acknowledges that the Commission's Grant Manager shall reject invoices lacking documentation necessary to justify invoiced expenses.
- D. **Match.** Pursuant to grant program guidelines, the Grantee is required to contribute non-federal match towards this Agreement. If applicable, details regarding specific match requirements are included in Attachment A, Scope of Work.
- E. **Travel Expenses.** If authorized in Attachment A, Scope of Work, travel expenses shall be reimbursed in accordance with Section 112.061, F.S.
- F. **State Obligation to Pay.** The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation and authorization to spend by the Legislature. The Parties hereto understand that this Agreement is not a commitment to future appropriations, but is subject to appropriation and authority to spend provided by the Legislature. The Commission shall be the final authority as to the availability of funds for this Agreement, and as to what constitutes an "annual appropriation" of funds to complete this Agreement. If such funds are not appropriated or available for the Agreement purpose, such event will not constitute a default on behalf of the Commission or the State. The Commission's Grant Manager shall notify the Grantee in writing at the earliest possible time if funds are not appropriated or available.
- G. **Non-Competitive Procurement and Rate of Payment.** Section 216.3475, F.S., requires that under non-competitive procurements, a Grantee may not receive a rate of payment in excess of the competitive prevailing rate for those services unless expressly authorized in the General Appropriations Act. If applicable, Grantee warrants, by execution of this Agreement, that the amount of non-competitive compensation provided in this Agreement is in compliance with Section 216.3475, F.S.
- H. **Time Limits for Payment of Invoices.** Payments shall be made in accordance with Sections 215.422 and 287.0585, F.S., which govern time limits for payment of invoices. Section 215.422, F.S. provides that agencies have five (5) working days to inspect and approve Deliverables, unless the Scope of Work specifies otherwise. If payment is not available within forty (40) days, measured from the latter of the date the invoice is received or the Deliverables are received, inspected and approved, a separate interest penalty set by the Department of Financial Services pursuant to Section 55.03(1), F.S., will be due and payable in addition to the invoice amount. Invoices returned to a Grantee due to preparation errors will result in a payment delay. Invoice payment requirements do not start until a properly completed invoice is provided to the agency.
- I. **Electronic Funds Transfer.** Grantee agrees to enroll in Electronic Funds Transfer (EFT), offered by the State's Chief Financial Officer, within thirty (30) days of the date the last Party has signed this Agreement. Copies of the Authorization form and a sample blank enrollment letter can be found on the vendor instruction page at:

http://www.fldfs.com/aadir/direct_deposit_web/Vendors.htm

Questions should be directed to the State of Florida's EFT Section at (850) 413-5517. Once enrolled, invoice payments will be made by EFT.

- J. Vendor Ombudsman.** A Vendor Ombudsman, whose duties include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from a State agency, may be contacted at (850) 413-5516 or by calling the Chief Financial Officer's Hotline, (800) 342-2762.

5. CERTIFICATIONS AND ASSURANCES.

Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission's Grant Manager a completed copy of the form entitled "Certifications and Assurances," attached hereto and incorporated as Attachment B. This includes both State and Federal requirements, each applicable to the extent this Agreement includes either State-only funding, Federal-only funding, or both.

6. RETURN OR RECOUPMENT OF FUNDS.

- A. Overpayment to Grantee.** Pursuant to Section 215.971(1)(e)&(f), F.S., the Grantee shall return to the Commission any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Agreement that were disbursed to Grantee by the Commission. In the event that the Grantee or its independent auditor discovers that overpayment has been made, the Grantee shall repay said overpayment within forty (40) calendar days without prior notification from the Commission. In the event that the Commission first discovers an overpayment has been made, the Commission will notify the Grantee in writing. Should repayment not be made in a timely manner, the Commission shall be entitled to charge interest at the lawful rate of interest established pursuant to Section 55.03(1), F.S., on the outstanding balance beginning forty (40) calendar days after the date of notification or discovery. Refunds should be sent to the Commission's Grant Manager, and made payable to the "The Florida Fish and Wildlife Conservation Commission."
- B. Additional Costs or Monetary Loss Resulting from Grantee Non-Compliance.** If the Grantee's non-compliance with any provision of the Agreement results in additional cost or monetary loss to the Commission or the State of Florida to the extent allowed by Florida Law, the Commission can recoup that cost or loss from monies owed to the Grantee under this Agreement or any other agreement between Grantee and the Commission. In the event that the discovery of this cost or loss arises when no monies are available under this Agreement or any other agreement between the Grantee and the Commission, the Grantee will repay such cost or loss in full to the Commission within thirty (30) days of the date of notice of the amount owed, unless the Commission agrees, in writing, to an alternative timeframe. If the Grantee is unable to repay any cost or loss to the Commission, the Commission shall notify the State of Florida, Department of Financial Services, for resolution pursuant to Section 17.0415, F.S.

7. COMMISSION EXEMPT FROM TAXES, PROPERTY EXEMPT FROM LIEN.

- A. Commission Exempt from Taxes.** The Grantee recognizes that the State of Florida, by virtue of its sovereignty, is not required to pay any taxes on the services or goods purchased under the terms of this Agreement. Grantee is placed on notice that this exemption generally does not apply to nongovernmental entity recipients, subrecipients, contractors, or subcontractors. Any questions regarding this tax exemption should be addressed to the Commission Grant Manager.
- B. Property Exempt from Lien.** If the Grant involves the improvement of real property titled to the State of Florida, then the following paragraph applies:

The Grantee acknowledges that Property being improved is titled to the State of Florida, and is not subject to lien of any kind for any reason. The Grantee shall include notice of such exemptions in any subcontracts and purchase orders issued hereunder.

8. MONITORING.

The Commission's Grant Manager shall actively monitor the Grantee's performance and compliance with the terms of this Agreement. The Commission reserves the right for any Commission staff to make scheduled or unscheduled, announced or unannounced monitoring visits. Specific State and Federal monitoring terms and conditions are found in Attachment C, Audit Requirements. Additionally, monitoring terms, conditions, and schedules may be included in Attachment A, Scope of Work.

9. TERMINATION.

- A. Commission Termination.** The Commission may unilaterally terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar days of written notice of its intent to terminate. The Grantee shall not be entitled to recover any cancellation charges or lost profits. The Grantee may request termination of the Agreement for convenience.
- B. Termination – Fraud or Willful Misconduct.** This Agreement shall terminate immediately in the event of fraud or willful misconduct. In the event of such termination, the Commission shall provide the Grantee with written notice of termination.
- C. Termination – Other.** The Commission may terminate this Agreement if the Grantee fails to: 1.) comply with all terms and conditions of this Agreement; 2.) produce each deliverable within the time specified by the Agreement or extension; 3.) maintain adequate progress, thus endangering the performance of the Agreement; or, 4.) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences for default. The rights and remedies of the Commission in this clause are in addition to any other rights and remedies provided by law or under the Agreement. The Grantee shall not be entitled to recover any cancellation charges or lost profits.
- D. Termination - Funds Unavailability.** In the event funds to finance this Agreement become unavailable or if federal or state funds upon which this Agreement is dependent are withdrawn or redirected, the Commission may terminate this Agreement upon no less than twenty-four (24) hours' notice in writing to the Grantee. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. The Commission shall be the final authority as to the availability of funds and will not reallocate funds appropriated for this Agreement to another program thus causing "lack of funds." In the event of termination of this Agreement under this provision, the Grantee will be compensated for any work satisfactorily completed and any non-cancellable obligations properly incurred prior to notification of termination.
- E. Grantee Discontinuation of Activities upon Termination Notice.** Upon receipt of notice of termination, the Grantee shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. Upon termination of this Agreement, the Grantee shall promptly render to the Commission all property belonging to the Commission. For the purposes of this section, property belonging to the Commission shall include, but shall not be limited to, all books and records kept on behalf of the Commission.

10. REMEDIES.

- A. Financial Consequences.** In accordance with Sections 215.971(1)(a)&(b), F.S., Attachment A, Scope of Work, contains clearly established tasks in quantifiable units of deliverables that must be received and accepted in writing by the agency before payment. Each deliverable specifies the required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable. If the Grantee fails to produce each deliverable within the time frame specified by the Scope of Work, the budget amount allocated for that deliverable may be deducted from the Grantee's payment. In addition, pursuant to Section 215.971(1)(c), the Commission shall apply any additional financial consequences, identified in the Scope of Work.
- B. Cumulative Remedies.** The rights and remedies of the Commission in this paragraph are in addition to any other rights and remedies provided by law or under the Agreement.

11. NOTICES AND CORRESPONDENCE.

Any and all notices shall be delivered to the individuals identified below. In the event that either Party designates a different Grant Manager after the execution of this Agreement, the Party will provide written notice of the name, address, zip code, telephone and fax numbers, and email address of the newest Grant Manager, or an individual authorized to receive notice on behalf of that Party, to all other Parties as soon as possible, but not later than five (5) business days after the new Grant Manager has been named. A designation of a new Grant Manager shall not require a formal amendment to the Agreement.

 Telephone: (305) 289-2805
 Fax: (305) 289-2536
 Jones-Rich@MonroeCounty-FL-Gov

12. AMENDMENT.

- A. Waiver or Modification.** No waiver or modification of this Agreement or of any covenant, condition, or limitation herein contained shall be valid unless in writing and lawfully executed by the Parties.
- B. Change Orders.** The Commission may, at any time, by written order, make a change to this Agreement. Such changes are subject to the mutual agreement of both Parties as evidenced in writing. Any change which causes an increase or decrease in the Grantee's cost or time shall require an Amendment. Minor changes, such as those updating a Party's contact information, may be accomplished by a Modification.
- C. Renegotiation upon Change in Law or Regulation.** The Parties agree to renegotiate this Agreement if federal and/or state revisions of any applicable laws or regulations make changes in the Agreement necessary.

13. PROPERTY RIGHTS.

If this Agreement includes Federal funds, the provisions of Sections 200.310-200.316, OMB Uniform Guidance (2 CFR 200), and any language addressing Federal rights, apply.

A. Intellectual and Other Intangible Property.

- i. **Grantee's Preexisting Intellectual Property (Proprietary) Rights.** Unless specifically addressed in the Attachment A, Scope of Work, intellectual and other intangible property rights to the Grantee's preexisting property will remain with the Grantee.
- ii. **Proceeds Related to Intellectual Property Rights.** Proceeds derived from the sale, licensing, marketing or other authorization related to any intellectual and other intangible property right created or otherwise developed by the Grantee under this Agreement for the Commission shall be handled in the manner specified by the applicable Florida State Statute and/or Federal program requirements.
- iii. **Commission Intellectual Property Rights.** Where activities supported by this Agreement produce original writing, sound recordings, pictorial reproductions, drawings or other graphic representations and works of any similar nature, the Commission and the State of Florida have the unlimited, royalty-free, nonexclusive, irrevocable right to use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others acting on behalf of the Commission to do so. If this Agreement is supported by federal funds, the federal awarding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so.

B. Purchase or Improvement of Real Property

This agreement is not for the purchase or improvement of real property, therefore, the following terms and conditions do not apply.

- i. **Federal Funds.** Any Federal funds provided for the purchase of or improvements to real property are subject to the Property Standards of Sections 200.310 - 200.316, and 200.329, OMB Uniform Guidance (2 CFR 200), as amended.
- ii. **Title.** If this agreement is supported by state funds, the Grantee shall comply with Section 287.05805, F.S. This section requires the Grantee to grant a security interest in the property to the State of Florida, the type and details of which are provided for in Attachment A, Scope of Work. Title to state-owned real property remains vested in the state. Title to federally-owned real property remains vested in the Federal government in accordance with the provisions of Section 200.312, OMB Uniform Guidance (2 CFR 200), as amended.
- iii. **Use.** Federally-owned real property will be used for the originally authorized purpose as long as needed for that purpose in accordance with Section 200.311, OMB Uniform Guidance (2 CFR 200). State-owned real property will be used as provided in Attachment A, Scope of Work.

- C. **Non-Expendable Property.** The following provisions apply to the extent that the grant allows the acquisition of non-expendable property.

- i. **Non-Expendable Property Defined.** For the requirements of this section of the Agreement, “non-expendable property” is the same as “property” as defined in Section 273.02, F.S. (equipment, fixtures, and other tangible personal property of a non-consumable and non-expendable nature, with a value or cost of **\$1,000.00** or more, and a normal expected life of one (1) year or more; hardback-covered bound books that are circulated to students or the general public, with a value or cost of **\$25.00** or more; and uncirculated hardback-covered bound books, with a value or cost of **\$250.00** or more).
- ii. **Title to Non-Expendable Property.** Title (ownership) to all non-expendable property acquired with funds from this Agreement shall be vested in the Commission and said property shall be transferred to the Commission upon completion or termination of the Agreement unless otherwise authorized in writing by the Commission or unless otherwise specifically provided for in Attachment A, Scope of Work.

D. Equipment and Supplies. The following provisions apply to the extent that the grant allows the acquisition of equipment and supplies.

- i. **Title - Equipment.** Title to equipment acquired under a Federal award will vest upon acquisition in the non-Federal entity in accordance with Sections 200.313 and 200.314, OMB Uniform Guidance (2 CFR 200).
- ii. **Title – Supplies.** Title to supplies will vest in the non-Federal entity upon acquisition. Unused supplies exceeding **\$5,000.00** in total aggregate value upon termination or completion of the project or program are subject to Section 200.314, OMB Uniform Guidance.
- iii. **Use – Equipment.** Equipment must be used by the non-Federal entity in the program or project for which it was acquired as long as needed

14. RELATIONSHIP OF THE PARTIES.

- A. **Independent Grantee.** The Grantee shall perform as an independent grantee and not as an agent, representative, or employee of the Commission. The Grantee covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each Party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Grantee and the Commission.
- B. **Grantee Training and Qualifications.** Grantee agrees that all Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification.
- C. **Commission Security.** All employees, subcontractors, or agents performing work under the Agreement must comply with all security and administrative requirements of the Commission. The Commission may conduct, and the Grantee shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Grantee. The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission’s other requirements. Such refusal shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Commission, in coordination with the

Grantee, may reject and bar from any facility for cause any of Grantee's employees, subcontractors, or agents.

- D. **Commission Rights to Assign or Transfer.** The Grantee agrees that the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this Agreement to another governmental agency in the State of Florida, upon giving prior written notice to the Grantee.
- E. **Commission Rights to Undertake and Award Supplemental Agreements.** Grantee agrees that the Commission may undertake or award supplemental agreements for work related to the Agreement. The Grantee and its subcontractors shall cooperate with such other Grantees and the Commission in all such cases.

15. **SUBCONTRACTS.**

- A. **Authority.** Grantee is permitted to subcontract work under this Agreement, therefore, the following terms and conditions apply. The Grantee shall ensure, and provide assurances to the Commission upon request, that any subcontractor selected for work under this Agreement has the necessary qualifications and abilities to perform in accordance with the terms and conditions of this Agreement. The Grantee must provide the Commission with the names of any subcontractor considered for work under this Agreement; the Commission in coordination with the Grantee reserves the right to reject any subcontractor. The Grantee agrees to be responsible for all work performed and all expenses incurred with the project. Any subcontract arrangements must be evidenced by a written document available to the Commission upon request. The Grantee further agrees that the Commission shall not be liable to the extent allowed by law, to any subcontractor for any expenses or liabilities incurred under the subcontract and the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.
- B. **Grantee Payments to Subcontractor.** If subcontracting is permitted pursuant to Paragraph A, above, Grantee agrees to make payments to the subcontractor upon completion of work and submitted invoice in accordance with the contract between the Grantee and subcontractor. Failure to make payment pursuant to any subcontract will result in a penalty charged against Grantee and paid to the subcontractor in the amount of one-half of one percent (0.50%) of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due."
- C. **Commission Right to Reject Subcontractor Employees.** The Commission in coordination with Grantee shall retain the right to reject any of the Grantee's or subcontractor's employees whose qualifications or performance, in the Commission's judgment, are insufficient.
- D. **Subcontractor as Independent Contractor.** If subcontracting is permitted pursuant to Paragraph A above, the Grantee agrees to take such actions as may be necessary to ensure that each subcontractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, or partner of the State of Florida.

16. **MANDATORY DISCLOSURE.**

These disclosures are required by State law, as indicated, and apply when this Agreement includes State funding; and by Federal law, as indicated, and apply when the Agreement includes a Federal award.

- A. Disclosure of Interested State Employees and Conflict of Interest.** This Agreement is subject to Chapter 112, F.S. Grantee shall provide the name of any officer, director, employee, or other agent who is affiliated with this project and an employee of the State of Florida. If the Agreement includes a Federal award, then the Agreement is also subject to Section 200.112, OMB Uniform Guidance (2 CFR 200). Grantee must disclose, in writing, any potential conflict of interest to the Commission in accordance with applicable Federal awarding agency policy.
- B. Convicted Vendors.** Grantee shall have a continuing obligation to disclose, to the Commission, in writing, if it, its principals, recipient, subrecipient, contractor, or subcontractor, are on the convicted vendors list maintained by the Florida Department of Management Services pursuant to Section 287.133(3)(d), F.S.
- i. Convicted Vendor List.** Pursuant to Subsection 287.133(2)(a), F.S., a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not be awarded or perform work as a Grantee, supplier, subcontractor or consultant under a contract with any public entity and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list. The State of Florida, Department of Management Services, Division of State Purchasing provides listings for convicted, suspended, discriminatory and federal excluded parties, as well as the vendor complaint list at:
- http://www.dms.myflorida.com/business_operations/state_purchasing/vendor_information/convicted_suspended_discriminatory_complaints_vendor_lists
- ii. Notice of Conviction of Public Entity Crime.** Any person must notify the Department of Management Services and the Commission, in writing, within thirty (30) days after conviction of a public entity crime applicable to that person or an affiliate of that person as defined in Section 287.133, F.S.
- C. Vendors on Scrutinized Companies List.**
- i. Scrutinized Companies.** If this Agreement is in the amount of **\$1 million dollars or more**, in executing this Agreement, the Grantee shall have an ongoing obligation to disclose to the Commission if it, its subrecipient, contractor, or subcontractor, is listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, F.S., or is engaged in business operations in Cuba or Syria. Section 287.135, F.S.
- ii. False Certification – Termination.** Pursuant to Subsection 287.135(3)(b), F.S., the Commission may immediately terminate this Agreement for cause if the Grantee is found to have submitted a false certification or if, during the term of the Agreement, the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engages in business operations in Cuba or Syria.
- iii. False Certification – Termination Notice.** If the Commission determines that the Grantee has submitted a false certification, the Commission will provide written notice to the Grantee. Unless the Grantee demonstrates in writing, within ninety (90) days of receipt of the notice, that the Commission’s determination of false certification was made in error, the Commission shall bring a civil action against the Grantee. If the Commission’s determination is upheld, a civil penalty equal to the greater of **\$2,000,000.00** or twice the amount of this Agreement shall be imposed on

the Grantee, and the Grantee will be ineligible to bid on any agreement with an agency or local governmental entity for three (3) years after the date of the Commission's determination of false certification by the Grantee.

- iv. **Cessation of Federal Authority.** In the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified in this paragraph, this provision shall be null and void to the extent no longer authorized.

D. Discriminatory Vendors. Grantee shall disclose to the Commission, in writing, if they, their subrecipient, contractor, or subcontractor, are on the Discriminatory Vendor List maintained by the Florida Department of Management Services pursuant to Section 287.134(3)(d), F.S. "An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity." Section 287.134(2)(a), F.S.

E. Prompt Disclosure of Litigation, Investigations, Arbitration, or Administrative Proceedings. Throughout the term of the Agreement, the Grantee has a continuing duty to promptly disclose to the Commission's Grant Manager, in writing, upon occurrence, all civil or criminal litigation, investigations, arbitration, or administrative proceedings (Proceedings) relating to or affecting the Grantee's ability to perform under this agreement. If the existence of such Proceeding causes the Commission concern that the Grantee's ability or willingness to perform the Agreement is jeopardized, the Grantee may be required to provide the Commission with reasonable assurances to demonstrate that: a.) the Grantee will be able to perform the Agreement in accordance with its terms and conditions; and, b.) Grantee and/or its employees or agents have not and will not engage in conduct in performing services for the Commission which is similar in nature to the conduct alleged in such Proceeding.

F. Certain Violations of Federal Criminal Law. If this agreement includes a Federal award, then in accordance with Section 200.113, OMB Uniform Guidance (2 CFR 200), Grantee must disclose, in a timely manner, in writing to the Commission all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

17. INSURANCE.

The Grantee warrants and represents that it is insured, or self-insured for liability insurance, in accordance with applicable state law and that such insurance or self-insurance offers protection applicable to the Grantee's officers, employees, servants and agents while acting within the scope of their employment with the Grantee.

18. SPONSORSHIP.

As required by Section 286.25, F.S., if any recipient, subrecipient, contractor or subcontractor under this grant is a nongovernmental organization which sponsors a program financed wholly or in part by state funds, including any funds obtained through this Agreement, it shall, in publicizing, advertising, or describing the sponsorship of the program, state: "Sponsored by (Grantee's name) and the State of Florida, Fish and Wildlife Conservation Commission." If the sponsorship reference is in written material, the words "State of Florida, Fish and Wildlife Conservation Commission" shall appear in the same size letters or type

as the name of the Grantee's organization. Additional sponsorship requirements may be specified in Attachment A, Scope of Work.

19. PUBLIC RECORDS.

- A. This Agreement may be unilaterally canceled by the Commission for refusal by the Grantee to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S., and made or received by the Grantee in conjunction with this Agreement, unless exemption for such records is allowable under Florida law.
- B. If the Grantee, or other recipient, subrecipient, contractor or subcontractor, meets the definition of "Contractor" in Section 119.0701(1)(a), F.S., the Grantee shall comply with the following:
- i. Keep and maintain public records that ordinarily and necessarily would be required by the Commission in order to perform the service.
 - ii. Provide the public with access to public records on the same terms and conditions that the Commission would provide the records and at a cost that does not exceed the cost provided in Chapter 119, F.S. or as otherwise provided by law.
 - iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
 - iv. Meet all requirements for retaining public records and transfer, at no cost, to the Commission all public records in possession of the Grantee upon termination of the Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the Commission.

20. COOPERATION WITH INSPECTOR GENERAL.

Pursuant to subsection 20.055(5), F.S., Contractor, and any subcontractor to the Contractor, understand and will comply with their duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Inspector General or any other authorized State official, the Contractor shall provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but shall not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor shall retain such records for three (3) years after the expiration of the Contract, or the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>), whichever is longer. The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees.

21. SECURITY AND CONFIDENTIALITY.

The Grantee shall not divulge to third parties any clearly marked confidential information obtained by the Grantee or its agents, distributors, resellers, subcontractors, officers or employees in the course of

performing Grant work. To ensure confidentiality, the Grantee shall take appropriate steps regarding its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Grant.

22. RECORD KEEPING REQUIREMENTS.

- A. Grantee Responsibilities.** The Grantee shall maintain accurate books, records, documents and other evidence that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement, in accordance with generally accepted accounting principles.
- B. State Access to Grantee Books, Documents, Papers, and Records.** The Grantee shall allow the Commission, the Chief Financial Officer of the State of Florida, the Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or authorized representatives of the state or federal government to have access to any of the Grantee's books, documents, papers, and records, including electronic storage media, as they may relate to this Agreement, for the purposes of conducting audits or examinations or making excerpts or transcriptions.
- C. Grantee Records Retention.** Unless otherwise specified in Attachment A, Scope of Work, these records shall be maintained for five (5) years following the close of this Agreement. The Grantee shall cooperate with the Commission to facilitate the duplication and transfer of such records upon the Commission's request.
- D. Grantee Responsibility to Include Records Requirements – Subcontractors.** In the event any work is subcontracted under this Agreement, the Grantee shall include the aforementioned audit and record keeping requirements in all subsequent contracts.
- E. Compliance with Federal Funding Accountability and Transparency.** Any federal funds awarded under this Agreement must comply with the Federal Funding Accountability and Transparency Act (FFATA) of 2006. The intent of the FFATA is to empower every American with the ability to hold the government accountable for each spending decision. The result is to reduce wasteful spending in the government. The FFATA legislation requires that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website: <http://www.USASpending.gov>. Grant recipients awarded a new Federal grant greater than or equal to **\$25,000.00** awarded on or after October 1, 2010 are subject to the FFATA. The Grantee agrees to provide the information necessary, over the life of this Agreement, for the Commission to comply with this requirement.

23. FEDERAL AND FLORIDA SINGLE AUDIT ACT REQUIREMENTS.

Pursuant to the FSAA (or Federal) Vendor / Recipient Determination Checklist, the Grantee has been determined to be a recipient of state financial assistance and/or a subrecipient of a federal award. Therefore, pursuant to Section 215.97, F.S. and/or OMB Uniform Guidance (2 CFR 200), the Grantee may be subject to the audit requirements of the Florida and/or Federal Single Audit Acts. If applicable, the Grantee shall comply with the audit requirements outlined in Attachment C, "Requirements of the Federal and Florida Single Audit Acts," attached hereto and made a part of the Agreement, as applicable.

- 24. FEDERAL FUNDS. No Federal Funds are applied to this Agreement, therefore, the following terms and conditions do not apply.**

- A. Prior Approval to Expend Federal Funds to Federal Agency or Employee.** The Grantee shall be responsible for complying with all federal grant requirements as provided in its grant, a copy of which is attached hereto and made a part hereof as Attachment D. It is understood and agreed that the Grantee is not authorized to expend any federal funds under this Agreement to a federal agency or employee without the prior written approval of the awarding federal agency.
- B. Compliance with Federal Laws, Rules and Regulations.** As applicable, the Grantee shall comply with all federal laws, rules, and regulations, including but not limited to:
- i. Equal Employment Opportunity.** Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Chapter 60). Section 200.326 and Appendix II, OMB Uniform Guidance (2 CFR 200), Applicable, except as otherwise provide under 41 CFR Part 60, to any grant, contract, loan, insurance, or guarantee involving Federal assisted construction.
 - ii. Davis-Bacon Act.** The Davis-Bacon Act, 40 U.S.C. 3141-3148, as supplemented by Department of Labor regulations at 29 CFR Part 5. Appendix II, OMB Uniform Guidance (2 CFR 200). Applicable to contractors and subcontractors performing on federally funded or assisted contracts in excess of **\$2,000.00** for the construction, alteration, or repair (including painting and decorating) of public buildings or public works. Under this Act, contractors and subcontractors must pay their laborers and mechanics employed under the contract no less than the locally prevailing wages and fringe benefits for corresponding work on similar projects in the area.
 - iii. Copeland "Anti-Kickback Act.** The Copeland "Anti-Kickback" Act, 40 U.S.C. 3141-3148, and 3146-3148, as supplemented by Department of Labor regulations (29 CFR Part 5), Appendix II, OMB Uniform Guidance (2 CFR 200). Applicable to contracts awarded by a non-Federal entity in excess of **\$100,000.00** that involve employment of mechanics or laborers. Under this Act, contractors and subrecipients are prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.
 - iv. Contract Work Hours and Safety Standards Act.** Sections 103 and 107 of the Agreement Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR part 5). Appendix II, OMB Uniform Guidance (2 CFR 200). Applicable to construction agreements awarded by grantees and subgrantees in excess of **\$2,000.00**, and in excess of **\$2,500.00** for other agreements which involve the employment of mechanics or laborers. Under this Act, contractors and subcontractors must compute wages of mechanics and laborers (workers) on the basis of a standard forty (40) hour work week; provide workers no less than time and a half for hours worked in excess of the forty (40) hour work week; and not require workers to work in surroundings or work conditions that are unsanitary, hazardous, or dangerous.
 - v. Rights to Inventions Made Under a Contract or Agreement.** 37 CFR 401. If the Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or Subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under the "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants,

Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Appendix II, OMB Uniform Guidance (2 CFR 200).

- vi. **Clean Air Act and Water Pollution Control Act.** All applicable standards, orders, or requirements issued under the Clean Air Act (42 U.S.C. 7401-7671q), and the Water Pollution Control Act (33 U.S.C. 1251-1387, as amended). Appendix II, OMB Uniform Guidance (2 CFR 200).
- vii. **Energy Efficiency.** Mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871). Appendix II, OMB Uniform Guidance (2 CFR 200).
- viii. **Drug-Free Workplace.** Pursuant to the Drug-Free Workplace Act of 1988, and its implementing regulations codified at 29 CFR Part 94, the Grantee will provide a drug-free workplace.
- ix. **Trafficking Victims Protection Act of 2000.** This federal award is subject to the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104(g), 2 CFR 175.15). As such, the awarding federal agency may unilaterally terminate this award without penalty for violations of this Act. If any recipient, subrecipient, contractor or subcontractor under this grant is a private entity, the following provision applies to the federal award:
 - 1. You as the recipient, your employees, subrecipients under this award, and subrecipients' employees may not—
 - a. Engage in severe forms of trafficking in persons during the period of time that the award is in effect;
 - b. Procure a commercial sex act during the period of time that the award is in effect; or
 - c. Use forced labor in the performance of the award or subawards under the award.
- x. **Debarment and Suspension.**
 - 1. **Grantee Federal Certification.** In accordance with Federal Executive Order 12549, Debarment and Suspension, the Grantee shall agree and certify that neither it, nor its principals, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency; and, that the Grantee shall not knowingly enter into any lower tier agreement, or other covered transaction, with a person who is similarly debarred or suspended from participating in this covered transaction.
- xi. **Prohibition against Lobbying.**
 - 1. **Grantee Certification – Payments to Influence.** The Grantee certifies that no Federal appropriated funds have been paid or will be paid, on or after December 22, 1989, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with

the awarding, renewal, amending or modifying of any Federal agreement, grant, or cooperative agreement. If any non-federal funds are used for lobbying activities as described above in connection with this Agreement, the Grantee shall submit Standard Form-LLL, "Disclosure Form to Report Lobbying", and shall file quarterly updates of any material changes. The Grantee shall require the language of this certification to be included in all subcontracts, and all subcontractors shall certify and disclose accordingly.

2. Grantee – Refrain from Subcontracting with Certain Organizations. Pursuant to the Lobbying Disclosure Act of 1995, the Grantee agrees to refrain from entering into any subcontracts under this Agreement with any organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, unless such organization warrants that it does not, and will not, engage in lobbying activities prohibited by the Act as a special condition of the subcontract.

3. Prohibition against Using Agreement Funds for the Purpose of Lobbying. In accordance with Section 216.347, F.S., the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency. Upon request of the Commission's Inspector General, or other authorized State official, the Grantee shall provide any type of information the Inspector General deems relevant to the Grantee's integrity or responsibility.

xii. Lacey Act, 16 U.S.C 3371-3378. This Act prohibits trade in wildlife, fish and plants that have been illegally taken, possessed, transported or sold.

xiii. Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801-1884. This Act governs marine fisheries in Federal waters.

xiv. Migratory Bird Treaty Act, 16 U.S.C. 703-712. The Act prohibits anyone, unless permitted, to pursue, hunt, take, capture, kill, attempt to take, capture or kill, possess, offer for sale, sell, offer to purchase, deliver for shipment, ship, cause to be shipped, deliver for transportation, transport, cause to be transported, carry or cause to be carried by any means whatsoever, receive for shipment, transport of carriage, or export, at any time, or in any manner, any migratory bird, or any part, nest, or egg of such bird.

xv. Endangered Species Act, 16 U.S.C. 1531, et seq. The Act provides a program for the conservation of threatened and endangered plants and animals and the habitat in which they are found. The Act also prohibits, unless approved or exempt, any action that causes a "taking" of any listed species of endangered fish or wildlife. Also generally prohibited are the import, export, interstate, and foreign commerce of listed species.

C. Compliance with Office of Management and Budget Circulars. As applicable, Grantee shall comply with the following Office of Management and Budget (OMB) Uniform Guidance (2 CFR 200).

25. AGREEMENT-RELATED PROCUREMENT.

A. PRIDE. In accordance with Section 946.515(6), F.S., if a product or service required for the performance of this Agreement is certified by or is available from Prison Rehabilitative Industries

and Diversified Enterprises, Inc. (PRIDE) and has been approved in accordance with Subsection 946.515(2), F.S., the following statement applies:

It is expressly understood and agreed that any articles which are the subject of, or required to carry out, under this contract shall be purchased from [PRIDE] in the same manner and under the same procedures set forth in subsections 946.515(2) and (4), F.S.; and for purposes of this contract the person, firm or other business entity carrying out the provisions of this contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned.

The above clause is not applicable to subcontractors unless otherwise required by law. Additional information about PRIDE and the products it offers is available at <http://www.pride-enterprises.org>.

- B. Respect of Florida.** In accordance with Subsection 413.036(3), F.S., if a product or service required for the performance of this Agreement is on the procurement list established pursuant to Subsection 413.035(2), F.S., the following statement applies:

It is expressly understood and agreed that any articles that are the subject of, or required to carry out, under this contract shall be purchased from a nonprofit agency for the blind or for the severely handicapped that is qualified pursuant to Chapter 413, F.S., in the same manner and under the same procedures set forth in Subsections 413.036(1) and (2), F.S.; and for purposes of this agreement, the person, firm or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the state agency insofar as dealings with such qualified nonprofit agency are concerned.

Additional information about the designated nonprofit agency and the products it offers is available at <http://www.respectofflorida.org>.

- C. Procurement of Recycled Products or Materials.** The Grantee agrees to procure any recycled products or materials which are the subject of or are required to carry out this Agreement in accordance with Section 403.7065, F.S.

31. PROFESSIONAL SERVICES.

- A. Architectural, Engineering, Landscape Architectural, or Survey and Mapping.** If this Agreement is for the acquisition of professional architectural, engineering, landscape architectural, or surveying and mapping services, and is therefore subject to Section 287.055, F.S., the following provision applies:

The architect (or registered surveyor and mapper or professional engineer, as applicable) warrants that he or she has not employed or retained any company or person, other than a bona fide employee working solely for the architect (or registered surveyor and mapper, or professional engineer, as applicable) to solicit or secure this contract and that he or she has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the architect (or registered surveyor and mapper or professional engineer, as applicable) any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this contract.

- B. **Termination for Breach.** For the breach or violation of this provision, the Commission shall have the right to terminate the Agreement without liability and, at its discretion, to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

32. INDEMNIFICATION.

If the Grantee is a state agency or subdivision, as defined in Subsection 768.28(2), F.S., pursuant to Subsection 768.28(19), F.S., neither Party indemnifies nor insures the other Party for the other Party's negligence. If the Grantee is not a state agency or subdivision as defined above, the Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and the Commission, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by the Grantee, its agents, employees, partners, or subcontractors, provided, however, that the Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or the Commission.

33. NON-DISCRIMINATION.

- A. **Non-Discrimination in Performance.** No person, on the grounds of race, creed, color, national origin, age, sex, or disability, shall be excluded from participation in, be denied the proceeds or benefits of, or be otherwise subjected to discrimination in performance of this Agreement.
- B. **Discriminatory Vendor List.** In accordance with Section 287.134, F.S., an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Grantee has a continuing duty to disclose to the Commission whether they appear on the discriminatory vendor list.

34. SEVERABILITY, CHOICE OF LAW, AND CHOICE OF VENUE.

This Agreement has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement. Any action in connection herewith, in law or equity, shall be brought in Leon County, Florida, to the exclusion of all other lawful venues.

35. NO THIRD PARTY RIGHTS.

The Parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any person not a Party to this Agreement.

36. JURY TRIAL WAIVER.

As part of the consideration for this Agreement, the Parties hereby waive trial by jury in any action or proceeding brought by any Party against any other Party pertaining to any matter whatsoever arising out of or in any way connected with this Agreement, or with the products or services provided under this Agreement, including but not limited to any claim by the Grantee of *quantum meruit*.

37. PROHIBITION OF UNAUTHORIZED ALIENS.

In accordance with federal Executive Order 96-236, the Commission shall consider the employment by the Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this Agreement if the Grantee knowingly employs unauthorized aliens.

38. EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY).

- A. Requirement to Use E-Verify.** Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires Commission contracts in excess of nominal value to expressly require the Grantee to: 1.) utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Grantee during the contract term; and, 2.) include in all subcontracts under this Agreement, the requirement that subcontractors performing work or providing services pursuant to this contract utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the subcontract.
- B. E-Verify Online.** E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States after the effective date of the required Memorandum of Understanding (MOU); the responsibilities and elections of federal contractors, however, may vary, as stated in Article II.D.1.c. of the MOU. There is no charge to employers to use E-Verify. The Department of Homeland Security's E-Verify system can be found online at http://www.dhs.gov/files/programs/gc_1185221678150.shtm
- C. Enrollment in E-Verify.** If the Grantee does not have an E-Verify MOU in effect, the Grantee must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.
- D. E-Verify Recordkeeping.** The Grantee further agrees to maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the Commission or other authorized state entity consistent with the terms of the Grantee's enrollment in the program. This includes maintaining a copy of proof of the Grantee's and subcontractors' enrollment in the E-Verify Program (which can be accessed from the "Edit Company Profile" link on the left navigation menu of the E-Verify employer's homepage).
- E. Employment Eligibility Verification.** Compliance with the terms of the Employment Eligibility Verification provision is made an express condition of this Agreement and the Commission may treat a failure to comply as a material breach of the Agreement.

39. FORCE MAJEURE AND NOTICE OF DELAY FROM FORCE MAJEURE.

Neither Party shall be liable to the other for any delay or failure to perform under this Agreement if such delay or failure is neither the fault nor the negligence of the Party or its employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Party's control, or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. However, in the event of delay from the foregoing causes, the Party shall take all reasonable measures to mitigate any and all resulting delay or disruption in the Party's performance obligation under this Agreement. If the delay is excusable under this paragraph, the delay will not result in any additional charge or cost under the Agreement to either Party. In the case of any delay the Grantee believes is excusable under this paragraph, Grantee shall notify the Commission's Grant Manager in writing of the delay or potential delay and describe the cause of the delay either: (1) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the Grantee could reasonably foresee that a delay could occur as a result; or (2) within five (5) calendar days after the date Grantee first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. **THE FOREGOING SHALL CONSTITUTE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. The Commission, in its sole discretion, will determine if the delay is excusable under this paragraph and will notify the Grantee of its decision in writing. No claim for damages, other than for an extension of time, shall be asserted against the Commission. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from the Commission for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the Grantee shall perform at no increased cost, unless the Commission determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the Commission or the State, in which case, the Commission may terminate the Agreement in whole or in part.

40. ENTIRE AGREEMENT.

This Agreement with all incorporated attachments and exhibits represents the entire Agreement of the Parties. Any alterations, variations, changes, modifications or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, and duly signed by each of the Parties hereto, unless otherwise provided herein. In the event of conflict, the following order of precedence shall prevail; this Agreement and its attachments, the terms of the solicitation and the Grantee's response to the solicitation.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed through their duly authorized signatories on the day and year last written below.

- Attachment C Requirements of the Federal and Florida Single Audit Acts
- Attachment D Cost Reimbursement Contract Payment Requirements
- Attachment E Sample Invoice Form
- Attachment F Project Progress Report Form
- Attachment G Certification of Completion Form

Attachment A – SCOPE OF WORK

Project Name:	Monroe County, Derelict Vessel Removal	FWC Contract No.	15084
----------------------	--	-------------------------	-------

1. INTRODUCTION

- A. Purpose:** The purpose of this project is to remove sixteen derelict vessels from the public waters of Monroe County.
- B. Project Benefits:** The removal of these derelict vessels will improve boating safety by removing hazards to navigations. This project will also help to restore sensitive marine resources and improve water quality.

2. PROJECT DESCRIPTION

A. Deliverable(s):

1. Remove and dispose of 16 derelict vessels.
 2. The Grantee shall provide to the Commission a Final Disposition Report. This report shall contain the list of all derelict vessels removed and the disposition of each derelict vessel, photographs of each derelict vessel, and an "Incident/Summary Report Narrative" (FWC/DLE-045A) completed by a Commission law enforcement officer verifying removal of each derelict vessel. The photographs shall document the condition of the vessel prior to removal, the removal process, and the final disposition of the vessel. Each photograph shall be labeled with the Derelict Vessel Number assigned to that vessel.
- B. Tasks:** the Grantee shall provide all labor, equipment, and materials to remove each derelict vessel listed below from the public waters of Monroe County and properly dispose of the vessels in the designated disposal location:

- 1) FWSB-14-OFF-006765
Description: 50' cabin cruiser, D0511733
Location 24°41.441' N, 81°06.718' W
Disposal: Landfill
- 2) FWSB-14-OFF-009848
Description: 37' houseboat, FL6327NX
Location: 25° 05.39298' N, 80° 26.904' W
Disposal: Landfill
- 3) FWSB-14-OFF-009335
Description: 27' sailboat, FL4903LE
Location: 25° 07.06698' N, 80° 25.51602' W
Disposal: Landfill
- 4) FWSB-15-OFF-000082
Description: 20' migrant vessel,
Location: 24° 39.35298' N, 81° 19.54698' W
Disposal: Landfill

Location: 24° 34.062' N, 81° 43.338' W
Disposal: Landfill

3. PERFORMANCE

- A. Commencement of Work:** The Grantee shall commence work on Phase I of the Project within 90 days of execution of the Agreement. Failure by the Grantee to begin work shall constitute a breach of the Agreement and may result in termination of the Agreement by the Commission.
- B. Criteria for Evaluating Successful Completion:** The Grantee shall complete the project as described in this Scope of Work and Florida Boating Improvement Program Application 15-043, incorporated herein by reference, according to the approved bid specifications. Failure to complete the project in a satisfactory manner could result in financial consequences as specified herein.
- C. Procurement:** The Grantee shall procure goods and services through a competitive solicitation process in accordance with Chapter 287, Florida Statutes. The Grantee shall forward one copy of any solicitation to the Commission's Grant Manager for review prior to soliciting for quotations or commencing any work. The Commission's Grant Manager shall have 30 working days for review. This review shall ensure that minimum guidelines for the Project's scope of work are adhered to. The Grantee shall forward one copy of the bid tabulation, or similar list of responses to the solicitation, along with the award recommendation to the Commission's Grant Manager
- D. Engineering:** If applicable, all engineering must be completed by a professional engineer or architect registered in the State of Florida. All work must meet or exceed minimum design standards and guidelines established by all applicable local, state and federal laws.

4. FINANCIAL CONSEQUENCES

The Commission may restrict any or all payment of Program funds for failure to complete the Project as described herein within the timeframe allowed, or for failure to correct any Project deficiencies, as noted in the final Project inspection.

Attachment A – SCOPE OF WORK

Project Name:	Monroe County, Derelict Vessel Removal	FWC Contract No.	15084
----------------------	--	-------------------------	-------

5. COMPENSATION AND PAYMENT

- A. Compensation:** For satisfactory completion of the tasks described in this Scope of Work, by the Grantee under the terms of this Agreement, the Commission shall pay the Grantee on a cost reimbursement basis in an amount not to exceed \$74,943. The Grantee shall be reimbursed only for budgeted expenses that are directly related to the project. The Grantee may be eligible for costs incurred prior to the execution of this Agreement as allowable by Chapter 68-1.003, Florida Administrative Code, and the Florida Boating Improvement Program Guidelines.
- B. Cost Share:** The Grantee agrees to provide 25% of the total cost of the project as indicated in FBIP Grant Application No. 15-043. The total compensation by the Commission shall be \$74,943 or 75% of the total cost for the project whichever is less.
- C. Salvage Value:** The GRANTEE shall be entitled to the salvage value of any grant-designated derelict vessel or any part(s) or accessories thereof, excluding the hull, not used in the construction of a permitted artificial reef site. All such salvage activities not essential to the physical removal of a derelict vessel shall be accomplished after the vessel has been removed from public waters. The salvage value of each vessel shall be deducted by the GRANTEE when determining the reimbursement request for the removal and disposal costs for each derelict vessel.
- D. Travel Expenses:** No travel expenses are authorized under the terms of this agreement.
- E. Invoice Schedule:** The Grantee may submit a request for reimbursement for pre-agreement costs (tasks 1-6 as described herein). A final reimbursement request must be submitted within 30 days after completion of the Project and acceptance of deliverables in writing by the Commission's Grant Manager. The Commission shall have 45 working days to inspect and approve goods and services.
- F. Forms and Documentation:** The Grantee shall be reimbursed on a cost reimbursement basis in accordance with Comptroller Contract Payment Requirements as shown in the Department of Financial Services, Bureau of Accounting and Auditing, Voucher Processing Handbook, Chapter 4., C., I., attached hereto and made a part hereof as Attachment D.

The request for reimbursement shall include an invoice in a format similar to Attachment E, Sample Invoice Form, which shall include the FWC Contract Number, the Grantee's Federal Employer Identification (FEID) Number, and indicate the dates of service. The invoice shall be accompanied by a Certification of Completion, photographs to document project completion, an itemized list of all project expenditures, and copies of invoices and cancelled checks or check numbers to document payment for all project expenditures.

6. MONITORING

- A. Compliance Monitoring and Corrective Actions:** The Commission will monitor the Grantee's service delivery to determine if the Grantee has achieved the required level of performance. If the Commission at its sole discretion determines that the Grantee failed to meet any of the Terms and Conditions of this Agreement, the Grantee will be sent a formal written notice. The Grantee shall correct all identified deficiencies within forty-five (45) days of notice. Failure to meet 100% compliance with all of the Terms and Conditions of this Agreement or failure to correct the

Attachment A – SCOPE OF WORK

Project Name:	Monroe County, Derelict Vessel Removal	FWC Contract No.	15084
----------------------	--	-------------------------	-------

deficiencies identified in the notice within the time frame specified may result in delays in payment or termination of this Agreement in accordance with the Termination section.

- B. Site Inspections:** The Commission may inspect the Project site prior to and, if applicable, during the construction of the Project. The Grantee shall notify the Commission's Grant Manager when the Project has reached substantial completion so that inspection may occur in a timeframe allowing for the timely submission and processing of the final invoice. The Commission's Grant Manager, or designee, shall inspect the work accomplished on the Project and, if deemed complete and in compliance with the terms of the Agreement, approve the request for payment.

The Grantee shall allow unencumbered access to the Project site to the Commission, its employees or agent for the duration of the Agreement for the purpose of site visit or inspection to verify the facility is being maintained, in operation and is open and available to the public. As part of the inspection, the Commission may request maintenance and use information from the Grantee to validate the condition of the facility.

- C. Project Progress Reports:** The Grantee shall submit to the Commission, on a monthly basis, project progress reports outlining the progress of the Project, identifying any problems that may have arisen, and actions taken to correct such problems. Such reports shall be submitted on the Project Progress Report Form attached hereto and made a part hereof as Attachment F. Reports are due to the Commission's Grant Manager by the 15th of the month immediately following the reporting period until the Certification of Completion is submitted.

- D. Certificate of Completion:** Upon completion of the Project, the Grant Manager for the Grantee shall sign a Certification of Completion form, Attachment G, attached hereto and made a part hereof, that certifies the Project was completed in accordance with the Scope of Work and the Agreement.

7. INTELLECTUAL PROPERTY RIGHTS

No additional requirements. Refer to Section 13 of the Agreement.

8. SUBCONTRACTS

No additional requirements. Refer to Section 15 of the Agreement.

9. INSURANCE

No additional requirements. Refer to Section 17 of the Agreement.

10. SECURITY AND CONFIDENTIALITY

No additional requirements. Refer to Section 20 of the Agreement.

11. RECORD KEEPING REQUIREMENTS

No additional requirements. Refer to Section 21 of the Agreement.

Attachment A – SCOPE OF WORK

Project Name:	Monroe County, Derelict Vessel Removal	FWC Contract No.	15084
----------------------	--	-------------------------	-------

12. NON-EXPENDABLE PROPERTY

The Grantee is not authorized to use funds provided herein for the purchase of any non-expendable equipment or personal property valued at \$1,000 or more for performance under this Agreement.

13. PURCHASE OR IMPROVEMENT OF REAL PROPERTY

No additional requirements. Refer to Section 13B of the Agreement.

CERTIFICATIONS AND ASSURANCES

The Commission will not enter this Agreement unless Grantee completes, signs and returns to the Commission, the CERTIFICATIONS AND ASSURANCES contained in this Attachment. In performance of this Agreement, Grantee, through its duly authorized representative, certifies that it has read and provides the certifications and assurances below; and acknowledges it has an ongoing obligation to give written notice to the Commission, within a reasonable time, following any change in status regarding these certifications and assurances.

Part I: State Certifications and Assurances.
If this Agreement is supported by State funding,
then the following Certifications and Assurances apply.

- A. Interested State Employees, Chapter 112, F.S.** Grantee certifies to the best of its knowledge, that none of its officers, directors, employees or other agents is also an employee of the State of Florida who owns, directly or indirectly, an interest of five percent (5%) or more in the Grantee or its affiliates.
- B. Conflict of Interest, Section 200.112, OMB Uniform Guidance (2 CFR 200).** If this Agreement includes a Federal award, Grantee certifies that neither it, its principals, or agents, have a conflict of interest with either the Commission or the Federal awarding agency.
- C. Convicted Vendors, Section 287.133, F.S.** Grantee certifies that it, its principals, recipients, subrecipients, contractors, and subcontractors, are not on the Convicted Vendors List as maintained by the Department of Management Services, pursuant to Section 287.133(3)(d), F.S.
- D. Scrutinized Companies List, Sections 287.135 and 215.473, F.S.** If this Agreement is in the amount of **\$1 million or more**, Grantee certifies that to the best of its knowledge, it, its principals, recipients, subrecipients, contractors, and subcontractors are not:
 - a. On the Scrutinized Companies with Activities in Sudan List;
 - b. On the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or
 - c. Engaged with business operations in Cuba or Syria.
- E. Discriminatory Vendors, Section 287.134, F.S.** Grantee certifies that it, its principals, recipients, subrecipients, contractors and subcontractors are not on the Discriminatory Vendors List maintained by the Florida Department of Management Services pursuant to Section 287.134(3)(d), F.S.
- F. Litigation, Investigations, Arbitration, or Administrative Proceedings.** Grantee certifies that it, its principals and agents, are not engaged in any civil or criminal litigation investigations, arbitration, or administrative proceedings relating to or affecting the Grantee's ability to perform under this Agreement.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

Part II: Federal Certifications and Assurances.
If this Agreement is supported by Federal funding,
then the following Certifications and Assurances apply.

- A. Equal Employment Opportunity.** Grantee certifies that to the best of its knowledge, it, its principals, agents, recipients, subrecipients, contractors and subcontractors, are in compliance with the Equal Employment Opportunity requirements contained in Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Chapter 60).
- B. Davis-Bacon Act.** Grantee certifies that to the best of its knowledge, it, its principals, agents, recipients, subrecipients, contractors and subcontractors, are in compliance with the Davis-Bacon Act 40 U.S.C. 3141-3148, as supplemented by Department of Labor regulations at 29 CFR Part 5.
- C. Copeland "Anti-Kickback Act."** Grantee certifies that to the best of its knowledge, it, its principals, agents, recipients, subrecipients, contractors and subcontractors, are in compliance with the Copeland "Anti-Kickback" Act, 40 U.S.C. 3141-3148, and 3146-3148, as supplemented by Department of Labor regulations (29 CFR Part 5).
- D. Contract Work Hours and Safety Standards Act.** Grantee certifies that to the best of its knowledge, it, its principals, agents, recipients, subrecipients, contractors and subcontractors, are in compliance with the Contract Work House and Safety Standards Act, Sections 103 and 107 of the Agreement Work Hours and Safety Standards Act (40 U.S.C. 3702 and 3704) as supplemented by Department of Labor regulations (29 CFR part 5).
- E. Rights to Inventions Made Under a Contract or Agreement.** Grantee assures that it, its principals, agents, recipients, subrecipients, contractors and subcontractors, will comply with the requirements of the "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements", 37 CFR Part 401.
- F. Clean Air Act and Water Pollution Control Act.** Grantee assures that it, its principals, agents, recipients, subrecipients, contractors and subcontractors, will comply with the requirements of the Clean Air Act, 42 U.S.C. 7401-7671q, and the Water Pollution Control Act, 33 U.S.C. 1251-1387, as amended.
- G. Energy Efficiency.** Grantee assures that it, its principals, agents, recipients, subrecipients, contractors and subcontractors, will comply with the requirements of the mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act, Pub. L. 94-163, 89 Stat. 871.
- H. Drug-Free Workplace.** Grantee assures that it, its principals, agents, recipients, subrecipients, contractors and subcontractors, will comply with the requirements of the Drug-Free Workplace Act of 1988, and its implementing regulations codified at 29 CFR Part 94.
- a. Pursuant to the Drug-Free Workplace Act of 1988, the undersigned attests and certifies that the Grantee (if not an individual) will provide a drug-free workplace by the following actions:
 1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in Grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition.

2. Establishing an ongoing drug-free awareness program to inform employees concerning:
 - i. The dangers of drug abuse in the workplace.
 - ii. The policy of maintaining a drug-free workplace.
 - iii. Any available drug counseling, rehabilitation and employee assistance programs.
 - iv. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.
 3. Making it a requirement that each employee to be engaged in the performance of the Agreement be given a copy of the statement required by paragraph Part II, H.a.1 of this certification.
 4. Notifying the employee in the statement required by paragraph Part II, H.a.1 of this certification that, as a condition of employment under the Agreement, the employee will:
 - i. Abide by the terms of the statement.
 - ii. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such conviction.
 5. Notifying the Commission in writing ten (10) calendar days after receiving notice under subparagraph Part II, H.a.4.b from an employee or otherwise receiving actual notice of such conviction. Provide such notice of convicted employees, including position title, to every Grant Manager on whose Grant activity the convicted employee was working. The notice shall include the identification number(s) of each affected Contract or Grant.
 6. Taking one of the following actions, within thirty (30) calendar days of receiving notice under subparagraph Part II, H.a.4.b. herein, with respect to any employee who is so convicted:
 - i. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 as amended.
 - ii. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local, health, law enforcement, or other appropriate agency.
 7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of this entire certification.
- b. If the Grantee is an individual, the Grantee certifies that:
1. As a condition of the grant, Grantee will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant; and,
 2. If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, Grantee will report the conviction, in writing, within 10 calendar days of the conviction, to the Commission When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
- I. Trafficking Victims Protection Act of 2000.** Grantee assures that it, its principals, agents, recipients, subrecipients, contractors and subcontractors, will comply with the requirements of the Trafficking Victims Protection Act of 2000, as amended, 22 U.S. C. 7104(g), 2 CFR 175.15.

J. Debarment and Suspension. In accordance with Federal Executive Order 12549, Debarment and Suspension, the Grantee certifies that neither it, nor its principals, or agents, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency; and, that the Grantee shall not knowingly enter into any lower tier agreement, or other covered transaction, with a person who is similarly debarred or suspended from participating in this covered transaction.

K. Prohibition against Lobbying. If Grantee is unable to certify to any of the statements in this certification, Grantee shall attach an explanation to this Agreement.

a. **Grantee Certification – Payments to Influence.** The Grantee certifies that no Federal appropriated funds have been paid or will be paid, on or after December 22, 1989, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding, renewal, amending or modifying of any Federal agreement, grant, or cooperative agreement. If any non-federal funds are used for lobbying activities as described above in connection with this Agreement, the Grantee shall submit Standard Form-LLL, "Disclosure Form to Report Lobbying", and shall file quarterly updates of any material changes. The Grantee shall require the language of this certification to be included in all subcontracts, and all subcontractors shall certify and disclose accordingly.

b. **Grantee – Refrain from Subcontracting with Certain Organizations.** Pursuant to the Lobbying Disclosure Act of 1995, the Grantee agrees to refrain from entering into any subcontracts under this Agreement with any organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, unless such organization warrants that it does not, and will not, engage in lobbying activities prohibited by the Act as a special condition of the subcontract.

L. Lacey Act; Magnuson-Stevens Fishery Conservation and Management Act; Migratory Bird Treaty Act; and Endangered Species Act. Grantee certifies that to the best of its knowledge, it, its principals, agents, recipients, subrecipients, contractors and subcontractors, are in compliance with, and gives its assurance that said parties will continue to remain in compliance with the Lacey Act, 16 U.S.C, 3371-3378; Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801-1884; Migratory Bird Treaty Act, 16 U.S.C. 703-712; and Endangered Species Act, 16 U.S.C. 1531, et seq.

By signing below, Grantee certifies the representations outlined above are true and correct.

AUDIT REQUIREMENTS

The administration of resources awarded by the Florida Fish and Wildlife Conservation Commission (Commission) to the Grantee may be subject to audits and/or monitoring by the Commission as described in Part II of this attachment regarding State funded activities. If this Agreement includes a Federal award, then Grantee will also be subject to the Federal provisions cited in Part I. If this Agreement includes both State and Federal funds, then all provisions apply.

MONITORING

In addition to reviews of audits conducted in accordance with Sections 200.500-200.521, Uniform Guidance: Cost Principles, Audit, and Administrative Requirements for Federal Awards (2 CFR 200), as revised, hereinafter "OMB Uniform Guidance" and Section 215.97, F.S., as revised (see "AUDITS" below), the Commission may conduct or arrange for monitoring of activities of the Contractor. Such monitoring procedures may include, but not be limited to, on-site visits by the Commission staff or contracted consultants, limited scope audits as defined by Section 200.331, OMB Uniform Guidance and/or other procedures. By entering into this Contract, the Grantee agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Commission. The Grantee further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Florida Department of Financial Services or the Florida Auditor General.

AUDITS

PART I: FEDERALLY FUNDED. If this Agreement includes a Federal award, then the following provisions apply:

- A. This part is applicable if the Grantee is a State or local government or a non-profit organization as defined in Sections 200.90, 200.64, or 200.70, respectively, OMB Uniform Guidance.
- B. In the event that the Grantee expends **\$500,000.00 (\$750,000.00** for fiscal years beginning on or after December 26, 2014) or more in Federal awards in its fiscal year, the Grantee must have a single or program-specific audit conducted in accordance with the provisions of the Federal Single Audit Act of 1996 and Sections 200.500-200.521, OMB Uniform Guidance. EXHIBIT 1 to this Attachment indicates Federal resources awarded through the Commission by this Agreement. In determining the Federal awards expended in its fiscal year, the Grantee shall consider all sources of Federal awards, including Federal resources received from the Commission. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by Sections 200.500-200.521, OMB Uniform Guidance. An audit of the Grantee conducted by the Auditor General in the OMB Uniform Guidance, will meet the requirements of this part.
- C. In connection with the audit requirements addressed in Part I, paragraph A. herein, the Grantee shall fulfill the requirements relative to auditee responsibilities as provided in Section 200.508, OMB Uniform Guidance. This includes, but is not limited to, preparation of financial statements, a schedule of expenditure of Federal awards, a summary schedule of prior audit findings, and a corrective action plan.
- D. If the Grantee expends less than **\$500,000.00 (\$750,000.00** for fiscal years beginning on or after December 26, 2014) in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of Sections 200.500-200.521, OMB Uniform Guidance, is not required. In the event that the Grantee expends less than **\$500,000.00 (\$750,000.00** for fiscal years beginning on or after December 26, 2014) in Federal awards in its fiscal year and elects to have an audit conducted in

accordance with the provisions of Sections 200.500-200.521, OMB Uniform Guidance, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from Grantee resources obtained from other than Federal entities).

- E. Such audits shall cover the entire Grantee's organization for the organization's fiscal year. Compliance findings related to contracts with the Commission shall be based on the contract requirements, including any rules, regulations, or statutes referenced in the Contract. The financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Commission shall be fully disclosed in the audit report with reference to the Commission contract involved. Additionally, the results from the Commission's annual financial monitoring reports must be included in the audit procedures and the Sections 200.500-200.521, OMB Uniform Guidance audit reports.
- F. If not otherwise disclosed as required by Section 200.510, OMB Uniform Guidance, the schedule of expenditures of Federal awards shall identify expenditures by contract number for each contract with the Commission in effect during the audit period.
- G. If the Grantee expends less than **\$500,000.00** in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of Sections 200.500-200.521, OMB Uniform Guidance, is not required. In the event that the Grantee expends less than **\$500,000.00** in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of Sections 200.500-200.521, OMB Uniform Guidance, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from the Grantee's resources obtained from other-than Federal entities).
- H. A web site that provides links to several Federal Single Audit Act resources can be found at: <http://harvester.census.gov/sac/sainfo.html>

PART II: STATE FUNDED. If this Agreement includes State funding, then the following provisions apply:

This part is applicable if the Grantee is a non-state entity as defined by Section 215.97, F.S., (the Florida Single Audit Act).

- A. In the event that the Grantee expends a total amount of state financial assistance equal to or in excess of **\$500,000.00** in any fiscal year of such Grantee, the Grantee must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; applicable rules of the Executive Office of the Governor and the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Attachment indicates state financial assistance awarded through the Commission by this Contract. In determining the state financial assistance expended in its fiscal year, the Grantee shall consider all sources of state financial assistance, including state financial assistance received from the Commission, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.
- B. In connection with the audit requirements addressed in Part II, paragraph A herein, the Grantee shall ensure that the audit complies with the requirements of Section 215.97(7), F.S. This includes submission of a financial reporting package as defined by Section 215.97(2)(d), F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

- C. If the Grantee expends less than **\$500,000.00** in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of section 215.97, F.S., is not required. In the event that the Grantee expends less than **\$500,000.00** in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (*i.e.*, the cost of such an audit must be paid from the Grantee's resources obtained from other-than State entities).
- D. Additional information regarding the Florida Single Audit Act can be found at:
<https://apps.fldfs.com/fsaa/>.
- E. Grantee shall provide a copy of any audit conducted pursuant to the above requirements directly to the following address:

**Chief Financial Officer
Florida Fish and Wildlife Conservation Commission
Bryant Building
620 S. Meridian St.
Tallahassee, FL 32399-1600**

PART III: REPORT SUBMISSION

- A. Copies of reporting packages, to include any management letter issued by the auditor, for audits conducted in accordance with Sections 200.500-200.521, OMB Uniform Guidance, and required by Part I of this Attachment shall be submitted by or on behalf of the Grantee directly to each of the following at the address indicated:
1. The Commission at the following address:
**Chief Financial Officer
Florida Fish and Wildlife Conservation Commission
Bryant Building
620 S. Meridian St.
Tallahassee, FL 32399-1600**
 2. The Federal Audit Clearinghouse designated in Section 200.512, OMB Uniform Guidance (the reporting package required by Section 200.512, OMB Uniform Guidance, should be submitted to the Federal Audit Clearinghouse):
**Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132**
 3. Other Federal agencies and pass-through entities in accordance with Section 200.512, OMB Uniform Guidance.
- B. Copies of audit reports for audits conducted in accordance with Sections 200.500-200.521, OMB Uniform Guidance, and required by Part I of this Attachment (in correspondence accompanying the audit report, indicate the date that the Grantee received the audit report); copies of the reporting package described in Section 200.512, OMB Uniform Guidance, and any management letters issued

by the auditor; copies of reports required by Part II of this Attachment must be sent to the Commission at the addresses listed in paragraph C. below.

- C. Copies of financial reporting packages required by Part II of this Attachment, including any management letters issued by the auditor, shall be submitted by or on behalf of the Grantee directly to each of the following:

1. The Commission at the following address:

**Chief Financial Officer
Florida Fish and Wildlife Conservation Commission
Bryant Building
620 S. Meridian St.
Tallahassee, FL 32399-1600**

- 2) The Auditor General's Office at the following address:

**Auditor General's Office
G74 Claude Pepper Building
111 West Madison Street
Tallahassee, FL 32399-1450**

- D. Any reports, management letter, or other information required to be submitted to the Commission pursuant to this Contract shall be submitted timely in accordance with OMB Sections 200.500-200.521, OMB Uniform Guidance, Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

Grantees and sub-Grantees, when submitting financial reporting packages to the Commission for audits done in accordance with Sections 200.500-200.521, OMB Uniform Guidance, or Chapters 10.550 (local governmental entities) or 10.650 (non-profit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the Grantee/sub-Grantee in correspondence accompanying the reporting package.

- End of EXHIBIT 1 -

COST REIMBURSEMENT CONTRACT PAYMENT REQUIREMENTS

Pursuant to the February, 2011 *Reference Guide for State Expenditures* published by the Department of Financial Services, invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). In addition, supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of types of supporting documentation:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports. Additionally, the invoice or submitted documentation must evidence the completion of all tasks required to be performed for the deliverable and must show that the provider met the minimum performance standards established in the agreement.

MONROE COUNTY, FLORIDA
RESOLUTION NO. -2016

A RESOLUTION OF THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS CORRECTING A SCRIVNERS ERROR IN THE RENOUING AND DISCALMING A PORTION OF THE RIGHT-OF-WAY OF NAUTILUS STREET AND CORSAIR ROAD OF "PLANTATION ISLAND", DUCK KEY, ADJACENT TO LOT 14, BLOCK 5 ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 5, PAGE 82 OF THE PUBLIC RECORDS OF MONROE COUNTY, FLORIDA.

WHEREAS, an application was filed by Amedeo & Lynn D'Ascanio to abandon a portion of the right-of-way of Nautilus Street and Corsair Road of "Plantation Island", Duck Key, adjacent to Lot 14, Block 5 according to the plat thereof, recorded in Plat Book 5, Page 82 of the public records of Monroe County, Florida

WHEREAS, the Board of County Commissioners of Monroe County, Florida, approved Resolution No 392-2015 setting a public hearing for December 9, 2015; and

WHEREAS, at said public hearing, the Board approved the right of way abandonment as recorded in Resolution No. 407-2015; and

WHEREAS, the survey and resolution contained an incorrect legal description of the right of way abandonment for Section "A"; and

WHEREAS, a resolution correcting the scrivener's error within the legal description is necessary; and

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, that it hereby renounces and disclaim any right of the County and public in and to the following described streets, alley-ways, roads, or highways as delineated on the hereinafter described map or plat, to-wit:

Description: (For Road Abandonment Section "A")

A portion of Nautilus Street And Corsair Road Of "Plantation Island", Duck Key, adjacent to Lot 14, Block 5 according to the plat thereof, recorded in Plat Book 5, Page 82 of the public records of Monroe County, Florida and being more particularly described as follows:

Commencing at the northeast corner of said lot 14, block 5, (a radial line from said point bears north 82°15'26" east to the center point); thence north 82°15'26" east, along said radial line, 30.59 feet to a point on a curve concave to the east (a radial line from said point bears north 73°26'47" east to the center point); thence southeast along said curve concave to the east, having a radius of 75.00 feet, a central angle of 29°36'47", an arc distance of 38.76 feet to a point of tangency; thence south 46°10'00" east, 24.18 feet to a point of curvature of a curve concave to the south, having a radius of 10.00 feet, a central angle of 48°18'29" for an arc distance of 8.43 feet to a point of tangency; thence south 85°31'31" west, 6.57 feet to a point of curvature of a curve concave to the northeast, having a radius of 50.00 feet, a central angle of 86°43'55", an arc length of 75.69' back to the point of beginning. Containing 1520.21 square feet.

Description: (For Road Abandonment Section "B")

A portion of Nautilus Street and Corsair Road of "Plantation Island", Duck Key, adjacent to Lot 12 and 13, Block 5, according to the plat thereof, recorded in Plat Book 5, Page 82 of the public records of Monroe County, Florida and being more particularly described as follows:

Commencing at the northeast corner of lot 14, block 5, of said plantation island (a radial line from said point bears north 82°15'26" east to the center point); thence north 82°15'26" east, along said radial line, 30.59 feet to a point on a curve concave to the east (a radial line from said point bears north 73°26'47" east to the center point); thence northeast along said curve, having a radius of 75.00 feet, a central angle of 60°23'13", an arc distance of 79.05 feet to a point on the southerly line of said lot 12 (said point also being on the northerly right of way line of corsair road); thence south 43°50'00" west along said line, 49.97 feet to a point of curvature of a curve concave to the southeast, having a radius of 50.00 feet, a central angle of 51°35'59" an arc distance of 45.03 feet back to the point of beginning. Containing 1174.52 square feet.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of the Board held on the 23rd day of March 2016.

MONROE COUNTY ATTORNEY
APPROVED AS TO FORM:

STEVEN T. WILLIAMS
ASSISTANT COUNTY ATTORNEY
Date 11/19/15

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Planning & Env. Resources

Bulk Item: Yes X No

Staff Contact /Phone #: Richard Jones/289-2805

AGENDA ITEM WORDING: Authorization for the Mayor to sign a letter identifying the priority of multiple County project applications being submitted for the 2016 Florida Fish & Wildlife Conservation Commission (FWC) Florida Boating Improvement Program (FBIP) grant funding cycle, including (in order of priority): 1) Removal of thirty-five derelict vessels, 2) Repairs at the Harry Harris Park launching facility, 3) Construction of a new kayak launching facility at Geiger Key, 4) Construction and repairs at the Gulf View Park (Barcelona) launching facility, and 5) Construction of a new kayak launching facility at Palm Villa Park.

ITEM BACKGROUND: The FWC FBIP grant program provides annual grant funding for boating and waterway projects under the categories of Boating Access Facilities, Derelict Vessel Removal, Boater Education, and Other Local Boating Related Activities (see attached current FBIP Guidelines). The application period for the FY'2016-2017 grant cycle is February 1, 2016 through March 31, 2016. The Marine Resources Office, which routinely applies for FBIP funding, is submitting a derelict vessel removal grant application in the estimated amount of \$177,549 to remove (an anticipated) 35 vessels, under the category of Derelict Vessel Removal. Project Management is submitting FBIP grant applications for four projects under the category of Boating Access Facilities, including: new kayak launch facilities at Geiger Key in the amount of \$100,000 and Palm Villa Park in the amount of \$85,000, and construction/repair of launching facilities at Harry Harris Park in the amount of \$50,000 and at Gulf View Park (i.e. Barcelona) boat ramp in the amount of \$100,000.

Current FBIP Guidelines require that multiple applications from an applicant be prioritized. Prioritization does not allow for additional/bonus points to be assigned by the FBIP evaluation committee, but rather provides additional information to the evaluator. Staff has provided a matrix (attached) of applicable FBIP application evaluation criteria and indicated (with 'X') which criteria each specific grant application meets. The matrix indicates that the five projects should rank (by the evaluation committee) similarly, with only the Harry Harris ramp project ranking slightly lower. Based on the matrix information, and the current County needs, staff has provided the attached letter for the Mayor to sign which provides prioritization of the five projects in the following order:

- 1) Removal of thirty-five derelict vessels
 - 2) Repairs at the Harry Harris Park launching facility
 - 3) Construction of a new kayak launching facility at Geiger Key
 - 4) Construction and repairs at the Gulf View Park (Barcelona) launching facility
 - 5) Construction of a new kayak launching facility at Palm Villa Park

BOARD OF COUNTY COMMISSIONERS

Mayor Heather Carruthers, District 3
Mayor Pro Tem George Neugent, District 2
Danny L. Kolhage, District 1
David Rice, District 4
Sylvia J. Murphy, District 5

March 23, 2016

Florida Boating Improvement Program
Florida Fish and Wildlife Conservation Commission
Division of Law Enforcement
Boating and Waterways Section
620 South Meridian Street, Room 235

To whom it may concern:

Monroe County greatly appreciates the Florida Fish and Wildlife Conservation Commission (FWC) Florida Boating Improvement Program (FBIP) grant funding opportunities, and funding that has been awarded in the past to the County for boating and waterways related projects.

For FY'2016-2017 Monroe County is submitting multiple grant applications for important projects to help provide increased public water access, and that help keep our water clean and free of navigational hazards. The Board of County Commissioners (BOCC) is submitting one project application under the category of Derelict Vessel Removal and four project applications under the category of Boating Access Facilities. In accordance with current FBIP Guidelines, the BOCC identified the priority of the five projects at its March 23, 2016, BOCC meeting. The priority is as follows:

- 1) Removal of thirty-five derelict vessels
- 2) Repairs at the Harry Harris Park launching facility
- 3) Construction of a new kayak launching facility at Geiger Key
- 4) Construction and repairs at the Gulf View Park (Barcelona) launching facility
- 5) Construction of a new kayak launching facility at Palm Villa Park

Thank you for your consideration of funding assistance for the above boating and waterway projects.

Sincerely,

Heather Carruthers, Mayor
Monroe County Commission District 3

FBIP Evaluation Criteria Matrix

		Removal of 35 derelict vessels	Harry Harris Boat Ramp Repair*	Gulf View Dock Installation and Shoreline Repair*	Geiger Key Kayak Launch*	Palm Park Villa Kayak Launch*
Part A: Qualitative Evaluation						
Derelict Vessel Category		Boating Access Category*				
1. Project will improve recreational boating access by removing derelict vessels that pose a threat to navigation	1. Project will increase boating access through additional launch lanes, additional parking, or additional tie-ups/moorings	X	-	X	X	X
2. A reasonable attempt been made to identify vessel owners and to have the owners remove their vessels	2. Project site provides access to significant boating opportunities (ie. access to salt water, new public access to a water body)	X	X	X	X	X
3. Project provides for derelict vessels to be used in the construction of permitted artificial reef sites or recycled as scrap metal	3. Project site provides adequate parking & amenities such as restrooms, boarding docks, staging areas, utilities hook ups, & educational kiosks	X	X	X	X	X
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	Same	X	X	X	X	X
5. Project provides for a documented need	Same	X	X	X	X	X
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	Same	X	X	X	X	X
7. Project is cost efficient and provides high value	Same	X	X	X	X	X
Part B: Technical Evaluation						
1. Does Total Project Cost meet criteria for points (<\$200k for dv or <\$400k for boating access)?	Same	X	X	X	X	X
2. Does Project provide a 25% or greater County match?	Same	X	X	X	X	X
3a. Complete application with all necessary attachments submitted by due date	Same	X	X	X	X	X
3b. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer's cost estimate.	Same	X	X	X	X	X
Bonus Points						
Is Project located in a county with a population of 100,000 or less?	Same	X	X	X	X	X

SECTION I – INTRODUCTION

1.1 Purpose

The Florida Fish and Wildlife Conservation Commission (Commission) pursuant to Sections 206.606 and 327.47, F.S., is charged with providing funding through competitive grants for projects designed to serve the needs of boaters and boating-related activities on coastal and inland waters within the State. General provisions, requirements, and information stated herein, together with attachments, and applicable laws and rules, incorporated herein by reference, constitute the program guidelines of the Florida Boating Improvement Program (FBIP).

1.2 Statutory Authority

The FBIP is established in accordance with ss. 206.606(1)(b)3., F.S., to fund local projects to provide recreational channel marking and other uniform waterway markers, public boat ramps, lifts, and hoists, marine railways, and other public launching facilities, derelict vessel removal, and other local boating-related activities.

Section 327.47, F.S. authorizes the Commission to fund projects through a competitive grant program for the construction and maintenance of publicly owned boat ramps, piers and docks, boater education and economic development initiatives that promote boating in the state.

Section 328.72(15), F.S. authorizes a competitive grants program for public launching facilities.

1.3 Source of Funds

Section 206.606(1)(b)1., F.S., provides that a minimum of \$1.25 million of the funds collected from fuel sales tax that is transferred to the State Game Trust Fund shall be used to fund local projects to provide recreational channel marking and other uniform waterway markers, public boat ramps, lifts, and hoists, marine railways, and other public launching facilities, derelict vessel removal, and other local boating-related activities.

Section 327.47, F.S. authorizes the Commission to fund projects through a competitive grant program using a portion of the moneys attributable to the sale of motor and diesel fuel at marinas transferred to the Marine Resources Conservation Trust Fund pursuant to Section 206.606(1)(d), F.S.

Section 328.72(15), F.S. provides \$1 from each recreational vessel registration fee to be deposited into the Marine Resources Conservation Trust Fund to fund a grant program for public launching facilities.

SECTION II – DEFINITIONS

The following definitions are provided for further explanation of terms stated herein and shall have the meanings indicated which are applicable to both the singular and plural thereof:

ACCESS ROAD: Roadway to provide motor vehicle access to a boat ramp or other public launching facility. Does not include a public thoroughfare or through street.

AGREEMENT: Written document under which the Recipient and Commission mutually agree to carry out respective responsibilities for a fixed period, unless amended by mutual consent.

AGREEMENT PERIOD: Number of days or the dates stated in the Agreement to complete the Project.

APPLICANT: Eligible participant that submits an Application for Program Funds to the Commission during an announced Application Submission Period.

APPLICATION: A formal request for Program funds by an Applicant on the form approved by the Commission and with required documentation.

APPLICATION SUBMISSION PERIOD: The formally announced period of time provided by the Commission for the submission of Applications by eligible participants for Program Funds.

BOARDING DOCKS: A fixed, floating, or adjustable structure extending parallel to the launch ramp and designed to permit mooring of a watercraft in such a way as to facilitate boarding or exiting the craft.

BOAT RAMP: A graded and surfaced slope consisting of one or more launching lanes constructed of concrete, timber, or asphalt, which is extending from the shoreline into the body of water and partially above and below the water surface. It is designed to accommodate launching or retrieving a boat from or to a trailer.

COMMISSION: Florida Fish and Wildlife Conservation Commission.

DOCKS (PIERS): A fixed or floating structure, including access walkways, terminal platforms, catwalks, mooring pilings, lifts, davits, and other associated water-dependent structures used for mooring and accessing vessels.

MARINA: Licensed commercial facility which provides secured public moorings or dry storage for vessels on a leased basis.

PROGRAM ADMINISTRATOR: The Commission's staff member designated by the Director, Division of Law Enforcement, to manage the Florida Boating Improvement Program.

PROGRAM FUNDS: Funds appropriated for the Florida Boating Improvement Program as specified in Sections 206.606 and 370.0603, Florida Statutes.

PROJECT: Component(s) designed to provide additional or enhanced boating access that meet criteria.

PROJECT COMPLETION CERTIFICATION: Form completed by the Recipient certifying that the Project is completed in accordance with the Agreement.

PUBLIC LAUNCHING FACILITY: A boat ramp, lift, hoist, marine railway or similar facility for launching and retrieving vessels from the water; includes associated amenities like boarding docks and boat trailer parking.

RECIPIENT: The Applicant that has been awarded Program funds and party responsible for completing the project and the operation and maintenance of the site.

RECREATIONAL CHANNEL MARKING: Labor and materials to provide and install any device external to a vessel intended to assist a mariner to determine position or safe course, warn of dangers or obstructions to navigation, or to alert the mariner of various regulatory matters.

RURAL AREA OF CRITICAL ECONOMIC CONCERN: A region composed of rural communities adversely affected by extraordinary economic events, meet the criteria stipulated in Section 288.0656, Florida Statutes, and designated as established by Executive Order.

SECTION III – ELIGIBILITY

3.1 Eligible Participants

Eligible participants shall include county governments, municipalities and other local governmental entities of the State of Florida.

3.2 Eligible Uses of Program Funds

Only those funds necessary for the planning, design, engineering, permitting, development, new construction, expansion or rehabilitation of projects statewide on coastal and inland waters that enhance recreational boating for motorized vessels through projects in the following categories:

A. Recreational Channel Marking and Other Uniform Waterway Markers:

- Costs associated with the installation, repair, or replacement of signs or buoys marking an FWC permitted boating restricted zone.
- Costs associated with the installation, repair, or replacement of permitted signs or buoys marking a channel to/from a recreational boating access facility.
- Costs associated with the installation, repair, or replacement of permitted signs or buoys which provide information to recreational boaters (other than aids to navigation).

B. Boating Access Facilities:

- Costs associated with the design, engineering, permitting, construction, repair, or enhancement of publicly owned boat ramps, lifts, hoists, marine railways, other public launching facilities, and associated amenities for recreational boaters.
- Costs associated with the design, engineering, permitting, construction, repair, or enhancement of publicly-owned piers and docks, mooring fields, and associated amenities for recreational boaters.
- Costs associated with the design, engineering, permitting, construction, repair, or enhancement of associated amenities for recreational boaters. Eligible amenities include boarding docks, staging areas, restrooms, trailer parking, access roads, dry storage facilities, utilities hook-ups, laundry facilities, fueling docks and educational kiosks.

C. Derelict Vessel Removal:

- Costs for the removal and disposal of derelict vessels as defined in section 823.11, Florida Statutes. A sworn law enforcement officer must determine a vessel meets the definition in statute and this determination must be verified by the Commission in the Florida Fish and Wildlife Conservation Commission's Statewide At-Risk and Derelict Vessel Database to be eligible for removal.
- Only derelict vessels that are located on the public waters of the state may be removed with grant funds.

D. Boater Education:

- Costs associated with projects that will increase public knowledge of boating issues through brochures, pamphlets, boaters guides, educational programs, or kiosks.

E. Other Local Boating-Related Activities:

- Costs associated with non-construction projects that increase or enhance boating access for recreational boaters including, but not limited to, research, studies, or planning to determine the need for additional boating access or improvements.
- Costs associated with projects that improve boater safety, boater education, or boater understanding of waterway regulations.
- Costs associated with construction projects (excluding boat ramps, lifts, hoists, marine railways, piers, docks, or other public launching facilities) that increase boating access for recreational boaters.
- Costs associated with projects that provide economic development and promote boating in the state.

The Commission reserves the right to use Program funds to fulfill the non-federal match requirements for grants funded through the Sport Fish Restoration Act Boating Access Program in order to make best use of available resources.

3.3 Ineligible Uses of Program Funds

Program Funds will not be awarded for projects that do not directly relate to the enhancement of boating or boating access within the state. Costs listed below are **not** eligible for reimbursement under this Program:

- Costs for the construction or repair of any facilities not directly related to boating access (such as park benches, gazebos, trails, fishing piers, picnic areas, general parking for picnic areas, restrooms and walkways for picnic areas, etc.)
- Costs for the construction or repair of any boating access facilities not open to the general public on a first come, first served basis with no qualifying requirements such as club membership or stock ownership or equity interest.
- Costs associated with preparation of grant application(s). This includes overhead, payroll, salaries or accounting costs.
- Costs related to the acquisition of real property.
- Costs for any legal fees.
- Costs associated with ordinary operation, or routine maintenance of the proposed project. This includes costs to provide power, water or sewer or any other utilities or services to the facility for the stipulated length of the Grant Agreement.
- Costs expended for any type or form of security activities, watchmen, fee collection, maintenance or other personnel costs.
- Costs associated with the acquisition or use of any type of equipment such as park equipment, vehicles, lawn care, dredge, computers, projectors, or other capital equipment used for operation and maintenance of the existing or completed project.
- Costs associated or directly related to a component of a project that would create or increase a boating safety hazard.
- Costs for any type of general business, marketing or promotional plans.

SECTION IV- FUNDING

4.1 Appropriation

The Commission's performance and obligation to award program grants is contingent upon an annual appropriation by the Florida Legislature.

4.2 Cost Share

Applicants must agree to provide a share of the total project cost. The applicant's cost share may be in the form of in-kind services or cash expenditures.

In-kind services include:

- The cost of administration/contract management, project management, labor, materials, and equipment provided through in-house resources of the Applicant.
- In-kind project administration may not be more than 5% of the total project cost and in-kind project management may not be more than 10% of the total project cost.

Cash expenditures may be in the form of the following:

- Services paid for by the Applicant for master plan or other engineering and/or consultant services.
- Construction expenditures paid for by the Applicant.
- Other expenditures paid by the Applicant directly related to the grant-funded project and not listed as ineligible costs. **Cash expenditures for items listed as ineligible uses of program funds in Section 3.3 may not be used as the Applicant's cost share.**

Applicants are encouraged to seek cash funds from other sources including state or local grants to help leverage the maximum amount of grant funds available. However, Applicants can use the county-retained portion of vessel registration fees for recreational channel markers, derelict vessel removal, and public launching facility projects only.

Applications for projects that are located within a current Rural Area of Critical Economic Concern, as established by Executive Order, will be given additional consideration by automatically being assigned the maximum points for cost share in the Evaluation Criteria (Attachment I).

4.3 Advanced Funds

The Commission will not approve a request for any advance in Program Funds. The Recipient must have the financial capability to process invoices and make timely payments to

contractors, vendors, etc. pending receipt of Program funds for reimbursement of project expenses.

4.4 Pre-Award Costs

Costs for surveys, environmental reviews, working drawings, construction plans and specifications, engineering, design, or permitting required to begin a project are allowable as pre-award costs or pre-award cost share, **only** if the application clearly identifies the costs as occurring prior to the application being submitted, and a detailed explanation is provided as to why the costs were necessary prior to the application being submitted.

4.5 Phased Projects

Applications for large projects may be submitted in phases, over several years, to maximize funding; however, funding for an initial phase does not guarantee funding for subsequent phases.

SECTION V—APPLICATION PROCESS

5.1 Submission Period

The Commission will announce the application submission period in the “Florida Administrative Register” before February 1 of each year. Applications must be submitted within 60 days after the announcement date or by the deadline in the announcement, whichever is later. The application submission period will also be announced on the Web at <http://MyFWC.com>. The Commission will also notify eligible participants who have contacted the Commission. The Commission may announce additional application submission periods if funds become available after the initial submission period. Applications submitted after the submission period deadline will be returned to the applicant.

5.2 Submission Address

Applicants must deliver applications on or before the last day of the announced submission period(s), no later than the close of business to the following address:

Florida Fish and Wildlife Conservation Commission
Division of Law Enforcement
Boating and Waterways Section
620 South Meridian Street, Room 235
Tallahassee, Florida 32399-1600.

5.3 Application Form and Instructions

Applicants must submit applications on the FBIP Application Forms (FWC/FBIP-A through FWC/FBIP-E) incorporated herein by reference. The FBIP Application Forms and Instructions may be obtained from the Commission’s Web site, <http://www.MyFWC.com/boating/grant-programs/fbip/>.

Instructions will include how to complete the application and the correct format for submission. The Applicant shall submit a hard (paper) copy, **as well as an electronic version**. The correct number of copies, as indicated on the Application Form and Instructions, **must** be submitted or the Application will be considered incomplete.

For an application to be considered complete, the application form must contain all requested information, be signed by the authorized individual, and include **all required** attachments.

5.4 Cover Letter

A cover letter addressed to the FBIP Program Administrator must accompany the original application(s) requesting consideration of the project(s), identifying the priority of multiple projects, and any other pertinent information.

5.5 Authorization to Apply

Applications must include documentation authorizing the Project Manager to apply for and administer the grant on behalf of the applicant. Acceptable documentation includes, but is not limited to, adopted resolutions by the Governing Body, ordinances, charters, by-laws, and adopted rules or policies. Approved motions, or consent agenda items, will not be accepted.

5.6 Checklist (Attachments)

An Application Submission Checklist is included as part of the Application and Instructions (Attachment II) to assist the Applicant with submission of all required documentation and attachments.

5.7 Application Acceptance

Upon closing of the application submission period, Commission staff will assign a Grant Application Number and outline the review process in an acceptance letter back to each Applicant. Grantees will use this Grant Number for all future correspondence regarding that Application and/or Project.

5.8 Incomplete Applications

Applications will be reviewed for completeness and compliance to the program guidelines and all applicable statutes and rules. The applicant will be notified if any portion of the application is incomplete or considered to be in noncompliance with program guidelines. Applicants will be given 30 days from the date of the notification to provide the necessary information or documentation. Failure to provide the requested information or documentation within this time period will result in the application not being considered for funding.

5.9 Resubmissions

If an application is not awarded funding for a given fiscal year, applicants must reapply by submitting a new grant application during a future submission period. The Commission will not retain applications for reconsideration.

If an application is awarded funding, but the applicant declines the award, the applicant must reapply during a future submission period.

5.10 Evaluation Criteria

An eligible Application will be evaluated according to the Evaluation Criteria, incorporated herein as Attachment I, for each project type category. The maximum score for each factor and element is indicated in parenthesis (). An Evaluation Committee will assign a total point score for each Application.

5.11 Priority Consideration

Bonus points, as stipulated in the Evaluation Criteria, will be awarded based on priority consideration established in s. 206.606 and 328.72, Florida Statutes.

If a municipality is located within a county that meets the criteria stipulated for priority consideration, that municipality shall also be given priority.

Counties must submit an annual detailed accounting report of vessel registration revenues to the Fish and Wildlife Conservation Commission as required in Section 328.72(15), Florida Statutes, to be eligible for bonus points.

If applicable, bonus points will be added to the score for the qualitative evaluation and the technical evaluation to determine an applicant's final score.

5.12 Evaluation Committee

Applications will be reviewed and scored by an Evaluation Committee comprised of the FBIP Program Administrator and no more than six (6) evaluators, appointed by the Director of the Division of Law Enforcement. Each evaluator will review and assign a score to each application based on the Evaluation Criteria found in Attachment I. The final score for each application will be the average of the individual evaluator's scores. The FBIP Program Administrator will serve as chair of the Committee, but will not assign a score to the applications.

5.13 Minimum Score

An application must receive a minimum of 50 percent of the points available through the qualitative evaluation and a minimum of 65 percent of the total points available to be eligible for funding.

5.14 Grant Awards

Complete applications that meet the minimum required score will be ranked on a list in descending order according to total assigned points. Grants will be awarded to the higher ranking applications until all funds have been awarded.

SECTION VI- AGREEMENT

6.1 Grant Agreement

Upon approval of a project for funding, the Recipient and the Commission shall enter into a Grant Agreement. This Grant Agreement will describe the responsibilities of both parties, terms and conditions particular to each project, and incorporate applicable statutes, rules, and policies. Unless otherwise specified herein or in the Agreement, a project may not commence until the Grant Agreement is fully executed by all parties.

If it is necessary that the project begin before the Agreement is executed, the Recipient must submit a request in writing that includes a detailed justification explaining why it was necessary. If approved, the Commission will include a provision in the Agreement authorizing pre-agreement costs. Costs for any portion of a project initiated or completed prior to the execution of the Agreement, **will not** be reimbursed unless specifically requested by the Recipient and approved by the Commission. Pre-agreement costs for construction activities, including installation of uniform waterway markers, will be approved only to correct or prevent a recognized public safety issue. Pre-agreement costs for derelict vessel removal will be approved only when the vessel is deemed an imminent threat to public safety by the Commission's Division of Law Enforcement. No other pre-agreement costs will be approved, unless approved as pre-award costs by the Evaluation Committee.

6.2 Term of Agreement

The Agreement, unless modified by mutual consent of both parties, shall bind the parties for a period of 20 years or as stipulated in the Agreement.

6.3 Execution of Agreement

Upon receipt of the Agreement from the Commission, the Recipient must sign the Agreement and return it to the Commission **within 90 days**. Failure to execute the Agreement within the 90-day period will render the grant null and void, unless the Recipient requests an extension and provides a detailed justification.

6.4 Agreement Funding

The Agreement will specify if the project will be funded by State of Florida program funds or federal funds administered by the Commission, and all applicable requirements.

SECTION VII – COMPLIANCE REQUIREMENTS

- 7.1** Projects for construction must be fully permitted by all permitting agencies before funding for construction can be awarded. If projects are not fully permitted at the time of award, applicants will be awarded funds for planning/pre-construction costs only. Applicants must provide a copy of all construction permits to the Commission within 12 months following the execution of the Grant Agreement in order to receive grant funds for construction.
- 7.2** The project must comply with all local, state, and federal regulations, including the Manatee Protection Plan, if applicable.
- 7.3** Failure to complete the project and make final payment request to the Commission within the stipulated period will result in project termination and possible loss of Program funds.
- 7.4** The Recipient shall inform the Commission staff of any changes or time delays incurred with the project, and provide at least 60 days notice prior to the termination date or the Phase I due date, whichever is earlier, if delays require an amendment to the Agreement.
- 7.5** The Recipient must agree to provide, for the period of the Agreement, any and all costs for ordinary and routine operations and maintenance of the facilities that were funded in whole or in part through this Program, including equipment or service, and supplies costs.
- 7.6** The Recipient must agree to comply with all local and state laws related to procurement for any labor, equipment, materials, facilities, construction and other services related to the project funded.
- 7.7** The Commission reserves the right to review and approve any and all fees proposed for projects, funded in whole or in part by this Program, for the term of the Agreement to ensure that excess collection does not occur and that funds collected are not reallocated or diverted to any non-boating related purpose.
- 7.8** The Recipient shall ensure, to the maximum extent possible, that facilities or programs funded, in whole or in part by Program funds, are made available to the general public without regard to race, creed, color, national origin, age, sex, or disability.
- 7.9** Public information produced with assistance from this Program shall not be copyrighted and shall be provided free of cost, except for the cost of reproduction, to the public.
- 7.10** Work shall begin or project initiated within 90 days of execution of the Agreement, unless delay is of no fault of the Recipient, or the Agreement shall be cancelled.

- 7.11** The Recipient shall make every effort to avoid cost overruns on a project. If the total cost of the project exceeds the grant amount and match, the Recipient shall assume liability for any additional cost.
- 7.12** The Recipient, at its expense, shall purchase, erect and maintain a permanent sign, not less than three (3) feet by four (4) feet in size, displaying the Commission's official logo for launching projects, or shall attach a permanent plaque for marine projects, or use some other manner of acknowledgement for non-construction projects, approved by the Commission, identifying the Florida Boating Improvement Program as a funding source for the Project.
- 7.13** Land owned by the Recipient that is developed with funds from this Program shall be dedicated for a minimum of twenty (20) years as a site for the use and benefit of the public. The dedication shall be recorded in public property records by the Recipient. Land under control other than by ownership by the Recipient (i.e. lease, management agreement, cooperative agreement, inter-local agreement or other similar instrument) and developed with funds from this Program shall be managed by the Recipient for a minimum period of twenty (20) years from the completion date of the Project.
- 7.14** The Recipient shall forward one copy of any bid package to the Commission's Program Administrator for review prior to soliciting for quotations or commencing any work.
- 7.15** A Grant Agreement will be terminated and Program Funds returned to the Commission for non-compliance with any of the terms of the Agreement, the rule, or these guidelines, unless the non-compliance is rectified by the Recipient.
- 7.16** A Grant Recipient receiving federal funds shall agree and certify that neither it, nor its principals, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency; and, that the Grant Recipient shall not knowingly enter into any lower tier contract, or other covered transaction, with a person who is similarly debarred or suspended from participating in this covered transaction, unless authorized in writing to the Commission by the federal agency issuing the grant award.
- 7.17** A Grant Recipient receiving federal funds shall certify that no Federal appropriated funds have been paid or will be paid, on or after December 22, 1989, by or on behalf of the Grant Recipient, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding, renewal, amending or modifying of any Federal contract, grant, or cooperative agreement. If any non-Federal funds are used for lobbying activities as described above in connection with the Grant Award, the Grant Recipient shall submit Standard Form-LLL, "Disclosure Form to Report Lobbying", and shall file quarterly updates of any material changes. The Grant Recipient shall require the language of this certification to be included in all subcontracts, and all subcontractors shall certify and disclose accordingly.

- 7.18** Pursuant to the Lobbying Disclosure Act of 1995, the Grant Recipient agrees to refrain from entering into any subcontracts under this Grant Award with any organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, unless such organization warrants that it does not, and will not, engage in lobbying activities prohibited by the Act as a special condition of the subcontract.
- 7.19** Contingency fees are prohibited. Applicants must agree that they have not, or will not, pay or agree to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the applicant any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award of a grant from this Program.
- 7.20** A Grant Recipient shall enroll in and use the U.S. Department of Homeland Security's E-Verify Employment Eligibility Verification System (<http://www.uscis.gov/portal/site/uscis>) to verify the employment eligibility of all new employees hired by the recipient during the term of the grant agreement. Additionally the grant recipient, in any subcontracts for the performance of work or services pursuant to the grant's scope of work, shall include the requirement that the subcontractor use the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.
- 7.21** The Commission recommends grant recipients comply with the States Organization for Boating Access (SOBA) Design Handbook For Recreational Boating & Fishing Facilities when designing or building boating access facilities. A copy of the Design Handbook may be ordered from the SOBA Web site at <http://sobaus.org>.

Evaluation Criteria for Grant Applications for Recreational Channel Marking

Part A: Qualitative Evaluation

	<u>Points</u>
1. Project corrects or prevents a navigation problem	<u>0 – 10</u>
2. Project promotes boating safety or boater understanding of waterway regulations	<u>0 – 10</u>
3. Project marks a new or previously unmarked boating restricted zone, or replaces markers that were posted over five years prior to application	<u>0 – 10</u>
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	<u>0 – 10</u>
5. Project provides for a documented need	<u>0 – 10</u>
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	<u>0 – 10</u>
7. Project is cost efficient and provides high value	<u>0 – 10</u>
Total possible points =	70

Part B: Technical Evaluation

	<u>Points</u>
1. Total project cost (grant request plus matching funds) is ...	
a. Less than or equal to \$50,000	<u>10</u>
b. Greater than \$50,000 and less than or equal to \$200,000	<u>5</u>
c. Greater than \$200,000	<u>0</u>
Total possible points =	10
2. Cost Share (Cash plus non-cash)	
a. Applicant’s share is equal to or greater than 50% of total project cost	<u>10</u>
b. Applicant’s share is at least 25% but less than 50% of total project cost.	<u>5</u>
c. Applicant’s share is less than 25% of total project cost.	<u>0</u>
Total possible points =	10
3. Application preparation	
a. Complete application with all necessary attachments submitted by due date	<u>5</u>
a. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer’s cost estimate.	<u>5</u>
Total possible points =	10

Part C: Bonus Points

Five bonus points will be awarded to Projects located in a county with a population of 100,000 or less, or Projects located in a coastal county with a high level of boating-related activities from individuals residing in other counties.

Part D: Tie-Breaker System

If two or more Applications receive the same score as a result of the above scoring process, the following tie-breaker system will be used in the order listed to decide the priority ranking:

1. The Application submitted is for a project located in a county having a population of 100,000 or less, or a coastal county with a high level of boating related activities from individuals residing in other counties.
2. The Applicant having received the lowest amount of program funds during the previous three fiscal years receives the higher priority.
3. Applications submitted by counties, or municipalities within counties, with the highest number of registered vessels for the year prior to the grant period.

Evaluation Criteria for Grant Applications for Boating Access Facilities

Part A: Qualitative Evaluation

	<u>Points</u>
1. Project will increase boating access through additional launch lanes, additional parking, or additional tie-ups/moorings	<u>0 – 10</u>
2. Project site provides access to significant boating opportunities (ie. access to fresh water and salt water, access to a chain of lakes, new public access to a water body)	<u>0 – 10</u>
3. Project site provides adequate parking and amenities such as restrooms, boarding docks, staging areas, utilities hook ups, and educational kiosks	<u>0 – 10</u>
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	<u>0 – 10</u>
5. Project provides for a documented need	<u>0 – 10</u>
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	<u>0 – 10</u>
7. Project is cost efficient and provides high value	<u>0 – 10</u>
Total possible points =	70

Part B: Technical Evaluation

	<u>Points</u>
1. Total project cost (grant request plus matching funds) is ...	
a. Less than or equal to \$200,000	<u>10</u>
b. Greater than \$200,000 and less than or equal to \$400,000	<u>5</u>
c. Greater than \$400,000	<u>0</u>
Total possible points =	10
2. Cost Share (Cash plus non-cash)	
a. Applicant’s share is equal to or greater than 50% of total project cost	<u>10</u>
b. Applicant’s share is at least 25% but less than 50% of total project cost.	<u>5</u>
c. Applicant’s share is less than 25% of total project cost.	<u>0</u>
Total possible points =	10
3. Application preparation	
a. Complete application with all necessary attachments submitted by due date	<u>5</u>
b. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer’s cost estimate.	<u>5</u>
Total possible points =	10

Part C: Bonus Points

1. Five bonus points will be awarded to Projects located in a county with a population of 100,000 or less, or Projects located in a coastal county with a high level of boating-related activities from individuals residing in other counties.

2. For public launching facilities only, five bonus points will be awarded to Projects located in a county with 35,000 or more registered vessels.

Part D: Tie-Breaker System

If two or more Applications receive the same score as a result of the above scoring process, the following tie-breaker system will be used in the order listed to decide the priority ranking:

1. The Application submitted is for a project located in a county having a population of 100,000 or less, or a coastal county with a high level of boating related activities from individuals residing in other counties.
2. The Applicant having received the lowest amount of program funds during the previous three fiscal years receives the higher priority.
3. Applications submitted by counties, or municipalities within counties, with the highest number of registered vessels for the year prior to the grant period.

Evaluation Criteria for Grant Applications for Derelict Vessel Removal

Part A: Qualitative Evaluation

	<u>Points</u>
1. Project will improve recreational boating access by removing derelict vessels that pose a threat to navigation	<u>0 – 10</u>
2. A reasonable attempt has been made to identify vessel owners and to have the owners remove their vessels	<u>0 – 10</u>
3. Project provides for derelict vessels to be used in the construction of permitted artificial reef sites or recycled as scrap metal	<u>0 – 10</u>
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	<u>0 – 10</u>
5. Project provides for a documented need	<u>0 – 10</u>
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	<u>0 – 10</u>
7. Project is cost efficient and provides high value	<u>0 – 10</u>
Total possible points =	70

Part B: Technical Evaluation

	<u>Points</u>
1. Total project cost (grant request plus matching funds) is ...	
a. Less than or equal to \$100,000	<u>10</u>
b. Greater than \$100,000 and less than or equal to \$200,000	<u>5</u>
c. Greater than \$200,000	<u>0</u>
Total possible points =	10
2. Cost Share (Cash plus non-cash)	
a. Applicant’s share is equal to or greater than 50% of total project cost	<u>10</u>
b. Applicant’s share is at least 25% but less than 50% of total project cost.	<u>5</u>
c. Applicant’s share is less than 25% of total project cost.	<u>0</u>
Total possible points =	10
3. Application preparation	
a. Complete application with all necessary attachments submitted by due date	<u>5</u>
b. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer’s cost estimate.	<u>5</u>
Total possible points =	10

Part C: Bonus Points

Five bonus points will be awarded to Projects located in a county with a population of 100,000 or less, or Projects located in a coastal county with a high level of boating-related activities from individuals residing in other counties.

Part D: Tie-Breaker System

If two or more Applications receive the same score as a result of the above scoring process, the following tie-breaker system will be used in the order listed to decide the priority ranking:

1. The Application submitted is for a project located in a county having a population of 100,000 or less, or a coastal county with a high level of boating related activities from individuals residing in other counties.
2. The Applicant having received the lowest amount of program funds during the previous three fiscal years receives the higher priority.
3. Applications submitted by counties, or municipalities within counties, with the highest number of registered vessels for the year prior to the grant period.

Evaluation Criteria for Grant Applications for Boater Education

Part A: Qualitative Evaluation

	<u>Points</u>
1. Project will increase public knowledge of boating issues or boater understanding of waterway regulations	<u>0 – 10</u>
2. Project is aimed at an appropriate target audience using an appropriate delivery method	<u>0 – 10</u>
3. Project uses innovative or creative techniques or creates a pilot project which may be used statewide	<u>0 – 10</u>
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	<u>0 – 10</u>
5. Project provides for a documented need	<u>0 – 10</u>
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	<u>0 – 10</u>
7. Project is cost efficient and provides high value	<u>0 – 10</u>
Total possible points =	70

Part B: Technical Evaluation

	<u>Points</u>
1. Total project cost (grant request plus matching funds) is ...	
a. Less than or equal to \$50,000	<u>10</u>
b. Greater than \$50,000 and less than or equal to \$200,000	<u>5</u>
c. Greater than \$200,000	<u>0</u>
Total possible points =	10
2. Cost Share (Cash plus non-cash)	
a. Applicant’s share is equal to or greater than 50% of total project cost	<u>10</u>
b. Applicant’s share is at least 25% but less than 50% of total project cost.	<u>5</u>
c. Applicant’s share is less than 25% of total project cost.	<u>0</u>
Total possible points =	10
3. Application preparation	
a. Complete application with all necessary attachments submitted by due date	<u>5</u>
b. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer’s cost estimate.	<u>5</u>
Total possible points =	10

Tie-Breaker System

If two or more Applications receive the same score as a result of the above scoring process, the following tie-breaker system will be used in the order listed to decide the priority ranking:

1. The Applicant having received the lowest amount of program funds during the previous three fiscal years receives the highest priority.
2. The application submitted is for a project located within a Rural Area of Critical Economic Concern as defined in the Policies and Guidelines.
3. Applications submitted by counties, or municipalities within counties, with the highest number of registered vessels for the year prior to the grant period.

Evaluation Criteria for Grant Applications for Other Local Boating-Related Activities

Part A: Qualitative Evaluation

	<u>Points</u>
1. Project increases boating access, improves boater safety, boater education or boater understanding of waterway regulations	<u>0 – 10</u>
2. Project provides economic benefits and promotes boating	<u>0 – 10</u>
3. Project uses innovative or creative techniques to increase boating access or enhance recreational boating	<u>0 – 10</u>
4. Project will enhance or improve boating or boating access and provides a benefit to boaters	<u>0 – 10</u>
5. Project provides for a documented need	<u>0 – 10</u>
6. Project has clearly defined scope of work including goals, approach, tasks, and deliverables	<u>0 – 10</u>
7. Project is cost efficient and provides high value	<u>0 – 10</u>
Total possible points =	70

Part B: Technical Evaluation

	<u>Points</u>
1. Total project cost (grant request plus matching funds) is ...	
a. Less than or equal to \$100,000	<u>10</u>
b. Greater than \$100,000 and less than or equal to \$200,000	<u>5</u>
c. Greater than \$200,000	<u>0</u>
Total possible points =	10
2. Cost Share (Cash plus non-cash)	
a. Applicant’s share is equal to or greater than 50% of total project cost	<u>10</u>
b. Applicant’s share is at least 25% but less than 50% of total project cost.	<u>5</u>
c. Applicant’s share is less than 25% of total project cost.	<u>0</u>
Total possible points =	10
3. Application preparation	
a. Complete application with all necessary attachments submitted by due date	<u>5</u>
b. Cost estimate provided is in the form of a formal bid, written quote from a proposed vendor, or an engineer’s cost estimate.	<u>5</u>
Total possible points =	10

Part C: Bonus Points

Five bonus points will be awarded to Projects located in a county with a population of 100,000 or less, or Projects located in a coastal county with a high level of boating-related activities from individuals residing in other counties.

Part D: Tie-Breaker System

If two or more Applications receive the same score as a result of the above scoring process, the following tie-breaker system will be used in the order listed to decide the priority ranking:

1. The Application submitted is for a project located in a county having a population of 100,000 or less, or a coastal county with a high level of boating related activities from individuals residing in other counties.
2. The Applicant having received the lowest amount of program funds during the previous three fiscal years receives the higher priority.
3. Applications submitted by counties, or municipalities within counties, with the highest number of registered vessels for the year prior to the grant period.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Building

Bulk Item: Yes No

Staff Contact Person/Phone #: Christine Hurley, 289-2519

AGENDA ITEM WORDING: Discussion and Direction to staff regarding open permits

ITEM BACKGROUND: See attached memorandum. Monroe County permitting system has the following open permits:

PERMIT APPLICATIONS		
Type	Number	Staff Recommendation:
WITH plan review activity 1-180 days	717	N/A
NO plan review activity 181-360 days	199	Allow to remain open until 361 st day
NO plan review activity >360 days	2,227	VOID and establish protocols to expire permit applications after 360 days in the system.
GRAND TOTAL	3,143	

ISSUED PERMITS		
Type	Number	Staff Recommendation
1- 180 days NO inspections	1,093	N/A
1- 180 days WITH PASSED inspection(s)	634	N/A
181- 360 days NO inspections	334	EXPIRE
181-360 days WITH PASSED inspection(s)	318	Allow permit to remain OPEN until there has been no inspection in 361 days.
>360 days NO inspections	24,968	Staff recommends expiration of these permits when no inspections have ever been performed. Establish protocol (SOP) to expire permits after 360 days in the system when no inspections have been performed.
>360 days WITH PASSED inspection(s)	17,970	Leave OPEN and have these owners utilize existing open permit investigation procedure.
>360 days WITH PASSED inspection(s) including at least one final inspection	10,906	Leave open until the building department can hire additional staff and investigate the 10,906 permits proactively to determine what to close, unless legal determines a method to close without an inspection by passage of an ordinance
Non- Life/Safety Permit Types >360 days WITH PASSED inspection(s)	4702	Close in system without inspection(s).
Status requires additional research	3,702	
GRAND TOTAL***	49,019

**MEMORANDUM
MONROE COUNTY**

To: Board of County Commissioners
County Administrator Roman Gastesi
County Attorney Robert Shillinger

From: Christine Hurley, Assistant County Administrator

Date: March 8, 2016

**SUBJECT: NON-ROGO Building Permit Applications & Building Permits –
Florida Building Code Time Limitations, Null and Void, and Expiration of Permits**

The *Florida Building Code, Fifth Edition (2014) Building* sets forth permit application timelines and issued permit timelines. Florida Statutes 468.604 states the responsibilities of building code administrators, plans examiners, and inspectors. These regulations are shown below. Following those are two tables (pages 8-11) with information related to the number of Monroe County open permit applications and issued permits, of which the vast majority has not progressed in a manner to maintain validity under the statute. The tables also include pros and cons, that could be expected with voiding these open applications and/or expiring these issued permits. Following the information on permit applications and issued permits is a summary of policies (pages 12-13) of Monroe County municipalities regarding the issue of expired permits.

The Florida Building Code fails to provide adequate assistance on the issue and states in Section 105.4.1.1 that “if work has commenced and the permit is revoked, becomes null and void, or expires because of lack of progress or abandonment, a new permit covering the proposed construction shall be obtained before proceeding with work.”

Pursuant to the below Statute (468.604), the Building Official “shall inspect” the work performed.
FLORIDA STATUTES (2015)

468.604 Responsibilities of building code administrators, plans examiners, and inspectors.—

(1) It is the responsibility of the building code administrator or building official to administrate, supervise, direct, enforce, or perform the permitting and inspection of construction, alteration, repair, remodeling, or demolition of structures and the installation of building systems within the boundaries of their governmental jurisdiction, when permitting is required, to ensure compliance with the Florida Building Code and any applicable local technical amendment to the Florida Building Code. The building code administrator or building official shall faithfully perform these responsibilities without interference from any person. These responsibilities include:

(b) The inspection of each phase of construction where a building or other construction permit has been issued. The building code administrator or building official, or a person having the appropriate building code inspector license issued under this chapter, shall inspect the construction or installation to ensure that the work is performed in accordance with applicable sections of the code.

In short, the County Attorney's office, working with the Building and Planning and Environmental Resources Departments, have indicated Florida law is rather clear that the County would have sovereign immunity protection regarding any potential negligent performance of building inspections. However, the County Attorney's office has indicated the law is less clear as to what protection the County would have for not doing the inspection at all. It would appear that the duty imposed by Section 468.604 above, taken in context with FBC 105.4.1.1 and 101.3 ("The purpose of this code is to establish the minimum requirements to safeguard the public health, safety and general welfare through structural strength, means of egress facilities, stability, sanitation...") could act to waive our sovereign immunity and expose the County to liability if no inspection is performed and a permit is administratively deemed "closed".

FLORIDA BUILDING CODE (FBC)

Permit application

§105.3.2 Time limitation of application states "an application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each. The extension shall be requested in writing and justifiable cause demonstrated."

Monroe County uses the term "null and void" for applications that have been abandoned.

Issued permit

§ 105.4.1. Permit intent states in part "... every permit issued shall become invalid unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced."

§ 105.4.1.1 states "if work has commenced and the permit is revoked, becomes null and void, or expires because of lack of progress or abandonment, a new permit covering the proposed construction shall be obtained before proceeding with the work."

§ 105.4.1.2 states "if a new permit is not obtained within 180 days from the date the initial permit became null and void, the building official is authorized to require that any work which has been commenced or completed be removed from the building site. Alternately, a new permit may be issued on application, providing the work in place and required to complete the structure meets all applicable regulations in effect at the time the initial permit became null and void and any regulations which may have become effective between the date of expiration and the date of issuance of the new permit."

§ 105.4.1.3 states "work shall be considered to be in active progress when the permit has received an approved inspection within 180 days. This provision shall not be applicable in case of civil commotion or strike or when the building work is halted due directly to judicial injunction, order or similar process."

Monroe County uses the single term "expired" for issued permits that have either become invalid or null and void, or are suspended, abandoned, or revoked.

MONROE COUNTY CODE

Sec. 6-100. - Permits required.

(a) *Applicability. A permit shall be required for all work shown in the following table, except where specifically exempted this section.*

<i>Work Requiring a Permit</i>	<i>Residential Exceptions*</i>
<i>Site preparation including: land clearing, placements of fill, excavation, and blasting; however, no permit for site preparation may be issued except in conjunction with the establishment of a use or structure allowed in the land use district.</i>	<i>None. However, no fee (including education; contractor investigation; or tech fees) shall be charged for invasive exotic vegetation removal if permit is not classified as clearing and grubbing.</i>
<i>Removal of invasive exotic vegetation</i>	<i>A permit is not required for the removal of ten or fewer stems of invasive exotic vegetation on parcels with a lawfully established principal use; however, this exemption shall not apply if the removal is part of a larger clearing operation undertaken in segments within any one calendar year, whether by the same or different contractors and/or the property owner or if undertaken in conjunction with any construction.</i>
<i>Demolition</i>	<i>Residential demolition where the fair market value of the demolition work is less than \$2,500.00 and all pertinent utilities have been properly disconnected.</i>
<i>Tie downs of habitable structures</i>	<i>None</i>
<i>Signs</i>	<i>Those signs that are specifically exempt from permit requirements pursuant to part II of this Code; however, in no case shall a sign be exempt if its installation represents a threat to life and safety.</i>
<i>Fences</i>	<i>None</i>
<i>Sheds</i>	<i>None. Effective July 1, 2013, sheds are no longer exempt from permitting per this Section.</i>
<i>Chickees not constructed by Miccosukee or Seminole Indians</i>	<i>None</i>
<i>Any new construction and remodeling work of principal and accessory structures</i>	<i>Interior remodeling where the fair market value of such work is less than \$2,500.00 and there is no change in the original size or configuration.</i>
	<i>Exterior and interior painting of single- and two-family residential buildings.</i>
	<i>Installation of carpeting and floor coverings in single- and two-family residential buildings that have previously been inhabited, if the fair</i>

<i>Work Requiring a Permit</i>	<i>Residential Exceptions*</i>
	<i>market value of the work is less than \$5,000.00.</i>
	<i>Normal maintenance or ordinary minor repairs where the fair market value of such work is less than \$2,500.00.</i>
<i>All work in the electrical, mechanical, and plumbing trades</i>	<i>Normal maintenance or ordinary minor repairs where the fair market value of such work is less than \$2,500.00.</i>
	<i>The installation of satellite antennas and microwave receiving antennas that do not exceed one meter in diameter but only where mounted on existing buildings or structures.</i>
<i>All work subject to the floodplain management requirements of part II of this Code</i>	<i>Normal maintenance or ordinary minor repairs where the fair market value of such work is less than \$2,500.00.</i>
<i>Resource extraction activities (as defined in part II of this Code)</i>	<i>None</i>
<i>Any work involving life safety</i>	<i>None</i>

**Note: Notwithstanding the exceptions set forth herein, permits will always be required for new work involving electrical, mechanical, plumbing or any improvements subject to floodplain regulations; and if the construction, repair, remodeling or improvement work is a part of a larger or major operation, whether undertaken by the same or different contractor. NO EXCEPTIONS apply to work conducted below base flood elevation and/or subject to the floodplain management requirements of the Monroe County Code to structures located within a Coastal Barrier Resource System (CBRS) or structures located within flood zone AE or flood zone VE. All residential work that is exempt from Monroe County permitting shall still comply with the Florida Building Code, this chapter, and part II of this Code and shall be subject to code compliance.*

- (b) Separate permit required. A separate permit shall be required for each principal structure and any dock, seawall, and riprap accessory structure.*
- (c) Blanket invasive exotic removal permit. An annually renewable blanket permit for the removal of invasive exotic vegetation is available to not-for-profit conservation agencies as approved by the county biologist.*
- (d) Permit exemptions for Hurricane Wilma. Notwithstanding the provisions of subsection (a) of this section, the following work shall be exempted from requiring a permit prior to the time periods specified below:*
 - (1) No permit shall be required where imminent danger to life or safety exists or to prevent further property damage caused by Hurricane Wilma. Property owners may make necessary repairs to the minimum extent necessary without a permit; however, photographs should be taken before and after the necessary repairs. This exemption from the permitting requirements of this chapter shall be for a period of 60 days from the effective date of the ordinance from which this section is derived.*
 - (2) No permit shall be required for any residential work involving the replacement of 300 square feet or less of storm damage roof shingle. This exemption from the permitting requirement of this chapter shall be for a period of 60 days from the effective date of the ordinance from which this section is derived.*
 - (3) No permit shall be required for any work involving the demolition/removal of dry wall, cabinet and vanities, heating/cooling and electrical systems, and floor coverings in flooded structures, and demolition of storm damaged accessory structures or docks, seawalls, and lifts. This exemption from the permitting requirement of this chapter shall be for a period of 90 days from the effective date of the ordinance from which this section is derived.*

- (e) *Miccosukee and Seminole chickee huts. Chickees constructed by the Miccosukee Tribe of Indians or the Seminole Tribe of Florida require a land development permit. The term "chickee" means an open-sided wooden hut that has a thatched roof or palmetto or other traditional materials, and that does not incorporate any electrical, plumbing, or other non-wood features. Chickees shall comply with part II of this Code and shall be subject to code compliance.*

Sec. 6-103. - Issued permits.

- (a) *Permit intent. A permit issued shall be construed to be a license to proceed with the work and not as authority to violate, cancel, alter or set aside any of the provisions of the Florida Building Code and other technical codes. Nor shall issuance of a permit prevent the building official from thereafter requiring a correction of errors in plans, construction, or violations of this Code.*
- (b) *Permit time limitations. Every permit issued shall become null and void unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced. Work is considered commenced if it has received an approved initial inspection pursuant to permit requirements or an approved temporary electrical inspection. Any valid permit, for which construction has commenced, must progress in a timely fashion. The only method by which timely valid progress of authorized work may be demonstrated is through the building department's having performed and approved an inspection that is highlighted in red print on the building permit display card within 180 days measured from either:*
- (1) *As to the initial inspection, the date work was required to begin; or*
 - (2) *As to inspections subsequent to the initial inspection, from the date of the last approved inspection that was highlighted in red print on the display card.*
- (c) *Approved inspections. These inspections that are highlighted in red print on the display card, as amended from time to time by the building official, may include, but shall not be limited to: any auger/auger cap; piling/piling cap; grade beam/slab; column/tic beams; slab/wood floor; roof trusses/sheathing; final roofing; A/C ductwork, total rough plumbing; total rough electrical; framing; insulation/drywall; final mechanical; final plumbing; final electrical and final building.*
- (d) *Failure to obtain inspections. Failure to obtain an approved inspection within 180 days of the previous approved inspection shall constitute suspension or abandonment that shall render the permit null and void. Any work completed without an approved inspection may be subject to code compliance.*
- (e) *Extensions. After work is commenced, a one-time only extension of time for a period of not more than 180 days, may be allowed by the building official for the permit, provided the extension is requested in writing and justifiable cause is demonstrated prior to the expiration date. Any extension request shall be accompanied by a nonrefundable fee.*
- (f) *Demolition permits (special case). Any permits for the demolition of a structure shall expire 60 days from the date of issuance. No extensions shall be allowed.*

Sec. 6-144. - Inspections prior to issuance of certificate of occupancy.

In addition to the inspection requirements of section 105, Florida Building Code, the following inspections and inspection elements shall be required as deemed necessary by the building official:

- (1) *Slab inspection. A slab inspection shall be made after the reinforcement is in place, all concealed conduit, piping, ducts and vents are installed and the electrical, plumbing and mechanical work is complete. Slab shall not be poured until all required inspections have been made and passed.*
- (2) *Foundation survey. A foundation survey prepared and certified by a registered surveyor shall be required for all new construction prior to approval of the framing inspection. The survey shall certify placement of the building on the site, illustrate all surrounding setback dimensions and shall be available at the jobsite for review by the building inspector. In lieu of providing a survey, the contractor may elect to uncover all property line markers and string-up all property lines in preparation for inspection.*
- (3) *Framing inspection. The framing inspection shall include all elements identified in section 105.6, Florida Building Code, and installation of window/door framing.*
- (4) *Insulation inspection. An insulation inspection shall be made after the framing inspection is approved and the insulation is in place.*
- (5) *Sheathing inspection. Sheathing fasteners installed and found to be missing the structural member (shiners) shall be removed and properly reinstalled prior to installation of the dry-in material.*

- (6) *Roofing inspection. The roofing inspection shall be made as two inspections on tile, slate or similar roof coverings or as one inspection on all other roof coverings.*
- (7) **Final inspection requirements.**
- a. After the building or work is completed, final inspections shall be made for every permit for work requiring plan review and approval or related to public health, safety, and welfare, as determined by the building official. Any permit requiring a final inspection shall be so annotated on the issued permit.**
- b. It is the responsibility of the permit holder to call for a final inspection. Failure to obtain a final inspection shall render the permit null and void, if it is not done within the duration limits for the permit as specified in this chapter. The permit holder is subject to code compliance, if construction is completed and no required final inspection is made. If the permit becomes null and void, no further work is authorized without a new permit or approval by the building official.**

CURRENT MONROE COUNTY APPLICATION / PERMIT STATUS

There are over 50,000 open permit applications and permits that have not progressed in a manner to keep them valid. These statistics, as of February 1, 2016, may be found in the tables on pages 8-11 and in Attachments A - F.

Attachment D also lists those specific permit types that both the Building Official and Planning Director believe may be closed without additional inspections, the total of which is 4,702, as of February 1, 2016 as follows:

- Alarms
- Blasting
- Curbing
- Dredging
- Fence
- Painting
- Stucco
- Flagpoles
- Floor Covering

We will be closing these permits shortly.

We have now closed all permits that were in our computer system that were transferred to the City of Marathon and Islamorada, since they were incorporated.

As of 2013 permit applications for construction in the floodplain have a permanent retention period pursuant to the State of Florida General Records Schedule GS1-SL for State and Local Government Agencies (eff. October 1, 2013) and these cannot be closed without inspections. This schedule is regulated through the Florida Administrative Code, specifically as follows.

Florida Administrative Code Chapter 1B-24.003 Records Retention Scheduling and Disposition.

(1) The Division issues General Records Schedules which establish minimum retention requirements for record series common to all agencies or specified types of agencies based on the legal, fiscal, administrative, and historical value of those record series to the agencies and to the State of Florida. The General Records Schedules established by the Division, which can be obtained at <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>, are incorporated by reference: (a) General Records Schedule GS1-SL for State and Local Government Agencies (<https://www.flrules.org/Gateway/reference.asp?No=Ref-04998>, eff. 2/19/15).

Prior to October 17, 2012 there was a minimum fee of \$500.00 to renew an expired building permit. A September 15, 2008 memo to staff from the Building Official regarding the procedure is included as Attachment G. The current procedure to renew an expired building permit may include a permit investigation. In such cases there would be no fee if it is concluded that the permit has passed all required inspections. If there are outstanding required inspections, then a fee of \$50.00 per hour for staff review would be charged, with a minimum fee of \$50.00. Re-opening of the permit would also have a separate fee of \$50.00 per discipline (electrical, plumbing, mechanical, etc.)

The software the County uses does not automatically expire permit applications after their 180 application period, nor does the software expire issued permits if they have not received a passed inspection within 180 days after issuance or after the previous inspection. There are pros and cons to implementation of these activities. Many communities struggle with these issues and the County has put together the staff recommendations on how to deal with each of these categories.

Florida Statutes 468.604 does not provide guidance regarding how to handle permits that have lapsed for an extended period of time. If it is determined by the County Attorney that the State legislature has not pre-empted local governments from legislating on this subject, the BOCC could adopt an ordinance that amends Section 6-144 of the current code that would establish such procedures.

Finally we are ordering a software upgrade that can include notification modules, including but not limited to proactively notifying contractors and owners that have permit applications and issued permits that are about to expire and that have expired. Purchase and implementation of this could take approximately one year.

PERMIT APPLICATIONS:

The following Table illustrates information on open permit applications (not issued) in the system:

Open permit applications	Number	Status per FBC	Pro	Con	Staff Recommendation
WITH plan review activity 1-180 days	717	VALID	N/A	N/A	N/A
NO plan review activity 181-360 days	199	NULL AND VOID*	If we void these permit applications then no outstanding unissued permit would show up as "open" permit application in title search	If they are still interested in having the work done on the permit applications, the building official MAY allow them to submit revisions, etc. so they wouldn't lose their upfront permit fee – but once we void them, they would need to reapply and repay application fees.	Allow to remain open until 361 st day
NO plan review activity >360 days	2,227	NULL AND VOID	If we void these permit applications then no outstanding unissued permit would show up as "open" permit applications in title search	Based on FBC105.3.2, once 270 days passes, the building official doesn't have the ability to allow them to submit revisions, etc. so they have lost their upfront permit fee – once we void them, they would need to reapply and repay application fees. <u>However, this group has been inactive for a long time and staff recommends voiding these applications.</u>	VOID and establish protocols to expire permit applications after 360 days in the system.
GRAND TOTAL	3,143				

* FBC § 105.3.2 *Time limitation of application* authorizes the Building Official to grant one or more extensions of time for additional periods not exceeding 90 days each. The extension shall be requested in writing and justifiable cause demonstrated. Monroe County Code (MCC) § 6-102(a) *Time limitations on permit application* limits the number of these aforesaid extensions to one.

ISSUED PERMITS:

The following Table illustrates information on open issued permits in the system:

Open issued permits	Number	Status per FBC	Pro	Con	Staff Recommendation
1- 180 days NO inspections	1,093	VALID	N/A	N/A	N/A
1- 180 days WITH PASSED inspection(s)	634	VALID	N/A	N/A	N/A
181- 360 days NO inspections	334	EXPIRED/ INVALID FBC105.4.1	Property owners could benefit from not having OPEN permits especially when they are selling the property as the OPEN permit Title encumbrance would be removed, except that standard FARBAR contract language* speaks to the identification of open or needed permits. This would be a Pro, if work never commenced.	If we expire these in the system, any work that commenced would be considered unpermitted work and therefore in violation of Monroe County Code. Future owners could be purchasing property with unpermitted or unsafe development / life/safety issues and could result in code violations to the new property owner. Further, after the fact permits would be required, double fees and code compliance fees.	EXPIRE
181-360 days WITH PASSED inspection(s)	318	EXPIRED** FBC 105.4.1.1	Property owners could benefit from not having OPEN permits especially when they are selling the property as the OPEN permit Title encumbrance would be removed, except that standard FARBAR contract language* speaks to the identification of open or needed permits. This would be a Pro, if work never commenced – however, since these permits had	If we expire these in the system, any work that commenced, evidenced by inspections performed, would be considered unpermitted work and therefore in violation of Monroe County Code. Future owners could be purchasing property with unpermitted or unsafe development / life/safety issues and could result in code violations to the new property owner. Further, after the fact permits would be required, double fees	Allow permit to remain OPEN until there has been no inspection in 361 days.

			an inspection(s), work did commence.	and code compliance fees.	
>360 days NO inspections	24,968	EXPIRED**	Property owners could benefit from not having OPEN permits especially when they are selling the property as the OPEN permit Title encumbrance would be removed, except that standard FARBAR contract language* speaks to the identification of open or needed permits. This would be a Pro, if work never commenced.	If we expire these in the system, any work that commenced would be considered unpermitted work and therefore in violation of Monroe County Code. Future owners could be purchasing property with unpermitted or unsafe development / life/safety issues and could result in code violations to the new property owner. Further, after the fact permits would be required, double fees and code compliance fees.	Staff recommends expiration of these permits when no inspections have ever been performed. Establish protocol (SOP) to expire permits after 360 days in the system when no inspections have been performed.
>360 days WITH PASSED inspection(s)	17,970	EXPIRED	Property owners could benefit from not having OPEN permits especially when they are selling the property as the OPEN permit Title encumbrance would be removed, except that standard FARBAR contract language* speaks to the identification of open or needed permits. Future owners could be purchasing property with unpermitted or unsafe development / life/safety issues and could result in code violations to the new property owner.	Leave OPEN and have these owners utilize existing open permit investigation procedure.
>360 days WITH PASSED inspection(s) including at least one final inspection	10,906	Permits have had at least one FINAL inspection indicating they could possibly be closed with staff research	however, since these permits had an inspection(s), work did commence.		Leave open until the building department can hire additional staff and investigate the 10,906 permits proactively to determine what to close, unless legal determines a method to close without an inspection by passage of an ordinance

Non-Life/Safety Permit Types >360 days WITH PASSED inspection(s)	4702	EXPIRED	N/A	N/A	Close in system without inspection(s).
Status requires additional research	3,702	UNKNOWN			
GRAND TOTAL***	49,019				

* *Standard FARBAR contract language.* SELLER ASSISTANCE AND COOPERATION IN CLOSE-OUT OF BUILDING PERMITS: If Buyer's inspection of the Property identifies open or needed building permits, then Seller shall promptly deliver to Buyer all plans, written documentation or other information in Seller's possession, knowledge, or control relating to improvements to the Property which are the subject of such open or needed Permits, and shall promptly cooperate in good faith with Buyer's efforts to order estimates of repairs or other work necessary to resolve such Permit issues. Seller's obligation to cooperate shall include Seller's execution of necessary authorizations, consents, or other documents necessary for Buyer to conduct inspections and have estimates of such repairs or work prepared, but in fulfilling such obligation, Seller shall not be required to expend, or become obligated to expend, any money.

** MCC § 6-103(e) *Extensions* authorizes the Building Official to allow a one-time extension of time after work has commenced for a period of no more than 180 days, provided that the extension is requested in writing and justifiable cause is demonstrated prior to the expiration date.

*** Grand Total will not be the sum of all categories above due to certain permits being included in multiple category totals.

SUMMARY OF POLICIES BY MONROE COUNTY MUNICIPALITIES REGARDING EXPIRATION AND CLOSING OF PERMITS

Local municipalities were asked the following questions:

1. *Did your community create a memo or administrative instruction for the closure of permits?*
2. *Which codes do you use to address the closure of permits?*
3. *Does your community “close” permits automatically if they are not a life safety issue?*
4. *If it is a life safety issue what is the process to get those permits closed out?*

City of Layton

1/2. The City of Layton (Layton) adheres to the Florida Building Code (FBC) and therefore has indicated that a written procedure is redundant.

3. Layton does not close permits automatically for any reason. When a permit has expired, in accordance with the FBC, the owner and contractors are notified via Certified Mail explaining the issue and the need for compliance. If compliance is not met, then the matter is heard by the Code Board Hearing, where they can be fined up to \$250.00 per day. Layton concurs it is a small community and monitoring the status of Building Permits is much easier than in larger communities.

4. For sites which are experiencing life safety issues Layton will disconnect services as authorized below:

FBC § 112.3 Authority to disconnect service utilities.

The building official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Section 101.4 in case of emergency where necessary to eliminate an immediate hazard to life or property or when such utility connection has been made without the approval required by Section 112.1 or 112.2. The building official shall notify the serving utility, and wherever possible the owner and occupant of the building, structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

Islamorada, Village of Islands

1. Islamorada, Village of Islands (Islamorada) acknowledges that there is a significant issue regarding the closure of building permits. What compounded the issue was the introduction of multiple software programs and that the migration of inspection data and other fields were not entirely successful. Islamorada does not have a directive or written procedure in regards to the closure of building permits.

3. Any permits that are ten years or older are closed since the statute for records retention does not require Islamorada to keep the information.

4. If a permit is requested involving “life safety element”, the present owner is required to apply for “final” inspections and is charged a basic fee for the inspection.

It is current policy to remind contractors and owner builders to get the final inspections.

City of Key West

1. The City of Key West (Key West) also acknowledges that the expiration of permit has been challenging. In Key West permits are valid for 24 months as stated in their written procedure titled “Instructions: Closing Permits”. The document also outlines the process for the closure of permits including fees to be paid and which permits may be administratively closed. Their extension process is

strictly administrative for determining if the expired permit project was completed and final inspections were simply not scheduled, which is very often the case.

2-4. Any expired permits of interest are scheduled for inspection pursuant to FBC §110.3.8 below:

[A] 110.3.8 Other inspections.

In addition to the inspections specified in Sections 110.3 through 110.3.7, the building official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the department of building safety.

Once an inspector reports that the work is completed and safe the permit is closed. However, if the inspector reports that the work is incomplete and not approved, then the applicant is informed that the property owner or licensed contractor must obtain a new permit to complete the work. An approved inspection is needed to close out the new permit as well as the previous permit.

Key West responded that the administrative process eliminates additional Florida surtax charges since it is not a construction permit and that the process has been well received by the residents of Key West and their responsibility for the health, safety and welfare of the public is being served as well.

City of Marathon

The City is faced with the same problem of closing permits that as a matter of practice weren't required to obtain a final (i.e. fences, slabs, land clearing) or historically didn't receive adequate follow-up to require a final (minor plumbing, electric, A/C units). The current practice, at the direction of Council, is to charge a minimal fee (\$30) for reviewing and closing old permits. If the old permit is simple (no life safety, structural, mechanical, plumbing issues), then there is a simple on-site inspection to confirm aspects of the permit. If, on the other hand, the permit IS more complex, then a more detailed inspection will be required either by the building official or inspector. If it is not possible to perform such an inspection (permit components no longer accessible, visible), then the building official may require further outside engineering review and sign off.

City of Key Colony Beach

No response.

MEMORANDUM
MONROE COUNTY GROWTH MANAGEMENT DIVISION
BUILDING DEPARTMENT

We strive to be caring, professional and fair

To: Staff
From: Joseph M. Paskalik, Sr. Director/Building Official
Date: September 15, 2008
RE: Expired Permit Renewal procedure

Requests to have permits closed have increased over the past 2 years. In an effort to help avoid confusion on how to accomplish this please observe the following:

Procedure for Renewing an Expired Permit (except ROGO/NROGO)

If a permit is expired the owner/contractor has two options:

1. ORIGINAL PERMIT COST WAS GREATER THAN \$500.00 -
Pay a minimum fee of \$500 or current prorated fees, whichever is greater. With this scenario the original permit is renewed, inspected and closed out. (Page 9, number 8 of the Fee Schedule. Permit Renewal: a. Minimum Fee - \$500.)
2. ORIGINAL PERMIT COSTS WAS LESS THAN \$500.00 -
Apply for a new permit, pay current fees and get the inspections. With this scenario, the original permit is "expired" and the new permit reflects the old permit number.

In a case where the work was partially done under the original permit, no inspections were performed and the work was concealed, a letter from an engineer attesting the construction was performed according to the building code is necessary to renew, or issue a new permit for inspections. (An example would be a roof completed without inspections.)

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Building

Bulk Item: Yes No

Staff Contact /Phone #: Ed Koconis 453-8727

AGENDA ITEM WORDING: Approval to add three (3) full-time equivalents (FTEs) for Building Department 1 Building Inspector/Plans Examiner and 2 Customer Service Representatives to investigate, take action, and work on closing the 10,900+ open building permits.

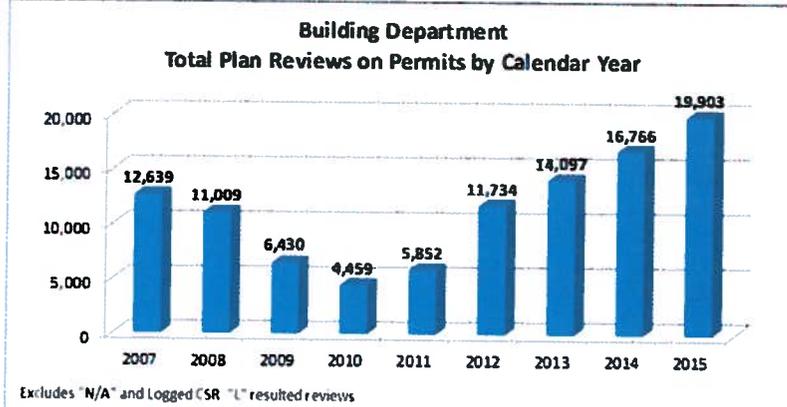

ITEM BACKGROUND: Building permits have been issued at a rate of about 4,900 per year (over the past five years.) Historically there have been a number of permits that have had one or more passed inspections, however the permits were never closed. This total number has grown to 17,970 permits that have had at least one passed inspection but none within the past 360 days. Of these, 10,906 have had at least one passed final inspection. The current practice involves investigating these open permits only upon request from the property owner or agent thereof. Staff is seeking BOCC direction on whether or not to proceed with working on proactively investigating and closing as many permits as possible via another agenda item and estimates that if the BOCC directs to move forward then three positions would be required to accomplish that task. It is estimated this task will take approximately 3 years and given retirement projections for several building staff, positions should be absorbed through attrition. Fund 180 does have adequate fee revenue to fund these positions.

The adjacent three graphs illustrate the large increase in plan reviews, inspections, and permits issued over the past several years.

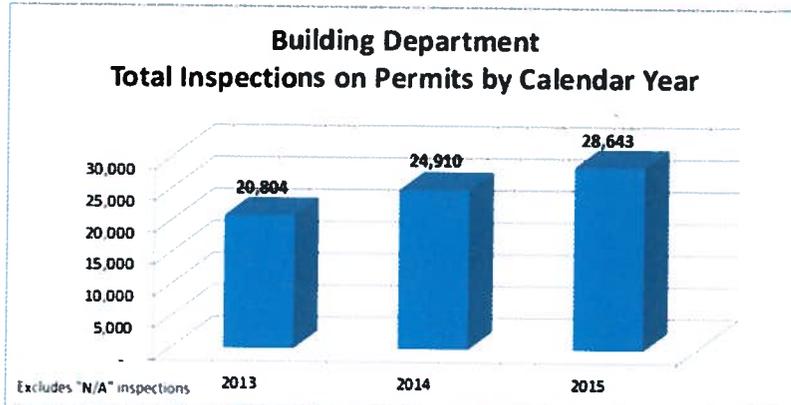

Since 2013, the number of plan reviews has increased 41%; the number of inspections has increased 37%; while the number of permits issued has increased 17%.

The additional work of investigating, taking action, and working on closing the 10,900+ open building permits would cause the level of service provided to our customers to deteriorate without adding personnel to deal directly with this issue.

MONROE COUNTY SHERIFF'S OFFICE

RICHARD A. RAMSAY, SHERIFF

February 8, 2016

Mr. Roman Gastesi, County Administrator
Historic Gato Building
1100 Simonton Street
Key West, Florida 33040

RE: Request for Expenditures from Law Enforcement Trust Fund

Dear Mr. Gastesi:

I would like to request that the Commission authorize the following expenditures from the Law Enforcement Trust Fund:

\$ 500.00 Coral Shores High School Project Graduation 2015: To help cover expenses for the all-night event that provides a safe, drug, and alcohol free celebration to recognize the achievements of our graduating seniors.

\$ 500.00 Key West High School Operation Graduation 2016: To help cover expenses for the all-night event that provides a safe, drug, and alcohol free celebration to recognize the achievements of our graduating seniors.

TOTAL: \$ 1,000.00

I hereby certify that these expenditures are lawful pursuant to the Florida Contraband Act. There will be no recurring expenses in the existing budget.

Please feel free to contact my General Counsel, Patrick McCullah, or me, should you have any questions or concerns regarding this request.

Sincerely,

Rick Ramsay
Sheriff of Monroe County

AGENDA ITEM WORDING: Preliminary discussion and recommendations for membership on Monroe County's Program for Public Information (PPI) Committee based on FEMA Committee requirements.

ITEM BACKGROUND: Monroe County is working toward FEMA's Community Rating System (CRS) entry in 2016. For future additional points, Monroe County is working on formulating a PPI Committee and developing a Monroe County Multijurisdictional Program for Public Information about flood hazards and flood insurance. Each local government that chooses to participate (Islamorada, Key Colony Beach, Key West, Marathon, Layton and Monroe County) needs to appoint at least one (1) government representative and one (1) public stakeholder. It is required that a portion of members come from the lender and insurance industry. Further, members that lead agencies that do emergency, insurance, or hazard public outreach programs would also be beneficial. There are strict attendance requirements for membership as each member must attend every meeting (estimated 4 meetings/year for the first year.)

AGENDA ITEM # _____

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 18, 2015 - MAR

Department: County Attorney

Bulk Item: Yes No

Staff Contact: Bob Shillinger, 292-3470

AGENDA ITEM WORDING: A public hearing to consider approval of an ordinance amending Sec. 2-110(3) and Sec. 2-111(c) of the Monroe County Code to update the County's reimbursement rates for subsistence (meals) and mileage.

ITEM BACKGROUND: Pursuant to F.S. 112.061(14) (a)1., the BOCC can establish per diem, subsistence and mileage rates that differ from the rates set by state statute for state agencies by enactment of an ordinance or resolution. At the January 21, 2015 BOCC meeting, the Board directed staff to bring back an item to increase the mileage allowance rate to \$0.53 cents (currently forty-four and one-half cents \$0.445) and to return the subsistence (meal) allowance rates to Breakfast \$6.50, Lunch \$13.50 and Dinner \$27.00 as set forth in *Ordinance No. 004-2004*. In 2008, due to the County's dire financial situation at the time, the Board adopted *Ordinance No. 017-2008* which decreased the County's subsistence (meal) allowance rates to Breakfast \$6, Lunch \$11 and Dinner \$19.

Chapter 2, Article, III, Division 3. *Travel, Per Diem, Meals and Mileage Policy* of the Monroe County Code details the per diem, subsistence and mileage rates for the County. Any amendments to the Code must be made by Ordinance adopted by the Board at a noticed public hearing. This items seeks approval to advertise the public hearing for consideration of the proposed Ordinance to increase the mileage allowance rate to fifty-three cents (\$0.53) and return the subsistence (meals) allowance rates to Breakfast \$6.50, Lunch \$13.50 and Dinner \$27.00 as set forth in *Ordinance No. 004-2004*.

PREVIOUS RELEVANT BOCC ACTION:

2/18/2004 adopted *Ordinance No. 004-2004*; 7/19/2006 adopted *Ordinance No. 028-2006*;

7/16/2008 adopted *Ordinance No. 017-2008*

1/21/2015 Board directed staff to bring item back to return subsistence (meal) allowance rates to the rates set forth in *Ordinance No. 004-2004* and increase mileage allowance rate to fifty-three cents

2/18/15 BOCC approved a public hearing for 3/18/15 at 3:00 p.m. in Marathon, FL (P-4)

CONTRACT/AGREEMENT CHANGES: Not applicable

STAFF RECOMMENDATIONS: Approval.

ORDINANCE NO. 09 - 2015

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA AMENDING CHAPTER 2, ARTICLE III, DIVISION 3. TRAVEL, PER DIEM, MEALS AND MILEAGE POLICY OF THE MONROE COUNTY CODE BY AMENDING SECTION 2-110(3) TO RETURN THE SUBSISTENCE (MEALS) ALLOWANCE RATES TO THE RATES SET FORTH IN ORDINANCE NO. 004-2004 WHICH ARE BREAKFAST \$6.50, LUNCH \$13.50 AND DINNER \$27.00; AMENDING SECTION 2-111(c), INCREASING THE MILEAGE ALLOWANCE RATE FOR USE OF PRIVATELY OWNED VEHICLES FOR OFFICIAL TRAVEL TO FIFTY-THREE CENTS (\$0.53) PER MILE; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF ALL ORDINANCES INCONSISTENT HEREWITH; PROVIDING FOR INCORPORATION INTO THE MONROE COUNTY CODE OF ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Monroe County Code Chapter 2, Article III, Division 3. *Travel, Per Diem, Meals and Mileage Policy* sets forth provisions governing travel reimbursement for public officers, employees and authorized persons of Monroe County; and

WHEREAS, Section 112.061(14)(a)1., Florida Statutes, allows counties to establish rates for per diem, subsistence (meals) and mileage allowances that exceed the rates set by statute for state agencies by enactment of an ordinance or resolution by the governing body; and

WHEREAS, on February 18, 2004, the Board adopted *Ordinance No. 004-2004* increasing the County's subsistence (meal) allowance rates to: Breakfast \$6.50, Lunch \$13.50 and Dinner \$27.00; and

WHEREAS, on July 16, 2008, due to the County's dire financial situation at the time, the Board adopted *Ordinance No. 017-2008* reducing/returning the County's subsistence (meal) allowance rates to the statutory allowance rates set for State agencies which were: Breakfast \$6.00, Lunch \$11.00 and Dinner \$19.00; and

WHEREAS, pursuant to F.S. 112.061(6)(b), the current subsistence (meals) allowance rates set by statute for State agencies is: Breakfast \$6, Lunch \$11 and Dinner \$19; and

WHEREAS, on July 19, 2006, the Board adopted *Ordinance No. 028-2006* increasing the mileage allowance rate for the use of privately owned vehicles for official business to forty-four and one-half cents (\$ 0.445) per mile to be consistent with the State's 2006 increase in the mileage allowance rate for State agencies; and

WHEREAS, pursuant to F.S. 112.061(7)(d)1.a., the current mileage allowance rate set by statute for state agencies for the use of privately owned vehicles for official business is forty-four and one-half cents (\$0.445) per mile; and

WHEREAS, pursuant to Sec. 2-111(c), Monroe County Code, the County's current mileage allowance rate for the use of privately owned vehicles for official business is forty-four and one-half cents (\$0.445) per mile; and

WHEREAS, the Board desires to update the County's reimbursement rates for subsistence (meals) and mileage; now therefore,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

Section 1. Sec. 2-110(3), Monroe County Code, is hereby amended to read as follows:

Sec. 2-110. - Rates of per diem and subsistence allowance.

- (3) All travelers shall be allowed the following amounts for subsistence while on class C travel on official business as provided in section 2-109(2):
- a. Breakfast, \$6.50 ~~00~~;
 - b. Lunch, \$13.50 ~~11.00~~; and
 - c. Dinner, \$27.00 ~~19.00~~.

Note: The remainder of Sec. 2-110 remains unchanged.

Section 2. Sec. 2-111, Monroe County Code, is hereby amended to read as follows:

- (c) The use of privately owned vehicles for official travel in lieu of publicly owned vehicles or common carriers may be authorized by the county administrator or his or her designee. Whenever travel is by privately owned vehicle, the traveler shall be entitled to a mileage allowance at a fixed rate of ~~\$0.445~~ \$0.53 per mile or the common carrier fare for such travel, as determined by the county administrator. Reimbursement for expenditures related to the operation, maintenance, and ownership of a vehicle shall not be allowed when privately owned vehicles are used on public business and reimbursement is made pursuant to this paragraph, except as provided in subsection (h).

Note: The remainder of Sec. 2-111 remains unchanged.

SECTION 2: SEVERABILITY. If any portion of this ordinance is for any reason held invalid or declared to be unconstitutional, inoperative or void, such holding shall not affect the remaining portions of this ordinance. If this ordinance or any provision thereof shall be held to be inapplicable to any person, property or circumstances, such holding shall not affect its applicability to any other person, property or circumstances.

SECTION 3: CONFLICT WITH OTHER ORDINANCES. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

SECTION 4: INCLUSION IN CODE OF ORDINANCES. The provisions of this ordinance shall be included and incorporated in the Code of Ordinances of the County of Monroe, Florida, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Code.

SECTION 5: TRANSMITTAL AND EFFECTIVE DATE. This Ordinance shall be filed with the Department of State and shall be effective as provided in section 125.66(2)(b), Florida Statutes.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 18th day of February, 2015.

\$100 per day OR Breakfast \$6; Lunch \$11; Dinner \$19
- F.S. 112.061(7)(d)1.a. Transportation (State mileage rate for use of private vehicle): 44.5 cents per mile
- F.S. 112.061(14) authorizes Counties to establish a per diem rate, subsistence (meal) rates and a mileage rate that differs from the State rates through enactment of a resolution or ordinance by the governing body

3. **Ordinance No. 017-2008** adopted 7/16/2008: decreased/returned subsistence (meal) rates to State rates (rates prior to adoption of *Ordinance No. 004-2004*):

Breakfast \$6; Lunch \$11; Dinner \$19

OR Per diem @ \$100 per day (per diem rate remained unchanged)

4. **Ordinance No. 028-2006** adopted 7/19/2006: increased mileage reimbursement rate for use of private vehicle to 44.5 cents per mile (consistent with 2006 State increase)

5. **Ordinance No. 004-2004** adopted 2/18/2004: increased per diem rate to \$100 per day and subsistence (meal) rates to: Breakfast \$6.50; Lunch \$13.50; Dinner \$27.00

ORDINANCE NO. 017 - 2008

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA AMENDING SECTION 2-608(2), MONROE COUNTY CODE; PROVIDING FOR DECREASE IN SUBSISTENCE TO BREAKFAST \$6.00; LUNCH \$11.00; DINNER \$19.00; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF ALL ORDINANCES INCONSISTENT HERewith; PROVIDING FOR INCORPORATION INTO THE MONROE COUNTY CODE OF ORDINANCES; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, Monroe County Code Chapter 2, Article XXVI sets forth provisions governing travel reimbursements for Commissioners, officers and employees of Monroe County; and

WHEREAS, the Board of County Commissioners passed *Ordinance No. 004-2004* pursuant to Section 112.061(14), Florida Statutes, allowing counties to provide for per diem, meals and mileage reimbursements in excess of the rates established for state agencies by that statute; and

WHEREAS, due to the County's current dire financial situation, the Monroe County Board of County Commissioners now desires to decrease subsistence reimbursement amounts for Commissioners, officers and employees to that which is currently provided in Section 112.061(6)(b), Florida Statutes, to assist in remedying the situation just described; and

WHEREAS, Monroe County could realize a substantial savings by implementing this change; now, therefore

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, as follows:

Section 1. Section 2-608(2), Monroe County Code shall be amended to read as follows:

(2) All travelers shall be allowed the following amounts for subsistence while on Class C travel on official business:

- a. Breakfast \$ 6.00
- b. Lunch \$11.00
- c. Dinner \$19.00

Section 2. SEVERABILITY. If any portion of this ordinance is for any reason held invalid or declared to be unconstitutional, inoperative or void, such holding shall not affect the remaining portions of this ordinance. If this ordinance or any provision thereof shall be held to be inapplicable to any person, property or circumstances, such holding shall not affect its applicability to any other person, property or circumstances.

Section 3. CONFLICT WITH OTHER ORDINANCES. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

Section 4. INCLUSION IN CODE OF ORDINANCES. The provisions of this ordinance shall be included and incorporated in the Code of Ordinances of the County of Monroe, Florida, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Code.

Section 5. EFFECTIVE DATE. This ordinance shall take effect immediately upon passage at the public meeting described above, provided that a copy is thereafter filed with the Florida Department of State as provided in Section 125.66(2)(b), Florida Statutes.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida at a regular meeting held on the 16th day of July, 2008.

 CYNTHIA L. HALL
 ASSISTANT COUNTY ATTORNEY
 Date 7-24-2008

ORDINANCE NO. 028 -2006

AN ORDINANCE AMENDING Section 2-609(c), MONROE COUNTY CODE; PROVIDING FOR INCREASE IN MILEAGE REIMBURSEMENT TO 44.5 CENTS PER MILE; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF ALL ORDINANCES INCONSISTENT HEREWITH; PROVIDING FOR INCORPORATION INTO THE MONROE COUNTY CODE OF ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Monroe County Code Chapter 2, Article XXVI sets forth provisions governing travel reimbursements for of Monroe County; and

WHEREAS, the Board of County Commissioners passed Ordinance No. 004-2004 pursuant to Section 112.061(14), Florida Statutes allowing counties to provide for per diem, meals and mileage reimbursements in excess of the rates established for state agencies by that statute; and

WHEREAS, Session Law 2006-41 has been enacted by the State Legislature and approved by the governor increasing those rates for state agencies; and

WHEREAS, Session Law 2006-41 provides a higher mileage reimbursement rate than Ordinance No. 004-2004 due to the escalation of gasoline prices; now therefore,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

Section 1. Section 2-609(c), Monroe County Code, shall be amended to read as follows:

- (c) The use of privately owned vehicles for official travel in lieu of publicly owned vehicles or common carriers may be authorized by the county administrator or his or her designee. Whenever travel is by privately owned vehicle, the traveler shall be entitled to a mileage allowance at a fixed rate of forty-four and one-half cents (\$0.445) per mile or the common carrier fare for such travel, as determined by the county administrator. Reimbursement for expenditures related to the operation, maintenance, and ownership of a vehicle shall not be allowed when privately owned vehicles are used on public business and reimbursement is made pursuant to this paragraph, except as provided in subsection (8).

Section 2. SEVERABILITY. If any portion of this ordinance is for any reason held invalid or declared to be unconstitutional, inoperative or void, such holding shall not affect the remaining portions of this ordinance. If this ordinance or any provision thereof shall be held to be inapplicable to any person, property or circumstances, such holding shall not affect its applicability to any other person, property or circumstances.

Section 3. CONFLICT WITH OTHER ORDINANCES. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

Section 4. INCLUSION IN CODE OF ORDINANCES. The provisions of this ordinance shall be included and incorporated in the Code of Ordinances of the County of Monroe, Florida, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Code.

Section 5. EFFECTIVE DATE. This ordinance shall take effect when a copy has been accepted by the postal authorities of the Government of the United States for special delivery by certified mail to the Department of State.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 19th day of July, 2006.

Mayor Charles "Sonny" McCoy	<u>Yes</u>
Mayor Pro Tem Dixie Spehar	<u>Yes</u>

ORDINANCE NO. 004 - 2004

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, PURSUANT TO SEC. 112.061(14), FLORIDA STATUTES, CREATING CHAPTER 2, ART. XXVI, MONROE COUNTY CODE, ADOPTING A TRAVEL, PER DIEM, MEALS, AND MILEAGE POLICY FOR MONROE COUNTY COMMISSION MEMBERS AND COUNTY OFFICERS AND EMPLOYEES; FURTHER ESTABLISHING TRAVEL REIMBURSEMENT RATE FOR PER DIEM AT \$100 PER DAY, BREAKFAST AT \$6.50, LUNCH AT \$13.50, DINNER AT \$27.00, AND MILEAGE AT \$.40 PER MILE WHEN USING PRIVATE VEHICLES ON COUNTY BUSINESS; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF ALL ORDINANCES INCONSISTENT HERewith; PROVIDING FOR INCORPORATION INTO THE MONROE COUNTY CODE OF ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the reimbursement amounts allowed County Commissioners, officers and employees under Sec. 112.061, FS, when traveling on County business have remained the same for many years;

WHEREAS, as a result those reimbursement amounts no longer bear any reasonable resemblance to the amounts a County Commissioner, County officer or employee must spend on meals and mileage when traveling on County business thus requiring the official traveler to spend his or her funds with only partial reimbursement; and

WHEREAS, Sec. 112.061(14), FS, was recently adopted by the Legislature in order to allow the various county commissions to increase reimbursement amounts for county commissioners and county officers and employees beyond the otherwise mandatory statutory amounts to remedy the situation just described;

WHEREAS, the Monroe County Board of County Commissioners desires to utilize the authority granted in Sec. 112.061(14), FS; now, therefore

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

Section 1. Chapter 2, Article XXVI, Monroe County Code, is hereby created to read as follows:

Sec. 2-604. Definitions. For the purposes of this ordinance, the following words shall have the meanings indicated:

- (a) "Agency" or "public agency" shall mean Monroe County, Florida.
- (b) "Agency head" or "head of the agency" shall mean the County Administrator

- (c) "County officer" or "public officer" shall mean a County Commissioner
- (d) "Employee" or "public employee" shall mean an individual, whether commissioned or not, other than an officer or authorized person as defined herein, who is filling a regular or full-time authorized position and is responsible to the County Administrator. The term shall also include the County Attorney and any Assistant County Attorney.
- (e) "Authorized person" shall mean:
1. A person other than a public officer or employee as defined herein who is authorized by the agency head to incur travel expenses in the performance of official duties.
 2. A person who is called upon by the County, pursuant to a written agreement, to contribute time and services as consultant or adviser.
 3. A person who is a candidate for an executive or professional position, which position is identified as such by County policy.
- (f) "Traveler" shall mean a public officer, public employee, or authorized person, when performing authorized travel.
- (g) "Travel expense", "traveling expenses", "necessary expenses while traveling", "actual expenses while traveling", or words of similar nature shall mean the usual ordinary and incidental expenditures necessarily incurred by a traveler.
- (h) "Common carrier" means a train, bus, commercial airline operating scheduled flights, or rental cars of an established rental car firm.
- (i) "Travel day" means a period of 24 hours consisting of four quarters of 6 hours each.
- (j) "Travel period" means a period of time between the time of departure and time of return.
- (k) "Class A travel" means continuous travel of 24 hours or more away from official headquarters.
- (l) "Class B travel" means continuous travel of less than 24 hours which involves overnight absence from official headquarters.
- (m) "Class C travel" means travel for short or day trips where the traveler is not away from his or her official headquarters overnight.
- (n) "Foreign travel" means travel outside the United States.
- (o) "Official headquarters" means the building or site in which the public officer or employee performs his or her job duties or in which he or she has been assigned an office or work space.

Sec. 2-605. AUTHORITY TO INCUR TRAVEL EXPENSES.

- (a) All travel must be authorized and approved by the County Administrator, or his or her designated representative.

(b) Travel expenses of travelers shall be limited to those expenses necessarily incurred by them in the performance of a public purpose authorized by law to be performed by the County and must be within the limitations prescribed by this ordinance.

(c) Travel by public officers or employees serving temporarily in behalf of another agency or partly in behalf of more than one agency at the same time, or authorized persons who are called upon to contribute time and services as consultants or advisers, may be authorized by the County Administrator.

(d) Travel expenses of public employees for the sole purpose of taking merit system or other job placement examinations, written or oral, shall not be allowed under any circumstances, except that upon prior written approval of the County Administrator or the Board of County Commissioners candidates for executive or professional positions may be allowed travel expenses pursuant to this section.

(e) The County Administrator, or a designated representative, may pay by advancement or reimbursement, or a combination thereof, the costs of per diem of travelers and authorized persons for foreign travel at the current rates as specified in the federal publication "Standardized Regulations (Government Civilians, Foreign Areas)" and incidental expenses as provided in this section.

(f) A traveler who becomes sick or injured while away from his or her official headquarters and is therefore unable to perform the official business of the County may continue to receive subsistence as provided in subsection (6) during this period of illness or injury until such time as he or she is able to perform the official business of the County or returns to his or her official headquarters, whichever is earlier. Such subsistence may be paid when approved by the County Administrator or his or her designee.

Sec. 2-606. OFFICIAL HEADQUARTERS LOCATION. The official headquarters location of an officer or employee assigned to an office shall be the geographical area in which the office is located. For purposes of this ordinance, geographical area shall mean either the Lower Keys, the Middle Keys, or the Upper Keys.

Sec. 2-607. COMPUTATION OF TRAVEL TIME FOR REIMBURSEMENT. For purposes of reimbursement and methods of calculating fractional days of travel:

(a) The travel day for Class A travel shall be a calendar day (midnight to midnight). The travel day for Class B travel shall begin at the same time as the travel period. For Class A and Class B travel, the traveler shall be reimbursed one-fourth of the authorized rate of per diem for each quarter, or fraction thereof, of the travel day included within the travel period. Class A and Class B travel shall include any assignment on official business outside of regular office hours and away from official headquarters when it is considered reasonable and necessary to stay overnight and for which travel expenses are approved.

(b) A traveler shall not be reimbursed on a per diem basis for Class C travel, but shall receive subsistence as provided in this section, which allowance for meals shall be based on the following schedule:

1. Breakfast--When travel begins before 6 a.m. and extends beyond 8 a.m.
2. Lunch--When travel begins before 12 noon and extends beyond 2 p.m.

3. Dinner--When travel begins before 6 p.m. and extends beyond 8 p.m., or when travel occurs during nighttime hours due to special assignment.

No allowance shall be made for meals when travel is confined to the geographical area of the official headquarters, except travelers will be entitled to the appropriate meal allowance as follows:

1. If the official headquarters location of the traveler is in the Lower Keys, and the traveler goes beyond the flashing traffic signal on Sugarloaf Key (approximately Mile Marker 17).
2. If the official headquarters location of the traveler is in the Middle Keys, and the traveler goes beyond the south end of the Spanish Harbor Bridge, or the traveler goes beyond the north end of the Long Key Bridge.
3. If the official headquarters location of the traveler is in the Upper Keys, and the traveler goes beyond Mile Marker 76 on Lower Matecumbe Key, or the traveler goes beyond the south city limits of Florida City in Dade County.

Sec. 2-608. RATES OF PER DIEM AND SUBSISTENCE ALLOWANCE. For purposes of reimbursement rates and methods of calculation, per diem and subsistence allowances are divided into the following groups and rates:

(a) All travelers shall be allowed for subsistence when traveling to a convention or conference or when traveling within or outside the state in order to conduct bona fide state business, which convention, conference, or business serves a direct and lawful public purpose with relation to the public agency served by the person attending such meeting or conducting such business, either of the following for each day of such travel at the option of the traveler:

1. One Hundred dollars per diem; or
2. If actual expenses exceed \$100, the amounts permitted in paragraph (b) for meals, plus actual expenses for lodging at a single-occupancy rate to be substantiated by paid bills therefor.

When lodging or meals are provided at a state institution, the traveler shall be reimbursed only for the actual expenses of such lodging or meals, not to exceed the maximum provided for in this subsection.

(b) All travelers shall be allowed the following amounts for subsistence while on Class C travel on official business as provided in paragraph (5)(b):

- | | |
|--------------|---------|
| 1. Breakfast | \$ 6.50 |
| 2. Lunch | \$13.50 |
| 3. Dinner | \$27.00 |

(c) No one, whether traveling out of state or in state, shall be reimbursed for any meal or lodging included in a convention or conference registration fee paid by the state.

Sec. 2-609. TRANSPORTATION.

(a) All travel must be by a usually traveled route. In case a person travels by an indirect route for his or her own convenience, any extra costs shall be borne by the traveler; and reimbursement for expenses shall be based only on such charges as would have been

incurred by a usually traveled route. The County Administrator or his or her designee shall designate the most economical method of travel for each trip, keeping in mind the following conditions:

1. The nature of the business.
2. The most efficient and economical means of travel (considering time of the traveler, impact on the productivity of the traveler, cost of transportation, and per diem or subsistence required). When it is more efficient and economical to either the traveler or the agency head, jet service offered by any airline, whether on state contract or not, may be used when the cost is within an approved threshold determined by the County Administrator or his or her designee.
3. The number of persons making the trip and the amount of equipment or material to be transported.

(b) Transportation by common carrier when traveling on official business and paid for personally by the traveler, shall be substantiated by a receipt therefor. Federal tax shall not be reimbursable to the traveler unless the state and other public agencies are also required by federal law to pay such tax. In the event transportation other than the most economical class as approved by the County Administrator is provided by a common carrier on a flight check or credit card, the charges in excess of the most economical class shall be refunded by the traveler to the County.

(c) The use of privately owned vehicles for official travel in lieu of publicly owned vehicles or common carriers may be authorized by the County Administrator or his or her designee. Whenever travel is by privately owned vehicle, the traveler shall be entitled to a mileage allowance at a fixed rate of 40 cents per mile or the common carrier fare for such travel, as determined by the County Administrator. Reimbursement for expenditures related to the operation, maintenance, and ownership of a vehicle shall not be allowed when privately owned vehicles are used on public business and reimbursement is made pursuant to this paragraph, except as provided in subsection (8).

2. All mileage shall be shown from point of origin to point of destination and, when possible, shall be computed on the basis of the current map of the Department of Transportation. Vicinity mileage necessary for the conduct of official business is allowable but must be shown as a separate item on the expense voucher.

(e) Transportation by chartered vehicles when traveling on official business may be authorized by the County Administrator when necessary or where it is to the advantage of the agency, provided the cost of such transportation does not exceed the cost of transportation by privately owned vehicle pursuant to paragraph (d).

(f) The County Administrator or his or her designee may grant monthly allowances in fixed amounts for use of privately owned automobiles on official business in lieu of the mileage rate provided in paragraph (d). Allowances granted pursuant to this paragraph shall be reasonable, taking into account the customary use of the automobile, the roads customarily traveled, and whether any of the expenses incident to the operation, maintenance, and ownership of the automobile are paid from funds of the agency or other public funds. Such allowance may be changed at any time, and shall be made on the basis of a signed statement of the traveler, filed before the allowance is granted or changed, and at least annually thereafter. The statement shall show the places and distances for an average typical month's travel on official business, and the amount that would be allowed under the

approved rate per mile for the travel shown in the statement, if payment had been made pursuant to paragraph (d).

(g) No contract may be entered into between a public officer or employee, or any other person, and the County in which a depreciation allowance is used in computing the amount due by the agency to the individual for the use of a privately owned vehicle on official business.

(h) No traveler shall be allowed either mileage or transportation expense when gratuitously transported by another person or when transported by another traveler who is entitled to mileage or transportation expense. However, a traveler on a private aircraft shall be reimbursed the actual amount charged and paid for the fare for such transportation up to the cost of a commercial airline ticket for the same flight, even though the owner or pilot of such aircraft is also entitled to transportation expense for the same flight under this subsection.

Sec. 2-610. OTHER EXPENSES.

(a) The following incidental travel expenses of the traveler may be reimbursed:

1. Taxi fare.
2. Ferry fares; and bridge, road, and tunnel tolls.
3. Storage or parking fees.
4. Communication expense.
5. Convention registration fee while attending a convention or conference which will serve a direct public purpose with relation to the County. A traveler may be reimbursed the actual and necessary fees for attending events which are not included in a basic registration fee that directly enhance the public purpose of the participation of the County in the conference. Such expenses may include, but not be limited to, banquets and other meal functions. It shall be the responsibility of the traveler to substantiate that the charges were proper and necessary. However, any meals or lodging included in the registration fee will be deducted in accordance with the allowances provided in subsection (6).

Sec. 2-611. RULES. The County Administrator may adopt such rules, including, but not limited to, the general criteria to be used by the agency to predetermine justification for attendance by officers and employees and authorized persons at conventions and conferences, and prescribe such forms as are necessary to effectuate the purposes of this ordinance. The County Administrator may also adopt rules prescribing the proper disposition and use of promotional items and rebates offered by common carriers and other entities in connection with travel at public expense.

Sec. 2-612. FRAUDULENT CLAIMS. Claims submitted pursuant to this section shall not be required to be sworn to before a notary public or other officer authorized to administer oaths, but any claim authorized or required to be made under any provision of this ordinance shall contain a statement that the expenses were actually incurred by the traveler as necessary travel expenses in the performance of official duties and shall be verified by a written declaration that it is true and correct as to every material matter.

(a) Any person who willfully makes and subscribes any such claim which he or she does not believe to be true and correct as to every material matter, or who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under the

provisions of this ordinance of a claim which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such claim, is guilty of a misdemeanor of the second degree as provided by statute, punishable as provided in s. 775.082 or s. 775.083., and whoever shall receive an allowance or reimbursement by means of a false claim shall be civilly liable in the amount of the overpayment for the reimbursement of the public fund from which the claim was paid pursuant to the provisions of Section 112.061, Florida Statutes.

(b) Any person who willfully makes and subscribes any such claim which he or she does not believe to be true and correct as to every material matter, or who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under the provisions of this ordinance of a claim which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such claim, and whoever shall receive an allowance or reimbursement by means of a false claim, shall be subject to discipline, up to and including termination of employment. The amount involved shall not be material to the discipline to be imposed.

Sec. 2-613. TRAVEL VOUCHER FORMS. The County Administrator shall furnish a uniform travel voucher form which shall be used by all travelers and authorized persons when submitting travel expense statements for approval and payment. No travel expense statement shall be approved for payment unless made on the form prescribed and furnished by the County Administrator. The travel voucher form shall provide for, among other things, the purpose of the official travel and a certification or affirmation, to be signed by the traveler, indicating the truth and correctness of the claim in every material matter, that the travel expenses were actually incurred by the traveler as necessary in the performance of official duties, that per diem claimed has been appropriately reduced for any meals or lodging included in the convention or conference registration fees claimed by the traveler, and that the voucher conforms in every respect with the requirements of this section.

Sec. 2-614. ADVANCEMENTS. Notwithstanding any of the foregoing restrictions and limitations, the County Administrator or his or her designee may make, or authorize the making of, advances to cover anticipated costs of travel to travelers. Such advancements may include the costs of subsistence and travel of any person transported in the care or custody of the traveler in the performance of his or her duties.

Sec. 2-615. DIRECT PAYMENT OF EXPENSES BY AGENCY. Whenever the County requires an employee or public officer to incur either Class A or Class B travel on emergency notice to the traveler, such traveler may request the agency to pay his or her expenses for meals and lodging directly to the vendor, and the agency may pay the vendor the actual expenses for meals and lodging during the travel period, limited to an amount not to exceed that authorized pursuant to this section. In emergency situations, the County Administrator or his or her designee may authorize an increase in the amount paid for a specific meal, provided that the total daily cost of meals does not exceed the total amount authorized for meals each day. The County Administrator or his or her designee may also grant prior approval to make direct payments of travel expenses in other situations that result in cost savings to the agency.

Section 2. If any section, subsection, sentence, clause or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 3. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

Section 4. The provisions of this ordinance shall be included and incorporated in the Code of Ordinances of the County of Monroe, Florida, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Code.

Section 5. This ordinance shall take effect immediately upon receipt of official notice from the Office of the Secretary of State of the State of Florida that this ordinance has been filed with said Office.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 18th day of February, 2004.

David Makepeace Bio
RESTORE Act Advisory Committee
Re-Appointment, District 4
March 23, 2016

David Makepeace is a recently retired 39 year Marine Educator in the Florida Keys. Makepeace, with a Bachelors Degree from The University of Miami and a Masters from The University of New England, is a pioneer in Marine and Environmental Service Learning. In 2009 he was selected as the top Service Learning practioner in Florida. The following year he was the Florida Marine Educator of the year. His Service Learning based Marine Science program was featured in Dive Training magazine, on NBC's Channel 1 and in Philippe Cousteau's guide to teen ocean advocacy "Going Blue." He was also a NOAA Environmental Hero in 1997. He has presented at numerous state and national education conferences and is considered an authority in Marine Education and Service Learning.

Born in the Keys, David currently serves on the FKNMS Advisory Council representing Citizens at Large. He has served as chair of the Islamorada Citizens Water Quality Improvement Committee since its inception. He is a past President of the Pigeon Key Foundation and currently serves on the Board of Coral Restoration Foundation and as President of Synergy Education Associates Inc. David is also currently serving on the Marine and Port Advisory Committee for the County.

AGENDA ITEM # _____

Regular Meeting
Board of County Commissioners
Wednesday, January 20, 2016
Marathon, Florida

A regular meeting of the Monroe County Board of County Commissioners convened at 9:00 a.m. at the Marathon Government Center. Present and answering to roll call were Commissioner Danny Kolhage, Commissioner Sylvia Murphy, Commissioner George Neugent, Commissioner David Rice, and Mayor Heather Carruthers. Also present at the meeting were Bob Shillinger, County Attorney; Roman Gastesi; County Administrator; Cheryl Robertson, Deputy Clerk; county staff and members of the general public.

ADDITIONS, CORRECTIONS, DELETIONS

Item A1 Motion was made by Commissioner Neugent and seconded by Commissioner Murphy granting approval of the additions, corrections and deletions to the agenda. Motion carried unanimously. *A copy of the approved changes are attached at the end of these minutes for reference.*

PRESENTATION OF AWARDS

Item B1 Presentation of Mayor's Proclamation declaring January, 2016 as Take Stock in Children Month in Monroe County Florida. Chuck Licis, Program Coordinator, addressed the Board and expressed his appreciation for awarding this Proclamation to the Take Stock in Children Program.

BULK APPROVALS

Commissioner David Rice addressed the audience regarding the Rules of Bulk Approval's items. Motion was made by Commissioner Neugent and seconded by Commissioner Kolhage granting approval of the following bulk items. Motion passed unanimously.

Item C1 Board granted approval to advertise a Request for Qualifications (RFQ) for Airport Consultant Services (Financial, General and Air Service Development) for Key West International Airport and The Florida Keys Marathon International Airport. Under FAA guidelines, the airports (Key West and Marathon) have to place the Airport Consultant Services out to bid approximately every five years.

Item C2 Board granted approval of 2nd Amendment extending the General Consulting Services Master Agreement with CDM Smith, Inc., for professional services at Key West International Airport and The Florida Keys Marathon International Airport for one remaining one-year term.

MINUTES
OF THE MONROE COUNTY
BOARD OF COUNTY COMMISSIONERS
JANUARY 20, 2016

- Item C3 Board granted approval of bid award and an annual contract in the amount of \$100,000 with Gardens of Eden of the Florida Keys, Inc., for Landscaping Services at the Key West International Airport (KWIA). The contract will be funded with Airport Operating Account - 404.
- Item C4 Board granted approval to issue a bid solicitation for Vending Machine Concession services at the Key West International Airport and the Florida Keys Marathon International Airport.
- Item C6 Board granted approval of an Agreement with Parsons Brinckerhoff, Inc for Construction Engineering and Inspection (CEI) Services for the Card Sound Bridge Repair Project.
- Item C7 Board granted approval to award contract to Coastal Gunitite Construction Co. in the amount of \$2,969,512.25 for the Card Sound Bridge Repair Project.
- Item C8 Board granted approval to award a contract to Kisinger Campo & Associates, the highest ranked respondent, for Design & Permitting Services for the Garrison Bight Bridge Repair Project.
- Item C9 Board granted approval of a task order with CDM Smith, Inc. for engineering design and permitting services for the Key Largo II Roadway and Drainage Improvements project. This task order is being awarded under the On Call contract for Professional Services.
- Item C10 Board granted receipt of monthly report on change orders reviewed by the County Administrator's Office.
- Item C12 Board granted approval of a Resolution to waive M.C.C. Section 18-25(b)(1), which prohibits possession of alcoholic beverages at Higgs Beach on May 22, 2016 for the 91 Annual Keys I 00 Ultra-marathon race.

**RESOLUTION #004-2016 IS INCORPORATED HEREIN BY
REFERENCE**

- Item C13 Board granted approval of a Second Amendment Agreement with Black Fire Protection, Inc. for "Full Maintenance - Fire Protection Systems" to correct a minor scrivener's error in the yearly cost in the amount of \$11.20.
- Item C14 Board granted approval of a Six Month Lease Extension Agreement with Pamela Uslander for a mobile food concession at Higgs Beach.
- Item C15 Board granted approval of a 1st Amendment Agreement to CPI-U adjustment with E E & G Environmental Services, LLC for professional beach cleaning, maintenance and beautification, Higgs Beach, Key West including the children's fenced in play area/beach side on weekends (Saturdays and Sundays).

MINUTES
OF THE MONROE COUNTY
BOARD OF COUNTY COMMISSIONERS
JANUARY 20, 2016

- Item C16 Board granted approval of Amendment 10 to the Cudjoe Regional ILA with FKAA to revise the advance schedule and add \$5.95 million of additional funding for project changes authorized by the BOCC.
- Item C17 Board granted approval of Amendment to Agreement dated 11/24/2015, between GA Food Service, Inc., and Monroe County Board of County Commissioners (BOCC) I Social Services/Nutrition Services (for the provision of Congregate and Home Delivered Meals throughout Monroe County) for the CPI-U adjusted rate of \$3.74 per meal.
- Item C18 Board granted Ratification of Modification #4 of Federally-funded reoccurring Low Income Home Energy Assistance Program (LIHEAP), Subgrant Agreement# 15EA-OF-II-54-0I-019 between the State of Florida, Department of Economic Opportunity and Monroe County Board of County Commissioners/Monroe County Social Services for the contract period of 4/1/15 to 3/31/16, in the amount of \$212,598.
- Item C19 Board granted Ratification of Nutrition Services Incentive Program (NSIP) Amendment 003 to Contract US-1551 between the Alliance for Aging, Inc., and Monroe County BOCC/Monroe County Social Services for the contract year 2014-2015 (10/1/14- services end on 9/30/15; contract ends on 12/31/15) to increase funding/reimbursement rate per unit from \$0.72 to \$0.74 per unit and increase in units from 38,076 to 48,062. The overall reimbursement rate goes from \$27,414.99 to \$35,730.19.
- Item C20 Board granted approval to advertise a public hearing for the 2/10/16 BOCC meeting to be held in the Lower Keys. The public hearing is to satisfy public input grant application requirements and to consider approval of Grant Award FTA Section 5310 - YEAR 41 (FFY 2016) Capital Assistance Grant for the purpose of purchasing four (4) para-transit vehicles (buses) to serve the transportation needs of the transportation disadvantaged, elderly, and persons with disabilities throughout Monroe County.
- Item C21 Board granted approval to apply for a Florida Department of Transportation (FDOT) FTA Section 5310 Program Federal Fiscal Year (41) 2016 Capital Assistance Grant for the purposes of purchasing four (4) para transit vehicles (buses) to serve the transportation needs of the transportation disadvantaged, elderly, and persons with disabilities throughout Monroe County.

Pine Key, Parcel Identification Number 00313940-000000, during construction of the canal culvert installation water quality improvement demonstration project at Canal #277, Tropical Bay Estates, Big Pine Key.

Item N16 Board granted approval to enter into an Agreement with Michael Bloch and Nancy Chicca-Bloch for a grant of easement and right of entry for use of their properties during construction of the canal culvert installation water quality improvement demonstration project at Canal #277, Tropical Bay Estates, Big Pine Key. Their properties are located at 1757 Watson Boulevard and Lot 1, Block 9, Tropical Bay, Third Addition, Big Pine Key, Florida 33043, Parcel Identification Numbers 00313950-000000 and 00312780-000000.

Item N17 Board granted approval of Grant Agreement S-0911 from the Florida Department of Environmental Protection (FDEP) for \$50,000 of funding towards the \$423,957.00 total cost of installation of a culvert on Canal #277 in Tropical Bay Estates on Big Pine Key, one of the original canal demonstration projects.

Item N18 Board granted approval to enter into Amendment No. 2 to the Memorandum of Understanding with the South Florida Regional Planning Council for conference planning and implementation services for the 7th Annual South east Florida Regional Climate Change Summit in the amount of \$2575 to authorize miscellaneous expenditures for supporting the event.

Item O5 Board granted approval of waiver of "standard of conduct" provision of Section 112.313(3) and (7), for Gayle Tippet, member of the Tourist Development Council as allowed under Section 112.313(12), Florida Statutes. (REVISED BACK-UP: REVISED AIS AND INSERTED ADDITIONAL BACK-UP INFORMATION.)

Item O6 Board granted approval of a resolution providing sewer connection grant recipient relief to those individuals who qualify and obtain grant approval to connect to the central sewer system.

**RESOLUTION #024-2016 IS INCORPORATED HEREIN BY
REFERENCE**

Item O7 Board granted semi-annual examination of public official bonds for County Commissioners and Constitutional Officers pursuant to F.S. 137.05 and §2-28 of the Monroe County Code and finding that all current bonds and/or insurance policies are adequate.

Item O8 Board granted authorization to initiate litigation against Snipe Property Trust 1 6/2/2014 and the property located at 2 Snipe Rd., Key Largo, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE14080133.

JANUARY 20, 2016

- Item O9 Board granted authorization to initiate litigation against Frank Rivera and Joan M. Kelly and the property located at 53 Bonefish Ave., Key Largo, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE13100064.
- Item O10 Board granted authorization to initiate litigation against Richard August Renner and Shawna Meri Renner and the property located at 1 Jade Dr., Big Coppitt Key, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE14100154.
- Item O14 Board granted authorization to initiate litigation against Scott H. Pearson and the property located at 119 Ivanhoe Court, Key Largo, Florida, to seek compliance with the County Code and enforce a lien arising from Code Compliance Case Number CE09100130.
- Item O15 Board granted authorization to initiate litigation against Jean-Sebastien and Trisha K. Gros and the property located at 2273 San Sebastian Drive, Big Pine Key, Florida, to seek compliance with the county Codes and enforce a lien arising from Code Compliance Case Number CE10050020.

BULK APPROVALS

- Item C5 Approval of Amendment 1 to task order with EAC Consulting, Inc. for engineering design and permitting services for Lake Surprise Estates (Key Largo) Roadway and Drainage Improvements project. The amendment adds fieldwork and preliminary analysis to adapt the project for sea level rise (SLR) projections based on 2015 tidal data for an additional fee of \$27,240. Judith Clarke, Director of Engineering, addressed the Board discussing other work that is being done in the field. Roman Gastesi, County Administrator, addressed the Board as well. After discussion, a motion was made by Mayor Carruthers and seconded by Commissioner Neugent for approval of Amendment 1 to task order with EAC Consulting, Inc. Motion carried unanimously.
- Item C11 Approval to waive bid irregularity, award bid, and enter into contract with All Florida Contracting Services (AFC) for the Murray E. Nelson Government Center generator retrofit and permanent installation ; and to enter into contract conditioned upon AFC providing its Monroe County business licenses and business tax receipt. This project is funded by the one- cent infrastructure tax. Kevin Wilson, Assistant County Administrator, addressed the Board to clarify the wording in the Agenda Item. After discussion, a motion was made by Commissioner Rice and seconded by Commissioner Neugent. Motion carried unanimously.
- Item C24 Approval of implementation for free countywide transportation on all Monroe County Transit vehicles for senior citizens aged 60 and over beginning February 1, 2016. Public Speaker Louis Latorre representing the Elderly

MINUTES
OF THE MONROE COUNTY
BOARD OF COUNTY COMMISSIONERS
JANUARY 20, 2016

Residents, Sheryl Graham; Director of Social Services, and Bob Shillinger; County Attorney addressed the Board. After discussion, a motion was made by Commissioner Neugent and seconded by Commissioner Murphy for approval. Motion carried unanimously.

THE FIRE AND AMBULANCE DISTRICT 1 BOARD OF GOVERNORS BOARD MEETING

FIRE AND AMBULANCE DISTRICT 1 BOARD OF GOVERNORS

Present and answering to the Roll Call were Commissioner Danny Kolhage, Commissioner George Neugent, Commissioner David Rice, Vice Mayor Clark Snow, and Mayor Norman Anderson.

Item G1 Election of chairperson and vice-chairperson for the Board of Governors. A motion was made by Mayor Anderson and seconded by Vice Mayor Snow nominating Commissioner Neugent as Chairperson. Motion approved unanimously. A motion was made by Mayor Anderson and seconded by Commissioner Neugent nominating Commissioner Rice as Vice-Chairperson. Motion approved unanimously.

Item G2 Commissioner Rice moved for approval and seconded by Commissioner Kolhage to authorize a repair/refurb to a Monroe County Fire Rescue Ladder Truck, which could potentially affect Monroe County Fire Rescue's service delivery if not repaired. This truck has failed its annual (UL) test due to excessive rust to the frame and undercarriage. Request falls under Chapter 7(A) of the Monroe County Purchasing Policy ("Sole Source") or under Chapter 7(B) of the Monroe County Purchasing Policy ("Emergency Repairs"). Motion approved unanimously.

FIRE AND AMBULANCE DISTRICT 1 BOARD OF GOVERNORS ADJOURNED AND THE BOARD OF COUNTY COMMISSIONER'S MEETING RECONVENED

BULK APPROVALS

- Item C27 Approval of agreement with Guidance Care Center for the Jail In- House Program for FY 2016.
- Item C28 Authorization for the Mayor to execute a Memorandum of Understanding with Guidance/Care Center Women 's Jail Incarceration Drug Abuse Treatment program , for the period from Oct 1, 2015 through Sept 30, 2016. (REVISED BACKUP: now includes Attachment B).

A motion was made by Commissioner Neugent and seconded by Commissioner Kolhage for approval of both Agenda Items C27 and C28.

A Roll-Call was taken by the Clerk with the following results:

Commissioner Kolhage	Yes
Commissioner Murphy	Absent
Commissioner Neugent	Yes
Commissioner Rice	Abstain
Mayor Carruthers	Yes

Motion carried.

COMMISSIONER' ITEMS

- Item L3 Motion was made by Commissioner Neugent and seconded by Commissioner Rice for approval of the appointment of Kurt Lewin to the Affordable Housing Advisory Committee to fulfill the term of Heather Roberts who resigned, term to expire on 11/20/2016. Public Speaker Robby Majeska elected not to address the Board. Motion carried unanimously.

STAFF REPORTS

Kevin Wilson, Assistant County Administrator, provided updates on several projects including the Cudjoe Project.

Roman Gastesi, County Administrator, introduced Cammy Clarke; our new Public Information Officer. Cammy Clarke addressed the Board providing a few things that are being worked on. One particular area of discussion was the Monroe County Logo in which staff will start to work on taking into account the recommendations made by the Board. Once done, staff will bring back to the Board for consideration.

SOLID WASTE

- Item J1 Discussion and direction and possible approval of request by Waste Management of Florida, Inc. (WM) for a contract amendment to allow WM to dispose the County's waste at another Waste-to-Energy Plant in Palm Beach County since the WTE in Broward County will no longer accept waste for processing. Kevin Wilson, Assistant County Administrator, summarized agenda item background and explained the moving parts of solid waste. Staff also seeks guidance as to what can be agreed upon within the contract. Public Speakers; Robby Majeska, Henry Sori (representing Waste Management/elected not to speak), Greg Sullivan (representing Waste Management) addressed the Board as well as Christine Limbert-Barrows (Assistant County Attorney), Bob Shillinger (County Attorney), and Roman Gastesi (County Administrator). Staff was directed to work with Waste Management on two guiding principles; (1) no increase in costs and maintain rates (2) maintain recycling rates or improve it.

PLANNING AND ENVIRONMENTAL RESOURCES, BUILDING AND CODE COMPLIANCE DEPARTMENTS

- Item I2 Discussion of text amendments to allow maintenance dredging in canals with seagrasses to maintain navigability. Mayte Santamaria, Senior Director, laid the foundation for discussion while presenting a powerpoint presentation. Public Speakers; Dotti Moses (representing Last Stand), Demetrio Brid (representing Duck Key Community Benefit), David Williamson (representing Duck Key Property Assoc.), and Beth Ramsay-Vickrey. Rhonda Haag, Sustainability Director, addressed the Board. Staff wants to maintain navigability of previously dredged canals. Limit topic of potential amendments to canals and not channels and try to address the situation for both oceanside and bayside canals with a term like "sedimentary" deposits instead of "sand" deposits. Staff not to initiate amendments for this topic. Duck Key property owner's association needs to apply for the necessary comprehensive plan and land development code amendments. Staff to wait for applications and process through the normal public process.

COMMISSIONERS' ITEMS

- Item L2 Discussion and direction of a proposal to revamp the funding mechanisms for fire rescue services and human services in a manner that reduces ad valorem taxation but allows for the expansion of services. The stage for the agenda item was set followed by Kevin Madox, Sr. Director of Strategic Planning, who presented a powerpoint and provided detailed information in terms of cost and dollar figures. Bob Shillinger, County Attorney, and Roman Gastesi, County Administrator, addressed the Board. Public Speakers; Robby Majeska, Kate Bauer-Jones (representing United Way of the Fl. Keys), Dotti Moses, Deb Gillis, Gigi Varnum, Margie Smith (representing Keys Human Services Turst Exploratory Committee and Long Time Advocate for Working Families County-Wide), Ed

Morejon, and Maria Aguilar (representing Village of Islamorada. Staff directed to proceed with the following: identify what the problems are with the statute, decipher what our options are, craft some questions for the Attorney General and bring back before the Board for review.

PLANNING AND ENVIRONMENTAL RESOURCES, BUILDING AND CODE COMPLIANCE DEPARTMENTS

- Item I1 Third public input opportunity for the discussion, and development of policy direction by Board of County Commissioners in regards to the proposed Florida Department of Economic Opportunity (DEO) "Vacant Lot Retirement and Hotel Unit Allocation Rule." Mayte Santamaria, Sr. Director, sets the stage. Public speakers; Dottie Moses, Bill Hunter, Joyce Newman (representing Last Stand), Jim Rhyme, Brian Schmidt, and Gigi Varnum. After discussion, staff will make these comments to the DEO and try to incorporate all these comments into the draft.

STAFF REPORT

Christine Hurley, Assistant County Administrator/Growth Management, as part of the staff report, the Board discussed issues of open permits. Public speakers; Alicia Putney, DonnaMerritt (representing Contractor's Association), Rudy Krause (Florida Keys Contractor's Association), and Chris Grafton (representing Florida Keys Contractor's Association). The focus of all parties is to work on this issue and to bring a proposed resolution in March.

COUNTY ADMINISTRATOR

- Item N2 Presentation and staff update on the technical and financial due diligence process for the Energy 3 gasification facility project and project status and update by Energy 3. Rhonda Haag, Sustainability Director, provides a powerpoint with a brief update of how we got to this point. Engergy 3 provides a project update and HDR a Due Dilligence Report. Christine Limbert-Barrows, Assistant County Attorney, addressed the Board. Public Speakers; Dotti Moses (representing The Federation), Deb Curlee (representing Last Stand), Bill Hunter, Alicia Betancourt (representing Climate Change Advisory Committee), Robert Glazer (representing Monroe County Climate Advisory Committee), and Joyce Newman. Staff directed to continue to work on contract that demonstrates no risk to the county. Once completed, staff to bring contract before the Board tentatively at the March Meeting in Key Largo. If not, deadline at the April BOCC Meeting in Marathon.

PUBLIC HEARINGS

- Item P1 A public hearing to consider approval of a resolution authorizing a special permit allowing a temporary construction staging area at property located on Killdeer Lane, Big Pine Key (Real Estate #00313940.000000), related to a canal

restoration project (Canal #277). No public speakers. A Motion was made by Commissioner Neugent and seconded by Commissioner Kolhage to adopt the following resolution. Unanimously approved.

**RESOLUTION #025-2016 IS INCORPORATED HEREIN BY
REFERENCE**

- Item P2 A public hearing to consider a resolution transmitting to the State Land Planning Agency an ordinance by the Monroe County Board of County Commissioners amending the Future Land Use Element of the Monroe County Year 2010 Comprehensive Plan to create Policy 107.1.5 Key Largo Mixed Use Area 2, to Provide Limitations on Development and Specific Restrictions to accompany a proposed amendment to the Future Land Use Map (FLUM) from Residential Low (RL) to Mixed Use/Commercial (MC), for property located at 97770 and 97702 Overseas Highway, MM98, Key Largo described as parcels of land in section 6, township 62 south, range 39 east, Island of Key Largo, Monroe County, Florida having real estate numbers 0009100.000000 and 00091020.000000. (Legislative Proceeding). No public speakers. A Motion was made by Commissioner Murphy and seconded by Commissioner Rice to adopt the following resolution. Unanimously approved.

**RESOLUTION #002-2016 IS INCORPORATED HEREIN BY
REFERENCE**

- Item P3 A public hearing for a proposed abandonment of a portion of the right-of-way of Seventh Avenue West Right of Way, adjacent to Lot 13, Block 18 Cudjoe Gardens Sixth Addition, according to the Plat thereof as recorded in Plat Book 6, at Page 66 of the Public Records of Monroe County, Florida. REQUEST TO CONTINUE HEARING UNTIL FEBRUARY 10, 2016. A Motion was made by Commissioner Neugent and seconded by Commissioner Rice to approve the request to continue hearing until February 10, 2016. Mayte Santamaraia requested that this agenda item actually be moved to the April 20th BOCC Meeting. No public speakers. Unanimously approved.

- Item P4 A public hearing to consider an ordinance by the Monroe County Board of County Commissioners amending Table 4.1 Five-Year Schedule of Capital Improvements pursuant to Section 163.3177(3)(b), F.S. (Legislative Proceeding). A Motion was made by Commissioner Murphy and seconded by Commissioner Neugent to adopt the following ordinance. No public speakers. Unanimously approved.

ORDINANCE #001-2016 IS INCORPORATED HEREIN BY REFERENCE

- Item P5 A public hearing to consider approval of an ordinance by the Monroe County Board of County Commissioners amending the Monroe County Tier Overlay District Map from No Designations to Tier I for property located at 610 Elma Avenue, Big Pine Key, mile marker #30, legally described as bay bottom

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016 _____

Department: Finance Department

Bulk Item: Yes No

Staff Contact /Phone #: William Chase (305)292-3573

AGENDA ITEM WORDING:

For Information Only – FKAA invoices for the fiscal year (to include salaries), relating to the Cudjoe Regional Wastewater System Project. The invoices under \$50,000 are being provided for information only.

ITEM BACKGROUND:

To substantiate proper expenditures of County funds advanced to the FKAA pursuant to the terms of the Interlocal Agreement for the Cudjoe Regional Wastewater System, as amended, all related invoices and supporting documentation shall be submitted by the FKAA to the County Engineering Department for review and approval, and thereupon to the Clerk's Finance Department. As per County Ordinance and the County's own purchasing policies and procedures, the BOCC Shall retain final approval for all invoices/contracts. These invoices (as per attached) are total of all amounts submitted by the FKAA for the Cudjoe Regional Wastewater System. The total expenditures for the period for February are a total of \$56,230.23.

MEMORANDUM
Office of the County Administrator

TO: Board of County Commissioners

FROM: Roman Gastesi
County Administrator

DATE: March 8, 2016

SUBJECT: County Divisions' Monthly Activity Report for February 2016

MONTHLY ACTIVITY REPORT – FEBRUARY 2016

Airports

Key West

February 2	Conducted noise Ad-Hoc meeting with Commissioner Kolhage and members of the public.
February 3	Conducted monthly Airline Managers meeting, and presented the airlines with the ramp reconstruction phasing plan for the project.
February 3	Met with helicopter operator to discuss noise issues and routing over Key West.
February 4-5	Fly to CVN 69 for the Navy familiarization program.
February 8	Met with senior staff for regular Monday SS meeting.
February 8	Met airport security stakeholders in the bag belt screening area for future project development related to airport security protocols.
February 9	Met with USA parking regional manager Mike Sears to discuss upcoming contract terms and procedures.
February 10	Posted new PFC #16 application for public comments.
February 10 – 11,16	Conducted Airport specific “Active Shooter” training for all airport employees, these are two of several training classes we made available to all airport employees.
February 16	Teleconference with Miami International Airport to continue planning process for the Florida Airports Council 2017 Annual Conference that MIA and EYW are co-hosting.
February 18	Key West by the Sea, multiple tenant meetings to discuss Noise Testing procedures and answer other Noise Insulation Program questions.
February 19	Teleconference with Florida Airports Council “Training Committee” to discuss general items and the ‘Airport Manager Certification” program being created, EYW is a member of the sub-committee with the Manager Certification program creation.
February 23	Fire Drill evacuation testing.
February 23	FAR part 139 annual training.
February 23	Meeting with new Signature Flight Support managers handling the transition.
February 25-26	FDOT 5 year funding strategy meetings in Key West.
February 25	Annual Airport Emergency Plan review, table top at the Harvey Government Center with stakeholders conducted by Airport personnel.
February 27	Moonsplash event at East Martello.

Marathon

February 2	MTH Airport Emergency Plan - Disaster Drill de-brief meeting.
February 3	Storage Hangars project, pre-bid conference.
February 10	Tour of CBP facility with Marathon Jet Center staff and World Fuel staff.
February 11	Attended the Active Shooter training class at EYW.

SAFETY

Investigated 14 Employee Injury reports

Investigated 5 Property incident reports

Conducted 11 Inspections at County parks and submitted report of deficiencies for follow up

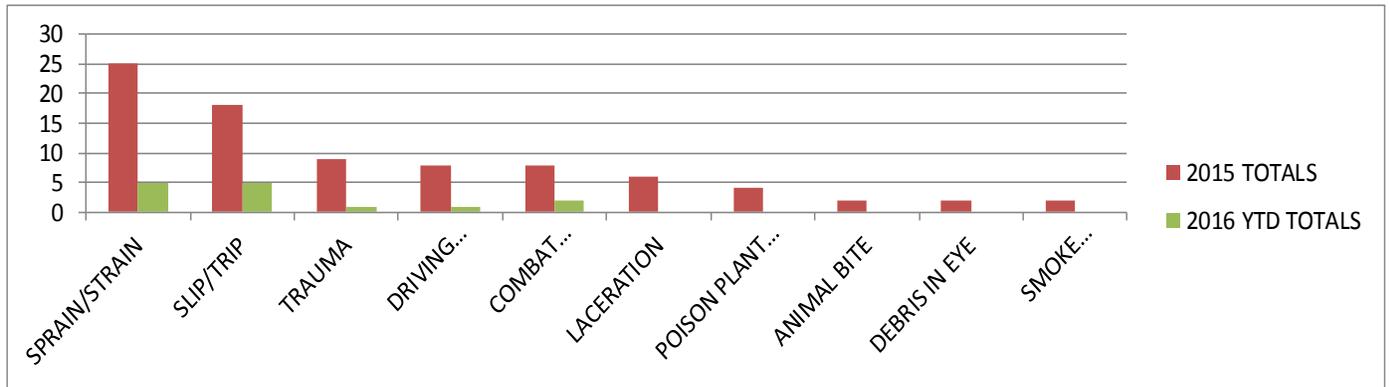

Working with Health Department to develop Violence in the Workplace training for Health Department staff.

Researched grant opportunities for placement of Automatic External Defibrillators (AEDs) in County buildings

Final OSHA 30 class presented to public works staff

Coordinated CPR/First Aid class for lower keys staff to be held in March

2015 compared to 2016 YTD:

Extension Services

- Number of services provided: 122 phone calls, 27 office visits, 20 visits to clients, 26 learning events with 609 participants, 4 media submissions, and 531 publications distributed. Total Budget for FY 15/16: \$212,351.00; Year to Date Expenditures and Encumbrances: \$124,978.10; Remaining Balance: \$87,372.90; Percentage of budget spent and/or encumbered year-to-date: 58%.

The County Extension Director/Family & Community Development Agent accomplished the following activities:

- Presented the updated GHG emissions inventory to the public and BOCC which included recommendations regarding setting new GHG reduction targets. Meeting additional reduction targets will require a comprehensive energy strategy and ongoing energy management.
- Held a Monroe County Climate Change Advisory Committee meeting where the criteria for selection of Adaptation Action Areas were discussed. The committee will also move forward with three recommendations to the BOCC for consideration: support for approval of the E-3 contract; support for approval of LiDAR funding; and a request for identification of low-lying areas of highway US 1.
- Participated in the development of an Economic Resilience Workshop through the Southeast Florida Climate Compact to be held on April 28. This workshop will focus on tools and strategies for community resiliency in the areas of real estate, development, and business.

The Environmental Horticulture Agent accomplished the following activities:

- Along with Susan Sprunt, Islamorada Environmental Resources Manager, held four workshops, "Landscaping on the Rock," lasting three hours each session. Fifteen local residents attended all sessions covering topics such as: Sense of Place and Plant & Soil Relations; Water quality, conservation, and efficiency; Fertilize Appropriately and How to Compost and Vermicompost; and Right Plant, Right Place.
- Operated a horticulture education booth at the Layton Garden Club Flea Market and Plant Sale. Information provided was Regional Plant Clinics, Attracting Wildlife, and "Bees: European, Africanized, and native bees" with publications about developing backyard pollinator gardens. Four Master Gardeners answered 90 clientele questions.
- Operated a horticulture education booth at the GardenFest Key West event that featured information about Regional Plant Clinics and "Bees: European, Africanized, and native bees." Ten Master Gardeners answered 151 clientele questions.

The Florida Sea Grant Marine Extension Agent accomplished the following activities:

- Attended the Georgia Adopt-A-Stream Advisory Board meeting to present an update about the Florida Keys Water Watch program and to receive annual trainer recertification to continue to operate under their EPA-approved program.
- Met with Dee Dee Green, Solid Waste Coordinator for the City of Key West, to form an educators group. The first meeting will be on March 10 at the Key West Landfill and Transfer Station on Stock Island.
- Held two Florida Keys Water Watch workshops with a total of 4 participants in Big Pine Key and Sugarloaf Shores.

Sustainability

- Hosted the pre-work conference with Higgins for the Big Pine Tropical Bay culvert project, demo project #5. Work will begin in March and be completed by June.
- Hosted the pre-work conference with Earth Tech for Canals 266 & 287 Weed Barriers Installation on Big Pine Key. Work to begin in March and be completed by June.
- Completed organic removal work on Canal #266 as performed by JND, in process of closing out the project files.
- Near completion of organic removal work on Canal #290, as performed by JND.
- Co-hosted a Brownfield workshop in partnership with FDEP on February 11th
- Provided a canal presentation at the Eco-Discovery Center as part of the FL Keys National Marine Sanctuary/FL Keys Community College seminar series on February 16th
- Participated in meetings with the County team and Energy 3 to finalize negotiations of the gasification feedstock agreement. Contract to be presented at the March 2016 BOCC meeting.
- Attended a tour of Everglades National Park on February 25th and received detailed briefing on Lake Okeechobee releases and effects to the Park
- Reviewed the draft 5-year Projects List for Sustainability to include additional projects referenced in the draft Plan.
- Prepared draft FY17 Budget.

Engineering

- **Card Sound Bridge Repair Project** – Contractor has set up staging areas and is preparing submittals for review by the Engineer of Record.
- **Card Sound Toll Study** – Staff met with HDR Engineering to discuss results of the customer survey, to review alternatives for roadway reconfiguration and obtain an update on long term business plan on March 3rd.
- **Lake Surprise Estates Roadway and Drainage Improvement Project** – Engineer of Record will deliver draft plans revised for sea level rise accommodation on March 7th. Contractor continuing to install drainage structures.
- **Roadway and Drainage Improvement Program** – Staff assembling selection committee to rank four responses to RFQ; ranking meeting will be held in early April.
- **Key Largo I Roadway and Drainage Improvement Project** – Engineer of Record preparing 90% plans and drainage information. Anticipate 90% submittal on March 31st.
- **Key Largo II (Bay Harbor, Sunset Point, Sunrise Point, Lime Grove Estates and Rays Cuda Canal) Roadway and Drainage Improvement Project** – Staff issued a notice to proceed to consultant on February 4th; consultant submitted schedule for design to county on February 16, 2016. Work is proceeding.
- **No Name Key Bridge Repair Project** – Construction is complete; 100% LAP audit is scheduled for March 8th. Final project close out anticipated shortly thereafter.
- **Pigeon Key Ramp Repair Project** – Staff attended progress meeting with FDOT staff on February 8, 2016; Engineer of Record submitted revised schedule based on FDOT request and the draft Section 106 Case Study document to FDOT for forwarding to the State Historical Preservation Office. Staff is preparing a Transportation Alternatives Program (TAP) grant application for additional funds for construction and CEI work.
- **Sexton Cove Roadway and Drainage Improvement Project** – Staff completed front end bid documents in anticipation of advertising in March. Engineer of Record submitted draft revised plans to adjust for sea level rise in several areas on February 29th.
- **Stock Island Roadway and Drainage Improvement Project** – Staff is reviewing 90% plans to provide comments to Engineer of Record (EOR). Obtained sea level data and determined target minimum elevation to adapt for sea level rise. Staff provided data to EOR with a request to evaluate project.

- **US 1 Bayside Pedestrian Bridge** – The Notice to Proceed with construction was issued to the contractor effective March 7, 2016; contractor is preparing and submitting shop drawings and submittals for Engineer of Record review.
- **9th Avenue Stock Island Drainage Project** – Project complete. Awaiting submittal of electronic record drawings.
- **Grouper Lane (Key Largo) Drainage Project** – Contractor performed system inspection prior to asphalt overlay and striping. Paving work will commence in first week of March.
- **Duck Key Security District Cameras** – Equipment has been ordered.
- **Garrison Bight Bridge Repair Project** – The consultant has completed the underwater inspection, scheduled the asbestos survey and geotechnical investigation; the load rating analysis and design development report work has begun.
- **Sugarloaf Boulevard Bridge Replacement Project** – Engineer provided preliminary bridge design report, geotechnical report and bridge hydraulic report. The consultant and county staff will attend the Sugarloaf Homeowners Association on March 29th to give a brief presentation of the proposed plan.

Road Department

Lower Keys

- Mulch Deliveries -17 loads with a total of 59.5 tons of mulch, savings of \$7,348.25 in dump fees.
- Chip/Brush -20 miles.
- Right of ways mowed -12 miles.
- Weed eating -8 miles.
- Cold patch pot holes- 2.5 tons.
- Road sweeping- 6 miles.
- Installed French drains on Key Haven Road and South Point Drive
- Sign Technician - 15 locates; 32 signs; and 15 posts.
- Recycled sheet metal from Sign Shop received \$63.60 in revenue.

Emergency after Hour Calls

- Sink hole 5th Street/2nd Avenue, Stock Island.
- Oil spill at 4th Street/Front Street, Stock Island.

Upper Keys

- Buzz bar/chipper operation - 20.91 miles.
- Mowing operation - 78.35miles.
- Sweeping operation - 8.19 miles.
- Trench drains /swales – 2,615 feet.
- Trench drain material used – 60 tons #4; and, 24 tons #57 rock used.
- Pothole repair - 15 roads.
- Cold patch used - 3 tons.
- Weed eater operation - 15 subdivisions.
- Material pick up - 90 tons of millings; 84.19 tons of # 4 and #57 rock.
- Coconut removal - 5 subdivisions 2.85 tons.
- Sign Department - new signs installed 25; new post installed 9; and, locates performed 16.
- Safety Meetings - January 29, 2016 and February 26, 2016.
- Trash picked up - 40 bags.

Special Projects / Other Work

- Installed and picked up cones and barricades along Shared Use Path for the Key Largo Stone Crab & Seafood Festival.

Card Sound Report

- Mowing operation - 11.0 miles.
- Weed eater operation - 4 miles.
- Trash pickup – 2,960 lbs.
- Miles driven to pick up trash - 137.5

Tolls Not Collected

- \$1,000.00 due to heavy traffic.

Project Management/Facilities

- **Marathon Customs Facility**- Occupancy will be approved April 10th 2016.
- **Senior Nutrition Center**- Interlocal Agreement still with the City of Key West Housing Authority for use of space at the Kennedy Street Facility.

- ***Magnolia Street/Public Works***- Construction proceeding on schedule.
- ***Harvey Government Center Paint***- Work 75% complete.
- ***Crawl Key Fire Academy***- Construction proceeding on schedule, 50% complete.
- ***Higgs Beach Atlantic Boulevard Relocation***- City of Key West to review and approve four major modifications. Staff of both the City and County approved the changes. 1. Addition of a crosswalk at parking lots; 2. Reduction in number of parking spaces due to NDB; 3. Relocation of sidewalk due to NDB; and, 4. Reconfiguration of Tennis and pickle ball courts.
- ***Jefferson Brown Communication Tower***-Navy considering proposal to rebuild Dredgers Key tower from 165 feet to 220 feet.
- ***Bernstein Park***- Bids under review.
- ***Cudjoe Fire Station***- Property closed.
- ***Plantation Key Government Center***- Site plan under review by the Islamorada, Village of Islands, expect first round of review question in April.
- ***Marathon Library***- In programming on schedule all parties participating.
- ***Transfer Stations***-100% construction documents to be complete in April for three new transfer station offices.
- ***Key West Light House***-Light House complete, Keepers Quarters to be complete in May.

- Replace a thirty foot section of sidewalk at Key Haven.
- Repaired roofing and soffits at the Key West Garage storage building.
- Completed conversion of Lester Building parking lot lighting to LED type.
- Started lighting maintenance and LED conversion at Baypoint Park.
- Repaired Harvey Government Center irrigation piping damaged by Kapok tree roots.

Middle Keys

Marathon Library

- Created chalk board for children's area.

Marathon Government Annex

- Completed furniture assembly for Emergency Management.

Marathon Government Center

- Completed replacement of 15hp motor for 40-ton air handler.

Upper Keys

Murray Nelson Government Center

- Provided assistance in (15) events.
- Assisted the Florida Keys Council of the Arts in transporting art work from the Murray Nelson Government Center to Islamorada and then to Marathon.
- Assisted Supervisor of Elections with transporting equipment back and forth for early voting.
- Picked up stones in Miami to be used for landscaping at the main entrance of the building.
- Repaired wooden door in the marina area.
- Replaced 24 lamps and 4 ballast.
- Resolved plumbing issue.

Plantation Key Courthouse

- Resolved A/C issue.
- Replaced 44 lamps; 4 exterior lamps; and, 7 ballasts.
- Resolved plumbing issue.
- Installed 2 new doorstops in Courtroom A.
- Repaired roof in Courtroom B.
- Removed old carpet in the breakroom and kitchen area behind Courtroom B and installed tile flooring in kitchen area and new carpet on the rest of the breakroom area.
- Old lamps were replaced with retro feeding lamps and new ones were installed in the breakroom, hallway, and Jury's room.
- Jury's room, hallway, bathroom, breakroom and stairwell were painted.
- Replaced old ceiling in the hallway.
- Built temporary handicap ramp for juror's box.
- Contractor inspected A/C system in State Attorney's Office.

Islamorada Library

- Resolved plumbing issue.
- Replaced 52 lamps and 6 ballasts.
- Replaced receptacle.
- Repaired roof and ceiling in hallway area.
- Disposed of back room old metal shelving units.

Key Largo Library

- Replaced 4 lamps.
- Repaired front door.
- Assisted IT Department relocating an outside receptacle to the inside and fixed drywall.
- Assisted IT Department disposing of 18 old/obsolete PC's from library to the transfer station. Units out of inventory.

Ellis Building

- Repaired door in Stephanie's office.
- Repaired basement fence.
- Replaced 22 lamps and 4 ballast.
- Resolved plumbing issue.
- Contractor installed damper on fresh air duct at the Tax Collector's Office and inspected an A/C vent at the Property Appraiser Office.

Tavernier Fire Department

- Assist IT Department with pest control due to ants on computers.
- An inspection of the generator was performed.
- Contractor Ricks Garage Doors, INC. replaced fuse and loose wire on Bay Door #1.

Key Largo Animal Shelter

- Trimmed trees.

Spottswood Building

- Assisted Social Services in moving some file cabinets and main office desk.
- Replaced old damaged ceiling tiles throughout the building.

Carpenter Shop

- Replaced 2 lamps.

Plantation Key Garage

- Replaced rope on flag pole.

Key Largo Rowell's Marina

- Provided assistance at the Key Largo Stone Crab & Seafood Festival event.

Ocean Reef Growth Management Permit Office

- Assisted Growth Management Department by transporting a file cabinet.

Parks and Beaches Department

Key Largo Park and Duplex

- Repaired tennis court net pole and tensioner and installed pole.
- Replaced broken lock in Duplex apt#1.
- Repaired swing set in playground area.
- Replaced tennis court area ramp.
- Resolved a plumbing issue.
- Contractor resurfaced the hockey & basketball court.
- Replaced 10 lamps and 3 ballasts.

Harry Harris Park

- Replaced burned wires and breakers in the main electrical box in admissions booth.

- Harry Harris Park was scheduled all month for softball and baseball practices and tournaments.
- Provided assistance to the Mesquite Productions filming crew throughout the Upper Keys for the filming of the Bloodline series and on several other filming events performed throughout the Upper Keys areas.

Fleet Management

- Received payment for sale of 12 surplus vehicles.
- Three garages combined provided preventative maintenance and completed approximately 90 unit safety inspections.
- Three garages combined opened and/or completed approximately 216 work orders.
- Three garages combined processed and distributed approximately 7,800 gallons of unleaded gasoline; and, 3,000 gallons of diesel fuel.
- Received 1 new equipment transport trailer for Upper Keys Parks/Beaches Department.
- Received and processed 2 new brush/wood chippers for Card Sound and Road Departments.
- Generator technician diagnosed and repaired Murray Nelson Building generator; drastically reducing down time rather than wait for outside contractor to schedule and repair same.
- Received 2 new zero turn mowers for Road Department.
- Ordered 1 new box cargo trailer for Key West Road Department.
- Received 1 new Nissan pick-up truck for Building Department.
- Prepared and submitted FY2017 Fleet budget
- Prepared and submitted FY2017 Fleet rates for all county departments and agencies including Sheriff's Office.
- Prepared and submitted FY2017 vehicle replacement schedule.
- Key West garage staff made emergency repair of hydraulic lift. Purchased new air compressor to replace malfunctioning unit in Key West Garage.
- Purchased new A/C service equipment to replace malfunctioning unit in Marathon Garage.
- Prepared and submitted fuel contract consent to assignment for BOCC approval.

Solid Waste Management

Recycling Department

- Staff was in Waste Management, Marathon Garbage and Keys Sanitary service areas with the ongoing inspections of commercial and residential solid waste and recycling services.
- Staff met, Nicole Calderon, a resident of Keys Lake Villas in Key Largo. Ms. Calderon and other residents are concerned about the lack of recycling. Staff has spoken to the management company in the past about recycling and the cost savings. Management was not convinced residents wanted it or that it would work at the complex. Ms. Calderon is going to start a petition for residents to sign requesting that recycling be provided by management. Once the petition is complete, staff will meet with management; discuss the resident's wishes about a recycling program and how to monitor the recycling carts for a successful program. Staff will provide recycling information for each tenant.
- Staff met with the owners of Five Brothers 2 grocery on Ramrod Key concerning recycling information and dumpster sizes that was given to them by the county's franchise hauler. The owners are looking to become a more green friendly business, and are planning to switch to

recyclable cups, plates, utensils etc. By increasing their recycling efforts a larger recycling dumpster other than their 2 yard was needed. They were told by the county's franchise hauler the recycling dumpster they had was the largest size available to them. Staff explained that the county's solid waste agreement with the franchise hauler that requires them to make available dumpster sizes up to 8 yards for commercial garbage and recycling. Staff also provided the county's information on what is recyclable to correct the wrong information provided by the franchise hauler. Staff will address these issues with the franchise hauler to make sure they are corrected to the satisfaction of the customer.

- Staff is preparing a webinar presentation on the success and challenges of recycling in Monroe County. The webinar on March 23rd will include a Q&A session and be available to all municipalities, counties and members of Recycle Florida Today.
- Staff met with Carmen Garcia (Graduate Student of the Patel College of Global Sustainability) and Alison Higgins, Sustainability Coordinator, City of Key West. Staff discussed Green Business recognition programs and the use of greener recyclable and compostable products for businesses.
- Staff Spoke with Casa Clara Condominiums resident Barb Tatarchuk. Mrs. Tatarchuk about restarting a recycling program for the 80 units located on the property. Recycling was stopped due to complaints of contamination by the franchise hauler. Staff will instruct the franchise hauler to return the recycling carts previously located on the property. Staff is providing recycling information for each tenant and signs to be placed by the recycling containers. Staff has made arraignments with Mrs. Tatarchuk for her and a few residents to monitor the recycling carts on a daily basis and remove contaminates. Staff will monitor the progress in the upcoming months.
- Staff Continues to work on the Florida Department of Environmental Protection's annual solid waste and recycling report.
- Staff provided recycling brochures and information to Rick Kuras Director of the Boy Scouts of America Sea Base located in Islamorada and Summerland Key.
- Staff helped with household hazardous waste collections at the Long Key and Cudjoe Key transfer stations.

Hazardous Material Department

- Staff held six household hazardous waste (HHW) collections in February and accepted material from 98 Monroe County residents and businesses.
- Staff filled 21 boxes of electronic waste to be recycled, weighing approximately 14,500 lbs. during this month.
- Staff recycled over 1,020 lbs. of lead sealed batteries; and recycled 77 lbs. of rechargeable batteries.
- Staff evacuated 320 spray paint cans, making them non-hazardous.
- Staff crushed 700 fluorescent, and mercury containing bulbs in house.
- Staff recycled 220 gallons of contaminated fluids.
- Staff bulked 495 gallons of latex paints and 165 gallons of oil based paints for recycling.

Social Services

OAA, Older Americans Act Programs:

Nutrition (Information in this section is for the period 12/21/2016-01/20/2016):

- C-1 Congregate Meals totaled 803 units during this period.
- C-2 Home Delivered Meals Hots totaled 147 units, and Home Delivered Meals Frozen totaled 2100 units.

In-Home Services (Information in this section is for the period 12/21/2015-01/20/2016):

- III-B Chore: 0 units this period, 0 unit's year-to-date, 0% achieved.
- III-B Screening and Assessment: 10 units this period, 10 units year-to-date, 36.24% achieved.
- III-B Homemaking/Personal Care: 100.25 units this period, 100.25 units year-to-date, 25.62 % achieved.
- III-E Screening and Assessment: 0 units this period, 0 units year to date, 0% achieved.
- III-E Chore: 0 units this period, 0 units year-to-date, 0% achieved.
- III-E In-Home Respite: 20 units this period, 20 units year-to-date, 2% year-to-date-achieved.
- III-E Facility Respite: 243.75 units this period, 243.75 units year to date, 7.43% year-to-date achieved.

Non-OAA Programs:

CCDA (Community Care for Disabled Adults) for January 2016 :

- Case Management: 3.50 units for the month were produced; 102.25 units year-to-date.
- Homemaking: 130 units for the month were produced; 925 units year-to date.
- Home-Delivered Meals: 60 meals for the month were provided; 535 meals year-to-date.
- Personal Care: 56 units for the monthly were produced; 388.75 units year-to-date.
- Overall Program Achievement was 65% achieved, 35% underachieved.

CCE (Community Care for the Elderly) for the period 12/21/2015-01/20/2016:

- Case Management: 6.25 units for the period and 256.50 unit's year-to-date. 32.59% achieved year-to-date.
- Case Aide: 0 unit achieved and 0 unit year-to-date, 0 % achieved year-to-date.
- Companionship: 12 units achieved and 77 units year-to-date, 6.74% achieved year-to-date.
- Home Modification: 0 units achieved and 0 units year-to-date, 0% achieved year-to-date.
- Enhanced Chore: 0 units achieved and 0 units year-to-date, 0% achieved year-to-date.
- Chore: 22.50 units achieved and 76.50 units year-to-date, 60.29% achieved year-to-date.
- Homemaking: 641.25 units for the period and 3933.75 units year-to-date 62.20% achieved year-to-date. There are 58 clients on the waiting list.
- Specialized Medical Equipment: 0 unit for the period and 1 unit year-to-date, 1.34% achieved year-to-date.
- Personal Care: 525 units for the period and 3122 units year-to-date. 57.87% achieved year-to-date.
- Respite: 165.50 units for the period and 915.25 units year-to-date. 91.34% achieved year to date. There are 4 clients on the waiting list.

CCE overall is at 51.68% achievement. We are 6.65% underachieved

ADI (Alzheimer's Disease Initiative) for the period 12/21/2015-01/20/2016: 260.50 units were produced for IN HOME RESPITE and 1955.50 units year to date, 43.41% achieved to date. units for this period for FACILITY RESPITE are 956.81 and 4912.26 year to date. 91 % achieved to date.

HCE (Home Care for the Elderly Program) for the period 1/16/16-2/15/16: 10.50 billable units this period 108.0 billable units year-to-date at the beginning of the contract year, 51.33 % achieved.

Monroe County Transit

Department Activity for February 2016

- One-way trips provided: 1,661
- Unduplicated clients served: 232
- Special Needs Clients registered: 500

Deposited Revenue: \$561.00
 Periods Expenditures: \$49,613.05
 Percentage Spent Fiscal YTD: 21.2%

Incoming calls, provision of information and referrals 288
 Staff responded to incoming calls providing information and referrals to callers based on specific inquiries and/or needs. These inquiries range from how and where to apply for Food Stamp benefits, where the closest food bank is located, how to report suspected abuse, or to find out what available services there are at the time.

Other callers are scheduled for intake by Social Services case management staff to cover Possible programs such as LIHEAP, ESG rent assistance, prescription drug assistance, and welfare assistance.

Info and Written Referrals	259	
Unduplicated Welfare client households that received service	141	
New Welfare cases receiving service	32	
Low Income Home Energy Assistance Program cases-	21	\$5,775.00
Low Income Crisis Assistance cases –	28	\$4,980.95
Home and field visits	17	

Home and field visits cover visits to In-Home, Nutrition, WAP, and ESG rent clients. Case Managers make these visits to perform annual or semi-annual updates for In-Home and Nutrition clients. WAP clients are visited for testing for possible Weatherization services to their homes. ESG rent clients are visited for the Habitability Study required prior to receiving rental assistance through this grant.

Office visits 196
 Office visits reflects the number of visitors that come into to all three locations of our Social Services offices throughout the month.

Prescriptions	3	\$1,383.95
SHIP cases	Open	28
HCRA	Pending	2

BAYSHORE MANOR

Bayshore Manor's current census is twelve residents. The current census is three private pay and nine subsidize residents. Bayshore Manor provided 355.75 hours of OA3E respite care and 0 hours of ADI care this month. Bayshore Manor has six OA3E clients and no ADI clients.

There are two clients on the waiting list.

Revenue for February 2016	\$24,569.32
Expenditures for the same period	\$54,888.06
Percentage of the budget spent year to date	29.69 %

Emergency Services

FIRE RESCUE

- Completed the FY17 Emergency Services Budget on time, maintaining a flat operating budget.

EMERGENCY MANAGEMENT

- Successfully completed Miami/Ft. Lauderdale UASI FY 14 desktop monitoring report. This audit assures future funding based on guidance compliance.
- Attended Southeast Regional Domestic Security Task Force meeting where the Emergency Management workgroup reviewed regional Homeland Security grant expenditure proposals.
- Participated in the final Turkey Point Nuclear Power Plant Exercise planning meeting with Florida Power and Light, FEMA, Florida Division of Emergency Management, Miami-Dade County Emergency Management and Bureau of Radiation Control in preparation for the March 15th, 2016 exercise.
- Participated in The State Severe Weather awareness week and posting relevant information to our Emergency Management website on a daily basis.
- Completed an initial review of the Department's Mutual Aid Agreements.
- The Radiological Program provided Basic Radiological Awareness training at the Monroe County Fire Station 22 in Tavernier on February 17th and 18th, 2016. The instructions were designed to appeal to responders at all levels of experience from newly hired to expert.

EMS/TRAUMA STAR

- Trauma Star flew forty-three (43) patients to mainland hospitals for definitive care.
- Completed written testing and Medical Ability Testing for EMT/Paramedic applicants.
- Completed training and testing for two (2) Provisional Paramedics to move to charge medic status.
- Conducted quarterly county-wide EMS User group meeting.
- Participated in 48-Hour Quality Management Course at National Fire Academy.
- Two (2) personnel attended EMS State of the Sciences: Gathering of the Eagles Conference.
- Attended meeting at LKMC to discuss Paramedic Student Clinical Rotation options.
- Conducted 16 hours of EMS training and orientation for two (2) new hires.
- Continued with field training of paramedics on quality assurance/billing issues of ePCR reports.

KWIA (EYW)

- Hosted and completed Part 139 (Airport Safety Inspector Class) for 19 ARFF personnel.
- Attended the quarterly Area Maritime Security Committee Meeting (AMSC).

- Participated with Emergency Management in the Turkey Point Nuclear Power Plant Tour and attended Radiological Awareness Class.
- Oversaw and participated with Airport Fire and Evacuation Drill.
- Hosted multi-company drills with fire station 8 personnel, during the annual fire pump testing at KWIA.
- Inspected and identified defects, then re-inspected all Fire Exits at KWIA.
- Responded to twenty (20) incidents on airport property including: eight (8) medical / trauma emergencies, two (2) significant fuel spills and two (2) aircraft incidents; one (1) being an aircraft accident on the GA Ramp

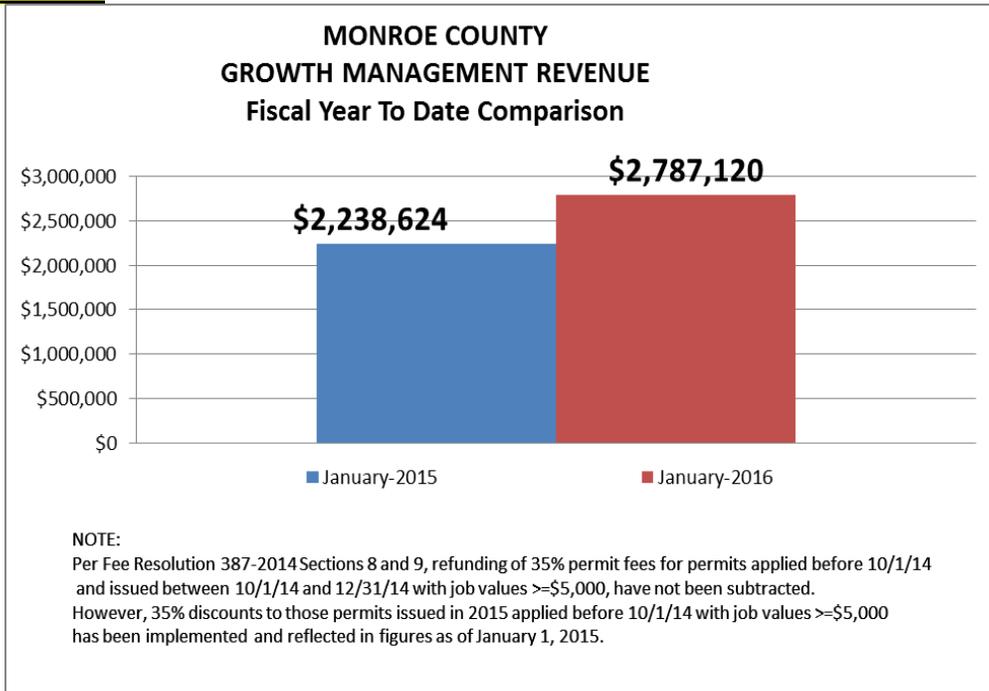

FIRE MARSHAL

- Sixteen (16) new hydrants placed on Key Haven; eleven (11) funded by FKAA and five (5) funded by County.
- Attended Growth Management presentation of new electronic plan review program providing input from Fire Department's perspective.
- Conducted Upper Keys Public School inspections with MCSD Building Official and Independent inspector – Key Largo Elementary, Key Largo Middle School, Ocean Studies Charter School, and Monroe County Adult Education facilities.
- Provided coordination for three (3) Upper Keys Public Assembly permits.
- Coordinated with the planning department three (3) new major developments planned for upper keys.
- Coordinated with Monroe County Engineering Office on road abandonment/site redevelopment for new upscale trailer park in Key Largo.
- Final inspections and close out of three (3) major construction projects in Ocean Reef; approximately 50,000 SF of commercial development.

FIRE ACADEMY/TRAINING

- The in-service facility training started for calendar year 2016, included a full week of live fire training attended by Monroe County Fire Rescue, Marathon Fire Rescue and Islamorada Fire Rescue.
- Eleven (11) MCFR volunteer members completed the Emergency Medical Responder course.
- Began Volunteer Fire Fighter 1 course for MCFR volunteer members.
- Held Physical Ability Testing (PAT) and Medical Ability Testing (MAT) for new-hire applicants.

MARINE RESOURCES OFFICE

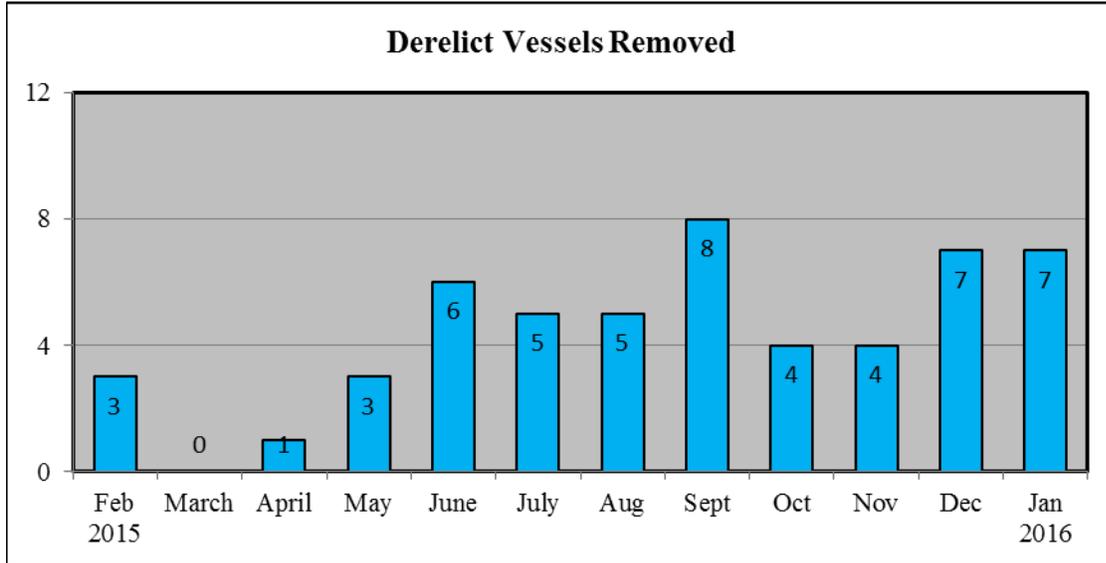

Channel Marker Program:

Month	Channel Marker/Buoy Replacement Costs
February 2015	\$0.00
March	\$3,000.00
April	\$2,825.00
May	\$0.00
June	\$0.00
July	\$41,965.00
August	\$0.00
September	\$3,700.00
October	\$1,140.00
November	\$6,107.00
December	\$0.00
January 2016	\$0.00
Total	\$58,737.00

A large regulatory buoy replacement job was completed in July 2015, with funding assistance from an FWC Boating Improvement Program grant. Total annual costs for marker/buoy replacements for the past twelve month period were approximately 33% lower than the same timeframe in 2015 (\$87,429).

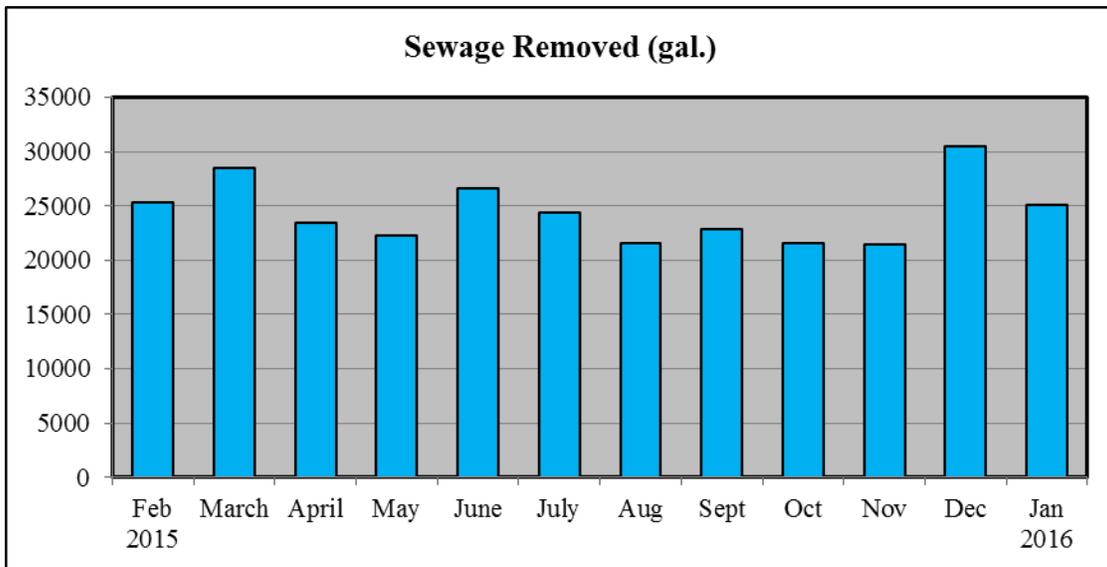

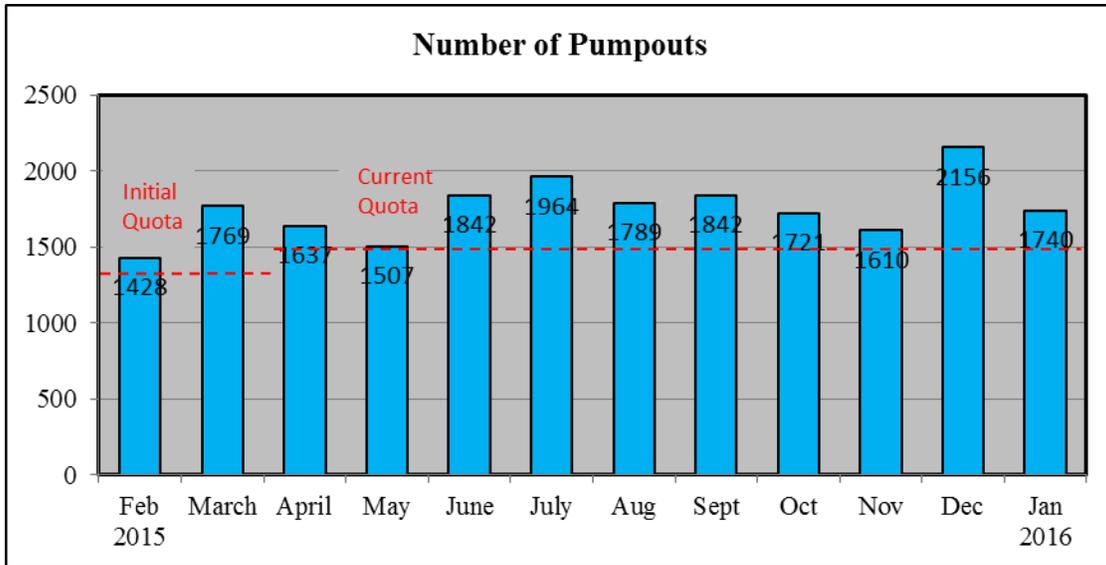

Derelict Vessel Program:

Month	Derelict Vessel Removal Costs
February 2015	\$5,850.00
March	\$0.00
April	\$1,400.00
May	\$13,000.00
June	\$55,256.00
July	\$7,600.00
August	\$11,510.00
September	\$11,449.00
October	\$10,400.00
November	\$18,300.00
December	\$41,937.00
Jan 2016	\$14,841.00
Total	\$191,543.00

Derelict vessel removal costs for the past twelve month period were approximately 12% higher than the same timeframe in 2015 (\$170,314). Note that one of the six vessels removed in June 2015 was a large vessel which was funded by an FWC Boating Improvement Program grant at a cost of \$42,500.

Vessel Pumpout Program:

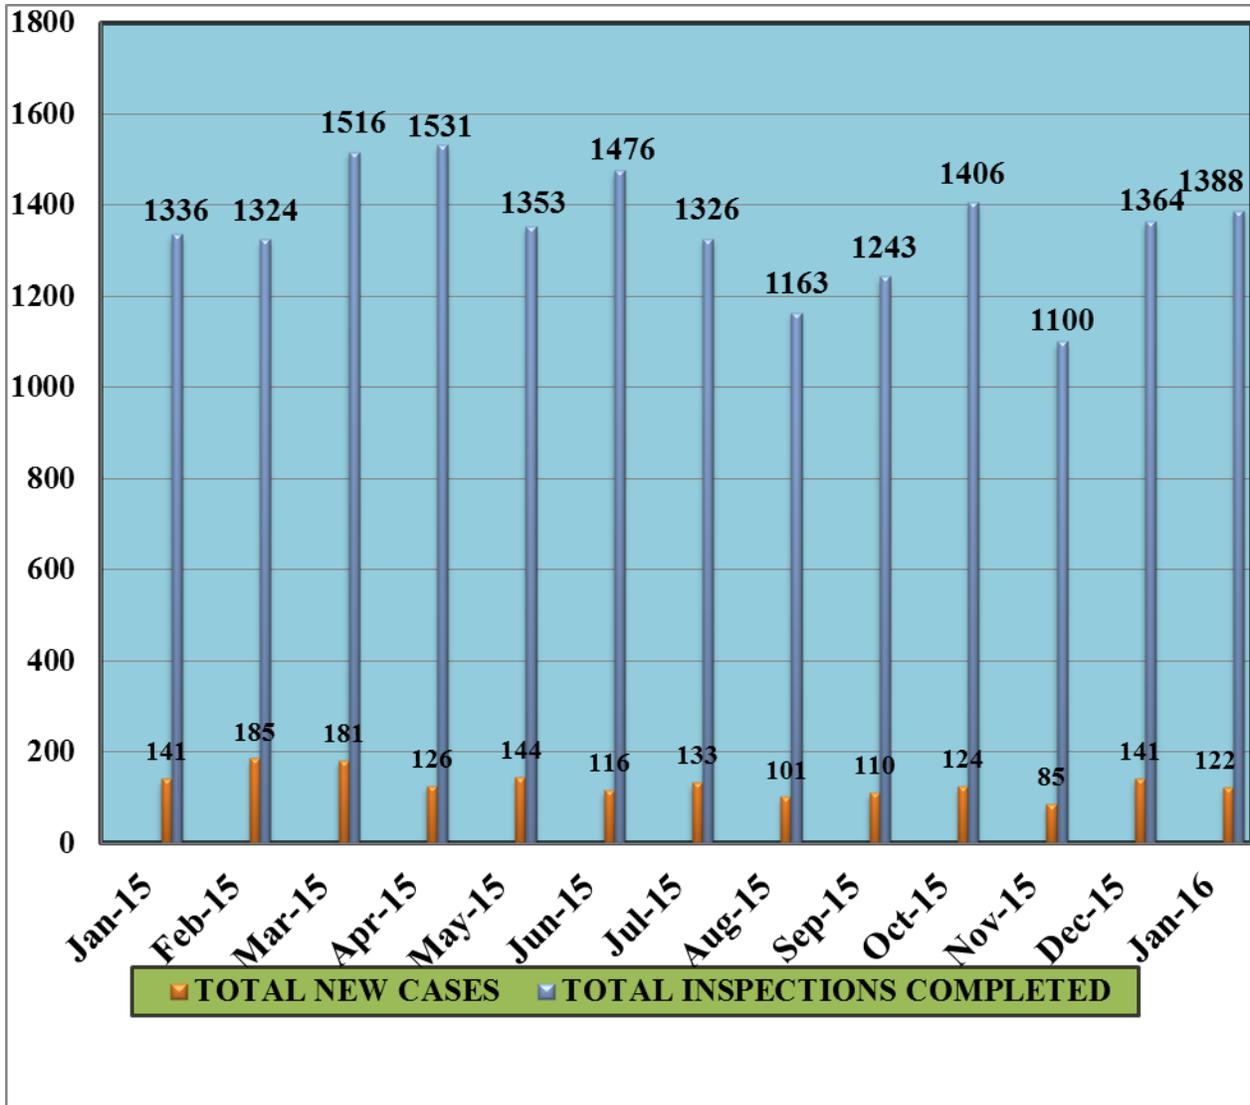

Pumpout numbers have consistently exceeded the current quota of 1500 per month, which became effective April 1, 2015.

CODE COMPLIANCE DEPARTMENT

The Code Compliance Department responds to complaints received from various sources, walk-ins, phone calls, e-mails, staff and other outside agencies and departments. Staff also, is proactive identifying code violations while conducting routine field inspections.

PLANNING AND ENVIRONMENTAL RESOURCES DEPARTMENT

The goal of the Monroe County Planning and Environmental Resources Department is to foster sustainable, quality development in the county while conserving and promoting stewardship of the county's fragile environment and the unique character of its diverse island communities.

The functions of this department are implemented by the following offices:

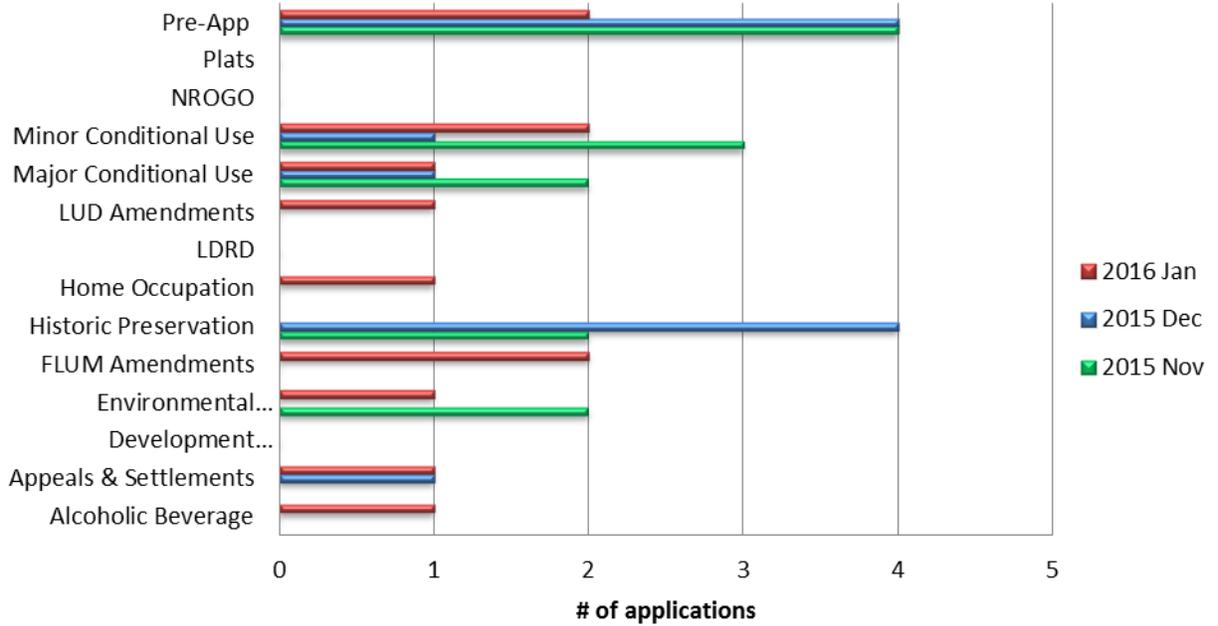

- Comprehensive Planning & Current Planning
- Environmental Resources
- Marine Resources

The Planning Office is responsible for the administration of the adopted Monroe County Comprehensive Plan and Land Development Regulations. The Department processes amendments to the Comprehensive Plan and Land Development Regulations. Additionally, the department reviews development proposals for compliance with the Comprehensive Plan and Land Development Regulations, including environmental compliance.

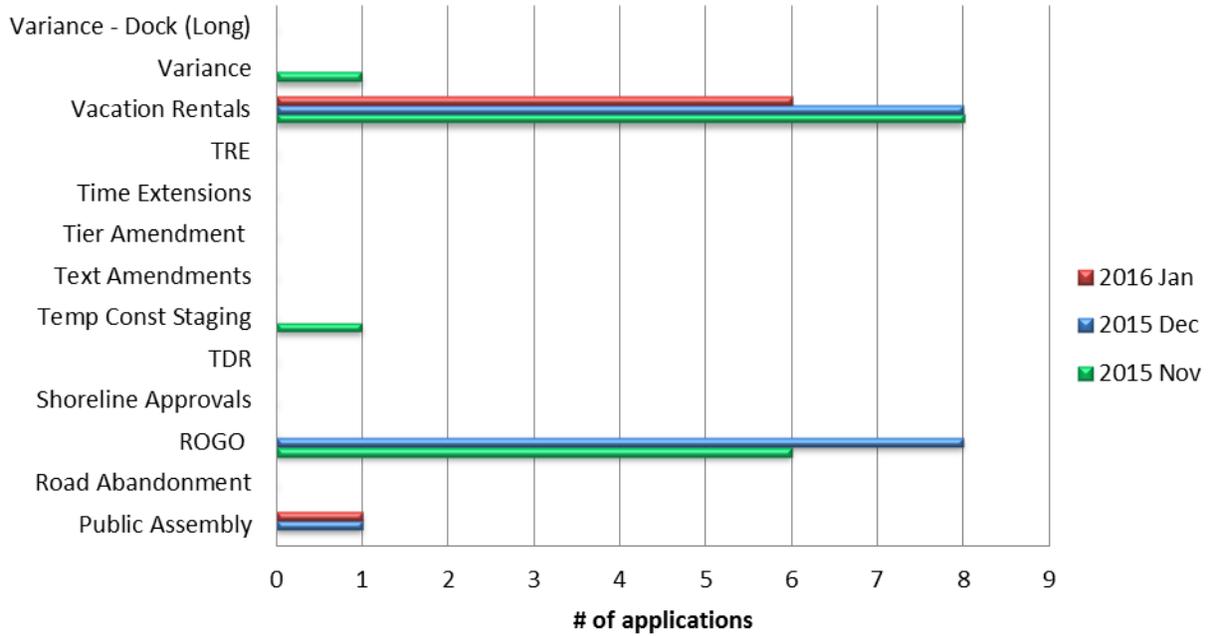

The Environmental Resources Office services include the review of applications for compliance with environmental regulations, such as: clearing limits, wetland delineation, landscaping, stormwater, land clearing and FEMA required review of potential endangered species impacts under the Permit Referral Process (PRP).

The Marine Resources Office provides a variety of services focusing on protection of the marine environment, provision of maritime infrastructure, and the preservation of public water access.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Sustainability/Projects

Bulk Item: Yes X No

Staff Contact /Phone #: Rhonda Haag, 453-8774

AGENDA ITEM WORDING: Approval to advertise a *Request for Proposals* for completing a combination *Organic Removal and Backfilling* Canal Restoration Demonstration Project in Canal #84 Rock Harbor, Monroe County, Florida.

ITEM BACKGROUND: The Canal #84 *Combined Organic Removal and Backfilling* project is the first project to be conducted *after* the initial set of the *Canal Restoration Demonstration Projects*, and is designed for muck removal to depths greater than - 6 feet Mean Low Water with subsequent backfilling. Monroe County's Comprehensive Plan Amendment Policy 202.8.6 allowed an exemption to Policy 202.8.4 only for the first two organic removal demonstration projects to be completed with dredging below -6 feet Mean Low Water without backfilling. Policy 202.8.6 specified that prior to results of 2 years of monitoring at the first two sites, additional organic removal projects to depths exceeding -6 feet Mean Low Water need to include backfilling. This Canal #84 project will allow a comparison of the additional water quality improvement by including backfilling to a muck removal project to assist in future determination as to whether backfilling is needed after organic removal in order to meet water quality standards. It is much more expensive to include it.

The presence of the muck in this canal has depleted the dissolved oxygen levels in the canal waters and the removal of the muck and subsequent backfilling to enhance natural flushing will help to restore the canal waters to State Department of Environmental Protection Dissolved Oxygen standards. Canal #84 in Rock Harbor on Cuda Lane was selected utilizing the *Canal Management Master Plan* ranking criteria. This project will be the new sixth demonstration canal project to be implemented. This canal is among the worst as to water quality in the entire County.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Sustainability and Special Projects

Bulk Item: X No

Staff Contact /Phone #: Rhonda Haag, 453-8774

AGENDA ITEM WORDING: *Rescission of Item N-17 from the January 20, 2016 regularly scheduled Board meeting due to new grant terms and conditions contained in the final grant Agreement received after the Board meeting and Approval of Grant Agreement S-0911 from the Florida Department of Environmental Protection (FDEP) for \$50,000 of funding towards the \$423,957.00 total cost of installation of a culvert on Canal #277 in Tropical Bay Estates on Big Pine Key, one of the original canal demonstration projects.*

ITEM BACKGROUND: *The Water Quality Protection Program Canal Restoration Advisory Subcommittee recommended award of this grant to Monroe County at its meeting held on August 28, 2015.*

The work under this new DEP Agreement S-00911 includes funding of \$50,000.00 for the installation of the culvert at canal #277 on Big Pine Key. Monroe County has an item on the January 20, 2016 BOCC agenda for construction of this culvert, at a total price of \$423,967.00. DEP is funding \$50,000 towards the cost, the County will fund the remaining \$373,957.00. The grant does not require matching funds.

In addition, Monroe County will contract with AMEC to provide construction support services including construction engineering inspections and engineering during construction to ensure that the culvert is installed per design plans and permit requirements.

PREVIOUS RELEVANT BOCC ACTION:

01-20-16: BOCC approval of grant agreement

CONTRACT/AGREEMENT CHANGES: *The most relevant changes follow:*

- *Para 3D ii – Travel – additional travel reimbursement requirements*
- *Paragraph 5 – Monthly progress report requirement added*
- *Paragraph 7 – Indemnification revisions*
- *Paragraph 18 – Insurance – Revised insurance requirements for the County and new insurance requirements for the County's construction contractor, Earth Tech, who is completing the work (installation of air curtains #266 and #287)*

DEP AGREEMENT NO. S0911

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
GRANT AGREEMENT
PURSUANT TO LINE ITEM 1580 OF THE FY15-16 GENERAL APPROPRIATIONS ACT**

THIS AGREEMENT is entered into between the STATE OF FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION, whose address is 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000 (hereinafter referred to as the "Department") and the MONROE COUNTY BOARD OF COUNTY COMMISSIONERS, whose address is 102050 Overseas Highway, Suite 2-246, Key Largo, Florida 33037 (hereinafter referred to as "Grantee"), a local government, to provide canal water quality restoration for the Tropical Bay Estates Canal #277 Culvert Installation in Monroe County in the Florida Keys National Marine Sanctuary (FKNMS) Collectively, the Department and the Grantee shall be referred to as "Parties" or individually as a "Party".

In consideration of the mutual benefits to be derived herefrom, the Department and the Grantee do hereby agree as follows:

1. TERMS OF AGREEMENT:

The Grantee does hereby agree to perform in accordance with the terms and conditions set forth in this Agreement, **Attachment A, Grant Work Plan**, and all attachments and exhibits named herein which are attached hereto and incorporated by reference. For purposes of this Agreement, the terms "Grantee" and "Recipient" are used interchangeably.

2. PERIOD OF AGREEMENT:

This Agreement shall begin upon execution by both parties and shall remain in effect until June 30, 2016, inclusive. The Grantee shall be eligible for reimbursement for work performed on or after the date of execution through the expiration date of this Agreement. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.

3. FUNDING/CONSIDERATION/INVOICING:

- A. As consideration for the satisfactory completion of services rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis up to a maximum of \$50,000.00. It is understood that any additional funds necessary for the completion of this project are the responsibility of the Grantee.
- B. Prior written approval from the Department's Grant Manager shall be required for changes to this Agreement. Changes to approved budget categories within a single task that are less than 10% of the total approved task budget amount will require a formal Change Order to the Agreement. Changes that are 10% or greater of the total approved task budget amount, or changes that transfer funds from one task to another task, or changes that increase or decrease the project's total funding amount will require a formal Amendment to the Agreement.
- C. The Grantee shall be reimbursed on a cost reimbursement basis for all eligible project costs upon the completion, submittal and approval of each deliverable identified in **Attachment A**, in accordance with the schedule therein. Reimbursement shall be requested utilizing **Attachment B, Payment Request Summary Form**. To be eligible for reimbursement, costs must be in compliance with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: http://www.myfloridacfo.com/aadir/reference_guide/. All invoices for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and

post-audit thereof. A final payment request should be submitted to the Department no later than sixty (60) calendar days following the completion date of the Agreement, to assure the availability of funds for payment. All work performed pursuant to Attachment A must be performed on or before the completion date of the Agreement, and the subsequent sixty-day period merely allows the Grantee to finalize invoices and backup documentation to support the final payment request.

D. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. The Grantee shall comply with the minimum requirements set forth in Attachment C, Contract Payment Requirements. The Payment Request Summary Form shall be accompanied by supporting documentation and other requirements as follows for each deliverable:

i. Contractual (Subcontractors) – Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the project. All multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse such funds to the Department within thirty (30) calendar days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. For fixed-price (vendor) subcontracts, the following provisions shall apply:

a. The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment A. Invoices submitted to the Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (i.e., Invitation to Bid or Request for Proposals) resulting in the fixed-price subcontract.

b. The Grantee may request approval from the Department to award a fixed-price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of the Department Grant Manager's approval of the fixed-price amount, the Grantee may proceed in finalizing the fixed-price subcontract.

c. All subcontracts are subject to the provisions of paragraph 12 and any other appropriate provisions of this Agreement which affect subcontracting activities.

ii. Travel – All requests for reimbursement of travel expenses shall be in accordance with Section 112.061, Florida Statutes. Grantee will not be reimbursed for travel by employees of Monroe County or the Monroe County Board of County Commissioners (MCBOCC); however, the MCBOCC has contracts with approved vendors and travel reimbursement for these vendors is permitted under this agreement where applicable. Travel support documentation provided by contractors of the Grantee must meet the requirements of the Department in order for reimbursement to occur.

E. In addition to the invoicing requirements contained in paragraphs 3.C. and D. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to

evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information, when requested, must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at http://www.myfloridacfo.com/aadir/reference_guide/.

- F.
- i. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
 - ii. If the Department finds that these funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.
 - iii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.

4. **ANNUAL APPROPRIATION:**

The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. The parties hereto understand that this Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and payment associated therewith may be rescinded with proper notice at the discretion of the Department if Legislative appropriations are reduced or eliminated.

5. **REPORTS:**

The Grantee shall utilize **Attachment D, Progress Report Form**, to describe the work performed during the reporting period, problems encountered, problem resolution, schedule updates and proposed work for the next reporting period. Monthly Progress Reports shall be submitted to the Department's Grant Manager no later than twenty (20) calendar days following the completion of a monthly reporting period. It is hereby understood and agreed by the parties that the term "monthly" shall reflect the calendar months ending March 31, April 30, May 31, and June 30. The Department's Grant Manager shall have thirty (30) calendar days to review the required reports and deliverables submitted by the Grantee.

6. **RETAINAGE:**

Retainage is not required under this Agreement.

7. **INDEMNIFICATION:**

Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, Florida Statutes. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract or this Agreement.

8. **DEFAULT/TERMINATION/FORCE MAJEURE:**

- A. The Department may terminate this Agreement at any time if any warranty or representation made by Grantee in this Agreement or in its application for funding shall at any time be false or misleading in any respect, or in the event of the failure of the Grantee to fulfill any of its obligations under this Agreement. Prior to termination, the Department shall provide thirty (30) calendar days written notice of its intent to terminate and shall provide the Grantee an opportunity to consult with the Department regarding the reason(s) for termination.
- B. The Department may terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar day's written notice. If the Department terminates the Agreement for convenience, the Department shall notify the Grantee of such termination, with instructions as to the effective date of termination or specify the stage of work at which the Agreement is to be terminated. If the Agreement is terminated before performance is completed, the Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated.
- C. Records made or received in conjunction with this Agreement are public records. This Agreement may be unilaterally canceled by the Department for unlawful refusal by the Grantee to allow public access to all documents, papers, letters, or other material made or received by the Grantee in conjunction with this Agreement and subject to disclosure under Chapter 119, Florida Statutes (F.S.), and Section 24(a), Article I, Florida Constitution.
- D. If a force majeure occurs that causes delays or the reasonable likelihood of delay in the fulfillment of the requirements of this Agreement, the Grantee shall promptly notify the Department orally. Within seven (7) calendar days, the Grantee shall notify the Department in writing of the anticipated length and cause of the delay, the measures taken or to be taken to minimize the delay and the Grantee's intended timetable for implementation of such measures. If the parties agree that the delay or anticipated delay was caused, or will be caused by a force majeure, the Department may, at its discretion, extend the time for performance under this Agreement for a period of time equal to the delay resulting from the force majeure upon execution of an amendment to this Agreement. Such agreement shall be confirmed by letter from the Department accepting, or if necessary, modifying the extension. A force majeure shall be an act of God, strike, lockout, or other industrial disturbance, act of the public enemy, war, blockade, public riot, lightning, fire, flood, explosion, failure to receive timely necessary third party approvals through no fault of the Grantee, and any other cause, whether of the kind specifically enumerated herein or otherwise, that is not reasonably within the control of the Grantee and/or the Department. The Grantee is responsible for the performance of all services issued under this Agreement. Failure to perform by the Grantee's consultant(s) or subcontractor(s) shall not constitute a force majeure event.

9. **REMEDIES/FINANCIAL CONSEQUENCES:**

No payment will be made for deliverables deemed unsatisfactory by the Department. In the event that a deliverable is deemed unsatisfactory by the Department, the Grantee shall re-perform the services needed

for submittal of a satisfactory deliverable, at no additional cost to the Department, within ten (10) calendar days of being notified of the unsatisfactory deliverable. If a satisfactory deliverable is not submitted within the specified timeframe, the Department may, in its sole discretion, either: 1) terminate this Agreement for failure to perform, or 2) the Department Grant Manager may, by letter specifying the failure of performance under this Agreement, request that a proposed Corrective Action Plan (CAP) be submitted by the Grantee to the Department. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.

- A. A CAP shall be submitted within ten (10) calendar days of the date of the letter request from the Department. The CAP shall be sent to the Department Grant Manager for review and approval. Within ten (10) calendar days of receipt of a CAP, the Department shall notify the Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, the Grantee shall have ten (10) calendar days from receipt of the Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain the Department approval of a CAP as specified above shall result in the Department's termination of this Agreement for cause as authorized in this Agreement.
- B. Upon the Department's notice of acceptance of a proposed CAP, the Grantee shall have ten (10) calendar days to commence implementation of the accepted plan. Acceptance of the proposed CAP by the Department does not relieve the Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, the Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by the Department or steps taken by the Grantee shall preclude the Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to the Department as requested by the Department Grant Manager.
- C. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by the Department may result in termination of the Agreement.

The remedies set forth above are not exclusive and the Department reserves the right to exercise other remedies in addition to or in lieu of those set forth above, as permitted by the Agreement.

10. RECORD KEEPING/AUDIT:

- A. The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following the completion date of the Agreement. In the event any work is subcontracted, the Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes.
- B. The Grantee understands its duty, pursuant to Section 20.055(5), F.S., to cooperate with the Department's Inspector General in any investigation, audit, inspection, review, or hearing. The Grantee will comply with this duty and ensure that its subcontracts issued under this Grant, if any, impose this requirement, in writing, on its subcontractors.

11. SPECIAL AUDIT REQUIREMENTS:

- A. In addition to the requirements of the preceding paragraph, the Grantee shall comply with the applicable provisions contained in **Attachment E, Special Audit Requirements**, attached hereto and made a part hereof. **Exhibit 1 to Attachment E** summarizes the funding sources supporting the Agreement for purposes of assisting the Grantee in complying with the requirements of **Attachment E**. A revised copy of **Exhibit 1** must be provided to the Grantee for each amendment which authorizes a funding increase or decrease. If the Grantee fails to receive a revised copy of **Exhibit 1**, the Grantee shall notify the Department's Grants Development and Review Manager at (850) 245-2361 to request a copy of the updated information.

- B. The Grantee is hereby advised that the Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. The Grantee shall consider the type of financial assistance (federal and/or state) identified in **Attachment E, Exhibit 1** when making its determination. For federal financial assistance, the Grantee shall utilize the guidance provided under OMB Circular A-133, Subpart B, Section __.210 for determining whether the relationship represents that of a subrecipient or vendor. For state financial assistance, the Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs. Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website:

<https://apps.fldfs.com/fsaa>

The Grantee should confer with its chief financial officer, audit director or contact the Department for assistance with questions pertaining to the applicability of these requirements.

12. SUBCONTRACTS:

- A. The Grantee may subcontract work under this Agreement without the prior written consent of the Department's Grant Manager except for certain fixed-price subcontracts pursuant to paragraph 3.D. of this Agreement, which require prior approval. The Grantee shall submit a copy of the executed subcontract to the Department prior to submitting any invoices for subcontracted work. Regardless of any subcontract, the Grantee is ultimately responsible for all work to be performed under this Agreement. The Grantee agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract. It is understood and agreed by the Grantee that the Department shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and that the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

- B. The Department of Environmental Protection supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. A list of minority owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.

13. PROHIBITED LOCAL GOVERNMENT CONSTRUCTION PREFERENCES:

- A. Pursuant to Section 255.0991, F.S., for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of the competitive solicitation, a state, college, county, municipality, school district, or other political subdivision of the state may not use a local ordinance or regulation that provides a preference based upon:

- i. The contractor's maintaining an office or place of business within a particular local jurisdiction;
- ii. The contractor's hiring employees or subcontractors from within a particular local jurisdiction; or
- iii. The contractor's prior payment of local taxes, assessments, or duties within a particular local jurisdiction.

B. For any competitive solicitation that meets the criteria in Paragraph A., a state college, county, municipality, school district, or other political subdivision of the state *shall disclose in the solicitation document* that any applicable local ordinance or regulation does not include any preference that is prohibited by Paragraph A.

14. LOBBYING PROHIBITION:

In accordance with Section 216.347, Florida Statutes, the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency. Further, in accordance with Section 11.062, F.S., no state funds, exclusive of salaries, travel expenses, and per diem, appropriated to, or otherwise available for use by, any executive, judicial, or quasi-judicial department shall be used by any state employee or other person for lobbying purposes.

15. COMPLIANCE WITH LAW:

The Grantee shall comply with all applicable federal, state and local rules and regulations in providing services to the Department under this Agreement. The Grantee acknowledges that this requirement includes, but is not limited to, compliance with all applicable federal, state and local health and safety rules and regulations. The Grantee further agrees to include this provision in all subcontracts issued as a result of this Agreement.

16. NOTICE:

All notices and written communication between the parties shall be sent by electronic mail, U.S. Mail, a courier delivery service, or delivered in person. Notices shall be considered delivered when reflected by an electronic mail read receipt, a courier service delivery receipt, other mail service delivery receipt, or when receipt is acknowledged by recipient.

17. CONTACTS:

The Department's Grant Manager (which may also be referred to as the Department's Project Manager) for this Agreement is identified below:

For Courier and Delivery Receipt Services, Only:	
Randy Landers	
Florida Department of Environmental Protection	
South District	
2295 Victoria Ave., Suite 364	
Ft. Myers, Florida 33901	
Telephone No.:	(239)344-5659
Fax No.:	(850)412-0589
E-mail Address:	Randal.landiers@dep.state.fl.us

For Correspondences:	
Randy Landers	
Florida Department of Environmental Protection	
South District	
P.O. Box 2549	
Ft. Myers, Florida 33902 - 2549	
Telephone No.:	(239)344-5659
Fax No.:	(850)412-0589
E-mail Address:	Randal.landiers@dep.state.fl.us

The Grantee's Grant Manager for this Agreement is identified below:

Rhonda Haag	
Monroe County Board of County Commissioners	
102050 Overseas Highway, Suite 2-246	
Key Largo, Florida 33037	
Telephone No.:	(305)453-8774
E-mail Address:	Haag-rhonda@monroecoutny-fl.gov

18. INSURANCE:

To the extent required by law, the Grantee will secure and maintain insurance coverages in the amounts and categories specified below, during the life of this Agreement. The Grantee shall provide documentation of any private insurance or self-insurance, as may be applicable to governmental entities, to the Department's Grant Manager *prior to* performance of any work pursuant to this Agreement.

- A. The Grantee shall secure and maintain Workers' Compensation Insurance for all of its employees connected with the work of this project and, in case any work is subcontracted, the Grantee shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of its employees unless such employees are covered by the protection afforded by the Grantee. Any self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law. In case any class of employees engaged in hazardous work under this Agreement is not protected under Workers' Compensation statutes, the Grantee shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Department, for the protection of its employees not otherwise protected.

- B. The Grantee shall secure and maintain, and ensure that any of its subcontractors similarly secure and maintain, Commercial General Liability insurance including bodily injury and property damage. The minimum limits of liability shall be \$200,000 each individual's claim and \$300,000 each occurrence. This insurance will provide coverage for all claims that may arise from the services and/or operations completed under this Agreement, whether such services and/or operations are by the Grantee or any of its subcontractors. Such insurance shall include the State of Florida, the Department, and the State of Florida Board of Trustees of the Internal Improvement Trust Fund, as Additional Insureds for the entire length of the Agreement.

- C. The Grantee shall secure and maintain, and ensure that any of its subcontractors similarly secure and maintain, Commercial Automobile Liability insurance for all claims which may arise from the services and/or operations under this Agreement, whether such services and/or operations are by the Grantee or any of its subcontractors. Such insurance shall include the State of Florida, the Department, and the State of Florida Board of Trustees of the Internal Improvement Trust Fund, as Additional Insureds for the entire length of the Agreement. The minimum limits of liability shall be as follows:

\$300,000 Automobile Liability Combined Single Limit for Company-Owned Vehicles, if applicable

\$300,000 Hired and Non-owned Automobile Liability Coverage

D. If any work proceeds over or adjacent to water, the Grantee shall secure and maintain, as applicable, any other type of required insurance, including but not limited to Jones Act, Longshoreman's and Harbormaster's, or the inclusion of any applicable rider to worker's compensation insurance, and any necessary watercraft insurance, with limits of not less than \$300,000 each. In addition, the Grantee shall include these requirements in any sub grant or subcontract issued for the performance of the work specified in Attachment A, Grant Work Plan. Questions concerning required coverage should be directed to the U.S. Department of Labor (<http://www.dol.gov/owcp/dlhwc/lcontact.htm>) or to the parties' insurance carriers.

E. All insurance policies shall be with insurers licensed or eligible to do business in the State of Florida. The Grantee's current certificate of insurance shall contain a provision that the insurance will not be canceled for any reason except after thirty (30) calendar days' written notice (with the exception of non-payment of premium which requires a 10-calendar-day notice) to the Department's Procurement Administrator. In addition, the Grantee shall include these requirements in any sub grant or subcontract issued for the performance of the work specified in Attachment A, Grant Work Plan.

F. If the Grantee is a Florida governmental entity that is self-funded for liability insurance, this paragraph 18.F. supersedes 18.A. through E., above.

Grantee warrants and represents that it is self-funded for liability insurance, appropriate and allowable under Florida law, and that such self-insurance offers protection applicable to the Grantee's officers, employees, servants and agents while acting within the scope of their employment with the Grantee.

19. CONFLICT OF INTEREST:

The Grantee covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

20. EQUIPMENT:

Reimbursement for equipment purchases costing \$1,000 or more is not authorized under the terms and conditions of this Agreement.

21. CHANGE ORDERS:

The Department may at any time, by written Change Order, make any change in the Grant Manager information, task timelines within the current authorized Agreement period, or make changes that are less than 10% of the total approved task budget (per Paragraph 3). All Change Orders are subject to the mutual agreement of both parties as evidenced in writing. Any change which causes an increase or decrease in the Agreement amount, expiration date of the Agreement, or task costs that are equal to or greater than 10% of the total approved task budget (per Paragraph 3), shall require formal Amendment to this Agreement.

22. UNAUTHORIZED EMPLOYMENT:

The employment of unauthorized aliens by any Grantee/subcontractor is considered a violation of Section 274A(e) of the Immigration and Nationality Act. If the Grantee/subcontractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement. The

Grantee shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Agreement.

23. DISCRIMINATION:

- A. No person, on the grounds of race, creed, color, religion, national origin, age, gender, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.
- B. An entity or affiliate who has been placed on the discriminatory vendor list pursuant to section 287.134, F.S., may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and posts the list on its website. Questions regarding the discriminatory vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

24. LAND ACQUISITION:

Land acquisition is not authorized under the terms of this Agreement.

25. PHYSICAL ACCESS AND INSPECTION:

As applicable, Department personnel shall be given access to and may observe and inspect work being performed under this Agreement, including by any of the following methods:

- A. Grantee shall provide access to any location or facility on which Grantee is performing work, or storing or staging equipment, materials or documents;
- B. Grantee shall permit inspection of any facility, equipment, practices, or operations required in performance of any work pursuant to this Agreement; and
- C. Grantee shall allow and facilitate sampling and monitoring of any substances, soils, materials or parameters at any location reasonable or necessary to assure compliance with any work or legal requirements pursuant to this Agreement.

26. EXECUTION IN COUNTERPARTS:

This Agreement may be executed in two or more counterparts, each of which together shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

27. SEVERABILITY CLAUSE:

This Agreement has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement. Any action hereon or in connection herewith shall be brought in Leon County, Florida.

28. **ENTIRE AGREEMENT:**

This Agreement represents the entire agreement of the parties. Any alterations, variations, changes, modifications or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, duly signed by each of the parties hereto, and attached to the original of this Agreement, unless otherwise provided herein.

ATTACHMENT A GRANT WORK PLAN

Project Title: Tropical Bay Estates Canal #277 Culvert Installation

Project Location: Big Pine Key, Monroe County
Florida Keys Watershed /HUC= 03090203

Project Background:

The work to be accomplished under this Agreement has been identified by the Canal Restoration Advisory Subcommittee of the Florida Keys National Marine Sanctuary (FKNMS) Water Quality Protection Program (WQPP) as one of the high priority projects to assist with Monroe County canal water quality restorations.

Many of the canals in the FKNMS do not meet the State's minimum water quality criteria for dissolved oxygen and contain accumulations of organic debris from the deposition of weed wrack trapped in the dead ends of the canals. This project is a priority of the FKNMS WQPP Steering Committee which recently passed a motion to develop a plan to prioritize canal restoration projects and to identify funding sources for these projects. The tourism economy of the Keys depends largely on clean water and a healthy environment and this project is fully supported by the WQPP Steering Committee and local governments in Monroe County. The successful implementation of this project is also consistent with the goals of the Florida Keys Reasonable Assurance Document that was recently adopted by the Department in order to satisfy the requirements of the Impaired Surface Waters Rule, Chapter 62-303 of the Florida Administrative Code (F.A.C.)

Monroe County has contracted Amec Foster Wheeler to prepare the final design plans and obtain permits for the installation of the second ranked culvert in the Monroe County demonstration project list which is located at Canal #277 in Tropical Bay Estates in Big Pine Key, Florida Keys. Canal #277 was ranked as having *Poor* water quality per the *Canal Management Master Plan* and was selected as a top priority for restoration. The design work is complete and it is anticipated that the permits will be received by the end of January 2016. Monroe County has also contracted Amec Foster Wheeler to assist with the procurement process for the installation contractor and provide construction administrative and engineering inspection services during construction. The construction of this culvert was originally included in the \$5 million canal demonstration funding set aside by Monroe County; however, those funds are running out.

The work under this Agreement includes a portion of the construction installation costs for the culvert at Canal #277 in Big Pine Key. Monroe County will hire a qualified contractor to perform the installation. The design plans, technical specifications and permits prepared by Amec Foster Wheeler form the basis for the technical scope of work. As indicated above, Monroe County will contract Amec Foster Wheeler to provide construction support services including construction engineering inspections and engineering during construction to ensure that the culvert is installed per design plans and permit requirements.

Task Description:

Task 1: Culvert Installation

The Grantee will construct the installation of a 60 inch culvert across Watson Boulevard that will hydrologically connect two dead end fingers of the #277 Canal System (refer to **Figure 1**) in accordance with the final approved design and required permit(s). The top crown of the culvert will be placed at -3.5 NAVD88 in order to be below existing water and sewer lines. The invert of the submerged culvert will be placed at -8.5 NAVD88. The culverts will remain submerged as mean low water is -1.7 NAVD88. All heavy equipment will be land based. The 60 inch reinforced concrete pipe will extend 200 linear feet under Watson Blvd and connect the two different dead fingers of the #277 canal system. Both ends of the culvert will be fitted with manatee grates and will be constructed in accordance with the Florida Fish and Wildlife Conservation Commission guidelines.

Floating turbidity barriers and waddles will be installed prior to construction and maintained throughout the project in accordance with performance standards for erosion and sediment control and storm water treatment.

All construction activities will be performed in accordance with the Florida Fish and Wildlife Conservation Commission (FWC) standard manatee conditions for in-water work and the National Oceanic and Atmospheric Association (NOAA) Fisheries construction conditions for sea turtle and smalltooth sawfish.

Materials for the culvert will be brought onsite via existing roads. The contractor will implement a maintenance of traffic plan in accordance with Monroe County and the Florida Department of Transportation (FDOT) and as described in the plans. Any clearing and grubbing will be limited to the areas required to access the site and operate the equipment.

The culvert will be installed using open cut excavation techniques utilizing trench boxes, back-hoe excavator, front end loader, roll off containers, and other similar equipment as required to complete the work. The back-hoe will excavate the overburden material and stockpile it in designated reuse or unusable roll-off containers to minimize erosion and sediment control concerns. Following the aforementioned excavation, trench boxes will be installed to ensure Occupational Safety and Health Administration (OSHA) requirements are being met for worker safety. The contractor will install the 60 inch reinforced concrete pipe as described in the final design plans.

Each end of the culvert will be completed with riprap aprons for slope stability. Site restoration will include roadway repaving, sodding and replanting of landscaping to match pre-existing conditions. All property owners within the footprint of the project have provided their approval of the project.

The Monroe County selected contractor will provide all labor, supervision, materials, supplies, equipment, tools, construction equipment, and transportation for the proper execution and completion of all work as specified in the final approved design plans. Survey and Mapping will conform to the criteria found in 5J-17, F.A.C., pursuant to Chapter 472, F.S. As-built survey certification of the installed culvert will be sealed by the Grantee's Subcontractor's Specialty Engineer and Land Surveyor and Mapper.

Task 1 Deliverables: Construction of culvert per approved final design and all required permits as evidenced by: 1) An electronic copy of the final design, including professional certification as applicable; 2) a list of all required permits identifying issue dates and issuing authorities; 3) dated color photographs of the construction site(s) prior to, during, and immediately following completion of the construction task; 4) written verification that the Grantee has received record drawings and any required final inspection report(s) for the project; 5) signed acceptance of the completed work by the Grantee; and 4) signed statement from a Florida Licensed Professional Engineer indicating construction has been completed in accordance with the design.

Budget: \$50,000 for contractual services. Grantee will not be reimbursed for travel by employees of Monroe County or the Monroe County Board of County Commissioners (MCBOCC); however, the MCBOCC has contracts with approved vendors and travel reimbursement for these vendors is permitted under this agreement where applicable. Travel support documentation provided by contractors of the Grantee must meet the requirements of the Department in order for reimbursement to occur.

Performance Measures: The Department's Grant Manager will review the deliverables to verify that they meet the specifications in the Grant Work Plan and this task description and that work is being performed in accordance with the Grantee's construction contract documents and specifications. Upon review and written acceptance by the Department's Grant Manager of all deliverables under this task, the Grantee may proceed with payment request submittal.

Measureable Benefits: The culvert is designed to increase the natural flushing eleven-fold over current conditions. The increase in flushing will add dissolved oxygen to the canal with the goal of eliminating the Department Water Quality Standard Dissolved Oxygen Impairment and improving overall health of the canal for marine life. Florida International University is performing monitoring of this canal to document the restoration effectiveness.

PROJECT TIMELINE: The tasks must be completed by the end of each task timeline and all deliverables must be received by the designated due date.

Task/ Deliverable No.	Task/ Deliverable Title	Task Start Date	Task End Date	Deliverable Due Date/ Frequency
1	Culvert Installation	Upon Execution	June 15, 2016	
1a	1) An electronic copy of the final design, including professional certification as applicable; 2) a list of all required permits identifying issue dates and issuing authorities; 3) dated color photographs of the construction site(s) prior to, during, and immediately following completion of the construction task; 4) written verification that the Grantee has received record drawings and any required final inspection report(s) for the project; 5) signed acceptance of the completed work by the Grantee; and 4) signed statement from a Florida Licensed Professional Engineer indicating construction has been completed in accordance with the design.			June 15, 2016

BUDGET DETAIL BY TASK:

Task No.	Budget Category	Budget Amount
1	Contractual Services	\$50,000.00
	Travel	As applicable per Paragraph 3.D.ii. of the Agreement, and included within the \$50,000 Contractual Services above.
	Total for Task:	\$50,000.00

PROJECT BUDGET SUMMARY: Cost reimbursable grant funding must not exceed the category totals for the project as indicated below.

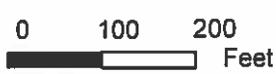

Category Totals	Grant Funding, Not to Exceed, \$50,000.00
Contractual Services	\$50,000.00
Travel	As applicable per Paragraph 3.D.ii. of the Agreement, and included within the \$50,000 Contractual Services above.
Total:	\$50,000.00

Complete Grantee's Certification of Payment Request on Page 2 to certify that the amount being requested for reimbursement above was for items that were charged to and utilized only for the above cited grant activities.

Grantee's Certification of Payment Request

I, _____ ,
(Print name of Grantee's Grant Manager designated in the Agreement)

on behalf of _____ , do hereby certify that:
(Print name of Grantee/Recipient)

- The disbursement amount requested is for allowable costs for the project described in Attachment A of the Agreement.
- All costs included in the amount requested have been satisfactorily purchased, performed, received, and applied toward completing the project; such costs are documented by invoices or other appropriate documentation as required in the Agreement.
- The Grantee has paid such costs under the terms and provisions of contracts relating directly to the project; and the Grantee is not in default of any terms or provisions of the contracts.

Check all that apply:

- All permits and approvals required for the construction, which is underway, have been obtained.
- Construction up to the point of this disbursement is in compliance with the construction plans and permits.
- The Grantee's Grant Manager relied on certifications from the following professionals that provided services for this project during the time period covered by this Certification of Payment Request, and such certifications are included:

**INSTRUCTIONS FOR COMPLETING
PAYMENT REQUEST SUMMARY FORM**

DEP AGREEMENT NO.: This is the number on your grant agreement.
AGREEMENT EFFECTIVE DATES: Enter agreement execution date through end date.
GRANTEE: Enter the name of the grantee's agency.
GRANTEE'S GRANT MANAGER: This should be the person identified as grant manager in the grant Agreement.
MAILING ADDRESS: Enter the address that you want the state warrant sent.
PAYMENT REQUEST NO.: This is the number of your payment request, not the quarter number.
DATE OF PAYMENT REQUEST: This is the date you are submitting the request.
PERFORMANCE PERIOD: This is the beginning and ending date of the performance period for the task/deliverable that the request is for (this must be within the timeline shown for the task/deliverable in the Agreement).
TASK/DELIVERABLE NO.: This is the number of the task/deliverable that you are requesting payment for and/or claiming match for (must agree with the current Grant Work Plan).
TASK/DELIVERABLE AMOUNT REQUESTED: This should match the amount on the "*TOTAL TASK/DELIVERABLE BUDGET AMOUNT*" line for the "*AMOUNT OF THIS REQUEST*" column.

GRANT EXPENDITURES SUMMARY SECTION:

"AMOUNT OF THIS REQUEST" COLUMN: Enter the amount that was expended for this task during the period for which you are requesting reimbursement for this task. This must agree with the currently approved budget in the current Grant Work Plan of your grant Agreement. Do not claim expenses in a budget category that does not have an approved budget. Do not claim items that are not specifically identified in the current Grant Work Plan. Enter the column total on the "*TOTAL AMOUNT*" line. Enter the amount of the task on the "*TOTAL TASK BUDGET AMOUNT*" line. Enter the total cumulative amount of this request and all previous payments on the "*LESS TOTAL CUMULATIVE PAYMENT REQUESTS OF*" line. Deduct the "*LESS TOTAL CUMULATIVE PAYMENT REQUESTS OF*" from the "*TOTAL TASK BUDGET AMOUNT*" for the amount to enter on the "*TOTAL REMAINING IN TASK*" line.

"TOTAL CUMULATIVE PAYMENT REQUESTS" COLUMN: Enter the cumulative amounts that have been requested to date for reimbursement by budget category. The final request should show the total of all requests; first through the final request (this amount cannot exceed the approved budget amount for that budget category for the task you are reporting on). Enter the column total on the "*TOTALS*" line. **Do not enter anything in the shaded areas.**

"MATCHING FUNDS" COLUMN: Enter the amount to be claimed as match for the performance period for the task you are reporting on. This needs to be shown under specific budget categories according to the currently approved Grant Work Plan. Enter the total on the "*TOTAL AMOUNT*" line for this column. Enter the match budget amount on the "*TOTAL TASK BUDGET AMOUNT*" line for this column. Enter the total cumulative amount of this and any previous match claimed on the "*LESS TOTAL CUMULATIVE PAYMENTS OF*" line for this column. Deduct the "*LESS TOTAL CUMULATIVE PAYMENTS OF*" from the "*TOTAL TASK BUDGET AMOUNT*" for the amount to enter on the "*TOTAL REMAINING IN TASK*" line.

"TOTAL CUMULATIVE MATCHING FUNDS" COLUMN: Enter the cumulative amount you have claimed to date for match by budget category for the task. Put the total of all on the line titled "*TOTALS*." The final report should show the total of all claims, first claim through the final claim, etc. **Do not enter anything in the shaded areas.**

GRANTEE'S CERTIFICATION: Check all boxes that apply. Identify any licensed professional service providers that certified work or services completed during the period included in the request for payment. **Must be signed by both the Grantee's Grant Manager as identified in the grant agreement and the Grantee's Fiscal Agent.**

NOTES:

If claiming reimbursement for travel, you must include copies of receipts and a copy of the travel reimbursement form approved by the Department of Financial Services, Chief Financial Officer.

Documentation for match claims must meet the same requirements as those expenditures for reimbursement.

ATTACHMENT C

Contract Payment Requirements Florida Department of Financial Services, Reference Guide for State Expenditures *Cost Reimbursement Contracts*

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of the types of documentation representing the minimum requirements:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

ATTACHMENT E

SPECIAL AUDIT REQUIREMENTS

The administration of resources awarded by the Department of Environmental Protection (*which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the contract/agreement*) to the recipient (*which may be referred to as the "Contractor", Grantee" or other name in the contract/agreement*) may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

1. In the event that the recipient expends \$500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Environmental Protection. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.
3. If the recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than Federal entities).
4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at <http://12.46.245.173/cfda/cfda.html>.

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2)(m), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT I to this Attachment indicates state financial assistance awarded through the Department of Environmental Protection by this Agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
3. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than \$500,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at <https://apps.fldfs.com/fsaa> for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at <http://www.leg.state.fl.us/Welcome/index.cfm>, State of Florida's website at <http://www.myflorida.com/>, Department of Financial Services' Website at <http://www.fldfs.com/> and the Auditor General's Website at <http://www.state.fl.us/audgen>.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with OMB Circular A-133, as revised, and required by PART I of this Attachment shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the recipient directly to each of the following:

- A. The Department of Environmental Protection at one of the following addresses:

By Mail:

Audit Director
Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

- B. The Federal Audit Clearinghouse designated in OMB Circular A-133, as revised (the number of copies required by Sections .320 (d)(1) and (2), OMB Circular A-133, as revised, should be submitted to the Federal Audit Clearinghouse), at the following address:

Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

Submissions of the Single Audit reporting package for fiscal periods ending on or after January 1, 2008, must be submitted using the Federal Clearinghouse's Internet Data Entry System which can be found at <http://harvester.census.gov/fac/>

- C. Other Federal agencies and pass-through entities in accordance with Sections .320 (e) and (f), OMB Circular A-133, as revised.

2. Pursuant to Section .320(f), OMB Circular A-133, as revised, the recipient shall submit a copy of the reporting package described in Section .320(c), OMB Circular A-133, as revised, and any management letters issued by the auditor, to the Department of Environmental Protection at one the following addresses:

By Mail:

Audit Director
Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

3. Copies of financial reporting packages required by PART II of this Attachment shall be submitted by or on behalf of the recipient directly to each of the following:

- A. The Department of Environmental Protection at one of the following addresses:

By Mail:

Audit Director
Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

B. The Auditor General's Office at the following address:

State of Florida Auditor General
Room 401, Claude Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

4. Copies of reports or management letters required by PART III of this Attachment shall be submitted by or on behalf of the recipient directly to the Department of Environmental Protection at one of the following addresses:

By Mail:

Audit Director

Florida Department of Environmental Protection
Office of the Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:

FDEPSingleAudit@dep.state.fl.us

5. Any reports, management letters, or other information required to be submitted to the Department of Environmental Protection pursuant to this Agreement shall be submitted timely in accordance with OMB Circular A-133, Florida Statutes, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.
6. Recipients, when submitting financial reporting packages to the Department of Environmental Protection for audits done in accordance with OMB Circular A-133, or Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the recipient in correspondence accompanying the reporting package.

PART V: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of 5 years from the date the audit report is issued, and shall allow the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General upon request for a period of 3 years from the date the audit report is issued, unless extended in writing by the Department of Environmental Protection.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

EXHIBIT - 1

FUNDS AWARDED TO THE RECIPIENT PURSUANT TO THIS AGREEMENT CONSIST OF THE FOLLOWING:

Federal Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following:					
Federal Program Number	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Matching Resources for Federal Programs:					
Federal Program Number	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Resources Subject to Section 215.97, F.S.:					
State Program Number	Funding Source	State Fiscal Year	CSFA Number	CSFA Title or Funding Source Description	State Appropriation Category
Original Agreement	General Appropriations, Line Item 1580, Water Quality Assurance Trust Fund	2015-2016	37.039	Statewide Surface Water Restoration And Wastewater Projects	030000

Total Award				\$50,000.00
--------------------	--	--	--	--------------------

For each program identified above, the recipient shall comply with the program requirements described in the Catalog of Federal Domestic Assistance (CFDA) [<http://12.46.245.173/cfda/cfda.html>] and/or the Florida Catalog of State Financial Assistance (CSFA) [<https://apps.fldfs.com/fsaa/searchCatalog.aspx>]. The services/purposes for which the funds are to be used are included in the Contract scope of services/work. Any match required by the recipient is clearly indicated in the Contract.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Sustainability

Bulk Item: Yes No

Staff Contact Person: Rhonda Haag, 453-8774

AGENDA ITEM WORDING: Authorize entering into Amendment No. 7 with Erin L. Deady, P.A. to extend the time by which the GreenKeys! Sustainability Action Plan (Plan) will be completed.

ITEM BACKGROUND: This Amendment No. 7 extends the time by which the Plan will be completed. A time extension is requested to finalize the GreenKeys! Sustainability Action Plan documents after the Monroe County Board of County Commissioners' workshop on January 26, 2016 and close of the public review and comment period which ended January 31, 2016. The documents will be finalized with graphic design and placed on the www.greenkeys.info website by June 30, 2016.

PREVIOUS RELEVANT BOCC ACTION:

7-17-13: Approval to advertise an RFP to develop a Sustainability Action Plan with Climate Change and Energy Savings Initiatives. The RFP included a request for the base Sustainability Plan plus any optional services that would help the County prepare for a fully sustainable future.

10-16-13: Approval to negotiate both the sustainability base contract and the additional climate modeling services.

11-20-13: Approval of the contract with climate change and energy savings elements.

03-19-14: Approval of Amendment No. 1 to modify task and deliverables schedule.

02-18-15: Approval of Amendment No. 2 to add outreach components for sea level rise workshops in the middle and lower Keys.

07-15-15: Approval of Amendment No. 3 which was a schedule revision with no additional deliverables.

09-16-15: Approval of Amendment No. 4 which added a single modeling run.

10-21-15: Approval of Amendment No. 5 to add additional modeling tasks and extend the contract.

12-9-15: Approval of Amendment No. 6 for a pilot project on integrating stormwater, tidewater and road elements in two communities for sea level rise adaptation and to extend the contract.

CONTRACT/AGREEMENT CHANGES: Not applicable.

STAFF RECOMMENDATIONS: Not applicable.

TOTAL COST \$0. INDIRECT COST: BUDGETED: Yes No N/A

DIFFERENTIAL OF LOCAL PREFERENCE: N/A

COST TO COUNTY: SOURCE OF FUNDS: Sustainability Budget

REVENUE PRODUCING: Yes No AMOUNT PER MONTH Year

APPROVED BY: County Atty [Signature] OMB/Purchasing [Signature] Risk Management [Signature]

**AMENDMENT NO. 7
TO THE CONTRACT FOR
DEVELOPMENT OF A SUSTAINABILITY ACTION PLAN
WITH ENERGY AND CLIMATE CHANGE INITIATIVES
BETWEEN
MONROE COUNTY
AND ERIN L. DEADY, P.A.**

THIS AMENDMENT NO. 7, effective as of March 23, 2016, made to the AGREEMENT dated December 11, 2013, as amended April 16, 2014 (A1) , February 18, 2015 (A2), July 15, 2015 (A3), September 16, 2015 (A4), October 21, 2015 (A5), and December 9, 2015 (A6) is made and entered into this by MONROE COUNTY (“COUNTY”), a political subdivision of the State of Florida, whose address is 1100 Simonton Street, Key West, Florida 33040 and ERIN L. DEADY P.A., (“CONSULTANT”), whose address is 1111 Hypoluxo Road, Suite 207, Lantana, FL 33462.

WITNESSETH

WHEREAS, the COUNTY has engaged the services of the CONSULTANT to develop the COUNTY’S Sustainability Action Plan and to provide sea level rise modeling and outreach services; and

WHEREAS, the CONSULTANT has provided successful sea level rise modeling and public outreach meetings for residents of the Keys; and

WHEREAS, the CONSULTANT has received comments on the GreenKeys! Sustainability Action Plan from the Monroe County Board of County Commissioners (“BOCC”), the Climate Change Advisory Committee (“CCAC”) and the public following the full-day workshop to the Monroe County BOCC on January 26, 2016 and close of the public review and comment period which ended January 31, 2016; and

WHEREAS, the CONSULTANT is currently in the process of revising and redesigning the GreenKeys! Sustainability Action Plan to accommodate and incorporate the comments received by the Monroe County BOCC, CCAC and public; and

WHEREAS, the COUNTY desires to extend the time allowed for completion of the GreenKeys! Sustainability Action Plan to June 30, 2016.

NOW, THEREFORE, for and in consideration of the mutual covenants and promises as hereinafter set forth and of the faithful performance of such covenants and conditions, the COUNTY and CONSULTANT do hereby agree as follows:

1. CONSULTANT shall finalize the remaining tasks related to the Sustainability Action Plan as described in the Scope of Services **Exhibit A-7** attached.

2. This Amendment No. 7 shall be retroactive to the 1st day of February, 2016 and will conclude with delivery of the deliverables outlined in Exhibit A-7, which shall be no later than June 30, 2016.

REMAINDER OF THIS PAGE PURPOSELY LEFT BLANK

IN WITNESS WHEREOF, the parties hereto have caused these present to be executed on the _____ day of _____ 2016.

STATEMENT OF WORK

Scope of Services

The CONSULTANT will assist the County with finalizing the deliverables accomplished under the CONTRACT on the GreenKeys! Sustainability Action Plan. The CONSULTANT will finalize the deliverables as follows:

A. Graphic Design and Web Placement. The CONSULTANT will finalize the GreenKeys! Sustainability Action Plan, including graphic design and placement on the www.greenkeys.info website.

Final Due Date: June 30, 2016

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Sustainability /Projects

Bulk Item: Yes No X

Staff Contact /Phone #: Rhonda Haag, 453-8774

AGENDA ITEM WORDING: Approval of Amendment No. 7 to the Contract for *Engineering, Design And Permitting Services of the Demonstration Projects*, with AMEC Foster Wheeler Environment and Infrastructure, Inc. provide for an extension of time and Additional Assessment, Design, Procurement, Access Coordination, and Permitting Services for a Combined Organic Removal and Backfilling restoration project at Canal #84 in Rock Harbor, Monroe County, Florida for an amount not to exceed \$77,993.20.

ITEM BACKGROUND: The Canal #84 *Combined Organic Removal and Backfilling* project is the first project to be conducted after the initial set of the *Canal Restoration Demonstration Projects*, and is designed to evaluate if backfilling after organic removal provides additional water quality improvement over organic removal alone. The presence of the muck in this canal has depleted the dissolved oxygen levels in the canal waters and the removal of the muck and subsequent backfilling to enhance natural flushing will help to restore the canal waters to State Department of Environmental Protection Dissolved Oxygen standards. Canal #84 in Rock Harbor on Cuda Lane was selected utilizing the *Canal Management Master Plan* ranking criteria. If an access agreement for equipment cannot be obtained, alternative canals include #80 Rock Harbor and 83 Rock Harbor. This project will be the new sixth demonstration canal project to be implemented. This canal is among the worst as to water quality in the entire County.

Comprehensive Plan Amendment Policy 202.8.6 allowed an exemption to Policy 202.8.4 for the first two organic removal demonstration projects to be completed with dredging below -6 feet Mean Low Water without backfilling. Policy 202.8.6 specified that prior to results of 2 years of monitoring at the first two sites, additional organic removal projects to depths exceeding -6 feet Mean Low Water need to include backfilling.

Design, procurement, access agreement coordination, and permitting services are required in order to complete this canal restoration project. This amendment authorizes AMEC Foster Wheeler to provide these services. AMEC Foster Wheeler can meet the County desired project schedule to complete additional restorations in 2016 due to their experience completing these same tasks on the initial five demonstration projects.

This amendment authorizes (1) an extension of time from July 31, 2016 to December 31, 2016; (2) provides additional funding to AMEC Foster Wheeler to complete the design, procurement, access agreement coordination, and permitting services for the sixth demonstration canal project at Canal #84..

The total contract value is increased by \$77,993.20 from \$784,446.14 to \$862,439.34.

PREVIOUS RELEVANT BOCC ACTION:

- 12-11-13: Approval to advertise an RFQ for the design and permitting of the canal demo projects.
- 02-19-14: Approval to negotiate a contract for the design and permitting of the canal demo projects.
- 05-21-14: Approval of contract with AMEC for design, permitting, field assessment tasks including bathymetric surveys, mangrove assessment, tidal studies for hydraulic modeling and geotechnical studies; project management and engineering support during construction for six (6) of the seven (7)

demonstration canals in unincorporated Monroe County. The Eden Pines "Pumping" project was not yet included.

- 9-17-14: Approval of a Grant Agreement S-0723 from the Florida Department of Environmental Protection (FDEP) for funding of services for engineering construction support services and the installation of a culvert on Canal #472 Geiger Key that is the 3rd ranked canal demonstration project in the Canal Management Master Plan for culvert installation. The project will be funded up to \$100,000 in funds provided by FDEP, the County will fund the remainder.
- 9-17-14: Approval of Amendment No 1 to provide additional services related to engineering support during construction for the 3rd ranked culvert demonstration project at Canal #472 Geiger Key as funded under DEP grant S-0723.
- 2-18-15: Approval of Amendment No. 2 to change the company name from AMEC Environment & Infrastructure, Inc. to Amec Foster Wheeler Environment & Infrastructure, Inc. and add the subcontractor 'Davis Environmental Solutions'
- 5-20-15: Approval of Amendment No. 3 to extend the contract expiration date from June 30, 2015 to December 31, 2015 at no additional cost to the County.
- 7-15-15: Approval of Scribner error correction to Amendment No. 3.
- 7-15-15: Approval of Amendment No. 4 to provide additional funds for Construction Administration and Construction Engineering Inspection Services for the Organic Removal project at Canal #266 in Big Pine, and add overall project management services from July 16, 2015 through December 31, 2015.
- 10-21-15: Approval of Amendment No. 5 to increase the scope of services at Canal #290 in the Avenues in Big Pine Key for additional budget for Construction Administration and Construction Engineering Inspection services.
- 12-09-15 Approval of Amendment #6 for an extension of project schedule, update of travel rates, and reallocation of existing funds between project tasks.
- 1-20-2015 Approval of revised Amendment #6 which included missing Exhibits.

CONTRACT/CONTRACT CHANGES: Extension of project schedule and additional engineering services for the combination muck removal and backfilling project.

AMENDMENT NO. 7
TO THE CONTRACT
FOR ENGINEERING, DESIGN AND PERMITTING SERVICES
FOR THE CANAL DEMONSTRATION PROJECTS

THIS AMENDMENT NO. 7, dated March 23, 2016, is entered into between the County and the CONSULTANT, to the Contract For *Engineering, Design And Permitting Services*, dated the 21st day of May, 2014, as amended September 17, 2014 (A1), February 18, 2015 (A2), May 20, 2015 (A3), July 15, 2015 (A4) and October 21, 2015 (A5) January 20, 2016 (A6) by and between Monroe County Board of County Commissioners, "COUNTY," and AMEC Foster Wheeler Environment & Infrastructure, Inc., "AMEC Foster Wheeler".

WITNESSETH:

WHEREAS, much work has been accomplished implementing five canal restoration demonstration projects, two of which included organic muck removal without subsequent backfilling; and

WHEREAS, a Monroe County Comprehensive Plan Amendment Policy 202.8.6 allowed only the two original organic removal pilot projects to be completed with dredging below -6 feet Mean Low Water and without backfilling until 2 years of monitoring data were obtained; and

WHEREAS, a new sixth demonstration project at Canal #84 Rock Harbor is planned as the first project to be conducted after the initial set of the Canal Restoration Demonstration Projects; and

WHEREAS, the proposed restoration of Canal #84 Rock Harbor involves organic removal to depths greater than -6 feet Mean Low Water; and

WHEREAS, based upon Monroe County Policy 202.8.6 the Canal #84 restoration shall include backfilling after the organic removal; and

WHEREAS, the Canal #84 project will allow a comparison of the additional water quality improvement by including backfilling to a muck removal project to assist in future determination as to whether backfilling is needed after organic removal in order to meet water quality standards; and

WHEREAS, AMEC Foster Wheeler shall complete the additional engineering design, access coordination and permitting services for the sixth demonstration project for a *Combination Organic Removal and Backfilling* demonstration project; and

WHEREAS, the estimated date for completion of this work is December 31, 2016; and

WHEREAS, the construction administration services will be added by Amendment when the construction Contractor has been selected and the exact amount of time is known; and

WHEREAS, an extension of time is required to extend the Contract from July 31, 2016 to December 31, 2016.

NOW, THEREFORE, in consideration of mutual promises, covenants and contracts stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, COUNTY and AMEC agree as follows:

1. This AMENDMENT NO. 7 is effective on the 23rd day of March, 2016. The period of performance for the CONTRACT shall be extended by five (5) months from July 31, 2016 through December 31, 2016.

2. AMEC will provide the scope of services as specified in Exhibit "A-7" attached and made a part of this AMENDMENT No. 7.

3. This AMENDMENT No. 7 provides an additional amount not to exceed Seventy Seven Thousand Nine Hundred Ninety Three Dollars and Twenty Cents (\$77,993.20) to provide Additional Engineering Services for additional Assessment, Design, Procurement, Access Coordination, and Permitting Services related to the sixth canal restoration demonstration project for *Combination Organic Removal and Backfilling* at Canal #84 in Rock Harbor, Monroe County, Florida. The overall CONTRACT value is increased from Seven Hundred Eighty Four Thousand Four Hundred Forty Six Dollars and Fourteen Cents (\$784,446.14) to Eight Hundred Sixty Two Thousand Four Hundred Thirty Nine Dollars and Thirty Four Cents (\$862,439.34).

IN WITNESS WHEREOF, each party caused this AMENDMENT NO. 7 to be executed by its duly authorized representative on the day and year first above written.

EXHIBIT A-7
AMEC FOSTER WHEELER'S SCOPE OF SERVICES

A. Additional Assessment, Design, Assistance with Procurement, Access Coordination and Permitting Services for a Canal Restoration Demonstration Project of Combined Organic Removal and Backfilling at Canal #84 in Rock Harbor, Monroe County, Florida

1. Scope of Work:

AMEC Foster Wheeler has completed a preliminary evaluation of candidate canals for implementation of a Combined Organic Removal and Backfilling canal restoration demonstration project. It is also proposed that installation of a Weed Barrier be included. Canal #84 in Rock Harbor was selected utilizing the following criteria:

- *Canal Management Master Plan* canal ranking criteria of *Poor Water Quality*
- One of the highest priority *Poor* canals needing restoration
- Identified organic material accumulation and seaweed loading issues
- Presence of a potential staging area.

If an access agreement for equipment cannot be obtained at Canal #84, an alternative canal will be selected. The following canals are the proposed alternatives: Canal 80 Rock Harbor and Canal 83 Rock Harbor. If none of these canals produces approved staging area access agreements Monroe County will be presented with additional alternative canals.

AMEC Foster Wheeler will complete the scope of services as detailed in the following tasks.

Task 1: Sediment Sampling, Polymer Selection, Bathymetric and Topographic Surveys, Site Conditions Survey, Homeowner Notification and Staging/Equipment Area Coordination

Sediment Sampling & Polymer Selection

AMEC Foster Wheeler will collect approximately nine (9) soil cores to characterize the sediment composition in the project area. The sediment cores will be classified in the field using the Unified Soil Classification System (USCS), including apparent grain size distribution, apparent organic content, and apparent plasticity.

Soil samples will be collected from the sediment cores for laboratory testing to determine disposal options. The tests will be performed by Test America Analytical Laboratories, a State National Environmental Laboratory Accreditation Conference (NELAC) certified laboratory. DEP has previously indicated that the following tests are required:

- Organochlorine Pesticides and PCBs by 8081/8082
- Chlorinated Herbicides by 8151
- 8 RCRA Metals by 6010/7471
- Copper by 6010
- Polynuclear Aromatic Hydrocarbons (PAHs) by 8270 low level
- Total Recoverable Petroleum Hydrocarbons (TRPH) by FL-PRO
- TCLP metals

Additionally, physical testing of one composite sample will be performed by an AMEC Foster Wheeler Geotechnical Lab and will consist of the following:

- Organic Content by ASTM D-2974
- Grain size distribution by ASTM D-422
- 200 Mesh Sieve Distribution by ASTM D-1140

In order to select the appropriate polymer for dewatering, AMEC Foster Wheeler will collect 10 gallons of sediment and 10 gallons of canal water for bench scale testing, with the bench scale testing to be completed by two separate polymer manufacturers. Solenis, the manufacturer of Praestol K274 permitted and used for Canal #290, will be one of the polymer manufacturers, with the second polymer manufacturer to be selected at a later date. The bench scale testing will select the most appropriate polymer using a jar test, followed by simulation of dewatering rates and final percent solids for a mechanical and passive dewatering application. Upon results of the bench scale tests an acute and chronic toxicity test of the selected polymer may be performed by an approved laboratory to facilitate permitting. However, it is expected that if Praestol K274 is the selected polymer, that toxicity testing will not be required for permitting.

Bathymetric and Topographic Surveys

A bathymetric and topographic survey will be performed of the canal area and proposed staging area within the project boundary. The bathymetric survey will be carried out utilizing a survey-grade GPS unit operating in Real Time Kinematic (RTK) mode mounted atop an adjustable height rod. This apparatus will be used in a boat to traverse the canal area as best as possible to establish a grid of canal bottom elevations and sediment thicknesses sufficient to develop a digital elevation model. The topographic data will be acquired using traditional survey methodologies for the road, existing utilities, private property, and any other significant structure within the project boundary. Jurisdictional wetland lines and associated water elevations will be determined as required for permitting. Topographic and bathymetric maps will be prepared for design and permitting of the project. The survey and all subsequent work will be relative to the North American Datum of 1983/2011 Adjustment (NAD83/11) and the North American Vertical Datum of 1988 (NAVD88) based on nearby National Geodetic Survey (NOS) and/or Florida Department of Transportation (FOOT) horizontal and vertical geodetic control monuments. All surveying and mapping services associated with this assignment will conform with the applicable requirements of the Department's Bureau of Survey and Mapping, and applicable sections of Florida Administrative Rule Chapter 5J-17, Standards of Practice, pursuant to Chapter 472, Florida Statutes.

Site Conditions Survey (*Engineering and Ecological Evaluation*)

This task consists of a site visit to verify the aerial photo and *Canal Management Master Plan* database information including site access, potential staging area conditions, and other site logistical and permitting items. A site sketch and site photographs will be obtained.

AMEC Foster Wheeler staff will perform a mangrove wetlands delineate to document the presence/ of red mangroves within the project footprint in accordance with Florida Administrative Code, Chapter 62-340, the USACE 1987 Wetland Delineation Manual and the Regional Supplement to the Corps of Engineers Wetland Delineation Manual. Wetlands, including mangroves, will be evaluated utilizing the FDEP Uniform Mitigation Assessment Method (UMAM) to assess the direct and indirect impacts as well as to determine the appropriate compensatory mitigation, if any.

AMEC Foster Wheeler benthic scientists permitted by the Florida Keys National Marine Sanctuary will conduct an in-water survey of the benthos for the purpose of identifying the

presence of any sensitive aquatic resources (i.e. seagrasses, corals, or sponges) within the immediate area of the proposed project. The findings of the above referenced biological surveys will be provided in a project narrative (biological write-up) for submittal with the permit application.

Property Owner Notifications and Approval for Staging/Equipment Area Use

AMEC Foster Wheeler will prepare and distribute via certified mail a notification letter to all property owners on the canal discussing the proposed restoration and attend one (1) neighborhood public meeting to discuss the proposed project.

Contact will be made with select property owner(s) for initial determination of approval for staging area use/equipment placement. If verbal approval for staging/equipment area use is obtained, an access agreement/easement will be prepared for approval by Monroe County and signatures will be obtained from the property owner.

Task 2: Design Plans - 30%, 60% and 100% Documents

Preliminary Design - 30% Documents

AMEC Foster Wheeler will prepare a conceptual design based upon the newly obtained additional assessment data and examine each design alternative in further detail and modify as needed to achieve the best possible result. AMEC Foster Wheeler will prepare preliminary design plans and technical specifications for the project. The preliminary design plans will include an existing site plan, proposed site plan, proposed grading plans, erosion and sediment control plans, and construction details. The preliminary design plan will be submitted to Monroe County for final review and approval.

60% Construction Documents

Upon acceptance of the preliminary (30%) designs, AMEC Foster Wheeler will prepare a 60% construction submittal. The Construction Documents will include each of the following components:

- Construction Plans – depicting site impacts, maintenance of traffic, and utility impacts and relocations, if necessary.
- Specifications – Technical specifications for the project, utilizing County Standards where applicable, other accepted industry specifications if needed (i.e. FDOT, SFWMD, etc.) or developed specifically for this project application if necessary.
- Schedules – AMEC Foster Wheeler will prepare a detailed construction schedule, working closely with the County, the homeowners and other stakeholders to phase, sequence and complete construction while considering the constraints and limitations.
- Estimate of Construction Cost - The cost for the canal restoration will be refined throughout the design process and a detailed Engineer's Opinion of Probable Cost will be prepared and submitted with the 60% construction documents.

As part of the 60% design effort, AMEC Foster Wheeler will design a sediment removal, dewatering system and disposal plan for the removal of organics.

60% design plans and specifications will be submitted to Monroe County for review and comment. Comments received will be addressed and resolved to the satisfaction of the County as soon as practicable so as to not delay future design.

The 60% design plans for the proposed restoration will include:

- a. existing site plan
- b. proposed site plan
- c. proposed grading plans
- d. erosion and sediment control plans
- e. construction details
- f. construction schedule
- g. Engineer's Opinion of Probable Cost.

100% Construction Documents Completion Submittal

Upon acceptance by the County of the 60% construction documents and comments from permitting agency reviewers, AMEC Foster Wheeler will develop the 100% construction documents for the project. The final design plans will include an existing site plan, proposed site plan, proposed grading plans, erosion and sediment control plans, cut/fill analysis and construction details. AMEC Foster Wheeler will update the plans, specifications, costing, and models as required in response to regulatory comments. Comments received from Monroe County will be addressed and resolved prior to the final submittal of the 100% construction documents and design specifications.

Task 3: Permitting

AMEC Foster Wheeler will coordinate and hold pre-application permitting meetings with all required permitting agencies using the 30 percent design plans. AMEC Foster Wheeler will incorporate comments received during the pre-application meetings to complete and submit local, state, and federal permit applications as required, using the final design plans. Permit applications will be submitted to the following agencies:

- SFWMD
- USACE
- FKNMS
- Monroe County

AMEC Foster Wheeler will respond to Requests for Additional Information (RAI) for each permit application. Based on prior experience, the proposed project will require National Ocean Atmospheric Association (NOAA) National Marine Fisheries Service (NMFS) Protected Resource Division (PRD) review. Amec Foster Wheeler staff will work in coordination with USACE staff to answer any questions PRD may have during their review of the project.

If impacts to wetlands or benthic resources are identified, AMEC Foster Wheeler will coordinate appropriate mitigation either onsite or through the purchase of mitigation credits. Costs to purchase mitigation credits are not included in the cost estimate as it is unknown at this time what will be required.

Task 4: Support in Procurement of a Construction Contractor

Upon completion of the Construction Documents, AMEC Foster Wheeler will assist Monroe County, who will be procuring the construction of the restoration, with the necessary procurement documents and meetings. AMEC Foster Wheeler will provide the following services to assist Monroe County for the procurement of a contractor for the construction of the restoration:

- Prepare a Request for Proposal Package for Monroe County review which will include the 100% Construction documents completed by AMEC Foster Wheeler
- Respond to applicable Proposers' Requests for Information (RFI's) and assist in the preparation of Addenda, including making revisions to the Request for Proposal Documents, as required.
- Attend a Pre-Proposal Conference and site walk-through and prepare meeting minutes.
- Conduct a Responsibility Review of the Apparent Low Bidder in accordance with requirements.
- Attend a Pre-Award Conference, to discuss the Proposer's qualifications and understanding of the Project, if required.

A scope and cost estimate for Construction Administration and Construction Engineering Inspections are not included in this proposal as they cannot be correctly estimated until the muck volume is determined and a Contractor's construction schedule is known.

2. Deliverables:

Task 1:

- Soil Analytical & Geotechnical Reports
- Polymer Selection & Performance Report
- Bathymetric and Staging Area Topographic Surveys
- Site conditions Summary
- Notification letters
- Staging Area Access Agreements.

Task 2:

Construction Documents for the proposed restoration consisting of:

- existing site plan
- proposed site plan
- proposed grading plans
- erosion and sediment control plans
- construction details
- specifications, and
- construction cost estimate.

Task 3:

Final permits from the SFWMD, USACE, FKNMS, and Monroe County Building Department.

Task 4:

- Draft Request for Proposal Package
- Addendums as required
- Pre-proposal meeting agenda and notes

- Comments on review of proposal
- Pre-award conference meeting minutes.

3. Budget: \$ 77,993.20

The attached spreadsheet provides the labor and expense details by task. Additional staff may be utilized, as needed, per the Contract Schedule of Values also attached.

**Amec Foster Wheeler Environment & Infrastructure, Inc.
2015 Revised Schedule of Values**

I. Personnel

A. Professional (Engineer, Geologist, Scientist and Project Management)

Staff I	\$71.00/hour
Staff II	\$77.00/hour
Project	\$86.00/hour
Senior	\$109.00/hour
Principal/Project Manager	\$155.00/hour
Senior Principal/Senior Project Manager	\$159.00/hour
Chief Engineer/Scientist	\$194.00/hour

B. Technical Services (Engineering and Science)

Technician I	\$45.00/hour
Technician II	\$55.00/hour
Senior Technician I	\$60.00/hour
Senior Technician II	\$70.00/hour
Project Administrator/Project Coordinator/Subcontract Administrator/Project Accountant	\$75.00/hour
Technical Writer/Document Production	\$ 78.00/hour
CADD/Draftsperson (includes PC/CAD) I	\$66.00/hour
CADD/Draftsperson (includes PC/CAD) II	\$101.00/hour
Admin I	\$40.00/hour
Admin II	\$52.00/hour

C. Surveying Services

Field Surveyor I	\$43.00/hour
Field Surveyor II	\$47.00/hour
Survey Technician I	\$67.00/hour
Survey Technician II	\$72.00/hour
Survey Chief	\$75.00/hour

D. Information Management

Software Engineer	\$92.00/hour
Data Technician	\$132.00/hour
Senior Software Engineer	\$162.00/hour
Business Analyst	\$132.00/hour

E. Contract Labor

From time to time, Amec Foster Wheeler retains outside Professional and Technical labor on a temporary basis to meet peak workload demands. Such contract labor will be charged at 10% markup.

II. Expenses

A. Travel Expenses

1. Transportation: Company pickup truck/personal vehicle, per mile – current allowable rate per County and Florida State Statutes
 - a. Company pickup truck per day - \$75.00
 - b. Common carrier or car rental multiplies by (to be the amounts authorized by Section 112.062, Florida Statutes
2. Per Diem Expenses: direct expenses in accordance with Florida State Statutes

B. Disposal of Hazardous Waste Samples

Samples of waste will be disposed by permitted methods after a determination is made that the waste is defined by RCRA to be hazardous. Due to the requirements for some hazardous assessments, disposal and invoicing of incurred expenses may take place after invoicing of the originally contracted work.

C. Equipment / Other Expenses

(Does not include personnel)

Digital Field Documentation Equipment (cameras, water level & measuring tape, GPS units, etc.)	\$75.00/day (min 2 days)
Geophysical Equipment (GPR Equipment)	\$1,000.00/day (min 2 days)
Underwater Camera Equipment/Video up to 50 feet depth and low turbidity	\$1,900.00/day
Environmental Monitoring & Sampling Equipment (dust, OVA, Air monitoring, Noise Meter, Light Meter)	\$100.00 to \$450.00/day Depending upon the equipment and scale required
Special equipment or supplies, permits, shipping charges, special printing or other items not customarily provided by Amec	Actual cost x 1.15

D. Communications

In-house costs for long distance phone, telex, telecopier, postage – project labor charges x 5%

III. Subcontract

Subcontract services will be invoiced at a cost multiplied by 1.15

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: Sustainability /Projects

Bulk Item: Yes No

Staff Contact /Phone #: Rhonda Haag, 453-8774

AGENDA ITEM WORDING: Approval of Amendment No. 8 to the Contract for *Engineering, Design and Permitting Services of the Demonstration Projects*, with AMEC Foster Wheeler Environment and Infrastructure, Inc. to provide Additional Assessment, Procurement, Access Coordination and Permitting services for a demonstration project for In Situ Muck Aeration at Canals #59, #48, #79 and #80 in Key Largo, Monroe County, Florida in an amount not to exceed \$99,596.10.

ITEM BACKGROUND: The Canal #59 *In-place muck aeration installation* project is designed to evaluate the cost and effectiveness of utilizing an *in situ aeration technology* which introduces oxygen to stimulate bacteria and other organisms to degrade the accumulated muck. The presence of the muck has depleted the dissolved oxygen levels in the canal waters and the removal of the muck and addition of oxygen will help to restore the canal waters to State Department of Environmental Protection Dissolved Oxygen standards. Canal #59 in Key Largo on was selected utilizing the *Canal Management Master Plan* ranking criteria. Three additional canals are included for optional permitting and construction of the technology for potential cost savings by performing multiple projects concurrently or to award projects to different vendors. These additional canals include Canal #48 adjacent to Sound Drive, Canal #79 adjacent to Mockingbird Road and Canal #80 between Mockingbird and Heron Roads. All of these canals are among the worst as to water quality in the entire County.

The traditional methods of reducing the amount of accumulated muck require the removal of the material and are expensive and disruptive of the use of the canal. The County wants to test alternative methods that may be cheaper for the muck removal process. This project(s) will provide valuable new information to the demonstration canal program.

Design, procurement, and access agreement coordination are required in order to obtain proposals from qualified vendors, which AMEC is providing for an amount not to exceed \$54,314.30. The amendment also includes the option to provide permitting services for 1-4 of these same canals at a total cost not to exceed \$45,281.80. The County will decide how many canals to permit after opening of the vendor proposals. The total Amendment No. 8, cost including the optional permitting scope, is not to exceed \$99,596.10.

PREVIOUS RELEVANT BOCC ACTION:

- 12-11-13: Approval to advertise an RFQ for the design and permitting of the canal demo projects.
- 02-19-14: Approval to negotiate a contract for the design and permitting of the canal demo projects.
- 05-21-14: Approval of contract with AMEC for design, permitting, field assessment tasks including bathymetric surveys, mangrove assessment, tidal studies for hydraulic modeling and geotechnical studies; project management and engineering support during construction for six (6) of the seven (7) demonstration canals in unincorporated Monroe County. The Eden Pines "Pumping" project was not yet included.
- 9-17-14: Approval of a Grant Agreement S-0723 from the Florida Department of Environmental Protection (FDEP) for funding of services for engineering construction support services and the installation of a culvert on Canal #472 Geiger Key that is the 3rd ranked canal demonstration project

in the Canal Management Master Plan for culvert installation. The project will be funded up to \$100,000 in funds provided by FDEP, the County will fund the remainder.

- 9-17-14: Approval of Amendment No 1 to provide additional services related to engineering support during construction for the 3rd ranked culvert demonstration project at Canal #472 Geiger Key as funded under DEP grant S-0723.
- 2-18-15: Approval of Amendment No. 2 to change the company name from AMEC Environment & Infrastructure, Inc. to Amec Foster Wheeler Environment & Infrastructure, Inc. and add the subcontractor 'Davis Environmental Solutions'
- 5-20-15: Approval of Amendment No. 3 to extend the contract expiration date from June 30, 2015 to December 31, 2015 at no additional cost to the County.
- 7-15-15: Approval of Scribner error correction to Amendment No. 3.
- 7-15-15: Approval of Amendment No. 4 to provide additional funds for Construction Administration and Construction Engineering Inspection Services for the Organic Removal project at Canal #266 in Big Pine, and add overall project management services from July 16, 2015 through December 31, 2015.
- 10-21-15: Approval of Amendment No. 5 to increase the scope of services at Canal #290 in the Avenues in Big Pine Key for additional budget for Construction Administration and Construction Engineering Inspection services.
- 12-09-15: Approval of Amendment #6 for an extension of project schedule, update of travel rates, and reallocation of existing funds between project tasks.
- 1-20-15: Approval of revised Amendment #6 which included missing Exhibits.

CONTRACT/CONTRACT CHANGES: Additional Engineering Services related to four new Canal Restoration Demonstration Projects including: Additional Assessment, Design, Procurement, Access Coordination, and Permitting for a Canal Restoration Demonstration Project for *In Situ Muck Aeration* at Canals #59, #48, #79 and #80 in Key Largo, Monroe County, Florida. Permitting services are optional pending County decision to move forward with permitting and construction of 1-4 canals after review of contractor proposals.

AMENDMENT NO. 8
TO THE CONTRACT
FOR ENGINEERING, DESIGN AND PERMITTING SERVICES
FOR THE CANAL DEMONSTRATION PROJECTS

THIS AMENDMENT NO. 8, dated March 23, 2016, is entered into between the County and the CONSULTANT, to the Contract For *Engineering, Design And Permitting Services*, dated the 21st day of May, 2014, as amended September 17, 2014 (A1), February 18, 2015 (A2), May 20, 2015 (A3), July 15, 2015 (A4), October 21, 2015 (A5), January 20, 2016 (A6) and March 23, 2016 (A7), by and between Monroe County Board of County Commissioners, "COUNTY," and AMEC Foster Wheeler Environment & Infrastructure, Inc., "AMEC".

WITNESSETH:

WHEREAS, much work has been accomplished implementing five canal restoration demonstration projects, two of which included organic muck removal utilizing traditional dredging techniques; and

WHEREAS, although these traditional methods of organic muck removal appear to be successful they are expensive and disruptive to the use of the canal by the residents; and

WHEREAS, the COUNTY desires to test alternative methods that may be less expensive and intrusive for the muck removal process; and

WHEREAS, a demonstration project at Canal #59 Key Largo, plus 3 additional potential canals (Canal #48 Key Largo, Canal #79 Key Largo, and Canal #80 Key Largo) are planned as the next set of projects to be conducted as part of the Canal Restoration Demonstration Projects; and

WHEREAS, Canal #59, and up to three other potential canal projects, will be used to evaluate the cost and effectiveness of utilizing one or more varieties of an *in place aeration technology* which introduces oxygen and potentially bio bugs to stimulate bacteria and other organisms to degrade the accumulated muck; and

WHEREAS, additional sediment coring, surveying, equipment access coordination, and design services are required at each of the four optional canals (#59, #48, #79 and #80) to in order to prepare a Request for Proposal package; and

WHEREAS, AMEC Foster Wheeler shall complete the additional assessment, access coordination and procurement services for these four canals for *in-place muck aeration*.

WHEREAS, additional permitting services are also required for each canal if the County determines to proceed with construction; and

WHEREAS, AMEC Foster Wheeler shall complete the permitting services, pending notice by the County to proceed with permitting on one or up to all four of the canals after the canal restoration proposals have been received and evaluated by the County; and

WHEREAS, the final number of these projects selected to proceed with permitting and construction shall be based on the cost and quality of proposals received.

NOW, THEREFORE, in consideration of mutual promises, covenants and contracts stated herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, COUNTY and AMEC agree as follows:

1. This AMENDMENT NO. 8 is effective on the 23rd day of March, 2016 and shall extend through December 31, 2016.

2. AMEC will provide the scope of services as specified in Exhibit "A-8" attached and made a part of this AMENDMENT No. 8. The minimum services will include additional assessment, access coordination and procurement services by AMEC at Canals #59, #48, #79 and #80. The optional services will include permitting services for Canals #59, #48, #79 and #80.

3A. This AMENDMENT No. 8 provides an amount not to exceed Fifty Four Thousand Three Hundred Fourteen Dollars and Thirty Cents (**\$54,314.30**) to provide Additional Assessment, Access Coordination and Procurement Services related to the *In-Place Muck Aeration* demonstration project for Canals #59, #48, #79 and #80 in Key Largo, Monroe County, Florida.

3B. This AMENDMENT No. 8 also provides an additional amount not to exceed Forty Five Thousand Two Hundred Eighty One Dollars and Eighty Cents (**\$45,281.80**) for AMEC to provide Permitting Services related to the *In-Place Muck Aeration* demonstration project as follows:

- Canal #59 \$19,546.00
- Canal #48 \$8,578.60
- Canal #79 \$8,578.60
- Canal #80 \$8,578.60.

The County, at its option, may choose to award permitting services for none, or any one, two, three or four of the referenced canals.

The overall CONTRACT value is increased from Eight Hundred Sixty Two Thousand Four Hundred Thirty Nine Dollars and Thirty Four Cents (\$862,439.34) to an amount not to exceed Nine Hundred Sixty Two Thousand Thirty Five Dollars and Forty Four Cents (**\$962,035.44.**)

THE REMAINDER OF THIS PAGE PURPOSELY LEFT BLANK

IN WITNESS WHEREOF, each party caused this AMENDMENT NO. 8 to be executed by its duly authorized representative on the day and year first above written.

EXHIBIT A-8
AMEC FOSTER WHEELER'S SCOPE OF SERVICES

Part I. Mandatory Services: Additional Assessment, Assistance with Procurement, and Access Coordination Services for Canal Restoration Demonstration Projects for In Situ Muck Aeration at Canal #59 in Key Largo, Canal #48 Key Largo, Canal #79 Key Largo, and Canal #80 Key Largo, Monroe County, Florida

1) Scope of Work:

AMEC Foster Wheeler assisted the County in selecting four canal sites for implementation of the alternative canal restoration technology of *In Situ Muck Aeration*. Canal #59 in Key Largo located between Waterways and Harbor Drives was selected as the top canal. Three other canals were also selected that will have information included in the County's Request for Proposal package. These canals are:

- Canal #48 Key Largo located adjacent to Sound Drive
- Canal #79 Key Largo located adjacent to Mockingbird Road
- Canal #80 Key Largo located between Mockingbird and Heron Roads.

The canals were selected utilizing the following criteria:

- *Canal Management Master Plan* canal ranking criteria of *Poor* Water Quality
- One of the highest priority *Poor* canals needing restoration
- No identified major permitting issues with the site location
- Presence of an area for potential staging area use
- Small size to minimize cost.

AMEC shall prepare a Request for Proposal which includes the following Tasks 1 and 2 for all four canals:

Task 1: Site Conditions Survey and Staging/Equipment Area Coordination For Canals #59, #48, #79 and #80

Site Conditions Survey

This initial task consists of a site visit to verify the aerial photo and *Canal Management Master Plan* database information including site access, potential staging area conditions, and other site logistical and permitting items. A site sketch and site photographs will be obtained for each canal.

Additionally, a bathymetric and topographic survey will be performed of each canal area and proposed staging area within the project boundary. The bathymetric survey will be carried out utilizing a survey-grade GPS unit operating in Real Time Kinematic (RTK) mode mounted atop an adjustable height rod. This apparatus will be used in a boat to traverse the canal area as best as possible to establish a grid of canal bottom elevations and sediment thickness sufficient to develop a digital elevation model. The topographic data will be acquired using traditional survey methodologies. Existing utilities, private property, and any other significant structure within the project boundary will be included. Jurisdictional wetland lines and associated water elevations will be determined as required for permitting. The survey and all subsequent work will be relative to the North American Datum of 1983/2007 Adjustment (NAD83/07) and the North American Vertical Datum of 1988 (NAVD88) based on nearby National Geodetic Survey (NOS) and/or

Florida Department of Transportation (FOOT) horizontal and vertical geodetic control monuments.

Property Owner Notification and Approval for Staging/Equipment Area Use

AMEC Foster Wheeler will prepare and distribute via certified mail a notification letter to all property owners on the four canals discussing the proposed restoration and attend one (1) neighborhood public meeting to discuss the proposed project.

Contact will be made with select property owner(s) for initial determination of approval for staging area use/equipment placement. If verbal approval for staging/equipment area use is obtained, an access agreement/easement will be prepared for approval by Monroe County and signatures will be obtained from the property owner. If an approved staging area access agreement cannot be obtained at any canal then Monroe County will be presented with additional alternative canals.

Task 2: Procurement of Construction Contractor including Canal #59, #48, #79 and #80

AMEC Foster Wheeler will complete the following tasks related to procurement of a construction contractor for the in-place muck aeration project with the option to include a supplemental technology such as use of microbes:

- Prepare a draft Request for Proposal package for solicitation of proposals which will include a technical scope for each canal, proposal requirements, selection criteria, and draft contract.
- Respond to applicable Proposers' RFI's and assist in the preparation of Addenda, including making revisions to the Proposal Bidding Documents, as required.
- Attend a Pre-Proposal Conference and site walk-through and assist in preparation of meeting minutes
- Conduct a Responsibility Review of the Proposals
- Consult with and provide technical support and assistance to the County as required.

2. Deliverables:

Task 1: Site conditions Summary, Bathymetric and Staging Area Topographic Survey, Staging Area Access Agreements.

Task 2: A final Request for Proposal package, addendums as required, and an evaluation checklist of the received proposals.

3. Budget Task 1 and 2 for Four Canals: \$ 54,314.30

A cost spreadsheet providing the labor and expenses by task is attached. Additional staff may be utilized on these projects, as needed, per the Contract Schedule of Values also attached.

4. Completion Date: December 31, 2016

Part II Optional Services. At the County's option and direction, AMEC will proceed with Permitting Services for any one or combination of Canal #59 in Key Largo, Canal #48 Key Largo, Canal #79 Key Largo, and Canal #80 Key Largo, Monroe County, Florida

Optional work of permitting the canal sites as detailed in Task 3 may be approved by the County after review of the in-situ aeration proposals and a County decision to move forward with construction on one or more of the canals.

Task 3: Permitting

Permit Design Plans

AMEC Foster Wheeler will review the selected in-situ aeration contractor's design plans and prepare a preliminary design package that can be utilized for permitting. The preliminary design plans will include an existing site plan, proposed site plan, erosion and sediment control plans, and construction details.

AMEC Foster Wheeler will coordinate and hold pre-application permitting meetings with the South Florida Water Management District (SFWMD), USACE, Florida Keys National Marine Sanctuary (FKNMS) and Monroe County using the preliminary design plans.

Permit Applications

AMEC Foster Wheeler will incorporate comments received during the pre-application meetings to complete and submit local, state, and federal permit applications as required, using the final design plans. Permit applications will be submitted to the following agencies:

- SFWMD
- USACE
- FKNMS
- Monroe County.

AMEC Foster Wheeler will respond to up to two Requests for Additional Information (RAI) for each permit application. If there is a major permitting issue related to the Contractors supplemental technology that requires more extensive additional information responses, Monroe County will be contacted to determine how to proceed. Monroe County will pay the required permit application and permit fees, except for those from Monroe Counties.

Final Design

AMEC Foster Wheeler will incorporate any required agency comments into a final design plan set to be utilized by the contractor for construction.

A scope and cost estimate for Construction Administration and Construction Engineering are not included as they cannot be determined until a design is selected and a Contractor's construction schedule is known.

2. Deliverables:

Task 3: Final design plans and permits from the SFWMD, USACE, FKNMS, and Monroe County Building Department.

3. Budget: Task 3

If only one canal approved (assume it is Canal #59): \$19,546.00

Canal #48: \$8,578.60

Canal #79: \$8,578.60

Canal #80: \$8,578.60

TOTAL TASK 3 ALL FOUR CANALS NOT TO EXCEED: \$45,281.80

The attached spreadsheet provides the labor and expenses by task 3. Additional staff may be utilized on these projects, as needed, per the Contract Schedule of Values also attached.

4. Completion Date: December 31, 2016

**Amec Foster Wheeler Environment & Infrastructure, Inc.
2015 Revised Schedule of Values**

I. Personnel

A. Professional (Engineer, Geologist, Scientist and Project Management)

Staff I	\$71.00/hour
Staff II	\$77.00/hour
Project	\$86.00/hour
Senior	\$109.00/hour
Principal/Project Manager	\$155.00/hour
Senior Principal/Senior Project Manager	\$159.00/hour
Chief Engineer/Scientist	\$194.00/hour

B. Technical Services (Engineering and Science)

Technician I	\$45.00/hour
Technician II	\$55.00/hour
Senior Technician I	\$60.00/hour
Senior Technician II	\$70.00/hour
Project Administrator/Project Coordinator/Subcontract Administrator/Project Accountant	\$75.00/hour
Technical Writer/Document Production	\$ 78.00/hour
CADD/Draftsperson (includes PC/CAD) I	\$66.00/hour
CADD/Draftsperson (includes PC/CAD) II	\$101.00/hour
Admin I	\$40.00/hour
Admin II	\$52.00/hour

C. Surveying Services

Field Surveyor I	\$43.00/hour
Field Surveyor II	\$47.00/hour
Survey Technician I	\$67.00/hour
Survey Technician II	\$72.00/hour
Survey Chief	\$75.00/hour

D. Information Management

Software Engineer	\$92.00/hour
Data Technician	\$132.00/hour
Senior Software Engineer	\$162.00/hour
Business Analyst	\$132.00/hour

E. Contract Labor

From time to time, Amec Foster Wheeler retains outside Professional and Technical labor on a temporary basis to meet peak workload demands. Such contract labor will be charged at 10% markup.

II. Expenses

A. Travel Expenses

1. Transportation: Company pickup truck/personal vehicle, per mile – current allowable rate per County and Florida State Statutes
 - a. Company pickup truck per day - \$75.00
 - b. Common carrier or car rental multiplies by (to be the amounts authorized by Section 112.062, Florida Statutes
2. Per Diem Expenses: direct expenses in accordance with Florida State Statutes

B. Disposal of Hazardous Waste Samples

Samples of waste will be disposed by permitted methods after a determination is made that the waste is defined by RCRA to be hazardous. Due to the requirements for some hazardous assessments, disposal and invoicing of incurred expenses may take place after invoicing of the originally contracted work.

C. Equipment / Other Expenses

(Does not include personnel)

Digital Field Documentation Equipment (cameras, water level & measuring tape, GPS units, etc.)	\$75.00/day (min 2 days)
Geophysical Equipment (GPR Equipment)	\$1,000.00/day (min 2 days)
Underwater Camera Equipment/Video up to 50 feet depth and low turbidity	\$1,900.00/day
Environmental Monitoring & Sampling Equipment (dust, OVA, Air monitoring, Noise Meter, Light Meter)	\$100.00 to \$450.00/day Depending upon the equipment and scale required
Special equipment or supplies, permits, shipping charges, special printing or other items not customarily provided by Amec	Actual cost x 1.15

D. Communications

In-house costs for long distance phone, telex, telecopier, postage – project labor charges x 5%

III. Subcontract

Subcontract services will be invoiced at a cost multiplied by 1.15

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: County Administrator

Bulk Item: No X

Staff Contact : Rhonda Haag, (453-8774)

AGENDA ITEM WORDING: Approval to enter into yard waste processing agreement with Energy 3, LLC, for the County's Yard Waste to be processed at a gasification facility at a rate of \$67.20 per ton.

ITEM BACKGROUND: The proposed contract follows the BOCC guidance and requires Energy 3 LLC to have a gasification plant in operation within 30 months of contract execution. In meeting the no-risk direction required by the BOCC, the rate of \$67.20 will automatically begin on the earlier of 1) September 23, 2018, i.e. 30th month after the effective date of this agreement, *regardless of whether the Gasification Facility is fully operational* or 2) the date of the Commercial Operation Date of the Gasification Facility if that occurs prior to the 30 month Commercial Operation Deadline. There follows a 15 year term from the startup of the gasification plant through contract termination. A five year extension option is included.

Estimated contract costs are \$24 Million. This represents estimated savings of **\$246,000/year** when compared to the current composting operation, for an **estimated savings of \$3.69 Million** over 15 years. The contract requires that **recycle rates meet or exceed 75%** for yard waste

Background:

- In June 2014, the County issued a Request for Proposals (RFP) for the services of an experienced contractor to process the County's yard waste. The Board's direction was to meet the combined goals of a highly sustainable approach, high quality of services, at the most cost-effective price.
- In September 2014, Energy3, LLC, submitted a proposal and was the highest ranked respondent, offered a state of the art gasification method, 100% private financing, backed by an insurance company, at a rate more than 20% below what the County was currently contracted to pay for haul out services. Energy3's proposal included an interim processing rate of \$79.50 for composting services and a long term rate of \$67.20 for gasification services.
- On December 15, 2014, the *Monroe County Climate Change Advisory Committee (CCAC)* passed a resolution in support of the gasification concept and requested that the County follow the original recommendations for yard waste processing in the County's RFP. BOCC directed staff to expedite a contract for the interim processing of the yard waste. On February 18, 2015, the interim contract was approved and on May 18th, 2015 Energy 3 began processing the County's yard waste.
- On January 20, 2016, after a presentation by Energy 3 and a due diligence update by staff and HDR, BOCC directed staff to prepare a no-risk gasification feedstock agreement. Counsel, public works and sustainability staff worked together to negotiate a no-risk feedstock agreement, with assistance from HDR.
- At this March 23, 2015 meeting a long-term no-risk feedstock agreement is presented. It includes yard waste haul out services from the County's 3 Transfer Stations and yard waste gasification services out of the County. Funding for years 1-15 (year 1 begins after the Commercial Operating Date of the gasification facility) of the Agreement are estimated as follows:

	<i>Year 1</i>	<i>Year 2</i>	<i>Year 3</i>	<i>Year 4</i>	<i>Year 5</i>	<i>Year 6</i>	<i>Year 7</i>
Yard Waste Haul out	\$ 1,344,000	\$ 1,377,600	\$1,412,040	\$1,447,341	\$1,483,525	\$1,520,613	\$ 1,558,628
Cumulative	\$1,344,000	\$2,721,600	\$4,133,640	\$5,580,981	\$7,064,506	\$8,585,118	\$10,143,746

Year 8	Year 9	Year 10	Year 11	Year 12	Year 13	Year 14	Year 15
\$1,597,594	\$1,637,533	\$1,678,472	\$1,720,434	\$1,763,444	\$1,807,531	\$1,852,719	\$ 1,899,037
11,741,340	13,378,873	15,057,345	16,777,779	18,541,223	20,348,754	\$ 22,201,473	\$ 24,100,509

These numbers represent estimated numbers only, and are based on estimated quantities of materials and maximum allowed periodic CPI increases of 2.5%. Actual numbers are expected to vary.

- March 16, 2016: CCAC submitted a letter of support reaffirming the committee's unanimous support for adoption of the Energy 3 gasification project.

PREVIOUS RELEVANT BOCC ACTION:

- 2-19-14: Presented options for yard waste incineration demonstration. BOCC directed staff to proceed with RFP for processing of yard waste.
- 5-21-14: Presented CCAC recommendations as to evaluation criteria for the RFP.
- 06-11-14: Approval to issue a Request For Proposals for processing of the County yard waste.
- 10-17-14: Approval to conduct further research and enter into negotiations with Energy 3 for a proposed gasification project.
- 12-10-14: Update on research of gasification technology and Energy3. BOCC directed staff to expedite a contract for the interim processing of the yard waste.
- 02-18-15: Approval of an interim yard waste processing contract, to allow continuation of the due diligence process
- 10-17-15: Brief update of status of the work being performed under the interim contract and ongoing gasification project negotiations.
- 01-20-16: Presentation on progress status by Energy 3, and staff update on the technical and financial due diligence process for Energy 3 gasification facility project. BOCC directed staff to prepare a no-risk contract.

MOST IMPORTANT CONTRACT/AGREEMENT CLAUSES:

Contract terms and conditions which are beneficial to the County:

- a) Reduction in Rate: A favorable rate of \$67.20/ton for the approximately 20,000 tons of yard waste, 20% below what the County was paying and \$12.30/ton below the \$79.50/ton rate the County is paying under the Interim Agreement.
- b) No Risk to the County: The rate of \$67.20 will automatically begin on the earlier of 1) September 23, 2018, i.e. 30 months after the effective date of this agreement, regardless of whether the Gasification Facility is fully operational or 2) the date of the Commercial Operation Date of the Gasification Facility if that occurs prior to the 30 month Commercial Operation Deadline.
- c) CPI Cap: A maximum cap on CPI increases of 2.5% annually.
- d) No Fuel Adjustment. No fuel adjustment allowance in any year.
- e) The Contractor will be responsible for the design, permitting, and construction of the Gasification Plant.
- f) No Minimum amount of Yard Waste: The County is not obligated to provide a minimal amount of Yard Waste under the term of this Agreement.
- g) 75% Recycling Rate: The Contract provides for a recycling rate of 75% or greater be maintained for processing the County's Yard Waste throughout the term of the agreement.
- h) Potential Rate Reductions: Provides for potential rate reductions after the first three full Contract Years, if the County delivers more than 30,000 tons of waste and if Contractors cumulative net income rate of return is in excess of 17%.

March 7, 2016

Monroe County Board of County Commissioners
c/o Mr. Roman Gastesi, County Administrator

Dear Monroe County Board of County Commissioners:

On behalf of the members of the Climate Change Advisory Committee (CCAC), I would like to thank you for taking progressive actions to address climate change issues. We all are appreciative of the opportunity you have provided each of us to assist you in this important endeavor.

We are submitting this letter to reaffirm the committee's unanimous support for adoption of the Energy-3 project.

On February 18th, 2015 the CCAC put forward a resolution recommending that the Monroe County Board of County Commissioners move forward with gasification for long term processing of yard waste. The CCAC reviewed the gasification technology and found it to be consistent with the Monroe County Climate Action Plan. The CCAC recommended that the BOCC ensures that the project will be scalable to address future waste streams including recycling and waste from storm events. Furthermore, The CCAC recommended the annual reporting of byproducts and emissions generated by the process.

We want to applaud the vision of this board to seek alternative waste disposal methods and we urge approval of the E-3 contract to move this project forward.
Again, thank you for your ongoing support.

Sincerely,

A handwritten signature in blue ink, appearing to be 'R. Glazer', written over a faint circular stamp.

Robert Glazer
Chair, Climate Change Advisory Committee

**WASTE SUPPLY AND
PROCESSING AGREEMENT**

This Waste Supply and Processing Agreement is entered into and effective the 23d day of March, 2016 (“Effective Date”) by and between Monroe County, a political subdivision of the State of Florida whose address is 1100 Simonton Street, Key West, FL 33040 (as defined below, “County”) through the Monroe County Board of County Commissioners and Energy3, LLC, a Delaware limited liability company, whose corporate address is 1997 Annapolis Exchange Parkway, Suite 300, Annapolis, MD 21401 (as defined below, “Contractor”).

RECITALS

WHEREAS, County collects Yard Waste and other waste materials from residents, businesses and government properties within the County; and

WHEREAS, County and Contractor are party to an Interim Yard Waste Processing Service Agreement dated February 18, 2015 pursuant to which Contractor receives Yard Waste from County and transports and processes such Yard Waste (the “Interim Agreement”). The Interim Agreement has a term of thirty (30) months, subject to extension by the Parties, and is scheduled to expire November 18, 2017; and

WHEREAS, Contractor at its sole cost intends to develop and install a waste gasification facility (the “Facility”) at a location outside Monroe County which will be used to process the County’s Yard Waste; and

WHEREAS, the County’s only principal obligations under this agreement are to supply all of its residential Yard Waste to the Contractor and pay for services as set forth in this Agreement. The Parties agree that the County shall bear no financial responsibility for development or installation of the Facility and all permitting and other services needed for development and installation of the Facility will be solely the responsibility of the Contractor; and

WHEREAS, County and Contractor wish to enter into this Agreement for delivery of Yard Waste and other waste materials as agreed to by the Parties for Contractor to process.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements set forth below, and for other good and valuable consideration, the adequacy and receipt of which are hereby acknowledged, County and Contractor agree as follows.

AGREEMENT

ARTICLE 1 – DEFINITIONS; INTERPRETATION

1.1 **Definitions.** Capitalized terms used in this Agreement shall have the meanings given to them in this Section, unless otherwise expressly defined herein.

1.1.1 **Acceptable Waste.** Yard Waste and Canal Waste. Other types of wastes may be added as agreed to by the Contractor and the County as acceptable for processing by the Contractor at the Facility and meeting the applicable specifications of Exhibit F.

1.1.2 **Acceptance or Accept.** The receipt of physical custody by Contractor of Acceptable Waste delivered by County at the applicable Point of Delivery.

1.1.3 **Additional Performance Data.** The additional performance data described in Exhibit I to this Agreement.

1.1.4 **Administrator.** The administrator of the Solid Waste Department of the County or any other Person designated by County to perform similar responsibilities.

1.1.5 **Affiliate.** Means any person, corporation or other entity directly or indirectly controlling or controlled by another person, corporation or other entity or under direct or indirect common control with such person, corporation or other entity.

1.1.6 **Agreement.** This written document and all exhibits, attachments, and amendments hereto between County and Contractor, as it may be amended in accordance with its terms.

1.1.7 **Applicable Law.** Any law, rule, code, standard, regulation, requirement, policy, consent decree, consent order, consent agreement, permit, guideline, action, determination or order of, or legal entitlement issued by any Governmental Authority having jurisdiction or the requirements of any professional or industry organization or society in an applicable discipline which have been codified or incorporated by a Governmental Authority, applicable from time to time to any activities associated with the subject matter of this Agreement, including but not limited to design, construction, permitting and operation of the Facility or any other transaction or matter contemplated or services required under this Agreement, (including any of the foregoing which concern health, safety, fire environmental protection, labor relations, mitigation monitoring plans, building codes, non-discrimination and the payment of prevailing wages). Applicable Law shall include Environmental Laws.

1.1.8 **Approved Product.** Any substance resulting from the processing of the Acceptable Waste and approved by County, including, but not limited to, all substances listed in Exhibit D.

1.1.9 **Back-Up Facility.** A facility other than the Facility capable of processing Acceptable Waste by composting, anaerobic digestion or other approved means, which shall not include a landfill or incinerator, and which is first approved by the County. To be approved, the Back-Up Facility shall produce substantially the same type and amount of Recycling Credits as the Facility.

1.1.10 **Biological Waste.** Any substance that causes or has the capability of causing disease or infection and which includes biomedical waste, diseased or dead animals, and other wastes capable of transmitting pathogens to humans or animals, including, but not limited to, substances regulated pursuant to the U. S. Solid Waste

Act, as amended by the Medical Waste Tracking Act of 1988, and related regulations at 40 C.F.R. parts 22 and 259, and Fla. Stat. Section 381.0098 and related regulations at F. A. C. Section 64E-16, and any similar federal, state or local laws.

1.1.11 **Biomass.** Trees, tree parts (including limbs, tops, branches, bark and stumps), woody residues, untreated lumber and wood scraps, sawdust, sanderdust, chips, millings, shavings, silvicultural materials such as logging residues or slash and overhead prunings and other plant matter or woody materials.

1.1.12 **BOCC.** Monroe County Board of County Commissioners.

1.1.13 **Business Day.** Any day other than a Saturday or Sunday on which banks in Florida are open for business.

1.1.14 **C & D Waste.** Waste from construction and demolition of buildings and other improvements and meeting the specifications of Exhibit F.

1.1.15 **Canal Waste.** Biomass and other vegetative material dredged or collected from canals or other waterways in the County, dewatered and otherwise meeting the requirements set forth in Exhibit F.

1.1.16 **Change in Law.** Any of the following events or conditions which has a material and adverse effect on the performance by the Parties of their respective obligations under this Agreement (except for payment obligations): (i) the enactment, adoption, promulgation, issuance, modification or written change in administrative or judicial interpretation on or after the Commercial Operation Date of any federal, state or local law, regulation, rule, requirement, guideline, ruling or ordinance, unless such law, regulation, rule, requirement, ruling or ordinance was, on or prior to the Commercial Operation Date, proposed and published in the federal or Florida register; (ii) the order or judgment of any federal, state or local court, administrative agency or other Governmental Authority, on or after the Commercial Operation Date, to the extent such order or judgment is not the result of willful or negligent action, error or omission or lack of reasonable diligence of the Contractor or of the County, whichever is asserting the occurrence of a Change in Law; (iii) the denial of an application for, delay in the review, issuance or renewal of, or suspension, termination, interruption, imposition of a term, condition or requirement which is more stringent or burdensome than prior precedent or practice in connection with the issuance, renewal or failure of issuance or renewal on or after the Commercial Operation Date of any Legal Entitlement to the extent that such denial, delay, suspension, termination, interruption or imposition materially and adversely affects the performance of this Agreement, if and to the extent that such denial, delay, suspension, termination, interruption or imposition is not the result of willful or negligent action, error or omission or a lack of reasonable diligence of the Contractor or of the County, whichever is asserting the occurrence of a Change in Law.

A "Change in Law" shall not include (1) a change in any Applicable Law pertaining to taxes, (2) a change in the law of any foreign country, (3) any change in law

(including the issuance of any Legal Entitlement, the enactment of any statute, or the promulgation of any regulation) the terms and conditions of which do not impose more stringent or burdensome requirements on the Facility or the Contractor than those set forth in the obligations contained herein, or (4) any change in interpretation, however stringent, by the DEP of the meaning of the terms and conditions of any applicable Legal Entitlement issued by the DEP and in force as of the Commercial Operation Date.

Only a change in law which renders the Contractor's performance under the contract impossible as described in Section 15.1 shall excuse the Contractor from performance under the terms of this Agreement.

1.1.17 **Commercial Operation Date.** The date on which the Facility becomes fully operational for the purposes of processing Yard Waste. For purposes of this Agreement, the Commercial Operation Date shall occur when all of the following, enumerated items have been satisfied (i) the Facility has received all Legal Entitlements necessary for it to Process the Yard Waste in accordance with this Agreement; (ii) the Facility is installed (subject to punch list items, which are only nonmaterial items of construction of the Facility) and can demonstrate that it can process Yard Waste and other wastes associated with no less than 90% of its design capacity; (iii) the Facility has satisfactorily completed commissioning and performance testing in accordance with the requirements of the equipment supply agreements for the RODECS® processing equipment and electric generators, the engineering, procurement and construction/general contract, and the requirements of any engineer representing the Financiers or related warranty provider and any Additional Performance Data are provided; (iv) Contractor has secured an obligation through a contract or under Applicable Laws for the purchase of all of the excess electric energy generated at the Facility ("Power Purchase Agreement") for a period of time not less than five years from the Commercial Operation Date; (v) Contractor has provided written notice to County of the satisfaction of these requirements and copies of any commissioning or testing certificates; and (vi) County confirms the Commercial Operation Date in writing. County shall have twenty (20) Business Days to review Contractor's written notice and related documentation for compliance with this Agreement and to issue a notice accepting Contractor's designation of the proposed Commercial Operation Date; County shall not unreasonably withhold, delay, or condition its confirmation, and failure of the County to provide a written response either approving or disapproving the Contractor's designation of the Commercial Operations Date within the twenty (20) Business Day period shall be deemed an acceptance of the Contractor's designated Commercial Operation Date. If the County disagrees with Contractor's designation, County shall provide written notice of the reasons for its disagreement within the twenty (20) Business Day period. A good faith dispute between the Parties as to whether Commercial Operation has occurred, which extends beyond the COD Deadline (as defined in Section 2.4(a)), shall not, in and of itself, constitute a failure by Contractor to achieve the COD Deadline, as long as Contractor (i) Processes the Yard Waste at the Facility or a Back-up Facility and the Facility or Back-up Facility is producing Recycling Credits

for Yard Waste being Processed of 75% or greater and (ii) the Contract Price is adjusted as set forth in Section 3.1.1 commencing on the date that is 30 months after the Effective Date.

The Parties agree that the Commercial Operation Date shall be reached within 30 months of execution of this Agreement, unless extended for Uncontrollable Circumstances or by agreement of the Parties pursuant to Section 2.4(c).

1.1.18 **Contract Year.** A period of time one calendar year in length and commencing on October 1, except the first Contract Year and last Contract Year may be a partial calendar year depending upon the Commercial Operation Date.

1.1.19 **Contractor.** Energy3, LLC, a Delaware limited liability company, and its successors and permitted assignees.

1.1.20 **County.** Monroe County, a political subdivision of the State of Florida, and its successors and permitted assignees.

1.1.21 **County Representative.** The Person who is designated by the Administrator to administer and monitor Contractor's performance under this Agreement.

1.1.22 **Delivery or Deliver.** The physical delivery by the County or its vendors or agents of Acceptable Waste to the Point of Delivery and Contractor's Acceptance of such Acceptable Waste.

1.1.23 **DEP.** The Florida Department of Environmental Protection and any successor agency.

1.1.24 **Disposal.** The final disposition of Residue by the Contractor, at the Contractor's sole expense.

1.1.25 **Electronic Waste.** Computer components such as monitors, keyboards, drives and similar parts, televisions, and other consumer electronic waste as specified in Exhibit F.

1.1.26 **Encumbrance.** Any lien, mortgage, deed of trust, claim, caption, right to purchase, use or possession, right of first offer or first refusal, lease, easement, right-of-way, license, reservation, change, pledge, security, interest, hypothecation, assignment, restriction or other encumbrance of any kind or nature whatsoever, whether voluntary or involuntary, including any agreement to give any of the foregoing, any conditional sale or other title retention agreement.

1.1.27 **Environmental Attributes.** All current and future attributes of an environmental or other nature (i) that are created or otherwise arise from the Facility's generation of energy or fuels using any Acceptable Waste, or the product of Acceptable Waste, as a source of energy or fuels, either in its own right or by displacement of or contrast to generation of energy or fuels using other sources or

fuels, including but not limited to, tags, certificates, or similar products or rights associated with “green” or “renewable” energy resources, or (ii) that are intended to provide a means of complying with any environmental, pollution reduction, or pollution mitigation statute, regulation, decree, judgment, order, program, agreement, compact, or treaty, whether known or unknown at the time of this Agreement, including allowances, certificates, emission credits, emission reduction credits, effluent discharge reduction credits, mitigation credits, and all other credits, offsets, green tags and all other tags, and all similar rights issued, recognized, created or otherwise arising from, the processing or disposal of Yard Waste or other Acceptable Waste by means other than incineration or landfill; the Facility; the use of Yard Waste or other Acceptable Waste as a fuel or source of fuel created from the Yard Waste or other Acceptable Waste; including all rights to report ownership of the Environmental Attributes to any person or entity under Section 1605(b) of the Energy Policy Act of 1992, Section 111 of the Clean Air Act, Section 165 of the Clean Air Act, any state law or regulatory program, or otherwise. Environmental Attributes include but shall not be limited to those that are created by regulations, statutes, or other governmental action or voluntary agreement enacted before, on, or after the Effective Date of this Agreement. Environmental Attributes include but shall not be limited to those that can be used to (1) claim responsibility for the reduction or offset of emissions or pollutants, (2) claim ownership of emission or pollutant reduction rights, and (3) claim reduction or avoidance of emissions or pollutants. Emissions and pollutants include, but are not limited to, acid rain precursors, carbon monoxide, chlorinated hydrocarbons, greenhouse gases including but not limited to carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride, mercury, metals, nitrogen oxides, nitrogen-oxygen compounds, ozone precursors, particulate matter, sulfur dioxide, toxic air pollutants, other carbon and sulfur compounds, and similar pollutants or contaminants of air, water or soil, as defined or regulated under any governmental, regulatory or voluntary program, including but not limited to any federal or state environmental law or regulation as it now exists or as it may be amended, the Montreal Protocol on Substances that Deplete the Ozone Layer, and the United Nations Framework Convention on Climate Change and related Kyoto Protocol or other program, or any other international treaty or agreement relating to protection of public health or welfare, the environment, or natural resources. Notwithstanding, the requirements above, Recycling Credits issued by the State of Florida shall inure solely to the benefit of the County.

1.1.28 **Environmental Laws.** Any federal, state and local laws, including statutes, regulations, rulings, orders, administrative interpretations, and other governmental restrictions and requirements, relating to the production, handling, release, discharge, treatment or disposal of air pollutants, process waste water, Hazardous Substances, toxic substances or otherwise relating to the natural environmental or natural resources (including soil, land surface waters, ground water, ambient air, and plant and animal life), each as amended from time to time, including, but not limited to: (i) the Clean Air Act, as amended, 42 U.S.C. §§7401 et seq.; (ii) the Federal Water Pollution Control Act, as amended, 33 U.S.C. §§1251 et seq.; (iii) the Resource Conservation and Recovery Act of 1976, as amended, 42 U.S.C. §§6901 et seq.; (iv) the Comprehensive Environmental Response, Compensation, and

Liability Act of 1980, as amended, 15 U.S.C. §§2601 et seq.; (vi) Occupational Safety and Health Act of 1970; (vii) the Emergency Planning and Community Right-to-Know Act 42 U.S.C. §§11001 et seq.; (viii) the Superfund Amendment and Reauthorization Act; and (viii) any other similar applicable federal, state or local law.

1.1.29 **Environmental Liability.** Any costs, damages, liabilities, expenses, obligations or other responsibility under Environmental Laws including those arising from or relating to (i) any alleged violation of any Environmental Laws; (ii) fines, penalties, judgments, awards, settlements, damages, losses and investigative, remedial and inspection costs and expenses; (iii) financial responsibility for cleanup costs, corrective action, removal, remediation or other response actions; and (iv) and any other compliance, corrective or other remedial action necessary to comply with Environmental Laws.

1.1.30 **Facility.** The gasification facility to be designed, constructed and operated by Contractor or its Affiliates, including waste receiving and handling equipment, gasification chambers and equipment and related control equipment, synthetic gas piping and combustion equipment, pollution control and processing equipment, electrical generators and transmission facilities and related switches and safety equipment, and all other related or incidental facilities and improvements at the Facility Site.

1.1.31 **Facility Site.** The real property owned or controlled by Contractor on which the Facility is located, including any necessary access or transmission easements.

1.1.32 **Financier.** Any Person providing money or extending credit (including any capital lease, sale, or sale-leaseback) directly (or through one of its subsidiaries) to Contractor for (i) the construction, term or permanent financing of the Facility; or (ii) working capital or other ordinary business requirements of Contractor or the Facility. “Financier” shall not include common trade creditors of Contractor.

1.1.33 **Food Waste.** Scraps and residue from food preparation and consumption, including oils, greases and fats, meeting the specifications set forth in Exhibit F.

1.1.34 **Governmental Authority.** Any nation, government, state or other political subdivision thereof, whether foreign or domestic, including, without limitation, any municipality, township and county, and any entity exercising executive, legislative, judicial, regulatory, or administrative functions of or pertaining to government, including, without limitation, any corporation or any entity owned or controlled by any of the foregoing

1.1.35 **Interim Agreement.** The Interim Yard Waste Processing Agreement by and between the Parties dated February 18, 2015, as amended from time to time, the current version of which is attached herein as Exhibit H.

1.1.36 **Legal Entitlements or Permits.** All material permits, licenses, approvals, authorizations, consents, order, registration, and entitlements required under Applicable Law to be obtained or maintained with respect to Contractor's operation of the Facility, or for its performance of the other services set forth herein.

1.1.37 **MSW.** Municipal solid waste, including paper, plastics, metals, organics, and other materials generally found in residential and commercial garbage and waste, excluding the items and materials listed in Exhibit F.

1.1.38 **Organics.** Organic material including food scraps, food processing residue, vegetative materials and soiled or unrecyclable paper.

1.1.39 **Parties.** Contractor and County and their respective agents, authorized representatives, successors and permitted assignees.

1.1.40 **Party.** Either Contractor or County, and their respective agents, authorized representatives, successors and permitted assignees.

1.1.41 **Person.** Any individual, firm, company, association, organization, partnership, corporation, trust, Governmental Authority, limited liability company or other entity or organization.

1.1.42 **Point of Delivery.** The location at any Transfer Station or other site agreed to among the Parties for delivery of Acceptable Waste, at which Acceptable Waste is physically delivered to Contractor, and Contractor accepts title and risk of loss for such Acceptable Waste.

1.1.43 **Process or Processing.** The act of utilizing gasifying technology at the Facility to convert Acceptable Waste into Approved Products.

1.1.44 **Prohibited Material.** Any substance or material which (i) does not constitute Acceptable Waste; (ii) constitutes Atomic Waste, Biological Waste or Hazardous Waste; (iii) contains Hazardous Materials of a nature or in amounts that exceed permissible levels for handling, transport or processing by Contractor under any Environmental Laws; or (iv) the possession of which creates Environmental Liability.

For purposes of this Agreement:

Atomic Waste shall mean any special nuclear or radioactive material, by-product materials or other material, the acquisition, handling, use, transportation or disposal of which is specifically regulated under the Atomic Energy Act of 1954, as amended, 42 U.S.C. Sections 2011, et. seq. or other Environmental Laws.

Hazardous Substance shall mean collectively (i) any "hazardous substance" or "pollutant or contaminant" as defined in Sections 101(14) and 101(33) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Sec. 9601(4) & 9601(33); (ii) any element, compound, mixture, solution or substance

designated pursuant to Section 102 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9602; (iii) petroleum, including crude oil or any fraction thereof; (iv) any hazardous waste having the characteristics identified under or listed pursuant to the Solid Waste Disposal Act, as amended, 42 U.S.C. Sec. 6921 et seq.; (v) any material defined as “hazardous waste” pursuant to 40 C.F.R. Parts 260 or 261; (vi) any solid waste defined as “hazardous waste” under the Resource Conservation and Recovery Act, 42 U.S.C. Sections 6901, et seq.; (vii) any materials, substances, or wastes regulated under, and any imminently hazardous chemical substance or mixture for which the Administrator of the Environmental Protection Agency has taken action pursuant to Section 7 of, the Toxic Substances Control Act, 15 U.S.C. §2606 et seq.; (viii) Urea-formaldehyde Foam Insulation (ix) asbestos and asbestos containing materials (whether friable or non-friable); (x) any asbestos, polychlorinated biphenyl, radium or isomer of dioxin, or any material or thing containing or composed of such substance or substances; or (xi) any material now defined as “hazardous material” pursuant to 49 C.F.R. §171.8, (xii) any substances or material regulated by the Hazardous Materials Transportation Act, 49 U.S.C. §§136, et seq., the Federal Insecticide, Fungicide and Rodenticide Act, 7 U.S.C. §§ 136, et seq., or the Emergency Planning and Community Right-to-Know Act, 42 U.S.C. §§1001 et seq.; and (xiii) any material or substance defined as “hazardous waste” pursuant to Applicable Laws in Florida; in each case as amended, enforced or interpreted; provided, however, that any quantities of such materials in an amount equal to or less than the amount otherwise permitted by Applicable Law to be in wastes delivered to the Facility shall not constitute Hazardous Substances, and that arsenic or copper contained within Canal Waste delivered to Contractor for Processing shall not constitute Prohibited Materials.

1.1.45 **Recycling Credits.** Credits issued or acknowledged by the DEP toward County’s recycling obligations pursuant to Fla. Stat. Section 403.706 (2013), and related laws and implementing regulations of the DEP. “Recycling Credits” shall not include sales tax exemptions or incentives pursuant to F. A. C. Section 62-704 and related statutes and laws.

1.1.46 **Residue.** Ash, residue or other materials or substances remaining after Processing of Acceptable Waste which is not an Approved Product, which shall be disposed by the Contractor.

1.1.47 **Service Area.** At any time during the Term, the geographic area in which County collects residential Yard Waste or other applicable Acceptable Waste, as amended. The service area as of the Effective Date includes unincorporated Monroe County, the City of Marathon, the City of Key Colony, and the City of Layton. The County will employ its best efforts to continue to maintain this service area, but it is understood that the participation by any current City has the possibility of changing during the Term of this Agreement.

1.1.48 **Sewage Solids.** Sludge and other biological waste which has been treated at waste water treatment or other similar facilities in the County and which complies with all applicable requirements of the U.S. Environmental Protection Agency’s

sewage solids resource recovery criteria for materials set forth in 40 C.F.R. Part 503, as amended, and the other specifications set forth in Exhibit F.

1.1.49 **Station Operator.** Any Person who operates or manages any of the Transfer Stations for County.

1.1.50 **Third-Party Waste.** Acceptable Waste originating within the County and delivered to Contractor by a Person other than the County for Processing at the Facility.

1.1.51 **Transfer Stations.** The waste transfer facilities owned by County including the current facilities at Cudjoe Key, Long Key and Key Largo, and any additional locations as may be designated by County during the Term and acceptable to Contractor.

1.1.52 **Uncontrollable Circumstances.** An event or circumstances as described in Section 5.15.

1.1.53 **Yard Waste.** Horticultural waste, Biomass and other vegetative matter including but not limited to, materials such as tree and shrub trimmings and pruning, grass clippings, mulch, palm fronds, tree parts (including stumps, logs, branches, bark, tree trunks, tree limbs), brush, landscaping, or silvicultural materials (including logging or woody residues, slash, overhead prunings) wood, wood products (including untreated lumber and wood scraps, sawdust, sanderdust, chips, millings, shavings), and any other woody or plant material and otherwise meeting the specifications in Exhibit F.

1.2 **Interpretation.**

1.2.1 A reference to an exhibit, schedule, article, section or other provision shall be, unless otherwise specified, a reference to exhibits, schedules, articles, sections or other provisions of this Agreement, which exhibits and schedules are incorporated herein by reference.

1.2.2 Any reference in this Agreement to another agreement or document shall be construed as a reference to that other agreement or document as the same may have been, or may from time to time be, varied, amended, supplemented, substituted, novated, assigned or otherwise transferred.

1.2.3 Any reference in this Agreement to “this Agreement,” “herein,” “hereof” or “hereunder” shall be deemed to be a reference to this Agreement as a whole and not limited to the particular article, section, exhibit, schedule, or provision in which the relevant reference appears and to this Agreement as varied, amended, supplemented, substituted, novated, assigned or otherwise transferred from time to time in accordance with the terms of this Agreement.

1.2.4 References to any Person shall, where appropriate, include any successors, transferees and permitted assigns of such Person.

1.2.5 References to the term “includes” or “including” shall be deemed to mean “includes, without limitation” or “including, without limitation”.

1.2.6 Unless the context of this Agreement otherwise requires, (i) words of any gender include each other gender and (ii) words using the singular or plural number also include the plural or singular number, respectively.

1.2.7 Whenever this Agreement refers to a number of days, such number shall refer to calendar days unless Business Days are specified. In the event any action or payment is required to be made by either Party upon a day which is not a Business Day, such action or payment shall be deemed to fall due on the next following Business Day.

1.2.8 Unless the context otherwise requires, a reference to any Applicable Laws includes any amendment, modification or successor thereto.

1.2.9 In the event of a conflict between the body of this Agreement and any exhibit or schedule hereto, the body of this Agreement shall prevail.

1.2.10 Conflicts or discrepancies, errors or omissions in this Agreement or the various documents delivered in connection with this Agreement will not be strictly construed against the drafter; rather, they shall be resolved by applying the most reasonable interpretation under the circumstances, giving full consideration to the intentions of the Parties at the time of contracting.

ARTICLE 2 – TERM

2.1 **Term.** This Agreement shall be effective upon execution and delivery by authorized representatives of both Parties and shall continue for a period ending upon the earlier of the date that is (i) seventeen years and six months from the Effective Date; or (ii) fifteen (15) years after the Commercial Operation Date, unless earlier terminated or extended in accordance with its terms.

2.2 **Non-Occurrence of Commercial Operation Date.** If the Commercial Operation Date does not occur by the COD Deadline, and Contractor does not at that time demonstrate to County that the Commercial Operation Date will occur within (3) three additional months, County may elect to terminate this Agreement upon three (3) months’ written notice to Contractor.

2.3 **Option to Extend.** Either Party shall have the option to extend the Term for an additional five (5) years provided that the Party exercising its option to extend the agreement is not in default under the provisions of this Agreement at the end of the initial Term. To exercise such option to extend, the interested Party shall provide the other Party with written notice no less than one year prior to the scheduled expiration of the initial Term or the extended term, as applicable.

2.4 Milestone Schedule and Interim Agreement.

(a) The schedule for development and construction of the Facility is set forth below (“Milestone Schedule”). The Contractor agrees to meet the Milestone Schedule, subject to Uncontrollable Circumstances. Failure to meet any milestone in the Milestone Schedule may be considered an Event of Default, which will give the County a right of termination in accordance with Article 14. As between the Parties, Contractor is solely responsible for compliance with the Milestone Schedule. Contractor’s only remedy in the event that County interferes with Contractor’s ability to achieve one or more milestones is an equitable extension of time for completion of the milestone. The Contractor may claim an equitable extension of time for completing of a milestone under this provision if it provides timely notice to the County of the occurrence of the event or circumstances giving rise to the delay in the same format provided in Section 5.15.3 of this Agreement. Except as set forth in the preceding sentences, County will incur no liability if the dates for completion of a milestone are not met by Contractor. Contractor shall provide the County with a master project schedule using Microsoft Project, Primavera or other similar scheduling software that includes the milestones below, permitting schedules, purchase of major equipment, and other key development and construction dates (as amended from time to time, the “Project Schedule”). Contractor agrees to provide documentation to demonstrate to the County that the milestones set forth below have been achieved. If the documentation includes confidential or proprietary information, the Contractor will provide documentation with redacted information or other documentation as agreed to by the Parties.

The following are the dates by which the described Milestones are to be completed by Contractor, in each case as they may be extended for the effect of any Uncontrollable Circumstances or an applicable event of default by County.

<u>Milestone</u>	<u>Scheduled Date for Completion</u>
Approval/execution of Agreement	March 23, 2016
Facility Site Acquisition	October 1, 2016
Construction Financing Close	March 31, 2017
50% Construction Progress	May 30, 2018
Commercial Operation Date	September 23, 2018 or 30 months after Effective Date if Effective Date is later than March 23, 2016 (as it may be extended, the “COD Deadline”)

For purposes of this Section, “Site Acquisition” shall mean the (i) closing by Contractor on a purchase of the Facility Site, or (ii) execution by Contractor of a Lease or similar agreement permitting Contractor to use the Facility Site for the Facility and exercise of any option in such an agreement by Contractor or expiration of any provision that allows Contractor to withdraw from such agreement. “50% Construction Progress” shall mean either (i) delivery of the RODECs equipment and electric generators to the Facility Site or (ii) payment by Contractor of

at least 50% of progress payments or consideration due, in the aggregate, under the engineering, procurement and construction/general contract and equipment purchase agreements for the RODECs equipment.

(b) Contractor shall meet each Milestone scheduled prior to the Commercial Operation Date. In the event Contractor fails to meet the date set for Site Acquisition or Construction Financing Close, in each case as they may be extended, the failure shall be considered a default under this Agreement by Contractor, and County may provide notice and proceed as permitted under Article 14, subject to Contractor's and Financier's rights to cure. If Contractor fails to meet the Construction Progress milestone, Contractor shall demonstrate to County actual construction progress to date and Contractor's schedule for completing construction and commissioning of the Facility by the COD Deadline.

(c) If at any time after the commencement of construction, Contractor believes it may not be able to meet the COD Deadline, as extended, Contractor may request an extension of the COD Deadline from County, providing documentation as to the status of completion to date, a schedule for completion and commissioning of the Facility by the new proposed COD Deadline, and such other assurances and information as County may reasonably request, including assurances from any Financiers that Contractor is not in default under its obligations to Financiers. County may elect to grant the requested extension, or any portion of the requested extension, up to a maximum of 90 days.

(d) If Contractor fails to achieve the Commercial Operation Date by the COD Deadline, as it may be extended, it shall be a default under this Agreement and County may proceed in accordance with Article 14, subject only to the rights of Financiers or Section 2.2 Non-occurrence of commercial operation date.

(e) County acknowledges that Contractor may use Acceptable Waste it receives pursuant to the Interim Agreement for purposes of testing and commissioning the Facility prior to the Commercial Operation Date. Upon the Commercial Operation Date, the Interim Agreement will be terminated, except for obligations arising or accruing prior to the date of termination and provisions expressly surviving termination, and this Agreement shall govern the obligations of the Parties with respect to Acceptable Waste and other subjects covered by the Interim Agreement.

ARTICLE 3 - COMPENSATION

3.1 Contractor Fees.

3.1.1 The County shall pay Contractor \$67.20 for each ton of Yard Waste delivered to and accepted by Contractor at the Points of Delivery starting Thirty (30) months after execution of this Agreement or upon the Commercial Operation Date, whichever occurs first. If the Commercial Operation Date does not occur before the date that is 30 months after the Effective Date, Contractor agrees that the rate per ton of Yard Waste Accepted by Contractor under the Interim Agreement shall decrease to \$67.20

per ton until the Commercial Operation Date. County and Contractor may by agreement elect to Process other waste.

3.1.2 Funding for Contract Years 1-15 after the Commercial Operation Date is estimated as follows, which includes adjustments for estimated indexed increases as set forth in Section 3.1.3 and Exhibit C:

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
Yard Waste Haul out	\$ 1,344,000	\$ 1,377,600	\$1,412,040	\$1,447,341	\$1,483,525	\$1,520,613	\$ 1,558,628
Cumulative Fee	\$1,344,000	\$2,721,600	\$4,133,640	\$5,580,981	\$7,064,506	\$8,585,118	10,143,746

Year 8	Year 9	Year 10	Year 11	Year 12	Year 13	Year 14	Year 15
\$1,597,594	\$1,637,533	\$1,678,472	\$1,720,434	\$1,763,444	\$1,807,531	\$1,852,719	\$ 1,899,037
11,741,340	13,378,873	15,057,345	16,777,779	18,541,223	20,348,754	\$ 22,201,473	\$ 24,100,509

These numbers represent estimated numbers only, and are based on estimated quantities of Yard Waste materials and CPI maximum increases of 2.5%. Actual numbers are expected to vary dependent on amounts of Acceptable Waste Processed and CPI increases. Additional waste streams that may be provided by agreement of the Parties, such as Canal Waste, will increase the amounts and fees beyond those estimated above. These estimates are not meant as a minimum or maximum amount to be guaranteed under this Agreement on behalf of either County or Contractor.

3.1.3 Beginning on the first date set forth in Exhibit C, the rate set forth in Section 3.1.1 shall be adjusted each Contract Year thereafter to reflect any annual change in the U.S. Consumer Price Index (Unadjusted) All Urban Consumers; All Items) for the 12 month period ending in December or 2.5% whichever is less.

3.3 **Payment Sum.** The County shall pay the Contractor in current funds for the Contractor's performance of this Agreement based on rates shown in *Exhibit A as adjusted* pursuant to Section 3.1.3, and the payments shall, in the aggregate, along with County's performance of its other obligations under this Agreement, be full consideration for Contractor's performance of its obligations hereunder.

3.3.1 **Payments.** Contractor shall be paid monthly. As a condition precedent for any payment due under this Agreement, the Contractor shall submit on the 1st of each month or the next Business Day if the 1st is not a Business Day, unless otherwise agreed in writing by the County, an invoice to County requesting payment for services rendered and reimbursable expenses due hereunder. The Contractor's invoice shall describe with reasonable particularity the services rendered. The Contractor's invoice shall be accompanied by such documentation or data in support of expenses for which payment is sought as the County may reasonably require. The form of invoice and list of documentation set forth in Exhibit G is agreed to be acceptable in this respect, if submitted in this form by Contractor, and complies with Florida

Statutes Section 218.72(8) as a “proper invoice”. County shall pay each invoice no later than thirty (30) days after County’s receipt of the invoice and in any event no later than forty-five (45) days after Contractor provides waste removal services for the applicable billing period, as provided by Fl. Stat. Section 218.73 (2)(b).

3.3.2 The Parties agree that Contractor is a “vendor” and the services provided by Contractor under this Agreement represent a “purchase” by County in each case as defined in Fl. Stat. Section 218.72 (10) and (9) (2014), respectively, and that the services provided by Contractor are non-construction services subject to Fl. Stat. Sections 218.73 and 218.74(4) (2014). The Parties agree that the rate of interest as set forth in Fl. Stat. Section 218.74(4) will apply to late payments.

3.4 **Wire Transfer.** At the time of execution of this Agreement, the County does not use wire transfer, but if the County implements the use of wire transfer in the future, County shall make payment of bills via wire transfer of funds or ACH if timely requested in writing by Contractor, at Contractor’s sole expense, and if the request contains adequate payment information. County shall be entitled to conclusively presume, without any liability whatsoever, that the payment information furnished by Contractor (for example, name, financial institution, account numbers, and payee) is accurate. In no event will County be required to pay any bill more than once when the invoice was first paid in accordance with Contractor’s instructions.

3.5 **Budget.**

3.5.1 Prior to each Contract Year, County will seek approval in its annual budget request from the BOCC for funds in an amount sufficient to pay Contractor in full for services associated with the delivery of Yard Waste in estimated quantities plus amounts contemplated for any other Additional Services or other expenses due or to be due under this Agreement during the applicable fiscal year. Contractor acknowledges that County’s ability to pay Contractor amounts due under this Agreement is subject to receipt of an approved appropriation by the BOCC of amounts sufficient to make all such payments in the applicable fiscal year.

3.5.2 Although County’s obligation to pay amounts to Contractor arising under this Agreement may be subject to annual budget and appropriation approvals, the Parties acknowledge and agree that the intent of this Agreement is for a longer term than one year in accordance with Section 2.1, and that Contractor is relying on County’s performance of its payment and other obligations to construct the Facility and enter into obligations with Financiers to fund development, construction and operation of the Facility.

3.5.3 In the event County fails to budget or appropriate funds in any fiscal year sufficient to pay Contractor under this Agreement, the failure shall be an immediate breach of this Agreement by County pursuant to Section 14.2(d), entitling Contractor to remedies as provided in this Agreement, including termination of this Agreement.

3.5.4 In the event County appropriates funds to pay Contractor in any fiscal year which is less than the amount described in Section 3.5.1, Contractor shall continue to perform services under this Agreement until the appropriated funds are exhausted provided County makes payments when due. Upon exhaustion of appropriated funds, in the absence of other payment arrangements by County acceptable to Contractor, Contractor shall be entitled to (i) suspend performance of any further services under this Agreement, without terminating this Agreement, and without being deemed in breach of this Agreement, until such time as additional funds are appropriated by County or otherwise become available, as demonstrated to Contractor, sufficient to pay for additional Contractor services or the Parties reach another agreement for payment acceptable to Contractor and its Financiers, in their sole discretion; (ii) terminate this Agreement; and, in either case, (iii) pursue any other rights and remedies Contractor may have. In the event Contractor suspends performance under this Agreement due to unavailability of funds for County to pay Contractor, Contractor shall be entitled, as a condition precedent to its resumption of performance hereunder, to receive compensation for (i) actual and reasonable costs incurred to demobilize and remobilize, including costs incurred by subcontractors, and (ii) incremental costs to handle any Yard Waste or other Acceptable Waste which accumulated at the Transfer Stations or elsewhere during the period of suspension. Contractor shall also be entitled during any period of suspension to acquire and use waste materials at the Facility from other Persons to mitigate its damages, and, to the extent such materials can only be obtained pursuant to longer term agreements which affect the ability to subsequently take the full amount of Acceptable Waste required of County, the Parties will negotiate an amendment or temporary modification of this Agreement to accommodate such agreements prior to resumption of services.

3.5.5 In the event that sufficient funds are not appropriated to pay Contractor for services to be performed in any fiscal year, and appropriated funds are exhausted prior to the end of the applicable fiscal year, Contractor may also elect to continue to perform its services hereunder for such period as it may determine, in its sole discretion, and shall remain entitled to continue to receive delivery of all [Yard Waste or other] Acceptable Waste from County pursuant to this Agreement. County agrees to include in its next budget request to the BOCC an amount sufficient to pay Contractor for all unpaid services provided by Contractor, plus applicable interest, in addition to other amounts required by Section 3.5.1, but the County is not required to increase taxes to meet this obligation.

3.5.6 County maintains a dedicated enterprise fund funded, in part, by a solid waste assessment fee intended to cover all solid waste disposal costs of County. The special assessment fee is set by the BOCC each year. The enterprise fund carries a balance intended for use to meet County obligations in the event of emergencies or other deficiencies between appropriated amounts and actual County solid waste obligations. County agrees the enterprise fund will be available to pay Contractor in the event any appropriation by the BOCC for obligations to Contractor under this Agreement in a Contract Year is insufficient, and Contractor agrees that payments from the enterprise fund, if and to the extent made by County, will be deemed by Contractor to be a cure

of any default resulting from a failure to otherwise appropriate sufficient funds for obligations to Contractor in any Contract Year.

3.6 County Pricing Provisions.

(a) In any Contract Year after the first three full Contract Years in which (i) Contractor has sufficient income to meet operating expenses plus debt service and coverage ratios, including required reserves, and (ii) Contractor's cumulative net income during the Term is sufficient to provide its equity Financiers with a before-tax rate of return in excess of 17%, and (iii) County's Delivery of Accepted Waste exceeds 30,000 tons, County shall be entitled to receive a payment of up to \$2.50 per ton of Acceptable Waste delivered by County during the next Contract Year (including Third-Party Waste), provided that the payment to County does not cause either of the conditions in clauses (i) and (ii) to become untrue.

(b) Within 90 days after the end of the fourth full Contract Year and each Contract Year thereafter in which , the amount of Acceptable Waste Accepted and Processed by Contractor at the Facility during the prior Contract Year exceeded 30,000 tons, Contractor shall provide County with a sworn certificate from an officer of Contractor (i) attesting to whether Contractor had sufficient income to meet expenses and other costs as set forth in clause (a)(i) above and, if so, (ii) identifying the before-tax equity rate of return calculated in accordance with clause (a)(iii). The attestation and accounting results and related calculations underlying the certificate shall be prepared in accordance with Generally Accepted Accounting Principles, (GAAP) and similar requirements set forth in Section 11.2.5.2. The certificate may be designated as confidential and proprietary in accordance with this Agreement. County shall have the right to review, but not to copy or otherwise take, the documents and information underlying Contractor's calculation of rate of return at Contractor's offices subject to the confidentiality requirements of this Agreement.

(c) After the fifth and tenth Contract Years, Contractor and County shall review the rates paid to Contractor as set forth in Exhibit A for purposes of determining whether adjustments to decrease the rates are possible within the investment and operating constraints set forth in Section 3.6(a). No such adjustment shall be made without the agreement of Contractor and its Financiers. If an adjustment to rates is made which reduces the rates paid by County, a corresponding adjustment to the payment described in Section 3.6(a) shall also be made.

ARTICLE 4 – COUNTY SERVICES

4.1 County Collection, Delivery and Handling.

4.1.1 **Collection of Yard Waste.** County will collect, or cause its agents and contractors to collect, all residential Yard Waste created or generated within the County Service Area at County's expense. While the County has no obligation to provide a minimum amount of Yard Waste, the County shall not allow the diversion

of residential Yard Waste by its agents and contractors. County acknowledges that Contractor's rights to receive all residential Yard Waste generated within the County's Service Area during the Term is exclusive, subject only to interruption or reduction as a result of a storm event as described in Section 5.14.

4.1.2 **Collection/Delivery of other Acceptable Waste.** Parties may, in accordance with the terms of this Agreement, amend the Agreement to include other forms of Acceptable Waste.

4.1.3 **Third-Party Waste.** Contractor may contract with other Persons to acquire and process Third-Party Waste and other waste streams on such terms as are acceptable to Contractor, in its sole discretion, subject to Contractor's compliance with all Applicable Laws and performance of its obligations to County under this Agreement. Contractor shall weigh and document all such deliveries for reporting to the County, DEP, and other applicable Governmental Authorities. Third-Party Waste acquired and processed by Contractor in any Contract Year shall be credited toward County's Delivery amounts for purposes of receiving a payment credit as set forth in Section 3.6(a) for that Contract Year. County may also report and receive credit, as applicable, for all such Third-Party Waste for purposes of its obligations pursuant to Fl. Stat. Chapter 403.706 (2013) and related laws.

4.2 **Delivery Obligations.**

(a) After the Commercial Operation Date, County shall be obligated to Deliver residential Yard Waste and the Contractor shall be obligated to Accept all Yard Waste collected from the Service Area to Contractor at the Points of Delivery for Processing.

(b) County shall have the option to provide additional amounts of Acceptable Waste to Contractor for processing at the Facility during the Term. Acceptable C&D Waste may be offered at any time subject only to availability of capacity at the Facility to process such materials. MSW may be offered subject to agreement of the Parties and the ability of the Facility to Process such waste. Canal Waste may be offered only if Contractor's analysis of the composition of the Canal Waste, including any arsenic or copper in the Canal Waste, demonstrates that the Canal Waste can be processed efficiently by the Facility without any incremental cost for compliance with Environmental Laws which County is not willing to reimburse or increased risk of Environmental Liability for Contractor.

(c) To exercise its option to provide Delivery of additional Acceptable Waste, County shall provide written notice to Contractor of (i) the proposed type of waste and proposed Delivery Point(s); (ii) amounts per Contract Year expected to be Delivered of each type of waste; and (iii) the length of time during which County is willing to commit to Deliver the waste. Subject to Facility capacity and design, including any existing contracts which Contractor may have with other waste suppliers for use of the Facility, the Parties will use commercially reasonable efforts to negotiate amendments to this Agreement reflecting County's request.

(d) Fees for Acceptance by Contractor of other Acceptable Waste in addition to Yard Waste shall be as set forth in this Agreement or as negotiated by the Parties at the time of acceptance of other waste if not provided for in this Agreement.

(e) Canal Waste, Food Waste and Sewage Solids may be better suited to processing in an anaerobic digester or similar facilities located in the County to minimize transportation costs and because of inefficiencies in processing some of such waste in the Facility. The Parties agree to discuss the means for disposal and pricing of such waste at the lowest cost to the County. If a digester or other facility is proposed for use to process some or all of such waste, this Agreement may be amended to treat such a facility as Additional Services pursuant to Article 8, but the County is under no obligation to contract with Contractor for these services.

4.3 Delivery; Acceptance. County or its agents and contractors will transport and deliver Acceptable Waste to a Point of Delivery at any Transfer Station at County's expense for Delivery to Contractor. Except for the components of Canal Waste described in Section 4.2(b) or to the extent permitted by Applicable Law, Acceptable Waste shall contain no Hazardous Substances and no material amounts of other Prohibited Material. Contractor shall have the right to inspect all Acceptable Waste prior to Acceptance for the presence of Hazardous Substances or excessive amounts of Prohibited Materials. All Acceptable Waste shall meet the applicable specifications set forth in Exhibit F. In the event Hazardous Substances or excessive amounts of Prohibited Materials are detected in any portion of Acceptable Waste delivered by County, Contractor may reject such Acceptable Waste. County shall be obligated, at its expense, to (i) segregate and remove all Hazardous Materials, at its expense, in accordance with Applicable Laws, and (ii) remove such Prohibited Materials as are necessary for the applicable Acceptable Waste to contain less than three (3%) percent of Prohibited Materials measured by weight and meet other Applicable Law. If County successfully removes all Hazardous Materials and sufficient Prohibited Materials to allow the Acceptable Waste to meet the standards for Prohibited Materials set forth in this Section 4.3, Contractor shall accept the Acceptable Waste. The County may request that Contractor remove and dispose of Hazardous Materials (either at the Transfer Stations or at the Facility if discovered at the Facility) or excess Prohibited Materials (to the extent allowed by Contractor's Permits) and if Contractor agrees, County will reimburse Contractor its actual and reasonable expenses incurred for such disposal, as documented to County, plus 15 percent. Contractor shall remove all Accepted Acceptable Waste in the time periods required by DEP regulations and prior to removal, handling and storage of such Acceptable Waste shall comply with all applicable DEP regulations and other Applicable Laws.

4.4 Weighing.

(a) County shall weigh and register County's trucks and transport vehicles and the vehicles of any other Persons delivering Acceptable Waste for which County will receive credit and pay Contractor hereunder arriving at any Transfer Station before unloading Acceptable Waste. Once unloaded, County shall weigh each vehicle again and record the difference, with all such amounts, empty and loaded, for each vehicle provided to Contractor. County shall calibrate and maintain all scales at the Transfer Stations

periodically as required by Applicable Laws or the original manufacturer, and shall provide copies to Contractor of all inspection reports or certificates attesting to the accuracy of each scale. Scales shall be accurate within one (1) percent. If either Contractor or County believes that any scale is registering inaccurately, it may request an inspection or test of the scale by an independent Person; if no inaccuracy greater than one percent is detected, the Party requesting the test shall be responsible for the costs of the test. If the test detects an inaccuracy greater than one (1) percent, the scale shall be recalibrated at County's expense, and the cost of the test shall be the responsibility of the County. No adjustments to previously recorded weights shall be made unless it appears from any test that the inaccuracy affected measurement of empty vehicles differently than loaded vehicles, or unless the detected inaccuracy was greater than three (3) percent. In the event of either such circumstance, the Parties shall use the best available information to adjust weights for loads during the period of inaccuracy (not to exceed 180 days), including historical weights of empty vehicles and weights for loaded vehicles taken at the Facility, if any.

(b) For Acceptable Waste delivered at Points of Delivery other than a Transfer Station, the Parties will devise mutually agreeable processes for determining accurately the amount of Acceptable Waste being delivered and accepted, and corresponding documentation.

(c) With respect to Third-Party Waste, Contractor shall use commercially reasonable efforts to accurately measure the Acceptable Waste at the location it is delivered or at the Facility and to document the volume, weight or other measure in a manner necessary for the County to obtain credit as set forth in Section 4.1.3.

4.5 **Station Operator.** County contracts with one or more third parties for collection and delivery, and/or hauling of waste at the Transfer Stations. County, as the Station Operator, will cooperate with Contractor's requirements for access to the Transfer Stations and use of the Transfer Station sites for the performance of Contractor's obligations under this Agreement. Contractor shall promptly notify County of any interference with Contractor's activities or access by any third parties which adversely affects Contractor's performance of its obligations hereunder. At other Points of Delivery controlled by County, County will provide Contractor with necessary access, and instruct any agents or contractors of County to cooperate with Contractor.

4.6 **Contractor's Use of Other Waste.** County acknowledges that Contractor will accept and process waste materials at the Facility from Persons other than County, and that Contractor has the right to do so, in its discretion, subject only to performance of its obligations to County pursuant to this Agreement.

4.7 **Information.** The County shall provide all information upon request regarding requirements for the Contractor's performance of its obligations under this Agreement.

4.8 **County Representative.** The County shall designate a representative to act on the County's behalf with respect to the Agreement. The County or its representative shall render decisions in a timely manner pertaining to requests submitted by the Contractor in order

to avoid unreasonable delay in the orderly and sequential performance of the Contractor's services.

4.9 **Prompt Action.** The County shall furnish the required information and services and shall render approvals and decisions as expeditiously as necessary for the orderly performance of the Contractor's services.

4.10 **Cooperation.** County agrees to reasonably cooperate with Contractor in any applications that Contractor is making for tax credits, grants or financial assistance as described in Section 5.16, at Contractor's expense. County's obligation shall consist only of providing nonproprietary information in its possession, custody or control necessary to complete any such applications, responding to requests from the relevant Government Authorities, and similar activities. Notwithstanding the provisions of this section, Contractor's provision or disclosure of any such information or documents provided by the County to third parties and the reliance of third parties upon any such information or documents shall be at the risk of Contractor, and County makes no guaranty of the accuracy or completeness of information provided or its suitability for further use by Contractor or third parties, and County shall not be held liable for any loss claimed by the Contractor or any third party as a result of their reliance on information or documents provided by the County under this Agreement.

4.11 **Financiers**

4.11.1 County shall, upon written request by Contractor, negotiate an commercially reasonable consent and agreement with respect to a collateral assignment hereof in favor of any Financier in a form acceptable to County; provided that (i) Contractor shall reimburse County for all reasonable expenses incurred by County in connection therewith, including reasonable attorneys' fees, and (ii) County's duty to make factual statements or representations in such consent and agreement shall be contingent upon the truthfulness and accuracy of such statements or representations at the time the consent and agreement is delivered.

4.11.2 County further acknowledges that Financiers may have other or further requests with respect to a collateral assignment of this Agreement (such as requests for legal opinions or certificates from County) and may request that certain terms be incorporated into a collateral assignment agreement to be executed by County. County will consider any such requests and will reasonably cooperate and negotiate any such consent and agreement related to a collateral assignment in good faith. County shall not be required to agree to an amendment of this Agreement, including any revision to increase fees or compensation, as a part of any consent or assignment relating to a collateral assignment.

ARTICLE 5 – CONTRACTOR'S SERVICES AND OBLIGATIONS

5.1 **Acceptance of Acceptable Waste.**

(a) Contractor shall accept all Yard Waste and other Acceptable Waste, (in each case if, and to the extent approved in accordance with Section 4.2(b)), delivered by County at the

designated Delivery Point at each Transfer Station, subject to the requirements of Section 4.3. Contractor may elect to grind, chip or process Yard Waste or C&D Waste or otherwise process Acceptable Waste at the Transfer Stations after Acceptance by Contractor to reduce volume or ease handling for transport, at Contractor's expense. County shall make available, or cause any Station Operator to make available, sufficient area at each Transfer Station for Contractor to accept Delivery of Acceptable Waste and handle and process such Acceptable Waste for loading and further transport.

(b) For other forms of Acceptable Waste not deliverable to Transfer Stations, County and Contractor shall identify applicable Points of Delivery owned or controlled by County, and necessary areas at each such Point of Delivery for County to deliver and Contractor to accept such Acceptable Waste. Sewage Solids are expected to be delivered at each treatment site identified by County and accepted by Contractor upon loading at each treatment site.

5.2 **Loading.**

(a) Loading of Acceptable Waste delivered to Contractor for further transport shall be the responsibility of Contractor. Contractor may contract separately for loading services with a third party, or perform the loading services itself, in its discretion. If Contractor elects to have a third-party provide loading services, County agrees to allow such Person necessary access to the applicable Transfer Station or other Point of Delivery to perform such services, subject to all Applicable Laws and County safety and security requirements for the Transfer Station or other Point of Delivery. County shall make available, or cause any Station Operator to make available, sufficient room and access to each Transfer Station or other Point of Delivery necessary for Contractor to load its transport vehicles.

(b) Contractor will have access to the Transfer Stations to perform its handling and loading of Acceptable Waste during the hours of 8:00 a. m. to 4:00 p. m. Monday through Saturday, except on Holidays. Transfer Stations are closed Sundays, Thanksgiving Day, Christmas Day and New Year's Day. The Parties may agree to adjust handling and loading hours.

5.3 **Transport.** Contractor shall be responsible for transporting, or arranging for transport of, all delivered Acceptable Waste for each Point of Delivery to the Facility at Contractor's expense. Contractor shall use commercially reasonable efforts to transport Acceptable Waste from each Transport Station or other Point of Delivery as sufficient volumes accumulate for efficient and economical processing and transport, and shall not allow the accumulation of Acceptable Waste at any Transfer Station in a manner or amounts so as to interfere with Transfer Station operations or cause any substantial impact upon public health, safety or the environment, create a cause of action for nuisance or which creates any liability, penalty, or cause of action against the County for violation of any Applicable Law, including DEP regulations and any Environmental Law.

5.4 Processing and Recycling Credits.

(a) Contractor shall process all Acceptable Waste at the Facility, subject only to use of the Back-Up Facility as a result of an event of Uncontrollable Circumstances or operation or maintenance which renders the Facility unavailable for any period of time, and subject to any decision by County and Contractor to process Food Waste, Canal Waste, and/or Sewage Solids at any digester or other facility provided by Contractor as set forth in Section 4.2(e). In the event Contractor elects to use a Back-Up Facility, it shall maintain all necessary records of the Acceptable Waste processed so as to allow County to obtain the related Recycling Credits.

(b) Contractor shall generate electricity from the Processing of the Acceptable Waste and use the electricity to operate the Facility and sell the balance to a utility or other purchaser. Contractor shall qualify the Facility and its operations with DEP and any other applicable Governmental Authority to maximize creation of Recycling Credits under Applicable Law with respect to Acceptable Waste processed at the Facility and receipt of such Recycling Credits associated with the Acceptable Waste by County, but shall not be required to incur substantial expenditures solely for that purpose, if the Facility is otherwise producing Recycling Credits associated with Yard Waste of at least 75% for the County. Subject to any Change in Law which affects the calculation of Recycling Credits for Yard Waste disposal Contractor shall produce a minimum of 75% Recycling Credits for the County from processing Yard Waste under this Agreement. To the extent that a Change in Law prevents the Contractor from producing 75% Recycling Credits for processing Yard Waste in accordance with this section and, thereafter the County is unable to meet any requirement of Applicable Law with respect to recycling mandates; the Parties agree to meet in good faith for the purpose of negotiating an appropriate modification to this Agreement. In the event that the Parties are unable to reach an agreed upon modification to this Agreement after good faith negotiations, the County, at its sole and exclusive option, may elect to reallocate all or a portion of the Yard Waste required to be delivered under this Agreement to other entities to the extent necessary for County to continue to meet its recycling requirements under Applicable Laws, upon ninety (90) days prior notice to Contractor, without violating its exclusivity obligations under Section 4.1.1. County agrees to cooperate with Contractor to develop suitable testing and calculation methodologies to meet DEP requirements for analyzing and granting Recycling Credits for Processing of the Yard Waste and other Acceptable Waste.

(c) Contractor will keep records of all waste processed by the Facility in the manner and at the level of detail required by the DEP and any other Governmental Authority involved in the issuance, grant or reporting of Recycling Credits. In particular, Contractor shall separately identify and measure the volumes of Acceptable Waste and Third-Party Waste received and Processed by the Facility. Because Contractor is also Processing other types of waste and waste from suppliers other than County, DEP may require a specific methodology for use for allocation of Recycling Credits created by the Facility between the County's Acceptable Waste, Third-Party Waste, and other waste processed by the Facility. To the extent the Facility creates Recycling Credits from Third-Party Waste or other waste streams which are allocable or transferrable to County, Contractor will cooperate with DEP and County to allocate or transfer such Recycling Credits to County, and if any administrative fees from DEP are assessed the County will pay or reimburse Contractor for those administrative fees.

5.5 **Facility Design and Construction.**

(a) Contractor shall design the Facility with the capability to process all Yard Waste and other Acceptable Waste designated by County in accordance with Section 4.2(b). The Facility shall be designed, constructed and operated in accordance with all Applicable Laws and Permits and generally accepted waste processing and power generation facility industry practices. Contractor shall complete design, construction and installation of the Facility so that the Commercial Operation Date occurs no later than the COD Deadline.

(b) Contractor shall provide County with reports every month as to its progress in the design and implementation of the Facility, an update on the Project Schedule and achievement of the milestones set forth in Section 2.4 prior to the start of construction, and every month thereafter until the Commercial Operation Date. The reports shall describe tangible activities in progress and identify any material adverse effects on the milestone schedule or achievement of the COD Deadline that may arise. Contractor shall promptly notify County of any non-compliance with Applicable Law as set forth in Section 5.9. Contractor shall not be obligated to provide County with any contracts, design documents, technology, financing pro-formas or statements, or other proprietary information regarding the development, financing or construction or operation of the Facility, except as needed for pricing provisions, including 3.6(a) or as otherwise specifically provided herein.

(c) County shall have no right to approve the design, development, construction or operation of the Facility. Contractor shall at a minimum provide the County with copies of Facility general arrangement drawings and equipment layouts and all other design documents and descriptions required by the applicable Government Authorities when submitted as part of the approval and permitting for the Facility. County's agreement to allow Contractor to use the Facility to process Yard Waste or other Acceptable Waste shall not be considered an endorsement by the County of the design, construction, development or operation of the Facility. Contractor shall operate the Facility in accordance with Applicable Law and Environmental Law. County and its designated representatives shall have the right to visit and observe the Facility and progress with construction upon reasonable notice to Contractor, provided that while on the Facility Site any employees, contractors, agents, or invitees of County shall abide by the safety and security requirements of Contractor, Applicable Law and requirements of any lease or other contract with the owner of the Facility Site.

5.6 **Approved Products; Residue.** Contractor shall be responsible for the marketing, sale or disposal of all Approved Products or Residue from processing activities, at Contractor's expense, and shall be entitled to all revenues or income received from the sale of any such Approved Products or Residue.

5.7 **Vehicle Registration, Licensing and Inspection.** All vehicles used by Contractor and its Affiliates or subcontractors in the performance of services under this Agreement shall be in compliance with all registration, licensing and inspection requirements of the Florida Highway Patrol, the Florida Department of Motor Vehicles, and any other Applicable Laws or regulations. Contractor may be subject to administrative charges for not complying with all Applicable Laws for vehicle registration, licensing and inspection.

Contractor and its Affiliates shall maintain copies of all certificates and reports evidencing compliance with this Section 5.7, and shall make such certificates and reports available for inspection upon request by the County Representative. Contractor shall not use any vehicle to perform services under this Agreement that is not in compliance with Applicable Laws.

5.8 Personnel Requirements

5.8.1 General Manager Qualifications. Contractor shall have a qualified general manager or other individual with direct responsibility for performance of its services under this Agreement. Upon County request, Contractor shall provide a written description of its general manager's duties, responsibilities, and commitments to Parties other than the County, including duties and responsibilities related to Contractor management activities, and other collection, processing or disposal operations. The written description shall be provided within fifteen (15) calendar days of the County's request.

5.8.2 Access to General Manager. The general manager shall be readily available to the County Representative and the Administrator through the use of telecommunications equipment at all times that Contractor is providing services pursuant to this Agreement.

5.8.3 Emergency Contact. Contractor shall provide the County Representative with emergency phone number(s) at which the general manager, and any other Contractor representative authorized to act on Contractor's behalf, can be reached outside of normal Contractor office hours. The emergency representative shall respond to any call from the County within one (1) hour.

5.8.4 Other Personnel Qualifications. Contractor shall employ and assign qualified, properly licensed personnel to perform all services set forth herein. Contractor shall be responsible for ensuring that its employees comply with all federal, state, and local laws applicable to their employment, responsibility, and position.

5.8.5 Management and Supervision. Contractor shall at all times maintain a level of management and supervisory staffing sufficient to perform the services required by this Agreement. Upon County request, Contractor shall provide written identification of key management and supervisory personnel, and such additional related information as may reasonably be requested by the County, including but not limited to, organization chart(s), resumes, job descriptions, identification of current responsibilities, and allocation of time to responsibilities.

5.8.6 Training. Contractor shall provide the initial and ongoing personnel training necessary or required to perform the requirements of this Agreement. Training shall include, but may not be limited to, operational training, safety training programs; and compliance with Applicable Law.

5.8.7 **Office Hours.** Contractor and staff shall be available to County staff Monday through Friday from 8:30 AM to 5:00 PM, or as otherwise approved by the County Representative except for legal holidays.

5.9 **Permits and Access.**

5.9.1 **Facility Permits and Licenses.** Contractor shall be solely responsible for obtaining, at its own expense, any and all Permits necessary for the transportation, handling, processing and transfer of Applicable Waste Delivered to Contractor by County or third parties, and maintain same in full force and effect throughout the Term. Contractor shall be solely responsible for obtaining, at its own expense, any and all Permits necessary for the development, design, construction and operation of the Facility and maintaining same in full force and effect. Contractor shall notify County as soon as practicable after becoming aware of any non-compliance with Applicable Law by Contractor or Affiliate with respect to the performance of the obligations of this Agreement and promptly provide County with copies of any notices received from any Governmental Authority having jurisdiction to the effect that Contractor, its Affiliate or the Facility are in violation of Applicable Law with respect to the Facility or Contractor's and its Affiliates' obligations under this Agreement.

5.9.2 **Proof of Permits.** Contractor shall provide proof of receipt of necessary Permits, and shall demonstrate compliance with the terms and conditions of such Permits, upon the request of the County Representative.

5.9.3 **Compliance.** Contractor shall at all times ensure that it is in compliance with all other Applicable Laws with respect to performance of its obligations hereunder.

5.9.4 **Facility Access.** Contractor shall at all times, with reasonable verbal notice, provide the County Representative with access to the Facility subject only to reasonable notice and safety and security requirements of Contractor or its Affiliates.

5.9.5 **Holiday Service.** County observes Thanksgiving Day, December 25th, and January 1st as legal holidays. Contractor shall not be required to provide Acceptable Waste handling services, nor to maintain office hours, on these designated holidays at the Transfer Stations.

5.10 **Ownership of Material.** Title to and risk of loss for Acceptable Waste shall pass to Contractor when the Contractor accepts the Acceptable Waste at any Transfer Station or other Point of Delivery pursuant to Section 4.3.

5.11 **Litter Abatement.** Contractor shall not litter in the process of providing the services required by this Agreement. Contractor shall transport or cause the transport of all Acceptable Waste and Residue in such a manner as to reasonably prevent the spilling or blowing of such waste from Contractor's vehicles. Contractor agrees to clean up litter at the Transfer Stations or any other County Point of Delivery within two (2) days of

County inspection and sending notice to the Contractor. Notice may be given by telephone or electronic mail ("email").

5.12 **Disposal of Residue.** Contractor shall properly dispose of any and all Residue from Acceptable Waste created at the Facility at the sole expense of Contractor.

5.13 **Approved Products**

5.13.1 Contractor shall ensure that all Acceptable Waste accepted pursuant to this Agreement is processed only into the Approved Products listed in *Exhibit D*. In the event additional products of the Facility are identified by Contractor, Contractor may make written request to add such additional products as "Approved Products" to the Administrator. However, Contractor may not process, or allow processing of Acceptable Waste into any such additional products unless these products are approved by the Administrator in writing.

5.13.2 **Approved Products Records.** Contractor shall maintain such records as are necessary and sufficient to verify that Acceptable Waste processed pursuant to this Agreement is processed into Approved Products.

5.14 **Emergency Service.**

(a) The Contractor will establish a program to identify and manage Yard Waste which requires emergency management and handling, such as larger than normal amounts received during a storm event other than storm events subject to FEMA jurisdiction which are described in Section 5.14(b). In the event Yard Waste from storms or similar events is received at a Transfer Station in quantities which require special management and handling, the County shall notify the Contractor that possible emergency handling of such waste is required. If emergency handling of such waste is reasonably and mutually deemed necessary by the County and the Contractor, the generator or transporter of such waste may be charged a handling and disposal fee negotiated between the County and the Contractor, if mutually agreed by the Parties. In the event the County and the Contractor are unable to agree on fees, the matter shall be submitted to the County Administrator or his or her designee for final determination. If Contractor is unable to handle emergency storm waste or an agreement is not reached between the Parties on any fee associated with such handling, the County may elect to use other contractors for the removal, transport and processing of emergency storm waste.

(b) In the event of a declaration of an emergency by FEMA pursuant to the Stafford Act, 42 U.S.C. Sections 5121-5207 and 44 CFR Part 206, in each case as amended, due to a severe storm, management of disposal of Yard Waste may be assumed by the Federal Emergency Management Agency ("FEMA"), in which case a FEMA-approved contractor will be responsible for removal and disposal of Yard Waste during the period of FEMA's jurisdiction. To the extent FEMA asserts control of such Yard Waste, the County shall not be deemed in violation of its exclusivity obligation to Contractor set forth in Section 4.1.1. Contractor may, at Contractor's expense, seek certification by FEMA as an approved disposal contractor and may negotiate any contract

or subcontract with FEMA or any FEMA-approved contractor to receive and process Yard Waste during any period of FEMA jurisdiction.

5.15. Uncontrollable Circumstances

5.15.1 Defined.

(a) An Uncontrollable Circumstance shall mean any act, event or condition, whether affecting the Facility, the County, the Contractor, or any of the Parties' subcontractors, and only to the extent that it materially and adversely affects the ability of either Party to perform any obligation under this Agreement (except for payment obligations), if such act, event or condition is beyond the reasonable control of the Party affected and is not also the result of the willful or negligent act, error or omission or failure to exercise reasonable diligence on the part of the Party relying thereon as justification for not performing an obligation or complying with any condition required of such Party under this Agreement, which may include, but is not limited to, any of the following:

- (1) an act of God (but not including ordinary inclement weather experienced in the geographic area of the Facility, a Transfer Station or other applicable location), landslide, lightning, earthquake, fire, explosion, flood, sabotage or similar occurrence, acts of a public enemy or terrorism, hurricane, war, blockade or insurrection, riot or civil disturbance;
- (2) the failure of any applicable Government Authority or private utility having operational jurisdiction in the area of the Facility Site to provide and maintain utilities, services, water and sewer lines and power transmission lines to the Facility Site, or the failure or delay of any such agency to issue any Permits, which are required for the performance of Contractor's obligations, provided the delay or failure is not the result of any delay or failure on the part of Contractor to seek such utilities or Permits;
- (3) the discovery of Hazardous Waste prior to or during the construction phase of the Facility at the Facility Site.

(b) It is specifically understood that none of the following acts or conditions shall constitute Uncontrollable Circumstances, and shall not entitle the Contractor to any price, fee, schedule or other adjustments or relief hereunder:

- (1) changes in general economic conditions, interest or inflation rates, or currency fluctuation, or in other underlying costs, that affect the cost of any Party's performance, except as otherwise set forth herein;
- (2) changes in the financial condition of a Party or any of its Affiliates or any subcontractor affecting their respective ability to perform their respective obligations;

- (3) the consequences of error, neglect or omissions by a Party or any of its employees, agents, subcontractors of any tier, suppliers or Affiliates in the performance of the applicable obligations;
- (4) the failure of a Party to secure patents or licenses or similar authorizations in connection with any technology or intellectual property necessary to perform its obligations hereunder;
- (5) the failure of any subcontractor or supplier to furnish labor, services, material, supplies or equipment on the dates agreed to or otherwise perform their obligations, except where such failure is due to Uncontrollable Circumstances;
- (6) strikes, work stoppages, or other labor disputes or disturbances, or union or labor work rules, requirements or demands which have the effect of increasing the number of employees employed at the Facility or otherwise increasing the cost or burden to a Party of performing its obligations;
- (7) the availability or lack of availability of markets for the sale or disposal of the Approved Products.

5.15.2 **Remedial Action.** A Party shall not be liable to the other Party in the event it is prevented from performing its obligations hereunder in whole or in part due to an event of Uncontrollable Circumstances. The Party rendered unable to fulfill any obligation by reason of an Uncontrollable Circumstances shall take all action necessary to remove such inability with all due speed and diligence. The nonperforming Party shall be prompt and diligent in attempting to remove the cause of its failure to perform, and nothing herein shall be construed as permitting that Party to continue to fail to perform after said cause has been removed. However, the obligation to use due diligence shall not be interpreted to require resolution of labor disputes by acceding to demands of the opposition when such course is inadvisable in the discretion of the Party having such difficulty.

5.15.3 **Notice.** In the event of any delay or nonperformance resulting from Uncontrollable Circumstances, the Party suffering the event of Uncontrollable Circumstances shall, as soon as practicable, but no later than twenty-four (24) hours after the occurrence or the Party's knowledge of the occurrence of the Uncontrollable Circumstances event, notify the other Party in writing of the nature, cause, date of commencement thereof, and the anticipated extent of any delay or interruption in performance.

5.16 **Tax Credits.** Contractor shall be responsible to apply for any tax credits, grants, financial assistance, subsidized loans or other tax treatment or credit support available to Contractor or its Affiliates or the Facility, and the compensation terms of this Agreement shall not be modified based on Contractor's success or failure in receiving any such support or assistance. County shall have no right to receive or benefit from any such tax or cash benefits.

5.17 Subcontractors.

(a) Contractor shall be entitled to use qualified subcontractors to perform any of its obligations under this Agreement, provided that the use of subcontractors shall not relieve Contractor of its liability for such obligations.

(b) Contractor shall identify all subcontractors to County with which it will contract to perform any portion of its services under this Agreement after the Commercial Operation Date and whose contract is valued at greater than \$200,000 annually or \$500,000 in the aggregate. Contractor shall not use any subcontractor which has been formally charged with or committed a “public entity crime” as described in Article 17.

5.18 Permits. Contractor shall procure and maintain all Permits necessary for the performance of Contractor’s obligations hereunder. Contractor agrees to comply with the applicable requirements of County Permits related to the Transfer Station and their operation and any other Point of Delivery controlled by County, as communicated by County to Contractor.

5.19 Compliance with Law. Contractor shall comply with all Applicable Laws currently in effect or subsequently enacted which affect or relate to Contractor, the Facility or Contractor’s performance of its obligations under this Agreement. Contractor shall also perform its services in accordance with the skill and care required of similarly situated service providers.

5.20 Representations and Warranties. By executing this Agreement, Contractor makes the following representations and warranties to the County as of the date this Agreement is executed:

5.20.1 Contractor is a limited liability company duly organized and validly existing under the laws of Delaware and in good standing under the laws of the State of Florida. It is qualified to transact business in the State of Florida and has the power to own its properties and to carry on its business as now owned and operated and as required by this Agreement. Contractor has the authority to enter into and perform its obligations under this Agreement. The members of Contractor have taken all actions required by Applicable Law and its organizational documents, to authorize the execution of this Agreement. The Person signing this Agreement on behalf of Contractor has authority to do so.

5.20.2 Contractor has the expertise and professional and technical capability to perform all of its obligations under this Agreement and is ready, willing and able to so perform. Contractor holds, or shall hold, through its dully licensed sub-contractors, all requisites licenses, certifications and other authorizations to perform each and any of its obligations under the Contract Documents.

5.20.3 At all times and for all purposes under this Agreement, Contractor is an independent contractor and not an employee of the BOCC. No statement contained in this agreement shall be construed so as to find the Contractor or any of its employees, contractors, servants or agents to be employees of the BOCC for Monroe County.

5.20.4 Except as expressly set forth herein, Contractor makes no other representations or warranties to County, express or implied, with respect to the Facility, Facility Site, Contractor, or the Contractor's performance of its obligations hereunder, and disclaims any other such warranty, including, but not limited to, any warranty of suitability or of fitness for a particular purpose, or of performance of any sort.

ARTICLE 6 – ENVIRONMENTAL LIABILITY

6.1 No Environmental Liability - Contractor.

6.1.1 Contractor shall have no Environmental Liability or other legal responsibility for any violation of any Environmental Laws arising from or related to any Transfer Station or any other Point of Delivery controlled or owned by County or County's collection and handling of Acceptable Waste prior to its Acceptance by Contractor, including, but not limited to (i) any existing Hazardous Substances at any Transfer Station or any other Point of Delivery controlled or owned by County, or the future use, release, handling or disposal of Hazardous Substances by Station Operator or any Person other than Contractor and its agents and subcontractors at any Transfer Station or any other Point of Delivery controlled or owned by County; (ii) any Hazardous Substances present in any Yard Waste or Acceptable Waste or their handling, release or disposal except as assumed by Contractor pursuant to Section 4.3; or (iii) compliance of any Transfer Station or any other Point of Delivery controlled or owned by County with any other Environmental Laws.

6.1.2 Contractor shall have no Environmental Liability for Hazardous Substances or Prohibited Materials present in any Applicable Waste, even if the amount of such Prohibited Materials or Hazardous Substances is less than the threshold for rejection by Contractor as set forth in Section 4.3.

6.1.3 In the event that Contractor does not discover Hazardous Substances in any Acceptable Waste until after Acceptance and transport to the Facility, County shall remain responsible for Environmental Liability associated with or arising from such Hazardous Substances and Contractor's disposal or other handling of such Hazardous Substances in compliance with Environmental Laws, except where Contractor fails to dispose or handle such Hazardous Substances in compliance with Environmental Laws.

6.2 **No Environmental Liability – County.** Except as set forth in Sections 4.3 and 6.1.3, County shall have no Environmental Liability or other legal responsibility arising from or related to Contractor's performance of its obligations under this Agreement or the Facility or Facility Site or any Back-Up Facility.

6.3 **Compliance.** Contractor agrees to perform its obligations under this Agreement in compliance with all Applicable Law.

6.4 **No Marketing of Environmental Attributes.** County acknowledges that Contractor retains the rights to any Environmental Attributes arising from the Facility, the processing of Acceptable Waste by Contractor, and the electricity or fuels or other Approved Products produced by the Facility and that County is not acquiring any rights or interests in any Environmental Attributes pursuant to this Agreement. Contractor's Environmental Attributes include all rights to report, market and otherwise receive credit for the creation of electricity using the Facility. County agrees not to publicize, report, market or otherwise take credit for the creation of the Environmental Attributes or electricity from the Facility in any manner which would interfere with the Contractor's rights to such Environmental Attributes or diminish the value of Contractor's Environmental Attributes. Contractor shall have the right to sell any or all such Environmental Attributes to another Person in its sole discretion. County and Contractor shall cooperate to identify appropriate public statements which County may use regarding the Facility and disposal of Acceptable Waste that will not interfere with Contractor's Environmental Attributes.

ARTICLE 7 - NOTICES

All written correspondence to the County shall be dated and signed by an authorized representative of the Contractor. Any notice required or permitted under this Agreement shall be in writing and hand delivered or mailed, postage pre-paid, to the other Party by certified mail, return receipt requested or sent by telecopier or email with receipt acknowledgment, to the following:

The designation and titles of any person to be notified or the address of any person may be changed at any time by written notice. Delivery of any notice shall be deemed to have occurred upon receipt.

ARTICLE 8 - ADDITIONAL SERVICES

“Additional Services” are services not included in the scope of Contractor’s services under this Agreement. Should the County require Additional Services they shall be paid for by the County at rates or fees as set forth in Exhibit A or as negotiated at the time when services are required, but only if approved by the County and Contractor before commencement. County shall request the proposed services from Contractor and Contractor shall respond with a fee proposal to perform the requested services. Only after an amendment to the Agreement is executed by both Parties reflecting the Additional Services and a notice to proceed is received by Contractor from the County, shall the Contractor proceed with the Additional Services.

ARTICLE 9 - INDEMNIFICATION AND HOLD HARMLESS

9.1 **Indemnification.** Contractor and, to the extent allowed by Fla. Stat. Section 768.28, County, agree to defend, indemnify, and hold each other, and their respective officers, directors, employees, and agents, harmless from and against all losses, damages and liabilities for personal injury or death to Persons and damage to each other's physical property or facilities or the property of any other Person to the extent arising out of, resulting from, or caused by the negligent or intentional acts, errors, or omissions of the indemnifying Party. Furthermore, each Party shall defend, indemnify, and hold the other harmless from and against all such losses, damages and liabilities that were incurred or suffered by the indemnified Party and that relate to the indemnifying Party's breach or failure to perform any of the covenants, agreements, obligations, representations, or warranties contained in this Agreement. Nothing in this Section 9.1 shall relieve Contractor or County of any liability to the other for any breach of this Agreement. This indemnification obligation shall apply notwithstanding any negligent or intentional acts, errors or omissions of the indemnitees but the indemnifying Party's liability to pay damages to the indemnified Party shall be reduced in proportion to the percentage by which the indemnitees' negligent or intentional acts, errors or omissions caused the damages. Neither Party shall be indemnified for damages resulting from its sole negligence or willful misconduct. These indemnity provisions shall not be construed to relieve any insurer of its obligation to pay claims consistent with the provisions of a valid insurance policy.

9.2 **Intellectual Property.** Contractor shall be responsible to acquire any intellectual property necessary to perform its obligations under this Agreement and agrees to indemnify and hold County and its officers and employees harmless from and against any claim by any Person alleging that Contractor's performance of this Agreement, including, but not limited to, development and operation of the Gasification Plant, infringes on the intellectual property rights of such Person.

9.3 **Consideration.** The first ten dollars (\$10.00) of remuneration paid to the Contractor is consideration for the indemnifications provided by Contractor above. The extent of liability is in no way limited to, reduced, or lessened by the insurance requirements contained elsewhere within this Agreement.

9.4 **Delay in Insurance.** In the event the performance of Contractor's services is delayed or suspended as a result of the Contractor's failure to purchase or maintain the insurance required by this Agreement, the Contractor shall indemnify County from any and all increased expenses resulting from such delays.

9.5 **No Waiver.** The availability of any insurance policy or coverage shall not relieve the Contractor of any of its obligations under the terms of this Agreement.

9.6 **Survival.** The indemnification provisions shall survive the expiration or early termination of the Agreement.

ARTICLE 10 - INSURANCE

10.1 The Contractor shall obtain insurance as specified and maintain the insurance required by this Agreement at all times during the Term.

10.2 The coverage provided herein shall be provided by an insurer with an A.M. Best rating of VI or better, that is licensed to conduct business in the State of Florida and that has an agent for service of process within the State of Florida. To the extent available, the coverage shall contain an endorsement providing sixty (60) days' notice to the County prior to any cancellation of said coverage.

10.3 Contractor shall obtain and maintain the following policies:

- A. **Workers' Compensation** insurance as required by the State of Florida, sufficient to satisfy the requirements of Florida Statutes Chapter 440.
- B. **Employers Liability Insurance** with limits of \$1,000,000 per accident, \$1,000,000 disease, policy limits, \$1,000,000 Disease each employee.
- C. **Comprehensive business automobile and vehicle liability insurance** covering claims for injuries to members of the public and/or damages to property of others arising from use of motor vehicles, including onsite and offsite operations, and owned, hired or non-owned vehicles, with One Million Dollars (\$1,000,000.00) combined single limit and One Million Dollars (\$1,000,000.00) annual aggregate.
- D. **Commercial general liability**, including Personal Injury Liability, covering claims for injuries to members of the public or damage to property of others arising out of any covered act or omission of the Contractor or any of its employees, agents or Affiliates or subcontractors, including Premises and/or Operations, Products and Completed Operations, Independent Contractors; Broad Form Property Damage and a Blanket Contractual Liability Endorsement with One Million Dollars (\$1,000,000) per occurrence and annual aggregate.

An Occurrence Form policy is preferred. If coverage is changed to or provided on a Claims Made policy, its provisions should include coverage for claims filed on or after the effective date of this Agreement. In addition, the period for which claims may be reported must extend for a minimum of 48 months following the termination or expiration of this Agreement.

- E. **Pollution Liability Insurance**: \$1,000,000 per occurrence.
- F. **Commercial Umbrella/Excess Liability Insurance**: \$5,000,000 per occurrence.
- G. County shall be named as an additional insured with respect to Contractor's liabilities hereunder in insurance coverages identified in Sections 10.3 (C) and (D).

- H. Contractor shall require its subcontractors (including Affiliates) to be insured at least to the limits prescribed above, and to any increased limits of Contractor if so agreed during the term of this Agreement. County will not pay for increased limits of insurance for Affiliates.
- I. Contractor shall provide to the County certificates of insurance or a copy of all insurance policies including those naming the County as an additional insured. The County reserves the right to require a certified copy of such policies upon request.

10.4 **County Insurance.** County is self-insured. Evidence of County’s self-insurance capabilities will be provided to Contractor upon request.

ARTICLE 11 – REPORTING REQUIREMENTS

11.1 Transition and Implementation Reports.

11.1.1 General.

In addition to the reporting requirement as set forth in 5.5(b), Contractor shall provide, at a minimum, a report each month following the Commercial Operation Date. The contents of these reports shall be mutually agreed by Contractor and the County Representative.

11.2 Summary of Monthly, Quarterly, and Annual Reporting Requirements.

11.2.1 Operational Data.

The following table identifies the operational data the Contractor shall routinely submit.

Operational Data	Monthly	Quarterl	Annual
Tons Delivered	X		X
Tons Rejected	X		X
Tons Accepted	X		X
Tons Processed	X		X
Tons of Residue Disposed and Name of Disposal Facility(ies) Used	X		X
Tons of Recovered By-Products Sold (if any, by type)	X		X
Processing Unit/Facility Downtime	X		X
Significant Events		X	X
Tons Processed from third-party waste suppliers	X		
Recycling credits generated as per DEP			X as available

DEP Emissions data reporting-stack tests, etc.		X	X
Energy Generated	X		X
Energy Sold	X		X

Tonnage reporting shall (i) reflect tonnages for different categories of Acceptable Waste, and (ii) include Third-Party Waste. It need not include waste other than Acceptable Waste and Third Party Waste.

11.2.2 Financial Information.

The following table identifies the financial information the Contractor shall routinely submit.

Financial Information	Monthly	Quarterl	Annual
Amount billed to County*	X		
Fees or payments due to County (if any)*	X		
County past due amount		X	
Audited Financial Statements**			X

*Invoices will be presented to and paid by the County once monthly

**Excluding proprietary information. Proprietary information shall be shown to County Administrator or his or her designee for verification purposes only, except as needed for Section 3.6(a) or as otherwise specifically provided herein.

11.2.3 Monthly Reports.

11.2.3.1 **Tons Delivered, Rejected, Accepted, and Processed.** The tons Delivered, Accepted, and Processed shall be calculated using daily Tonnage reports from the scale house data management system for Acceptable Waste delivered at Transfer Stations. Tons Accepted shall be calculated as the tons Delivered less Tons Rejected. Tons Accepted shall separately treated as tons Accepted on a conditional basis subject to reduction for any Hazardous Substances or Prohibited Materials. Reports shall reflect tonnage separately for (i) Yard Waste, and Biomass (ii) C&D Waste; (iii) Electronic Waste; (iv) Canal Waste; (v) Sewage Solids; (vi) Food Waste; (vii) MSW; and (vii) Third-Party Waste (including type of waste processed).

11.2.3.2 **Tons of Residue Disposed.** The tons of Residue disposed shall be the tonnage determined in accordance with procedures described in Exhibit F.

11.2.3.3 **County fees or payments (if any) due to County.** If the Contractor owes the County fees or administrative charges, the Contractor shall itemize each fee or payment due for the most-recently completed month.

11.2.3.4 **Energy Generated and Energy Sold.** The gross production of the Facility and the net energy sold to any third party.

11.2.3.5 **Processing Unit/Facility Shutdown Information.** A brief summary or table of the cause, total duration and resolution (or work performed to resolve) for any material planned and/or forced shutdowns.

11.2.3.6 **Recovered Material or By-Products Sold (if any).** The tons of materials recovered from the Processing of Acceptable Waste or Third Party Waste that were sold or reused.

11.2.4 **Quarterly Reports.**

11.2.4.1 **Significant Events.** Contractor shall discuss any significant events that have impacted or will impact Contractor's performance hereunder and/or the Facility including, but not limited to, operational changes related to receipt, Acceptance, Processing, Residue disposal, Hazardous Materials, and notices of violations. Contractor shall describe the potential consequences of such events and plans to mitigate such consequences.

11.2.4.2 **Emissions reporting.** DEP data quarterly reporting, such as Continuous Emission Monitoring System (CEMS) data or reports that are required by the DEP or Facility permits shall be provided to the County on an annual basis.

11.2.5 **Annual Reports.**

11.2.5.1 **Summary of Monthly Data.** Annual reports shall include a summary report that presents all monthly data required by the monthly reporting requirements and shall include an annual total for each item reported.

11.2.5.2 **Audited Financial Statements.** Within one hundred twenty (120) calendar days after the close of Contractor's fiscal year, Contractor shall deliver to the County two (2) copies of the audited consolidated financial statements and profit and loss statements of Contractor for the preceding fiscal year. Financial statements shall include a supplemental combining schedule showing Contractor's non-proprietary results of operations, including the specific revenues and expenses in connection with the operations provided for in this Agreement from others included in such financial statements. The financial statements and footnotes shall be prepared in accordance with Generally Accepted Accounting Principles (GAAP) consistently applied and fairly reflecting the results of operation and Contractor's financial condition. Annual financial statements shall be audited, in accordance with Generally Accepted Auditing Standards (GAAS) by a Certified Public Accountant (CPA) who is a member of the American institute of Certified Public Accountants (AICPA) licensed (in good standing) to practice public accounting, and provide that the CPA opinion on Contractor's annual financial statements shall be unqualified, and shall contain the CPA's conclusions regarding the Contractor's accounting policies and procedures, internal controls, and operating policies. The CPA shall perform an evaluation and, if necessary, shall cite recommendations for improvement.

11.2.5.3 Recycling Credits. Recycling Credits issued or provided by DEP to be provided to County as and when available from DEP.

11.3 **Report Format.** Contractor shall provide records to the County using an electronic format approved by the County Representative. The reports may be sent by electronic mail (“e-mail”), or if e-mail is not feasible, through an alternate electronic medium that is compatible with the County’s software and computer systems.

11.4 **Report Submittal.**

Contractor shall submit the following reports in accordance with the deadlines set forth below.

11.4.1 **Monthly Report.** Contractor shall submit monthly reports to the County on or before the last day of the calendar month immediately following the monthly period covered by the report.

11.4.2 **Quarterly Report.** Contractor shall submit quarterly reports within thirty (30) days of the end of the previous calendar quarter.

11.4.3 **Annual Report.** Contractor shall submit annual reports within ninety (90) days after the end of the applicable year for the services provided in the previous calendar year. A final annual report covering any period less than a full year shall be submitted within thirty (30) days following expiration or termination of the Agreement.

11.4.4 **Submittal Day Exceptions.** If the last day of the month falls on a Saturday, Sunday or a day not a Business Day under this Agreement, the report is due on the next Business Day.

11.4.5 **Submittal to County.** All reports shall be submitted to the County Representative.

11.4.6 **Late, Inaccurate, Incomplete Reports.** Reports that are not filed by the due date or are incomplete or inaccurate are delinquent. Contractor shall submit a complete or corrected report within thirty (30) calendar days of written notice from the County.

11.4.7 **On-Request Reports.** Contractor shall maintain current information regarding key personnel; vehicle inventory; all applicable Permits; and tonnage for materials Delivered, rejected, Processed, and disposed and provide such data to County within a reasonable time after request by County.

11.5 **Copies of Public Reports.** Upon request by County, Contractor shall provide County with copies of the public, nonproprietary portions of any reports with respect to

the Facility or performance of Contractor's obligations hereunder which Contractor has filed with any other Governmental Authority.

ARTICLE 12 - FINANCIAL ASSURANCE OF PERFORMANCE

12.1 **Performance Bond.** Contractor shall furnish to the County Clerk, and keep current, a Performance Bond substantially similar to the form as set forth in *Exhibit E, Form of Performance Bond*, for the performance of this Agreement and all of Contractor's obligations arising hereunder ("Performance Bond") as follows:

The Contractor shall provide to the Clerk and keep current the Performance Bond in effect under the Interim Agreement from the Commercial Operation Date through sixty (60) days after the expiration of the Term or until County issues a written release, whichever is earlier, for a minimum amount of \$795,000.00. If the term of any Performance Bond or any alternative security is less than the Term of this Agreement, Contractor shall provide a renewed, extended or new Performance Bond or alternative security with a term commencing upon the expiration of the term of any prior Performance Bond or alternative security no less than sixty (60) days prior to the scheduled expiration date of the Performance Bond or alternative security.

12.2 **Licensed Surety.** The Performance Bond shall be issued by a surety company licensed to do business in the State of Florida; having an "A-" or better rating by A. M. Best or Standard and Poor's and included on the list of surety companies approved by the Treasurer of the United States. If the Performance Bond is shorter than the term of this Agreement, Contractor shall submit proof of renewal or extension at least thirty (30) calendar days prior to the Performance Bond expiration date.

12.3 **Alternative Security.** Contractor may request, and County may in its sole discretion allow Contractor to provide the following alternative security for the performance of this Agreement in the same amount specified for the Performance Bond in the form of: (a) a prepaid irrevocable standby letter of credit from a financial institution satisfactory to the Administrator, which authorizes the County to withdraw funds in the event of a default under this Agreement and approved as to form by the County Attorney; or (b) a certificate of deposit or other escrowed funds subject to an escrow agreement in favor of the County with a financial institution satisfactory to the Administrator.

In the event alternative security is approved by the County, Contractor shall notify the County Representative within three (3) calendar days of any change in status. County may periodically request verification from the financial institution that issued the letter of credit regarding the status of the letter of credit. If the letter of credit is no longer in full effect, Contractor must cure the defect within fifteen (15) Business Days.

12.4 **Use of Security.**

12.4.1 In addition to any other remedy available to it, County may, without waiving any other right or remedy, draw against the Performance Bond or alternative

security to satisfy any undisputed obligations of Contractor to County arising under this Agreement that Contractor has not otherwise paid when due, after any required notice and opportunity to cure. Any failure to draw upon the Performance Bond or alternative security for amounts due to County shall not prejudice County's rights to recover such amounts in any other manner or at any other time. In the event the amount of the Performance Bond or alternative security shall be insufficient to pay any amount due to County in full (and Contractor has not otherwise paid such amount), Contractor shall replenish the Performance Bond or alternative security to its full amount within thirty (30) days. In the event Contractor fails to replenish the Performance Bond or alternative security and pay the applicable amount promptly when due, County shall have the right to terminate the Agreement in accordance with Section 14.3.

12.4.2 Neither County's draw on the Performance Bond or alternative security, nor Contractor's or any Financier's provision or replenishment of the Performance Bond or alternative security, nor any other payment of Contractor or Financier to County, is a waiver of any rights Contractor or any Financier otherwise has to dispute County's entitlement to any such funds, and Contractor and Financier shall retain all rights and remedies either may have in that respect under this Agreement or at law to dispute any such underlying claim by County and to seek the return of any such funds from County if Contractor or any Financier prevails in the dispute. To the extent any of the events that provide County the right to draw on the Performance Bond or alternative security might also constitute an Event of Default by Contractor and entitle County to terminate this Agreement, and County draws against the Performance Bond or alternative security to satisfy the full amount of Contractor's unpaid obligations related to the asserted Event of Default, and Contractor replenishes the Performance Bond or alternative security as required by this Agreement, the asserted Event of Default shall be deemed cured and any right on the part of County to terminate this Agreement related to the asserted specific Event of Default shall be waived and extinguished.

ARTICLE 13 - MISCELLANEOUS

13.1 **Section Headings.** Section headings have been inserted in this Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Agreement and will not be used in the interpretation of any provision of this Agreement.

13.2 **Ownership of Documents.** Any documents prepared by the Contractor for this Agreement belong to the Contractor and, with the exception of proprietary documents, may be reproduced and copied by the County for internal use only without acknowledgement or permission of the Contractor.

13.3 **Successors and Assigns.** The Contractor shall not assign its obligations under this agreement, except in writing and with the prior written approval of the BOCC and the Contractor, which approval shall be subject to such conditions and provisions as the BOCC may deem reasonably necessary. This paragraph shall be incorporated by reference into any assignment and any assignee shall comply with all of the provisions of this Agreement. Subject to the provisions of the immediately preceding sentence, each Party hereto binds itself, its successors, assigns and legal representatives to the other and

to the successors, assigns and legal representatives of such other Party. Notwithstanding the foregoing, Contractor may assign this Agreement to a Financier as security for Contractor's obligations to Financier without the consent of County, but Contractor shall provide County with notice of any such assignment. County may assign its interest in this contract to any successor in interest that assumes, by operation of the law, the County's corporate functions or leaseholds in realty.

13.4 **No Third-Party Beneficiaries.** Except for rights provided to Financiers, nothing contained herein shall create any relationship, contractual or otherwise, with, or any rights in favor of, any third party. No provision of this Agreement is intended to nor shall it in any way inure to the benefit of any other Person not a Party or give rise to a cause of action in favor of any Person not a Party.

ARTICLE 14 - EVENTS OF DEFAULT

14.1 The following shall each constitute an Event of Default by Contractor.

- a. Contractor shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy (court) or a petition or answer seeking an arrangement, for its liquidation under the Federal bankruptcy laws or under any other law or statute of the United States or any state thereof; or
- b. By order or decree of a Court, Contractor shall be adjudged bankrupt or an order shall be made approving a petition filed by any of its creditors seeking its liquidation under Federal bankruptcy laws or under any law or statute of the United States or of any state thereof, provided that if any such judgment or order is stayed or vacated within ninety (90) calendar days after the entry thereof, any notice of default shall be and become null, void and of no effect; or
- c. Contractor has defaulted, by failing or refusing to pay in a timely manner any undisputed administrative charges, or other monies due County under this Agreement, and said default cannot be cured by County using the Performance Bond or alternative security or by Contractor or a Financier within thirty (30) calendar days of receipt of written notice by County to do so; or
- d. Factual and material information provided by Contractor to County on which County has relied in taking any material action or making any payment to Contractor is discovered to be materially inaccurate, and Contractor fails to correct the inaccuracy and refund or credit any payment made in reliance thereon within thirty (30) calendar days of receipt of written notice by County; or
- e. Contractor has breached or failed to perform a material term, condition or covenant in this Agreement and said breach is not cured within thirty (30) calendar days of receipt of written notice from County to do so, or if by reason of the nature of such breach, the same cannot be remedied within thirty (30) calendar days following receipt by Contractor of written demand from County to do so, Contractor fails to commence the remedy of such breach within said thirty (30) calendar days following such written notice or having so

commenced shall fail thereafter to continue with diligence the cure thereof (with Contractor having the burden of proof to demonstrate (a) that the breach cannot be cured within thirty (30) calendar days, and (b) that it is proceeding with diligence to cure said breach, and such breach will be cured within a reasonable period of time).

14.2 The following shall each be an Event of Default by County:

(a) County directs any material amount of Yard Waste, or other Acceptable Waste dedicated to Contractor exclusively, to any other Person during the Term, or fails to deliver Yard Waste or other Acceptable Waste to Contractor as required hereunder.

(b) County fails to make any payment due to Contractor under this Agreement within Fifteen (15) Business Days after such amount is due.

(c) County breaches any curable, non-monetary, material obligation under this Agreement, and fails to cure such breach within thirty (30) days after receiving written notification from Contractor of the breach.

(d) County fails to budget or appropriate sufficient funds to pay Contractor as described in Section 3.5.1.

(e) Any other material breach of this Agreement not specifically enumerated, that is not cured within thirty (30) days after County received written notification of default from Contractor.

14.3 **Termination.**

14.3.1 In the event the defaulting Party fails to cure the Event of Default within the period for curative action under Sections 14.1 or 14.2, as applicable, or upon the occurrence of an incurable Event of Default, the non-defaulting Party may terminate this Agreement by notifying the defaulting Party in writing of its decision to terminate and the effective date of the termination.

14.3.2 Upon termination of this Agreement by County due to an Event of Default by Contractor pursuant to Section 14.3.1, County shall have no future or further obligation to provide Acceptable Waste to Contractor or to make any payment whatsoever under this Agreement, except for payments for obligations arising or accruing prior to the effective date of termination. Upon termination of this Agreement by Contractor due to an Event of Default by County pursuant to Section 14.3.1, Contractor shall have no future or further obligation to accept or process Acceptable Waste from County or to satisfy any other obligation of this Agreement, except for payments or other obligations arising or accruing prior to the effective date of termination. After the effective date of termination, this Agreement shall not be construed to provide any residual value to either Party or any successor or any other Person, for rights to, use of, or benefits from the Acceptable Waste or Facility.

14.3.3 Notwithstanding any provisions in this Agreement to the contrary, upon the occurrence of an Event of Default by Contractor, County shall provide notice of the Event of Default to each Financier for which an address or other contact information has been provided to County by Contractor. Each Financier shall have the right to cure the Event of Default on behalf of Contractor within the cure periods set forth in Section 14.1, and County agrees to accept any such cure to the same extent as if made by Contractor. If Financier needs to foreclose on the Facility, Facility Site or other assets of Contractor or otherwise take legal action to gain possession of the Facility, Facility Site or other assets of Contractor in order to cure the applicable Event of Default, the applicable cure period shall be extended by the amount of time necessary for the Financier, using all reasonable due diligence, to obtain possession of the Facility, Facility Site, or other applicable assets. Under no circumstances, however, may the extension of time granted by the County under this Section 14.3.3 exceed 90 calendar days. If a Financier, or its designee, obtains possession of the Facility, Facility Site or other applicable assets of Contractor and assumes all of the obligations of Contractor under this Agreement, and cures any Event of Default, subject to and in accordance with Section 14.3, the County agrees to recognize the Financier, or its designee, as Contractor under this Agreement and to perform County's obligations to Financier or its designee.

14.3.4 If an Event of Default by Contractor will require more than the prescribed cure period to cure, and Contractor is diligently pursuing a cure, as reasonably demonstrated to County, then the applicable cure period shall be extended up to an additional ninety (90) days as long as Contractor is diligently pursuing the cure. This provision shall not apply to payment defaults. After Commercial Operation Date, if Contractor's default is due to a casualty event or other physical breakdown at the Facility which requires more time than otherwise allowed under this Article 14 to cure, as long as Contractor or its Financier are diligently pursuing the repair or reconstruction of the Facility, including necessary procurement and design, the cure period shall be extended to include such time as is reasonably necessary for Contractor or its Financier to complete the work using commercially reasonable efforts, as demonstrated to County.

14.3.5 The Contractor shall continue to accept and process County's waste during any period in which County is in default for any reason other than nonpayment.

14.4 **Other Damages.**

- (a) For all claims, causes of action and damages the Parties shall be entitled to the recovery of actual damages allowed by law unless otherwise limited by this Agreement. Neither the enumeration of Events of Default in Sections 14.1 and 14.2, nor the termination of this Agreement by a non-defaulting Party pursuant to Section 14.3.1, shall limit the right of a non-defaulting Party to rights and remedies available at law, including, but not limited to, claims for breach of contract or failure to perform by the other Party and for direct damages incurred by the non-defaulting Party as a result of the termination of this Agreement.

- (b) Except as otherwise specifically and expressly provided in this Agreement, no Party shall be liable to the other Party under this Agreement for any indirect, special, punitive, exemplary, incidental or consequential damages, including, without limitation, loss of use, loss of revenues, loss of profit, interest charges, cost of capital, or claims of customers to which service is made, whether arising under statute or in tort or contract. Notwithstanding the foregoing, in the event that County breaches this Agreement by failing to deliver Yard Waste or diverting such Yard Waste to third Parties as set forth in 4.1.1, Contractor shall be entitled to seek damages measured by (i) the costs incurred by Contractor to acquire suitable replacement of Acceptable Waste to meet Contractor's contractual obligations less any savings experienced by Contractor or (ii) the difference between the amount per ton which Contractor would have been paid by County to process the Acceptable Waste and the price per ton received by Contractor from alternative suppliers of waste, multiplied by the number of applicable tons, whichever is less.
- (c) While the County is not obligated to provide a minimum amount of Yard Waste, County acknowledges that Contractor is relying on County's Delivery of Yard Waste as required under 4.1.1 of this Agreement to operate the Facility and meet Contractor's obligations to generate electricity for sale to third parties, and the failure by County to deliver Yard Waste or its diversion to other Persons in violation of Section 4.1.1, may cause Contractor to breach its other contracts. In the event County violates its exclusivity obligation to Contractor by diverting Yard Waste to other Persons or failing to Deliver Yard Waste, County agrees Contractor shall have the right to specific enforcement of County's exclusivity and delivery obligations.

14.5 **Termination Cumulative.** Each Party's right to terminate this Agreement is in addition to any other rights and remedies provided by Applicable Laws or by this Agreement.

14.6 **Transition.**

- (a) In the event of a termination of this Agreement by Contractor for default by County or due to a Change in Law making performance impossible as described in Section 15.2, Contractor shall be entitled to cease performing services under the Agreement upon the effective date of termination, including termination of subcontracts, and may recover its equipment from Transfer Stations without interference by County or its contractors or agents. Contractor shall cooperate with County in any transition to a new services provider, but shall not be obligated to incur any material costs in assisting such a transition.
- (b) In the event of a termination of this Agreement by County, Contractor shall complete any work necessary to facilitate the transfer of Contractor's responsibilities to another contractor and cooperate with County's establishment of a new contract or other means of performing the services previously performed by Contractor. County shall have the

right to separately contract with any subcontractor of Contractor for services, or may request that Contractor assign one or more subcontracts to County. Any such assignment will be subject to approval by the applicable subcontractor.

ARTICLE 15 - CHANGE IN LAW

15.1 County and Contractor understand and agree that the Florida Legislature has the authority to make changes in solid waste management legislation and other laws and that changes in law in the future may require County to change the manner in which it collects or disposes of Acceptable Waste in a way that conflicts with the terms and obligations of this Agreement. In the event any such legislation or change in law is proposed by any Governmental Authority which, if enacted, would adversely affect County's ability to perform its obligations to Contractor or Contractor's ability to perform its obligations to County, the Parties agree to cooperate to oppose such proposed change or seek modifications to the proposed change to permit the Agreement to be unaffected. Nothing contained in this Agreement shall require any Party to perform any act or function contrary to law. Subject to Section 15.2, in the event that a change in Applicable Law is enacted which materially affects either Party's ability to perform its obligations hereunder, County and Contractor agree to enter into good faith negotiations regarding modifications to this Agreement to reflect the minimum changes in the performance of the applicable obligations necessary to comply with the Change in Law. Such modifications may include a reasonable and appropriate compensation adjustment for any increase or decrease in the services or other obligations required of Contractor. Neither County nor Contractor shall unreasonably withhold agreement to any such amendment to this Agreement, including any compensation adjustment, but the County is not required to increase taxes to meet any compensation adjustment. If the modification includes a compensation increase, County shall promptly seek any approval of BOCC to the modifications and increase as well as a corresponding appropriation of funds sufficient to pay for the new levels of compensation.

15.2 If a Change in Law makes Contractor's performance of any material portion of this Agreement impossible, or will cause Contractor to default on its financing (without violating Applicable Law), and the Parties fail to negotiate an amendment which resolves the legal barriers to Contractor's continued performance, Contractor may, upon thirty (30) days' notice to County, terminate this Agreement. Only a Change in Law which renders the Contractor's performance under the Agreement impossible in this manner shall otherwise excuse the Contractor from performance under the terms of this Agreement unless otherwise agreed to by the County.

ARTICLE 16 - AMENDMENTS TO CODE

County shall not propose any amendment to the Monroe County Code for the purpose of adversely affecting County's or Contractor's obligations, or their respective ability to perform their obligations, under this Agreement without first negotiating acceptable amendments to this Agreement with Contractor which addresses the adverse effects. County shall provide written notice to Contractor of any planned amendment to Chapter 21, or to other applicable chapters of the Monroe County Code that would materially affect the performance of Contractor's services pursuant to the Agreement. Except in the case of an amendment determined by the BOCC to be an emergency measure, such notice shall be provided at least thirty (30) calendar days prior to

the BOCC's consideration of such an amendment. If such an amendment is approved without prior agreement by the Parties to amendments to this Agreement necessary to hold Contractor harmless from the adverse effects of the amendment, then the change in law shall be treated as a change in law pursuant to Article 15.

ARTICLE 17 - PUBLIC ENTITIES CRIMES

A Person or its Affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on contracts to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017 of the Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

By signing this Agreement, Contractor represents that the execution of this Agreement will not violate the Public Entity Crimes Act (Section 287.133, Florida Statutes). Violation of this section shall be considered a default by Contractor and permit County to terminate this Agreement, and may result in debarment from County's future competitive procurement activities. County may also be able to recover amounts previously paid to the extent allowed by Applicable Law.

In addition to the foregoing, Contractor further represents that there has been no determination, based on an audit, that it or any subcontractor has committed an act defined by Section 287.133, Florida Statutes, as a "public entity crime" and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether Contractor has been placed on the convicted vendor list.

Contractor will promptly notify the County if it or any subcontractor or subcontractor of Contractor is formally charged with an act defined as a "public entity crime" or has been placed on the convicted vendor list.

ARTICLE 18 - MAINTENANCE OF RECORDS

Contractor shall maintain, and cause any applicable Affiliate to maintain, all books, records, and documents directly pertinent to its performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Records shall be retained for a period of five years from the expiration or termination of this Agreement. Subject to the provisions of Article 30, each Party to this Agreement or its authorized representatives shall have reasonable and timely access to such records of the other Party to this Agreement for public records purposes during the term of the Agreement and for four years following the expiration or termination of this Agreement. If an auditor employed by the County determines that monies paid to Contractor pursuant to this Agreement were spent for purposes not authorized by this Agreement, or were wrongfully retained by the Contractor, County shall

notify Contractor of the audit findings, providing all documentation supporting the determination and the amounts involved. Contractor shall have the right to review the findings and related documentation for up to thirty (30) days and to provide a written response accepting or disagreeing with the findings. To the extent Contractor accepts the audit conclusions, Contractor shall, within thirty (30) days, remit to County any amounts due including, where required by law, interest calculated pursuant to Fl. Stat. Section 55.03. To the extent Contractor disagrees with the audit findings, the Parties shall engage in discussion and negotiation for a period of thirty (30) days, as extended by agreement of the Parties in an effort to reach a resolution of the disagreements. If and to the extent after such negotiations the disagreements are not resolved in their entirety, either Party shall have the right to seek further remedies pursuant to Article 24.

**ARTICLE 19 - GOVERNING LAW,
VENUE, INTERPRETATION, COSTS, AND FEES**

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and to be performed entirely in the State. In the event that any cause of action or administrative proceeding is instituted for the enforcement or interpretation of this Agreement, County and Contractor agree that any action shall be filed, tried and remain in the state courts of the state of Florida, specifically the 16th Judicial Circuit, Monroe County, Florida, in the appropriate court or before any appropriate state administrative body with jurisdiction. Each party knowingly and voluntarily waives any right the Party may have under state or federal law for removal of any action filed in state courts to any federal court. This agreement shall not be subject to arbitration. Mediation proceedings initiated and conducted pursuant to this Agreement shall be in accordance with the Florida Rules of Civil Procedure and usual and customary procedures required by the circuit court of Monroe County.

ARTICLE 20 - SEVERABILITY

If any term, covenant, condition or provision of this Agreement (or the application thereof to any circumstance or Person) shall be declared invalid or unenforceable to any extent by a court of competent jurisdiction, the remaining terms, covenants, conditions and provisions of this Agreement, shall not be affected thereby; and each remaining term, covenant, condition and provision of this Agreement shall be valid and shall be enforceable to the fullest extent permitted by law unless the enforcement of the remaining terms, covenants, conditions and provisions of this Agreement would prevent the accomplishment of the original intent of this Agreement. The County and Contractor agree to negotiate an amendment to the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent and effect of the stricken provision.

ARTICLE 21 - BINDING EFFECT

The terms, covenants, conditions, and provisions of this Agreement shall bind and inure to the benefit of the County and Contractor and their respective legal representatives, successors, and assigns.

ARTICLE 22 - AUTHORITY

Each Party represents and warrants to the other that the execution, delivery and performance of this Agreement have been duly authorized by all necessary County and company action, as required by law.

ARTICLE 23 - CLAIMS FOR FEDERAL OR STATE AID

Contractor and County agree that each shall be, and is, empowered to apply for, seek, and obtain federal and state funds to further the purpose of this Agreement.

ARTICLE 24 - ADJUDICATION OF DISPUTES OR DISAGREEMENTS

County and Contractor agree that all disputes and disagreements shall be attempted to be resolved by meet and confer sessions between authorized representatives of each of the Parties. If no resolution can be agreed upon within 30 days after the first meet and confer session, then any Party shall have the right to seek such relief or remedy as may be provided by this Agreement or by Florida law. Each Party agrees to continue to perform its obligations under the Agreement during the pendency of any dispute or related dispute resolution proceeding.

ARTICLE 25 - COOPERATION

In the event any administrative or legal proceeding is instituted against either Party by another Person relating to the formation, execution, performance, or breach of this Agreement, County and Contractor agree to participate, to the extent required by the other Party, in all proceedings, hearings, processes, meetings, and other activities related to the substance of this Agreement or provision of the services under this Agreement. County and Contractor specifically agree that no Party to this Agreement shall be required to enter into any arbitration proceedings related to this Agreement.

ARTICLE 26 - NONDISCRIMINATION

Contractor or County agrees to comply with all applicable Federal and Florida statutes, and all local ordinances, as applicable, relating to nondiscrimination in employment. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (PL 88-352) which prohibits discrimination on the basis of race, color or national origin; 2) Title IX of the Education Amendment of 1972, as amended (20 USC ss. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; 3) Section 504 of the Rehabilitation Act of 1973, as amended (20 USC s. 794), which prohibits discrimination on the basis of handicaps; 4) The Age Discrimination Act of 1975, as amended (42 USC ss. 6101-6107) which prohibits discrimination on the basis of age; 5) The Drug Abuse Office and Treatment Act of 1972 (PL 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; 6) The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (PL 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; 7) The Public Health Service Act of 1912, ss. 523 and 527 (42 USC ss. 690dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; 8) The Americans with Disabilities Act of 1990 (42 USC s. 1201 Note), as may be amended

from time to time, relating to nondiscrimination on the basis of disability; 9) Monroe County Code Chapter 13, Article VI, which prohibits discrimination on the basis of race, color, sex, religion, national origin, ancestry, sexual orientation, gender identity or expression, familial status or age; 11) Any other nondiscrimination provisions in any Federal or state statutes which may apply to the Parties to, or the subject matter of, this Agreement.

ARTICLE 27 - COVENANT OF NO INTEREST

Contractor and County covenant that neither presently has any interest, and shall not acquire any interest, which would conflict in any manner or degree with its performance under this Agreement, and that the only interest of each is to perform and receive benefits as recited in this Agreement.

ARTICLE 28 - CODE OF ETHICS

County agrees that officers and employees of the County recognize and will be required to comply with the standards of conduct for public officers and employees as delineated in Section 112.313, Florida Statutes, regarding, but not limited to, solicitation or acceptance of gifts; doing business with one's agency; unauthorized compensation; misuse of public position, conflicting employment or contractual relationship; and disclosure or use of certain information.

ARTICLE 29 - NO SOLICITATION/PAYMENT

The Contractor and County warrant that, in respect to itself, it has neither employed nor retained any company or person, other than a bona fide employee working solely for it, to solicit or secure this Agreement and that it has not paid or agreed to pay any Person, company, corporation, individual, or firm, other than a bona fide employee working solely for it, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement.

ARTICLE 30 - PUBLIC ACCESS

30.1 Public Records.

The Contractor and County shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor and County in connection with this Agreement.

Pursuant to F.S. 119.0701, Contractor shall comply with all applicable public records laws of the State of Florida, including but not limited to:

(a) Keep and maintain public records that ordinarily and necessarily would be required by Monroe County in order to perform the service. County shall cooperate with Contractor to identify these records.

(b) Provide the public with access to non-proprietary public records on the terms and conditions that Monroe County would provide the records and at a cost that does not exceed the cost provided in Florida Statutes, Chapter 119 or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

(d) Meet all requirements for retaining public records and transfer, at no cost, to Monroe County all public records in possession of the Contractor upon expiration or termination of the Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to Monroe County in a format that is compatible with the information technology systems of Monroe County.

30.2 Proprietary Materials. Contractor considers certain data and information related to the performance of the Facility and its obligations under this Agreement, trade secret, confidential and proprietary, either because (i) Contractor has confidentiality and non-disclosure agreements with third parties from which the information was received, or (ii) the nature of the information involved is sensitive and uniquely valuable to Contractor or its subcontractors or suppliers or its disclosure would adversely affect Contractor's ability to compete in the marketplace, such as protected intellectual property or special techniques, methods, or financial information ("Contractor Proprietary Information"). Contractor Proprietary Information is agreed to include, but not limited to:

(i) financial and cost information provided by Persons other than Contractor;

(ii) investment and financial data and information provided by equity Financiers in Contractor or its Affiliates, and estimates, pro formas and other such financial data or projections provided by Contractor to prospective Financiers;

(iii) all technical information, software, and other design and operational specifications, procedures, and characteristics of the Facility, whether protected by Applicable Laws as intellectual property or not;

(iv) non-public data and information with respect to contracts with other Persons providing waste or services to Contractor at the Facility;

(v) information with respect to financial performance of Contractor or its Affiliates or the Facility;

(vi) terms of any power purchase agreement or other contracts for sale of electricity or Environmental Attributes.

Subject to Applicable Laws, and specific requirements of this Agreement to the contrary, Contractor shall not be required to disclose or make public Contractor Proprietary Information.

ARTICLE 31 - NON-WAIVER OF IMMUNITY

Notwithstanding the provisions of Sec. 768.28, Florida Statutes, the participation of the Contractor and the County in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

ARTICLE 32 - PRIVILEGES AND IMMUNITIES

All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County, shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

ARTICLE 33 - LEGAL OBLIGATIONS AND RESPONSIBILITIES

This Agreement is not intended to, nor shall it be construed as, relieving any Party from any obligation or responsibility imposed upon the Party by law except to the extent of actual and timely performance thereof by Party, in which case the performance may be offered in satisfaction of the obligation or responsibility. Further, this Agreement is not intended to, nor shall it be construed as, authorizing the delegation of the constitutional or statutory duties of the County, except to the extent permitted by the Florida constitution, and other Applicable Laws.

ARTICLE 34 - NON-RELIANCE BY NON-PARTIES

Except expressly set forth in this Agreement with respect to the rights of Financiers, no provision of this Agreement is intended to nor shall it in any way inure to the benefit of, any customer, County resident or business, property owner or any other third-party so as to constitute any such Person a third-party beneficiary under the Agreement, or of any one or more of the terms hereof, or otherwise give rise to a case of action in any Person not a Party hereto. No Person shall be entitled to rely upon the terms, or any of them, of this Agreement to enforce or attempt to enforce any third-party claim or entitlement to or benefit of any service or program contemplated hereunder. Neither County nor Contractor shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as an agent or representative or otherwise bind the other Party.

ARTICLE 35 - ATTESTATIONS AND TRUTH IN NEGOTIATION

Contractor agrees to execute such documents as County may reasonably require for the administration of this Agreement, including a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement.

ARTICLE 36 - NO PERSONAL LIABILITY

No covenant or agreement contained herein shall be deemed to be a covenant or agreement of any member, officer, agent or employee of Monroe County or Contractor in his or her individual capacity, and no member, officer, agent or employee of Monroe County or Contractor shall be liable personally on this Agreement or be subject to any personal liability or accountability by reason of the execution of this Agreement.

ARTICLE 37 - EXECUTION IN COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be regarded as an original, all of which taken together shall constitute one and the same instrument and any of the Parties hereto may execute this Agreement by signing any such counterpart.

INTENTIONALLY LEFT BLANK

(Signature pages to follow)

IN WITNESS WHEREOF, each Party has caused this Agreement to be executed by its duly authorized representative on the day and year first above written.

Title: _____

END OF AGREEMENT

MONROE COUNTY ATTORNEY
APPROVED AS TO FORM:
Christine M. Limbert-Barrows
CHRISTINE M. LIMBERT-BARROWS
ASSISTANT COUNTY ATTORNEY
Date 3/8/10

EXHIBIT A

COMPENSATION RATES

Beginning on the Commercial Operation Date or the date that is 30 months after the Effective Date, whichever is earlier, County shall compensate Contractor for services performed in accordance with this Agreement according to the following rates:

<u>Services</u>	<u>Fee</u>
Load/transport from Transfer Stations and process at Facility – Yard Waste, Biomass	\$67.20/ton
Load and transport Electronic Waste from applicable Points of Delivery to Facility and process	To be negotiated
Load and transport Canal Waste from applicable Points of Delivery to Facility or alternative site and process	\$67.20/ton
Processing fee for Canal Waste (excludes transportation)	\$35/ton
Load and transport C&D Waste from Transfer Stations to Facility and process	\$67.20/ton
Emergency transport and processing of Yard Waste, C&D Waste and Biomass after storm event	\$67.20/ton, unless otherwise mutually agreed by Parties (and FEMA if applicable)
Handling/disposal of Hazardous Substances or Prohibited Materials	To be agreed by Parties; if no agreement is needed, actual cost of removal and disposal in compliance with Environmental Laws plus 15 percent

EXHIBIT B

ADMINISTRATIVE CHARGES

1. Failure to attain scheduled Commercial Operation Date by COD Deadline, as extended under the Agreement.	\$500 per day
2. Material non-compliance of vehicles used for transporting Acceptable Waste with Applicable Laws	\$100 per incident
3. Submittal of required reports to County more than three days after due date	\$150 per day
4. Failure to provide County with access to Facility as required by this Agreement	\$500 per incident
5. Failure to transport or handle waste properly	\$500 per day
6. Failure to repair damage to County property	\$150.00 per incident
7. Failure to comply with designated facility regulations	\$150.00 per incident
8. Failure to maintain office hours as required	\$150.00 per incident
9. Operator not licensed	\$150.00 per incident
10. Failure to submit the financial statements, reports and other information as required under this Agreement by the prescribed date	\$1000.00 per calendar day

For purposes of Item 5, a failure to handle or transport waste properly shall mean that Contractor has not handled or stored Accepted Acceptable Waste at the Points of Delivery in accordance with Applicable Laws or has failed to remove such materials from the Transfer Stations within the time frame required by Applicable Laws.

EXHIBIT C

FEE ADJUSTMENTS

Beginning October 1, 2018 if the Commercial Operation Date occurs before April 1, 2018, or October 1, 2019 if the Commercial Operation Date occurs on or after April 1, 2018, the then applicable rates set forth in Exhibit A shall be adjusted October 1 of each Contract Year as follows:

The rates shall each be adjusted to reflect the change in the U.S. Consumer Price Index (CPI) for the US (unadjusted) for all urban consumers, all items, published monthly by the US Bureau of Labor and Statistics, relative to the CPI Index for the 12 month period ending in December or 2.5% whichever is less. If the CPI is discontinued during the Term, an alternative equivalent index shall be used as agreed by the Parties.

EXHIBIT D

APPROVED PRODUCTS

The following substances resulting from processing of Acceptable Waste at the Facility or other agreed sites are "Approved Products" for purposes of this Agreement.

Ash/Rock/Dirt

The inorganic residue from Acceptable Waste remaining after processing at the Facility or otherwise screened or segregated during processing.

Metals

Any metals remaining after processing of Acceptable Waste which can be recycled or reused.

Compost/Soil Amendment

Solid waste which has undergone biological decomposition of organic matter, has been disinfected using composting, anaerobic digestion, or similar technologies, and has been stabilized or processed to a degree that is potentially beneficial to plant growth and that is used or sold for use as a soil amendment, artificial top soil, growing medium amendment or other similar uses.

Synthetic Gas

Natural or synthetic gases produced by the Facility and which are used to generate electricity or make fuels.

Methane

Methane gas created by an anaerobic digestion process which is used to generate electricity.

Electricity

Electricity generated by the Facility or any approved digester or similar facility.

Environmental Attributes

All Environmental Attributes arising from the Facility, Back-Up Facility, or other approved facilities, or Contractor's processing of Acceptable Waste, or electricity produced by the Facility.

EXHIBIT E

FORM OF PERFORMANCE BOND

WASTE PROCESSING SERVICES
FOR MONROE COUNTY, FLORIDA

KNOW ALL MEN BY THESE PRESENTS: that _____ as Principal, hereinafter called Contractor, and, _____, as Surety, hereinafter called Surety, are held firmly bound unto the County of Monroe, Florida, as Obligee, and hereinafter called the County, in the amount of _____ Thousand Dollars (\$_____) for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Contractor has by written agreement dated _____, 2016, entered into an Agreement with the County for providing Waste Processing Services in accordance with the Agreement of Monroe County, FL, which Agreement is by reference made a part hereof, and is hereinafter referred to as the Agreement. The term of this bond is from _____ to _____. Renewal must be provided to the County sixty (60) days prior to the expiration of the term.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Agreement, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the County.

Whenever Contractor shall be, and declared by the County to be in default under the Agreement, the County having performed the County's obligations thereunder, the Surety may promptly remedy the default, or shall promptly perform one of the following:

1. Complete the Agreement in accordance with its terms and conditions.
2. Obtain a bid or bids for completing the Agreement in accordance with the terms and conditions, and upon determination by the Surety of the lowest responsible bidder, or if the County elects, upon determination by the County and the Surety jointly obtain a bid or bids for completing the Agreement in accordance with the terms and conditions, and upon determination by the Surety of the lowest responsible bidder, or if the County elects, upon determination by the County and the Surety jointly of the lowest responsible bidder, arrange for an agreement between such bidder and the County, and make available as work progresses (even though there should be a default or a succession of defaults under the Agreement or Agreement of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the Agreement price; but not exceeding, including costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term

“balance of the Agreement price”, as used in this paragraph, shall mean the total amount payable by the County to Contractor under the Agreement and any amendments thereto, less the amount properly paid by the County to Contractor.

Any suit under this bond must be instituted before the expiration date of the Agreement or if extended for an additional term by the County, the expiration of the extended term.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the County named herein or the executor, administrator or successors of the County of.

Signed and sealed this _____ day of _____, 201__.

SPECIFICATIONS FOR ACCEPTABLE AND OTHER WASTE STREAMS

The criteria set forth below define the Prohibited Materials and other minimum quality characteristics for each type of Acceptable Waste or additional waste streams subject to, or potentially subject to, this Agreement. In addition to Section 4.3, all Acceptable Waste delivered by County to Contractor shall meet these specifications.

1. Yard Waste and Biomass

Prohibited Materials: Rock, dirt, metal and other inorganic materials; Hazardous Substances; wood that is treated with creosote or arsenic or other chemical treatments.

Other Requirements: N/A

2. C&D Waste C&D Waste may include wood products, including products containing resins, glues, paints, varnishes, and stains; paper, cardboard and similar products; and organic landscaping waste.

Prohibited Materials: Rock, dirt, metals and other inorganic materials; Hazardous Substances, including formaldehyde; cement, gypsum, bricks or similar stone materials; Atomic Waste.

3. Canal Waste Canal Waste shall be dewatered to a moisture content no greater than 30% by weight.

Prohibited Materials: Rock, dirt, metal and other inorganic materials; Hazardous Substances other than naturally occurring levels of arsenic and copper.

4. Electronic Waste

Prohibited Materials: Atomic Waste; Hazardous Substances

Other Requirements:

5. Food Waste

Prohibited Materials: Biological Waste; Inorganic materials; Hazardous Substances

6. Sewage Solids Sewage Solids shall meet the US Environmental Protection Agency's criteria for sewage solid resource recovery criteria in 40 CFR Part 503 and related regulations, and corresponding state regulations.

Prohibited Materials: Hazardous Substances; inorganic materials

7. MSW

Prohibited Materials: Atomic Waste; Biological Waste; Hazardous Substances; explosives

Other Requirements: Other requirements may be added based on design limitation of the Facility.

INTERIM YARD WASTE PROCESSING AGREEMENT

**INTERIM YARD WASTE PROCESSING SERVICES AGREEMENT
BETWEEN
MONROE COUNTY
AND
ENERGY3, LLC.**

This Agreement ("Agreement") made and entered into this 18th day of February 2015 by and between Monroe County, a political subdivision of the State of Florida, whose address is 1100 Simonton Street, Key West, Florida, 33040, (hereinafter referred to as "County,") through the Monroe County Board of County Commissioners ("BOCC"),

AND

Energy3, LLC, a Delaware limited liability company, whose corporate headquarters address is; 1997 Annapolis Exchange Parkway, Suite #300, Annapolis, MD 21401 (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, the County currently collects Yard Waste from residents, businesses and government properties within the County for incineration and other disposal; and

WHEREAS, the County desires that its Yard Waste be processed for improved sustainability and for cost effectiveness reasons; and

WHEREAS, on July 29, 2014, the County issued a Request for Proposals ("RFP") for Yard Waste Processing Services for its Yard Waste; and

WHEREAS, on August 14, 2014, Contractor submitted a response to the RFP; and

WHEREAS, after evaluation of Contractor's proposal and other proposals, the selection committee unanimously ranked the Contractor's proposal as the highest scoring proposal; and

WHEREAS, on October 17, 2014, the BOCC authorized County staff to negotiate with Contractor for Yard Waste processing services, and continue to evaluate the Contractor's gasification proposal, and perform other due diligence duties on behalf of the County as part of the negotiation process;

WHEREAS, on December 10, 2014, the BOCC directed County staff to prepare an interim Agreement for interim Yard Waste processing services while the County continues its due diligence into the feasibility of the gasification services offered by the Contractor on a long term basis; and

WHEREAS, upon the completion of the County's due diligence process, if the County desires, the parties may enter into an Agreement for long term yard waste processing services at the proposed Gasification Plant; and

WHEREAS, the terms and conditions of this Agreement constitute an interim agreement between the County and the Contractor and provides for the Contractor to process the County's Yard Waste;

NOW, THEREFORE, in consideration of the above premises and the mutual promises, covenants and agreements stated herein, and for other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, County and Contractor agree as follows:

1 ARTICLE 1 DEFINITIONS

For the purpose of this Agreement, the definitions contained in this Article shall apply unless otherwise specifically stated. If a word or phrase is not defined in this Article, the definition of such word or phrase as contained in Chapter 21 of the Monroe County Code shall control. When not inconsistent with the context, words used in the present tense include the future, words in the plural include the singular, and words in the singular include the plural. Use of the masculine gender shall include the feminine gender.

1.1 Acceptable Waste.

All Yard Waste.

1.2 Acceptance.

The receipt of physical custody by Contractor of Yard Waste delivered by County at the applicable Point of Delivery at any Transfer Station.

1.3 Administrator.

The administrator of the Public Works Department of the County or any other Person designated by County to perform similar responsibilities.

1.4 Affiliate.

With respect to any Person, any Person directly or indirectly controlling, controlled by or under common control with such Person.

1.5 Agreement.

This written document and all exhibits, attachments, and amendments hereto, between County and Contractor, as it may be amended in accordance with its terms.

1.6 Applicable Law.

All applicable laws, statutes, treaties, codes, ordinances, regulations, certificates, orders, licenses and permits of any Government Authority, now in effect or hereafter enacted, amendments to any of the foregoing, interpretations of any of the foregoing of a Governmental Authority having jurisdiction, and all applicable judicial, administrative, arbitration and regulatory decrees, judgments, injunctions, writs, orders, awards or like actions.

1.7 Approved Product.

Any substance resulting from the processing of the Yard Waste and approved by County, including, but not limited to, all substances listed in Exhibit D.

1.8 Atomic Waste.

Any special nuclear material, by-product materials or other material, the acquisition, handling, use, transportation or disposal of which is specifically regulated under the Atomic Energy Act of 1954, as amended, 42 U.S.C. Sections 2011, et. seq.

1.9 Back-Up Facility.

Any facility used by Contractor for processing of the Yard Waste other than the initial Processing Facility or Gasification Plant, the use of which produces only Approved Products.

1.10 Biological Waste.

Any substance that causes or has the capability of causing disease or infection and which includes biomedical waste, diseased or dead animals, and other wastes capable of transmitting pathogens to humans or animals.

1.11 Business Day. Any day other than a Saturday or Sunday on which banks in Florida are open for business.

1.12 Commencement Date.

The date on which Contractor's must commence performance of its obligations under this Agreement. The date of commencement shall be the date specified in the Notice to Proceed to the Contractor.

1.13 Contract Year.

A period of time one calendar year in length and commencing on the Commencement Date and each anniversary of the Commencement Date during the Term.

1.14 Contamination.

Waste material that does not meet the definition of Yard Waste.

1.15 County Representative

The Person who is designated by the County Administrator to administer and monitor Contractor's performance under this Agreement.

1.16 Delivery.

The physical delivery by the County or its vendors or agents of Yard Waste to the Point of Delivery at any Transfer Station and Contractor's Acceptance of such Yard Waste.

1.17 Disposal.

The final disposition of Residue by the Contractor, at the Contractor's sole expense.

1.18 Force Majeure

An event or circumstances as described in Section 5.

1.19 Gasification Plant.

The facility proposed to be developed, constructed and operated by Contractor or an Affiliate of Contractor, which will be capable of processing Yard Waste and other waste materials into synthetic gas, electricity, fertilizer, fuels or other Approved Products, as described in Exhibit D.

1.20 Governmental Authority.

Any nation, government, state or other political subdivision thereof, whether foreign or domestic, including, without limitation, any municipality, township and county, and any entity exercising executive, legislative, judicial, regulatory, or administrative functions of or pertaining to government, including, without limitation, any corporation or any entity owned or controlled by any of the foregoing.

1.21 Interim Processing Facility(s)

The site(s) where the County has authorized the Contractor to process the County's yard waste for the term of the Interim Agreement. Such sites could include the New Hope waste-to-energy facility, the New Castle mulch and composting facility or other waste disposal facilities as mutually agreed to by the County and the Contractor.

1.22 Hazardous Substance.

Collectively (i) any "hazardous substance" or "pollutant or contaminant" as defined in Sections 101(14) and 101(33) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Sec. 9601(4) & 9601(33); (ii) any element, compound, mixture, solution or substance designated pursuant to Section 102 of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9602; (iii) petroleum, including crude oil or any fraction thereof; (iv) any hazardous waste having the characteristics identified under or listed pursuant to the Solid Waste Disposal Act, as amended, 42 U.S.C. Sec. 6921 et seq.; (v) any material defined as "hazardous waste" pursuant to 40 C.F.R. Parts 260 or 261; (vi) any solid waste defined as "hazardous waste" under the Resource Conservation and Recovery Act, 42 U.S.C. Sections 6901, et seq.; (vii) any imminently hazardous chemical substance or mixture for which the Administrator of the Environmental Protection Agency has taken action pursuant to Section 7 of the Toxic Substances Control Act, 15 U.S.C. 2606; (viii) any substance, the presence of which causes or threatens to cause a nuisance at any real property (ix) ureaformaldehyde foam insulation; (x) asbestos and asbestos containing materials (whether friable or non-friable); (xi) any asbestos, polychlorinated biphenyl, radium or isomer of dioxin, or any material or thing containing or composed of such

substance or substances; or (xii) any material now defined as "hazardous material" pursuant to 49 C.F.R. §171.8, and (xiii) any material or substance defined as "hazardous waste" pursuant to Applicable Laws in Florida; in each case as amended or interpreted.

1.23 Operator.

The contracted operator of the County's transfer stations located at Cudjoe, Long Key and Key Largo.

1.24 Party.

Either Contractor or County, and their respective agents, authorized representatives, successors and permitted assignees.

1.25 Parties.

Contractor and County and their respective agents, authorized representatives, successors and permitted assignees.

1.26 Permits.

Any permit, license, consent, authorization, certificate, order, registration, or approval required from any Governmental Authority for the Contractor to perform its obligations under this Agreement.

1.27 Person.

Any individual, firm, company, association, organization, partnership, corporation, trust, Governmental Authority, limited liability company or other entity or organization.

1.28 Point of Delivery.

The Point of Delivery will be set forth in the Notice To Proceed. The location at any Transfer Station at which Yard Waste or other Acceptable Waste is physically delivered to Contractor and Contractor accepts title and risk of loss for such Yard Waste or Acceptable Waste.

1.29 Processing.

The act of composting, mulching, grinding, or otherwise loading and separating and converting Yard Waste into Approved Products.

1.30 Prohibited Material.

Any substance or material which (i) does not constitute Yard Waste or Acceptable Waste, or (ii) Contamination.

1.31 Receiving Hours at Transfer Stations

The Operator's operating hours at the County's transfer stations are 8:00 a.m. – 4:00 p.m. Monday through Saturday. The transfer stations are closed on Sundays, Thanksgiving Day, Christmas Day and New Year's Day.

1.32 Residue.

Ash, residue or other materials or substances remaining after Processing of Yard Waste or Acceptable Waste which is not an Approved Product.

1.33 Site.

One or more locations at which any Processing Facility is located.

1.34 Solid Waste.

Garbage, rubbish, refuse, special solid waste, bulk waste, yard waste or horticultural waste, industrial or commercial waste, or other discarded materials.

1.35 Transfer Stations.

The current waste transfer facilities owned by the County at Cudjoe Key, Long Key, and Key Largo and any additional locations designated by County and acceptable to Contractor.

1.36 Yard Waste.

Horticultural waste and other vegetative matter including, but not limited to, materials such as tree and shrub trimmings and prunings, grass clippings, mulch, palm fronds, tree stumps, logs, tree trunks, tree limbs, brush, right-of-way trimmings, landscaping or logging residues, slash, wood, wood products and any other woody or plant material.

1.37 Processing Facility.

Any facility at which Contractor provides or contracts for processing of Yard Waste or other Acceptable Waste as identified to County.

2 ARTICLE 2 TERM OF AGREEMENT.

2.1 Term.

(a) The Term of this Interim Yard Waste Processing Services Agreement is anticipated to commence on April 1, 2015, but the date of commencement shall be the date specified in the Notice To Proceed issued by the County and shall continue for a period of thirty (30) months, unless earlier terminated or extended in accordance with its terms.

(b) If County approval for long term Yard Waste Processing at the proposed Gasification Plant does not occur within the thirty (30) month term of this Agreement, the

County may elect to terminate this Interim Services Agreement upon six (6) months' written notice to Contractor.

(c) If the County approves a long term Yard Waste processing within the thirty (30) month term of this Agreement, it is understood that the Contractor will need approximately thirty (30) months to obtain permits and construct the Gasification Plant and thus the County agrees to extend this Interim Agreement for the period of time necessary for the completion of the proposed Gasification Plant.

(d) The County shall have the right to continue to conduct such due diligence with respect to the Gasification Plant as it deems necessary to assess the suitability of the Gasification Plant for processing of the Yard Waste and Acceptable Waste in accordance with the County's environmental objectives and statutory obligations of the County with respect to handling and disposal of solid wastes. Contractor will cooperate with the County's due diligence process. At the end of the due diligence period, County shall determine whether the Gasification Plant is acceptable for long term processing Yard Waste and Acceptable Waste. If the County decides that it does not approve the use of the Gasification Plant, this Agreement shall continue in effect for the Term, unless the County exercises its option to termination as set forth above.

3 ARTICLE 3 REPRESENTATIONS AND WARRANTIES: COVENANTS

3.1 Representations and Warranties.

By executing this Agreement, Contractor makes the following express representations and warranties to the County as of the date the Agreement is executed. Contractor is a limited liability company duly organized, and validly existing under the laws of Delaware and in good standing under the laws of the State of Florida. It is qualified to transact business in the State of Florida and has the power to own its properties and to carry on its business as now owned and operated and as required by this Agreement. Contractor has the authority to enter into and perform its obligations under this Agreement. The members of Contractor have taken all actions required by Applicable Law and its organizational documents, to authorize the execution of this Agreement. The Person signing this Agreement on behalf of Contractor has authority to do so.

3.2 Permits.

The Contractor, shall maintain all necessary licenses, permits or other authorizations necessary to act as Contractor for the performance of Contractor's obligations hereunder until the Contractor's duties hereunder have been fully satisfied. The Contractor agrees to comply with all permit requirements as it relates to the Contractor's use of the County owned Transfer Stations.

3.3 Documentation.

The Contractor shall prepare all documents required by this Agreement in such a manner that they are accurate and adequate for use in verifying work completed and shall be in conformity and comply with all Applicable Laws.

The Contractor warrants that the documents prepared pursuant to this Agreement will be adequate and sufficient to document costs in a manner that is acceptable for payment by County. The Contractor warrants that the documents provided to the County will be in conformity and comply with all Department of Environmental Protection requirements.

3.4 Compliance with Law.

The Contractor's services shall be performed in accordance with the professional skill and care required of similarly situated service providers. Contractor represents that it has the expertise and professional and technical capability to perform all of its obligations under this Agreement and is ready, willing and able to so perform. In providing all services pursuant to this Agreement, the Contractor shall abide by all Applicable Laws including those now in effect and hereinafter adopted subject to the provisions of Section 17.

3.5 Independent Contractor

At all times and for all purposes under this agreement the Contractor is an independent contractor and not an employee of the Board of County Commissioners for Monroe County. No statement contained in this agreement shall be construed so as to find the Contractor or any of its employees, contractors, servants, or agents to be employees of the Board of County Commissioners for Monroe County.

3.6 Financial Condition

Contractor has made available to County certain information on its financial condition, and that of its Affiliates or Agents. Contractor recognizes that the County has relied on this information in evaluating the sufficiency of Contractor's financial resources to perform this Agreement. To the best of Contractor's knowledge, this information is complete and accurate, does not contain any material misstatement of fact and does not omit any fact necessary to prevent the information provided from being materially misleading.

4 ARTICLE 4 SCOPE OF SERVICES

The Contractor and/or its Affiliates will provide Yard Waste Processing Services during the Term of this Agreement including Yard Waste transfer, loading, processing, materials marketing services, and residue disposal (if necessary) for Yard Waste materials generated in the County and delivered to the three existing County-owned Transfer Stations. Other Transfer Stations may be added or substituted by the mutual agreement of the County and the Contractor.

The Contractor will be responsible for transferring the yard waste from each of the various Transfer Stations located throughout the County to the Contractor's Site(s). These services do not involve the initial collection of yard waste. The County's waste collectors will collect the yard waste and deliver it to the Transfer Stations, at the direction of the County. The Contractor according to its approved plan will haul Yard Waste (and other acceptable materials) from the Transfer Stations to the Contractor's

Site(s). The County's Operator who occupies the Transfer Station may offer to load the yard waste onto the Contractor's trucks for transport to the Contractor's site – for a fee to be negotiated by the Contractor. The Contractor may upon its sole discretion, choose to load the yard waste itself at the Transfer Stations. The County in collaboration with the transfer station Operator will provide all reasonable space and access at the County owned transfer stations necessary for the Contractor to process, load, and transfer the waste materials to the Contractor's processing and loading equipment and vehicles.

The County may permit, with prior approval, the use of technologies including composting, mulching, incineration (only outside of Monroe County) and gasification of the yard waste and any residues. The Contractor and its affiliates will also be responsible for the production and sales or disposal of its by-products such as mulch, compost, biogas, aggregate, recycled metals, renewable or nonrenewable energy, and residuals during the Interim Yard Waste Processing Services Agreement.

4.1 **County Collection, Delivery and Handling.**

4.1.1 **Collection.**

(a) **Collection.** County will collect, or cause its agents and collection contractors to collect, all Yard Waste created or generated within the County, at County's expense. County shall not allow the diversion of material amounts of Yard Waste by County or County residents or businesses to other Persons for disposal, and County acknowledges that Contractor's rights to receive all Yard Waste during the Term is exclusive, except in the instance the Contractor does not comply with the terms of this Interim Agreement or in an emergency.

(b) **Tonnage.** County shall use commercially reasonable efforts to provide a reasonably equivalent amount of Yard Waste to Transfer Stations each month, averaging, in the aggregate, 3500 tons per month by the end of this Interim Agreement. Contractor acknowledges that there may be more than slight variations in the amounts in years 1 and 2, seasonal variations in delivery amounts as well as additional volumes caused by storms or other unusual events, and it will work with County to address such circumstances. The County shall make every effort to provide the Contractor with 40,000 tons of yard waste per year, but is not bound to provide a minimum of 40,000 tons under this Interim Agreement.

4.1.2 **Delivery; Acceptance.** County or its agents and contractors will transport and deliver the Yard Waste to a Point of Delivery at any Transfer Station at County's expense for Delivery to Contractor. Yard Waste shall contain no Hazardous Materials and no more than three (3) percent of Prohibited Material or Contamination measured by weight. Contractor shall have the right to inspect all delivered Yard Waste prior to Acceptance for the presence of Hazardous Substances or excessive amounts of Prohibited Materials or Contamination. In the event Hazardous Substances or excessive amounts of Prohibited Materials or Contamination are detected in any portion of Yard Waste delivered by County, Contractor may redirect such contaminated Yard Waste and notify the County of such redirection and the location of disposal within 24 hours. The Contractor shall

provide documentation of the disposal of contaminated yard waste.

4.1.3 Weighing.

County shall weigh and register the Contractor's empty trucks and transport vehicles or shall weigh trucks or transport vehicles of Contractor arriving at any Transfer Station before loading with Yard Waste as appropriate. Once loaded, the County shall weigh each vehicle again and record the difference between the weights of empty and loaded vehicles.

4.1.4 Transfer Station Operator.

The County in collaboration with its Operator, and upon adjusting the use of the leased areas of the sites, shall make available sufficient room at the County owned Transfer Station for Contractor to perform such on-site processing, which may include grinding and loading of Yard Waste. The County acknowledges that it contracts for the operation of the Transfer Stations and will make modifications to the Operator's agreement as needed to ensure that Contractor has access to and use of the transfer stations for the performance of the Contractor's obligations under this Agreement. Contractor shall promptly notify County of any interference with Contractor's activities or access by a Transfer Station operator which adversely affects Contractor's performance of its obligations hereunder.

4.2 Contractor's Processing Services.

4.2.1 Handling at Transfer Station. The Contractor will provide Yard Waste Processing Services during this Interim Agreement for Yard Waste materials generated in the County and delivered to the three existing County-owned waste transfer stations by the County's collection vendors. Other Transfer Stations or sites may be added or substituted by the mutual agreement of the County and the Contractor. Contractor may, at its option, elect to grind or otherwise chip or process woody Yard Waste at the Transfer Station after Acceptance by Contractor to reduce volume for transport. The costs for use of grinders and similar equipment shall be the responsibility of Contractor.

4.2.2 Loading. Loading of Yard Waste Delivered to Contractor shall be the responsibility of Contractor. Contractor may contract separately for loading services, contract with a third party, or perform the loading services itself, in its discretion, if Contractor elects to have a third-party provide loading services, County shall not unreasonably withhold approval to allow such Person necessary access to the applicable Transfer Station to perform such services, subject to all - County approved transfer station operating hours, applicable laws and County safety and security requirements for the transfer stations. If the Contractor contracts with a third party, the third party will be considered the Contractor's agent, and Contractor is responsible for all acts or omissions of its agents. County shall make available, or cause any contractor of County operating the Transfer Station to make available, sufficient room and access to each Transfer Station necessary for Contractor to load

its transport vehicles as stated above in Section 4.1.4. Regardless of the method the Contractor selects for loading, the fee for interim processing to the County remains unchanged and as specified herein.

4.2.3 **Transport.** Contractor shall be responsible for transporting, or arranging for transport of, all Delivered Yard Waste to a Processing Facility during this Interim Agreement to a Processing Facility after the Commencement Date, at Contractor's expense. Subject to the provisions of Section 4.1.1 (b) and 4.1.2, Contractor shall use commercially reasonable efforts to transport Yard Waste from each Transport Station as sufficient volumes accumulate for efficient and economical processing and transport, and shall not allow the accumulation of Yard Waste at any Transfer Station in amounts that interfere with Transfer Station operations or cause safety concerns.

4.2.4 **Processing.** Contractor shall be responsible for processing of all Yard Waste at any Interim Processing Facility. Acceptable Processing Facilities shall include in or out of County composting or, mulching facilities and out of County gasification and incineration waste to energy facilities. The Contractor shall ensure that the recycling credits received for processing at these sites, as provided by Department of Environmental Protection, are acceptable to the County. The interim processing facilities include, but are not limited to:

New Hope biomass processing facility
(next to the Okeelanta Sugar Mill and Refinery)
8501 US HWY 27 South, South Bay, Florida

Oldcastle Lawn & Garden mulch processing facility
30075 Us Highway 27, Moore Haven, FL 33471

4.2.5 **Emergency Processing.** The Contractor may only use air curtain incinerators or landfills as a last option when needed to process larger volumes of Yard Waste delivered during peak seasons or as a result of storm events or infestations, and shall be approved by the County in advance at the request of the Contractor. The Contractor shall ensure that the recycling credits received for processing, as provided by the Department of Environmental Protection, are acceptable to the County.

4.2.6 **Approved Production; Residue.** Contractor shall be responsible for the marketing, sale or disposal of all Approved Products or Residue from processing activities, at Contractor's expense, and shall be entitled to all revenues or income received from the sale of any such Approved Products or Residue.

4.3 **Labor and Equipment.**

Contractor shall provide and maintain all labor, equipment, tools, facilities, and personnel supervision required for the performance of Contractor's obligations under this Agreement. Contractor shall at all times have sufficient backup equipment and labor to fulfill Contractor's obligations. The enumeration of, and specification of requirements

for, particular items of labor or equipment shall not relieve Contractor of the duty to furnish all others that may be required, whether enumerated or not. No compensation for Contractor's services or for Contractor's supply of labor, equipment, tools, facilities, or supervision shall be provided or paid to Contractor by County or by any service recipient except as expressly provided by this Agreement.

4.4 **Vehicle Registration, Licensing and Inspection**

All vehicles used by Contractor and its Affiliates or subcontractors in the performance of services under this Agreement shall be in compliance with all registration, licensing and inspection requirements of the Florida Highway Patrol, the Florida Department of Motor Vehicles, and any other Applicable Laws or regulations. Contractor may be subject to administrative charges for not complying with all Applicable Laws for vehicle registration, licensing and inspection.

Contractor and its Affiliates shall maintain copies of all certificates and reports evidencing compliance with this Section 4.4, and shall make such certificates and reports available for inspection upon request by the County Representative. Contractor shall not use any vehicle to perform services under this Agreement that is not in compliance with Applicable Laws.

4.5 **Reserve Equipment**

Contractor shall have available to it, at all times, reserve Yard Waste processing equipment which can be put into service and operation as soon as practicable after any breakdown of primary equipment. Such reserve equipment shall be of sufficient size and capacity to perform the services required by this Agreement.

4.6 **Personnel Requirements**

4.6.1 **General Manager Qualifications**

Contractor shall have a qualified general manager or other individual with direct responsibility for performance of its services under this Agreement. Upon County request, Contractor shall provide a written description of its general manager's duties, responsibilities, and commitments to parties other than the County, including duties and responsibilities related to Contractor management activities, and other collection, processing or disposal operations. The written description shall be provided within fifteen (15) calendar days of the County's request.

4.6.2 **Access to General Manager.**

The general manager shall be readily available to the County Representative and the Administrator through the use of telecommunications equipment at all times that Contractor is providing services pursuant to this Agreement.

4.6.3 **Emergency Contact.**

Contractor shall provide the County Representative with emergency phone number(s) at which the general manager, and any other Contractor representative authorized to act on Contractor's behalf, can be reached outside of normal Contractor office hours. The emergency representative shall respond to any call from the County within one (1) hour.

4.6.4 **Other Personnel Qualifications.**

Contractor shall employ and assign qualified personnel to perform all services set forth herein. Contractor shall be responsible for ensuring that its employees comply with all federal, state, and local laws applicable to their employment, responsibility, and position.

4.6.5 **Management and Supervision.**

Contractor shall at all times maintain a level of management and supervisory staffing sufficient to perform the services required by this Agreement. Upon County request, Contractor shall provide written identification of key management and supervisory personnel, and such additional related information as may reasonably be requested by the County, including but not limited to, organization chart(s), resumes, job descriptions, identification of current responsibilities, and allocation of time to responsibilities.

4.6.6 **Training.**

Contractor shall provide the initial and ongoing personnel training necessary or required to perform the requirements of this Agreement. Training includes, but may not be limited to, operational training, safety training programs, compliance with Applicable Laws, and other training.

4.6.7 **Office Hours**

Contractor and staff shall be available to County staff Monday through Friday from 8:30 AM to 5:00 PM, or as otherwise approved by the County Representative, except for legal holidays.

4.7 **Permits and Access.**

4.7.1 **Facility Permits and Licenses.**

Contractor shall be solely responsible for obtaining, at its own expense, any and all Permits, necessary for the transportation, processing, and transfer of materials Delivered to Contractor by County, and maintain same in full force and effect throughout the term of the Agreement.

4.7.2 Proof of Permits.

Contractor shall provide proof of such Permits, and shall demonstrate compliance with the terms and conditions of such Permits, upon the request of the County Representative.

4.7.3 Compliance.

Contractor shall at all times ensure that it is in compliance with all other Applicable Laws with respect to performance of its obligations hereunder.

4.7.4 Facility Access.

Contractor shall at all times, with reasonable verbal notice, provide the County Representative with access to any facilities engaged in providing Yard Waste processing services subject only to reasonable notice, safety and security requirements of any third party owner or operator of any such facility. Contractor may be subject to administrative charges for failing to provide access under this Section.

4.7.5 Contractor's Loading Hours

The Contractor will have access to the Transfer Stations and perform its Yard Waste processing and loading responsibilities during the hours of: 4:00 AM to 8:00 AM Monday through Saturday, except on Holidays. This Schedule is being used to mitigate interference with the Operator's operations at the County's Transfer Stations, whose operating hours are 8:00 a.m. – 4:00 p.m. Monday through Saturday. The transfer stations are closed on Sundays, Thanksgiving Day, Christmas Day and New Year's Day. Actual hours of Yard Waste pick up and transport operations will be detailed and agreed to mutually by the Administrator and Contractor based on availability of County staff and dependent upon anticipated volumes of Yard Waste presented to the various Transfer Stations. The Administrator shall be able to adjust the loading hours by mutual agreement of the parties.

4.7.5 Processing Facility Capacity

Contractor shall provide, at one or more Processing Facilities, capacity adequate for processing all Yard Waste Accepted by Contractor pursuant to this Agreement.

4.7.6 Holiday Service.

The County Transfer Stations observe Thanksgiving, Christmas and New Year's. Contractor shall not be required to provide Yard Waste processing services on these designated holidays.

4.8 Ownership of Material

Title to and risk of loss for Yard Waste shall pass to Contractor when the Contractor

accepts the conforming Yard Waste at any Transfer Station pursuant to Section 4.1.2.

4.9 Litter Abatement

Contractor shall not litter in the process of providing the services required by this Agreement. Contractor shall transport or cause the transport of all Yard Waste and Residue in such a manner as to reasonably prevent the spilling or blowing of such waste from Contractor's vehicles. Contractor agrees to clean up litter at the Transfer Stations within two (2) days of County inspection and sending notice to the Contractor. Notice may be given by telephone or electronic mail ("email").

4.10 Disposal of Residue

Contractor shall properly dispose of any and all Residue created at any Processing Facility at the sole expense of the Contractor. If Contractor disposes of Hazardous Materials or Prohibited Materials for County, the material handling and disposal will be subject to reimbursement by County in accordance with a schedule of fees as agreed by the County and Contractor.

4.11 Approved Products

4.11.1 Contractor shall ensure that all Yard Waste Accepted pursuant to this Agreement is processed only into the Approved Products listed in *Exhibit D*. In the event additional products of the Processing Facility are identified by Contractor, Contractor may make written request to add such additional products as "Approved Products" to the Administrator. However, Contractor may not process, or allow processing of, Yard Waste into any such additional products unless these products are approved by the Administrator in writing.

4.11.2 Approved Products Records

Contractor shall maintain such records as are necessary and sufficient to verify that Yard Waste processed pursuant to this Agreement is processed into Approved Products.

4.12 Emergency Service

The Contractor has established a program to identify and manage yard waste which requires emergency management and handling, such as larger than normal amounts received during a storm event. In the event emergency waste is received at a Transfer Station in quantities which require special management and handling, the County shall notify the Contractor that possible emergency handling of such waste is required. If emergency handling of such waste is reasonably and mutually deemed by the County and the Contractor, the generator or transporter of such waste may be charged a handling and disposal fee negotiated between the County and the Contractor, if mutually agreed by the parties. In the event the County and the Contractor are unable to agree on fees, the matter shall be submitted to the County Administrator or his or her designee for final determination. The County may elect to use other contractors for the removal, transport and processing of emergency storm waste.

Article 5 Force Majeure

5.1 The term "Force Majeure" shall mean an event or circumstance beyond the control of the Party claiming Force Majeure, that, by exercise of due diligence and foresight, could not reasonably have been avoided, including, but not limited to flood, earthquake, hurricane, tropical storm, fire, lightning, epidemic, war, riot, civil disturbance, sabotage, terrorism, strike, and act of God or any other cause beyond the control of the Party claiming Force Majeure. However, the obligation to use due diligence shall not be interpreted to require resolution of labor disputes by acceding to demands of the opposition when such course is inadvisable in the discretion of the Party having such difficulty. The performance of each Party under this Agreement may be subject to interruptions or reductions due to an event of Force Majeure. In this instance this will include the suspension, termination, interruption, denial or failure of or delay in renewal or issuance of any permit, license, consent, authorization, services, access or approval essential to the design, construction, start-up, acceptance testing or operation or maintenance of the facility or the disposal site except any permit, license, consent or authorization for the Contractor's proprietary technology required for the facility of the disposal site, provided that such act or event shall not be the result of the willful or negligent action or inaction of the party relying thereon and that neither the contesting in good faith of any such order nor the reasonable failure to so contest shall be construed as a willful or negligent action or inaction of such party, a partial or entire delay or failure in the provision of necessary utilities or services to the facility. With respect to the Contractor, any material failure of the County, its representatives or other parties retained by the County, including vendors and contractors of any tier (except the Contractor), to provide information, services, or any of the other items to be furnished by the County, in a timely manner and as required by this Agreement, or material errors, omissions, changes or defects in such items.

5.2 Remedial Action.

A Party shall not be liable to the other Party in the event it is prevented from performing its obligations hereunder in whole or in part due to an event of Force Majeure. The Party rendered unable to fulfill any obligation by reason of a Force Majeure shall take all action necessary to remove such inability with all due speed and diligence. The nonperforming Party shall be prompt and diligent in attempting to remove the cause of its failure to perform, and nothing herein shall be construed as permitting that Party to continue to fail to perform after said cause has been removed.

5.3 Exclusions from Definition of Force Majeure. Notwithstanding anything in this Agreement to the contrary, "Force Majeure" shall not mean:

(a) General inclement weather normally experienced within the County or in the vicinity of the transfer station or processing facility and affecting operation of a Transfer Station or Processing Facility.

(b) Changes in market conditions, governmental action, or weather conditions that affect the cost of any Party's performance, except as expressly set forth herein.

(c) Unavailability of equipment, repairs or spare parts, except to the extent due to a qualifying event of Force Majeure.

(d) Any mechanical or equipment breakdown or other or events or conditions attributable to normal wear and tear or flaws or failure to operate or maintain such component in accordance with manufacturer's requirements, unless such event is caused by a qualifying event of Force Majeure.

5.4 Notice.

In the event of any delay or nonperformance resulting from Force Majeure, the Party suffering the event of Force Majeure shall, within forty eight (48) hours or as soon as practical after the occurrence or the Party's knowledge of the occurrence of the Force Majeure event, notify the other Party in writing of the nature, cause, date of commencement thereof, and the anticipated extent of any delay or interruption in performance.

5.5 Subcontractors.

Contractor shall be entitled to use qualified subcontractors listed herein to perform any of its obligations under this Agreement, provided that the use of subcontractors shall not relieve Contractor of its liability for such obligations. The Contractor may submit future subcontractors for approval to the County, and such approval shall not be unreasonably withheld by the County.

5.6 Existing Environmental Liability.

Contractor shall have no liability or responsibility for any existing violation of any Applicable Laws with respect to any Transfer Station or County's collection and handling of Yard Waste or Acceptable Waste prior to its Delivery to Contractor, including, but not limited to (i) any existing Hazardous Substances at any Transfer Station, or the future use, release, handling or disposal of Hazardous Substances by any Person other than Contractor and its agents and subcontractors at any Transfer Station; (ii) any Hazardous Substances present in the Yard Waste or Acceptable Waste or their handling, release or disposal; or (iv) compliance of any Transfer Station with any other Applicable Laws relating to the natural environment or human health or safety.

6 ARTICLE 6 NOTICES

All written correspondence to the County shall be dated and signed by an authorized representative of the Contractor. Any notice required or permitted under this Agreement shall be in writing and hand delivered or mailed, postage pre-paid, to the County by certified mail, return receipt requested, to the following:

Mr. Kevin Wilson

7 ARTICLE 7 ADDITIONAL SERVICES

7.1 "Additional Services" are services not included in the scope of Contractor's services under this Agreement. Should the County require Additional Services they shall be paid for by the County at rates or fees negotiated at the time when services are required, but only if approved by the County and Contractor before commencement. County shall request the proposed services from Contractor and the Contractor shall

respond with a fee proposal to perform the requested services. Only after an amendment to the Agreement is executed by both Parties reflecting the Additional Services and a notice to proceed is received by Contractor from the County, shall the Contractor proceed with the Additional Services.

8 ARTICLE 8 COUNTY'S RESPONSIBILITIES

8.1 The County shall provide information upon request regarding requirements for the Contractor's performance of its obligations under this Agreement.

8.2 The County shall designate a representative to act on the County's behalf with respect to the Agreement. The County or its representative shall render decisions in a timely manner pertaining to requests submitted by the Contractor in order to avoid unreasonable delay in the orderly and sequential performance of the Contractor's services.

8.3 Prompt written notice shall be given by the County through its representative to the Contractor if it becomes aware of any fault or defect in the Contractor's performance of the Agreement. Written notice shall be deemed to have been duly served if sent pursuant to Article 6.

8.4 The County shall furnish the required information and services and shall render approvals and decisions as expeditiously as necessary for the orderly performance of the Contractor's services.

8.5 County agrees to reasonably cooperate with Contractor in any applications that Contractor is making for tax credits, grants or financial assistance as described in Section 4.16, at Contractor's expense. County's obligation shall consist only of providing nonproprietary information in its possession, custody or control necessary to complete any such applications, responding to requests from the relevant Government Authorities, and similar activities.

9 ARTICLE 9 INDEMNIFICATION AND HOLD HARMLESS

9.1 The Contractor covenants and agrees to indemnify and hold harmless County/Monroe County and Monroe County Board of County Commissioners, its officers and employees from liabilities, damages, losses and costs, including but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentional wrongful conduct of the Contractor, subcontractor(s) and other persons employed or utilized by the Contractor in the performance of the contract.

9.2 The first ten dollars (\$10.00) of remuneration paid to the Contractor is for the indemnification provided for above. The extent of liability is in no way limited to, reduced, or lessened by the insurance requirements contained elsewhere within this agreement. Should any claims be asserted against the County by virtue of any deficiency or ambiguity in the plans and specifications provided by the Contractor, the Contractor agrees and warrants that he shall hold the County harmless and shall indemnify him from all losses occurring thereby and shall further defend any claim or action on the County's behalf.

9.3 In the event the completion of the project (to include the work of others) is delayed or suspended as a result of the Contractor's failure to purchase or maintain the required insurance, the Contractor shall indemnify County from any and all increased expenses resulting from such delays. Should any claims be asserted against County by Contractor the Contractor agrees and warrants that Contractor hold the County harmless and shall indemnify it from all losses occurring thereby and shall further defend any claims or action on the county's behalf.

9.4 Contractor and the County hereby waive any and every claim for recovery from the other and from any substitute subcontractors for any and all loss or damage to each other resulting from the performance of this Agreement, which is covered by valid and collectible insurance policies, but only to the extent to which such loss or damage is actually recovered under such insurance policies.

9.5 There are no warranties or guarantees of the Contractor which extend beyond those expressed in this Agreement, and the Contractor disclaims and the County waives any implied warranties or warranties imposed by law including warranties or merchantability warranties of fitness for a particular purpose, and custom and image.

9.6 This indemnification shall survive the expiration or early termination of the Agreement.

10 ARTICLE 10 PERSONNEL

The Contractor shall assign only qualified personnel to perform any obligations under this Agreement and as set forth in Section 4.6.

11 ARTICLE 11 COMPENSATION

11.1 Interim Processing Rate.

During the Interim Processing Term, the County shall pay Contractor \$79.50 per ton of Yard Waste Accepted by Contractor for processing at the Points of Delivery. This rate shall be adjusted to reflect annual changes in the U.S. Consumer Price Index as specified in Exhibit C, effective beginning October 1, 2016. Payments may also include additional services as directed by the County and agreed to by the Contractor.

11.2 Agreement Amount

The COUNTY shall pay the Contractor in current annual funds for the Contractor's performance of this Agreement. Funding for years 1-2.5 are estimated as follows, which includes the estimated CPI (2.5%) as allowed and specified herein:

Year 1 \$2,385 Million - \$3.180 Million
Year 2 \$2,444 Million - \$3,259 Million
Year 3 (half year) \$1.252 Million – \$1.670 Million

Total Estimated Amount: \$6.081 Million - \$8.109 Million

These numbers represent estimated numbers only, and are based on estimated quantities of materials and CPI increases. Actual annual CPI increases will be determined as described in **Exhibit C**. Actual numbers are expected to vary. These estimates are not meant as a minimum or maximum amount to be guaranteed under this Agreement on behalf of either the County or the Contractor.

11.3 Adjustment for Volume Distribution.

The rate set forth in Section 11.1 is based on the estimates that (i) Yard Waste delivered each Contract Year will range approximately 30,000 to 40,000 tons in the aggregate and (ii) the distribution of Yard Waste will be approximately 50% tons from the Lower Keys, - 20% tons from the Middle Keys and 30% from the Upper Keys. In the event that the amount of Yard Waste delivered to Contractor from the Middle or Lower Keys in any given Contract Year exceeds 25% each respectively, the price per ton for all such Yard Waste in excess of the 25% shall be adjusted based on the additional transportation Contractor's expenses, as mutually agreed by both Parties.

11.4 Payment Sum

The County shall pay the Contractor in current funds for the Contractor's performance of this Agreement based on rates shown in *Exhibit A* as adjusted pursuant to Section 11.1, and the payments shall, in the aggregate, along with County's performance of its other obligations under this Agreement, be full consideration for Contractor's performance of its obligations hereunder.

11.5 Payments

Contractor shall be paid twice monthly. Payment will be made in accordance with the Local Government Prompt Payment Act, Florida Statutes Section 218.70, unless otherwise expressly provided herein.

As a condition precedent for any payment due under this Agreement, the Contractor shall submit on the 1st and 15th of each month, unless otherwise agreed in writing by the County, an invoice to County requesting payment for services rendered and reimbursable expenses due hereunder. The Contractor's invoice shall describe with reasonable particularity the services rendered. The Contractor's invoice shall be accompanied by such documentation or data in support of expenses for which payment is sought as the County may reasonably require.

11.6 Budget

11.6.1 The County will seek approval in its annual budget request from the BOCC, funding sufficient to cover the anticipated Interim Yard Waste Disposal Services Agreement fees.

11.6.2 The Contractor may not be entitled to receive, and the County is not obligated to pay, any fees or expenses in excess of the amount budgeted for this contract in each fiscal year (October 1 - September 30) by County's Board of County

Commissioners. The budgeted amount may only be modified by an affirmative act of the County's Board of County Commissioners.

11.6.3 The County's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Board of County Commissioners and the approval of the Board members at the time of contract initiation and its duration.

11.6.4 Payments shall be due to Contractor within thirty (30) days after County's receipt of each required invoice from Contractor.

11.6.5 Overdue Payments shall be made according to the Prompt Payment Act Provisions

11.7 **Wire Transfer**. County shall attempt to make payment of bills via wire transfer of funds or ACH if timely requested in writing by Contractor, at Contractor's sole expense, if the request contains adequate payment information. County shall be entitled to conclusively presume, without any liability whatsoever, that the payment information furnished by Contractor (for example, name, financial institution, account numbers, and payee) is accurate. In no event will County be required to pay any bill more than once when the invoice was first paid in accordance with Contractor's instructions.

11.8 County Non-performance.

If during any Billing Period due to the fault of the County, the Facility is temporarily shut down, either partially or totally, or is otherwise unable to receive or Process Acceptable Waste, the Contractor shall use its best efforts to receive, Process and/or dispose of Acceptable Waste to the extent possible, and the County shall pay such costs as shall be claimed by the Operator, subject to Cost Substantiation. During such events, the Operator shall use its best efforts to reduce expenses and mitigate losses during a period of non-operation or partial operation due to the County's fault.

12 ARTICLE 12 INSURANCE

12.1 The Contractor shall obtain insurance as specified and maintain the required insurance at all times that this Agreement is in effect. In the event the completion of the project (to include the work of others) is delayed or suspended as a result of the Contractor's failure to purchase or maintain the required insurance, the Contractor shall indemnify the County from any and all increased expenses resulting from such delay.

12.2 The coverage provided herein shall be provided by an insurer with an A.M. Best rating of VI or better, that is licensed to conduct business in the State of Florida and that has an agent for service of process within the State of Florida. The coverage shall contain an endorsement providing sixty (60) days' notice to the County prior to any cancellation of said coverage

12.3 Contractor shall obtain and maintain the following policies:

A. **Workers' Compensation** insurance as required by the State of Florida, sufficient to satisfy the requirements of Florida Statutes Chapter 440.

- B. Employers Liability Insurance** with limits of \$1,000,000 per Accident, \$1,000,000 Disease, policy limits, \$1,000,000 Disease each employee.
- C. Comprehensive business automobile and vehicle liability insurance** covering claims for injuries to members of the public and/or damages to property of others arising from use of motor vehicles, including onsite and offsite operations, and owned, hired or non-owned vehicles, with One Million Dollars (\$1,000,000.00) combined single limit and One Million Dollars (\$1,000,000.00) annual aggregate.
- D. Commercial general liability, including Personal Injury Liability,** covering claims for injuries to members of the public or damage to property of others arising out of any covered act or omission of the Contractor or any of its employees, agents or Affiliates or subcontractors, including Premises and/or Operations, Products and Completed Operations, Independent Contractors; Broad Form Property Damage and a Blanket Contractual Liability Endorsement with One Million Dollars (\$1,000,000) per occurrence and annual aggregate.
- An Occurrence Form policy is preferred. If coverage is changed to or provided on a Claims Made policy, its provisions should include coverage for claims filed on or after the effective date of this contract. In addition, the period for which claims may be reported must extend for a minimum of 48 months following the termination or expiration of this contract.
- E. Professional Liability Insurance** of One Million Dollars (\$1,000,000) per occurrence and Two Million dollars (\$2,000,000) annual aggregate. If the policy is a "claims made" policy, the Contractor shall maintain coverage or purchase a "tail" to cover claims made after completion of the project to cover the statutory time limits in chapter 95 of the Florida Statutes.
- F. County shall be named as an additional insured with respect to Contractor's liabilities hereunder in insurance coverages identified in Paragraphs C and D.**
- G. Contractor shall require its subcontractors (including Affiliates) to be insured at least to the limits prescribed above, and to any increased limits of Contractor if so agreed during the term of this Agreement. County will not pay for increased limits of insurance for Affiliates.**
- H. Contractor shall provide to the County certificates of insurance or a copy of all insurance policies including those naming the County as an additional insured. The County reserves the right to require a certified copy of such policies upon request.**
- I. If the CONTRACTOR participates in a self-insurance fund, a Certificate of Insurance will be required. In addition, the CONTRACTOR may be required to submit updated financial statements from the fund upon request from the COUNTY.**

13 ARTICLE 13 REPORTING REQUIREMENTS,

13.1 Reports.

13.1.1 General.

Contractor shall provide, at a minimum, a monthly report following the Commencement Date. The contents of these reports shall be mutually agreed by Contractor and the County Representative.

13.2 Summary of Monthly, Quarterly, and Annual Reporting Requirements.

13.2.1 Operational Data.

The following table identifies the operational data the Contractor shall routinely submit.

Operational Data	Monthly	Quarterly	Annual
Tons Delivered	X		
Tons Redirected	X		
Tons Accepted	X		
Tons Processed	X		
Tons of Residue Disposed and Name of Disposal Facility(ies) Used	X		
% of Tonnage Allocation Used	X		
Significant Events		X	

13.2.2 Financial Information.

The following table identifies the financial information the Contractor shall routinely submit.

Financial Information	Monthly	Quarterly	Annual
Amount billed to County*	X		
County fees or payments (if any)* due	X		
County past due amount		X	
Audited Financial Statements**			X

*Invoices will be presented to and paid by the County twice monthly
 ** Excluding proprietary information. Proprietary information shall be visually shown to Contractor Administrator for verification purposes only.

13.2.3 Monthly Reports.

13.2.3.1 Tons Delivered, Redirected, Accepted, and Processed. The tons Delivered, Accepted, and Processed shall be calculated using daily Tonnage reports from the scale house data management system. Tons Accepted shall be

calculated as the tons Delivered less tons Redirected. Tons Accepted shall be separately treated as Tons Accepted on a conditional basis subject to redirection if Contamination is above three percent (3%).

13.2.3.2 **Tons of Residue Disposed.** The tons of Residue disposed shall be the tonnage determined in accordance with procedures described in Article 7.

13.2.3.3 **County fees or payments (if any) due to County.** If the Contractor owes the County fees or administrative charges, the Contractor shall itemize each fee or payment due for the most-recently completed month.

13.2.4 **Quarterly Reports.**

13.2.4.1 **Significant Events.** Contractor shall discuss any significant events that have impacted or will impact Contractor and/or any Processing Facility currently being utilized, including, but not limited to, operational changes related to receipt, Acceptance, Processing, Residue disposal, Hazardous Materials, and notices of violations. Contractor shall describe the potential consequences of such events and plans to mitigate such consequences. Notice of violations shall be immediately reported to the County.

13.2.5 **Annual Reports.**

13.2.5.1 **Summary of Monthly Data.** Annual reports shall include a summary report that presents all monthly data required by the monthly reporting requirements and shall include an annual total for each item reported.

13.2.5.2 **Audited Financial Statements.** Within one hundred twenty (120) calendar days after the close of Contractor's fiscal year, Contractor shall deliver to the County two (2) copies of the audited consolidated financial statements and profit and loss statements of Contractor for the preceding fiscal year. Financial statements shall include a supplemental combining schedule showing Contractor's non-proprietary results of operations, including the specific revenues and expenses in connection with the operations provided for in this Agreement from others included in such financial statements. The financial statements and footnotes shall be prepared in accordance with Generally Accepted Accounting Principles (GAAP) consistently applied and fairly reflecting the results of operation and Contractor's financial condition. Annual financial statements shall be audited, in accordance with Generally Accepted Auditing Standards (GAAS) by a Certified Public Accountant (CPA) who is a member of the American institute of Certified Public Accountants (AICPA) licensed (in good standing) to practice public accounting, and provide that the CPA opinion on Contractor's annual financial statements shall be unqualified, and shall contain the CPA's conclusions regarding the Contractor's accounting policies and procedures, internal controls, and operating policies. The CPA shall perform an evaluation and, if necessary, shall cite recommendations for improvement.

13.3 **Report Format.**

Contractor shall provide records to the County using an electronic format approved by

the County Representative. The reports may be sent electronic mail ("e-mail"), or if e-mail is not feasible, through an alternate electronic medium that is compatible with the County's software and computer systems.

13.4 Report Submittal.

Contractor shall submit the following reports in accordance with the deadlines set forth below.

13.4.1 Monthly Report.

Contractor shall submit monthly reports to the County on or before the last day of the calendar month immediately following the monthly period covered by the report.

13.4.2 Quarterly Report.

Contractor shall submit quarterly reports within thirty (30) days of the end of the previous calendar quarter.

13.4.3 Annual Report.

Contractor shall submit annual reports on or before 1 year after the commencement date for the services provided in the previous calendar year. The final annual report covering the last six months of service shall be submitted Thirty (30) days following termination of the Agreement.

13.4.4 Submittal Day Exceptions.

If the last day of the month falls on a Saturday, Sunday or a designated holiday under this Agreement, the report is due on the next calendar day.

13.4.5 Submittal to County.

All reports shall be submitted to the County Representative.

13.4.6 Late, Inaccurate, Incomplete Reports.

Reports that are not filed by the due date or are incomplete or inaccurate are delinquent. Contractor shall submit a corrected report within thirty (30) calendar days of written notice from the County. Administrative charges may be imposed on Contractor for a late report, or failure to correct an inaccurate or incomplete report.

13.4.7 On-Request Reports.

Contractor shall maintain current information regarding key personnel; vehicle inventory; composting data; all applicable Permits; and tonnage for materials Delivered, Redirected, Processed, and Disposed.

14 ARTICLE 14 FINANCIAL ASSURANCE OF PERFORMANCE

14.1 Performance Bond.

Contractor shall furnish to the County Clerk, and keep current, a Performance Bond substantially in a form substantially as set forth in **Exhibit E, Form of Performance Bond**, for the performance of this Agreement and all of Contractor's obligations arising hereunder in an amount and term as follows:

From ten (10) calendar days from the Effective Date through sixty (60) days after the expiration of the Term or until County issues a written release, whichever is earlier, in an amount of \$795,000, which is an amount equal to 25% of the CONTRACTOR's estimated annual processing fee.

14.2 Licensed Surety.

The Performance Bond shall be issued by a surety company licensed to do business in the State of Florida; having an "A-" or better rating by A. M. Best or Standard and Poor's and included on the list of surety companies approved by the Treasurer of the United States. If the Performance Bond is shorter than the term of this Agreement, Contractor shall submit proof of renewal or extension at least thirty (30) calendar days prior to the Performance Bond expiration date.

14.3 Alternative Security.

Contractor may request, and County may allow Contractor to provide the following alternative security for the performance of this Agreement in the same amount and term as specified for the Performance Bond in the form of: (a) a prepaid irrevocable standby letter of credit from a financial institution satisfactory to the Administrator, which authorizes the County to withdraw funds in the event of a default under this Agreement and approved as to form by the County Attorney; or (b) a certificate of deposit or other escrowed funds subject to an escrow agreement in favor of the County with a financial institution satisfactory to the Administrator.

In the event alternative security is approved by the County, Contractor shall notify the County Representative within three (3) calendar days of any change in status. County may periodically request verification from the financial institution that issued the letter of credit regarding the status of the letter of credit. If the letter of credit is no longer in full effect, Contractor must cure the defect within five (5) Business Days. Failure to cure within this period may subject the Contractor to administrative charges.

14.4 Use of Security.

In addition to any other remedy available to it, County may draw against the Performance Bond or alternative security to satisfy any undisputed obligations of Contractor to County arising under this Agreement that Contractor has not otherwise paid when due, after any required notice and opportunity to cure. Any failure to draw upon the Performance Bond or alternative security for amounts due to County shall not prejudice County's rights to recover such amounts in any other manner or at any other time. In the event the amount of the Performance Bond or alternative security shall be insufficient to pay any amount due to County in full (and Contractor has not otherwise

paid such amount), Contractor shall replenish the Performance Bond or alternative security to its full amount within thirty (30) days. In the event Contractor fails to replenish the Performance Bond or alternative security and pay the applicable amount promptly when due, County shall have the right to terminate the Agreement in accordance with Section 16.3.

15 ARTICLE 15 MISCELLANEOUS

15.1 Section Headings

Section headings have been inserted in this Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Agreement and will not be used in the interpretation of any provision of this Agreement.

15.2 Ownership Of Documents

Any documents prepared by the Contractor for this Agreement belong to the Contractor and, with the exception of proprietary documents, may be reproduced and copied by the County for internal use only without acknowledgement or permission of the Contractor.

15.3 Successors And Assigns

The Contractor shall not assign its obligations under this agreement, except in writing and with the prior written approval of the BOCC and the Contractor, which approval shall be subject to such conditions and provisions as the BOCC may deem reasonably necessary. This paragraph shall be incorporated by reference into any assignment and any assignee shall comply with all of the provisions of this Agreement. Subject to the provisions of the immediately preceding sentence, each Party hereto binds itself, its successors, assigns and legal representatives to the other and to the successors, assigns and legal representatives of such other Party.

15.4 No Third Party Beneficiaries

Nothing contained herein shall create any relationship, contractual or otherwise, with, or any rights in favor of, any third party. No provision of this Agreement is intended to nor shall it in any way inure to the benefit of any other Person not a Party or give rise to a cause of action in favor of any Person not a Party.

16 TERMINATION FOR DEFAULT

16.1 The following shall each constitute an Event of Default by Contractor:

a. Contractor shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy (court) or a petition or answer seeking an arrangement for its reorganization or the readjustment of its indebtedness under the Federal bankruptcy laws or under any other law or statute of the United States or any

state thereof, or consent to the appointment of a receiver, trustee or liquidator of all or substantially all of its property.

b. By order or decree of a Court, Contractor shall be adjudged bankrupt or an order shall be made approving a petition filed by any of its creditors or by any of the stockholders of Contractor, seeking its reorganization or the readjustment of its indebtedness under Federal bankruptcy laws or under any law or statute of the United States or of any state thereof, provided that if any such judgment or order is stayed or vacated within sixty (60) calendar days after the entry thereof, any notice of default shall be and become null, void and of no effect; unless such stayed judgment or order is reinstated in which case, said default shall be deemed immediate; or

c. By, or pursuant to, or under the authority of any legislative act, resolution or rule or any order or decree of any Court or governmental board, agency or officer having jurisdiction, a receiver, trustee or liquidator shall take possession or control of all or substantially all of the property of contractor, and such possession or control shall continue in effect for a period of sixty (60) calendar days; or

d. Contractor has defaulted, by failing or refusing to pay in a timely manner the administrative charges, or other monies due county, and said default is not cured within thirty (30) calendar days of receipt of written notice by County to do so; or

e. Contractor has defaulted by allowing any final judgment for the payment of substantial money to stand against it unsatisfied and said default is not cured within thirty (30) calendar days of receipt of written notice by County to do so.

f. In the event that the monies due County under Section 17.1.1.4 above or an unsatisfied final judgment under Section 17.1.1.5 above is the subject of a judicial proceeding, Contractor shall not be in default if the sum of money is bonded. All bonds shall be in a form acceptable to the County Attorney; or

g. Contractor has defaulted, by failing or refusing to perform or observe the terms, conditions or covenants in this Agreement or any of the rules and regulations promulgated by County pursuant thereto or has wrongfully failed or refused to comply with the instructions of the County Representative relative thereto and said default is not cured within thirty (30) calendar days of receipt of written notice from County to do so, or if by reason of the nature of such default, the same cannot be remedied within thirty (30) calendar days following receipt by Contractor of written demand from County to do so, Contractor fails to commence the remedy of such default within said thirty (30) calendar days following such written notice or having so commenced shall fail thereafter to continue with diligence the curing thereof (with Contractor having the burden of proof to demonstrate (a) that the default cannot be cured within thirty (30) calendar days, and (b) that it is proceeding with diligence to cure said default, and such default will be cured within a reasonable period of time.

i. Contractor has failed or refused to perform Yard Waste Processing Services for a period of more than two (2) calendar days, and Contractor has not cured the default within ten (10) calendar days from written notification by County. The County is not required to provide Contractor with an opportunity to

cure if the Contractor had 4 incidents within the previous twelve (12) months of failing or refusing to perform Yard Waste Processing Services for a period of more than two (2) calendar days.

16.2 The following shall each be an Event of Default by County:

(a) County directs any material amount of Yard Waste, or Acceptable Waste dedicated to Contractor exclusively, except when the Contractor not in compliance with the terms of this agreement or in an emergency to any other Person during the Term, or fails to deliver Yard Waste to Contractor as required hereunder.

(b) County fails to make any payment due to Contractor under this Agreement within ten (10) Business Days after such amount is due.

(c) County breaches any curable, non-monetary, material obligation under this Agreement, and fails to cure such breach within thirty (30) days after receiving written notification from Contractor of the breach.

(d) Any other material breach of this Agreement not specifically enumerated, that is not cured within thirty (30) days after County received written notification of default from Contractor.

16.3 Termination Upon Default.

16.3.1 In the event the defaulting Party fails to cure the Event of Default within the period for curative action under Sections 16.1 or 16.2, as applicable, or upon the occurrence of an incurable Event of Default, the non-defaulting Party may terminate this Agreement by notifying the defaulting Party in writing of its decision to terminate and the effective date of the termination.

16.3.2 Upon termination of this Agreement by County due to an Event of Default by Contractor pursuant to Section 16.3.1, County shall have no future or further obligation to provide Yard Waste or Acceptable Waste to Contractor or to make any payment whatsoever under this Agreement, except for payments for obligations arising or accruing prior to the effective date of termination. Upon termination of this Agreement by Contractor due to an Event of Default by County pursuant to Section 16.3.1, Contractor shall have no future or further obligation to accept or process Yard Waste or Acceptable Waste from County or to satisfy any other obligation of this Agreement, except for payments or other obligations arising or accruing prior to the effective date of termination. After the effective date of termination, this Agreement shall not be construed to provide any residual value to either Party or any successor or any other Person, for rights to, use of, or benefits from the Yard Waste, Acceptable Waste or Gasification Plant.

16.3.3 Notwithstanding any provisions in this Agreement to the contrary, upon the occurrence of an Event of Default by Contractor, County shall provide notice of the Event of Default to each Financier for which an address or other contact information has been provided to County by Contractor.

16.3.4 If an Event of Default by Contractor will require more than the prescribed cure period to cure, and Contractor is diligently pursuing a cure, as reasonably demonstrated to County, then the applicable cure period shall be extended up to an additional ninety (90) days as long as Contractor is diligently pursuing the cure. This provision shall not apply to payment defaults.

16.3.5 If the Parties are engaged in a dispute as to whether an Event of Default has occurred or whether a Party has the right to terminate this Agreement, and the Parties are handling the dispute through the procedures established in this Agreement, the Party claiming the Event of Default or the right to terminate shall not be entitled to terminate this Agreement until a final ruling is received from the applicable court or unless agreed to by the Parties.

16.4 Other Damages.

- (a) For all claims, causes of action and damages the Parties shall be entitled to the recovery of actual damages allowed by law unless otherwise limited by this Agreement. Neither the enumeration of Events of Default in Sections 16.1 and 16.2, nor the termination of this Agreement by a non-defaulting Party pursuant to Section 16.3.1, shall limit the right of a non-defaulting Party to rights and remedies available at law, including, but not limited to, claims for breach of contract or failure to perform by the other Party and for direct damages incurred by the non-defaulting Party as a result of the termination of this Agreement.
- (b) Except as otherwise specifically and expressly provided in this Agreement, no Party shall be liable to the other Party under this Agreement for any indirect, special, punitive, exemplary, incidental or consequential damages, including, without limitation, loss of use, loss of revenues, loss of profit, interest charges, cost of capital, or claims of customers to which service is made, whether arising under statute or in tort or contract.

16.5 Termination Cumulative

Each Party's right to terminate this Agreement is in addition to any other rights and remedies provided by Applicable Laws or by this Agreement.

16.6 Transition.

(a) In the event of a termination of this Agreement by Contractor for default by County or due to a change of law making performance impossible or uneconomic as described in Section 17.3, Contractor shall be entitled to cease performing services under the Agreement upon the effective date of termination, including termination of subcontracts, and may recover its equipment from Transfer Stations without interference by County or its contractors or agents. Contractor shall cooperate with County in any transition to a new services provider, but shall not be obligated to incur any material costs in assisting such a transition.

(b) In the event of a termination of this Agreement by the County due to an Event of Default by the Contractor that is not cured by the Performance Bond or alternative security, Contractor shall complete any work necessary to facilitate the transfer of

Contractor's responsibilities to another contractor and cooperate with County's establishment of a new contract or other means of performing the services previously performed by Contractor. County shall have the right to separately contract with any subcontractor of Contractor for services, or may request that Contractor assign one or more subcontracts to County. Any such assignment will be subject to approval by the applicable subcontractor and County's assumption of all Contractors' obligations of the applicable subcontract.

16.7 Violations.

Notwithstanding the foregoing and as supplemental and additional means of termination of this Agreement under this Article, in the event that Contractor's record of performance show that Contractor has frequently, regularly, or repetitively defaulted in the performance of any of the covenants and conditions required herein to be kept and performed by Contractor, in the opinion of the County Administrator and regardless of whether CONTRACTOR has corrected each individual condition of default, Contractor shall be deemed a "habitual violator", shall be deemed to have waived the right to any further notice or grace period to correct, and all of said defaults shall be considered cumulative and collectively shall constitute a condition of irredeemable default. The County Manager shall thereupon issue Contractor a final warning citing the circumstances therefore, and any single default by contractor of whatever nature, subsequent to the occurrence of the last of said cumulative defaults, shall be grounds for immediate termination of the Agreement. In the event of any such subsequent default, the County Manager may terminate this Agreement upon giving of written final notice to Contractor, such termination to be effective upon the date specified in the County Manager's written notice to Contractor. Upon such termination, all contractual fees due hereunder plus any and all charges and interest, if any, shall be payable to the date of termination, and Contractor shall have no further rights hereunder. Immediately upon the specified date in such final notice, Contractor shall cease any further performance of services under this Agreement.

16.8 Effective Date of Termination.

In the event of the aforesaid events specified in Sections 16.1 and 16.2 above, and except as otherwise provided in said Sections, termination shall be effective upon the date specified in the County's written notice to Contractor and upon said date, this Agreement shall be deemed immediately terminated and upon such termination, all liability of County under this Agreement to Contractor, other than the payment of moneys due, shall cease and County shall have the right to call the performance bond or other form of financial assurances and shall be free to negotiate with other contractors for the performance of the services specified in this Agreement. In the event of Contractor's failure to perform, Contractor shall reimburse County for all direct and indirect costs incurred by County in providing interim services.

16.9 Immediate Termination.

The County may terminate this Agreement immediately upon written notice to Contractor in the event Contractor fails to provide and maintain the

Performance Bond or other form of financial assurances as required by this Agreement, CONTRACTOR fails to obtain or maintain insurance policies endorsements as required by this Agreement, Contractor fails to provide the proof of insurance as required by this Agreement, or Contractor offers or gives any gift prohibited by law.

16.10 Termination Cumulative.

County's right to terminate this Agreement is cumulative to any other rights and remedies provided by law or by this Agreement.

17 ARTICLE 17 CHANGE IN LAW.

17.1 County shall provide written notice to Contractor of any planned amendment to Chapter 21, or to other applicable chapters of the Monroe County Code that would substantially affect the performance of Contractor's services pursuant to the Agreement. Except in the case of an amendment determined by the County BOCC to be an urgency measure, such notice shall be provided at least sixty (60) calendar days prior to the County BOCC's approval of such an amendment.

17.2 County and Contractor understand and agree that the Florida Legislature has the authority to make comprehensive changes in Solid Waste Management legislation and that these and other changes in law in the future which mandate certain actions or programs for counties or municipalities may require changes or modifications in some of the terms, conditions or obligations under this Agreement. Nothing contained in this Agreement shall require any party to perform any act or function contrary to law. County and Contractor agree to enter into good faith negotiations regarding modifications to this Agreement which may be required in order to implement changes in the performance of their obligations due to change in law. When such modifications are made to this Agreement, County and Contractor shall negotiate in good faith, a reasonable and appropriate compensation adjustment for any increase or decrease in the services or other obligations required of Contractor due to any modification in the Agreement under this Article. Neither County nor Contractor shall unreasonably withhold agreement to such compensation adjustment.

17.3 If a change in law makes Contractor's performance of any material portion of this Agreement impossible (without violating the law) or uneconomic, and the Parties fail to negotiate an amendment which resolves the legal or economic barriers to Contractor's continued performance, Contractor may, upon thirty (30) days' notice to County, terminate this Agreement.

18 ARTICLE 18 CONTRACT DOCUMENTS.

This contract consists of the Request for Proposals, any addenda, this Form of Agreement, the CONTRACTOR'S response to the RFP, the documents referred to in the Form of Agreement as a part of this Agreement, and Exhibits, and modifications made after execution by written amendment. In the event of any conflict between any of the Contract documents, the one imposing the greater burden on the CONTRACTOR will control.

19 ARTICLE 19 OWNERSHIP OF WRITTEN MATERIALS.

Subject to Chapter 119, Florida Statutes, all reports, documents, or other materials developed by Contractor or any other person engaged by Contractor in connection with the services to be performed under this Agreement shall be and shall remain the property of the Contractor and with the exception of materials proprietary to County without limitation or restrictions on the use of such materials.

20 ARTICLE 20 PUBLIC ENTITIES CRIMES.

A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on contracts to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017 of the Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

By signing this Agreement, Contractor represents that the execution of this Agreement will not violate the Public Entity Crimes Act (Section 287.133, Florida Statutes). Violation of this section shall result in termination of this Agreement and recovery of all monies paid hereto, and may result in debarment from County's competitive procurement activities.

In addition to the foregoing, Contractor further represents that there has been no determination, based on an audit, that it or any subcontractor has committed an act defined by Section 287.133, Florida Statutes, as a "public entity crime" and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether Contractor has been placed on the convicted vendor list.

Contractor will promptly notify the County if it or any subcontractor or subcontractor is formally charged with an act defined as a "public entity crime" or has been placed on the convicted vendor list.

21 ARTICLE 21 MAINTENANCE OF RECORDS.

Contractor shall maintain all books, records, and documents directly pertinent to performance under this Agreement in accordance with generally accepted accounting principles consistently applied. Records shall be retained for a period of five years from the termination of this Agreement. Each Party to this Agreement or its authorized representatives shall have reasonable and timely access to such records of each other Party to this Agreement for public records purposes during the term of the Agreement and for four years following the termination of this Agreement. If an auditor employed by the County or Clerk determines that monies paid to Contractor pursuant to this Agreement were spent for purposes not authorized by this Agreement, or were wrongfully retained by the Contractor, the Contractor, shall repay the applicable monies together with interest calculated pursuant to Sec. 55.03 of the Florida Statutes, running from the date the monies were paid by the County.

22 ARTICLE 22 GOVERNING LAW, VENUE, INTERPRETATION, COSTS, AND FEES.

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida applicable to contracts made and to be performed entirely in the State. In the event that any cause of action or administrative proceeding is instituted for the enforcement or interpretation of this Agreement, County and Contractor agree that venue shall lie in the 16th Judicial Circuit, Monroe County, Florida, in the appropriate court or before the appropriate administrative body. This agreement shall not be subject to arbitration. Mediation proceedings initiated and conducted pursuant to this Agreement shall be in accordance with the Florida Rules of Civil Procedure and usual and customary procedures required by the circuit court of Monroe County.

23 ARTICLE 23 SEVERABILITY.

If any term, covenant, condition or provision of this Agreement (or the application thereof to any circumstance or person) shall be declared invalid or unenforceable to any extent by a court of competent jurisdiction, the remaining terms, covenants, conditions and provisions of this Agreement, shall not be affected thereby; and each remaining term, covenant, condition and provision of this Agreement shall be valid and shall be enforceable to the fullest extent permitted by law unless the enforcement of the remaining terms, covenants, conditions and provisions of this Agreement would prevent the accomplishment of the original intent of this Agreement. The County and Contractor agree to negotiate an amendment to the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

24 ATTORNEY'S FEES AND COSTS

The County and Contractor agree that in the event any cause of action or administrative proceeding is initiated or defended by any party relative to the enforcement or interpretation of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees, court costs, investigative, and out-of-pocket expenses, as an award against the non-prevailing party, and shall include attorney's fees, courts costs, investigative, and out-of-pocket expenses in appellate proceedings.

25 ARTICLE 25 BINDING EFFECT.

The terms, covenants, conditions, and provisions of this Agreement shall bind and inure to the benefit of the County and Contractor and their respective legal representatives, successors, and assigns.

26 ARTICLE 26 AUTHORITY.

Each party represents and warrants to the other that the execution, delivery and performance of this Agreement have been duly authorized by all necessary County and company action, as required by law.

27 ARTICLE 27 CLAIMS FOR FEDERAL OR STATE AID.

CONTRACTOR and COUNTY agree that each shall be, and is, empowered to apply for, seek,

and obtain federal and state funds to further the purpose of this Agreement; provided that all applications, requests, grant proposals, and funding solicitations shall be approved by each party prior to submission.

28 ARTICLE 28 ADJUDICATION OF DISPUTES OR DISAGREEMENTS.

County and Contractor agree that all disputes and disagreements shall be attempted to be resolved by meet and confer sessions between representatives of each of the parties. If no resolution can be agreed upon within 30 days after the first meet and confer session, the issue or issues shall be discussed at a public meeting of the Board of County Commissioners. If the issue or issues are still not resolved to the satisfaction of the parties, then any party shall have the right to seek such relief or remedy as may be provided by this Agreement or by Florida law. This provision does not negate or waive the provisions of paragraph 16.3 concerning termination or cancellation. Each Party agrees to continue to perform its obligations under the Agreement during the pendency of any dispute or related dispute resolution proceeding.

29 ARTICLE 29 COOPERATION.

In the event any administrative or legal proceeding is instituted against either party relating to the formation, execution, performance, or breach of this Agreement, County and Contractor agree to participate, to the extent required by the other party, in all proceedings, hearings, processes, meetings, and other activities related to the substance of this Agreement or provision of the services under this Agreement. County and Contractor specifically agree that no party to this Agreement shall be required to enter into any arbitration proceedings related to this Agreement.

30 ARTICLE 30 NONDISCRIMINATION.

Contractor and County agree that there will be no discrimination against any person, and it is expressly understood that upon a determination by a court of competent jurisdiction that discrimination has occurred, this Agreement automatically terminates without any further action on the part of any party, effective the date of the court order. Contractor or County agrees to comply with all Federal and Florida statutes, and all local ordinances, as applicable, relating to nondiscrimination in employment. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (PL 88-352) which prohibits discrimination on the basis of race, color or national origin; 2) Title IX of the Education Amendment of 1972, as amended (20 USC ss. 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; 3) Section 504 of the Rehabilitation Act of 1973, as amended (20 USC s. 794), which prohibits discrimination on the basis of handicaps; 4) The Age Discrimination Act of 1975, as amended (42 USC ss. 6101-6107) which prohibits discrimination on the basis of age; 5) The Drug Abuse Office and Treatment Act of 1972 (PL 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; 6) The Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (PL 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; 7) The Public Health Service Act of 1912, ss. 523 and 527 (42 USC ss. 690dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; 8) Title VIII of the Civil Rights Act of 1968 (42 USC s. et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; 8) The Americans with Disabilities Act of 1990 (42 USC s. 1201 Note), as may be amended from time to time, relating to nondiscrimination on the basis of disability;

9) Monroe County Code Chapter 13, Article VI, which prohibits discrimination on the basis of race, color, sex, religion, national origin, ancestry, sexual orientation, gender identity or expression, familial status or age; 11) Any other nondiscrimination provisions in any Federal or state statutes which may apply to the Parties to, or the subject matter of, this Agreement.

31 ARTICLE 31 COVENANT OF NO INTEREST.

Contractor and County covenant that neither presently has any interest, and shall not acquire any interest, which would conflict in any manner or degree with its performance under this Agreement, and that the only interest of each is to perform and receive benefits as recited in this Agreement.

32 ARTICLE 32 CODE OF ETHICS.

County agrees that officers and employees of the County recognize and will be required to comply with the standards of conduct for public officers and employees as delineated in Section 112.313, Florida Statutes, regarding, but not limited to, solicitation or acceptance of gifts; doing business with one's agency; unauthorized compensation; misuse of public position, conflicting employment or contractual relationship; and disclosure or use of certain information.

33 ARTICLE 33 NO SOLICITATION/PAYMENT.

The Contractor and County warrant that, in respect to itself, it has neither employed nor retained any company or person, other than a bona fide employee working solely for it, to solicit or secure this Agreement and that it has not paid or agreed to pay any Person, company, corporation, individual, or firm, other than a bona fide employee working solely for it, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of the provision, the Contractor agrees that the County shall have the right to terminate this Agreement without liability and, at its discretion, to offset from monies owed, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

34 ARTICLE 34 PUBLIC ACCESS.

The Contractor and County shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor and County in connection with this Agreement; and the County shall have the right to unilaterally cancel this Agreement upon violation of this provision by Contractor.

Pursuant to F.S. 119.0701, Contractor and its subcontractors shall comply with all applicable public records laws of the State of Florida, including but not limited to:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by Monroe County in order to perform the service.
- (b) Provide the public with access to public records on the terms and conditions that Monroe County would provide the records and at a cost that does not exceed the cost provided in Florida Statutes, Chapter 119 or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

(d) Meet all requirements for retaining public records and transfer, at no cost, to Monroe County all public records in possession of the Contractor upon termination of the Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to Monroe County in a format that is compatible with the information technology systems of Monroe County.

35 ARTICLE 35 NON-WAIVER OF IMMUNITY.

Notwithstanding the provisions of Sec. 768.28, Florida Statutes, the participation of the Contractor and the County in this Agreement and the acquisition of any commercial liability insurance coverage, self-insurance coverage, or local government liability insurance pool coverage shall not be deemed a waiver of immunity to the extent of liability coverage, nor shall any contract entered into by the County be required to contain any provision for waiver.

36 ARTICLE 36 PRIVILEGES AND IMMUNITIES.

All of the privileges and immunities from liability, exemptions from laws, ordinances, and rules and pensions and relief, disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees of any public agents or employees of the County, when performing their respective functions under this Agreement within the territorial limits of the County shall apply to the same degree and extent to the performance of such functions and duties of such officers, agents, volunteers, or employees outside the territorial limits of the County.

37 ARTICLE 37 LEGAL OBLIGATIONS AND RESPONSIBILITIES.

This Agreement is not intended to, nor shall it be construed as, relieving any participating entity from any obligation or responsibility imposed upon the entity by law except to the extent of actual and timely performance thereof by any participating entity, in which case the performance may be offered in satisfaction of the obligation or responsibility. Further, this Agreement is not intended to, nor shall it be construed as, authorizing the delegation of the constitutional or statutory duties of the County, except to the extent permitted by the Florida constitution, and other Applicable Laws.

38 ARTICLE 38 NON-RELIANCE BY NON-PARTIES.

No person or entity shall be entitled to rely upon the terms, or any of them, of this Agreement to enforce or attempt to enforce any third-party claim or entitlement to or benefit of any service or program contemplated hereunder. , and the Contractor and the County agree that neither the Contractor nor the County or any agent, officer, or employee of either shall have the authority to inform, counsel, or otherwise indicate that any particular individual or group of individuals, entity or entities, have entitlements or benefits under this Agreement separate and

apart, inferior to, or superior to the community in general or for the purposes contemplated in this Agreement.

39 ARTICLE 39 ATTESTATIONS AND TRUTH IN NEGOTIATION.

Contractor agrees to execute such documents as County may reasonably require, including a Public Entity Crime Statement, an Ethics Statement, and a Drug-Free Workplace Statement. Signature of this Agreement by Contractor shall act as the execution of a truth in negotiation certificate stating that wage rates and other factual unit costs supporting the compensation pursuant to the Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the agency determines the contract price was increased due to inaccurate, incomplete, or concurrent wage rates and other factual unit costs. All such adjustments must be made within one year following the end of the Agreement.

40 ARTICLE 40 NO PERSONAL LIABILITY.

No covenant or agreement contained herein shall be deemed to be a covenant or agreement of any member, officer, agent or employee of Monroe County in his or her individual capacity, and no member, officer, agent or employee of Monroe County shall be liable personally on this Agreement or be subject to any personal liability or accountability by reason of the execution of this Agreement.

41 ARTICLE 41 EXECUTION IN COUNTERPARTS.

This Agreement may be executed in any number of counterparts, each of which shall be regarded as an original, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, each party has caused this Agreement to be executed by its duly authorized representative on the day and year first above written.

ASSISTANT COUNTY ATTORNEY
Date 4/9/15

EXHIBIT A
COMPENSATION RATES

Beginning April 1, 2015, or upon the Commencement Date when the Contractor begins work County shall compensate Contractor for services performed in accordance with this Agreement according to the following rates:

Fees (\$/Ton)

Task	Fee
Load/transfer and transport from existing or alternative Transfer Stations. Process Yard Waste and Alternative Waste inclusive of marketing and sales of by- products/commodities, residue transport and disposal, capital and operations, fees, taxes, license's, etc.	<u>\$ 79.50/ton</u>
Emergency: Process yard waste from a storm event	\$79.50/ton, unless otherwise mutually agreed upon between the parties
Other: Any handling of Hazardous Substances or excess Prohibited Materials as mutually agreed between the County and the Contractor will be subject to additional fees.	These special handling fees will be mutually agreed to by both Parties.
Redirected Waste due to Contamination or Prohibited Material of three percent (3%) or more	No more than current Haul-out rate

EXHIBIT B ADMINISTRATIVE CHARGES

	Description	Amount
	OPERATING STANDARDS	
1.	Implementation Delay. Failure to meet transition timeline milestones as specified in <i>Exhibit C-1, Transition and Implementation Plan</i> .	\$500 per milestone per day.
2.	Inadequate Capacity. Failure to provide adequate primary and alternate processing capacity during the term of the Agreement.	\$1,000 per business day.
3.	Failure to Process. Shipping, selling, or disposing of Yard Waste that is not Processed as required by this Agreement.	\$1,000 per incident per business day.
4.	Commingling of County Materials with Others. Commingling of Yard Waste Materials collected inside and outside of Monroe County prior to weighing.	\$500 per incident.
5.	Failure to Notice County about Facility Concerns. Failure to provide immediate notice to County of any issue or problem related to use of Processing, Transfer, or Disposal Facilities.	\$50 per incident.
6.	Unauthorized Use of Facilities. Use of Processing Facilities that are not approved by the County.	\$1,000 per incident per business day.
	VEHICLE STANDARDS	
7.	Vehicle Noncompliance. Failure to license, register, and inspect the vehicles in accordance with all applicable laws and regulations.	\$100 per incident per business day.
8.	Litter Abatement. Failure to prevent the spilling of Yard Waste and Residue and blowing of such waste from the vehicle.	\$250 per incident.
	REPORTING	
9.	Late Submittals. Failure to maintain or timely submit to the County any documents or reports required under Article 13.	\$250 per incident.
10.	Inaccurate Submittals. Failure to correct any inaccurate or incomplete reports as required by the County.	\$250 per incident.
	OTHER	
11.	Obtain and Maintain Permits, Licenses, and Approvals. Failure to obtain and maintain any and all Permits, licenses, and approvals necessary for the performance of its obligations.	\$250 per incident per business day in which performance is affected
12.	Notice of Violations. For each notice of violation of Applicable Laws received from a local enforcement agency, the Department of Environmental Protection, or other regulatory agency with jurisdiction.	\$1,000 for each violation.
13.	Denial of Site Access. Failure to provide facility access to the County.	\$500 per incident

EXHIBIT C

OPERATIONS AND DISPOSAL FEE ADJUSTMENT

An annual adjustment, except as specified herein in paragraph 11.2, shall be applied on October of every year after 2015 to the Operations and Disposal Fee.

The adjustment shall be calculated in the following manner:

1) The following index is used to calculate the adjustment. The change in the index shall be calculated on a March 1 – February 28 basis for the preceding twelve month.

INDEX

Consumer Price Index (CPI), Miami/Fort Lauderdale
(Unadjusted), All Urban Consumers, All Items.

SOURCE

Consumer Price Index Detailed Report, Published Monthly by Bureau of Labor Statistics.
(BLS)

If the index becomes obsolete during the term of this contract, an alternative, related index may be used, as mutually agreed upon between the Operator and the County.

EXHIBIT D

APPROVED PRODUCTS

Contractor shall ensure that all products produced from Yard Waste processed pursuant to this Agreement meet the requirements specified below.

Ash

Ash formed by incineration of the inorganic constituents of the Yard Waste or Acceptable Waste, and may take the form of solid lumps or ash flakes

Co-Generation Fuel

Co-Generation Fuel:

Any waste material that can be used as a feedstock or fuel source and which can be processed to create energy, steam and/or electricity.

Compost

Solid waste which has undergone biological decomposition of organic matter, has been disinfected using composting or similar technologies, and has been stabilized to a degree that is potentially beneficial to plant growth and that is used or sold for use as a soil amendment, artificial top soil, growing medium amendment or other similar uses

Composting is the process by which biological decomposition of organic solid waste is carried out under controlled aerobic conditions, and that stabilizes the organic fraction into a material which can easily and safely be stored, handled and used in an environmentally acceptable manner. The presence of anaerobic zones within the composting material will not cause the process to be classified as other than composting.

Wood and Fiber Mulch

Products generated from the carbon fraction of Yard Waste by composting the Yard Waste to eliminate weed seeds, and processing the Yard Waste into a material that can be used by contractors and landscapers to mulch areas for the control of weeds or erosion.

Green Soil Amendment

Material produced from the immature unders from the initial Yard Waste pre-screening or grinding process that are not placed into windrows for composting but can be used as a weed control product, or as an amendment to soil via disking or land application. Land application does not include use as a cover material for a landfill operation.

Top Soil Additive

A material made from fines blended with soils where the fines are generated from stockpiled overs from the composting process (e.g., tree trimmings) that are placed in windrows and periodically turned and screened to produce the fines.

Fuel for Gasification or Energy production:

Yard Waste or Acceptable Waste may be used in an energy generation or gasification facility, and the energy, Environmental Attributes, or other products produced as a result of use as a fuel are each approved.

Animal Bedding

"Animal bedding" means material that is generated from the carbon fraction of Yard Waste by composting the material to eliminate weed seeds and then producing a material suitable for use as bedding in horse stables, dairies, or other livestock facilities.

Waste to Energy

Fuel for energy production: Yard waste or acceptable waste may be used in an energy generation facility, and the energy or other products produced as a result of use as a fuel are each approved.

EXHIBIT E

**FORM OF PERFORMANCE BOND
YARD WASTE PROCESSING SERVICES
FOR MONROE COUNTY, FLORIDA**

KNOW ALL MEN BY THESE PRESENTS: that

(insert full name and address or legal title of Contractor)

as Principal, hereinafter called Contractor, and, _____
(Name of Insurer)

as Surety, hereinafter called Surety, are held firmly bound unto the COUNTY OF MONROE, FLORIDA as Obligee, and hereinafter called the County, in the amount of Seven Hundred Ninety Five Thousand Dollars (\$795,000), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, Contractor has by written agreement dated _____, 20___, entered into an Agreement with the County for providing Yard Waste Processing Services in accordance with the Agreement of MONROE COUNTY, FL, which Agreement is by reference made a part hereof, and is hereinafter referred to as the Agreement.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Contractor shall promptly and faithfully perform said Agreement, then this obligation shall be null and void; otherwise it shall remain in full force and effect.

The Surety hereby waives notice of any alteration or extension of time made by the County.

Whenever Contractor shall be, and declared by the County to be in default under the Agreement, the County having performed the County's obligations thereunder, the Surety may promptly remedy the default, or shall promptly perform one of the following:

1. Complete the Agreement in accordance with its terms and conditions.
2. Obtain a bid or bids for completing the Agreement in accordance with the terms and conditions, and upon determination by the Surety of the lowest responsible bidder, or if the County elects, upon determination by the County and the Surety jointly obtain a bid or bids for completing the Agreement in accordance with the terms and conditions, and upon determination by the Surety of the lowest responsible bidder, or if the County elects, upon determination by the County and the Surety jointly of the lowest responsible bidder, arrange for an agreement between such bidder and the County, and make available as work progresses (even though there should be a default or a succession of defaults under the Agreement or Agreement of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the Agreement price; but not exceeding, including costs and damages for which the Surety may be liable hereunder, the amount set

forth in the first paragraph hereof. The term "balance of the Agreement price," as used in this paragraph, shall mean the total amount payable by the County to Contractor under the Agreement and any amendments thereto, less the amount properly paid by the County to Contractor.

Any suit under this bond must be instituted before the expiration date of the Agreement or if extended for an additional term by the County, the expiration of the extended term.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the County named herein or the executor, administrator or successors of the County of.

Signed and sealed this ____ day of _____, 20_.

By:

(Attorney-in-Fact)

EXHIBIT I

ADDITIONAL PERFORMANCE DATA

The Parties shall establish a process pursuant to which the County can review the commissioning, startup and performance testing protocols during the development period. The Contractor will provide copies of the following to the County:

Performance Testing Report describing in summary the testing standards required in Contractor's financing, warranty, construction and equipment contracts for the gasification equipment in the Facility.

The Performance Testing Report shall demonstrate that the Facility has been tested as required and provide evidence confirming that the Facility has met the applicable performance requirements in these contracts. The report shall include a summary of process inputs and outputs, including tons received, tons processed, tons of process residues by type, and quantity of electricity generated.

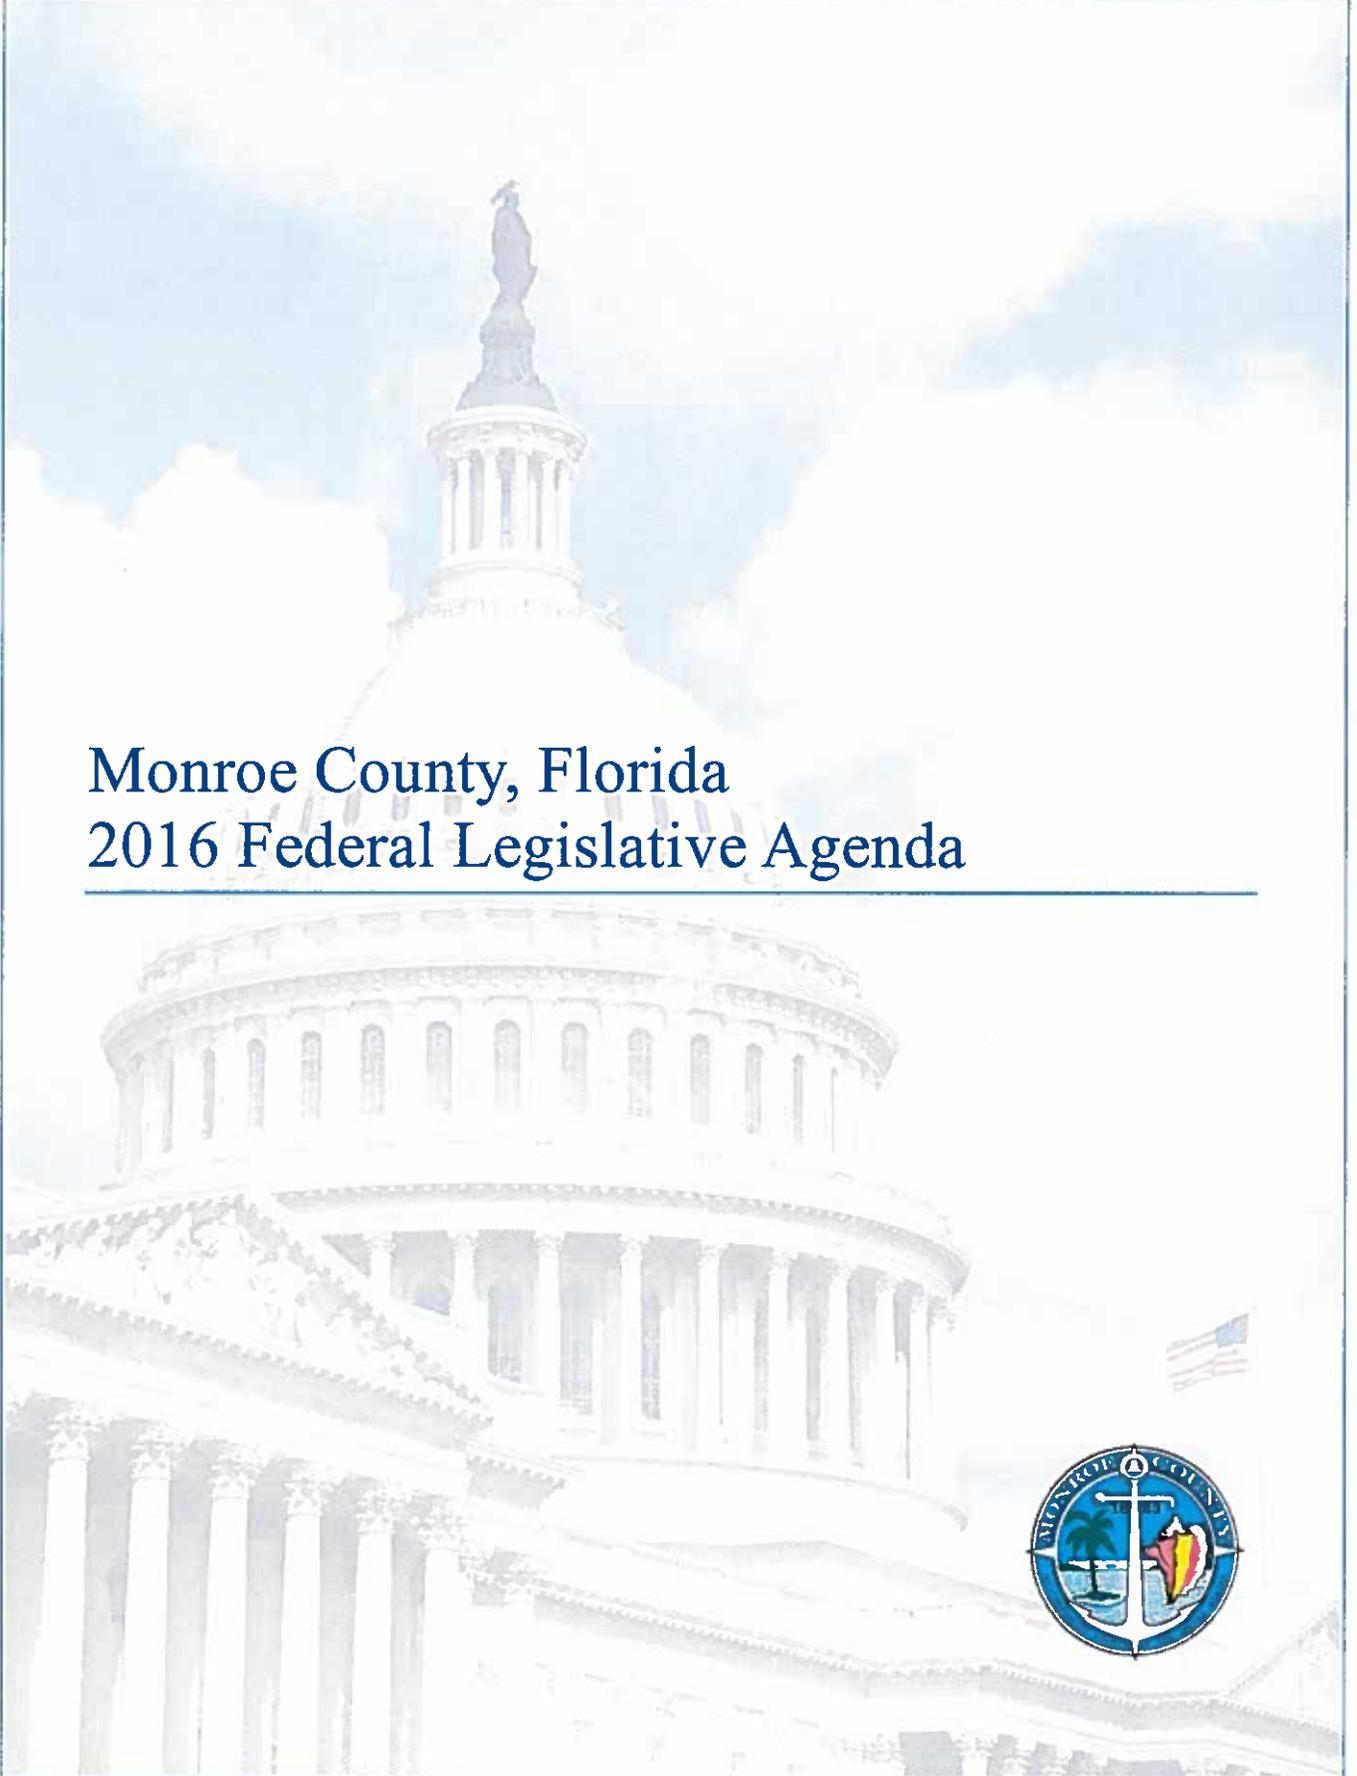

Contractor may provide any of the information or documentation required by the definition of Commercial Operation Date or this Exhibit I as it becomes available prior to any final Performance Testing Report for earlier review by County.

The County shall have 20 Business Days to review the completed Performance Testing Report as part of its determination of whether the Commercial Operation Date has occurred.

The County's representative shall have the right to witness key portions of the commissioning and performance testing.

In addition to those criteria already set forth in the definition of Commercial Operation Date, the following shall apply:

1. The criterion that the Facility meet 90% of its design capability shall mean that it Processes waste at no less than 90 % of its rated capacity for no less than seven (7) days, subject only to minimal outages for adjustments and modifications which shall not exceed 8 hours in total.
2. The conversion ratio of gross energy from Yard Waste shall equal or exceed .75 MWh per ton of Yard Waste.

Monroe County 2016 Federal Legislative Agenda

Primary Issues

National Flood Insurance Program

Support efforts to improve the National Flood Insurance Program for the benefit of all participants, including H.R. 2918 and other positive legislative efforts. **Oppose** H.R. 2901 due to its allowance that surplus lines insurance companies can write private flood insurance given that they are not subject to the same oversight as admitted insurance carriers. **Monitor** FEMA's implementation of the Homeowner Flood Insurance Affordability Act. **Support** the creation of a National Catastrophe Fund. **Support** increased funding for the Hazard Mitigation Assistance grant programs, including the Flood Mitigation Assistance Grant Program and the Pre-Disaster Mitigation Grant Program, as well as increased funding for the Disaster Relief Fund.

Water Quality

Support full funding of the Florida Keys Water Quality Improvements Program via the FY 2016 Army Corps of Engineers Work Plan. **Support** continued additional funding for Army Corps of Engineers environmental infrastructure projects in FY 2017 and future fiscal years. **Support** Monroe County's efforts and activities related to canal restoration.

Land Acquisition

Support efforts by federal agencies to acquire appropriate properties to mitigate environmental resource or military encroachment concerns in Monroe County. **Support** a \$900 million annual appropriation from the Land and Water Conservation Fund. **Support** future mandatory funding for the Land and Water Conservation Fund. **Support** increased funding of the Department of Defense's Readiness and Environmental Protection Integration program.

Payments In Lieu of Taxes

Support full, long-term mandatory funding of the Payments In Lieu of Taxes (PILT) program, which enables local governments to rely upon PILT funds when budgeting.

Everglades Restoration and the Health of Florida Bay

Support efforts to improve the health of Florida Bay by restoring adequate fresh water flows through the Everglades. **Support** full completion of the C-111 Canal suite of projects. **Support** completion of the Modified Waters Delivery suite of projects and improved operational plan, including further modification to Tamiami Trail. **Support** authorization of the Central Everglades Planning Project via the next Water Resources Development Act.

Transportation

Federal Aviation Administration - Authorization and Issues

Monitor passage of a long-term FAA reauthorization bill in 2016. **Support** \$3.35 billion in annual appropriations for the Airport Improvement Program. **Support** Monroe County's grant proposals for funding through the FAA Airport Improvement Program. **Support** an increase in the passenger facilities charge cap from \$4.50 to \$8.50. **Support** the removal or relocation of the non-directional beacon at Higgs Beach. **Support** continued efforts to establish a joint-use airport at Naval Air Station Key West. **Support** federal funding for sound attenuation activities around military air facilities.

VAN SCOYOC
ASSOCIATES

Transportation Authorization

Monitor proposed changes to federal highway programs. *Monitor* efforts to enhance federal transportation revenue streams. *Support* the continuation of dedicated bridge funding through the Surface Transportation Program or other avenues. *Support* opportunities to secure funding for Monroe County's priorities via federal highway legislation or other means.

Energy & Environment

RESTORE Act

Monitor federal implementation of the RESTORE Act to ensure continued benefit to Monroe County. *Support* efforts to secure funding for Monroe County.

Climate Change and Sea Level Rise

Monitor federal climate change legislation and executive actions. *Support* federal efforts to address climate change and mitigate sea level rise. *Support* the federal legislative priorities of the Southeast Florida Regional Climate Change Compact.

Waters of the United States

Monitor activity related to the implementation of the EPA's rule on Waters of the U.S.

Energy Exploration

Monitor the potential expansion of offshore energy exploration in Florida's federal waters. *Monitor* federal discussion regarding hydraulic fracturing for impacts to future Florida oil and gas extraction.

Oil Spill Protection

Support revisions to the Oil Pollution Act of 1990 and other associated laws to ensure that local governments may act as first responders in an effort to protect local communities, and be reimbursed for their actions undertaken to protect their resources and restore damaged areas during oil spill events, and the Oil Spill Liability Trust Fund is capable of addressing Spills of National Significance where there is no financially viable or legally responsible party.

Property Assessed Clean Energy Legislation

Support legislation and guidelines that would allow for the creation of residential and commercial PACE programs in Monroe County to finance a number of home and commercial property improvement projects including energy efficiency, flood mitigation, or hurricane protection.

Social Services

Continuum of Care Program – Federal Homeless Assistance

Support continued adequate annual funding for Department of Housing and Urban Development Homeless Assistance Grants, particularly for the Continuum of Care Program.

Older Americans Act Programs

Support continued adequate annual funding for Older Americans Act programs that support critical social service programs serving elderly persons in Monroe County.

Social Services Block Grant

Support continued adequate funding for the Social Services Block Grant program.

VAN SCOYOC
ASSOCIATES

Mental Health Care

Support legislation that responsibly expands treatment options and support for the mentally ill.

Public Safety

Public Safety Programs

Support continued funding for the wide variety of DOJ and DHS grants, i.e., Community Oriented Policing Services, Byrne Justice Assistance Grants, Emergency Management Preparedness Grants, Assistance to Firefighters Grants, Staffing for Adequate Fire and Emergency Response Grants, Urban Areas Security Initiative grants, and other security-specific grants. *Support* any Monroe County applications for these funds. *Support* federal funding for the construction of Emergency Operations Centers.

General Government Issues

Tourist Development Taxes

Oppose legislation that would exempt online travel brokers from paying taxes on the full room rate paid by the consumer, thereby costing Monroe County the opportunity to collect appropriate tourist development taxes from visitors to the region.

Remote Sales-Tax Legislation

Support legislation that requires companies making catalog and internet sales to collect and remit the associated taxes. *Support* federal tax policies that maintain revenue streams to local governments.

Tax-Exempt Bonds

Oppose legislation that would threaten the tax exemption on state and local bonds, including a 28 percent cap on tax-exempt municipal bonds.

FEDERAL ISSUE: National Flood Insurance Program

BACKGROUND: HOW IT MAY AFFECT MONROE COUNTY: In 1968, Congress established the National Flood Insurance Program (NFIP) to address the nation's flood exposure and challenges inherent in financing and managing flood risks in the private sector. Private insurance companies at the time claimed that the flood peril was uninsurable and, therefore, could not be underwritten in the private insurance market. A three-prong floodplain management and insurance program was created to (1) identify areas across the nation most at risk of flooding; (2) minimize the economic impact of flooding events through floodplain management ordinances; and (3) provide flood insurance to individuals and businesses.

Until 2005, the NFIP was self-supporting, as policy premiums and fees covered expenses and claim payments. Today, the program is roughly \$25 billion in debt due to a number of large storms, the most recent being Hurricane Sandy.

In mid-2012, Congress passed, and the President signed, the Biggert-Waters Flood Insurance Act (BW12), a 5-year reauthorization of the NFIP that attempted to restore the program to firmer financial footing by making a number of changes to the program that impacts the County's residents. Then, in early 2014, the Homeowner Flood Insurance Affordability Act (HFIAA), was enacted in an attempt to address some of the so-called unintended consequences of BW12.

While HFIAA delayed many of the premium increases implemented by BW12, in the long run, the only real difference between rate increases envisioned by the two bills is that HFIAA reinstated grandfathering. This provision originally ended by BW12 allows property owners to pay flood insurance rates based on original risk, not that which is determined by new community flood maps.

Authorization of the NFIP expires September 30, 2017.

HFIAA Implementation

While it is unclear if Congress can successfully address the shortcomings in HFIAA during the remainder of the 114th Congress, FEMA will continue to spend significant time implementing the legislation. This includes creating a Flood Insurance Advocate, allowing for option high-deductible policies for residential properties, communicating full flood risk determinations to property owners regardless of whether their premiums reflect such risk, implementing changes to how FEMA handles map revisions, completing a study of community-based flood insurance options, attempting to secure reinsurance of coverage provided by the NFIP from private markets, providing refunds to pre-FIRM primary homeowners who overpaid due to BW12, providing guidelines for property owners describing alternative means of flood mitigation, other than elevation, that can reduce flood risk and inform property owners about how mitigation can lower premiums, completing an Affordability Study and a "Draft Affordability Framework," allowing for the monthly payment of flood insurance premiums, and reporting to Congress on the number of annual policy premiums that exceed one percent of the total coverage provided by the policy.

In late 2014, FEMA announced the opening of the Interim Office of the Flood Insurance Advocate and the appointment of an Interim Flood Insurance Advocate. The Acting Advocate and staff will focus on assisting the public as they navigate through these new NFIP processes by leveraging FEMA resources to

address specific public inquiries or concerns. They will also develop a long-term regional mapping outreach and education strategy. FEMA noted that additional funding would be needed in order to fully install the permanent Office of the Flood Insurance Advocate and expand its role, but until then it would operate the office with existing resources.

Meanwhile, effective April 1, 2016, the first significant wave of NFIP rate increases resulting from HFIAA will be instituted. As noted above, HFIAA called for the NFIP to limit rate increases to no more than 18 percent for any one policy with exceptions. However, FEMA has interpreted HFIAA to allow for the total amount charged to the policyholder to increase an average of 19.8 percent for all 5.5 million FEMA policies and an increase of 37 percent for certain policies such as second homes and businesses.

The most notable exception is that older non-primary residences and older business properties will continue to see annual increases of up to 25 percent. However, because of a new mandatory \$250 surcharge on certain properties, some may see a premium increase of 37 percent as of April 1, 2015.

This new mandatory surcharge and the Federal Policy fee found on every FEMA flood insurance policy are not considered premiums by FEMA, and thus are not subject to the limitations described in the HFIAA. FEMA has admitted that as a result, the increase in the total amount charged to a policy may exceed 18 percent.

Affordability Study

In 2015, the National Academy of Sciences released two reports on Affordability of National Flood Insurance Program Premiums. Overall the reports unfortunately left many questions unanswered, indicating that many decisions must be made by policy makers (Congress, in this case) and that the report's specific and clear guidance is limited due to a lack of data.

The reports focus in a highly technical manner on examining options for providing premium assistance to certain NFIP policyholders and suggest tying such assistance to mitigation grants or loans. Specifically, the second report found that "linking mitigation with premium assistance can lead to property owners having a cost effective combination of mitigation and insurance coverage." The reports do not simply suggest ways to arbitrarily lower flood insurance policy costs across the board.

Now that the affordability study is complete, FEMA is expected to propose an affordability framework to Congress within 18 months (by the summer of 2017). Based on these reports, that framework will likely include some form of premium assistance and mitigation efforts.

Interestingly, with regard to grandfathered policies, the study indicates "HFIAA 2014's reinstatement of grandfathering, which will perpetuate cross subsidies in the NFIP, will result in the program increasingly violating actuarial pricing principles if flood risks increase in the future."

Other Flood Insurance Legislation

Two bills have been introduced in the 114th Congress to try to improve upon HFIAA, particularly dealing with rate increases for certain properties. For example, H.R. 2918, the Flood Insurance Fairness Act introduced by Rep. Carlos Curbelo (R-FL) would extend the level of rate increases offered to primary homeowners under HFIAA to all property owners, particularly addressing concerns with second homeowners and business owners who may otherwise face exorbitant flood insurance rate increases. The legislation is cosponsored by seven members of Congress.

Also, Rep. David Jolly (R-FL) introduced H.R. 141 that would further amend BW12 by extending the rate relief provided in HFIAA to businesses and “owner-occupied” second homes. The difference between this bill and the bill offered by Rep. Curbelo is the distinction made between so-called “owner-occupied” second homes. H.R. 141 is cosponsored by six members of Congress.

Meanwhile, Reps. Dennis Ross (R-FL) and Patrick Murphy (D-FL) introduced H.R. 2901, the Flood Insurance Market Parity and Modernization Act. This bill seeks to clarify provisions in BW12 that private flood insurance products would be regulated by individual states instead of the federal government, which is perceived to be better for insurers and is expected to create more opportunity for private insurance to proliferate.

There are positive provisions in H.R. 2901, such as reinforcing the need for lenders to verify and ensure that homeowners maintain flood insurance for the duration of a mortgage loan, and allowing for continuous coverage with no penalties if a person purchases private flood insurance and then chooses to again purchase from the NFIP. However, there are concerns that the legislation allows the surplus lines market to write private flood insurance policies, which are not subject to the same oversight as admitted insurance carriers. A U.S.-based surplus lines insurance company is only an admitted insurer in at least one state. Monroe County only supports admitted insurance companies writing private flood insurance policies. The House Financial Services Committee reported the bill out of Committee in early March by a vote of 53-0.

National Catastrophe Fund

One option that could be used in place of traditional flood insurance would be the creation of some sort of a national catastrophe fund. This idea, versions of which have been introduced as legislation for many years by many different members of Congress, was introduced in the 114th Congress in the House by Rep. Frederica Wilson (D-FL) as H.R. 1351, the Homeowners’ Defense Act of 2015. This legislation would establish a National Catastrophe Risk Consortium as a nonprofit, nonfederal entity to: (1) maintain an inventory of catastrophe risk obligations held by state reinsurance funds and state residual insurance market entities; (2) issue, on a conduit basis, securities and other financial instruments linked to catastrophe risks insured or reinsured through Consortium members; (3) coordinate reinsurance contracts; (4) act as a centralized repository of state risk information accessible by certain private-market participants; and (5) use a database to perform research and analysis that encourages standardization of the risk-linked securities market.

Senator Bill Nelson (D-FL) introduced S. 1461, the Homeowners’ Defense Act of 2013 during the 113th Congress, which was nearly identical to H.R. 1351, but he has not yet reintroduced a Senate version in the 114th Congress. Meanwhile, Rep. Jolly has stated his intention to introduce national natural disaster catastrophic reinsurance fund bill in 2016.

Mitigation Grant Programs

Separate from the NFIP, there are several federal assistance programs from which the County may benefit that provide funding to states and local governments for mitigation activities. Specifically, the Hazard Mitigation Assistance (HMA) grant programs offer the following opportunities:

- The Hazard Mitigation Grant Program (HMGP) provides grants to implement long-term hazard mitigation measures after a major disaster declaration by the President. HMGP funding is based on each disaster and is provided through FEMA’s Disaster Relief Fund (DRF). The DRF was funded at \$7 million in FY 2015. Meanwhile, the Administration requested an increase to \$7.37

billion for the DRF in FY 2016, which Congress ultimately provided in the final FY 2016 omnibus appropriations bill.

- The Flood Mitigation Assistance Grant Program (FMA) assists states and local governments in their efforts to reduce or eliminate the risk of repetitive flood damage to buildings and structures insurable under the NFIP. Both planning and implementation grants are available. The FMA program was provided \$150 million in FY 2015. For FY 2016, the Administration requested an increase for FMA to \$175 million, which Congress provided in the FY 2016 omnibus.
- The Pre-Disaster Mitigation Grant Program (PDM) provides resources to assist state and local governments reduce overall risk to life and property from future disasters. The Administration requested \$200 million for the PDM program in its FY 2016 budget. Congress, however, funded the program at \$100 million, which is still a significant increase from the FY 2015 funding level of \$25 million.

Local Activity

Mayor Carruthers has been nominated to serve as Florida's representative on the National Association of Counties' (NACO) NFIP Working Group tasked with developing policy recommendations for NACO to help address the NFIP. Meanwhile, the Florida Association of Counties has tasked the Mayor with helping to lead a statewide response to NFIP reauthorization.

RECOMMENDED POSITION: *Support* efforts to improve the National Flood Insurance Program for the benefit of all participants, including H.R. 2918 and other positive legislative efforts. *Oppose* H.R. 2901 due to its allowance that surplus lines insurance companies can write private flood insurance given that they are not subject to the same oversight as admitted insurance carriers. *Support* increased transparency to FEMA's rate-setting practices for the National Flood Insurance Program. *Monitor* FEMA's implementation of the Homeowner Flood Insurance Affordability Act. *Support* the creation of a National Catastrophe Fund. *Support* increased funding for the Hazard Mitigation Assistance grant programs, including the Flood Mitigation Assistance Grant Program and the Pre-Disaster Mitigation Grant Program, as well as increased funding for the Disaster Relief Fund.

FEDERAL ISSUE: Water Quality

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: As population and tourism have increased in the Florida Keys, wastewater and stormwater practices have not kept pace until recently. Research suggests that this has led to the degradation of water quality in canals and nearshore waters surrounding the Keys. Nutrients commonly found in wastewater and stormwater are one of the major contributors to the decline in water quality in the Florida Keys National Marine Sanctuary (FKNMS).

Florida Keys Water Quality Improvements Program

For these reasons, Congress directed the U.S. Army Corps of Engineers to assist with implementation of infrastructure improvements in the Florida Keys to improve nearshore water quality within the Sanctuary. In 2001, Public Law 106-554 authorized the Florida Keys Water Quality Improvements Program (FKWQIP), whereby the Corps may provide up to \$100 million in technical and financial assistance to carry out projects for the planning, design, and construction of treatment works to improve water quality in the Sanctuary. The primary purpose of this effort is to improve water quality in the Florida Keys through implementation of several wastewater and stormwater master plans previously prepared for Monroe County and various municipalities within Monroe County. The South Florida Water Management District is the non-federal Sponsor for FKWQIP. In September 2006, the Corps completed a Project Management Plan to guide the activities of FKWQIP.

To fund environmental infrastructure projects that are not budgeted for by the Administration, such as FKWQIP, Congress has provided additional funding for what Congress terms "Additional Funding for Ongoing Work." Among these accounts, Congress has for the past several years provided money for Environmental Infrastructure projects such as FKWQIP. Most recently, the Corps provided \$3 million in additional funding for FKWQIP through their FY 2016 Work Plan. The County will continue to work to ensure that FKWQIP receives funding in future Work Plans. To date, approximately \$50 million has been provided to the FKWQIP program via earmarks, the stimulus legislation, or Corps of Engineers work plans.

Canal Restoration

Canals within the Florida Keys have received considerable attention from regulatory agencies due to poor water quality. 300 of the 500 canals do not meet the State's minimum water quality criteria and are a potential source of nutrients and other contaminants to nearshore waters designated as Outstanding Florida Waters. As a result, a comprehensive Canal Management Master Plan (CMMP) was commissioned by Monroe County with financial assistance from the Environmental Protection Agency and with approval from the FKNMS Water Quality Protection Program (WQPP).

One of the main objectives of the CMMP was to prioritize the residential canals within Monroe County related to the need for water quality improvements. A process was developed that classified canals by water quality characteristics into "Good", "Fair", and "Poor" categories. Canals receiving a "Poor" classification were considered as potential candidates for certain restoration technologies. Restoration technologies reviewed in the CMMP include removal of accumulated organics, incorporation of weed gates or similar weed barrier structures, addition of culverts, construction of pumping systems, and backfilling. The ultimate goal of this work is to restore the environmental health of Monroe County's canals, and subsequently its nearshore waters.

VAN SCOYOC
ASSOCIATES

The County Commission previously approved moving forward with a series of six canal restoration demonstration projects. Those projects will be complete by June 2016. The preliminary results have indicated immediate improvement to the water quality of the restored canals. The results will be used to further define restoration costs and for information in future grant applications to state and federal sources.

In order to be eligible for federal funding, canal restoration efforts would require a new authorization through Congress. Under the Water Resources Reform and Development Act (WRRDA) of 2014, the Army Corps of Engineers is required to seek proposals for water resources studies and project modifications on an annual basis. From the proposals submitted by local sponsors, the Corps identifies those that meet certain criteria and recommend them to Congress for authorization within an Annual Report. The Report will also include an Appendix listing those proposals that are not recommended for authorization and the reasons for the lack of recommendation. Congress will then have the opportunity to authorize the recommended studies and project modifications through a yes or no vote, rather than a traditional Water Resources Development Act (WRDA). This process provides an opportunity to seek future assistance from the Corps for canal restoration activities.

RECOMMENDED POSITION: *Support* full funding of the Florida Keys Water Quality Improvements Program via the FY 2016 Army Corps of Engineers Work Plan. *Support* continued additional funding for Army Corps of Engineers environmental infrastructure projects in FY 2017 and future fiscal years. *Support* Monroe County's efforts and activities related to canal water quality restoration.

FEDERAL ISSUE: Land Acquisition

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: The federal nexus for Monroe County's land acquisition challenges are generally based upon two basic principles: a) rigorous preservation of the Florida Keys' unique environmental resources, which are protected under a variety of federal laws including the Endangered Species Act, and b) the need to protect from development encroachment the nation's investment in Naval Air Station Key West, one of the military's premier air combat training facilities.

The Florida Keys and Monroe County contain a number of unique environmental resources of national significance. In recognition of the value of these resources and features, the federal government has created four national wildlife refuges (Crocodile Lake, Great White Heron, Key Deer, and Key West), three national parks (Everglades, Biscayne, and Dry Tortugas), as well as a National Marine Sanctuary (Florida Keys) and a National Preserve (Big Cypress), all of which are located in whole or in part in Monroe County. World renowned for our coral reef, the Florida Keys is also home to over 30 listed species protected under the Endangered Species Act (ESA).

In order to protect these scarce yet vital natural resources, development on private property in Monroe County is heavily controlled by federal, state, and local regulations. To see the significant impact of federal regulations on the County's ability to regulate local development, one need to look no further than the Florida Key Deer v. the Federal Emergency Management Agency (FEMA) & US Fish & Wildlife Service (USFWS) suit settled in 2012 after more than 20 years of litigation. In that case, the USFWS and FEMA negotiated a settlement agreement with environmental advocates that forced the County to adopt regulations and procedures to assist the USFWS with performing its obligations under the ESA or face expulsion from the National Flood Insurance Program (NFIP). Given the draconian alternative of expulsion from the NFIP and the resulting collapse of the local real estate market due to the inability of potential home buyers to obtain federally-guaranteed mortgages, the County Commission had little choice but to implement procedures that essentially shifted the burden of implementation of the ESA from the USFWS to Monroe County.

That settlement agreement was predicated upon the USFWS's revised Biological Opinion (BO) on the NFIP in Monroe County. The BO contained reasonable and prudent alternatives (RPA) that required the Florida Keys communities to revise their Flood Damage Prevention programs to include the review of floodplain development applications for potential impacts to nine endangered species – a review the ESA requires FEMA and USFWS to undertake, not local governments.

According to the data contained in the BO, there are 63,411 acres of suitable habitat for listed species in unincorporated Monroe County. Approximately 7,193 privately owned vacant parcels, having an approximate combined value of \$240,088,014 within USFWS designated potentially suitable habitat. While the BO only addresses protections for nine species, twenty-two federally-listed species live in the Florida Keys and critical habitat has been designated for eleven of these species. In addition, the USFWS currently proposes to list (and subsequently designate critical habitat for) an additional five (5) species in the Florida Keys in the near future.

The limitations upon development imposed by the ESA and other federal, state, and local regulations impose severe restrictions on private property owners who desire to develop their properties. The U.S.

and Florida Constitutions require government to compensate private property owners when those regulations result in a taking. Currently, the County is defending takings suits involving potentially over 1,000 parcels of land. These claims are based in part upon regulations that were adopted to effectuate the ESA and other state and federal acts.

The County realizes the importance of preserving and sharing the benefits of our unique natural resources, and has conducted the reviews for FEMA and FWS, including restricting development based on this process, but federal support is required to maintain the protection of our significant environment. The Keys supports and encourages the federal government to target the acquisition of lands containing suitable habitat for and known populations of federally-designated wildlife species.

In addition to the land acquisition challenges resulting from environmental protection regulations, the County faces challenges in the area surrounding Naval Air Station (NAS) Key West, one of the military's premier air combat training facilities. The airfield is located just outside of Key West in the most densely populated area of the County. Noise from flight operations impacts the quality of life for residents living near the airfield. The impacts of encroachment from development, both past and future, in the vicinity of NAS Key West further exacerbates the land acquisition challenges for Monroe County. While the County wants to foster the continued use of the airfield, it must also be mindful of encroachment challenges due to property owners in the adjacent community. Acquisition of nearby properties can help solve that challenge.

In order to proactively address these land acquisition challenges, the County has engaged in land acquisition efforts primarily through the Monroe County Land Authority. The Land Authority has two dedicated revenue sources through which it funds land acquisition (half of the one cent tourist impact tax, and a State park surcharge). Unfortunately, these sources are insufficient, as they generate only about \$900,000 annually. However, in Fiscal Year 2015, the County Commission budgeted \$10 million in local funds to serve as a match for federal and state land acquisition projects. Even with that additional funding, the County lacks the financial resources to meet all of the land acquisition needs that result from federal and state environmental protection regulations as well as encroachment issues arising near NAS Key West. Solving the County's land acquisition challenge can only be done through a combination of federal, state, and local efforts.

The Land and Water Conservation Fund

The Land and Water Conservation Fund (LWCF) Act of 1965 was enacted to help preserve, develop, and insure access to outdoor recreation facilities for our nation. The law created the Land and Water Conservation Fund (LWCF) in the U.S. Treasury as a funding source to implement outdoor recreation goals. Revenues for the fund are derived from oil and gas leasing proceeds in the Outer Continental Shelf.

The LWCF has been the principal source of monies for land acquisition for outdoor recreation by four federal agencies—the National Park Service, Bureau of Land Management, Fish and Wildlife Service, and Forest Service. The LWCF also funds a matching grant program via the National Park Service to assist states (and local governments as sub-recipients) in acquiring recreational lands and developing outdoor recreational facilities. A portion of the appropriation is divided equally among the states, with the remainder apportioned based on need, as determined by the Secretary of the Interior. The states award their grant money through a competitive selection process based on statewide recreation plans, as well as establish their own priorities and criteria.

The LWCF is authorized at \$900 million annually. However, yearly appropriations have fluctuated widely since the origin of the program. Of the total revenues that have accrued throughout the history of the program (\$33.5 billion), less than half have been appropriated (\$15.8 billion). FY 2001 marked the highest funding ever, with appropriations exceeding the authorized level and reaching nearly \$1 billion. In FY 2002, Congress provided the most LWCF funding of the past twenty years for the state grant program at \$144 million. For FY 2016, the Administration requested \$53.2 million for the state formula and competitive programs. Congress, however, provided a huge boost to the state programs, funding them at \$110 million in FY 2016.

In addition to yearly funding challenges, the current authorization for the LWCF is set to expire at the end of 2018. While this is still roughly three years away, the previous authorization was allowed to lapse for over two months when Congress failed to reauthorize the program after its expiration on October 1, 2015. A three-year reauthorization was finally included in the FY 2016 omnibus.

Meanwhile, the Chairman of the House Natural Resources Committee, Rob Bishop (R-UT), unveiled draft legislation called the Protecting America's Recreation and Conservation (PARC) Act in November 2015, which would reauthorize the LWCF for seven years at \$900 million annually, but would also significantly reform the LWCF. The legislation would provide 45 percent of LWCF funds to the State Assistance Grant Program, 15 percent to fully fund the Payments in Lieu of Taxes program, 20 percent to fund offshore energy exploration, and 3.5 percent on federal land acquisition. The bill would also require a certain amount of that 3.5 percent to be focused east of the 100th meridian (a north-south line running through the Dakotas and into Texas) in order to prevent the purchase of much more land in the west.

There have also been some legislative attempts to permanently reauthorize the LWCF. In March of 2015, Sen. Maria Cantwell (D-WA) introduced the Land and Water Conservation Authorization and Funding Act of 2015, which would do the following: 1) Amend the Land and Water Conservation Fund Act of 1965 to make permanent the LWCF's authorization; 2) Make revenue into the LWCF available for expenditure to carry out the purposes of the Act without further appropriation; and 3) Require that not less than 1.5 percent of the annual authorized funding amount be made available for projects that secure recreational public access to existing federal public land for hunting, fishing, and other recreational purposes. This bill had 31 cosponsors (39D, 2R, 2I), including Senator Bill Nelson.

The LWCF remains a volatile issue with vastly different perspectives on the program often depending on geographic location and amounts of federal ownership of lands, particularly in the west. Representative Bishop, for instance, has worked for years to try to facilitate a massive-land swap in Utah to open vast new areas to oil and gas drilling and fracking. Given the recent stand-off in Oregon relating to federal ownership of land, this issue is likely to remain controversial, thereby making efforts to expand the LWCF difficult.

DoD Readiness and Environmental Protection Integration Program

The Department of Defense's (DoD) Readiness and Environmental Protection Integration Program (REPI), which was authorized by Congress in 2002, funds cost-sharing partnerships for the military with state and local governments in order to address incompatible development and loss of habitat around DoD installations. These partnerships obtain easements or other interests from willing sellers that preserve critical buffer areas around DoD facilities in order to protect the military's ability to accomplish its training, testing, and operational missions by helping to remove or avoid land-use conflicts, as well as addressing regulatory restrictions that inhibit military activities. Through FY 2014 (the most recent numbers available), REPI buffer partnerships have protected almost 362,501 acres of buffer land in 80

locations and 28 states. The REPI program may provide an opportunity for land acquisition for those parcels located near DoD facilities within Monroe County.

Since the program's inception, Congress has increased REPI's original funding from \$12.5 million to over \$70 million annually. In its FY 2016 budget request, the Administration recommended \$60.3 million for REPI. Congress, meanwhile, funded REPI at \$75 million in its FY 2016 omnibus appropriations bill.

Although congressional appropriations are consistently above the budget request, total service requests average \$140 million annually, which greatly exceeds available REPI funding. To make up some of the difference, federal REPI funding is augmented by cost-shares from partner contributions, including other federal grants, state and local grants or cost-share programs, private capital, donations, and in-kind services, among others.

RECOMMENDED POSITION: *Support* efforts by federal agencies to acquire appropriate properties to mitigate environmental resource or military encroachment concerns in Monroe County. *Support* a \$900 million annual appropriation from the Land and Water Conservation Fund. *Support* future mandatory funding for the Land and Water Conservation Fund. *Support* increased funding of the Department of Defense's Readiness and Environmental Protection Integration program.

FEDERAL ISSUE: Payments In Lieu of Taxes

BACKGROUND: HOW IT MAY AFFECT MONROE COUNTY: Under law, federally-owned lands within a local government's boundary cannot be taxed, but these lands still create a demand for services, including firefighting and police protection, construction of roads, and search-and-rescue operations. Congress has created several programs in an attempt to compensate local governments, particularly counties, for these losses to their tax base. One of these programs from which Monroe County benefits is the Payments in Lieu of Taxes program (PILT).

Congress passed the Payments In Lieu of Taxes Act in 1976 (Public Law 94-565) to help offset the impact from these losses to local governments' tax bases through annual compensation. The PILT program is administered by the Department of Interior.

Payments are made annually for tax-exempt federal lands administered by the Bureau of Land Management, the National Park Service, the U.S. Fish and Wildlife Service, the U.S. Forest Service, and for federal water projects and some military installations. The authorized level of PILT payments is calculated under a complex formula that includes five factors affecting Monroe County's compensation: the number of acres eligible for PILT payments, the County's population, payments in prior years from other specified federal land payment programs, state laws directing payments to a particular government purpose, and the Consumer Price Index. The following are Monroe County's PILT payments for the last five fiscal years: \$1,099,616 in 2011; \$1,122,390 in 2012; \$1,095,408 in 2013, \$1,172,487 in 2014, and \$1,158,900 in 2015. A total of 454,861 acres, which is roughly 19 percent of the County's land, is eligible for compensation.

In 2008, Congress reauthorized PILT and changed it from a discretionary to a mandatory program through FY 2012. As a mandatory program, authorized eligible local governments are able to automatically receive their full PILT payments. As a discretionary program, however, PILT is subject to the annual, and often arbitrary, appropriations process.

PILT was reauthorized at mandatory levels for FY 2013 through the MAP-21 transportation reauthorization. Although funding for PILT was not included in the FY 2014 omnibus appropriations bill, the program was fully funded for FY 2014 through the five-year farm bill (PL 113-79) signed into law in February 2014. Then, in FY 2015, the omnibus spending bill included \$372 million in PILT funding. This, combined with the \$70 million included within the 2014 National Defense Authorization Act, brought the total amount of PILT funding for FY 2015 to \$442 million, fully funding the program. Most recently, PILT was fully funded at \$452 million for FY 2016.

As of now there is no concrete long-term nor short-term solution for providing additional PILT funding in future years. There has been some discussion of tying mandatory funding for the program to receipts from the Land and Water Conservation Fund (LWCF). The LWCF is currently a discretionary program that is routinely funded well below its authorized amount. Because of this, many believe the LWCF should also be moved to the mandatory side of the budget in order to provide as much funding as possible for the program without crowding out discretionary funding for other high-priority needs. Tying PILT, the LWCF, and other programs together as mandatory funding provides an opportunity for many programs to receive full funding on a regular basis, providing stability for local governments, as well as conservation opportunities. Because both programs tend to have support from a bipartisan coalition of

**VAN SCOYOC
ASSOCIATES**

lawmakers, the largest challenge for this proposal is how to pay for it. As discussed earlier in this agenda, legislation has been introduced in the form of the PARC Act that would tie together the LWCF and PILT, among other programs. However, given the bill's other controversial provisions, it is unlikely this will be achieved through that piece of legislation.

RECOMMENDED POSITION: *Support* full, long-term mandatory funding of the Payments In Lieu of Taxes (PILT) program, which enables local governments to rely upon PILT funds when budgeting.

FEDERAL ISSUE: Everglades Restoration and the Health of the Florida Bay

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Florida Bay is a large shallow lagoon bordered to the north by the Florida peninsula and to the south and east by the Florida Keys. A portion of the bay is located within Everglades National Park and is protected by the National Park Service (NPS), with the remainder lying within the Florida Keys National Marine Sanctuary, which falls under the jurisdiction of the National Oceanic and Atmospheric Association (NOAA). The Bay provides unique and critical habitat for many plants and animals, including several endangered species such as the Florida Manatee.

The NPS began long-term monitoring of Florida Bay in 1988 in order to collect and analyze hydrologic and salinity data from the Bay. At this same time, the Bay was suffering from tremendous (approximately 23,000 acres) of sea grass die off from hyper saline conditions with resulting algal blooms. Salinity levels are considered the primary driver of ecological conditions within the bay. Salinity levels are also the driver to maintain the state-established Minimum Flow and Level (MFL) for Florida Bay, an ecosystem-based protective standard established under Florida law.

The construction of water control structures and facilities within the Everglades throughout the 20th century has altered the natural hydrologic patterns of water in the region. Overtime, this has reduced the flow of freshwater into Florida Bay and changed the ecosystem of the Bay and other connected coastal regions. Managing these water flows to reduce the severity and frequency of hypersalinity events and algal blooms are among the goals of the Comprehensive Everglades Restoration Plan (CERP).

There are a number of projects and studies under various stages of development that are expected to, in the long run, improve the health of Florida Bay. These include modifications to the C-111 Canal General Reevaluation Report, Modified Water Deliveries, including the bridging of portions of Tamiami Trail, C-111 Spreader Canal, and the Central Everglades Planning Project.

- The C-111 Canal is the southernmost canal of the Central and Southern Florida Project and is located in south Miami-Dade County. The C-111 Canal courses through extensive marsh wetland prairie and coastal mangrove marsh before it empties into Manatee Bay. The canal serves a basin of approximately 100 square miles and is the final segment of the South Dade Conveyance System. It functions primarily to provide flood protection and drainage for the agricultural areas to the west and south of Homestead, Florida. The canal has had unintended effects on groundwater levels in Taylor Slough, and has contributed to the reduced discharge to northeastern Florida Bay and increased unseasonable discharges to Manatee Bay and Barnes Sound. Taylor Slough is a natural drainage feature of the Everglades that flows southwest into numerous tributaries that eventually empty into Florida Bay.
- The C-111 Project General Reevaluation Report (GRR) with integrated Environmental Impact Statement (EIS) was approved in 1994 and it authorized modifications to the original project as authorized by the Flood Control Acts of 1962 and 1968. The C-111 project is moving forward, and construction on the remaining project components was scheduled to begin in Fiscal Year 2015. Construction efforts were divided into 9 contracts. Contracts 1-7 are complete and under Operation, Maintenance, Repair, Rehabilitation, and Replacement (OMRR&R) by the non-Federal Sponsor. The completed contracts built the following features of the 1994 GRR recommended plan: Pump Stations 332B, 332C, 332D, the retention/detention area, C-111 Spoil

VAN SCOYOC
ASSOCIATES

Mound Removal, Taylor Slough Bridge, and the S-331 Command and Control Facility. The remaining features to be constructed include the North Detention Area, which will connect this project with the Modified Water Delivers 8.5 Square Mile Area Detention Area (MWD 8.5 SMA STA). Plugging of the L-31W Canal. Plans and specifications (P&S) are complete for the North Detention Area, and the contract was scheduled for award in FY2015.

- The C-111 Spreader Canal Western Project focuses on the restoration of flows to Florida Bay via Taylor Slough as well as the restoration of the Southern Glades and Model Lands and coastal zone of Florida Bay. The bulk of the construction for the project was completed by the South Florida Water Management District in 2012. The effect of the C-111 Spreader Canal Western Project on adjacent park wetlands and on Florida Bay is being monitored and its effects will be evaluated after 3 years of monitoring and thus far, initial signals are positive. Rainfall-driven operational controls have not yet been implemented, but will be incorporated into future water control plans. The remaining phases of the C-111 Spreader Canal project are anticipated for completion in the 2019-2021 timeframe according to the latest CERP Integrated Delivery Schedule (IDS).
- The overall purpose of the Modified Waters Delivery (MWD) to Everglades National Park (ENP) project is to restore the natural hydrologic conditions in ENP, which was altered by the construction of roads, levees, and canals. There are four major components of MWD: 8.5 Square Mile Area Flood mitigation, Tamiami Trail Modifications, Conveyance and Seepage Control Features, and Combined Operation Plan. All four components are necessary to provide substantial flow increases to ENP.
 - The most well-known portion of this project is the bridging of the Tamiami Trail. A one mile bridge has been completed to date. In early 2015, the Department of Interior released a preferred alternative to bridge an additional 5.5 miles of the Trail called the Tamiami Trail: Next Steps project. The additional bridging will provide unconstrained flows of water to Northeast Shark River Slough (NESRS) in ENP. The resulting increased water volumes and improved flow distribution are expected to promote conditions conducive to the survival of myriad species of fish and wildlife. A contract award for 2.6 of the 5.5 miles yet to be completed is expected by January 2016 and a construction groundbreaking is anticipated in April 2016.
 - Flood mitigation work to protect a residential area near the project (the 8.5 Square Mile Area) will be complete in 2016.
 - Meanwhile, a set of significant changes to the operation of the local water management infrastructure that controls the flow of water to NESRS in ENP, known as Increment 1, began in 2015. The structural features of the MWD project finally allow this incremental increase in water flow. Planning and development of this field-test phase of the MWD project has been a complex, multi-year, interagency undertaking. Water flow into NESRS through the S-333 structure along the L-29 Canal will increase and water that seeps out of the park to the east will be returned to the park by use of the S-356 pump, also located along the L-29 Canal. Increment 1 is expected to continue for up to two years and is expected to produce small but important hydrologic benefits based on the additional water flow and seepage return. Water quality will be maintained because seepage water has low levels of total phosphorus and is of very good quality overall. Increased water flow and water quality are expected to improve habitat function and species composition and abundance, while promoting the build-up of soil and inhibiting soil loss. Increment 2 is expected to provide additional hydrologic and ecological benefits to NESRS, and data collected during the first two increments will be used in Increment 3 to design a new operational plan for the system.

- The C-111 North Detention area (a component of MWD and referenced above in the C-111 GRR) is still not complete and scheduled for completion in 2017.
- Finally, the Central Everglades Planning Project (CEPP) received its Corps of Engineers Chief's Report in 2015, thereby allowing for future Congressional authorization via the next Water Resources Development Act so the project may move to construction. CEPP intends to address criticism that a good portion of Everglades restoration to date has focused on the periphery of the remnant Everglades. CEPP seeks to respond to this concern by removing barriers to flow in the central Everglades in an effort to put the "river" back into the "River of Grass." CEPP, once fully constructed, is estimated to bring an average of 200,000 acre-feet of additional water from Lake Okeechobee into the Central Everglades each year. This is expected to reduce damaging discharges to the east and west coast estuaries while returning more flow to the Everglades. The new water will eventually flow into Everglades National Park under the 2.6-mile bridge scheduled for completion in 2019.

RECOMMENDED POSITION: *Support* efforts to improve the health of Florida Bay by restoring adequate fresh water flows through the Everglades. *Support* full completion of the C-111 Canal suite of projects. *Support* completion of the Modified Waters Delivery suite of projects and improved operational plan, including further modification to Tamiami Trail. *Support* authorization of the Central Everglades Planning Project via the next Water Resources Development Act.

FEDERAL ISSUE: Federal Aviation Administration - Authorization and Issues

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Congress passed an authorization of the Federal Aviation Administration (FAA) in February 2012, which extended the program through the end of Fiscal Year (FY) 2015. Congress then passed a short-term extension through March 31, 2016. Congress will now need to pass a new or extended FAA authorization prior to that date. A new FAA measure may include reforms such as updated software systems and a discussion of increases in taxes and fees.

Airport Improvement Program

Among other things, the FY 2012 legislation authorizes \$3.35 billion annually for the Airport Improvement Program (AIP). AIP is a federal grant program that provides funds to public airports to improve safety and efficiency. The program is funded through taxes on airplane tickets and aviation fuel. This funding stream is critical to improvements at Key West International and Florida Keys Marathon Airports and is subject to annual appropriations by Congress. Between 2009 and 2013, Key West International experienced over 74 percent increase in passenger traffic. With this tremendous growth, it is critical to ensure that these airports can compete for sufficient federal funding as necessary to continue this trend.

In its FY 2016 budget, the Administration proposed a reduction in funding for AIP from \$3.35 billion in FY 2015 to \$2.9 billion by eliminating guaranteed funding for large and medium hub airports. The purpose of the proposal was to focus federal grant support on smaller commercial and general aviation airports that are less likely to have access to additional revenue or other outside sources of capital. The Key West International Airport is a small-hub airport.

At the same time, the budget would have allowed larger airports to increase non-federal passenger facility charges (PFC), thereby giving them greater flexibility to generate their own revenue. However, in the final FY 2016 omnibus appropriations bill, this was rejected by Congress, and the AIP program received its fully authorized limit at \$3.35 billion.

Authorized by Congress in 1992, the PFC allows commercial airports controlled by public agencies to charge \$3.00 per passenger through airline tickets. The PFC cap was raised in 2001 to \$4.50, yet has not been increased since. Several airport groups, including the American Association of Airport Executives, advocate for local authority to raise the cap to \$8.50 per enplanement in order to meet current needs and prepare for future demand. Given the need for investments in its airports, this is something Monroe County supports.

Fish Hook Non-Directional Beacon at Higgs Beach

The County would like the FAA to remove or relocate the Fish Hook non-directional beacon (NDB) currently located at Higgs Beach in Key West. The circa World War II radio tower and surrounding fencing occupies nearly an acre of a 16.5 acre County beach park in Key West. The park is in the midst of a major revitalization and Master Redevelopment Plan which calls for green space where the tower now stands. The park is at the southern terminus of the Florida Keys Overseas Heritage Trail bicycle pedestrian path and is a major tourist attraction and community amenity. In September 2009, FAA Technical Support Staff conducted a cursory review of the County's request and determined the NDB facility building and older antenna may be eliminated or the fenced area significantly reduced if replaced

by a smaller and more modern antenna. However, in December 2012, FAA regional staff conducted a site survey to determine the scope of work and availability of suitable sites for potential relocation of the NDB. Less than a month later, the FAA released its report and concluded the following:

- The existing NDB shelter and tower are not suitable for relocation and would need to be replaced.
- No suitable location for the NDB was found (Two alternate locations were found to be unsuitable).
- Due to the heavy density and nature of the island, land acquisition of private property would be timely and costly.

The County met with the FAA in 2013, at which time they were told the NDB is needed for redundancy purposes and could not be removed or relocated. The FAA argued that should all other technologies fail, the NDB is needed because it would still function during an emergency. Then, in April 2015, Rep. Curbelo sent a letter to the FAA requesting the agency consider relocating the beacon, to which the FAA again indicated that no suitable location is available.

Joint-Use of Naval Air Station Key West

Naval Air Station (NAS) Key West is located on Boca Chica Key near Key West. NAS Key West's national security mission provides operational and readiness support for the Department of Defense, Department of Homeland Security, Air National Guard, Army National Guard, and allied military forces.

The County has expressed an interest in utilizing NAS Key West as a joint-use facility due to limited runway length at Key West International Airport. At 4,801 feet, the runway is currently the shortest commercial runway in the country, which has deterred carriers from servicing the airport, thereby driving up ticket costs. Since the 1990's, the County has discussed joint-use of NAS Key West with the Navy. In 1995, however, the Navy issued a report disapproving joint-use at NAS Key West on the grounds that it would interfere with operational readiness. Since then, conversations between the County and the Navy regarding joint-use have occurred sporadically.

Sound Attenuation

Due to jet noise, activities at NAS Key West often negatively affect residents who live in the area. The FAA provides funding for sound attenuation activities at civilian airports. However, this funding is not available for military facilities. Monroe County would like to see changes to this policy in order to reduce the impacts of noise pollution from military aircraft on its residents.

RECOMMENDED POSITION: *Monitor* passage of a long-term FAA reauthorization bill in 2016. *Support* \$3.35 billion in annual appropriations for the Airport Improvement Program. *Support* Monroe County's grant proposals for funding through the FAA Airport Improvement Program. *Support* an increase in the passenger facilities charge cap from \$4.50 to \$8.50. *Support* the removal or relocation of the non-directional beacon at Higgs Beach. *Support* continued efforts to establish a joint-use airport at Naval Air Station Key West. *Support* federal funding for sound attenuation activities around military air facilities.

FEDERAL ISSUE: Transportation Authorization

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: After the passage of several short-term authorizations following the expiration of MAP-21 in 2014, Congress finally passed, and the President signed, a five-year surface transportation authorization called the Fixing America's Surface Transportation (FAST) Act. The FAST Act generally maintains many of MAP-21's reforms, but makes a few changes to existing surface transportation programs, as well as slightly increases funding for those programs.

In developing the FAST Act, however, Congress did not address the need for a long-term, sustainable plan to finance our nation's transportation infrastructure. Fuel taxes, which provide most of the money for surface transportation, do not provide a solid long-term foundation for transportation funding growth and investment, even if Congress were to authorize a modest increase. Instead, the FAST Act relies on various budget gimmicks to fund surface transportation programs over the next five years, such as surplus money from the Federal Reserve, reducing the amount of interest the Fed pays to banks, and selling off part of the Strategic Petroleum Reserve.

Without the creation of a long-term, sustainable funding source, the Highway Trust Fund's deficit will continue to grow over the next five years, making future authorizations increasingly difficult. The choice then becomes finding new sources of income for an expanded program, or alternately, to settle for a smaller program that might look very different than the one currently in place. Less federal funding via a future transportation reauthorization bill would mean significantly less funding available to FDOT, and ultimately Monroe County, to support both surface transportation and transit projects and programs.

Card Sound Bridge

Card Sound Bridge connects southern Miami-Dade County to Monroe County via toll. Monroe County is primarily responsible for operating and maintaining the bridge. It is one of only two roads that connect the Keys with mainland Florida. The bridge is roughly 50 years old and currently undergoing a ten-year update. However, it will likely need to be fully replaced after that time.

MAP-21 eliminated the Highway Bridge Program in 2012. Instead, bridges located on the Interstate or the National Highway System were eligible to receive funding through the National Highway Performance Program (NHPP). Bridges that were not located on this federal-aid system, such as Card Sound Bridge, as well as many others in Monroe County, were provided a separate set-aside in the Surface Transportation Program (STP). This resulted in a nearly 30 percent decrease in funding for on- and off-system bridges. The FAST Act, however, attempted to correct this by expanding the NHPP to allow funding for on-system bridges. This more than repairs the cut to on-system bridges under MAP-21. Meanwhile, the bill maintains the STP set-aside for off-system bridges.

RECOMMENDED POSITION: *Monitor* proposed changes to federal highway programs. *Monitor* efforts to enhance federal transportation revenue streams. *Support* the continuation of dedicated bridge funding through the Surface Transportation Program or other avenues. *Support* opportunities to secure funding for Monroe County's priorities via federal highway legislation or other means.

VAN SCOYOC
ASSOCIATES

FEDERAL ISSUE: RESTORE ACT

BACKGROUND: HOW IT MAY AFFECT MONROE COUNTY: In April 2010, an explosion at the BP-operated Deepwater Horizon oil rig caused the worst oil spill in U.S. history, with almost 5 million barrels of oil spilling into the Gulf of Mexico.

In the summer of 2012, Congress passed the RESTORE Act, which established the Gulf Coast Restoration Trust Fund and mandated that 80 percent of Clean Water Act (CWA) civil damages from the spill be allocated directly to the five impacted states, including Florida. The legislation also contained additional, Florida-specific language as to how the state's allocation should be spent by the Gulf Consortium and the individual counties along the Gulf.

Since the spill, BP settled with the federal government for \$4.5 billion to resolve criminal charges against it. This funding is allocated by the National Fish and Wildlife Foundation as well as directed to other trust funds. BP also agreed to provide an interim payment of \$1 billion to repair natural resources via the Natural Resource Damage Assessment (NRDA) process. Based on the law, this last payment is tax-deductible for the company.

A civil trial between BP and the Department of Justice (DOJ) began in 2013, and in 2014, a U.S. District Court judge ruled that BP was "grossly negligent" in the Deepwater Horizon spill, citing the company's extreme measures to cut costs despite safety risks. In January 2015, the same judge ruled that BP dumped 3.2 million barrels of oil into the Gulf during the disaster.

Meanwhile, in 2013, DOJ settled with Transocean for their role in the Deepwater Horizon spill. As a result of the agreement, Transocean will pay \$1 billion in CWA fines, resulting in the first allocation of funding to be distributed via the RESTORE Act. From this initial settlement, Monroe County will receive a direct allocation of \$1,163,546.

In July 2015, BP and DOJ reached a settlement for all federal and state claims in which BP will pay \$5.5 billion over 15 years in CWA fines. BP will also pay \$4.9 billion in economic claims to the Gulf states, including \$2 billion to Florida; \$7.1 billion (not including the \$1 billion already committed by BP) in NRDA claims, including \$680 million for Florida and \$350 million for region-wide claims; and approximately \$600 million to resolve the economic loss claims of local governments. That settlement is subject to be finalized Spring 2016.

These CWA fines will flow to the Gulf States via the RESTORE Act. The Department of the Treasury and the Gulf Coast Ecosystem Restoration Council are tasked with implementing the RESTORE legislation. Treasury published a final rule for the RESTORE Act on December 14, 2015, with an effective date of February 12, 2016. From within the Treasury-administered Trust Fund, Monroe County is receiving \$1,184,925 in Direct Component funding as a first distribution, as well as \$12,434,783 from the Spill Impact Component, which was split evenly among the Gulf counties in Florida. Further distributions of Direct Component funds will result from finalizing the settlement referenced above.

The RESTORE Act also established the Gulf Coast Ecosystem Restoration Council (the Council), which is responsible for administering 60 percent of the total funding allocated to the Trust Fund. Thirty percent of the Trust Fund is to be used by the Council to develop and fund a Comprehensive Plan for the

VAN SCOYOC
ASSOCIATES

restoration of the entire Gulf Coast ecosystem, and the remaining thirty percent is to be distributed under the Spill Impact Component. The Council includes the Secretaries of the Interior, Commerce, Agriculture, the Administrator of the Environmental Protection Agency, Secretary of the Army for Civil Works, the head of the Coast Guard, and the Governors of each state. Project and program requests for initial funding from the Transocean settlement under the Council's Comprehensive Plan were due in late 2014.

In August 2015, the Council released their draft Funded Priorities List (FPL). This draft FPL proposed to fund approximately \$139.6 million in restoration activities with a focus on 10 watersheds in the Gulf. It also included Category I and Category II projects, with Category I projects to receive funding once the FPL is finalized and Category 2 projects to be considered for funding in the future. The draft FPL, however, did not include any watersheds south of Tampa Bay. The list was open for public comment until September 2015.

Then, in September 2015, the Council released a proposed regulation to implement the Spill Impact Component of the RESTORE Act. It includes a formula based on three criteria to determine how much funding each state will receive. There are some concerns regarding one of the criteria, which is based on population, because it calculate the average population for each coastal county bordering the Gulf of Mexico within a state. Therefore, using this calculation, the Council finds that Alabama, which only has 2 coastal counties, has the largest average population, and Florida, which has 20+ coastal counties, comes in second.

Meanwhile, the County supports efforts to allow bonding of future anticipated receipts to allow for quicker restoration progress and also to minimize likely administrative costs of the 15-year RESTORE program.

Monroe County's Projects

The National Marine Sanctuary's Water Quality Protection Program (WQPP), mandated by Congress and developed jointly with the EPA, NOAA, the state of Florida and Monroe County, is a comprehensive suite of scientifically-based projects centered on critical ecosystem components. Under the federal requirements of the WQPP, Monroe County is required to halt degradation and improve water quality by implementing corrective actions related to wastewater treatment, stormwater runoff, and canal water degradation. The County submitted a suite of projects under WQPP to the Florida Department of Environmental Protection (FDEP) for their consideration as one of Florida's five initial projects for inclusion in the Council's Comprehensive Plan. Unfortunately, FDEP did not include any of these projects in their recommendation to the Council, which will fund projects using Transocean money.

Related to WQPP, the County advocated for inclusion of FKWQIP as one of the Corps' five recommendations to the Council, which was also supported by Senator Bill Nelson. The Corps submitted their recommendations to the Council, but did not seek funding for FKWQIP as one of their initial project suggestions. However, there will likely be additional opportunities for the County to seek funding for WQPP and FKWQIP as additional funding is provided via the RESTORE Act.

RECOMMENDED POSITION: *Monitor* federal implementation of the RESTORE Act to ensure continued benefit to Monroe County. *Support* efforts to secure funding for Monroe County's water quality and environmental priorities.

FEDERAL ISSUE: Climate Change and Sea Level Rise

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: The Florida Keys is on the front lines of climate change, facing such potential impacts as sea level rise and increased hurricane intensity. Given the County's unique vulnerabilities to sea-level rise, as well as its international presence as a premier tourist destination, Monroe County has an opportunity to demonstrate leadership on this issue through the implementation of key policies, practices and investments that will prepare the County for the impacts of climate change. As a result, the County is acting now to enact local policies to combat the future effects of climate change.

In 2016, Monroe County completed a comprehensive study on the effects of local sea level rise and climate change mitigation strategies called GreenKeys. The study utilizes a planning scenario for sea level rise of 9 to 24 inches in the next fifty years. The data also shows that even using a conservative estimate of sea level rise, several streets and portions of the County can expect to see significant flooding on a regular basis.

In 2013, the County developed the Monroe County Community Climate Action Plan (MCAP), which outlines a course of action for the County to minimize climate change impacts and increase the sustainability of the Florida Keys. MCAP includes initiatives to reduce energy use and waste, create local jobs, improve air quality, and preserve Monroe's local landscape and history.

Other communities in Florida also recognize the risk climate change poses to their citizens, infrastructure, and economies. Monroe County partnered with Miami-Dade, Broward, and Palm Beach Counties in 2010 to form the Southeast Florida Regional Climate Change Compact as a way to coordinate climate mitigation and adaptation activities across county lines. The Compact represents a new form of regional climate collaboration designed to allow localities to plan for adaptation while providing an efficient means for state and federal agencies to engage with technical assistance and support. Monroe County hosted the 7th Annual Florida Regional Climate Leadership Summit in December 2015, which focused on facilitating climate-related collaboration and knowledge sharing.

Given the makeup of the current Congress, passage of climate change legislation is unlikely in the near future. However, climate change is perceived to be a hallmark issue of the Obama Administration and his executive efforts, including recently proposed environmental regulations and climate change agreements with China and other nations, will keep the issue at the forefront of policymaker's minds in Washington. Therefore, it is even more imperative to keep the focus on this issue through advocacy and discussions with members of Congress about the current and future effects of climate change on coastal communities such as Monroe County.

RECOMMENDED POSITION: *Monitor* federal climate change legislation and executive actions. *Support* federal efforts to address climate change and mitigate sea level rise. *Support* the federal legislative priorities of the Southeast Florida Regional Climate Change Compact.

FEDERAL ISSUE: Waters of the United States

BACKGROUND: HOW IT MAY AFFECT MONROE COUNTY: A series of decisions by the U.S. Supreme Court over the past decade imposed restrictions on the scope of wetland regulation governed by Section 404 of the Clean Water Act (CWA), which regulates “dredge and fill” activities in navigable waters and their adjacent wetlands. Opponents of these restrictions have urged Congress to redefine Waters of the U.S. (WOTUS), and apply that definition to all aspects of the CWA.

As legislation along those lines failed to pass previous Congresses, the Environmental Protection Agency (EPA) and U.S. Army Corps of Engineers (ACOE) over the past several years developed guidance first, and now a final rule, to redefine WOTUS. There is concern that this effort may expand the definition of WOTUS to include tributaries, ditches, canals, and other water bodies that can potentially drain into navigable waters, interstate waters, or the territorial seas. These water bodies are likely to be subject to new requirements, and some waters currently covered by a permit could be subject to additional monitoring and regulation when those permits are renewed.

Despite a significant amount of opposition to the rule, Congress has thus far been unsuccessful in its attempts to block or alter implementation of it. The House passed H.R. 1732 in May of 2015, which would withdraw the rule and call for a new rulemaking process that engages state and local governments. The Senate failed to pass a similar bill, however, but did pass a resolution of disapproval against the rule. This will be vetoed by the President if it is also passed by the House.

Meanwhile, efforts to include a “policy rider” on the FY 2016 omnibus that would ban the use of federal funds to implement WOTUS during the fiscal year were unsuccessful. Omission of this was likely part of the tradeoff between supporters of lifting the export ban on crude oil and environmentalists.

Ultimately, the Courts are likely to decide the fate of WOTUS. In August of 2015, a federal judge in North Dakota found that 13 states suing to block implementation of the rule met the conditions for a preliminary injunction, halting implementation of the rule in those states. Florida was not one of them. Then, in October of 2015, the Sixth Circuit Court in Cincinnati issued a nationwide stay on WOTUS to allow for a more deliberative determination of whether the rule is “proper under the dictates of law.” This means all implementation of the rule is currently halted. It may take years for this to be fully resolved.

RECOMMENDED POSITION: *Monitor* activity related to the implementation of the EPA’s rule on Waters of the U.S.

FEDERAL ISSUE: Energy Exploration

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Active energy drilling currently occurs in both the western and central Gulf of Mexico, while nearly the entire eastern Gulf is protected from drilling until 2022 by the Gulf of Mexico Energy Security Act of 2006 (GOMESA).

For many years, the federal government has developed five-year Outer Continental Shelf (OCS) Oil and Gas Leasing programs to guide energy exploration activities in federal waters. The most recent plan, developed for 2012-2017, did not propose to lease any areas in the Atlantic OCS for oil and gas drilling. However, the Administration's plan did indicate that it would allow seismic analyses to determine energy resource potential in areas of the Atlantic OCS from Delaware to parts of Florida.

In February 2014, the Department of Interior's (DOI) Bureau of Ocean Energy Management (BOEM) finalized a Programmatic Environmental Impact Statement (PEIS) on seismic air-gun testing for offshore oil and gas exploration in the Atlantic Ocean, which opens the door for industry groups to conduct the first new oil and gas surveys in three decades. Specifically, the plan allows for the deployment of high-volume air-guns in federal waters to pinpoint the depth and size of oil and gas deposits. While it is viewed by many to include stringent regulations to mitigate against the effects these air guns may have on wildlife, some argue that the testing will still have devastating impacts on the affected areas.

The PEIS was accepted in July of 2014 and seismic testing is expected to begin this year. Should the analysis of the seismic surveys be completed in time for potential inclusion in the next DOI OCS Oil and Gas Leasing Program for 2017-2022, some believe that drilling could take place in areas identified as having resource potential as early as 2020. Senator Nelson and 10 other members of the Florida delegation sent a letter to President Obama expressing their disapproval of the decision, citing the effects seismic testing could have on Florida's wildlife and fisheries. BOEM is currently preparing a new OCS Oil and Gas Leasing Program for 2017-2022; and, in January of 2015, released its Draft Proposed Program. The draft recommends opening up part of the Atlantic OCS for one lease sale to perform drilling off the coast between Virginia and Georgia in 2021.

Meanwhile, the eastern Gulf of Mexico is protected from drilling until 2022 by GOMESA, but the law does not prohibit seismic testing from being included in the next five-year OCS Oil and Gas Leasing Program, nor prohibit any future Administration from allowing such testing. In addition, Senator Bill Cassidy (R-LA) introduced S. 1276, the Offshore Energy and Jobs Act, with his colleagues Sens. Vitter (R-LA), Wicker (R-MS), Cornyn (R-TX), and Cochran (R-MS). Among other things, the bill would alter the section of GOMESA that blocks oil and gas drilling at least 125 miles from the west coast of Florida until 2022. Instead, Sen. Cassidy's legislation would allow drilling 50 miles off the west coast of Florida. In response, Bill Nelson in the Senate and David Jolly in the House of Representatives, along with Sen. Markey (D-MA) and Reps. Buchanan, Clawson, Graham, and Murphy (all Florida), introduced legislation to extend the existing ban on drilling from 2022 to 2027 (S. 1430 and H.R. 2630, respectively).

Meanwhile, the Senate Energy and Natural Resources Committee approved a bill titled the Offshore Production and Energizing National Security (OPENS) Act, which is similar to the Cassidy bill in that it would allow new energy production on the OCS in the eastern Gulf of Mexico, the South Atlantic, and in the waters off of Alaska. The OPENS Act would also expand offshore revenue sharing to Florida in 2017 for leases in the eastern Gulf of Mexico. Currently, only Texas, Louisiana, Mississippi, and Alabama

receive revenue from offshore drilling activities in the Gulf of Mexico. The bill would also direct the Interior Department to hold lease sales in the eastern Gulf in 2018, 2019, 2020, and after 2022.

Unfortunately, momentum for expanded offshore energy development continues in both Congress and the Administration. The OPENS Act, and other similar pieces of legislation, will face a considerable uphill climb in Congress, but as the Administration becomes increasingly amenable to offshore energy exploration and harvesting, we could see additional areas opened for leasing.

Onshore Energy Development (Hydraulic Fracturing)

The rapid expansion of oil and gas extraction using hydraulic fracturing — both in rural and more densely populated areas — has raised concerns about its potential environmental and health impacts. These concerns have focused primarily on impacts to groundwater and surface water quality, public and private water supplies, and air quality.

In Florida, the Burnett Oil Company submitted a proposal to the National Park Service (NPS) to conduct a seismic survey of 110 square miles within Big Cypress Preserve. Similar to offshore seismic testing, a seismic survey is a preliminary research technique used to determine the presence of oil and gas below the surface of the ground, which may lead to future harvesting in those areas found to be rich with resources. Senator Nelson sent a letter to the DOI on July 31, 2015 in strong opposition to seismic testing within the Preserve. The NPS completed an Environmental Assessment (EA) for the proposal and took public comments on the EA until January 4.

In terms of non-federal land, states broadly regulate oil and gas exploration. In Florida, oil and gas extraction activities are managed by the Department of Environmental Protection. State laws and regulations governing unconventional oil and natural gas development have evolved in response to changes in production practices, largely due to the use of high-volume hydraulic fracturing in combination with directional drilling. However, state regulations vary considerably, leading to calls for more federal regulation of unconventional oil and natural gas extraction activities.

In March of 2015, DOI finalized regulations for hydraulic fracturing on public lands, which will allow government workers to inspect and validate the safety and integrity of barriers lining the fracking wells, require companies to publically disclose the chemicals used in fracturing, and set safety standards for how companies can store and dispose of used fracking chemicals. The rule only applies to federal lands, and states still retain control of hydraulic fracturing on state and private lands.

In response to the rule, proponents of hydraulic fracturing introduced legislation to weaken the rule. Sen. James Inhofe (R-OK) introduced the Fracturing Regulations are Effective in State Hands Act (S. 828), which would give states sole authority over hydraulic fracturing on any land within their boundary and require that hydraulic fracturing on federal land comply with the laws and regulations of the state in which the land is located. The bill currently has 28 cosponsors.

Meanwhile, supporters of increasing federal regulations for hydraulic fracturing have also introduced legislation. Rep. Matt Cartwright (D-PA) introduced the Closing Loopholes and Ending Arbitrary and Needles Evasion of Regulations (CLEANER) Act of 2015, which would close a loophole that allows oil and gas producing companies to avoid hazardous waste disposal requirements. The bill has 100 cosponsors.

VAN SCOYOC
ASSOCIATES

In addition, Rep. Diana DeGette (D-NY) introduced the Fracturing Responsibility and Awareness of Chemicals (FRAC) Act in the House (H.R. 1482) and Sen. Bob Casey (D-PA) introduced a Senate version of the bill (S. 785) in March of 2015. Those bills would define hydraulic fracturing as a federally regulated activity under the Safe Drinking Water Act, which would subject fracking activity to underground drinking water protections and require industry to disclose the chemicals used in hydraulic fracturing. The bills have 62 and 11 cosponsors, respectively.

RECOMMENDED POSITION: *Monitor* the potential expansion of offshore energy exploration in Florida's federal waters. *Monitor* federal discussion regarding hydraulic fracturing for impacts to future Florida oil and gas extraction.

FEDERAL ISSUE: Oil Spill Protection

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: The Oil Pollution Act (OPA) was passed by Congress and signed into law in August 1990 in response to rising public concern following the 1989 Exxon Valdez oil spill. The OPA expanded the authority of the federal government to prevent and respond to oil spills.

The OPA created the Oil Spill Liability Trust Fund, from which one billion dollars per spill is available for such activities as expediting payments for those involved in cleanup efforts, payment of claims for uncompensated removal costs and damages (e.g., financial losses of fishermen, hotels, and beachfront businesses), and payments to a state or local governments for increased public services and the net loss of government revenue. The Trust Fund is primarily funded by an 8-cent-per-barrel tax on oil. This rate is scheduled to increase to 9 cents per barrel in 2017, which is also scheduled as the final year of the tax.

The OPA established several new regulations related to oil transportation, and broadened the scope of damages for which an oil spiller would be liable, including:

- injury to natural resources,
- loss of personal property (and resultant economic losses),
- loss of subsistence use of natural resources,
- lost revenues resulting from destruction of property or natural resource injury,
- lost profits resulting from property loss or natural resource injury, and
- costs of providing extra public services during or after spill response.

Under OPA, holders of leases or permits for offshore facilities are liable for all cleanup costs, plus non-cleanup and containment damages up to \$75 million per spill. Although this was a significant increase from before OPA was enacted, it is important to recognize that this also capped the liability for which BP could be held responsible for the Deepwater Horizon oil spill.

In response, Senator Robert Menendez (D-NJ) and several other senators, including Senator Bill Nelson, attempted to pass the Big Oil Bailout Prevention Unlimited Liability Act, a bill to raise the \$75 million cap limit to \$10 billion, retroactive to before the spill occurred. This effort was blocked by other Senators on the grounds that it would deter small companies from deepwater drilling. The bill was reintroduced in the 113th Congress but again failed to pass.

In February 2014, the Obama Administration announced a proposed rule to raise the liability cap under a provision in OPA that provides for the limit on damages liability to be periodically adjusted by regulation to reflect significant increases in the Consumer Price Index. On December 12, 2014, the Bureau of Ocean Energy Management finalized their rule, increasing the liability cap from \$75 million to \$133.65 million, the most allowable under OPA.

Monroe County would like to see additional changes to OPA and other associated laws to ensure that the Oil Spill Liability Trust Fund is capable of addressing Spills of National Significance where there is no financially viable or legally responsible party, and that local governments may act as first responders in an effort to protect communities and be reimbursed for actions undertaken to protect resources and restore damaged areas during oil spill events.

RECOMMENDED POSITION: *Support* revisions to the Oil Pollution Act of 1990 and other associated laws to ensure that local governments may act as first responders in an effort to protect local communities, and be reimbursed for their actions undertaken to protect their resources and restore damaged areas during oil spill events, and the Oil Spill Liability Trust Fund is capable of addressing Spills of National Significance where there is no financially viable or legally responsible party.

FEDERAL ISSUE: Property Assessed Clean Energy Legislation and Guidance

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Property Assessed Clean Energy (PACE) programs aim to support energy efficiency and clean energy, and in Florida wind resistance, investments by homeowners and commercial property owners. This eliminates the upfront cost barriers of those investments and ensures that current and future property owners fairly share the costs and benefits of the improvements.

PACE is a financing tool that allows a home or property owner to receive low-interest financing for energy efficiency, renewable energy and wind resistance improvements, thereby saving that property owner money on their utility bills. PACE financing is repaid through a voluntary long-term assessment on a homeowner's property taxes over a longer time period that matches the useful life of those improvements. If a property owner sells their property, the repayment obligation, as well as the benefits of the energy improvements, can transfer to the next property owner.

In 2010, Fannie Mae and Freddie Mac raised concerns due to the senior lien status PACE financing takes over a mortgage as a local government assessment. Because Fannie and Freddie underwrite nearly ninety percent of new mortgages, this slowed the development of PACE programs. During that time, numerous PACE programs did develop and grow and currently over \$1 Billion of PACE projects have been completed across the country. In August of 2015, the Administration announced an effort to create guidelines for PACE programs. Under new guidance, which is anticipated to be released spring of 2016, PACE financing maybe subordinated in some limited cases; and those properties with subordinated PACE financing will be able to be purchased and refinanced with a federally-backed mortgage from Fannie Mae and Freddie Mac. Other guidelines are anticipated to address consumer protection issues.

Florida's PACE statute is unique in that it includes wind resistance improvements in terms of what can be financed in a PACE program. Recently, the State of Alabama passed similar state legislation that includes flood mitigation in the types of improvements that PACE programs can undertake. Monroe County supports such an expansion of PACE in Florida.

RECOMMENDED POSITION: *Support* legislation and guidelines that would allow for the creation of residential and commercial PACE programs in Monroe County to finance a number of home and commercial property improvement projects including energy efficiency, flood mitigation, or hurricane protection.

FEDERAL ISSUE: Continuum of Care Program – Federal Homeless Assistance

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: In 1987, Congress passed the McKinney-Vento Homeless Assistance Act as a response to the increase in homelessness in the United States. It originally created several programs within the Department of Housing and Urban Development (HUD) that focused on combating the root causes of homelessness. The McKinney-Vento Act has been amended many times, most recently in 2009, when President Obama signed the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act. The HEARTH Act updated and expanded the definition of homelessness and made changes to existing programs under McKinney-Vento. Also under the HEARTH Act, three previously separate HUD homeless assistance programs - the Supportive Housing Program (SHP), Shelter Plus Care program (S+C), and the Single Room Occupancy (SRO) program - were grouped under the umbrella of the Continuum of Care (CoC) program.

The CoC program provides competitive grant funding to local governments and non-profits. It requires communities seeking funds to develop a Continuum of Care system designed to address the critical problem of homelessness through a coordinated community-based process of identifying needs and building a system to address them. The approach is predicated on the understanding that homelessness is not caused merely by a lack of shelter, but involves a variety of underlying, unmet needs, including physical, economic, and social.

Under the CoC program, the SHP provides assistance to help the homeless transition from their current state to a more stable living situation. The goals of the program are to provide assistance to help the homeless achieve residential stability and foster independence through programs that increase skills and/or income levels.

The S+C program provides rental assistance that, when combined with social services, provides supportive housing for homeless people with disabilities and their families. The program allows for a variety of housing choices, such as group homes or individual units, coupled with a range of supportive services.

The SRO was created to expand suitable residential opportunities for homeless individuals. This has been accomplished through compensating owners of eligible SRO residences, for a period of 10 years, for improvements made to kitchen and bathroom facilities, as well as providing rental assistance for the residents that occupy those units.

Under the HEARTH Act, HUD added 12 new eligible activities for funding under the CoC program, which include the following: housing search mediation or outreach to property owners; credit repair; provision of security or utility deposits; rental assistance for a final month at a location; assistance with moving costs; and/or other activities that help homeless individuals move immediately into housing or would benefit individuals who have moved into permanent housing in the last six months. In addition, the HEARTH ACT requires established CoC's to rank their projects for funding into two categories: Tier I new or renewal projects, which are most likely to receive funding; and Tier II new or renewal projects, whose funding is dependent on the resources still available and the strength of the CoC's application.

The Monroe County Continuum of Care is the lead agency designated by HUD and the State of Florida for coordinating and planning homeless services in the Florida Keys. The CoC organizes the

collaboration of local agencies, including Monroe County Social Services and the Monroe County School District, to provide critical supportive services for the homeless.

The CoC competitive grants are funded through the Homeless Assistance Grants account for HUD. In Fiscal Year (FY) 2015, Congress provided \$2.135 billion in the omnibus appropriations bill for Homeless Assistance Grants. Then, the Administration proposed an increase to \$2.480 billion for these grants in its FY 2016 budget request. Congress ultimately provided \$2.25 billion in the FY 2016 omnibus appropriations bill.

RECOMMENDED POSITION: *Support* continued adequate annual funding for Department of Housing and Urban Development Homeless Assistance Grants, particularly for the Continuum of Care Program.

FEDERAL ISSUE: Older Americans Act Programs

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Most federal programs that exist for the delivery of social and nutritional services for the elderly in Monroe County emanate from the Older Americans Act (OAA). These include supportive services, congregate nutrition services (meals served at group sites such as senior centers, schools, churches, or senior housing complexes), home-delivered nutrition services, family caregiver support, community service employment, and services to support the health, and prevent the abuse, neglect, and exploitation, of older persons.

The majority of the funding for OAA grant programs goes through the Department of Health and Human Services' Administration for Community Living (ACL), which provides formula funds directly to state and local agencies that deliver services to the elderly. The ACL also offers some competitive opportunities. For Monroe County, most of the funds are obligated to the Alliance for Aging, Inc. from the Florida Department of Elderly Affairs.

The federal government provides some flexibility for spending allocated OAA funds in areas where there is a greater need. These services are available to all persons aged 60 and older, but are targeted to those with the greatest economic or social need, particularly low-income and minority persons and the elderly who live in rural areas.

During a time when funding for many federal domestic programs has been significantly reduced, appropriations provided for the ACL have remained relatively stable. Between Fiscal Years (FY) 2013-2015, funding for the ACL was \$1.47 billion, \$1.61 billion, and \$1.62 billion, respectively. For FY 2016, the Administration proposed a slight increase to \$2.1 billion for the ACL and its programs. Congress, however, provided \$1.96 billion for the ACL in the FY 2016 omnibus.

Though the OAA's authorization expired in FY 2011, Congress has continued to provide funding for these programs through annual appropriations. In July of 2015, Senator Lamar Alexander (R-TN), Chairman of the Senate Health, Education, Labor and Pensions Subcommittee on Primary Health and Aging, reintroduced legislation to reauthorize the OAA. The Older Americans Act Reauthorization Act of 2015 (S.192) is a bipartisan effort with Senator Bernie Sanders (I-VT) and has 25 other cosponsors. It is awaiting consideration at the committee level.

RECOMMENDED POSITION: *Support* continued adequate annual funding for Older Americans Act programs that support critical social service programs serving elderly persons in Monroe County.

FEDERAL ISSUE: Social Services Block Grant

BACKGROUND: HOW IT MAY AFFECT MONROE COUNTY: The Social Services Block Grant (SSBG) is a federal program administered by the U.S. Department of Health and Human Service's Administration for Children and Families that provides funding to the states for social services for eligible populations. The program is permanently authorized under the Social Security Act.

States have broad discretion over how to utilize the funds, but SSBG is generally used to meet at least one of the following goals: 1) achieving or maintaining economic self-support; 2) achieving or maintaining personal self-sufficiency; 3) preventing or remedying neglect; 4) preventing or reducing inappropriate institutional care by providing for community-based care; and 5) securing referral or admission for institutional care when other forms of care are not appropriate. Services may include daycare, protective services, services to persons with disabilities, foster care, adoption, case management, health-related services, transportation, meal delivery, or any other services found necessary by the state that meets eligible criteria.

In Fiscal Year (FY) 2015, the state of Florida received an SSBG allocation of just over \$96 million, distributed over four quarters. Meanwhile, for the first quarter of FY 2016, the state of Florida received just over \$19 million.

The SSBG program has seen stable funding over the past several years. It was funded at \$1.7 billion in FY 2015. The Administration proposed level funding for the program in its FY 2016 budget request, which was also ultimately granted by Congress in the FY 2016 omnibus.

RECOMMENDED POSITION: *Support* continued adequate funding for the Social Services Block Grant program.

FEDERAL ISSUE: Mental Health Care

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: It is estimated that more than 50 million Americans experience some form of mental illness each year, with 11 million considered severely mentally ill. Millions of those who suffer (approximately 40 percent), however, are not able to access the treatment they need. Even when care is delivered, it is often delayed for more than two years after the illness first appears.

There has been a renewed interest in mental health care over the past several years. The Patient Protection and Affordable Care Act (ACA, also known as “Obamacare”) included significant reforms to mental health coverage. Specifically, the legislation named mental health treatment as an essential health benefit that insurance plans are required to cover. While most large-group plans previously offered some kind of mental health benefits, only 18 percent of small-group and individual plans covered mental health. Furthermore, it is estimated that the Medicaid expansion under the ACA has provided as many as 2.8 million people who suffer from a serious mental illness with coverage.

In addition to these provisions, the Administration has begun to implement the 2008 Mental Health Parity and Addiction Equity Act, which requires insurers to cover mental health at a level that is comparable to their physical health coverage.

Despite these recent efforts, more can be done to address mental health care. In Congress, Rep. Tim Murphy (R-PA) introduced the Helping Families in Mental Health Crisis Act (H.R. 2646), which would reorient the mental health system from its focus on serving the largest number of highest functioning patients towards providing treatment for the most seriously mentally ill instead. Specific initiatives within the legislation include: replacing the Substance Abuse and Mental Health Services Administration (SAMHSA) with an Assistant Secretary for Mental Health within the Department of Health and Human Services, lifting a 16-bed cap on inpatient psychiatric hospital beds under Medicaid, advancing tele-psychiatry to link primary care doctors with mental health providers in areas where patients do not have access to such services, increasing funding for brain research to better understand the underlying causes of mental illness, extending health IT so mental health providers can better coordinate with primary care physicians, and implementing criminal justice reforms so patients are treated within the healthcare system and not through the justice system, among several other provisions.

There are some concerns, however, relating to several controversial provisions within H.R. 2646, including those that would make it easier to require people with severe mental illness to seek treatment against their will, provide families members with access to the mentally ill individual’s medical records, and essentially eliminate SAMHSA. Despite these concerns, H.R. 2646 has 168 bipartisan cosponsors.

Meanwhile, Sens. Bill Cassidy (R-LA) and John Thune (R-SD) have both introduced similar bills in the Senate – the Mental Health Reform Act of 2015 (S. 1945) and the Family Health Care Accessibility Act of 2015 (S. 2151), respectively.

In January 2016, President Obama issued several executive actions related to gun control and mental health. As part of that announcement, President Obama requested \$500 million from Congress in his FY 2017 budget request to increase access to mental health services.

**VAN SCOYOC
ASSOCIATES**

Lastly, as part of the effort by Congress to pass criminal justice reform, the Comprehensive Justice and Mental Health Act of 2015 (S.993/H.R. 1854) was introduced in the House and Senate. This bill would reauthorize and update the Mentally Ill Offender Treatment and Crime Reduction Act to help facilitate collaboration among the criminal justice, juvenile justice, mental health treatment, and substance abuse systems to ensure those with mental illness receive the care they need. The Senate unanimously passed S. 993 in December 2015 and the House Judiciary Committee approved H.R. 1854 in January 2016. It has not yet been passed by the full House, but generally has bipartisan support.

RECOMMENDED POSITION: *Support* legislation that responsibly expands treatment options and support for the mentally ill.

FEDERAL ISSUE: Public Safety Programs

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Federal grant funding for many Department of Justice (DOJ) and Department of Homeland Security (DHS) programs are provided as block grants with each state receiving a certain amount of funding, generally linked to population. That funding is then passed through to local jurisdictions to help support police, fire, emergency management, and homeland security functions. Examples of these formula programs include the Emergency Management Performance Grant (EMPG) and the Byrne Justice Assistance Grant (JAG).

In other instances, funding from federal programs is made available to local governments via competitive grant solicitations. Competitive program funds can be used to hire police officers through Community Oriented Policing Services (COPS) or firefighters through Staffing for Adequate Fire & Emergency Response Grants (SAFER), and purchase equipment through the Assistance to Firefighters Grant (AFG). There is also another category of grants that are distributed to certain recipients based on specific criteria, such as the Urban Area Security Initiative (UASI), which provides funds to eligible regions to help communities prepare for, prevent, respond to, and recover from potential attacks and other hazards.

Monroe County has benefited from several of these federal programs in the past, while other programs offer competitive grant opportunities from which the County may seek funds.

In FY 2015, Congress provided funding for the COPS and JAG programs at \$180 million and \$376 million, respectively. Both the AFG and SAFER fire-related grants each received \$340 million, and UASI received \$600 million. EMPG, meanwhile, received \$350 million.

For FY 2016, the Administration proposed increases for the COPS hiring program to \$249.5 million and the JAG program to \$388 million. As in recent budget requests, the Administration recommended lumping several DHS grant programs into one "National Preparedness Grant Program." These programs included AFG, SAFER, UASI, and EMPG. For FY 2016, the Administration has suggested funding the program at \$2.2 billion.

Congress, however, again rejected this proposal and provided both AFG and SAFER with \$345 million each, while EMPG was funded at \$350 million and UASI at \$600 million. Meanwhile, the COPS program received \$187 million and JAG received \$476 million.

Emergency Operations Center

Meanwhile, the Monroe County Emergency Operations Center (EOC) in Marathon is woefully inadequate for the threats that natural events pose to the Florida Keys. A new facility will cost roughly \$25 million. \$100 million in federal funding for the construction of EOC's was provided via the stimulus legislation of President Obama's first term. However, since then, Congress has not provided additional funding for the construction of EOC's and potentially applicable grant programs will not allow applications for EOC construction, making securing federal funding for the construction of an EOC difficult in the near-term.

RECOMMENDED POSITION: *Support* continued funding for the wide variety of DOJ and DHS grants, i.e., Community Oriented Policing Services, Byrne Justice Assistance Grants, Emergency Management Preparedness Grants, Assistance to Firefighters Grants, Staffing for Adequate Fire and Emergency

**VAN SCOYOC
ASSOCIATES**

Response Grants, Urban Areas Security Initiative grants, and other security-specific grants. ***Support*** any Monroe County applications for these funds. ***Support*** federal funding for the construction of Emergency Operations Centers.

FEDERAL ISSUE: Tourist Development Taxes

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: In the 111th and 113th Congresses, attempts were made to insert language into various pieces of legislation that would have exempted online travel brokers (Expedia, Travelocity, etc.) from remitting the full bed tax rate collected from consumers to the appropriate local government. For instance, if an online travel broker were to pay \$60 for a room in Monroe County and then sell that room to a consumer for \$100, they would be able to, under the proposal, only remit \$6 dollars to the local government instead of \$10 (using a 10 percent bed tax for illustrative purposes).

In 2009, Monroe County filed an action on behalf of itself and 32 other Florida local governments against a number of online travel companies alleging that the companies have failed to collect and/or pay taxes under the respective tourist development tax ordinances. Monroe County and its partners in the lawsuit agreed to settle with the online travel companies for \$6.1 million in 2010. During 2012, there were several Florida State Circuit Court cases that ruled in favor of the online travel brokers. Two cited that Florida law is not clear on the issue, while a Circuit Court Judge ruled more directly that the online travel broker only owes local tourist taxes on the discounted rates they paid for the rooms. Then, in June of 2015, the Florida Supreme Court affirmed the lower court rulings, stating that online travel companies are not hotels and, therefore, do not have to pay occupancy fees.

Meanwhile, in September of 2012, the District of Columbia government won a suit where a judge ruled that online companies (OTCs) should repay back taxes on the full retail price of hotel rooms they sold to consumers in the years after the D.C. City Council passed legislation mandating they do so. In February of 2014, a conditional settlement was reached in this case with six online travel firms. Although they have a right to appeal the D.C Superior Court decision, they agreed to pay \$60.9 million in back taxes to the D.C. government. Between 1998 and 2010, the amount owed in the lawsuit was estimated to be over \$200 million.

These examples demonstrate how courts across the country have ruled differently on this issue over the past few years, which has led online travel purveyors to continue seeking federal legislation that would codify their goal of not remitting taxes on the price of the hotel room paid by the consumer. In 2012, several of these online discount travel brokers (including Expedia, Orbitz, and Priceline) organized and registered to lobby under a new organization called the "Interactive Travel Services Association," whose purpose is to advocate on several issues, including "taxes and fees related to travel."

In May 2013, Expedia and other online hotel room purveyors attempted to amend the Marketplace Fairness Act to achieve their transient occupancy tax objectives. Ultimately, this effort was unsuccessful and the bill passed the Senate without this language.

In 2014, Monroe County collected \$31 million in tourist development taxes, which are used to support the tourism industry in the region. The County saw an increase of 12.2 percent in bed tax revenues and leads the state in occupancy and average daily rates for most of the year. This level of funding underscores the importance of tourist development tax revenue and the need to ensure it is not constrained by detrimental legislation.

RECOMMENDED POSITION: *Oppose* legislation that would exempt online travel brokers from paying taxes on the full room rate paid by the consumer, thereby costing Monroe County the opportunity to collect appropriate tourist development taxes from visitors to the region.

FEDERAL ISSUE: Remote Sales-Tax Legislation

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Currently, retailers are only required to collect sales tax in states where they have brick-and-mortar stores. The burden then falls to consumers to report to state tax departments any sales taxes they owe for online purchases. Often, due to complex reporting requirements, consumers do not report those purchases when completing their tax returns. As a result, local retailers are at a competitive disadvantage because they must collect sales taxes while out-of-state retailers, including many large online and catalog retailers, essentially give their customers a discount by collecting no state or local sales taxes.

Therefore, the current sales tax system is perceived as being unfair to brick-and-mortar retailers that employ local residents, including local stores as well as national chains like Best Buy or Home Depot. The lost revenue is also a drain on local governments. In 2014, uncollected sales tax was estimated to have cost local governments \$23 billion nationwide.

To correct this inequity across the country, Congress introduced the Marketplace Fairness Act in both the House and Senate during the 113th Congress. The bill would have created two systems from which states could choose to facilitate the process of collecting these taxes. The first would have been the already established Streamlined Sales and Use Tax Agreement (SSUTA), which would have simplified state and local sales and use tax laws. Twenty-four states have already signed this agreement, which is also supported by the National Association of Counties. The second alternative would have allowed for states to meet minimum requirements for their state tax laws and administration thereof. To protect small, online retailers, this legislation would have also exempted sellers who make less than \$1,000,000 in total remote sales from the requirement to collect taxes.

In 2013, the Senate passed the Marketplace Fairness Act with significant bipartisan support by a vote of 70-24, with Senator Nelson voting for the measure and Senator Rubio against it. In the House, companion legislation was not considered, although it had 67 cosponsors.

The issue reemerged in the 114th Congress. House Judiciary Committee Chairman Bob Goodlatte (R-VA) and Rep. Anna Eshoo (D-CA) circulated a discussion draft in January 2015 of remote sales tax legislation as an alternative to the Marketplace Fairness Act. Under the draft, only states that join a multi-state clearinghouse would have the authority to collect sales tax revenue on out-of-state purchases, and retailers would charge sales tax based on their own state and local rules. The clearinghouse would then divide the sales tax revenue among member states. The draft, however, did not gain much traction.

Meanwhile, House Oversight and Government Reform Committee Chairman Jason Chaffetz (R-UT) introduced legislation in June 2015 – the Remote Transactions Parity Act (RTPA) (H.R. 2775) - that attempts to bridge the gap between the two sides of the issue by addressing lingering concerns raised by those who believe instituting a remote sales tax would be an increase in taxes. Under the Chaffetz proposal, and similar to the MFA, the RTPA would create two options for states to collect remote sales tax. The first would be for member states of the SSUTA, and the second would allow non-members to require collection if they implement certain tax law simplification requirements that are similar to those contained in the MFA. The largest difference between the RTPA and the MFA, however, is the definition of a remote seller. Both define a remote seller as one that does not have a physical presence in the state, but the RTPA goes further to include a definition of physical presence. In addition, the RTPA includes a

phase-out for the small seller exception. Rather than permanently exempting sellers with sales less than \$1 million annually, the RTPA would exempt sellers with less than \$10 million in annual revenue the first year, less than \$5 million the second year, and less than \$1 million the third year, with the small seller exception completely eliminated after that. The RTPA currently has 55 bipartisan cosponsors, but has not yet seen any action.

In the Senate, there has been some discussion of attaching a remote sales tax amendment to the House-passed Permanent Internet Tax Freedom Act (PITFA). Similar efforts were attempted last year, but were unsuccessful. PITFA, which is considered a non-controversial measure, would permanently extend the ban on state and local taxation of the Internet, and was passed by the House in June 2015. Those plans generally have bipartisan support, but some powerful members of the Senate, such as Senator Ron Wyden (D-OR), the Ranking Member of the Senate Finance Committee, have expressed concerns about attaching the two issues, arguing they are contradictory. If PITFA is to be used as a vehicle for remote sales tax legislation, an agreement must be reached prior to December 2016 when the current ban on internet taxes expires. To further complicate this strategy, PITFA has been included in the customs bill, which has already been passed by the House. The Senate is expected to vote on the bill in January of 2016.

RECOMMENDED POSITION: *Support* legislation that requires companies making catalog and internet sales to collect and remit the associated taxes. *Support* federal tax policies that maintain revenue streams to local governments.

FEDERAL ISSUE: Tax-Exempt Bonds

BACKGROUND; HOW IT MAY AFFECT MONROE COUNTY: Although municipal bonds have been tax-exempt for almost 100 years, a number of federal proposals target this exemption, particularly as part of the debate to end the sequester or reduce federal spending. With local governments facing severe budget difficulties, any proposal to limit the tax exemption would put more pressure on local finances by reducing demand for tax-exempt bonds and increase borrowing costs for state and local governments, ultimately leading to higher taxes or reduced services.

It is estimated that the difference in the rate of earnings the County and other local governments would need to offer prospective buyers for their taxable bonds would depend on the market, but typically would range from 1.5 to 2 percent more for those offerings. On \$1 million borrowed, this would likely cost \$20,000 more in interest per year. Taking this further, if the County were to amortize a \$100 million loan over 30 years at taxable bond rates two percent higher than if the bonds were tax-exempt, the additional cost to taxpayers over the 30 years could be roughly \$30 million.

Following Paul Ryan's promotion to Speaker of the House, Rep. Kevin Brady (R-TX) has assumed the chairmanship of the House Ways and Means Committee. It is currently unclear what Chairman Brady's position is on bonds. If his beliefs on the issue match those of his predecessor, the tax exemption on municipal bonds may be at risk in the future.

In the Senate, Ron Wyden (D-OR) sponsored legislation with Dan Coats (R-IN) during the 112th Congress that proposed replacing tax-exempt bonds with taxable bonds and a tax credit. Republicans now control the Senate in the 114th Congress, however, which means Senator Wyden has become the Ranking Member and Senator Orrin Hatch (R-UT) has assumed the chairmanship. Like Senator Wyden, Senator Hatch has voiced his support for comprehensive tax reform. However, his position on the tax exemption for municipal bonds is unclear.

As in previous years, the Administration proposed a 28 percent limit on all itemized deductions for high-income individuals in its Fiscal Year (FY) 2016 budget. If accepted by Congress, this would apply to all new and outstanding municipal bonds. According to a study conducted by the National Association of Counties, if this 28 percent cap had been in place over the past decade, borrowing costs to state and local governments would have increased by over \$173 billion, while a full repeal would cost nearly \$500 billion over the same time period.

In March 2015, over 100 members of the House of Representatives signed a letter to congressional leadership asking that the current tax exemption for municipal bonds remain in place.

For Monroe County, concerns with these proposals center around future borrowing, as borrowing costs may increase dramatically if tax reform legislation includes provisions related to the treatment of tax exempt bonds. The County's existing loans, however, will not be directly impacted under these legislative proposals.

RECOMMENDED POSITION: *Oppose* legislation that would threaten the tax exemption on state and local bonds, including a 28 percent cap on tax-exempt municipal bonds.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Division: County Administrator

Bulk Item: Yes No X

Staff Contact: Lisa Tennyson, ext 4444

AGENDA ITEM WORDING: Presentation by South Florida Water Management District and approval of a resolution expressing the support of the Monroe County Board of County Commissioners for expediting and funding Everglades Restoration Projects that enhance water conveyance to the Florida Bay and recognize the Florida Bay as a critical part of the Everglades ecosystem.

ITEM BACKGROUND:

As exemplified by the hypersalinity levels this past summer, the ecological conditions of the Florida Bay are continually threatened by drought and too little natural sheet flow through the southern region of the Everglades. The management of water flow throughout the Everglades is a complex issue, with typically too much water in the northern region and too little in the southern region. System-wide, large scale water storage and water conveyance projects are required. Protection of the health of the Florida Bay also necessitates the completion of several projects in the southern region that are designed specifically to restore water flow to the Bay. The County is requesting that SFWMD and the U.S. Army Corps of Engineers expedite these projects (from the Comprehensive Everglades Restoration Plan Integrated Delivery Schedule) along with any other operational actions that can be taken to improve conditions in Florida Bay:

- Modified Water Deliveries (currently in operational testing and scheduled completion in 2018)
- C-111 South Dade Contracts 8 & 9 (completion in 2019)
- C-111 South Dade PACR (design, real estate and testing by 2022)
- C-111 Spreader Canal Western Project (completion in 2021 with design and real estate acquisition not occurring until 2019)
- Central Everglades Planning Project (completion in 2030)

The County also supports the SFWMD's "South Dade Investigation" of water management options but emphasizes that the effort must optimize benefits to Florida Bay.

PREVIOUS RELEVANT BOCC ACTION:

September 2015: Letter and invitation to SFWMD Executive Director

December 2015: Resolution 405-2015 supporting Restoration Needs of Everglades National Park and Florida Bay

January 2016: Resolution 003-2016 supporting Amendment 1 funding for Everglades Restoration

RESOLUTION NO. _____ - 2016

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA IN SUPPORT OF EXPEDITING AND FUNDING EVERGLADES RESTORATION PROJECTS THAT ENHANCE SYSTEM-WIDE STORAGE AND CONVEYANCE, AND SPECIFICALLY PROJECTS THAT PROTECT THE ECOLOGICAL HEALTH OF THE FLORIDA BAY, A CRITICAL PART OF THE EVERGLADES ECOSYSTEM, BY RESTORING WATER FLOW TO THE FLORIDA BAY.

WHEREAS, Monroe County's coast line encompasses Florida Bay, the Florida Keys National Marine Sanctuary ("FKNMS") and Everglades National Park; and

WHEREAS, the waters of the Florida Keys are connected to and dependent on the Everglades landscape as the primary source of fresh water that serves as the foundation of the nearshore estuarine environment and Florida Bay provides unique and critical habitat for many plants and animals, including several endangered species such as the Florida Manatee; and

WHEREAS, the construction of water control structures and facilities within the Everglades throughout the 20th century has altered the natural hydrologic patterns of water in the region. Over time, this has reduced the flow of freshwater into Florida Bay and changed the ecosystem of the Bay and other connected coastal regions; and

WHEREAS, Florida Bay is within the vitally important ecosystem located between the mainland and the Florida Keys, with approximately 20% of Florida Bay within the boundaries of the FKNMS and approximately 80% of Florida Bay within the boundaries of Everglades National Park; and

WHEREAS, the ecological health of the coastal and marine resources of Monroe County is inextricably linked to that of Florida Bay and Everglades National Park and Taylor Slough is a natural drainage feature of the Everglades that flows southwest into numerous tributaries that eventually empty into Florida Bay; and

WHEREAS, the health of Florida Bay is vital to the multi-billion dollar fishing and ecotourism industry of South Florida, including commercial and recreational fishing, snorkeling, diving, boat and equipment rentals, and other related businesses; and

WHEREAS, Florida Bay comprises a significant portion of the coastal Everglades recreational fishing industry worth \$880 million annually and commercial shrimp and stone crab fisheries worth more than \$80 million annually; and

WHEREAS, the ecosystem of the Florida Keys including Florida Bay attracts over 4 million visitors and over \$4.5 billion in economic activity annually, generating \$200 million in sales tax revenue for the State of Florida each year; and

WHEREAS, the National Park Service began long-term monitoring of Florida Bay in 1988 in order to collect and analyze hydrologic and salinity data from the Bay. At the same time, the Bay was suffering from a tremendous die-off of sea grass (approximately 23,000 acres) from hyper saline conditions with devastating algal blooms. Salinity levels are considered the primary driver of ecological conditions within the bay; and

WHEREAS, lack of freshwater flow and unseasonably low rainfall over the 2014-2015 timeframe have again led to high salinity in Florida Bay which has contributed to significant seagrass die-offs. While more water has been flowing to the Bay due to recent rainfall, that still doesn't ameliorate the recent seagrass die-off which was just as significant in scope (21,000 acres) as the die off in 1989-90 (23,000 acres); and

WHEREAS, harmful algal blooms in Florida Bay are likely to result from this seagrass die-off leading to further damage of the environment and economy requiring multi-year recovery; and

WHEREAS, nesting for Spoonbills and other species of birds has been poor this season due to adverse conditions in Florida Bay; and

WHEREAS, Minimum Flows and Levels, established by the South Florida Water Management District ("SFWMD") to protect water resources from significant harm, have been exceeded in Florida Bay in 2008-2009 and again in 2014-2015, which triggers a violation of these protective standards. A prevention strategy to avoid violations is in place, but has not been fully implemented; and

WHEREAS, the dire situation in Florida Bay is a symptom of a larger need to restore America's Everglades by constructing projects for conveyance, treatment and storage of water and restoration of flow to address the needs of the ecosystem in its entirety; and

WHEREAS, the Board of County Commissioners of Monroe County, Florida recognizes that the restoration of America's Everglades through the Comprehensive Everglades Restoration Plan ("CERP") is critical to the long-term sustainability of South Florida's economy, quality of life, and environment; and

WHEREAS, CERP projects are funded by the federal and state government in a partnership with goals of managing water flows to reduce the severity and frequency of hypersalinity events and algal blooms, restoring the ecosystem and its wetlands, estuaries, national parks and wildlife refuges, providing water for people and the environment and protecting threatened and endangered species; and

WHEREAS, there are a number of projects under various stages of development that are expected to, in the long run, improve the health of Florida Bay and many of these projects have been postponed or delayed in the latest version of the Comprehensive Everglades Restoration Plan Integrated Delivery Schedule. The County is concerned that continued adverse impact to Florida Bay will occur until these projects are fully implemented which is especially important now, considering that most of these projects are components of the MFL prevention strategy; and

WHEREAS, the County requests that the SFWMD and the U.S. Army Corps of Engineers expedite these projects along with any other operational actions that can be taken to improve conditions in Florida Bay:

- Modified Water Deliveries (currently in operational testing and scheduled completion in 2018)
- C-111 South Dade Contracts 8 & 9 (completion in 2019)
- C-111 South Dade PACR (design, real estate and testing by 2022)
- C-111 Spreader Canal Western Project (completion in 2021 with design and real estate acquisition not occurring until 2019)
- Central Everglades Planning Project (completion in 2030)

WHEREAS, the County is supportive of the SFWMD's current "South Dade Investigation" exploring the full range water management options south of Tamiami Trail. Draft initial options were presented to the Governing Board in February, but these options must optimize restoration opportunities for Florida Bay;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

1. The above recitals are hereby incorporated into this resolution as restated herein constitute the legislative findings and intent of the Board of County Commissioners of Monroe County, Florida.
2. The Clerk for this Board shall furnish copies of this resolution to:
 - U.S. Senator Bill Nelson
 - U.S. Senator Marco Rubio
 - U.S. Representative Carlos Curbelo, District 26
 - U.S. Army Corps of Engineers, Jacksonville District Commander Col. Jason Kirk
 - U.S. Army Assistant Secretary for Civil Works, Jo-Ellen Darcy
 - Florida Governor Rick Scott
 - Speaker of Florida House of Representatives, Representative Steve Crisafulli
 - President of the Florida Senate, Senator Andy Gardiner
 - State Senator Dwight Bullard, District 39
 - State Representative Holly Raschein, District 120
 - Chair, South Florida Water Management District Governing Board, Daniel O'Keefe
 - Executive Director, South Florida Water Management District Peter Antonacci

3. This resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the 23rd day of March, 2016.

Social Work & Youth Development

- Created and enhanced Boys & Girls Club program to attract youth from disadvantaged circumstances which resulted in a tripling of the Club's active membership
- Daily Application of social skills, behavior modification, anger management, and crisis intervention training for youth ages 5-18.
- Developed and implemented programs consisting of character development, leadership and citizenship training, sex education, life skills, drug and gang prevention, arts & cultural activities, sports and rec. for youth ages 10-18
- Facilitated positive working relationships between Boys & Girls Club youth, parents/guardians, schools, social services, and mental health agencies for a wrap around approach

Communication Skills

- Coordinated collaborative efforts among 13 local and state organizations to ensure the success of 3 grants
- Reinstated the Club newsletter to ensure better communication among the Club, parents, and the community
- Created a policy and procedures handbook as well as an employee hand book for the Club
- Spoke at numerous functions on behalf of the youth and the Club

Leadership & Creative Skills

- Inspired an organization that was over \$15,000 in debt to believe in its mission, to make big changes, and left them with a solid \$375K working budget
- Maximized limited building resources to ensure safety, health, education, and overall satisfaction of staff and clients
- Developed numerous fundraising events which made the Club the premiere youth organization in the community

Not-For-Profit Skills & Knowledge

- Developed mission statement, by-laws, board operating procedures, staff development program, as well as staff training programs
- Worked with board development issues, board building, and a creation of a board handbook
- Experience with community impact studies, book-keeping, accounting, grant management, strategic planning, needs assessments, feasibility studies, annual fundraising events, and capital campaigns

1078 Calico Jack Circle, Summerland Key, FL 33042
(M) 305-923-9125 ariannaag98@yahoo.com

Management & Financial Skills

- Researched, wrote, and implemented with collaboration with other organizations over 25 grants and 15 mini-grants totaling over \$2,500,000
- Hired, trained, and managed over 45 staff
- Developed and implemented budgets, contracts, tracking programs, services to clients, impact studies, and financial management systems

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: County Attorney

Bulk Item: Yes No

Staff Contact: Chris Ambrosio 292-3477

AGENDA ITEM WORDING: Discussion and direction regarding adopting an ordinance that prohibits camping in county-owned parks and recreational facilities and that provides the County Administrator with authority to waive that prohibition.

ITEM BACKGROUND:

The current MCC §17-4(b) doesn't expressly state that the prohibition of camping on county-owned property includes county-owned public parks and recreational facilities, or that the prohibition applies at all times of day and night. To clarify the extent and effect of the ordinance, in connection with the proposed new MCC §17-4 (e), and to make this section consistent with other similar sections, this portion of the ordinance should be rewritten.

MCC §17-4 doesn't expressly provide the County Administrator with explicit authority to waive that prohibition on a per event basis. A proposed addition to MCC §17-4 of a subsection (e) establishes the County Administrator's express authority to waive the prohibition of camping on county-owned property, including public parks and recreational facilities, on a per event basis. It also creates uniformity and consistency with related ordinances that provide the express authority to waive prohibitions relating to County park hours of operation (§18-1 waiver of park hours) and uses of County parks and beaches (§18-2(b) BOCC may waive prohibition on alcohol beverages).

MCC §18-1 should be amended to replace the BOCC with the County Administrator as having explicit authority to waive the prohibition of persons remaining in County parks in unincorporated areas during closed hours and to make it consistent with the County Administrator's authority to temporarily modify County park hours for certain parks pursuant to MCC §18-27(3).

These changes will help eliminate multiple agenda items that come before the BOCC throughout the year concerning groups requesting waiver of these prohibitions on a per event basis, many on a repeated annual basis.

PREVIOUS RELEVANT BOCC ACTION:

10/17/86 - Approval of MCC §13-8 prohibiting sleeping on public beaches or in parks during closed hours; later becoming portion of MCC §18-1.

6/25/91 - Approval of amendment to MCC §13-8 prohibiting any person from remaining on County beaches or park property in unincorporated areas during closed hours and adding penalty section 13-9.

7/6/04 - Approval of MCC §19-102.5 creating a prohibition of camping on county-owned property.

7/14/04 - Approval of amendment to MCC §13-8 adding "Unless otherwise provided by ordinance".

1/28/09 - Approval of the MCC re-codification thus re-numbering §19-102.5 to §17-4 and §13-8 to §18-1.

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Provide direction regarding amending and creating sections of the MCC to provide that the prohibition of camping on county-owned property expressly includes public parks and recreational facilities at all times of day and night, and to provide the County Administrator with explicit authority to waive the prohibitions.

DISPOSITION: _____

AGENDA ITEM # _____

Sec. 17-4. - No camping on county property.

- (a) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Camp or camping means to pitch or occupy a tent or other temporary shelter for sleeping or other habitation purposes. Camping may include the use of camping equipment.

Camping equipment includes, but is not limited to, tarpaulins, cots, beds, sleeping bags, boxes or cartons, and portable stoves or other cooking paraphernalia but not barbecue grills provided by the county.

County owned property means any property owned and/or managed by the board of county commissioners, as well as property owned and/or managed in its capacity as the county comprehensive plan land authority regardless of whether the property is located in the unincorporated portion of the county or within the territorial limits of any municipality within the county.

Safe zone means a facility designated by the board and/or by the governing body of any municipality within the county where homeless persons can engage in life sustaining activities free from the threat of arrest.

- (b) Prohibition. No person shall camp on county-owned property. The mere act of a person sleeping in a public place is not alone sufficient to constitute a violation of this section, unless at least one indicium of camping exists.
- (1) Before making an arrest under this section, a law enforcement officer must first inquire of a person accused of violating this section whether that person is homeless; or
 - (2) Before a person claiming to be homeless may be arrested under this section, a law enforcement officer must first advise the person of the availability of a safe zone and afford the person the option of relocation to a safe zone in lieu of arrest.
- (c) Personal property. In the event a person is arrested under this section, the arresting officer shall use reasonable efforts to identify and preserve the personal property of the person.
- (d) Exceptions. This section does not apply to:
- (1) Conduct prohibited by section 17-3;
 - (2) Any facility, site, or location designated by resolution or ordinance of the board; and
 - (3) The use of a beach umbrella or similar equipment used to provide temporary shade on a beach during daytime hours of operation for that facility.

(Code 1979, § 19-102.5; Ord. No. 020-2004, § 1)

ORDINANCE NO. 020 -2004

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, DECLARING THAT AN EMERGENCY EXISTS AND WAIVING NOTICE BY A FOUR-FIFTHS VOTE; CREATING SECTION 19-102.5 OF THE MONROE COUNTY CODE TO PROHIBIT PERSONS FROM CAMPING ON COUNTY OWNED PROPERTY; PROVIDING FOR EXCEPTIONS; PROVIDING FOR ENFORCEMENT AND PENALTIES; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE REPEAL OF ALL ORDINANCES INCONSISTENT HERewith; PROVIDING FOR INCORPORATION INTO THE MONROE COUNTY CODE OF ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board finds that there are no facilities to accommodate camping in an orderly fashion on County owned property; and

WHEREAS, the Board finds that the practice of camping on County owned property without appropriate facilities creates a sanitary nuisance as well as a threat to the safety and welfare of persons desiring to enjoy the use of County owned facilities; and

WHEREAS, the Board finds that a ban on camping on County owned property would promote the health, safety and welfare of the citizens of Monroe County and visitors; and

WHEREAS, the Board finds that the current use of certain County owned facilities as make-shift camp sites constitutes an emergency and danger to the health, safety, and welfare of the residents of and visitors to Monroe County; and

WHEREAS, the Board finds that the County, in cooperation with others, is in the process of establishing a "safe zone" where homeless persons will be permitted to engage in life sustaining activities without fear of arrest; and

WHEREAS, the U.S. Circuit Court of Appeals for the 11th Circuit, in *Joel v. Orlando*, 232 F.3d 1343 (11th Cir. 2000), has upheld the practice of prohibiting camping on public property provided that adequate provisions are made to provide a safe zone for homeless individuals to engage in life sustaining activities without fear of arrest; and

WHEREAS, the Board finds that it is undesirable for any person – homeless or otherwise – to camp on County owned property within the boundaries of Monroe County, and

WHEREAS, section 19-102 of the Monroe County Code already prohibits camping on certain County maintained rights-of-way during the hours of 11 p.m until 6 a.m.; and

WHEREAS, it is the desire of the Monroe County Board of County Commissioners that the following amendment to the County Code be approved, adopted, and transmitted to the Department of State for approval on an emergency basis.

NOW THEREFORE; BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

Section 1. An emergency is hereby declared and notice waived by a four-fifths vote.

Section 2. That section 19-102.5 is hereby created to read as follows:

Sec. 19-102.5 No Camping on County Property

(a) Definitions. For the purposes of this section,

(1) *Camp or camping* means to pitch or occupy a tent or other temporary shelter for sleeping or other habitation purposes. Camping may include the use of camping equipment.

(2) *Camping equipment* includes, but is not limited to, tarpaulins, cots, beds, sleeping bags, boxes or cartons, and portable stoves or other cooking paraphernalia but not barbecue grills provided by the County.

(3) *County owned property* means any property owned and/or managed by the Board of County Commissioners of Monroe County, Florida, as well as property owned and/or managed in its capacity as the Monroe County Comprehensive Plan Land Authority regardless of whether said property is located in the unincorporated portion of Monroe County or within the territorial limits of any municipality within Monroe County.

(4) *Safe Zone* means a facility designated by the Board and/or by the governing body of any municipality within Monroe County where homeless persons can engage in life sustaining activities free from the threat of arrest.

(b) Prohibition. No person shall camp on County owned property. The mere act of a person sleeping in a public place is not alone sufficient to constitute a violation of this section, unless at least one indicium of camping exists.

(1) Before making an arrest under this section, a law enforcement officer must first inquire of a person accused of violating the ordinance whether that person is homeless.

(2) Before a person claiming to be homeless may be arrested under this section, a law enforcement officer must first advise said person of the availability of a safe zone and afford the person the option of relocation to a safe zone in lieu of arrest.

(c) Personal property. In the event a person is arrested under this section, the arresting officer shall use reasonable efforts to identify and preserve the personal property of the person.

(d) Penalty. A violation of this section shall be punished by a fine not to exceed \$500.00 or by imprisonment in the county jail not to exceed 60 days or by both such fine and imprisonment.

(e) Exceptions. This section does not apply to:

(1) conduct prohibited by Section 19-102;

(2) any facility, site, or location designated by resolution or ordinance of the Board;

and

(3) the use of a beach umbrella or similar equipment used to provide temporary shade on a beach during daytime hours of operation for that facility.

Section 3. If any section, subsection, sentence, clause, item, change, or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 4. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

Section 5. The provisions of this ordinance shall be included and incorporated in the Code of Ordinances of the county of Monroe, Florida, as an addition or amendment thereto, and shall be appropriately renumbered to conform to the uniform numbering system of the Code.

Section 6. This ordinance shall take effect when a certified copy of this ordinance has been accepted by the postal authorities of the United States for special delivery by registered mail to the Secretary of State of the State of Florida in accordance with the provisions of Florida statute 125.66(3).

PASSED AND ADOPTED by a four fifths vote of the Board of County Commissioners of Monroe County, Florida at a Special meeting held on this 6th day of July, A.D., 2004.

Dear Ms. Cloud:

Please be advised that at a Special Meeting in formal session on July 6, 2004 the Board of County Commissioners of Monroe County adopted the following Ordinance:

Ordinance No. 020-2004 declaring that an emergency exists and waiving notice by a four-fifths vote; creating section 19-102.5 of the Monroe County Code to prohibit persons from camping on County owned property; providing for exceptions; providing for enforcement and penalties; providing for severability; providing for repeal of all Ordinances inconsistent herewith; providing for incorporation into the Monroe County Code of Ordinances; and providing an effective date.

Attached hereto is a certified copy of the subject Ordinance for your handling. Should you have any questions concerning the above, please do not hesitate to contact this office.

Very truly yours,

Danny L. Kolhage
Clerk of Court and ex-officio Clerk to the
Board of County Commissioners

**3rd AMENDMENT TO AGREEMENT
BETWEEN MONROE COUNTY AND ERIN L. DEADY, P.A.**

THIS 3rd AMENDMENT to the Agreement dated July 17, 2013, as amended February 19, 2014 and April 15, 2015, between Monroe County Board of County Commissioners ("County") and Erin L. Deady, P.A. ("Attorney") is made and entered into this 23rd day of March, 2016;

WHEREAS, the parties entered into an Agreement for the Attorney to provide legal services and advice to the County regarding legal representation involving the RESTORE ACT; and

WHEREAS, continued legal services are needed relating to the RESTORE ACT;

NOW THEREFORE IN CONSIDERATION of the mutual promises contained herein, the parties hereby agree as follows:

1. Amend Paragraph 4, SCOPE OF THE WORK AND LIMITATION ON ATTORNEYS FEES to increase the maximum amount of the agreement to Eighty Thousand Dollars and no/cents (\$80,000.00) in attorney fees.
2. In all other respects, the remaining terms of the Agreement entered into on July 17, 2013, as amended, and not inconsistent herewith, shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have caused these presents to be executed in the respective names.

AGENDA ITEM WORDING: Approval to advertise for a public hearing to consider an ordinance amending Section 18-27(n)(1) and (n)(2) of the Monroe County Code (MCC), to authorize freestyle bicycling in the Skate and Bike Parks located at Key Largo Community Park ("Key Largo Park") and Big Pine Key Park ("Big Pine Park").

ITEM BACKGROUND: Commissioner Murphy received requests that freestyle bicycling be authorized in the Monroe County skate parks. Currently, the County Code allows only skateboarding and in-line skating while prohibiting any other activities in the skate parks. F.S. 316.0085 provides the County with statutory immunity from personal injury and property damage claims when it designates public property and allows the public to use that property for skateboarding, inline skating, paintball, freestyle, mountain, or off-road bicycling. The statute also expressly provides that the participants or users of the parks assume the known or unknown risks inherent with these activities irrespective of age and is legally responsible for all damages or injury to himself or other persons or property which result from these activities. The proposed amended MCC §18-27(n)(1) and (n)(2) are attached. Changes are reflected with strike through text for deletion and underlined text for addition.

PREVIOUS RELEVANT BOCC ACTION: On February 10, 2016, the BOCC directed Project Management and the County Attorney's office to take steps necessary to allow the use of freestyle bikes in the skate parks located at Key Largo Park and Big Pine Park. It is expected that contemporaneously with this AIS, the BOCC will approve a Resolution establishing the Skate and Bike Parks, adopting and ratifying revised rules for the Skate and Bike Parks to allow use of freestyle bikes, for posting of rules, permissible activities, and assumption of risk warning at the designated areas.

ORDINANCE -2016

AN ORDINANCE OF THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING SECTION 18-27 (n)(1) AND (n)(2) OF THE MONROE COUNTY CODE; RENAMING THE SKATE PARKS AT KEY LARGO COMMUNITY PARK AND BIG PINE KEY PARK TO SKATE AND BIKE PARKS; ALLOWING FOR FREESTYLE BICYCLING IN THE SKATE AND BIKE PARKS; MAKING LEGISLATIVE FINDINGS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF ALL ORDINANCES INCONSISTENT HERewith; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Monroe County has skate park facilities at the Key Largo Community Park (“Key Largo Park”) and the Big Pine Key Park (“Big Pine Park”) in which only skateboarding and in-line skating are currently authorized; and

WHEREAS, in response to residents’ requests to allow freestyling bicycling in the skate parks, the County Attorney’s office has drafted new rules to add freestyle bicycling as an authorized activity in the skate parks at the Key Largo Park and the Big Pine Park; and

WHEREAS, pursuant to §316.0085, F.S., a governmental entity, such as Monroe County, and its employees, are not liable to any person who voluntarily participates in skateboarding, in-line skating, paintball or freestyle or mountain or off-road bicycling for any damage or injury to property or persons which arises out of a person’s participation in such activity, which takes place in an area that is owned or leased by the County, is designated by the County for such activity, and which has a rule posted in the designated area that identifies the authorized activities – skateboarding, in-line skating, and freestyling bicycling – only in this context; and

WHEREAS, pursuant to §316.0085(7)(a), F.S., any person who participates in or assists in skateboarding, in-line skating, paintball, or freestyle or mountain and off-road bicycling assumes the known and unknown inherent risks in these activities irrespective of age, and is legally responsible for all damages, injury, or death to himself or herself or other persons or property which result from these activities. Any person who observes skateboarding, in-line skating, paintball, or freestyle or mountain or off-road bicycling assumes the known and unknown inherent risks in these activities irrespective of age, and is legally responsible for all damages, injury, or death to himself or herself which result from these activities. A governmental entity that sponsors, allows, or permits skateboarding, in-line skating, paintball, or freestyle or mountain or off-road bicycling on its property is not required to eliminate, alter, or control the inherent risks in these activities; and

WHEREAS, the skate parks at the Key Largo Park and the Big Pine Park shall now be referred to and identified as “Skate and Bike Parks”; and

WHEREAS, because MCC Section 18-27 (n)(1) and (n)(2) don't authorize freestyle bicycling in the Skate and Bike Parks at the Key Largo Park and the Big Pine Park, County staff seeks to amend the Code to allow such activity;

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

SECTION 1: Section 18-27(n)(1) and (n)(2) are hereby amended to read as follows:

(n) Skating, rollerblading ~~and~~ skateboarding, and bicycling.

(1) No person shall skate, rollerblade, skateboard, ride a bicycle, or perform any similar activity in any area of Key Largo Community Park except where designated by posted signs. Rules regulating the use of the skate and bike park at Key Largo Community Park shall be established by resolution of the board of county commissioners ~~or the county's contracted park operator,~~ shall be provided to users, and shall be posted at the skate and bike park. Only use of skateboards, inline skates, and freestyle bicycles are permitted in the designated Skate and Bike Parks facility of Key Largo Community Park. The Skate and Bike Park is not intended for mountain or off-road bicycling.

(2) No person shall skate, rollerblade, skateboard, play racquetball, handball, roller hockey, use the multi-purpose courts, fitness stations, ride a bicycle, or perform any similar activity in any area of Big Pine Key Park except where designated by posted signs. Rules regulating the use of the skate and bike park at Big Pine Key Park shall be established by resolution of the board of county commissioners ~~or the county's contracted park operator,~~ shall be provided to users, and shall be posted at the skate and bike park. Only use of skateboards, inline skates, and freestyle bicycles are permitted in the designated Skate and Bike Parks facility of Big Pine Key Park. The Skate and Bike Park is not intended for mountain or off-road bicycling.

SECTION 2: SEVERABILITY. If any portion of this ordinance is for any reason held invalid or declared to be unconstitutional, inoperative or void, such holding shall not affect the remaining portions of this ordinance. If this ordinance or any provision thereof shall be held to be inapplicable to any person, property or circumstances, such holding shall not affect its applicability to any other person, property or circumstances.

SECTION 3: CONFLICT WITH OTHER ORDINANCES. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

SECTION 4: TRANSMITTAL AND EFFECTIVE DATE. This Ordinance shall be filed with the Department of state and shall be effective as provided in section 125.66(2), Florida Statutes.

RESOLUTION NO. _____ - 2016

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, RENAMING THE SKATE PARK FACILITIES AT KEY LARGO COMMUNITY PARK AND BIG PINE KEY PARK TO SKATE AND BIKE PARKS; CREATING AND RATIFYING NEW RULES AND REGULATIONS FOR THE SKATE AND BIKE PARKS; AND REQUIRING POSTING OF RULES, PERMISSIBLE ACTIVITIES, AND ASSUMPTION OF RISK WARNING AT THE SKATE AND BIKE PARKS.

WHEREAS, Monroe County has skate park facilities at the Key Largo Community Park (“Key Largo Park”) and the Big Pine Key Park (“Big Pine Park”) in which skateboarding and in-line skating are the only authorized activities; and

WHEREAS, the Board of County Commissioners (“BOCC”) has received public requests to allow freestyle bicycling in the skate parks; and

WHEREAS, the Parks and Recreation Advisory Board and Facilities Management Department have approved allowing freestyle bicycling in the skate parks; and

WHEREAS, pursuant to §316.0085, F.S., a governmental entity, such as Monroe County, and its employees, are not liable to any person who voluntarily participates in skateboarding, in-line skating, paintball or freestyle or mountain or off-road bicycling for any damage or injury to property or persons which arises out of a person’s participation in such activity, which takes place in an area that is owned or leased by the County, is designated by the County for such activity, and which has a rule posted in the designated area that identifies the authorized activities – skateboarding, in-line skating, and freestyling bicycling – only in this context; and

WHEREAS, pursuant to §316.0085(7)(a), F.S., any person who participates in or assists in skateboarding, in-line skating, paintball, or freestyle or mountain and off-road bicycling assumes the known and unknown inherent risks in these activities irrespective of age, and is legally responsible for all damages, injury, or death to himself or herself or other persons or property which result from these activities. Any person who observes skateboarding, in-line skating, paintball, or freestyle or mountain or off-road bicycling assumes the known and unknown inherent risks in these activities irrespective of age, and is legally responsible for all damages, injury, or death to himself or herself which result from these activities. A governmental entity that sponsors, allows, or permits skateboarding, in-line skating, paintball, or freestyle or mountain or off-road bicycling on its property is not required to eliminate, alter, or control the inherent risks in these activities; and

WHEREAS, the Project Management Department and County Attorney's Office have researched and implemented procedures for adding freestyle bicycling as an authorized activity in the skate parks; and

WHEREAS, the skate parks located at Key Largo Park and Big Pine Park shall now be referred to and identified as "Skate and Bike Parks"; and

WHEREAS, County attorneys have revised the Rules and Regulations governing the Skate and Bike Parks that participants and spectators must follow, which are made a part of this Resolution below; and

WHEREAS, Project Management will post the Rules and Regulations in the designated Skate and Bike Parks areas; and

WHEREAS, pursuant to MCC section 18-27(n)(1) and 18-27(n)(2) it is stated that rules regulating the use of the skate park shall be established by resolution of the board of county commissioners; now, therefore,

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, that the Board hereby ratifies and implements the following revised Rules and Regulations for the Skate and Bike Parks located at Key Largo Community Park and Big Pine Key Park in Monroe County:

1. Only skateboarding, inline skating and freestyle bicycling are authorized activities in the Skate and Bike Park. No other activities or equipment are authorized. Skate and Bike Park hours of operation are 8:30 a.m. to Sunset.
2. The Skate and Bike Park is not supervised. Pursuant to Sec. 316.0085, F.S. all participants and spectators assume all known and unknown inherent risks associated with skateboarding, inline skating and freestyle bicycling activities authorized in the Skate and Bike Park.
3. Participants must wear an appropriate helmet at all times while in the Skate and Bike Park. Shirts, shoes and proper athletic attire are required at all times.
4. The following are not permitted in the skating and biking area:
 - Smoking
 - Smokeless tobacco
 - Drug use/possession
 - Glass containers
 - Gum/Candy
 - Pets
 - Coolers
 - Modification, manipulation or altering the skate and bike area and features
 - Weapons of any kind
 - Alcohol-possession consumption
 - Food and drinks
 - Personal amplified music
 - Skate Wax
 - Repairs of equipment
 - Back packs

5. All participants and spectators must notify the Park operator or County management of any unsafe situations or conditions or injuries that are observed.
6. A participant or spectator not observing the above Rules and Regulations may be asked to leave the facility.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting of said Board held on the _____th day of _____, 2016.

IN THE CIRCUIT COURT OF THE 16TH
JUDICIAL CIRCUIT IN AND FOR
MONROE COUNTY, FLORIDA

CASE NO. 15-CA-000115-P

TROPICAL BAYSIDE LEASING, LLC,
a Florida limited liability company,
KEYS HOSPITALITY, LLC, a Florida
limited liability company, PAUL KEEVER a/k/a
PAUL KEAVER a/k/a PAUL L. KEEVER,
CHRISTOPHER D. SANTE, PAMELA A. SANTE,
and ALAMAR, LLC, a Florida limited liability company,
and SUNSET COVE BEACH RESORT, INC., a
Florida corporation,

Plaintiffs,

vs.

MONROE COUNTY, a political subdivision
of the State of Florida, and STATE OF FLORIDA
DEPARTMENT OF TRANSPORTATION

Defendants.

**SETTLEMENT STIPULATION BETWEEN PLAINTIFFS
AND MONROE COUNTY**

The Plaintiffs, TROPICAL BAYSIDE LEASING, LLC (“Tropical”), KEYS HOSPITALITY, LLC (“Keys Hospitality”), PAUL KEEVER a/k/a PAUL KEAVER a/k/a PAUL L. KEEVER (“Keever”), CHRISTOPHER D. SANTE (“Christopher Sante”), PAMELA A. SANTE (“Pamela Sante”), ALAMAR, LLC (“Alamar”), SUNSET COVE BEACH RESORT, INC. (“Sunset Cove”), and the Defendant, MONROE COUNTY (“Monroe County”), by and through their respective attorneys, hereby stipulate to the settlement of all claims in this proceeding directed against Monroe County as follows:

1. Tropical claims to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “A”** (“Tropical Parcel”).

2. Keys Hospitality claims to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “B”** (“Keys Hospitality Parcels”).

3. Kever claims to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “C”** (“Kever Parcel”).

4. Christopher Sante and Pamela Sante (collectively “Sante”) to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “D”** (“Sante Parcel”).

5. Alamar claims to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “E”** (“Alamar Parcel”).

6. Sunset Cove claims to be the fee simple owner of the parcel of real property located in Monroe County which is described on **Composite Exhibit “F”** (“Sunset Cove Parcel”).

7. Through this proceeding, Tropical, Keys Hospitality, Kever, Sante, Alamar, and Sunset Cove seek, among other forms of relief, declaratory relief and a judgment: (1) quieting title of the Tropical Parcel in Tropical, (2) quieting title of the Keys Hospitality Parcels in Keys Hospitality, (3) quieting title of the Kever Parcel in Kever, (4) quieting title of the Sante Parcel in Sante, (5) quieting title of the Alamar Parcel in Alamar, and (6) quieting title of the Sunset Cove Parcel in Sunset Cove.

8. The Co-Defendant, STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION (“FDOT”), opposes the Plaintiffs’ efforts to secure declaratory relief in this proceeding, opposes the entry of any judgment quieting title in the respective Plaintiffs

in this proceeding and, additionally, asserts that FDOT (not the respective Plaintiffs) is the fee simple owner of the Tropical Parcel, the Keys Hospitality Parcels, the Keever Parcel, the Sante Parcel, the Alamar Parcel, and the Sunset Cove Parcel.

9. Monroe County claims no right, title, or interest in the Tropical Parcel, the Keys Hospitality Parcels, the Keever Parcel, the Sante Parcel, the Alamar parcel, or the Sunset Cove Parcel and seeks, through this Stipulation, to avoid the burdens and costs of litigating the ownership dispute between the respective Plaintiffs and the FDOT.

10. As a result, in exchange for the entry of the attached Consent Judgment Partially Quieting Title (“Consent Judgment”), the Plaintiffs shall be bound by the following obligations listed in paragraphs 11, 12, 13, and 14 below, all of which obligations shall be incorporated into and shall survive the entry of the Consent Judgment.

11. In the event the trial court determines that, **as against the FDOT**, Tropical, Keys Hospitality, Keever, Sante, Alamar, or Sunset Cove is the owner of the parcel or parcels being claimed by that Plaintiff in this proceeding as set forth above in paragraph 7 (“Plaintiff’s Corresponding Parcel”), then, upon the exhaustion of applicable appellate rights, that prevailing Plaintiff will be obligated to pay all taxes associated with ownership of that Plaintiff’s Corresponding Parcel -- as if no ownership dispute ever existed -- for the period of time beginning 3 years prior to the entry of any such judgment. With respect to the obligation to pay 3 years of “back taxes” due on a Plaintiff’s Corresponding Parcel, the appropriate Monroe County authorities, pursuant to section 193.092, Florida Statutes, will determine the appropriate tax assessment for each Plaintiff’s Corresponding Parcel and will compute the amount of back taxes owed in the usual and ordinary course of business. Each Plaintiff hereby waives all laches and all time-bar-related objections and defenses in response

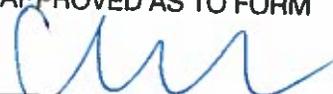

to all tax assessments and to all tax collection efforts contemplated under this paragraph, but preserves substantive objections and defenses as to valuation and amount owed.

12. Upon any Plaintiff's payment of the taxes to the Monroe County Tax Collector as contemplated in paragraph 11 above, that Plaintiff waives all rights to seek reimbursement of the amount paid.

13. The Plaintiffs hereby irrevocably release Monroe County from each and every claim that was asserted in the Complaint, Amended Complaint, and Second Amended Complaint ("Asserted Claims") and, additionally, the Plaintiffs hereby release Monroe County from each and every claim which could have been joined with any of the Asserted Claims and from each and every claim which relates to any of the Asserted Claims, including the properties, allegations, documents, issues, and matters upon which the Asserted Claims were predicated ("Related Claims"). Independently, the Plaintiffs hereby waive all such Asserted Claims and Related Claims. The intent of the releases and waivers stated in this paragraph is to secure a final resolution of all claims the Plaintiffs raised and could have raised against Monroe County in this proceeding, applying an interpretation of Florida's rules on joining causes of action which favors joinder and, accordingly, favors an expansive scope of the Plaintiffs' release and waiver of claims.

14. Tropical, Keys Hospitality, Keever, Sante, Alamar, Sunset Cove and Monroe County, hereby stipulate that each party will assume its own attorney's fees and costs associated with this proceeding.

IN THE CIRCUIT COURT OF THE 16TH
JUDICIAL CIRCUIT IN AND FOR
MONROE COUNTY, FLORIDA

CASE NO. 15-CA-000115-P

TROPICAL BAYSIDE LEASING, LLC, et al.

Plaintiff,

vs.

MONROE COUNTY, a political subdivision
of the State of Florida, and STATE OF FLORIDA
DEPARTMENT OF TRANSPORTATION

Defendants.

**CONSENT JUDGMENT PARTIALLY QUIETING TITLE
IN FAVOR OF PLAINTIFFS AND AGAINST MONROE COUNTY**

THIS CAUSE came before the Court upon the Settlement Stipulation (“Stipulation”) filed by the Plaintiffs, TROPICAL BAYSIDE LEASING, LLC (“Tropical”), KEYS HOSPITALITY, LLC (“Keys Hospitality”), PAUL KEEVER a/k/a PAUL KEAVER a/k/a PAUL L. KEEVER (“Keever”), CHRISTOPHER D. SANTE (“Chris Sante”), PAMELA A. SANTE (“Pam Sante”) (collectively “Santes”), ALAMAR, LLC (“Alamar”), SUNSET COVE BEACH RESORT, INC. (“Sunset Cove”), and the Defendant, MONROE COUNTY (“Monroe County”), and the Court being advised in the premises, it is

ORDERED AND ADJUDGED as follows:

1. The Stipulation is hereby adopted and approved as order of the Court.
2. In accordance with paragraphs 9 and 10 of the Stipulation, the Court determines the following:
 - A. As between Tropical and Monroe County, Tropical is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “A.”**
 - B. As between Keys Hospitality and Monroe County, Keys Hospitality is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “B.”**

Tropical v. Monroe County et al.
Case No. 15-CA-000115-P

- C. As between Kever and and Monroe County, Kever is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “C.”**
- D. As between the Santes and Monroe County, the Santes is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “D.”**
- E. As between Alamar and Monroe County, Alamar is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “E.”**
- F. As between Sunset Cove and Monroe County, Sunset Cove is hereby determined to be the fee simple owner of the parcel of real property described in **Composite Exhibit “F.”**

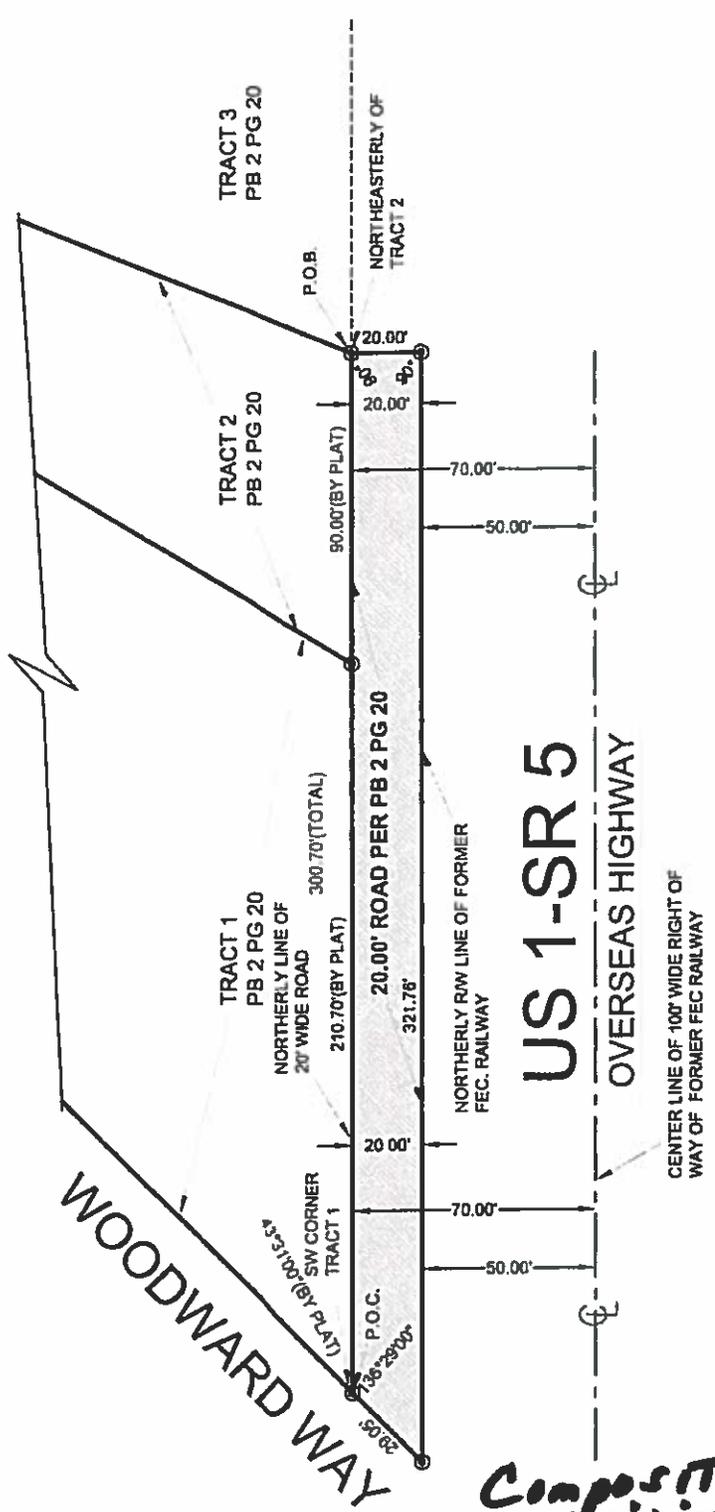

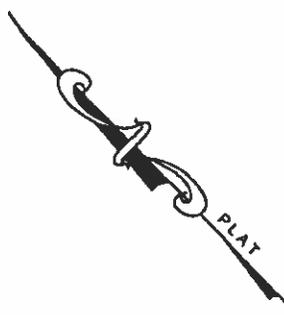

3. The relief provided in this Consent Judgment is not binding upon the Co-Defendant, STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, or upon any non-party to this proceeding. See § 65.041, Fla. Stat., and Sparling v. Boca Raton Land Development, Inc., 438 So. 2d 413 (Fla. 4th DCA 1983).

4. In accordance with paragraph 14 of the Stipulation, the respective Plaintiffs and Monroe County will bear their own attorney’s fees and costs.

DONE AND ORDERED in Chambers in Plantation Key, Monroe County, Florida on this _____ day of March 2016.

Meeting Date: 3/23/2016 (Key Largo)

Department: Monroe County Attorney's Office

Bulk Item: Yes No

Staff Contact /Phone #: Cynthia Hall, (305) 292-3470

AGENDA ITEM WORDING: Discussion and direction regarding preparation of ordinance adding cigarette butts to the definition of "litter" in Section 21-19 of the Monroe County Code and to define the penalty for violation of the Code.

ITEM BACKGROUND: As part of its project, Leadership Monroe County Class XXIV has asked that the County Commission consider amending Section 21-19 of the Monroe County Code to add the words "cigarette butts" to the definition of "litter." Class representatives indicate that the absence of the term "cigarette butts" in the definition of "litter" leads to confusion as to whether littering cigarette butts is prohibited by the ordinance.

Section 21-21 of the Monroe County Code prohibits the illegal disposal of various types of solid waste. Currently, violation of Section 21-21 of the Code is punishable by fines of not less than \$15.00 and not more than \$500.00. The Monroe County Solid Waste department recently reported that over one-third of littered items are cigarette butts.

The City of Key West Commission voted 7-0 to approve a similar ordinance at its March 1, 2016 meeting. That ordinance imposes a \$100 fine for first time offenders.

PREVIOUS RELEVANT BOCC ACTION: None.

Ordinance**

(as adopted March 1, 2016)

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY OF KEY WEST, FLORIDA, AMENDING CHAPTER 26 ENTITLED "ENVIRONMENT," ARTICLE III ENTITLED "LITTER", BY AMENDING SECTION 26-161 ENTITLED "DEFINITIONS", BY CREATING SECTION 26-165 ENTITLED "UNLAWFUL DEPOSIT OF CIGARETTE BUTTS", AND CREATING SECTION 26-166 ENTITLED "PENALTIES"; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Commission for the City of Key West recognizes that used cigarette butts contain toxic particulate matter (tar) that is comprised largely of arsenic, nicotine, polycyclic aromatic hydrocarbons and heavy metals; and

WHEREAS, the City Commission recognizes studies that have shown the harmful effects of cigarette butts that are not properly disposed of, including a high likelihood of leaching these harmful chemicals into the soil and/or the storm water runoff, that eventually makes its way into the surrounding waters, including the sensitive and unique coral reef and sea life; and

WHEREAS, the City Commission recognizes that the presence of cigarette butts that contain these harmful

chemicals present a dangerous risk of ingestion by pets and small children in city parks, playgrounds, and beaches; and

WHEREAS, the City Commission desires to amend the Code of Ordinances in order to create a ban on all unlawful deposits of cigarette butts in public areas of the City of Key West.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF KEY WEST, FLORIDA:

Section 1: That Section 26-161 of the Code of Ordinances is hereby amended as follows:

Sec. 26-161. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Litter includes all garbage, rubbish, yard waste, and all waste materials including, but not limited to, bottles, glass, cans, scrap metal, junk, paper, disposable packages or containers and all other similar materials, and any substance of any kind or nature whatsoever that creates a public health, safety or fire hazard or a public nuisance.

*(Coding: Added language is underlined; deleted language is ~~struck through~~. Added language for second reading is double-underlined; deleted language is ~~double-struck through~~.)

Public or semipublic area open for vehicular or pedestrian travel means any private or public road, street, highway, right-of-way, lane, alley, parking lot, or parking area on which the public is expressly or implicitly invited to travel by motor vehicle or pedestrian means or which is otherwise open for such travel.

Section 2: That Section 26-165 of the Code of Ordinances is hereby created as follows:

Sec. 26-165 - Unlawful deposit of Cigarette Butts.

It shall be unlawful to deposit any used or unused cigarette butt onto any public or semi-public areas including any city beach, park, sidewalk, or any right of way. This prohibition shall not apply to the proper disposal of cigarette butts in properly marked receptacles intended for such purpose.

Section 3: That Section 26-166 of the Code of Ordinances is hereby created as follows*:

Sec. 26-166 - Penalties.

Notwithstanding any other provision of this article, a violation of Sec. 26-165 shall be punishable under Sec. 2-680 of the Code of Ordinances.

*(Coding: Added language is underlined; deleted language is ~~struck through~~. Added language for second reading is double-underlined; deleted language is ~~double struck through~~.)

Section 4: If any section, provision, clause, phrase, or application of this Ordinance is held invalid or unconstitutional for any reason by any court of competent jurisdiction, the remaining provisions of this Ordinance shall be deemed severable therefrom and shall be construed as reasonable and necessary to achieve the lawful purposes of this Ordinance.

Section 5: All Ordinances or parts of Ordinances of said City in conflict with the provisions of this Ordinance are hereby superseded to the extent of such conflict.

Section 6: This Ordinance shall go into effect immediately upon its passage and adoption and authentication by the signature of the presiding officer and the Clerk of the Commission.

*(Coding: Added language is underlined; deleted language is ~~struck through~~. Added language for second reading is double-underlined; deleted language is ~~double-struck through~~.)

Read and passed on first reading at a regular meeting held this _____ day of _____, 2016.

Read and passed on final reading at a regular meeting held this _____ day of _____, 2016.

CHERYL SMITH, CITY CLERK

Sec. 2-680. - Civil penalty.

A violation of a city code or ordinance shall result in assessment of a civil penalty of \$100.00 if the person who has committed the civil infraction does not contest the citation. If the person cited fails to pay the civil penalty within the time allowed or fails to appear in court to contest the citation, the person shall be deemed to have waived the right to contest the citation, and in such case judgment may be entered against the person for an amount up to the maximum civil penalty, not to exceed \$500.00. Any person who wilfully refuses to sign and accept a citation issued by a code enforcement officer shall be guilty of a misdemeanor of the second degree, punishable as provided in F.S. § 775.082 or 775.083.

(Code 1986, § 13.10)

Monroe County Code
Current Sections 21-19 and 21-21

Sec. 21-19. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bulky waste means items whose large size or weight precludes or complicates their handling by normal collection processing or disposal methods.

Commercial means all nonresidential and industrial establishments and properties, but not limited to, and without regard to whether they are profit or nonprofit organizations or retail and or wholesale establishments, motels, hotels, stores, schools, churches, hospitals, office buildings, restaurants service stations, garages, laundries, cleaning establishments, public or private institutions of all types, and all other businesses required to obtain a business license.

County means the unincorporated areas of this county.

Garbage means all kitchen and table food waste, animal or vegetative waste that is attendant with or results from the storage, preparation, cooking or handling of food materials.

High grass and weeds means weeds and/or grass in excess of eight inches in height.

Improved property means all residential, commercial, or industrial property that generates or is capable of generating solid waste.

Litter means all garbage, rubbish, garden trash and all waste materials, including, but not limited to, bottles, glass, cans, scrap metal, junk, paper, disposable packages or containers and all other similar materials, and any substance of any kind or nature whatsoever that causes a public health, safety or fire hazard or public nuisance.

Mowed means the cutting down of high grass and/or weeds.

Mulching materials means protective coverings, usually of organic matter such as leaves, straw, or peat, brought to a property and used to prevent the evaporation of moisture, erosion, and/or the growth of weeds.

Owner means the person owning an interest in vacant or improved property.

Public way means any and all streets, roads, alleys, piers, bulkheads, boardwalks, lanes, waters or other public ways and any and all public parks, squares, beaches, parks and any and all recreational facilities operated by the state, county, federal government or special governmental districts.

Refuse means all solid wastes, including, but not limited to, garbage, rubbish, ashes, dead animals, bulky waste, special wastes, sludge and trash.

Residential property means any improved property or vacant property within a land use district zoned for residential uses.

Residential waste means a mixture of garbage and trash resulting from normal housekeeping activities at a residential unit.

Sludge means and includes the accumulated solids, residues, and precipitates generated as a result of

waste treatment or processing, including wastewater treatment, water supply treatment, or operation of an air pollution control facility, and mixed liquids and solids pumped from septic tanks, grease traps, privies, or similar waste disposal appurtenances.

Solid waste means sludge unregulated under the Federal Clean Water Act or Clean Air Act, sludge from a waste treatment works, water supply treatment plant, or air pollution control facility, or garbage, rubbish, refuse, special waste, or other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from domestic, industrial, commercial, mining, agricultural, or governmental operations. Recovered materials as defined in F.S. § 403.703(7) are not solid waste.

Special wastes means solid wastes that can require special handling and management, including, but not limited to, white goods, waste tires, used oil, lead-acid batteries, construction and demolition debris, ash residue, yard trash, and biological wastes.

Trash means any combination of yard trash and construction and demolition debris along with other debris such as paper, cardboard, cloth, glass, white goods, vehicle tires and other like matter.

White goods includes inoperative and discarded refrigerators, ranges, water heaters, freezers, and other similar domestic and commercial large appliances.

Yard trash means vegetative matter resulting from landscaping maintenance or land clearing operations and includes, but not limited to, materials such as tree and shrub trimmings, grass clippings, mulch, palm fronds, tree stumps, tree limbs, etc.

(Code 1979, § 8-16; Ord. No. 001-2005, § 2)

Sec. 21-21. - Illegal waste disposal on public and private lands and waterways.

- (a) No person shall place, cast, sweep, or deposit anywhere within the county any refuse in such a manner that the same may be carried, spread, or deposited by the elements upon any street, alley, parkway, or other public place or into any occupied or unoccupied property or waterway.
- (b) No person shall throw, place or deposit or cause to be thrown, placed or deposited, any solid waste, special waste, sludge, trash, junk, abandoned vehicle, abandoned vessel, garbage or filth of any kind into or on any of the public streets, roads, highways, bridges, alleys, lanes, thoroughfares, waters, canals or vacant lots, or upon the premises of any other person within the limits of the county.
- (c) No person shall discard, abandon, or permit any white goods to be kept or placed on private property or placed curbside for collection without first removing or securing the doors on such units.

(Code 1979, § 8-18; Ord. No. 001-2005, § 4)

Sec. 21-21. - Illegal waste disposal on public and private lands and waterways.

- (a) No person shall place, cast, sweep, or deposit anywhere within the county any refuse in such a manner that the same may be carried, spread, or deposited by the elements upon any street, alley, parkway, or other public place or into any occupied or unoccupied property or waterway.
- (b) No person shall throw, place or deposit or cause to be thrown, placed or deposited, any solid waste, special waste, sludge, trash, junk, abandoned vehicle, abandoned vessel, garbage or filth of any kind into or on any of the public streets, roads, highways, bridges, alleys, lanes, thoroughfares, waters, canals or vacant lots, or upon the premises of any other person within the limits of the county.
- (c) No person shall discard, abandon, or permit any white goods to be kept or placed on private property or placed curbside for collection without first removing or securing the doors on such units.

(Code 1979, § 8-18; Ord. No. 001-2005, § 4)

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016

Department: County Attorney

Bulk Item: Yes ___ No X

Staff Contact /Phone #: Cynthia Hall, (305) 292-3470

AGENDA ITEM WORDING: Report on status of the rate application filed by K W Resort Utilities, Corp. (KWRU), pending in front of Florida Public Service Commission, Docket No. 150071-SU; discussion and direction to staff.

ITEM BACKGROUND: On June 30, 2015, KWRU filed an application for an increase in wastewater rates with the Florida Public Service Commission (PSC). <http://www.psc.state.fl.us/dockets/cms/docketdetails2.aspx?docket=150071>. A customer meeting was held on December 10, 2015 at 6 pm at Old City Hall in Key West.

The Utility's application sought a 98% increase in rates. At its March 1, 2016 meeting, the PSC approved a rate increase largely in line with its Staff Recommendation, with three changes requested by the County and the Office of Public Counsel. PSC Staff recommended a two-phase rate increase. A Phase I increase would take place immediately; a Phase II increase would go into effect once KWRU completed and placed into service its plant expansion. Based on FY15 invoices from KWRU to the County, the projected annual increase to the County would be approximately 29% for Phase I, going up to 43% in Phase II. Residential rates would also go up by approximately 50-70%.

The Final Order in the rate case will be issued on or before March 21, 2016. Any person whose substantial interests have been affected then has 21 days within which to file a protest and seek a hearing. If a protest is filed, any person with substantial interests may also file a petition to intervene. Staff is seeking direction on the County's role in the case.

PREVIOUS RELEVANT BOCC ACTION: December 2015: the BOCC directed staff to actively monitor the PSC rate application proceeding. Jan. 2016: Staff presented an update.

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: To be determined. Further information will be presented at the BOCC meeting.

Case Background

K W Resort Utilities Corporation (K W Resort or Utility) is a Class A Utility providing wastewater service to approximately 2,061 customers in Monroe County. Water service is provided by the Florida Keys Aqueduct Authority (FKAA). Rates were last established for this Utility in its 2007 rate case.¹ According to the Utility's 2014 Annual Report, the Utility had operating revenues of \$1,479,307 and operating expenses of \$1,199,672.

On July 1, 2015, K W Resort filed its application for the rate increase at issue. The Utility requested that the application be processed using the Proposed Agency Action (PAA) procedure. The test year established for final rates is the 13-month average period ended December 31, 2014.

The Utility's application did not meet the minimum filing requirements (MFRs). On July 30, 2015, staff sent K W Resort a letter indicating deficiencies in the filing of its MFRs. The Utility filed a response to staff's first deficiency letter on August 28, 2015. However, the Utility's response did not satisfy all of the deficiencies, and on September 16, 2015, staff sent a second letter indicating the outstanding deficiencies. On September 22, 2015, the Utility filed a response to staff's second deficiency letter correcting its remaining deficiencies, and thus the official filing date was established as September 22, 2015, pursuant to Section 367.083, Florida Statutes (F.S.).

In 2014, the Utility started the planning process of expanding its wastewater treatment plant (WWTP) from 0.499 million gallons per day (MGD) permitted capacity to 0.849 MGD permitted capacity to handle additional flows beyond the maximum capacity of its existing facilities. This pro forma plant project is being considered in the current case, and included the installation of two additional underground shallow injection wells for disposal of treated effluent. On June 23, 2014, the Department of Environmental Protection (DEP) issued a Notice of Intent to issue K W Resort a modified operating permit that would allow it to start its expansion. An environmental group, Last Stand, timely challenged the permit. Last Stand specifically opposes the installation of the shallow injection wells in favor of deep injection wells, a much costlier alternative. The case was referred to Florida's Division of Administrative Hearings (DOAH) on November 19, 2014.² A Recommended Order was issued by the case's Administrative Law Judge on January 15, 2016, in favor of DEP issuing the Utility's permit. However, there are still several steps remaining in the process before the case is officially closed, and the possibility of an appeal still remains. The Utility is seeking the recovery of the legal fees associated with the litigation. In addition, the Utility requested pro forma expenses associated with upgrading its operations to meet Advanced Wastewater Treatment (AWT) Standards required by Section 403.087(10), F.S.

The Utility asserts that it is requesting an increase to recover reasonable and prudent costs for providing service and a reasonable rate of return on investment, including pro forma plant improvements. Staff believes a two-phased rate increase is the most appropriate approach to include the Utility's pro forma plant expansion project. K W Resort is requesting final rates

¹ Order No. PSC-09-0057-FOF-SU, issued January 27, 2009, in Docket No. 070293-SU, *In re: Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.*

² DOAH Docket No. 14-5302

Docket No. 150071-SU
Date: February 18, 2016

designed to generate annual revenues of \$2,931,759. This represents a revenue increase of \$1,438,382 (96.32 percent).

The Office of Public Counsel (OPC) has filed two letters of concerns in the instant docket, one on July 9, 2015 and the other on September 10, 2015. In addition, Monroe County, one of the Utility's largest customers, has also actively monitored the case as an interested party. To date, the Commission has received six letters from customers regarding this case.

This recommendation addresses K W Resort's requested final rates. The 5-month effective date has been waived by the Utility through March 1, 2016. The Commission has jurisdiction pursuant to Section 367.081, F.S.

Discussion of Issues

Issue 1: Is the quality of service provided by K W Resort satisfactory?

Recommendation: Yes. Staff recommends that the quality of K W Resort's product and the condition of the wastewater treatment facilities is satisfactory. It appears that the Utility has attempted to address customers' concerns. Therefore, staff recommends that the overall quality of service for the K W Resort wastewater system in Monroe County is satisfactory. (Hill)

Staff Analysis: Pursuant to Rule 25-30.433(1), Florida Administrative Code (F.A.C.), in wastewater rate cases, the Commission shall determine the overall quality of service provided by a utility. This is derived from an evaluation of three separate components of the utility operations. These components are the quality of the utility's product, the operational conditions of the utility's plant and facilities, and the utility's attempt to address customer satisfaction. K W Resort's compliance with the Department of Environmental Protection (DEP) regulations, and customer comments or complaints received by the Commission, are also reviewed.

Quality of Utility's Product and Operating Conditions of the Utility's Plant and Facilities

K W Resort's service area is located in Monroe County. The wastewater treatment plant (WWTP) uses extended aeration to treat wastewater. Effluent is passed through a sand filter and disinfection is provided by chlorine gas. Effluent is disposed of through reuse service or shallow injection wells when reuse demand is not sufficient for reuse.

K W Resort is current in all of its required WWTP compliance inspections. Staff reviewed the compliance inspection reports dated September 29, 2014 and July 14, 2015. In its September 29, 2014 inspection report, DEP reported a minor out-of-compliance rating for sampling due to a failure to test field chlorine, uncalibrated refrigerator thermometers for chemical sample storage, and insufficient use of the chain of command form. In its July 14, 2015 inspection report, DEP reported an out-of-compliance rating for sampling due to missing details from daily calibration verifications and for chain of command forms not being returned for nutrient samples. DEP reported that adequate responses from the Utility were received for all issues. No subsequent compliance issues were reported by DEP.

A line break was reported to have occurred on December 21, 2015, which spilled 700 gallons of raw wastewater. The line break was due to a cracked PVC pipe at a check valve. K W Resort reported to DEP that the spill was contained, disinfected, and cleaned, and that the line was repaired and that an inspection of PVC pipe on all lift stations would be performed.

It appears that K W Resort has been responsive to the DEP's compliance requirements. Based on K W Resort's status with DEP, staff recommends that the quality of K W Resort's product and the operational condition of the WWTP is satisfactory.

The Utility's Attempt to Address Customer Satisfaction

In order to determine the Utility's attempt to address customer satisfaction, staff reviewed customer complaints and comments from five sources: the Commission's Consumer Activity

Tracking System (CATS), DEP, the complaints the Utility has recorded, the staff-conducted customer meeting, and all correspondence submitted to the Commission Clerk regarding this rate case. A summary of all complaints and comments received is shown in Table 1-1 below.

**Table 1-1
 Number of Complaints by Source**

Subject of Complaint	PSC's Records (CATS) (test year and 4 prior years)	Utility's Records (test year and 4 prior years)	DEP (test year and 4 prior years)	Docket Correspondence	Customer Meeting
Billing Related	4	1	0	0	2
Opposing Rate Increase	0	0	0	4	4
AWT	0	0	0	0	2
Wastewater Odor	1	0	0	1	4
Impact Fees	0	0	0	2	5
Other	0	0	0	2	7
Total*	5	1	0	9	24

*A complaint may appear twice in this table if it meets multiple categories

A customer meeting was held in Key West, Florida, on December 10, 2015. Approximately 40 of the Utility's customers attended the meeting and 15 spoke. In addition, staff also reviewed complaints for the four years prior to the test year. The Commission received five complaints, DEP received no complaints, and the Utility recorded one for this time period. Based on the records of the Utility and the Commission, it appears that the Utility has responded in a timely manner to each of these complaints.

The subjects of the complaints included (1) billing issues, (2) affordability of the rate increase, (3) the historical application of AWT standards, (4) odor from the wastewater plant, (5) the burden of new construction on existing customers, and other issues. In addition to the individual comments, Mr. Joe O'Connell submitted a petition to the Commission on behalf of Safe Harbor Marina LLC and 55 signatories concerned with the odor and potential hydrogen sulfide emissions from the WWTP. The petition was filed on February 1, 2016, and requests that "the Environmental Health department [investigate the] health hazards and other long term effects caused by the noxious fumes created and emitting from the K W Resort sewer plant." Staff forwarded Mr. O'Connell's petition to DEP. The DEP wastewater compliance reports from September 29, 2014 and July 14, 2015 show no excessive odor at the time of inspection, which is consistent with staff's plant inspection on December 10, 2015. Staff has reviewed the Utility's responses to all Commission and Utility-kept complaints and has found that the Utility's attempt to address these concerns has been timely and appropriate.

Summary

Staff recommends that the quality of K W Resort's product and the condition of the wastewater treatment facilities is satisfactory. It appears that the Utility has attempted to address customers' concerns. Therefore, staff recommends that the overall quality of service for the K W Resort wastewater system in Monroe County is satisfactory.

Issue 2: Should the audit adjustments to rate base to which the Utility and staff agree be made?

Recommendation: Yes. Based on the audit adjustments agreed to by the Utility and staff, the following adjustments should be made to rate base as set forth in staff's analysis below. (Frank, Norris, Hill)

Staff Analysis: In its response to the staff audit report of the Utility, K W Resort agreed to the audit adjustments as set forth in the tables below.

**Table 2-1
 Description of Audit Adjustments**

Audit Finding	Description of Adjustment
Audit Finding No. 1	This finding is due largely to the following: 1) to remove double entries to plant amounts already booked that were approved in the last rate case, 2) to reflect numerous reclassifications from plant to O&M expenses and CIAC, 3) to remove amounts due to lack of support documentation, and 4) to reflect plant retirements.
Audit Finding No. 2	This finding relates to the reclassification of certain plant amounts recorded by the Utility to CWIP in order to create a CWIP account to reflect the cost for the wastewater plant expansion project not in-service yet.
Audit Finding No. 3	This finding relates to the reclassification of survey fees recorded as land to Operations & Maintenance (O&M) expenses in accordance with the NARUC USOA and Rule 25-30.433(8), F.A.C.
Audit Finding No. 4	This finding is due largely to reflect CIAC amounts previously approved in the Utility's last rate case and to correct calculation errors by the Utility.
Audit Finding No. 5	This finding is due largely to reflect the corresponding adjustments to accumulated depreciation as a result of Audit Finding 1, in accordance with Rule 25-30.140, F.A.C.
Audit Finding No. 6	This finding is due largely to the reclassification of accounting and survey fees as an increase to miscellaneous deferred debits and to reduce the miscellaneous deferred debits related to the wastewater permit modification for lack of support documentation.

Source: Staff audit and Utility responses to staff data request

In response to Audit Finding No. 1, the Utility disagreed with the removal of \$160,823 from plant and provided explanations and support for the inclusion of multiple transactions that occurred during 2007, 2008, and 2009. Staff agrees with the Utility's explanations and made the appropriate corresponding adjustments to increase plant and accumulated depreciation by \$160,823 and \$45,676, respectively. The corresponding adjustment to depreciation expense is reflected in Issue 10.

Based on the audit adjustments agreed to by the Utility and staff, staff recommends a net reduction to rate base of \$249,537. The recommended adjustments to rate base are set forth in Table 2-2.

**Table 2-2
 Adjustments to Rate Base**

Audit Finding	Plant	Land	Accum. Depr.	CIAC	Accum. Amort. of CIAC	CWIP	Working Capital	Total
1	(\$817,240)	\$0	\$0	\$0	\$0	\$0	\$0	(\$817,240)

Source: Staff audit and Utility responses to staff data request

Issue 3: Should any adjustments be made to the Utility's pro forma plant?

Recommendation: Yes. Pro forma plant should be decreased by \$3,574,468 in Phase I. Corresponding adjustments should be made to decrease accumulated depreciation by \$196,281 and depreciation expense by \$196,281. Additionally, pro forma property taxes should be decreased by \$35,696. (Hill, Norris)

Staff Analysis: In its filing, the Utility included pro forma plant of \$3,574,468 for the expansion of its wastewater treatment plant, which includes the construction of two shallow injection wells. As will be discussed in Issue 16, staff is recommending a two-phased rate increase to address the Utility's pro forma plant request. Pro forma plant that has not been completed has been removed from Phase I. As such, pro forma plant should be decreased by \$3,574,468 in Phase I. Corresponding adjustments should be made to decrease accumulated depreciation by \$196,281 and depreciation expense by \$196,281. Additionally, pro forma property taxes should be decreased by \$35,696.

Issue 4: What are the used and useful (U&U) percentages of the Utility's wastewater treatment plant and wastewater collection system?

Recommendation: For Phase I rates, K W Resort's wastewater treatment plant and collection system should be considered 100 percent U&U. For Phase II rates, K W Resort's wastewater treatment plant should be considered 72 percent U&U and the wastewater collection system should be considered 100 percent U&U. No adjustments should be made for excessive infiltration and inflow (I&I). (Hill)

Staff Analysis: Based upon Rules 25-30.431, 25-30.432, and 25-30.4325, F.A.C., the Commission's U&U evaluation of a wastewater system includes consideration of the formula-based method and all relevant factors such as prior decisions, conservation, and change in customer base. The formula-based method calculates the customer demand as a percentage of capacity. The customer demand is based on the actual demand in the test period and the estimated demand over the 5-year statutory growth period. OPC commented that, if the Commission approved the Utility's requested 100 percent U&U with an historic test year, the Utility would likely be in an overearning position, but it did not provide any specific concerns regarding any of the Utility's requested adjustments.

Infiltration and Inflow

Rule 25-30.432, F.A.C., provides that in determining the amount of U&U plant, the Commission will consider I&I. Typically, infiltration results from groundwater entering a wastewater collection system through broken or defective pipes and joints; whereas, inflow results from water entering a wastewater collection system through manholes or lift stations. The allowance for infiltration is 500 gpd per inch diameter pipe per mile, and an additional 10 percent of water sold is allowed for inflow. In addition, adjustments to operating expenses such as chemical and electrical costs are considered necessary, if excessive. Schedule F-6 of the MFRs indicated there is no excessive I&I for the test year. Staff has reviewed the assumptions and calculations and believes that they are reasonable. Therefore, staff recommends that no adjustment should be made for excessive I&I.

Wastewater Collection System Used & Useful

The wastewater collection system consists of a gravity system as well as a vacuum collection system. The gravity collection system has been operating at capacity for the past five years and there is no apparent potential for additional gravity system connections. Therefore, pursuant to Rule 25-30.4325(4), F.A.C., the gravity collection system should be considered 100 percent U&U. The vacuum collection system is fully contributed; therefore there is no non-contributed plant to consider for U&U purposes. There will be no change to this consideration for Phase II.

Wastewater Treatment Plant Used and Useful Plant (Phase I)

In K W Resort's last rate case, the Commission deemed the Utility's WWTP to be 100 percent U&U. The Utility has not increased the capacity of its wastewater treatment facilities since its last rate case. Giving consideration to the Commission's decision in the Utility's last rate case, the WWTP should continue to be considered 100 percent U&U. Staff notes that the Utility is planning an expansion of its WWTP. The planned expansion is to be completed by December 2016, and is addressed as part of staff's recommended Phase II increase for pro forma items.

Wastewater Treatment Plant Used and Useful Plant (Phase II)

In Phase II, the DEP permitted plant capacity will increase to 849,000 gpd, and as a result, staff should calculate an updated WWTP U&U percentage. Pursuant to Rule 25-30.432, F.A.C., the U&U percentage of a WWTP is based on customer demand compared with the permitted plant capacity, with customer demand measured on the same basis as permitted capacity. K W Resort's WWTP is permitted on the basis of Annual Average Daily Flow. Consideration is also given for growth and I&I.

Section 367.081(2)(a)2., F.S. states that the commission should consider utility property to be considered used and useful if such property is needed to serve customers five years after the end of the test year unless the utility presents clear and convincing evidence that a longer period is justified.

A linear regression of the Utility's actual flows for the test year and prior four years results in an average of 7.06 percent annual growth. In its application, the Utility presented evidence that the expansion is needed because future growth will continue at this rate or higher for the next five years. In addition, the Utility stated that its 3-month annualized daily flow had exceeded current capacity in October of the test year, at which point the county would only issue dry permits. This has resulted in a suppression of growth, which would reduce the predicted growth using linear regression. The Utility also stated that building projects with Development Agreements already obtained from Monroe County were used to determine the size of the current plant expansion. Based on this information, the Utility projects that the system will be at full capacity within five years of completing the expansion, which would be seven years after the test year. The Utility therefore requested that growth be considered for seven years after the test year. Section 367.081(2)(a)2.b-c., F.S., allows such consideration when the Utility presents clear and convincing evidence to justify such consideration. Staff recommends that, while the Utility provided evidence of known future growth, no significant amount of growth was projected for any period beyond the default 5-year growth period. The Utility also requested that a growth allowance of 102,000 gpd be included in 2016 to account for the suppressed growth and known building projects currently underway or completed and awaiting connection. It is staff's position that the Utility has been optimistic that this projected growth will be above and beyond the historic growth, and staff recommends that a more conservative projection using only the linear regression would be more appropriate.

Staff agrees with the Utility that test year flows appear suppressed and that a growth rate of greater than 5 percent per year is supported. Staff recommends that the full 7.06 percent annual growth as calculated be allowed. Therefore, pursuant to Rule 25-30.431, F.A.C., a linear regression analysis of the Utility's historical growth patterns results in an addition of 1,310 ERCs for the 5-year statutory growth period. The Utility had an average of 4,039 ERCs for the test year, resulting in 114 gpd/ERC (461,323 gpd / 4,039 ERCs). Thus, a growth allowance of 149,647 gpd is also considered (1,310 ERCs x 114 gpd per ERC). Staff recommends that the Utility's requested 102,000 gpd allowance is well supported, but already accounted for in the growth allowance given by the linear regression.

Based on the annual average daily flow during the test year of 461,323 gpd, the current DEP permitted plant capacity of 849,000 gpd, the growth allowance of 149,647 gpd, the excessive I&I

of 0 gpd, staff recommends that the WWTP be considered 72 percent U&U $[(461,323 \text{ gpd} - 0 \text{ gpd} + 149,647 \text{ gpd}) / 849,000 \text{ gpd}]$.

Conclusion

For Phase I rates, K W Resort's wastewater treatment plant and collection system should be considered 100 percent U&U. For Phase II rates, K W Resort's wastewater treatment plant should be considered 72 percent U&U and the wastewater collection system should be considered 100 percent U&U. No adjustments should be made for excessive I&I.

Issue 5: What is the appropriate working capital allowance?

Recommendation: The appropriate working capital allowance for Phase I is \$721,268. As such, the working capital allowance for Phase I should be decreased by \$645,964. (Norris)

Staff Analysis: Rule 25-30.433(2), F.A.C., requires that Class A utilities use the balance sheet method to calculate the working capital allowance. In its MFRs, K W Resort reflected a working capital allowance of \$1,367,232. As addressed in Issue 2, several adjustments were made to working capital, resulting in an increase of \$51,600. Staff believes additional adjustments are necessary for cash and deferred rate case expenses. In its letter dated September 10, 2015, OPC took issue with both the amount of cash and the total amount of working capital included in the Utility's filing.

Cash

In its filing, the Utility's working capital allowance included cash of \$877,289. This amount included \$126,930 associated with an escrow account related to holding escrow monies from capacity fees collected for the vacuum expansion project between Monroe County and K W Resort. In its response to Audit Request No. 17, the Utility clarified that the agreement with Monroe County was to end after 1,500 equivalent residential units had been collected and paid to Monroe County. As such, the account was closed on March 15, 2015, once the quota was met. Since ratemaking is prospective in nature, staff believes a normalization adjustment is necessary to remove the cash amounts associated with this closed escrow account. Thus, working capital should be reduced by \$126,930.

The Utility also included another escrow account in cash working capital titled "Customer Escrow Account." Further review of the Utility's general ledger revealed that this account is for customer deposits. Customer deposits are a component of the Utility's capital structure and should not be included in working capital. The 13-month average of this account was \$141,828. Therefore, working capital should be reduced by \$141,828 to reflect the removal of customer deposits.

In May 2014 of the test year, the Utility opened another cash account that it considers a capital operating account with a balance of \$375,840. The Utility stated that this account was created in order to pay for capital projects, instead of having to transfer from the operating account. In response to staff's second data request, the Utility stated that it will remain active and require a nearly \$400,000 minimum necessary to ensure a proper capital budget may be undertaken each year to allow the Utility to operate properly. The Utility also provided a 3-year projection of capital projects. Staff has a number of concerns with this account in the test year.

First, the account was never drawn down on in the test year for its stated purpose. Because the balance of this account never changed throughout the test year, staff believes to allow a return in working capital for this account would be equivalent to creating temporary cash investment which provides no benefit to the ratepayers. In accordance with Commission practice, temporary cash investments should be removed from working capital.³ As such, staff believes this account

³ Order No. PSC-09-0057-FOF-SU, page 3, issued January 27, 2009, in Docket No. 070293-SU, *In re: Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.*

should not be included for ratemaking purposes. Based on the 13-month average of this account, staff recommends that working capital should be reduced by \$231,286

Further, the account was funded by a single transfer from the operating account in May 2014. Preceding this transfer, the balance of the operating account increased in January 2015 because of a \$500,000 deposit. Based on the rationale for removing the capital operating account, staff believes it also necessary to remove this amount from the 13-month average balance operating account for the four months this amount remained there. Thus, working capital should also be decreased by \$115,643 to reflect this removal.

In total, staff is recommending a total decrease of \$615,687 to the Utility's working capital based on its cash component. This brings the Utility's cash balance to \$261,602. This exceeds the cash balance of \$42,155 approved in its last case. However, staff compared the average monthly O&M expense, including pro forma AWT operating expenses, to this balance and believes it is an appropriate balance.

Deferred Rate Case Expense

In its MFRs, K W Resort reflected deferred rate case expense of \$62,400 in its working capital. As discussed in Issue 16, staff is recommending total rate case expense of \$152,021. It is Commission practice to include one-half of the approved amount of rate case expense in the instant docket in working capital under the balance sheet method.⁴ Consistent with Commission practice, staff calculated deferred rate case expense to include in working capital to be \$76,011. As such, staff recommends that working capital be increased by \$13,611.

Other Deferred Debits

As addressed in Issue 2, the Utility agreed to a working capital adjustment that reflected the actual, full amount of legal fees associated with Last Stand litigation as a deferred debit in the amount of \$477,436. However, the balance included in working capital should reflect the total legal fees, verified by audit staff, less one year of amortization. As discussed in Issue 11, staff is recommending no further adjustments to the annual amortization of the deferred legal fees. Therefore, working capital should be decreased by \$95,487 ($\$477,436 / 5$).

Conclusion

Based on the adjustments above, staff recommends a working capital allowance for Phase I of \$721,268. This reflects a decrease of \$645,964 to the Utility's requested working capital allowance for Phase I.

⁴ Order Nos. PSC-09-0057-FOF-SU, issued January 27, 2009, in Docket No. 070293-SU, *In re: Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.*; PSC-04-0369-AS-EI, issued April 6, 2004, in Docket No. 030438-EI, *In re: Petition for rate increase by Florida Public Utilities Company*; and PSC-010326-FOF-SU, issued February 6, 2001, in Docket No. 991643-SU, *In re: Application for increase in wastewater rates in Seven Springs System in Pasco County by Aloha Utilities, Inc.*

Issue 6: What is the appropriate rate base for the test year period ended December 31, 2014?

Recommendation: Consistent with staff's other recommended adjustments, the appropriate rate base for the test year ended December 31, 2014, is \$37,710 for Phase I. (Norris)

Staff Analysis: In its MFRs, the Utility requested a rate base of \$4,362,997. Based on staff's recommended adjustments, the appropriate rate base is \$37,710 for Phase I. Staff's adjustments recommended in the preceding issues result in a decrease of \$4,325,287. The schedule for rate base is attached as Schedule No. 1-A, and the adjustments are shown on Schedule No. 1-B.

Issue 7: What is the appropriate return on equity?

Recommendation: Based on the Commission leverage formula currently in effect, the appropriate allowed return on equity (ROE) is 11.16 percent with a range of plus or minus 100 basis points. (Norris)

Staff Analysis: The Utility requested an ROE of 11.16 percent. Consistent with Commission practice, staff has set the Utility's negative common equity balance to zero.⁵ Based on the Commission leverage formula currently in effect, the appropriate ROE is 11.16 percent.⁶ Staff recommends an allowed range of plus or minus 100 basis points be recognized for ratemaking purposes.

⁵ Order No. PSC-08-0652-PAA-WS, issued October 6, 2008, in Docket No. 070722-WS, *In re: Application for staff-assisted rate case in Palm Beach County by W.P. Utilities, Inc.*

⁶ Order No. PSC-15-0259-PAA-WS, issued July 2, 2015, in Docket No. 150006-WS, *In re: Water and Wastewater Industry Annual Reestablishment of Authorized Range of Return on Common Equity for Water and Wastewater Utilities Pursuant to Section 367.081(4) (f), Florida Statutes.*

Issue 8: What is the appropriate weighted average cost of capital based on the proper components, amounts, and cost rates associated with the capital structure for the test year ended December 31, 2014?

Recommendation: The appropriate weighted average cost of capital for Phase I is 4.98 percent for the test year ended December 31, 2014. (Norris)

Staff Analysis: In its filing, K W Resort requested an overall cost of capital of 8.01 percent. Staff recommends two adjustments to the Utility's capital components included in its capital structure.

In its filing, the Utility included a pro forma adjustment to increase common equity by \$3,500,000 to reflect the equity provided to fund the WWTP expansion. As addressed in Issue 16, staff is recommending that the pro forma plant expansion should be reflected in Phase II rates. As such, this pro forma adjustment to common equity should be reflected in the Phase II capital structure. However, removing the Utility's adjustment results in negative common equity for Phase I. As discussed in Issue 7, staff has set the Utility's common equity balance to zero in Phase I.

Additionally, staff reconciled rate base to capital structure pro rata over all sources of capital, including customer deposits. Although the Commission's practice is generally to only prorate over investor sources of capital, the instant case presented a unique situation due to customer deposits exceeding the recommended rate base for Phase I. As a result, the Utility's long-term debt component was negative in its weighted average cost of capital. As required by Section 367.081(2)(a)(1), F.S., the Commission must consider the Utility's cost of providing service, including debt interest. Not prorating over all sources of capital results in no consideration of the Utility's interest on debt. As such, staff recommends prorating over all sources of capital for Phase I.

Based upon the proper components, amounts, and cost rates associated with the capital structure, staff recommends a weighted average cost of capital for the test year ended December 31, 2014, of 4.98 percent for Phase I. Schedule No. 2 details staff's recommended overall cost of capital for Phase I.

Issue 9: What is the appropriate amount of test year revenues for K W Resort's wastewater system?

Recommendation: The appropriate test year revenues for K W Resort's wastewater system are \$1,554,861. (Thompson)

Staff Analysis: In its MFRs, K W Resort reported test year revenues for wastewater of \$1,479,307. Based on the staff audit, the Utility's test year revenues were increased by \$75,554 to include (1) \$19,550 of revenues related to cleaning the Monroe County Detention Center (MCDC) lift station; (2) \$19,500 reimbursed to the Utility for testing of reclaimed water; (3) \$22,849 of additional revenues from miscellaneous service charges; and (4) \$13,655 to reflect corrected billing determinants and rates. The resulting test year wastewater revenues of \$1,554,861 include \$1,482,242 of service revenues and \$72,619 of miscellaneous revenues.

Based on the above, staff recommends that the appropriate test year revenues for K W Resort's wastewater system, including miscellaneous revenues, are \$1,554,861. Test year revenues are shown on Schedule No. 3-A.

Issue 10: Should the audit adjustments to operating expense to which the Utility and staff agree be made?

Recommendation: Yes. Based on the audit adjustments agreed to by K W Resort and staff, the following adjustments should be made to operating expense as set forth in staff's analysis below. (Norris)

Staff Analysis: In its response to the staff audit report and other correspondence, K W Resort agreed to the audit adjustments as set forth in the table below.

**Table 10-1
 Description of Audit Adjustments**

Audit Finding	Description of Adjustment
Audit Finding No. 3	This finding relates to the reclassification of survey fees recorded as land to O&M expenses in accordance with the NARUC USOA and Rule 25-30.433(8), F.A.C.
Audit Finding No. 4	This finding is due largely to reflect CIAC amounts previously approved in the Utility's last rate case and to correct calculation errors by the Utility.
Audit Finding No. 5	This finding is due largely to reflect the corresponding adjustments to depreciation expense as a result of Audit Finding No. 1, in accordance with Rule 25-30.140, F.A.C.
Audit Finding No. 6	This finding is due largely to the reclassification of accounting and survey fees as an increase to miscellaneous deferred debits.
Audit Finding No. 10	This finding is due largely to removal of non-utility, duplicative, and out-of-period costs, as well as the reduction of expenses for lack of support documentation.
Audit Finding No. 11	This finding is due largely to the amortization of non-recurring expenses.

Source: Staff audit and Utility responses to staff data requests

Based on the audit adjustments agreed to by the Utility, staff recommends a net decrease to operating expense of \$8,571. The recommended adjustments are set forth in Table 10-2.

Table 10-2
Adjustments to Operating Expense

Audit Finding	O&M Expense	Depreciation Expense	CIAC Amortization Expense	Total
3	\$1,200	\$0	\$0	\$1,200
4	0	0	14,003	14,003
5	0	(5,489)	0	(5,489)
6	(7,497)	0	0	(7,497)
10	(4,512)	0	0	(4,512)

Total	<u>(\$17,085)</u>	<u>(\$5,489)</u>	<u>\$14,003</u>	<u>(\$8,571)</u>

Source: Staff audit and Utility responses to staff data requests

Issue 11: Should any adjustments be made to the Utility's pro forma expenses?

Recommendation: Yes. Pro forma O&M expense should be decreased by \$10,028. A corresponding adjustment should be made to increase pro forma payroll taxes by \$1,875. (Hill, Norris)

Staff Analysis: Staff has reviewed the Utility's filings and recommends several adjustments to pro forma expenses.

Changes in O&M Expenses Due to AWT Upgrade

The Utility requested pro forma expenses associated with upgrading its operations to meet Advanced Wastewater Treatment (AWT) Standards required by Section 403.087(10), F.S., with a deadline of January 1, 2016. Section 367.081, F.S., provides that the Commission shall approve rates for service which allow a utility to recover the full amount of environmental compliance costs. Recognizing that the requested expenses are needed for compliance with the Utility's DEP Permit, staff believes that K W Resort should be permitted recovery of reasonable and prudent expenses associated with the AWT upgrade.

In its filing, the Utility requested a total of \$666,134 of pro forma O&M expense for estimated increases in the following expenses: salaries and wages, employee pension and benefits, general liability insurance, workmen's comp insurance, sludge disposal, purchased power, chemicals, materials and supplies, contractual services-engineer, contractual services-testing, contractual services-other, and miscellaneous. As addressed below, this request was subsequently increased to \$708,511. In addition, the Utility requested a corresponding pro forma increase of \$13,526 to payroll taxes. Staff's recommended adjustments are discussed below.

Salaries and Wages

In its filing, the Utility included a pro forma increase of \$155,996 to salaries and wages expense for three additional field positions—a licensed operator, a system technician/mechanic, and a helper to assist with sludge removal. In response to staff's second data request, the Utility requested the addition of an administrative assistant, bringing the total request to \$194,000. Staff believes the inclusion of the new field positions are reasonable based on the additional labor requirements necessary to meet AWT standards. The new administrative position is also reasonable given the additional administrative needs that will arise as a direct result of increased operations.

A comparative analysis was performed to examine the reasonableness of the requested salaries for the four positions. Staff used the American Water Works Association's (AWWA) 2012 Compensation Survey (CS)⁷ to examine the reasonableness of the licensed operator's starting salary of \$62,000. Given the level of knowledge and expertise needed by an operator familiar with the stringent requirements of AWT standards, staff compared the operator's requested salary to the maximum range of a Senior/Lead Wastewater Treatment Plant Operator in the AWWA CS and believes that it is reasonable. The AWWA CS does not have any positions

⁷ Staff applied an index factor of 1.06 percent, calculated using Commission-approved indices from 2012-2016, to the 2012 AWWA salaries for comparison purposes.

comparable to the three additional positions requested by the Utility, so staff did a comparative analysis using salaries of the Utility's existing staff.

The job duties and responsibilities of the system technician/mechanic matched those of several field technicians already employed with the Utility. The position's starting salary of \$42,000 fell within the range of the Utility's existing field technician salaries. Therefore, staff believes the salary is reasonable.

Staff believes the job duties and responsibilities of the helper needed for sludge removal fall in the lowest range of required skilled labor, as compared to the Utility's field technicians. As such, staff believes the Utility's requested salary of \$40,000 is excessive. Staff recommends matching the salary of this position to that of the lowest field technician salary. Based on the hourly wages provided by the Utility, this would result in an annual salary of \$35,360 (2,080 hours x \$17). Thus, staff recommends a \$4,640 decrease to the Utility's pro forma O&M expense.

For the administrative assistant position, staff also used the salaries of existing administrative positions for comparative purposes. The Utility described this position as an assistant to the existing administrative staff, which includes an Accounting and Administrative Specialist, Customer Service Manager, and part-time Clerical and Administrative Assistant. However, the requested salary exceeded that of the Customer Service Manager (\$47,990) and Accounting and Administrative Specialist (\$45,845).⁸ Staff believes the level of job duties and responsibilities fall between that of the part-time Clerical and Administrative Assistant and the Accounting and Administrative Specialist. As such, staff believes the mid-point of those salaries is more in line with the salary of an additional Administrative Assistant. This results in a salary of approximately \$40,000, which results in a recommended decrease of \$10,000 to the Utility's pro forma O&M expense.

In total, staff recommends \$179,360 of pro forma salaries and wages expense for three additional field positions and one additional administrative position. Staff recommends corresponding pro forma payroll taxes of \$15,401.

Employee Pension and Benefits

The Utility included a corresponding pro forma increase of \$42,762 to employee pension and benefits for the addition of three new positions in its filing. In response to staff's third data request, it increased the requested pro forma expense to \$47,135 to reflect the additional expense associated with four new positions. The Utility's requested pensions and benefits expense is 24 percent of its requested salaries and wages expense. In comparison, pension and benefits expense was 16 percent of salaries and wages expense in the test year. Staff made multiple requests for the Utility's calculation of its estimate, but the additional support was never provided. As such, staff believes the additional pension and benefits expense should be based on the actual percentage of 16 percent. Thus, staff recommends \$28,722 of pro forma employee pension and benefits expense.

⁸ This reflects an annualized salary due to turnover in the test year.

Workmen's Comp Insurance

In its MFRs, the Utility included a pro forma increase of \$25,555 for additional workman's comp insurance expense to cover, originally, three new positions. However, workman's comp insurance expense in the test year was only \$20,729. Staff made multiple requests for the basis and calculation of the Utility's estimate. In response to staff's third data request, the Utility stated that it made a calculation in its original estimate and that the correct pro forma increase should have been \$8,627. Although staff never received documentation supporting the Utility's estimate, it is reasonable to expect an increase in workman's comp insurance given the recommended new positions. Staff performed a comparative analysis of the corrected adjustment using the level of employment and workman's comp insurance expense in the test year. As such, staff believes \$8,627 of pro forma workman's comp insurance expense is reasonable.

Miscellaneous Expense

The Utility also included \$9,638 of pro forma miscellaneous expense associated with the upgrade in operations. In response to staff's third data request, the Utility provided calculations and explanations in support of the additional expense requested. The Utility included \$1,083 in its request based on reimbursed expenses in the test year. Staff believes this amount should be removed from the Utility's estimate, as it does not relate to the upgrade in AWT operations. Staff believes one additional adjustment is necessary based on the Utility's estimate of additional payroll administrative costs. The Utility estimated \$2,281 in additional expense by using a ratio of historic payroll to payroll administrative costs. Based on staff's calculation of this ratio in the test year, along with the recommended decrease in the Utility's requested pro forma salaries, pro forma expense should also be decreased by \$1,341. Therefore, staff recommends \$7,214 of pro forma miscellaneous expense.

Summary of AWT O&M Expenses

Based on the adjustments above, staff recommends a pro forma increase of \$656,106 to O&M expense for upgraded operations associated with meeting AWT standards. This results in a decrease of \$10,028 from the \$666,134 requested amount in the MFRs. The Utility's revised pro forma expense request totaled \$708,511. However, staff's adjustment is based on the request embedded in its original filing. A corresponding adjustment should be made to increase pro forma payroll taxes by \$1,875. Staff's recommended pro forma expenses are shown in the table below.

**Table 11-1
 Pro Forma AWT O&M Expenses**

Account No.	Description	Request per MFRs	Revised Request	Staff Recommended
701	Salaries & Wages-Employees	\$155,996	\$194,000	\$179,360

Source: Utility's MFRs and responses to staff data request

Amortization of Last Stand Legal Fees

The Utility included a pro forma increase to miscellaneous expense of \$103,917 for the amortization of legal fees the Utility incurred to defend an action filed by Last Stand, an environmental group with no affiliation to the Utility's customers. Last Stand's filing opposed the Utility's application for a major modification of its operating permit with the Florida Department of Environmental Protection (DEP). This modification, which is addressed in Issue 16, is needed to expand the current treatment facility in order to meet growing demands and includes the installation of two new shallow injection wells to accommodate the increased effluent volume. Pursuant to Rule 62-4.030, F.A.C., DEP may only issue a permit after it receives reasonable assurance that the installation will not cause pollution in violation of any of the provisions of Chapter 403, F.S., or the rules promulgated thereunder.

Last Stand contended that no such reasonable assurance was provided and stated that the goal of the litigation is to compel DEP to prevent discharge through shallow injection wells. Last Stand filed its petition with the intent to compel denial of the permit or its reissuance with the requirement that K W Resort install a deep injection well. Based on the Utility's calculations, the cost of the deep well would cost in excess of \$7,000,000, potentially up to \$9,000,000, raising the total cost of the plant expansion to \$11.1 - \$13.1 million. The Utility contends that it has vigorously defended the action to ensure the ratepayers obtain wastewater services at a reasonable rate.

The Utility requested to defer and amortize \$519,585 of legal fees over the 5-year life of the permit and includes the associated amortization of \$103,917 ($\$519,585 / 5$) in miscellaneous expense. At the time of the Utility's initial filing, the Utility was waiting for the DOAH Administrative Law Judge (ALJ) to render a decision regarding the challenge to the Utility's

operating permit modification, along with motions for attorney's fees filed by both parties. The ALJ filed her Recommended Order on January 16, 2016, and recommended that the Utility's permit be issued. Although the ALJ denied the Utility's motion for attorney's fees based on the argument that the challenge was brought for an improper purpose, she did award the Utility attorney's fees, in the amount of \$900, associated with the Last Stand's motion to compel.

The parties have a right to file exceptions to the Recommended Order with DEP within 15 days of the order being issued. As of the filing of this recommendation, Last Stand has filed a motion requesting additional time to file an exception. DEP has 90 days from the date that it receives the Recommended Order to issue a Final Order. After the Final Order is issued and docketed with the agency clerk, both parties have 30 days to appeal. There is no automatic stay of the Final Order unless a party requests it and the agency or the court grants the stay. The request for a stay does not toll the time for appeal. There is no provision for reconsideration of the Final Order. The appeal can take several months, and the parties may request or waive oral argument. In addition, there is no time limit for the District Court to issue an opinion. It may reverse the Final Order, affirm the Final Order, or remand the case back to the agency for further proceedings.

Accounting Standards Codification (ASC) No. 980-340-35-1 states that the rate actions of a regulator can provide reasonable assurance of the existence of an asset if it is probable that future revenue will result from inclusion of that cost in allowable costs for ratemaking purposes and, based on available evidence, the future revenue will be provided to permit recovery of the previously incurred cost rather than to provide for expected level of similar future costs. Staff believes that the legal fees incurred by the Utility were justified given the potential rate impact of being forced to drill a deep injection well. Based on the ALJ's Recommended Order and stated motive of Last Stand, staff does not believe that there was negligence on behalf of the Utility that precipitated the ensuing administrative hearing.

As addressed in Issue 2, the Utility agreed to a reduction of \$8,430 to the amortized expense based on staff's audited amount of actual legal fees. In response to staff's data requests, the Utility has updated the amount of legal/engineering fees for the permitting defense and provided an estimate to completion. The additional fees result in an increase of \$7,605 and the estimate to completion is \$31,228. The Utility originally provided audit staff with invoices to support the actual legal fees, as of the audit, under confidentiality. However, upon staff's subsequent requests, the Utility has refused to provide any invoices to support the additional legal fees, citing attorney-client privilege. As such, staff does not recommend including, at this time, any additional legal fees that were not audited by staff and, thus, recommends no change to the annual amortization of legal fees in the amount of \$95,487 (\$103,917 - \$8,430), as recommended in Issue 2

As addressed in Issue 16, the Utility will submit actual construction costs for the pro forma plant items within 60 days of the in-service date. At such time, the Utility may also submit additional invoices to support any additional legal fees that it would like recognized as a deferred asset. This opportunity also allows staff to include an adjustment for the final judgement regarding the awarding of attorney's fees. Regardless of whether or not the litigation is complete, it will be the Utility's burden to support its expense with actual documentation.

Conclusion

Based on the adjustments above, staff recommends that pro forma O&M expense be decreased by \$10,028. A corresponding adjustment should be made to increase pro forma payroll taxes by \$1,875.

Issue 12: Should K W Resort's test year expenses be adjusted for management fees charged by Green Fairways?

Recommendation: Yes. Contractual services-management expense should be decreased by \$60,000. (Norris)

Staff Analysis: In its MFRs, the Utility recorded contractual services-management expense of \$60,000 in the test year for management services provided by Green Fairways, Inc. Green Fairways is owned and operated by the Utility's majority shareholder, Mr. William Smith. In its last case, the Green Fairways management fees were reduced from \$60,000 to \$30,000 based on the Utility's inability to provide specific support documentation relating to the actual amount of time Mr. Smith spent managing K W Resort.

Since the last case, the Utility has replaced contractual services with full-time employees including a President and Managers that supervise plant operations and maintenance. In the instant case, the Utility did not document the actual amount of time Green Fairways spent managing the Utility. Mr. Smith estimated that he spends approximately 25 percent of his time on Utility matters, a reduction from the 30 percent he estimated in the last rate case. Although his estimated management contribution has decreased, the Utility sought to justify the additional \$30,000 by explaining that it was below the benchmark when compared to the increase in number of customers and inflation.

Staff finds that the majority of the management duties provided by Green Fairways are duplicative of the in-house officers and management the Utility has hired since its last rate case. These duties include: financial planning, and reviewing the treatment of customers, employees, and vendors. These employees also review the overall wastewater operations, plan for plant expansion, and deal with Commission rate and complaint matters. In its response to staff's second data request, the Utility provided the following description of the management services provided by Green Fairways: "Green Fairways supervises Mr. Johnson (the President) and is responsible for financing all debt obligations insuring the shareholder investment is secure and ensuring that any guarantees are paid in full by the Utility."

The Utility further explained that Mr. Smith has personally guaranteed loans to K W Resort due to the Utility not having income or credit sufficient to obtain such loans. The Utility contends that its ability to properly operate is dependent on a third party guarantee, such as Mr. Smith, and that his management fees are reasonable compared to those charged by most lenders. K W Resort also explained that WS Utilities, as the sole shareholder and largest creditor, requires outside management to review K W Resort's operations and to ensure that all debts are properly paid and that no security is jeopardized or personal guaranty put at risk. Based on the information provided, staff believes that Green Fairways provides services that primarily benefit Mr. Smith as a shareholder. Additionally, it does not provide true, independent third party oversight when the services are being provided by two related party individuals, Mr. Smith and his daughter, Leslie Johnson, who is also the wife of the Utility's President (Mr. Johnson). As such, staff does not believe this expense is necessary for the provision of regulated utility service. Thus, contractual services-management expense should be decreased by \$60,000.

Issue 13: Should further adjustments be made to the Utility's O&M expense?

Recommendation: Yes. The O&M expense for the test year should be decreased by \$13,003. (Norris)

Staff Analysis: Based on its review of test year O&M expense, staff recommends several adjustments to the Utility's O&M expense as summarized below.

Salaries & Wages

K W Resorts recorded total test year salaries and wages of \$590,900 for employees and officers. Since its last case, the Utility has replaced contractual services with full-time employees. In an effort to examine the reasonableness of the Utility's salary levels, staff used multiple resources to examine the reasonableness of individual positions, including the American Water Works Association's (AWWA) 2012 Compensation Survey.⁹ Only two positions fell above the maximum range in staff's comparison. However, due to turnover in multiple positions and an additional position added in the test year, an annualization adjustment for multiple positions would have offset any adjustment staff would have made to reduce the salaries of the two positions that exceeded the maximum range. As such, staff is recommending no further adjustments to salaries and wages expense.

Contractual Services-Engineering

In its MFRs, K W Resort reflected an expense of \$9,132 for contractual services-engineering expense in the test year. This amount included a test year adjustment to increase the expense by \$2,805 to reclassify erroneously coded expenses. As addressed in Issue 10, the Utility agreed to the removal and reclassification of the \$2,805 adjustment to a deferred asset account. During its analysis of the Utility's pro forma plant project, staff noticed a 2014 Weiler Engineering invoice with a written correction to the breakdown of expenses between the pro forma expansion and regular engineering services provided to the Utility. The Utility failed to reflect this adjustment to contractual services-engineering expense in the test year. Therefore, staff recommends that contractual services-engineering expense be decreased by \$653.

Contractual Services-Accounting

In its MFRs, K W Resort reflected an expense of \$25,762 for contractual services-accounting in the test year. This amount included two test year adjustments to increase the expense by \$12,350 for additional accounting services and \$1,862 to reclassify erroneously coded expenses. As addressed in Issue 10, the Utility agreed to the removal and reclassification of the \$1,862 adjustment to a deferred asset account.

In its response to staff's first data request, the Utility stated that the \$12,350 adjustment was based on an additional hour of bookkeeping for 49.5 weeks at an hourly rate of \$250 an hour due to the increase in transactions related to accounts payable, cash disbursements, and customer service. The \$250 is based on the hourly rate charged by the Utility's accountant, Mr. Jeffrey Allen CPA, for additional work not included in his monthly service fee. For a fixed rate of \$525 a month, Mr. Allen provides the following services: reviews the general ledger, reconciles bank

⁹ Staff applied an index factor of 1.06 percent, calculated using Commission-approved indices from 2012-2016, to the 2012 AWWA salaries for comparison purposes.

statements and accounts receivables, reclassifies cash receipts, and prepares semi-annual regulatory assessment fee (RAF) reports. The Utility did not specify its basis for using 49.5 weeks.

Since it was classified as a test year adjustment, staff initially examined the accounting expense during the test year to verify that the adjustment was annualizing changes which occurred during the test year. Only one invoice in the test year, dated December 31, 2014, reflected additional accounting work associated with the Utility's monthly operations. An additional 3.5 hours were billed in December 2014 for entering accounting data in September through November of 2014. Additionally, the Utility's response to staff's first data request indicated that the increase in the expense for December 2014 was due to Mr. Allen performing fourth quarter accounting work in place of the Utility's in-house accountant who resigned with no immediate replacement. As discussed in Issue 12, this position was filled in 2015. Thus, the additional work performed in the test year does not warrant an adjustment to increase this expense on a going forward basis.

Although the increase did not merit a test year adjustment, staff additionally considered the adjustment as a pro forma expense given the Utility's justification of growth associated with its expansion. However, in response to staff's second data request the Utility stated that the increase in flows is not going to increase the prospective amount of transactions relative to the amount of flows received. Instead it cited justification of additional accounting services related to non-recurring situations such as post-rate case adjustments, special projects, and restatements made prior to this rate case. Therefore staff believes that contractual services-accounting expense should be decreased by \$12,350.

Conclusion

Based on the above, staff recommends that O&M expense be decreased by \$13,003 (\$653 + \$12,350).

Issue 14: What is the appropriate amount of rate case expense?

Recommendation: The appropriate amount of rate case expense is \$152,021. This expense should be recovered over four years for an annual expense of \$38,005. Therefore, annual rate case expense should be increased by \$6,805 from the respective levels of expense included in the MFRs. (Frank, Norris)

Staff Analysis: In its MFRs, K W Resort requested \$124,800 for current rate case expense. Staff requested an update of the actual rate case expense incurred, with supporting documentation, as well as the estimated amount to complete the case. On January 19, 2016, the Utility submitted its last revised estimate of rate case expense, through completion of the PAA process, which totaled \$199,557. A breakdown of the Utility's requested rate case expense is as follows:

**Table 14-1
 K W Resort's Initial and Revised Rate Case Expense Request**

	MFR B-10 Estimated	Actual	Additional Estimated	Revised Total
Legal Fees				
Friedman & Friedman, PA	\$59,300	\$31,673	\$9,930	\$41,603
Smith, Oropeza, & Hawks, PL	0	22,134	2,118	24,252
Accounting Fees				
Milian, Swain, & Associates	48,000	99,808	4,550	104,358
Jeffery Allen,	0	4,375	3,000	7,375

Travel	0	480	520	1,000
Total	\$124,800	\$173,981	\$25,576	\$199,557

Source: MFR Schedule B-10 and Utility responses to staff data requests

Pursuant to Section 367.081(7), F.S., the Commission shall determine the reasonableness of rate case expense and shall disallow all rate case expense determined to be unreasonable. Staff has examined the requested actual expenses, supporting documentation, and estimated expenses as listed above for the current rate case. Based on its review, staff believes the following adjustments to K W Resort's requested rate case expense are appropriate.

Friedman & Friedman, P.A. (F&F)

The first adjustment to rate case expense relates to K W Resort's legal fees. In its MFRs, the Utility included \$59,300 in legal fees to complete the rate case. The Utility provided documentation detailing this expense through January 10, 2016. The actual fees and costs totaled \$31,673 with an estimated \$9,930 to complete the rate case, totaling \$41,603.

F&F's actual expenses included the \$4,500 filing fee. However, the Utility also included \$4,500 in its MFR Schedule B-10, under "Public Service Commission – Filing Fee." Staff has left the filing fee under the filing fee line item and has removed the entry from legal fees to avoid double recovery of this fee.

According to invoices, the law firm of F&F identified and billed the Utility \$1,188 related to the correction of MFR deficiencies. The Commission has previously disallowed rate case expense associated with correcting MFR deficiencies because of duplicate filing costs.¹⁰ Consequently, staff recommends an adjustment to reduce F&F's actual legal fees by \$1,188.

F&F's estimate to complete the rate case includes fees for 24.5 hours at \$360/hr. and additional costs for photocopies and attending the Agenda Conference, totaling \$555. Staff believes the full amount of the estimate to complete, \$9,375, is reasonable. Accordingly, staff recommends that legal fees from F&F should be reduced by \$5,688 (\$4,500 + \$1,188).

Smith, Oropeza, Hawks PL (SOH)

The second adjustment to rate case expense also relates to K W Resort's legal fees. In its MFRs, the Utility did not include any estimated rate case expense associated with SOH. However, the Utility subsequently provided documentation detailing expenses for two of SOH's attorneys, Bart Smith and Chris Oropeza, through December 16, 2015. The actual fees and costs totaled \$22,134 with an estimated \$2,118 to complete the rate case, totaling \$24,252.

According to the Utility's response to the third data request, Mr. Smith's firm has represented the Utility for over five years and has in-depth familiarity with the on-going operations and legal issues of the Utility. Mr. Smith has provided his legal assistance to K W Resort in regards to inquires into the Last Stand litigation. Also, Mr. Smith assisted K W Resort in meeting with Monroe County staff to address concerns and present information as to the purpose of the rate case. In order to ensure the lowest cost for legal representation, K W Resort has utilized local counsel for these matters. Staff believes Mr. Smith's hours associated with assisting in responding to data requests involving the Last Stand Litigation and coordinating with Monroe County to address any concerns pertaining to the current rate case are reasonable. However, staff believes that any additional hours associated with processing this case are duplicative of Mr. Friedman's contribution to the rate case. Customers should not pay double the rate case expense for actions such as having two attorneys review a data request or attend a conference call with staff. Additionally, Mr. Smith included hours associated with "researching" different Commission functions such as the PAA process. The Utility has retained counsel, Mr. Friedman,

¹⁰ Order Nos. PSC-05-0624-PAA-WS, issued June 7, 2005, in Docket No. 040450-WS, *In re: Application for rate increase in Martin County by Indiantown Company, Inc.*; and PSC-01-0326-FOF-SU, issued February 6, 2001, in Docket No. 991643-SU, *In re: Application for increase in wastewater rates in Seven Springs System in Pasco County by Aloha Utilities, Inc.*

with many years of experience with the Commission and customers should not pay additional rate case expense, at a higher hourly rate, for another attorney to learn Commission processes.

Adjustments to actual rate case expense should be made for time associated with work duplicative of Mr. Friedman's and related costs. As such, staff believes that \$12,474 (32.4 hrs. x \$385) be removed for Mr. Smith and \$3,325 (13.3 hrs. x \$250/hr.) be removed for Mr. Oropeza. An additional \$570 of cost related to the duplicative work should also be removed.

Additionally, staff recommends an adjustment to the estimated cost to complete this case. SOH's estimate to completion included fees of 5.5 hours at \$385/hr. totaling \$2,118. Staff believes the reported 2.5 hours is appropriate for assisting with responses to the third data request as it relates to the Last Stand litigation. However, staff believes that estimated cost for review of staff recommendation and PAA Order is duplicative of the work of F&F. Accordingly, staff recommends that three hours, or \$1,115 (\$385/hr. x 3hrs.), be removed from estimated rate case expense. In total, staff recommends that legal fees and costs for SOH be reduced by \$16,907 (\$14,989 + \$233 + \$570 + \$1,115) to reflect these adjustments.

Milian, Swain & Associates (MS&A)

The third adjustment relates to MS&A's actual and estimated accounting fees of \$104,358, which was comprised of \$99,808 in actual costs and \$4,550 in estimated fees to complete the rate case as of January 4, 2016.

In regard to MS&A's actual expenses, staff reviewed the supporting documentation and identified 49.25 hours related to correcting deficiencies. As stated previously, the Commission has previously disallowed rate case expense associated with correcting MFR deficiencies because of duplicate filing costs. As such, staff recommends that \$3,113 (20.75 hrs. x \$150/hr.) should be removed for C. Yapp and \$5,700 (28.5 hr. x \$200/hr.) be removed for D. Swain. Accordingly, staff recommends that MS&A's actual accounting consultant fees be reduced by \$8,813 (\$3,113 + \$5,700).

MS&A estimates that a total of 26 hours are needed to complete the case. According to MS&A's summary, the consultant estimated the following:

**Table 14-2
 MS&A's Estimated Hours to Complete Case**

Est. Hours	Activity
10	Provide support to client – Responses to staff's data requests, including updates to rate case expense.
8	Review staff recommendations, testing recommended revenue requirements and resulting rates, including suppression calculations, and discuss with client.
8	Review PAA Order, testing final approved revenue requirements and resulting final rates, including suppression calculations, and discuss with client.
26	Total

Source: Utility's response to staff's third data request

MS&A included an additional 26 hours to complete the case from the filing of staff's recommendation to the completion of the PAA process. This consultant has worked with other Class A systems on numerous dockets before this Commission through the years. The consultant's familiarity with Class A utilities and this Commission led staff to believe that the request for eight hours to review staff's recommendation and eight hours to review the Commission's PAA order is excessive and unreasonable. Absent additional support, staff believes that a total of 9.5 hours is an ample amount of time to review staff's recommendation and the Commission's PAA Order. Accordingly, staff recommends 6.5 hours (3.25 hours for C. Yapp and 3.25 hours for D. Swain) be removed from estimated rate case expense.

In summary, staff recommends reducing estimated hours to complete from 26 to 19.5. As such, staff believes that \$488 (3.25 hrs. x \$150/hr.) should be removed for C. Yapp and \$650 (3.25 hrs. x \$200/hr.) be removed for D. Swain. Accordingly, staff recommends that accounting consultant fees be reduced by \$1,138 (\$488 + \$650).

Jeffery Allen, PA

In its MFRs, the Utility did not include any estimated rate case expense associated with accounting services provided by Jeffery Allen, PA. However, the Utility subsequently provided documentation detailing the accounting services he provided, such as assisting with MFR preparation. The actual fees and costs for Mr. Allen's services totaled \$4,375 with an additional \$3,000 estimated to complete the rate case. The Utility provided invoices through July 31, 2015 to support the expense.

However, the descriptions of work performed on his invoices were vague in relation to the rate case, and staff requested further clarification. According to the Utility's response to staff's third data request, Mr. Allen's work performed in the months of February, March, and July was associated with the restatement of prior year's annual reports. As such, staff believes that 16.5 hours at \$250 an hour, for a total of \$4,125 should be removed as expense unrelated to the rate case.

Additionally, staff recommends an adjustment to the estimated cost to complete this case. Mr. Allen's estimate to complete included fees for 12 hours at \$250/hr. Staff has yet to receive any

additional invoices from Mr. Allen detailing any work performed on data requests or any rate case matter since assisting in MFR preparation. As such, staff believes 12 hours estimated for data request responses is unsupported. Furthermore, staff believes the work performed when responding to data requests is duplicative of MS&A. Accordingly, staff recommends that 12 hours, or \$3,000 (\$250 x 12 hrs.), be removed from estimated rate case expense. In total, staff recommends that Mr. Allen's fees should be reduced by \$7,125 (\$4,125 + \$3,000) to reflect these adjustments.

Engineering Consultant Fees – M&R Consultants

The Utility included \$8,000 in its MFRs for M&R Consultants to provide consulting services for engineering-related schedules and responses to staff's data requests. The Utility provided support documentation detailing the actual expense through November 30, 2015. The actual fees and costs totaled \$7,533 with an additional \$1,500 estimated to complete the rate case. Staff believes the full amount of the estimate to complete, \$1,500, for assisting with data requests and preparation for the Agenda Conference is reasonable. Therefore, staff recommends no adjustment.

Weiler Engineering Corp.

In its MFRs, the Utility did not include any estimated rate case expense associated with Weiler Engineering Corp. However, the Utility subsequently provided documentation detailing this expense through August 31, 2015. The actual fees and costs totaled \$1,486, for work associated with MFRs and the first data request, with an estimated \$950 to complete the rate case, totaling \$2,436. Staff believes that since there were no invoices provided subsequent to the first data request, the Utility's estimate of \$950 to complete the rate case is excessive and unreasonable. Accordingly, staff recommends that five hours or a total of \$950 (\$190 x 5 hrs.) be removed for estimated rate case expense.

Filing Fee

The Utility included \$4,500 in its MFR Schedule B-10 for the filing fee. According to documentation provided by F&F, the filing fee of \$4,500 was paid as part of the legal fees. Since the amount is already included in the line item for filing fee, staff removed \$4,500 from F&F's legal fees to avoid double recovery of this fee.

Customer Notices, Printing, and Shipping

In its MFRs, K W Resort included estimated costs of \$5,000 for printing and shipping. The Utility is responsible for sending out three notices: the initial notice, customer meeting notice, and notice of the final rate increase. The Commission has historically approved recovery of noticing and postage, despite the lack of support documentation, based on a standard methodology to estimate the total expense using the number of customers and the estimated per unit cost of envelopes, copies, and postage.¹¹ However, the Utility provided the support documentation needed to verify the actual costs associated with two notices. According to the invoices, costs for the initial notice and customer meeting notice totaled \$1,476. The Utility did

¹¹ Order No. PSC-14-0025-PAA-WS issued January 10, 2014, in Docket No. 120209-WS, *In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.*

not provide an update for estimate to completion. Based on the total cost for the first two notices, staff believes a reasonable estimate for the final notice is \$738 (\$1,476 / 2).

K W Resort also provided two Fed Ex invoices totaling \$194, and an Office Max receipt totaling \$322. Staff reviewed the invoices and believes these costs are reasonable. As such staff recommends actual and estimated rate case expense related to customer notices, printing, and shipping to be \$2,730 (\$1,476 + \$738 + \$194 + \$322). Accordingly, staff recommends that a total of \$2,270 (\$5,000 - \$2,730) be removed for estimated rate case expense.

Travel

In its MFRs, the Utility did not include any estimated rate case expense associated with travel. However, the Utility subsequently provided documentation detailing this expense through December 11, 2015. The actual fees and costs totaled \$480 with an additional \$520 estimated to complete the rate case. According to an invoice provided, Mr. Johnson booked air travel from Key West to Tallahassee in the amount of \$480 in order to attend the Agenda Conference. The Utility estimates an additional \$520 in travel which includes costs for a hotel reservation, transportation to and from the airport, and meals. Staff believes the actual and estimated cost for travel is reasonable and therefore recommends no adjustment

Conclusion

Based upon the adjustments discussed above, staff recommends that K W Resort’s revised rate case expense of \$199,557 be decreased by \$47,536, or an increase of \$27,221 based on K W Resort’s original request, to reflect staff’s adjustments, for a total of \$152,021. A breakdown of staff’s recommended rate case expense is as follows:

**Table 14-3
 Staff Recommended Rate Case Expense**

Description	MFR Estimated	Utility Revised Act.& Est.	Staff Adjustment	Recom. Total
Legal Fees	\$59,300	\$65,855	(\$21,824)	\$37,476
Accounting Consultant Fees	48,000	111,733	47,796	95,796
Engineering Consultant Fees	8,000	11,469	2,519	10,519
Filing Fee	4,500	4,500	0	4,500
Customer Notices, Printing, and Shipping	5,000	5,000	(2,270)	2,730
Travel	0	1,000	1,000	1,000
Total	\$124,800	\$199,557	\$27,221	\$152,021

Source: MFR Schedule B-10 and responses to staff data requests

In its MFRs, the Utility requested total rate case expense of \$124,800. When amortized over four years, this represents an annual expense of \$31,200. The recommended total rate case expense of \$152,021 should be amortized over four years, pursuant to Section 367.081(6), F.S. This

represents an annual expense of \$38,005. Based on the above, staff recommends that annual rate case expense be increased by \$6,805 (\$38,005 - \$31,200).

Issue 15: What is the appropriate Phase I revenue requirement for the test year ended December 31, 2014?

Recommendation: Staff recommends the following revenue requirement be approved.

Test Year Revenue	\$ Increase	Revenue Requirement	% Increase
\$1,554,861	\$683,185	\$2,238,046	43.94%

(Norris)

Staff Analysis: In its filing, K W Resort requested a revenue requirement to generate annual revenue of \$2,931,759. This requested revenue requirement represents a revenue increase of \$1,438,382, or approximately 96.32 percent.

Consistent with staff's recommendations concerning rate base, cost of capital, and operating income issues, staff recommends approval of rates designed to generate a revenue requirement of \$2,238,046. Staff's recommended revenue requirement of \$2,238,046 is \$683,185 greater than staff's adjusted test year revenue of \$1,554,861 or an increase of 43.94 percent. Staff's recommended pre-repression revenue requirement will allow the Utility the opportunity to recover its expenses and earn a 4.98 percent return on its investment in rate base.

Issue 16: Should the Commission approve a Phase II increase for pro forma items for K W Resort?

Recommendation: Yes. The Commission should approve a Phase II revenue requirement associated with pro forma items. The Utility's Phase II revenue requirement is \$2,485,904 which equates to an 11.07 percent increase over the Phase I revenue requirement.

Implementation of the Phase II rates is conditioned upon K W Resort completing the pro forma items within 12 months of the issuance of the Final Order. The Utility should be allowed to implement the rates recommended on Schedule No. 8 once all pro forma items have been completed and the DEP has issued its approval for the expansion project to go into service. Once verified by staff, the rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. The rates should not be implemented until notice has been received by the customers. K W Resort should provide proof of the date notice was given within 10 days of the date of the notice. If the Utility encounters any unforeseen events that will impede the completion of the pro forma plant items, the Utility should immediately notify the Commission, in writing, in advance of the deadline, so as to allow the Commission ample time to consider an extension.

Further, staff recommends that the Utility be required to submit a copy of the final invoices and support documentation for the pro forma plant items within 60 days of the in-service date. In addition, the Utility should submit documentation of all CIAC that has been collected since the test year. If the actual costs are greater than the recommended Phase II amounts, the Utility should be afforded the opportunity to request an additional increase, in writing, which the Commission should consider. If the actual costs are less than the recommended amounts, staff will file a subsequent recommendation to address the appropriate action to be undertaken. (Norris, Hill)

Staff Analysis: As discussed in Issue 3, K W Resort included \$3,574,468 for wastewater pro forma plant additions in its original filing. While staff believes K W Resort has provided reasonable documentation and justification for these projects, staff made adjustments to reflect the differences between what was provided in the MFRs, the estimated bids for the pro forma projects, and actual invoices received.

Phase II Rate Base

Pro Forma Plant-WWTP Capacity Expansion

In 2013, the maximum 3-month average daily flow was at 91 percent of the 0.499 million gallons per day (MGD) permitted capacity. When 3-month average daily flow will equal or exceed permitted capacity within the next six months, the Utility is required to submit an application to DEP for a construction operating permit to expand. In April 2014, K W Resort submitted an application to DEP to increase the processing capacity of the WWTP by .350 MGD based on known flows through 2013. In June 2014, the DEP issued an "Intent to Issue" a construction permit. By October 2014, the actual 3-month average daily flow had reached 102 percent of the permitted capacity. Staff has reviewed three bids for this project and has estimated the project cost to be \$3,489,234 for the treatment plant and \$85,234 for the collection system. The table below illustrates these estimates.

Table 16-1
Pro Forma Wastewater Plant Adjustments

Project	MFR Amount	Revised Amount
Expansion WWTP	\$3,489,234	\$3,396,479
Expansion Collection System	\$85,234	\$85,494
Total	\$3,574,468	\$3,481,973

Source: Utility MFRs and Utility responses to staff data requests

Staff believes a two-phased rate increase is the most appropriate approach to include the Utility's pro forma plant expansion project for a number of reasons. The majority of the project has not been completed and will not be completed for nearly a year. Given the financial magnitude of the pro forma plant project and its impact on rates, staff believes it is unreasonable to include the project until it is placed in-service. However, staff is recommending recognition of the Utility's expenditures on the plant expansion through 2015 in Construction Work in Progress (CWIP), as addressed in Issue 2.

Additionally, although the Utility's latest timeline estimates that the project will be completed by December 2016, this timeline does not take into account the possibility of an extended challenge to its operating permit that could potentially delay the construction of the two shallow injection wells. As discussed in Issue 11, there is no automatic stay of the Final Order unless a party requests it and the agency or the court grants the stay. Thus, the Utility could conceivably proceed with the installation of the two shallow injection wells even in the event of an appeal. However, the possibility remains that the Final Order could be reversed or the case remanded back to DOAH for additional proceedings that could compel the Utility to pursue a modified plan. If that event were to occur after or during the installation of the shallow injection wells, the Utility could potentially face a situation in which it has to make additional plant expenditures that are duplicative of those requested in the instant docket. Although the Utility believes that the probability of a successful appeal from Last Stand is low, staff believes that its recommendation should rely on the finality of the proceedings and not on probability. As such, staff's recommendation of a two-phased increase also takes into consideration the anticipated conclusion of the proceedings.

Staff recognizes that two-phased rate increases for water and wastewater utilities have been traditionally applied by the Commission in staff-assisted rate cases. However, given the unique circumstances of the instant case, staff believes a two-phased rate increase is appropriate in this instance to balance the interests of both the Utility and its customers. As such, staff recommends that pro forma plant be increased by \$3,489,234 and CWIP be decreased by \$303,999 in Phase II. Corresponding adjustments should be made to increase accumulated depreciation by \$191,289. Depreciation expense should also be increased by \$191,289. Additionally, pro forma property taxes should be increased by \$31,875.

As mentioned in the Case Background, Monroe County, one of the Utility's largest customers, has actively monitored the case as an interested party. On February 5, 2016, a representative for the County provided staff with two letters from K W Resort to two existing customers regarding the reassessment and attempted collection of capacity fees after the test year. Based on concerns

regarding the Utility's contribution level, as further addressed in Issue 23, staff believes that the Utility should submit documentation of all CIAC that has been collected since the test year when it submits documentation of pro forma plant. Staff will bring before the Commission any potential issues with CIAC, if necessary.

Used & Useful

As addressed in Issue 4, K W Resort's wastewater treatment plant should be considered 72 percent U&U and the wastewater collection system should be considered 100 percent U&U in Phase II. To reflect the appropriate U&U percentages in Phase II, staff recommends that plant be decreased by \$2,183,032, accumulated depreciation be decreased by \$827,703, CIAC be decreased by \$197,960, and the accumulated amortization of CIAC be decreased by \$86,713. Corresponding adjustments should be made to decrease depreciation expense and amortization expense by \$117,108 and \$10,998, respectively. As such, rate base should be decreased by \$1,244,082 ($-\$2,183,032 + \$827,703 + \$197,960 - \$86,713$) and net depreciation expense should be decreased by \$106,110 ($-\$117,108 + \$10,998$).

Working Capital

Based on the projected timeline to completion, Phase II rates should reflect an additional year of amortization of its deferred Last Stand legal fees. As discussed in Issue 5, staff decreased Phase I working capital by \$95,487 to reflect the first year of amortization. As such, working capital in Phase II should be decreased by an additional \$95,487 to reflect an additional year of amortization. As recommended in Issue 11, additional Last Stand legal expenses could potentially be recognized as an additional deferred asset upon submission of support documentation in Phase II.

Rate Base Summary

The adjustments above increase Phase I rate base by \$1,648,015. Thus, Phase II rate base is \$1,685,725 ($\$37,710 + \$1,648,015$) as shown on Schedule No. 5-A.

Cost of Capital

Staff recommends two additional adjustments to the Utility's capital structure. As addressed in Issue 8, staff believes the Utility's pro forma adjustment to common equity should be reflected in Phase II. As such, staff recommends an increase to the common equity balance of \$3,500,000 in Phase II to reflect the equity provided to fund the WWTP expansion. In addition, staff does not recommend reconciling rate base to capital structure pro rata over all sources of capital as it did in Phase I. The pro forma plant included in Phase II increases rate base substantially. Therefore, it is appropriate for customer deposits to be specifically identified and rate base to be reconciled to the capital structure over investor sources of capital. Based on the Commission leverage formula currently in effect, the appropriate ROE is 9.36 percent,¹² with a range of plus or minus 100 basis points. The resulting overall cost of capital is 7.64 percent as shown on Schedule No. 6.

¹² Order No. PSC-15-0259-PAA-WS, issued July 2, 2015, in Docket No. 150006-WS, *In re: Water and Wastewater Industry Annual Reestablishment of Authorized Range of Return on Common Equity for Water and Wastewater Utilities Pursuant to Section 367.081(4) (f), Florida Statutes.*

Operating Expenses

Phase II operating expenses are \$2,357,038 (\$2,236,168 + \$109,717) as shown on Schedule No. 7-A. This amount reflects an additional \$85,179 in depreciation expense and an additional \$35,691 in taxes other than income associated with the pro forma plant additions.

Conclusion

The Utility's Phase II revenue requirement is \$2,485,904 which equates to an 11.07 percent increase over the recommended Phase I revenue requirement. Phase II rate base and rate base adjustments are shown on Schedule Nos. 5-A and 5-B. The capital structure for Phase II is shown on Schedule No. 6. The NOI and NOI adjustments are shown on Schedule Nos. 7-A and 7-B. The resulting rates are shown on Schedule No. 8.

Implementation of the Phase II rates is conditioned upon K W Resort completing the pro forma items within 12 months of the issuance of the Final Order. The Utility should be allowed to implement the rates recommended on Schedule No. 8 once all pro forma items have been completed and the DEP has issued its approval for the expansion project to go into service. Once verified by staff, the rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. The rates should not be implemented until notice has been received by the customers. K W Resort should provide proof of the date notice was given within 10 days of the date of the notice. If the Utility encounters any unforeseen events that will impede the completion of the pro forma plant items, the Utility should immediately notify the Commission, in writing, in advance of the deadline, so as to allow the Commission ample time to consider an extension.

Further, staff recommends that the Utility be required to submit a copy of the final invoices and support documentation for the pro forma plant items within 60 days of the in-service date. In addition, the Utility should submit documentation of all CIAC that has been collected since the test year. If the actual costs are greater than the recommended Phase II amounts, the Utility should be afforded the opportunity to request an additional increase, in writing, which the Commission should consider. If the actual costs are less than the recommended amounts, staff will file a subsequent recommendation to lower the Phase II rates for the incremental decrease.

Issue 17: What are the appropriate rate structures and rates for K W Resort's wastewater system?

Recommendation: The recommended rate structures and monthly wastewater rates are shown on Schedule No. 4. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates and discontinuance of reading customer meters. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice. (Thompson)

Staff Analysis: K W Resort provides wastewater service to approximately 1,604 residential customers and 457 general service customers, including multifamily customers and marinas. The Florida Keys Aqueduct Authority (FKAA) provides water service to the Utility's customers and gives the Utility the water billing data on a monthly basis. The Utility's tariff contains rates for residential and general service customers, as well as separate rates for marinas, pool facilities, private lift station owners, and temporary service for dewatering sludge loads. The current rate structure and rates have been developed as a result of a prior complaint docket,¹³ several requests for a new class of service,¹⁴ as well as the last rate case.¹⁵

According to the Utility's MFRs and billing data, the Utility's billing practice for several general service customers is inconsistent with its approved tariff. Staff will address whether the Utility should be ordered to show cause why it should not be fined for charging rates that are inconsistent with its tariff in a subsequent proceeding. Some examples are noted below:

- Safe Harbor Marina is billed a negotiated rate, rather than the approved bulk flat rate.
- Sunset Marina is billed base facility charges (BFCs) based on an 8" and a 2" meter, the Utility's approved gallonage charge based on water demand, the approved charge for two pools, as well as an additional 64 BFCs based on the number of units behind the meter.
- Marinas with 2" meters are billed based on an approved bulk flat rate that includes BFCs for a 2" meter and six residential units, as well as a gallonage charge that was erroneously

¹³Order No. PSC-02-1165-PAA-SU, issued August 26, 2002, in Docket No. 020520-SU, *In re: Complaint by Safe Harbor Marina against K W Resort Utilities Corp. and request for new class of service for bulk wastewater rate in Monroe County.*

¹⁴Order Nos. PSC-95-0335-FOF-SU, issued March 10, 1995, in Docket No. 941323-SU, *In re: Request for approval of a new class of service in Monroe County by K W Resort Utilities Corporation*; PSC-99-0489-FOF-SU, issued March 8, 1999, in Docket No. 970229-SU, *In re: Application for limited proceeding increase in reuse water rates in Monroe County by K W Resort Utilities Corp.*; PSC-02-1711-TRF-SU, issued December 9, 2002, in Docket No. 021008-SU, *In re: Request for approval of two new classes of bulk wastewater rates in Monroe County by K W Resort Utilities Corp.*; and PSC-05-0955-TRF-SU, issued October 7, 2005, in Docket No. 050474-SU, *In re: Request for approval of new class of bulk wastewater rates in Monroe County by K W Resort Utilities Corp.*

¹⁵Order No. PSC-09-0057-FOF-SU, issued January 27, 2009, in Docket No. 070293-SU, *In re: Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.*

- added to the bulk rate tariff as a result of an administrative approval of a 2011 price index.
- One general service customer with a 6" meter is billed the BFC for a 5/8"x3/4" meter for each of the 103 units.
 - Another general service customer with a 5/8"x3/4" meter is billed the BFC for a 5/8"x3/4" meter for 49 units.

According to the Utility, several general service customers have installed their own meter behind the FKAA meter so that their wastewater bill would be based on only the water that returns to the wastewater system (excluding water used for washing boats, etc.). At the customer's request, the Utility has been reading the customer-owned meters instead of using the FKAA data. However, K W Resort expressed concern about whether the customer-owned meters are properly calibrated. In other instances, K W Resort reads customer-owned meters and deducts that reading from the FKAA meter reading to address the issue of water use that is not returned to the wastewater system.

On February 10, 2016, pursuant to an informal request by staff, the Utility provided a revised Schedule E-2 and supporting documentation, including a list of general service customers and details regarding how each customer was billed during the test year. The analysis also contains further adjustments to the billing determinants in Schedule E-2 to reflect the billing determinants based on customer meter size.

The following is a description of each of the Utility's currently approved rate structures.

Residential Service and General Service Rate Structures

Prior to the Utility's last rate case, the Utility charged its residential customers a flat rate. However, in the last rate case, the Commission approved a residential rate structure that is typical of most wastewater utilities, including a BFC, regardless of meter size, and a gallonage charge based on water demand with a 10,000 gallon per month cap. According to the prior order, water use information was previously not available from the FKAA; however, in the last rate case, the Utility indicated that the data would be available on a going-forward basis.¹⁶

The Utility's general service rate structure includes a BFC based on the size of the customer's water meter and a gallonage charge based on water demand. The gallonage charge is 20 percent higher than the residential gallonage charge to reflect that the majority of the general service water is returned to the wastewater system.

Flat Bulk Rate Structure for Marinas and Pools

In the Utility's last rate case, the Commission approved flat bulk rates for Safe Harbor Marina and South Stock Island Marina based on the estimated number of equivalent residential connections (ERCs) for each marina. For example, residential units were considered one ERC, live aboard boats were considered .6 ERCs, etc. The rates had previously been set as a result of a

¹⁶ Order No. PSC-09-0057-FOF-SU

complaint by Safe Harbor and the Utility's request for a new class of service,¹⁷ and the Utility's request for a new class of service for South Stock Island.¹⁸ The Safe Harbor order noted that the Utility was charging the marina a flat rate for the unmetered bar and restaurant that had not been approved by the Commission and noted staff's belief that K W Resort was billing discriminatory rates to Safe Harbor. The bulk rates for the marinas reflect a discount because the marinas own and maintain their lift stations.

It should be noted that the Utility also has an approved tariff for customers who own and maintain their own lift station; but those rates are consistent with the Utility's approved general service rates and do not include a discount to reflect that the customer owns and maintains the lift station. The Utility does not currently bill any of its customers based on this tariff even though the Utility states there are approximately 20 customers that own and maintain their own lift station.

The Utility's initial MFRs in the current rate case included a flat bulk rate for Safe Harbor Marina that was inconsistent with the Utility's approved tariff. In response to a staff data request, the Utility indicated that subsequent to the Utility's last rate case, the Utility "entered into an agreement with Safe Harbour Marina whereby the Utility would continue to charge the \$1,650.67, not the lower \$947.00" approved in Order No. PSC-09-0057-FOF-SU. According to the Utility, there has been major redevelopment on the property placing greater demand on the system than reflected by the current meter size.

In addition, during a review of the Utility's tariff, staff discovered that as a result of a 2011 price index filing, a gallonage charge was inadvertently added to the Utility's approved tariff for South Stock Island Marina. This gallonage charge had not been approved by the Commission, and was in addition to approved the flat bulk rate. The Utility subsequently began billing South Stock Island Marina the flat bulk rate as well as the gallonage charge that was incorporated in the tariff as a result of the price index.

The Utility also has approved flat rates for swimming pools. A small pool is considered 1.18 ERCs and a large pool, which includes a clubhouse, is 4 ERCs. The flat rates were originally approved in Docket No. 021008-SU, as a result of a request for a new class of service. Following staff's discovery that the Utility was charging an unauthorized charge during its review of the Utility's 2002 Price Index filing. According to the order, the Utility was not ordered to show cause why it should not be fined for failure to apply for a new class of service because (1) the Utility was cooperative in providing the necessary information, (2) the Utility assured the Commission that the revenues were included in the Utility's annual reports and the appropriate Regulatory Assessment Fees were paid, and (3) the Commission found that the Utility thoroughly understood the requirements for applying for a new class of service and the need to not initiate new classes of service without notifying the Commission in a timely manner.

¹⁷Order No. PSC-02-1165-PAA-SU, issued August 26, 2002, in Docket No. 020520-SU, *In re: Complaint by Safe Harbor Marina against K W Resort Utilities Corp. and request for new class of service for bulk wastewater rate in Monroe County.*

¹⁸Order No. PSC-05-0955-TRF-SU, issued October 7, 2005, in Docket No. 050474-SU, *In re: Request for approval of new class of bulk wastewater rates in Monroe County by K W Resort Utilities Corp.*

Temporary Service Agreements for Dewatering Sludge Loads

The Utility also has an approved tariff for temporary service agreements for dewatering sludge loads. The original tariff was approved in Docket No. 021008-SU, as a result of a request for a new class of service. As described above, and the Utility was not previously ordered to show cause why it should not be fined for failure to apply for a new class of service. A septic tank pumping company was collecting sludge from several commercial customers and dewatering the sludge to reduce the amount of waste that had to be transported for further processing. The Utility received and treated the effluent that resulted from the dewatering process. The Utility no longer provides this service; therefore, no revenues were collected during the test year. According to the Utility, the tariff for temporary service agreements for dewatering sludge loads is no longer needed.

Summary

In its MFRs, the Utility's proposed rates reflect the existing rate structure with across-the-board increases for each of the rates. The Utility did not provide any other rate design analysis to justify its proposed rates.

Staff performed an analysis of the Utility's billing data to evaluate various BFC cost recovery percentages and gallonage caps for the residential customers. In addition, staff evaluated whether the Utility's current rate structure and billing practice are just, reasonable, compensatory, and not unfairly discriminatory pursuant to Section 367.081(2), F.S. The goal of the evaluation was to select the rate design parameters that (1) produce the recommended revenue requirement, (2) equitably distribute cost recovery among the Utility's customers, and (3) implement a gallonage cap that considers approximately the amount of water that may return to the wastewater system.

Based on staff's review of the Utility's approved tariff and billing data, as well as prior dockets addressing the Utility's rate structure, staff recommends that the Utility's general service rate structure be redesigned to reflect a rate structure that is consistent with other wastewater utilities regulated by the Commission. While the Utility had difficulty obtaining metered water usage information from FKAA in the past, that information is now available for all of K W Resort's customers. The Utility provided adjusted billing determinants, which reflect residential and general service bills based on meter size and gallons. In addition, staff made an adjustment to reflect the appropriate number of residential gallons at the cap. These adjusted billing determinants should be used to develop final rates. All customers should be billed based on the billing data received from FKAA. The Utility should not be responsible for reading customer-owned meters. If a customer has concerns about meter sizes or deduct meters, the customer's recourse is with the FKAA.

The Commission's standard practice is to allocate at least 50 percent of the wastewater revenue to the BFC due to the capital intensive nature of wastewater plants. Staff recommends that the Utility's rates be designed to recover 50 of its revenue from the BFC. Further, staff recommends that, consistent with the Utility's currently approved rate structure, all residential customers should be billed a BFC regardless of meter size and a gallonage charge based on water demand with a 10,000 gallon cap. All general service customers should be billed based on meter size with

a gallonage charge based on water demand. The general service gallonage charge should be 20 percent higher than the residential gallonage charge to reflect that not all residential water demand is returned to the wastewater system. In addition, the tariff for private lift station owners, including the marinas, should be revised to reflect a BFC based on meter size that is 20 percent less than the applicable general service BFC consistent with prior Commission orders that have recognized a discount for customer-owned lift stations. The tariffs for bulk service for the marinas should be cancelled. Each of the pool facilities is served by a 5/8" x 3/4" water meter; therefore, staff recommends discontinuing the flat rates for pools and requiring the Utility to bill those facilities based on meter size for general service customers consistent with staff's recommendation for the other general service customers. If a customer has multiple meters, the Utility should charge the approved BFC for each meter. The tariff for temporary service agreements for dewatering sludge loads should be cancelled.

In the February 10, 2016 response to staff, the Utility expressed serious concerns about a drastic change in the billing methodology, which could substantially increase rates for certain customers, result in repressed usage, and customers potentially reducing meter sizes. The Utility also believes that such large increases will also increase the number of delinquent and subsequently uncollectible accounts. Given the uncertainty with respect to customer response to the staff recommended rate structure, staff does not believe that a repression adjustment should be included at this time. However, based on staff's analysis of the impact of the change in rate structure, it appears that many general service customers will benefit from the change in rate structure, particularly those customers that were billed based on both meter size and number of units behind the meter.

Staff's recommended rate structure and rates are shown on Schedule No. 4. Staff also presents a percentage increase to existing rates as an alternative in Table 17-1 below. However, it should be noted that this alternative will not eliminate some of the inequities in the current rate structure..

**Table 17-1
 Staff's Recommended and Alternative Wastewater Rate Structures and Rates**

	Current Rates	Staff Recommended Rates	Alternative I Across the Board (47.68%)
Residential Service			
All Meter Sizes	\$17.81	\$39.57	\$26.30
Charge per 1,000 gallons - Residential	\$3.87	\$4.23	\$5.72
10,000 gallon cap			
General Service			
Base Facility Charge by Meter Size			
5/8" x 3/4"	\$17.81	\$39.57	\$26.30
1"	\$44.53	\$98.93	\$65.75
1-1/2"	\$89.05	\$197.85	\$131.50
2"	\$142.47	\$316.56	\$210.40
3"	\$284.95	\$633.12	\$420.80
4"	\$445.24	\$989.25	\$657.50
6"	\$890.49	\$1,978.50	\$1,315.00
8"	\$1,602.86	\$3,165.60	\$2,104.00
8" Turbo	\$2,048.10	\$3,561.30	\$2,367.00
Charge per 1,000 gallons - General Service	\$4.64	\$5.07	\$6.85
General Service - Private Lift Station Owners			
5/8" x 3/4"	\$17.81	\$31.66	\$21.04
1"	\$44.53	\$79.14	\$42.08
1-1/2"	N/A	\$158.28	\$84.16
2"	\$142.47	\$253.25	\$134.66
3"	N/A	\$506.50	\$269.31
4"	N/A	\$791.40	\$420.80
6"	N/A	\$1,582.80	\$841.60
8"	N/A	\$2,532.48	\$1,346.56
Charge per 1,000 gallons - General Service	\$4.64	\$5.07	\$6.85
Bulk Wastewater Rate			
Safe Harbor Marina	\$917.11	N/A	\$1,354.39
South Stock Island Marinas	\$244.43		\$360.97
Swimming Pools			
Large	\$105.75	N/A	\$156.17
Small	\$31.31	N/A	\$46.24
Typical Residential 5/8" x 3/4" Meter Bill Comparison			
4,000 Gallons	\$33.29	\$56.49	\$49.18
6,000 Gallons	\$41.03	\$64.95	\$60.62
10,000 Gallons	\$56.51	\$81.87	\$83.50

Conclusion

Based on the foregoing, the recommended rate structures and monthly wastewater rates are shown on Schedule No. 4. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates and discontinuance of reading customer meters. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice.

Issue 18: What is the appropriate rate for K W Resort's reuse service?

Recommendation: The appropriate rate for K W Resort's reuse service is \$0.93 per 1,000 gallons. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice. (Thompson)

Staff Analysis: The Utility's primary method of disposal of the treated wastewater is through reuse. The Utility currently provides reuse service to two general service customers in Monroe County. The current reuse rate for these customers is \$0.68 per 1,000 gallons. During the test year, in addition to the tariffed reuse rate, the Utility also charged for reuse testing consistent with its approved tariff.

Reuse rates are typically market based rather than cost based. This provides an incentive to encourage customers to use the reuse. In addition, there are cost savings associated with providing reuse to customers rather than purchasing land for disposal of the treated wastewater. Staff conducted a review of reuse rates charged throughout Monroe County listed in the Florida Department of Environmental Protection's 2014 Reuse Inventory Report and determined that there are only two entities, including K W Resort, that currently charge for reuse with K W Resort's rate being significantly lower than the other provider. There are also several wastewater utilities in Monroe County that provide reuse at no charge.

Staff examined the revenues received from reuse service and additional testing during the test year. Based on this information, staff believes that \$0.93 per 1,000 gallons is a reasonable rate for K W Resort's reuse service, including the cost of testing. This would negate the need for an additional charge for testing.

Therefore, staff recommends that the appropriate rate for K W Resort's reuse service is \$0.93 per 1,000 gallons. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice.

Issue 19: Should K W Resort's requested miscellaneous service charges be approved?

Recommendation: No. K W Resort's requested miscellaneous service charges should not be approved. However, staff recommends that the miscellaneous service charges shown in Table 19-4 are appropriate and should be approved if K W files a revised tariff. K W Resort should be required to file a proposed customer notice and tariff to reflect the Commission-approved charges. The approved charges should be effective on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), Florida Administrative Code (F.A.C.). In addition, the approved charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice. (Thompson)

Staff Analysis: Section 367.091, F.S., authorizes the Commission to establish, increase, or change a rate or charge other than monthly rates or service availability charges. Rule 25-30.460, F.A.C., defines miscellaneous service charges as initial connection, normal reconnection, violation reconnection, and premises visit charges. The Utility requested an amendment to its existing miscellaneous service charges in the MFRs filed in this docket. Although the Utility requested a violation reconnection charge of \$150 during business hours and \$225 for after business hours, the Utility currently has an approved violation reconnection charge at actual cost, which is consistent with Commission practice. In response to a staff data request, K W Resort revised its requested miscellaneous service charges as reflected in Table 19-1 below.

Table 19-1
Proposed Miscellaneous Service Charges

Charge	Current	Proposed	
		Normal Hours	After Hours
Initial Connection	\$15	\$75	\$125
Normal Reconnection	\$15	\$75	\$125
Premises Visit	\$10	\$65	\$125

Source: Utility tariff and Utility correspondence

The Utility's request was accompanied by its reason for requesting the amendment, as well as the cost justification required by Section 367.091, F.S., as reflected in Tables 19-2 and 19-3 below.

**Table 19-2
 Initial Connection and Normal Reconnection Cost Justification**

Activity	Normal Hours Cost	Activity	After Hours Cost
Labor (Administrative) (\$22.50/hr x 1hr)	\$22.50	Labor (Administrative) (\$22.50/hr x 1hr)	\$22.50
Labor (Field) (\$22.50/hr x .75hr)	16.88	Labor (Field) (\$33.75/hr x 2hr)	67.50

Supplies	0.30	Supplies	0.80
Postage	0.49	Postage	0.49
Total	<u>\$64.89</u>	Total	<u>\$122.42</u>

Source: Utility correspondence

Because K W Resort is a wastewater only company, the only action needed for initial connections and normal reconnections can be handled administratively from the Utility's office. The Utility needs to work closely with FKAA to identify new connections and water service disconnections. Staff recommends that the Utility's existing initial connection and normal reconnection charges are sufficient and an after-hours charge is not necessary. However a customer may request that the Utility make a premises visit to respond to complaints or inquiries.

Staff recommends that the Utility be authorized to collect a \$20 premises visit charge during normal business hours and \$45 after hours to reflect the field and administrative labor and transportation costs to respond to customers.

Table 19-4
Recommended Miscellaneous Service Charges

Charge	Current	Staff Recommended	
		Normal Hours	After Hours
Initial Connection	\$15	\$15	N/A
Normal Reconnection	\$15	\$15	N/A
Premises Visit	\$10	\$20	\$45

Source: Utility tariff and Utility correspondence

Commission practice has been to place the burden of such charges on the cost causer rather than the general body of ratepayers. This is consistent with one of the fundamental principles of rate making—ensuring that the cost of providing service is recovered from the cost causer.¹⁹ Therefore, staff recommends that a premises visit charge of \$20 during normal business hours and \$45 are reasonable and should be approved, if the Utility files a revised tariff.

Based on the above, K W Resort's requested miscellaneous service charges should not be approved. However, staff recommends that the miscellaneous service charges shown in Table 19-4 are appropriate and should be approved if the Utility files a revised tariff. K W Resort should be required to file a proposed customer notice and tariff to reflect the Commission-approved charges. The approved charges should be effective on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), Florida Administrative Code (F.A.C.). In addition, the approved charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

¹⁹Order Nos. PSC-03-1119-PAA-SU, issued October 7, 2003, in Docket No. 030106-SU, *In re: Application for staff-assisted rate case in Lee County by Environmental Protection Systems of Pine Island, Inc.*; and PSC-96-1409-FOF-WU, issued November 20, 1996, in Docket No. 960716-WU, *In re: Application for transfer of Certificate No. 123-W in Lake County from Theodore S. Jansen d/b/a Ravenswood Water System to Crystal River Utilities, Inc.*

Issue 20: Should K W Resort be authorized to collect Non-Sufficient Funds (NSF) charges?

Recommendation: Yes. K W Resort should be authorized to collect NSF charges for both systems. Staff recommends that K W Resort revise its tariffs to reflect the NSF charges currently set forth in Section 68.065, F.S. The NSF charges should be effective on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), F.A.C. Furthermore, the charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date the notice was given within 10 days of the date of the notice. (Thompson)

Staff Analysis: Section 367.091, F.S., requires rates, charges, and customer service policies to be approved by the Commission. The Commission has authority to establish, increase, or change a rate or charge. Staff believes that K W Resort should be authorized to collect NSF charges consistent with Section 68.065, F.S., which allows for the assessment of charges for the collection of worthless checks, drafts, or orders of payment. As currently set forth in Section 68.065(2), F.S., the following NSF charges may be assessed:

- (1) \$25, if the face value does not exceed \$50,
- (2) \$30, if the face value exceeds \$50 but does not exceed \$300,
- (3) \$40, if the face value exceeds \$300,
- (4) or five percent of the face amount of the check, whichever is greater.

Approval of NSF charges is consistent with prior Commission decisions.²⁰ Furthermore, NSF charges place the cost on the cost-causer, rather than requiring that the costs associated with the return of the NSF checks be spread across the general body of ratepayers. As such, K W Resort should be authorized to collect NSF charges for both systems. Staff recommends that K W Resort revise its tariff sheet to reflect the NSF charges currently set forth in Section 68.065, F.S. The NSF charges should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. Furthermore, the NSF charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date the notice was given within 10 days of the date of the notice.

²⁰Order Nos. PSC-14-0198-TRF-SU, issued May 2, 2014, in Docket No. 140030-SU, *In re: Request for approval to amend Miscellaneous Service charges to include all NSF charges by Environmental Protection Systems of Pine Island, Inc.*; and PSC-13-0646-PAA-WU, issued December 5, 2013, in Docket No. 130025-WU, *In re: Application for increase in water rates in Highlands County by Placid Lakes Utilities, Inc.*

Issue 21: Should K W Resort's request to implement a \$9.50 late payment charge be approved?

Recommendation: No. K W Resort's request to implement a \$9.50 late payment charge should not be approved. However, staff's recommended charge of \$6.50 should be approved if the Utility files a revised tariff. The Utility should be required to file a proposed customer notice and tariff to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice. (Thompson)

Staff Analysis: The Utility is requesting a \$9.50 late payment charge to recover the cost of supplies and labor associated with processing late payment notices. The Utility's request for a late payment charge was accompanied by its reason for requesting the charge, as well as the cost justification required by Section 367.091, F.S. Staff believes this charge should be \$6.50.

The Utility has a total of 3,200 customer accounts per month and, according to the Utility, there are a number of customers that do not pay by the due date each billing cycle. Based on historical data and the monthly billing cycle, the Utility anticipates it will prepare late payment notices for approximately 30 accounts per billing cycle. In the past, the Commission has allowed 10-15 minutes per account per month for clerical and administrative labor to research, review, and prepare the notice.²¹ The Utility indicated it will spend approximately eight hours per billing cycle processing late payment notices, which results in an average of approximately 16 minutes per account (480 minutes / 30 accounts) and is within reason of past Commission decisions. The late payment notices will be processed by an employee, which results in labor cost of \$9.00 (8 x \$33.75 / 30) per account. Staff believes the labor cost should be performed by an administrative employee at the rate of \$22.50 per hour. This would result in labor cost of \$6.00 (8 x \$22.50 / 30). Both the Utility's and staff's cost basis for the late payment charge, including the labor, is shown below.

²¹Order No. PSC-11-0204-TRF-SU, in Docket No. 100413-SU, issued April 25, 2011, *In re: Request for approval of tariff amendment to include a late fee of \$14.00 in Polk County by West Lakeland Wastewater.*; Order No. PSC-08-0255-PAA-WS, in Docket No. 070391-WS, issued April 24, 2008, *In re: Application for certificates to provide water and wastewater service in Sumter County by Orange Blossom Utilities, Inc.*; Order No. PSC-01-2101-TRF-WS, in Docket No. 011122-WS, issued October 22, 2001, *In re: Tariff filing to establish a late payment charge in Highlands County by Damon Utilities, Inc.*

**Table 21-1
 Late Payment Charge Cost Justification**

Activity	Utility Proposed		Activity	Staff Recommended
Labor	\$9.00		Labor	\$6.00
Printing	0.02		Printing	0.02
Postage	<u>0.49</u>		Postage	<u>0.49</u>
Total Cost	<u>\$9.51</u>		Total Cost	<u>\$6.51</u>

Source: Utility correspondence

Based on staff's research, since the late 1990s, the Commission has approved late payment charges ranging from \$2.00 to \$7.00.²² The purpose of this charge is not only to provide an incentive for customers to make timely payment, thereby reducing the number of delinquent accounts, but also to place the cost burden of processing delinquent accounts solely upon those who are cost causers.

Based on the above, staff recommends that K W Resort's request to implement a \$9.50 late payment charge should not be approved. However, staff's recommended charge of \$6.50 should be approved if the Utility files a revised tariff. K W Resort should be required to file a proposed customer notice and revised tariff to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

²²Order Nos. PSC-01-2101-TRF-WS; Order No. PSC-08-0255-PAA-WS; Order No. PSC-09-0752-PAA-WU, in Docket No. 090185-WU, issued November 16, 2009, *In re: Application for grandfather certificate to operate water utility in St. Johns County by Camachee Island Company, Inc. d/b/a Camachee Cove Yacht Harbor Utility.*; and PSC-10-0257-TRF-WU, in Docket No. 090429-WU, issued April 26, 2010, *In re: Request for approval of imposition of miscellaneous service charges, delinquent payment charge and meter tampering charge in Lake County, by Pine Harbour Water Utilities, LLC.*; and PSC-11-0204-TRF-SU; Order No. PSC-14-0105-TRF-WS, in Docket No. 130288-WS, issued February 20, 2014, *In re: Request for approval of late payment charge in Brevard County by Aquarina Utilities, Inc.*

Issue 22: Should K W be authorized to collect a Lift Station Cleaning charge?

Recommendation: Yes. K W Resort should be authorized to collect a monthly lift station cleaning charge for the Monroe County Detention Center (MCDC) of \$1,462. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice. (Thompson)

Staff Analysis: In the Utility’s last rate case the Commission acknowledged that the Utility collected \$19,575 associated with the cleaning of the MCDC lift station. The Utility also collected \$19,550 from the MCDC during the current test year through a monthly assessment. There is a great deal of time and effort involved with cleaning the MCDC lift station; therefore, staff recommends that a specific monthly charge be authorized, consistent with Commission practice, so that the cost burden is placed solely upon those who are the cost causer. At staff’s request, the Utility provided cost justification as follows:

**Table 22-1
 Lift Station Cleaning Charge Cost Justification**

Activity	Normal Hours Cost
Labor (\$21/hr x 1.5hr)	\$31.50
Disposal Cost (\$13.55/lb x 100 lb)	\$13.55
Supplies	\$3.00
Total Per Day	\$48.05
Annual Charge (\$48.05 x 365)	\$17,538.25
Monthly Charge (\$17,538.25 / 12)	\$1,461.52

Source: Utility correspondence

K W Resort should be authorized to collect a monthly lift station cleaning charge of \$1,462 from the MCDC. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

Issue 23: Should the Utility's approved service availability policy and charges be revised?

Recommendation: Yes. K W Resort should be authorized to collect a water main extension charge or receive donated lines from future connections. However, the Utility should no longer be authorized to collect a plant capacity charge consistent with the guidelines set forth in Rule 25-30.580, F.A.C. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice. (Thompson)

Staff Analysis: Although K W Resort did not request a change in its service availability policy or charges, staff reviewed the Utility's approved policy and charges, as well its current contribution level and the impact of the pro forma plant on that contribution level. The Utility's service availability policy and charges, which were approved in Docket No. 980341-SU, provide that new connections pay for the cost of the collection system need to serve the customer as well as a plant capacity charge of \$2,700 per ERC.

Based on staff's recommended rate base as of December 31, 2014, the Utility's contribution level, net CIAC / net plant (\$6,634,936 / \$5,648,278), was in excess of 100 percent. The Utility has total CIAC of \$9,649,877 and total plant in service and land of \$11,483,464; however, because the plant is significantly depreciated, the net CIAC balance exceeds the net plant balance. With the addition of the recommended pro forma plant items, the resulting contribution level is 74 percent, with no additional CIAC from future customers.

Pursuant to Rule 25-30.580, F.A.C., the Utility's contribution level should not exceed 75 percent at designed capacity. Further, the rule also provides that, at a minimum, customers should pay for the cost of the lines. While the Utility will have additional capacity as a result of the planned plant expansion, staff believes that, given the high contribution level, the Utility should no longer be authorized to collect a plant capacity charge. However, the Utility should be allowed to recover from future connections the cost of the lines needed to serve those customers.

Customers connecting after the effective date of the revised tariff should not be required to pay a plant capacity charge. Any customer that has prepaid the plant capacity charge but not connected to the wastewater system as of the effective date of the revised tariff should be refunded the prepaid plant capacity charge.

Therefore, staff recommends that K W Resort should be authorized to collect a water main extension charge or receive donated lines from future connections. However, the Utility should no longer be authorized to collect a plant capacity charge consistent with the guidelines set forth in Rule 25-30.580, F.A.C. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

Issue 24: What is the appropriate amount by which rates should be reduced four years after the established effective date to reflect the removal of the amortized rate case expense as required by Section 367.0816, Florida Statutes?

Recommendation: The wastewater rates should be reduced as shown on Schedule No. 4, to remove rate case expense grossed up for regulatory assessment fees and amortized over a four-year period. The decrease in rates should become effective immediately following the expiration of the four-year rate case expense recovery period, pursuant to Section 367.0816, F.S. K W Resort should be required to file revised tariffs and a proposed customer notice setting forth the lower rates and the reason for the reduction no later than one month prior to the actual date of the required rate reduction. If the Utility files this reduction in conjunction with a price index or pass-through rate adjustment, separate data should be filed for the price index and/or pass-through increase or decrease and the reduction in the rates due to the amortized rate case expense. (Thompson, Frank)

Staff Analysis: Section 367.0816, F.S., requires that the rates be reduced immediately following the expiration of the four-year amortization period by the amount of the rate case expense previously included in rates. The reduction will reflect the removal of \$43,761 of revenue associated with the amortization of rate case expense, the associated return on deferred rate case expense included in working capital, and the gross up for RAFs. Using K W Resort's current revenues, expenses, capital structure and customer base, the reduction in revenues will result in the rate decreases as shown on Schedule No. 4.

The Utility should be required to file revised tariff sheets no later than one month prior to the actual date of the required rate reduction. K W Resort should also be required to file a proposed customer notice setting forth the lower rates and the reason for the reduction. If the Utility files this reduction in conjunction with a price index or pass-through rate adjustment, separate data should be filed for the price index and/or pass-through increase or decrease, and the reduction in the rates due to the amortized rate case expense.

Issue 25: Should the Utility be required to notify, within 90 days of an effective order finalizing this docket, that it has adjusted its books for all the applicable National Association of Regulatory Utility Commissioners (NARUC) Uniform System of Accounts (USOA) associated with the Commission approved adjustments?

Recommendation: Yes. The Utility should be required to notify the Commission, in writing, that it has adjusted its books in accordance with the Commission's decision. K W Resort should submit a letter within 90 days of the final order in this docket, confirming that the adjustments to all the applicable NARUC USOA accounts have been made to the Utility's books and records. In the event the Utility needs additional time to complete the adjustments, notice should be provided within seven days prior to deadline. Upon providing good cause, staff should be given administrative authority to grant an extension of up to 60 days. (Norris)

Staff Analysis: The Utility should be required to notify the Commission, in writing that it has adjusted its books in accordance with the Commission's decision. K W Resort should submit a letter within 90 days of the final order in this docket, confirming that the adjustments to all the applicable NARUC USOA accounts have been made to the Utility's books and records. In the event the Utility needs additional time to complete the adjustments, notice should be provided within seven days prior to deadline. Upon providing good cause, staff should be given administrative authority to grant an extension of up to 60 days.

Issue 26: Should this docket be closed?

Recommendation: No. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, a consummating order should be issued. The docket should remain open for staff's verification that the outstanding Phase I pro forma items have been completed, the revised tariff sheets and customer notice have been filed by the Utility and approved by staff, and the Utility has provided staff with proof that the adjustments for all the applicable NARUC USOA primary accounts have been made. Also, the docket should remain open to allow staff to verify that the Phase II pro forma items have been completed, and the Phase II rates properly implemented. Once these actions are complete, this docket should be closed administratively. (Barrera, Norris)

Staff Analysis: If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, a consummating order should be issued. The docket should remain open for staff's verification that the outstanding Phase I pro forma items have been completed, the revised tariff sheets and customer notice have been filed by the Utility and approved by staff, and the Utility has provided staff with proof that the adjustments for all the applicable NARUC USOA primary accounts have been made. Also, the docket should remain open to allow staff to verify that the Phase II pro forma items have been completed, and the Phase II rates properly implemented. Once these actions are complete, this docket should be closed administratively.

Docket No. 150071-SU
Application for increase in wastewater rates
by K W Resort Utilities Corp.

Vote Sheet from March 1, 2016 Florida Public Service Commission
Agenda Conference

FLORIDA PUBLIC SERVICE COMMISSION

Item 5

VOTE SHEET

FILED MAR 01, 2016
DOCUMENT NO. 01094-16
FPSC - COMMISSION CLERK

March 1, 2016

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

Issue 1: Is the quality of service provided by K W Resort satisfactory?

Recommendation: Yes. Staff recommends that the quality of K W Resort’s product and the condition of the wastewater treatment facilities is satisfactory. It appears that the Utility has attempted to address customers’ concerns. Therefore, staff recommends that the overall quality of service for the K W Resort wastewater system in Monroe County is satisfactory.

APPROVED

REMARKS/DISSENTING COMMENTS:

Voice Sheet

March 1, 2016

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 2: Should the audit adjustments to rate base to which the Utility and staff agree be made?

Recommendation: Yes. Based on the audit adjustments agreed to by the Utility and staff, the following adjustments should be made to rate base as set forth in the analysis portion of staff's memorandum dated February 18, 2016.

APPROVED

Issue 3: Should any adjustments be made to the Utility's pro forma plant?

Recommendation: Yes. Pro forma plant should be decreased by \$3,574,468 in Phase I. Corresponding adjustments should be made to decrease accumulated depreciation by \$196,281 and depreciation expense by \$196,281. Additionally, pro forma property taxes should be decreased by \$35,696.

APPROVED

Issue 4: What are the used and useful (U&U) percentages of the Utility's wastewater treatment plant and wastewater collection system?

Recommendation: For Phase I rates, K W Resort's wastewater treatment plant and collection system should be considered 100 percent U&U. For Phase II rates, K W Resort's wastewater treatment plant should be considered 72 percent U&U and the wastewater collection system should be considered 100 percent U&U. No adjustments should be made for excessive infiltration and inflow (I&I).

APPROVED *Consistent with note on Issues 3 and 16.*

Issue 5: What is the appropriate working capital allowance?

Recommendation: The appropriate working capital allowance for Phase I is \$721,268. As such, the working capital allowance for Phase I should be decreased by \$645,964.

APPROVED *with addition of language provided at Commission Conference this date, from Monroe County (see attached).*

Vote Sheet

March 1, 2016

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 6: What is the appropriate rate base for the test year period ended December 31, 2014?

Recommendation: Consistent with staff's other recommended adjustments, the appropriate rate base for the test year ended December 31, 2014, is \$37,710 for Phase I.

APPROVED

Issue 7: What is the appropriate return on equity?

Recommendation: Based on the Commission leverage formula currently in effect, the appropriate allowed return on equity (ROE) is 11.16 percent with a range of plus or minus 100 basis points.

APPROVED

Issue 8: What is the appropriate weighted average cost of capital based on the proper components, amounts, and cost rates associated with the capital structure for the test year ended December 31, 2014?

Recommendation: The appropriate weighted average cost of capital for Phase I is 4.98 percent for the test year ended December 31, 2014.

APPROVED

Issue 9: What is the appropriate amount of test year revenues for K W Resort's wastewater system?

Recommendation: The appropriate test year revenues for K W Resort's wastewater system are \$1,554,861.

APPROVED

Vote Sheet

March 1, 2016

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 10: Should the audit adjustments to operating expense to which the Utility and staff agree be made?

Recommendation: Yes. Based on the audit adjustments agreed to by K W Resort and staff, the following adjustments should be made to operating expense as set forth in staff's analysis below.

APPROVED

Issue 11: Should any adjustments be made to the Utility's pro forma expenses?

Recommendation: Yes. Pro forma O&M expense should be decreased by \$10,028. A corresponding adjustment should be made to increase pro forma payroll taxes by \$1,875.

APPROVED

Issue 12: Should K W Resort's test year expenses be adjusted for management fees charged by Green Fairways?

Recommendation: Yes. Contractual services-management expense should be decreased by \$60,000.

APPROVED

Issue 13: Should further adjustments be made to the Utility's O&M expense?

Recommendation: Yes. The O&M expense for the test year should be decreased by \$13,003.

APPROVED

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 14: What is the appropriate amount of rate case expense?

Recommendation: The appropriate amount of rate case expense is \$152,021. This expense should be recovered over four years for an annual expense of \$38,005. Therefore, annual rate case expense should be increased by \$6,805 from the respective levels of expense included in the MFRs.

APPROVED

Issue 15: What is the appropriate Phase I revenue requirement for the test year ended December 31, 2014?

Recommendation: Staff recommends the following revenue requirement be approved.

Test Year Revenue	\$ Increase	Revenue Requirement	% Increase
\$1,554,861	\$683,185	\$2,238,046	43.94%

APPROVED

(Continued from previous page)

Issue 16: Should the Commission approve a Phase II increase for pro forma items for K W Resort?

Recommendation: Yes. The Commission should approve a Phase II revenue requirement associated with pro forma items. The Utility's Phase II revenue requirement is \$2,485,904, which equates to an 11.07 percent increase over the Phase I revenue requirement.

Implementation of the Phase II rates is conditioned upon K W Resort completing the pro forma items within 12 months of the issuance of the Final Order. The Utility should be allowed to implement the rates recommended on Schedule No. 8 of staff's memorandum dated February 18, 2016, once all pro forma items have been completed and the DEP has issued its approval for the expansion project to go into service. Once verified by staff, the rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. The rates should not be implemented until notice has been received by the customers. K W Resort should provide proof of the date notice was given within 10 days of the date of the notice. If the Utility encounters any unforeseen events that will impede the completion of the pro forma plant items, the Utility should immediately notify the Commission, in writing, in advance of the deadline, so as to allow the Commission ample time to consider an extension.

Further, staff recommends that the Utility be required to submit a copy of the final invoices and support documentation for the pro forma plant items within 60 days of the in-service date. In addition, the Utility should submit documentation of all CIAC that has been collected since the test year. If the actual costs are greater than the recommended Phase II amounts, the Utility should be afforded the opportunity to request an additional increase, in writing, which the Commission should consider. If the actual costs are less than the recommended amounts, staff will file a subsequent recommendation to address the appropriate action to be undertaken.

APPROVED as modified. Phase II plant in-service date rather than DEP approval date for rate implementation date.

Issue 17: What are the appropriate rate structures and rates for K W Resort's wastewater system?

Recommendation: The recommended rate structures and monthly wastewater rates are shown on Schedule No. 4 of staff's memorandum dated February 18, 2016. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates and discontinuance of reading customer meters. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice.

APPROVED as modified, to include Utility's new billing analysis as discussed at Commission Conference this date.

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 18: What is the appropriate rate for K W Resort's reuse service?

Recommendation: The appropriate rate for K W Resort's reuse service is \$0.93 per 1,000 gallons. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given within 10 days of the date of the notice.

APPROVED

Issue 19: Should K W Resort's requested miscellaneous service charges be approved?

Recommendation: No. K W Resort's requested miscellaneous service charges should not be approved. However, staff recommends that the miscellaneous service charges shown in Table 19-4 of staff's memorandum dated February 18, 2016, are appropriate and should be approved if K W files a revised tariff. K W Resort should be required to file a proposed customer notice and tariff to reflect the Commission-approved charges. The approved charges should be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), Florida Administrative Code (F.A.C.). In addition, the approved charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

APPROVED

Issue 20: Should K W Resort be authorized to collect Non-Sufficient Funds (NSF) charges?

Recommendation: Yes. K W Resort should be authorized to collect NSF charges for both systems. Staff recommends that K W Resort revise its tariffs to reflect the NSF charges currently set forth in Section 68.065, F.S. The NSF charges should be effective on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C. Furthermore, the charges should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date the notice was given within 10 days of the date of the notice.

APPROVED

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 21: Should K W Resort's request to implement a \$9.50 late payment charge be approved?

Recommendation: No. K W Resort's request to implement a \$9.50 late payment charge should not be approved. However, staff's recommended charge of \$6.50 should be approved if the Utility files a revised tariff. The Utility should be required to file a proposed customer notice and tariff to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

APPROVED

Issue 22: Should K W be authorized to collect a Lift Station Cleaning charge?

Recommendation: Yes. K W Resort should be authorized to collect a monthly lift station cleaning charge for the Monroe County Detention Center (MCDC) of \$1,462. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

APPROVED

Issue 23: Should the Utility's approved service availability policy and charges be revised?

Recommendation: Yes. K W Resort should be authorized to collect a water main extension charge or receive donated lines from future connections. However, the Utility should no longer be authorized to collect a plant capacity charge consistent with the guidelines set forth in Rule 25-30.580, F.A.C. K W Resort should be required to file a proposed customer notice to reflect the Commission-approved charge. The approved charge should be effective on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charge should not be implemented until staff has approved the proposed customer notice. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 24: What is the appropriate amount by which rates should be reduced four years after the established effective date to reflect the removal of the amortized rate case expense as required by Section 367.0816, Florida Statutes?

Recommendation: The wastewater rates should be reduced as shown on Schedule No. 4 of staff's memorandum dated February 18, 2016, to remove rate case expense grossed up for regulatory assessment fees and amortized over a four-year period. The decrease in rates should become effective immediately following the expiration of the four-year rate case expense recovery period, pursuant to Section 367.0816, F.S. K W Resort should be required to file revised tariffs and a proposed customer notice setting forth the lower rates and the reason for the reduction no later than one month prior to the actual date of the required rate reduction. If the Utility files this reduction in conjunction with a price index or pass-through rate adjustment, separate data should be filed for the price index and/or pass-through increase or decrease and the reduction in the rates due to the amortized rate case expense.

APPROVED

Issue 25: Should the Utility be required to notify, within 90 days of an effective order finalizing this docket, that it has adjusted its books for all the applicable National Association of Regulatory Utility Commissioners (NARUC) Uniform System of Accounts (USOA) associated with the Commission-approved adjustments?

Recommendation: Yes. The Utility should be required to notify the Commission, in writing, that it has adjusted its books in accordance with the Commission's decision. K W Resort should submit a letter within 90 days of the final order in this docket, confirming that the adjustments to all the applicable NARUC USOA accounts have been made to the Utility's books and records. In the event the Utility needs additional time to complete the adjustments, notice should be provided within seven days prior to deadline. Upon providing good cause, staff should be given administrative authority to grant an extension of up to 60 days.

APPROVED

Item 5

Docket No. 150071-SU – Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

(Continued from previous page)

Issue 26: Should this docket be closed?

Recommendation: No. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, a consummating order should be issued. The docket should remain open for staff's verification that the outstanding Phase I pro forma items have been completed, the revised tariff sheets and customer notice have been filed by the Utility and approved by staff, and the Utility has provided staff with proof that the adjustments for all the applicable NARUC USOA primary accounts have been made. Also, the docket should remain open to allow staff to verify that the Phase II pro forma items have been completed, and the Phase II rates properly implemented. Once these actions are complete, this docket should be closed administratively.

APPROVED

KWRU Rate Application

1. Issue 5, p. 14 ("Appropriate working capital allowance"): The Staff Recommendation includes the following statement:

"In its response to Audit Request No. 17, the Utility clarified that the agreement with Monroe County was to end after 1,500 equivalent residential units had been collected and paid to Monroe County. As such, the account was closed on March 15, 2015, once the quota was met."

This statement is not correct. Capacity reservation fees have *not* been collected from all 1,500 EDUs.

The Utility and the County have therefore agreed that the Utility will ask the PSC to receive the following corrected information:

Issue 5: KWRU would like to clarify the following. In 2002, Monroe County and the Utility entered into an agreement whereby the County purchased 1500 equivalent dwelling units (EDUs) from the Utility in exchange for installing collection systems for a cost not to exceed \$4.6 million dollars. In return, the Utility agreed to repay a portion of the funds by collecting capacity reservation fees and remitting the fees to the County. Not all of the 1500 EDUs have been collected and paid to Monroe County. Out of the 1500 EDUs, approximately 840 have been collected or are on tax rolls. The capacity reservation fees for the remaining EDUs (approximately 660) still need to be collected. The County's intention is to place all of these remaining EDUs on the tax roll in 2016. Not all of the 1500 EDUs have connected. KWRU will not receive any additional assessments from the remaining EDUs, but will receive revenue from the unconnected customers once connected for monthly service.

2. Issue 16, p. 39 ("Phase II increase"): The Staff Recommendation includes the following statement:

"The Utility should be allowed to implement the rates recommended on Schedule No. 8 once all pro forma items have been completed

Notes

Acct M063 includes reuse water gallonage charges plus a special charge for water reuse testing that isn't included in the tariffs of \$455/month - it is billed on a reimbursement basis for required reuse water testing prorated across users of reuse water and assumes that this number remains the same. The testing cost is variable if the testing company raises the fee or if our % of overall water reuse changes.

M048 & M052 are the two Bernstein Park accounts

M067 is the Stock Island Fire Station

M062 is in Phase 1 & it includes the PSC proposed charge of \$1,462/month for lift station cleaning

M060 is Bayshore Manor

M066 is the Sheriff's Admin Building

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No

Division: County Attorney
Staff Contact /Phone #: Steve Williams/292-3470

AGENDA ITEM WORDING: Authorization to initiate litigation against Alexander Aguiar and Elizabeth Ginart and the property located at 239 Camelot Drive, Key Largo, Florida, to seek compliance with the County Codes and enforce a lien arising from code compliance case number CE05020427.

ITEM BACKGROUND:

This property was the subject of a Code Compliance case for failure to obtain required permits(s), approval(s) and inspection(s) for renovations of a mobile home. The fines total \$385,300.00 as of March 7, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE05020427: The Special Magistrate found the property in violation and ordered a compliance date of August 18, 2005. The property owner did not gain compliance by the deadline ordered by the Special Magistrate and the fine(s) began to accrue on August 19, 2005. The County's lien was recorded on February 12, 2010 and perfected on December 10, 2015. The code case remains open for non-compliance and failure to pay outstanding fines and costs.

The property is homesteaded and there are no pending foreclosure actions at this time.

Under the policy adopted in Resolution 057-2014 the available legal options in regard to the County's lien on this property are:

1. Initiate litigation against the property owner for injunction, and money judgment;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction and money judgment.

MEMORANDUM

TO: Steve Williams, Assistant County Attorney
FROM: Kathleen Windsor, Sr. Code Compliance Research Analyst *KW*
DATE: January 5, 2016
SUBJECT: Recommendation to County Attorney's Office for further action.

SUMMARY:

As a result of code compliance case CE05020427, daily fines in the amount of \$100.00 per day have accrued for approximately 3791 days for a total of \$379,100.00 and continue to accrue. All attempts to gain voluntary compliance from the property owner have failed. The subject property, owned by Alexander Aguiar and Elizabeth Ginart, remains in violation of Monroe County Code.

CASE CE05020427 BACKGROUND:

The violations in this case are the result of a complaint received by the Code Compliance Department for interior renovations without the required permit(s), approval(s) and inspection(s). Subsequently a "Notice of Violation" was mailed via certified mail to the property owners on February 25, 2005. The return receipt was signed on March 4, 2005.

On May 3, 2005 a "Notice of Hearing" was mailed via certified mail to the property owners to appear at the Special Magistrate Hearing on June 30, 2005. The return receipt was signed on May 12, 2005.

The hearing was held on June 30, 2005 and the Code Compliance Special Magistrate found the property in violation as cited and imposed a compliance date of August 18, 2005. On July 18, 2005 a permit application for the after-the-fact renovations to the mobile home was denied by Monroe County due to engineering standards. On August 25, 2005 a review hearing was held and the Special Magistrate imposed a penalty of \$100.00 per day until compliance is achieved.

On March 30, 2006 a review hearing was held and the Special Magistrate issued an "Order Imposing Penalty/Lien" imposing the accrued fines beginning on August 19, 2005 and continuing until compliance is achieved as a lien. On May 8, 2006, Andrew Tobin, representing the property owners, filed a *Notice of Appeal* of the "Order Imposing Penalty/Lien".

On November 30, 2006 the Building Official, Joe Paskalik, reaffirmed the County's position and declared the improvements to the mobile home substantial, resulting in the mobile home's need to be elevated above-base-flood, or to demolished.

On February 22, 2010 a letter was mailed to the property owner reminding them of the lien and giving them 14 days to achieve compliance before the County proceeded with further actions.

In 2015 a review of the case revealed that the Appeal action was closed by the Clerk's Office. Additionally an investigation by the Code Compliance staff revealed that the property was still in violation of the County Codes as cited.

Therefore a "Notice of Motion to Authorize Collection Proceedings and Notice of Hearing" was mailed certified mail to the property owners on September 29, 2015. The return receipt was signed on October 1, 2015. The hearing was held on November 19, 2015 and the Special Magistrate issued an "Order Authorizing Foreclosure".

Staff has received no communication or acknowledgement from Alexander Aguiar and Elizabeth Ginart, and staff has exhausted all other mechanisms available to persuade the property owner to achieve compliance.

As of January 5, 2016 the total amount of the lien is \$379,644.73, (\$379,100.00 fines and \$544.73 costs), and the costs and fines will continue to accrue until compliance is achieved and the lien is paid.

STAFF RECOMMENDATIONS:

Proceed to Monroe County BOCC asking for approval to proceed with litigation to compel the property owners Alexander Aguiar and Elizabeth Ginart, to comply with various county ordinances and correct the code violations of Code Compliance Case CE05020427.

NOTICE OF VIOLATION

AGUIAR ALEXANDER & GINART
TO: ELIZABETH R/S
16400 COLLINS AVENUE #2446 CASE NUMBER: CE05020427
SUNNY ISLES, FL 33160

RE NUMBER: 00480111011200
LEGAL DESCRIPTION: 239 CAMELOT DR HAMMER POINT PA
KEY LARGO, FL 33037

DEAR PROPERTY OWNER / TENANT,

You are hereby notified that an inspection of the above referenced property on 2/24/05 found violations of the following Monroe County Code, Section(s):

9.5-111(1)
A building permit is required for interior remodeling.

Corrective Action Required:
Contact the Monroe County Building and Planning Department and obtain an after the fact permit or remove as directed.

NOTE: Monroe County's web page, which includes all Monroe County Codes is located at: www.monroecounty-fl.gov, then choose Monroe County Code.

In order to correct the violation(s) noticed above, you are requested to take the corrective action within 10 DAYS OF RECEIPT OF THIS NOTICE.

This notice is intended to seek your cooperation in correcting the violation(s) described above without having to initiate proceedings before the Code Enforcement Special Magistrate or court system. The Code Enforcement Department will attempt to help you correct the violation(s). If you feel you need an extension of time to comply with the action requested above, please contact the Code Enforcement Department. Any extension, if granted, will not exceed ten (10) days.

The violation(s) listed herein do not necessarily constitute all the violations, which may exist with regards to this matter/property. Lack of enforcement proceedings at this time does not constitute a waiver of the right to future prosecution.

NOTE: If the violation(s) are corrected then recur, or if the violation(s) are not corrected by the time specified by the Code Enforcement Inspector, the case may be presented to J. Jefferson Overby, the Code Enforcement Special Magistrate,

10

even if the violation has been corrected pursuant to the Special Magistrate hearing.

Your cooperation in this matter will be greatly appreciated.

Date: 02/25/05

JACK REED
Code Enforcement Inspector

I hereby certify that a copy hereof has been furnished to the above-named addressee(s) by Certified mail, Return Receipt Requested, No. 7004 1160 0002 8999 1481 .

Code Enforcement Department

Please contact the Code Enforcement Department upon correction of the violation so a re-inspection may be conducted.

NOTICE OF ADMINISTRATIVE HEARING

TAKE NOTICE that the Monroe County Code Enforcement Department has requested the Monroe County Special Magistrate to conduct an administrative hearing regarding the violations listed below which are alleged to have been or are being committed on the premises described as:

239 CAMELOT DR HAMMER POINT PA, KEY LARGO, FL 33037

RE: 00480111011200
MONROE COUNTY, FLORIDA

and which have been previously reported to you by Notice of Violation:
MONROE COUNTY CODE SECTIONS(S):

9.5-111(1)

A building permit is required prior to the following:

(1) Any Work Specified in Chapter 6.0;

The Special Magistrate of Monroe County, pursuant to Chapter 162 Florida Statutes and the Monroe County Code, has scheduled a Hearing to be held at THE MONROE COUNTY GOVERNMENT REGIONAL CENTER, 2798 OVERSEAS HIGHWAY, MARATHON, FLORIDA at 10:00 A.M. ON 06/30/2005. SIGN-IN IS AT 9:45 A.M.

The purpose of this hearing is to determine if in fact a violation or violations currently exist, the appropriate action to be taken, if any is required, and any fines or penalties to be imposed.

If the violation is corrected and then recurs or if the violation is not corrected by the time specified for correction by the Code Inspector, the case may be presented to the Special Magistrate, even if the violation has been corrected prior to the hearing.

YOU ARE REQUESTED TO APPEAR AT THIS HEARING to present evidence and/or testimony in your behalf. You may appear in person and/or be represented by an attorney. If you are represented by an attorney, your attorney MUST file a notice of appearance with this office prior to the hearing.

YOUR FAILURE TO APPEAR MAY RESULT IN A FINE OR PENALTY BEING IMPOSED AGAINST YOU AND A LIEN BEING IMPOSED UPON YOUR PROPERTY.

Please be advised that if you decide to appeal any decision made by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Should you seek a continuance of your case, said request must be in writing and must be received by this office no less than five (5)

13

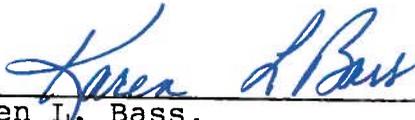

working days prior to the hearing date. Said request must exhibit just cause or it will be denied. A request for continuance DOES NOT guarantee a postponement of your hearing!!

If you are found in violation of Monroe County Code, administrative costs in the amount of \$100.00 will be levied for administrative recovery for prosecution and investigation in addition to daily fines that may be imposed. Failure to pay these costs will result in a lien against the land on which the violation exists and upon any other real or personal property owned by the violator, and may result in possible foreclosure action.

You may call the Monroe County Code Enforcement Department at (305)289-2509 for further information regarding this hearing.

I HEREBY CERTIFY that a true and correct copy of above and foregoing notice of hearing has been furnished to the Respondent(s) by certified mail return receipt requested no. 7002 1000 0004 8084 3603, on 05/03/05, to 16400 COLLINS AVE. #2446, SUNNY ISLES, FL 33160

MONROE COUNTY, FLORIDA**

**MONROE COUNTY, FLORIDA,
Petitioner.**

CASE NO. CE05020427

vs.

**ALEXANDER AGUIAR and ELIZABETH GINART
Respondent(s).**

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

THIS CAUSE having come before the Code Enforcement Special Magistrate for a public hearing on June 30th 2005, and the Special Magistrate, having reviewed the evidence, heard testimony under oath and argument of counsel (if any), and being otherwise fully apprised of the premises, makes the following findings of fact, conclusions of law and order as follows:

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. That the Respondent(s) is/are the owners of record of property located at **239 CAMELOT DR. HAMMER POINT, KEY LARGO, MONROE COUNTY, FLORIDA (RE#00480111-011200)**.
2. That the Respondent(s) was/were duly noticed of this hearing; and
3. That the above-named property is in violation of the Monroe County Code as more particularly described in Exhibit "A", which is attached hereto and incorporated herein.

Therefore it is

ORDERED AND ADJUDGED that:

- A. Respondent(s) is/are in violation of the Monroe County Code(s) and is/are ordered to comply with the provisions of said codes by **August 18th 2005** . A compliance / review hearing will be held on **August 25th 2005** .
- B. Upon complying, Respondent(s) shall notify the Code Inspector in this case who shall re-inspect the property and notify the Code Enforcement Department of compliance.
- C. Noncompliance by the above date may result in the imposition of a fine, per day, for each day thereafter that Respondent(s) is/are in violation.
- D. Pursuant to Florida Statutes Section 162.07, a fine has been levied for the administrative recovery for prosecution and investigation in the amount of \$100.00 (ONE HUNDRED DOLLARS).
- E. In the event of nonpayment of fines/liens imposed, a certified copy of an order imposing a fine may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator(s).
- F. You have the right to appeal this order to the Circuit Court of Monroe County. If you wish to appeal, you must do so no later than thirty (30) days from the date of this Order. Failure to timely file a written Notice of Appeal will waive your right to appeal.

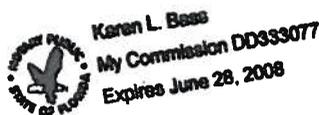

DONE AND ORDERED at the Marathon Government Regional Center, Marathon, Florida, this 17 day of July, 2005.

 J. Jefferson Overby
 Code Enforcement Special Magistrate

STATE OF FLORIDA
 COUNTY OF MONROE

I HEREBY CERTIFY that on this day before me, an officer duly qualified to take acknowledgments, personally appeared **J. JEFFERSON OVERBY**, personally known to me, who executed the foregoing and acknowledged before me that he executed the same.

OF MONROE COUNTY, FLORIDA**

MONROE COUNTY, FLORIDA

Petitioner,

vs.

CASE NO. CE05020427

ALEXANDER AGUIAR and ELIZABETH GINART

Respondent(s).

ORDER IMPOSING PENALTY

THIS CAUSE having come on for public hearing before the Special Magistrate on **June 30th 2005**, after due notice to the Respondent(s), at which time the Special Magistrate heard testimony under oath, received evidence, and issued his Order finding the Respondent(s) in violation of Monroe County Code Section(s): **§9.5-111(1)** an after the fact permit is required for interior remodel.

Said Order, and subsequent orders, required the Respondent(s) to correct the violation(s) by **August 18th 2005**, and further, that failure to correct the violation(s) by the compliance date may result in a fine, per day, being imposed for each day thereafter that there is noncompliance. At the meeting of the Special Magistrate held on **August 25th 2005**, Inspector Kerr testified that the violation(s) had not yet been corrected.

ACCORDINGLY, the Special Magistrate finding that the violation(s) had not been corrected, as previously ordered, it is hereby:

ORDERED that the Respondent(s) pay to Monroe County, Florida, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)**, per day, beginning **August 19th 2005**, and for each and every day thereafter that the violation(s) exist(s) and/or continue(s) to exist. Pursuant to Florida Statutes Section 162.07, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)** is hereby levied for the administrative recovery for prosecution and investigation.

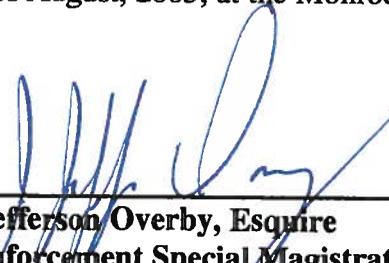

THE VIOLATION(S) EXIST(S) ON THE FOLLOWING DESCRIBED PROPERTY: 239 CAMELOT DRIVE, HAMMER POINT, KEY LARGO, MONROE COUNTY, FLORIDA (RE:00480111-011200)

Pursuant to Section 162.09, Florida Statutes, and may be recorded with the Clerk of the Courts for Monroe County, Florida.

That upon complying, the Respondent(s) shall notify the Code Inspector in this case, who shall reinspect the property and notify the Special Magistrate of compliance.

DONE AND ORDERED this 29th day of August, 2005, at the Monroe County Government Regional Center, Marathon, Florida.

ORDER IMPOSING PENALTY/LIEN

THIS CAUSE having come on for public hearing before the Special Magistrate on **2005**, after due notice to the Respondent(s), at which time the Special Magistrate heard testimony under oath, received evidence, and issued his Order finding the Respondent(s) in violation of Monroe County Code Section(s): **§9.5-111(1)**.

Said Order, and subsequent orders, required the Respondent(s) to correct the violation(s) by **August 18th 2005**, and further, that failure to correct the violation(s) by the compliance date may result in a fine per day, being imposed for each day thereafter that there is noncompliance. At the meeting of the Special Magistrate held on **March 30th 2006**, Inspector Reed testified that the following violation(s) had not yet been corrected: **§9.5-111(1)**.

ACCORDINGLY, the Special Magistrate finding that the violation(s) had not been corrected, as previously ordered, it is hereby:

ORDERED that the Respondent(s) pay to Monroe County, Florida, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)**, per day, beginning **August 19th 2005**, and for each and every day thereafter that the violation(s) exist(s) and/or continue(s) to exist.

Pursuant to Florida Statutes Section 162.07, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)** is hereby levied for the administrative recovery for prosecution and investigation.

THIS ORDER SHALL CONSTITUTE A LIEN AGAINST THE LAND ON WHICH THE VIOLATION(S) EXIST(S) AND UPON ANY OTHER REAL OR PERSONAL PROPERTY OWNED BY THE VIOLATOR(S).

THE VIOLATION(S) EXIST(S) ON THE FOLLOWING DESCRIBED PROPERTY: LT 112, HAMMER POINT PARK, a/k/a 239 CAMELOT DR., KEY LARGO, MONROE COUNTY, FLORIDA (RE:00480111-011200);

Pursuant to Section 162.09, Florida Statutes, and may be recorded with the Clerk of the Courts for Monroe County, Florida.

That upon complying, the Respondent(s) shall notify the Code Inspector in this case, who shall reinspect the property and notify the Special Magistrate of compliance.

DONE AND ORDERED this 11th day of **April, 2006**, at the Monroe County Government Regional Center, Marathon, Florida.

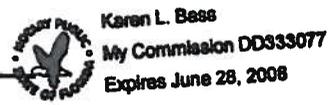

BY [Signature]
J. Jefferson Overby, Esquire
Code Enforcement Special Magistrate

STATE OF FLORIDA
COUNTY OF MONROE

I HEREBY CERTIFY that on this day, before me, on officer duly authorized in the State aforesaid and in the County aforesaid, to take acknowledgments, personally appeared J. Jefferson Overby, personally known to me, who executed the foregoing and acknowledged before me that he executed the same.

11th **WITNESS** my hand and official seal in the County and State last aforesaid this day of **April, 2006**.

[Signature]
Notary Public

I HEREBY CERTIFY that a true and correct copy of the above and foregoing Order Imposing Penalty/Lien has been furnished to the Respondent(s) attorney, Nicholas Mulick via fax at (305)852-8880, this 11th day of **April, 2006**.

RE: ATF application 053-3404

Dear Mr. Aguir:

I have been forwarded your "after-the-fact" application for a "drywall repair, new plumbing, new cabinets and flooring" of your mobile home. I am sorry to inform you that I am not able to approve some of the improvements you are requesting. The wood flooring and sheetrock walls may not be approved unless you can demonstrate that your mobile home is above the required base flood elevation. Florida Statutes 320.8232 states that "material and design must be equivalent to the original construction. These units normally come with paneling and carpet or vinyl. Section 9.5-317(b)(4)g. of the Monroe County Code states: "A manufactured home may be altered or modified by engineering standards more stringent than originally required if the manufactured home is elevated to or above the base flood elevation". You must revise your application to reflect demolition of the drywall and wood flooring and return to original type light weight paneling and flooring such as original installation from factory. If you have an elevation certificate showing that the top of the finished floor of your mobile home is at or above 9.0 mean sea level, this application may proceed through the permitting process if you obtain "as built" and "to complete" engineered sealed plans.

If you have any questions, please do not hesitate to contact me at (305) 289-2518.

Sincerely,

Dianne Bair
Special Projects Administrator

ORDER IMPOSING PENALTY/LIEN

THIS CAUSE having come on for public hearing before the Special Magistrate on **2005**, after due notice to the Respondent(s), at which time the Special Magistrate heard testimony under oath, received evidence, and issued his Order finding the Respondent(s) in violation of Monroe County Code Section(s): **§9.5-111(1)**.

Said Order, and subsequent orders, required the Respondent(s) to correct the violation(s) by **August 18th 2005**, and further, that failure to correct the violation(s) by the compliance date may result in a fine per day, being imposed for each day thereafter that there is noncompliance. At the meeting of the Special Magistrate held on **March 30th 2006**, Inspector Reed testified that the following violation(s) had not yet been corrected: **§9.5-111(1)**.

ACCORDINGLY, the Special Magistrate finding that the violation(s) had not been corrected, as previously ordered, it is hereby:

ORDERED that the Respondent(s) pay to Monroe County, Florida, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)**, per day, beginning **August 19th 2005**, and for each and every day thereafter that the violation(s) exist(s) and/or continue(s) to exist.

Pursuant to Florida Statutes Section 162.07, a fine in the amount of **\$100.00 (ONE HUNDRED DOLLARS)** is hereby levied for the administrative recovery for prosecution and investigation.

THIS ORDER SHALL CONSTITUTE A LIEN AGAINST THE LAND ON WHICH THE VIOLATION(S) EXIST(S) AND UPON ANY OTHER REAL OR PERSONAL PROPERTY OWNED BY THE VIOLATOR(S).

RE: ATF application 053-3404 – 239 Camelot – CE Case# 05020427

Dear Mr. Tobin:

Subsequent to our meeting of Tuesday November 28, 2006, I reviewed Mr. Aguiar's file and code enforcement case. Unfortunately, I am of the opinion that you do not recognize the full extent of the construction accomplished without benefit of a permit. I would like to take this opportunity to address this and to correct some misinformation in your letter dated November 27, 2006. Your letter states that it was your "*understanding that I did not agree with Dianne Bair who interprets the floodplain ordinance to require elevation if any of the original material is replaced*". I want to clarify my position that this is not an interpretation, and I neither agree nor disagree. This is a law adopted by the Board of County Commissioners. This Monroe County law requires elevation if a mobile home is altered or modified by engineering standards more stringent than originally required. I uphold the law adopted by ordinance.

I do not agree with your opinion that "*the statute that Ms. Bair relies on only applies to manufacturers and distributors, not to homeowners*". This is a moot point. Once the County amends an ordinance to include language that is adopted by the BOCC and approved by the Department of Community Affairs it applies to all. The direction quoting Ch 320.8232 was provided to the Monroe County Building Official in a letter

from the Department of Highway Safety and Motor Vehicles dated October 15, 1998 as a response to a request for guidance from the Building Official as to how the building department should permit repair to mobile/manufactured homes after Hurricane Georges. This direction to the building official contained no caveat that 320.8232 was only for manufacturers and distributors and should not be utilized for the purpose of permitting homeowners. In fact the last paragraph in the letter to the Building Official states *"These are the Statutes and Rules that should be followed when repairing mobile homes."* Subsequently, the County chose to follow this direction as well as give some relief by amending its ordinance to allow different materials provided there is proper engineering and the unit is elevated. The purpose was to prohibit hybrid units at ground level, some of which have turned into houses below base flood elevation. AND, at the same time provide homeowners an alternative, by allowing engineered hybrid construction above base flood elevation where the 50% rule would not apply so these units could be strengthened and altered. This part of the code is not contrary to the non-substantial (50%) improvement rule. The non-substantial improvement rule deals with any non-conforming structure that is substantially damaged or substantially improved. 9.5-317(b)(4)g. deals with the application of material in manufactured homes other than what the original construction consisted of.

Your e-mail of November 29, 2006 refers to *"replacing 30 linear feet of paneling with drywall and replacing some vinyl tiles for wood floors"*. More construction than that occurred. The code enforcement officer cited Mr. Aguiar for: **"Total Interior remodel in progress. Drywall, plumbing, electrical, framing and painting."** It also states: **"Remodeling bright yellow trailer with drywall and planks for wall siding."** The photos on file indicate the complete gutting of the interior including all partitions, plumbing and electrical. In addition, the exterior of the unit has T-111 siding. It appears from a cursory review that the work cited under CE 05020427 constitutes a substantial improvement. This means that in addition to elevation required by 9.5-317(b)(4)g., further engineering will be required to retrofit the entire unit to meet all Florida Building Code.

In conclusion, the building department stands by the original decision based on the Monroe County Code. Mr. Aguiar's application was denied on July, 18, 2005. The

denial is based on the Section 9.5-317(b)(4)g. That decision should have been appealed. Regretfully, I have no authority but to follow the law.

If you have any questions, please do not hesitate to contact me at (305) 289-2574.

Subject: Code Enforcement Case: CE05020427

Dear Alexander Aguiar and Elizabeth Ginart,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code enforcement action. Additionally our records indicate that the violation(s) remain. Please take note that the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

The current amount of the Code Enforcement Lien is \$164,200.00. The lien was recorded in the Official Records of Monroe County on February 12, 2010 at Document 1777503, Book 2452, Page(s) 1971-1972. This lien is a lien on the property that was the subject of the code enforcement action and upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to Monroe County Code Enforcement Dept., 2798 Overseas Highway, Suite 330 (Attention: Nicole Petrick), Marathon, Florida 33050. Within 30 days of the date of compliance and clearance of the payment in full, the County will provide a release and satisfaction of said lien to you. It is then your responsibility to record the release and satisfaction in the Monroe County Clerk of Courts.

If the property does not gain compliance and the County does not receive payment in full within fourteen (14) days of the date of this letter, a collection foreclosure action will begin against you.

Very truly yours,

Dated: Feb 17, 2010

Lisa Granger

**NOTICE OF MOTION TO AUTHORIZE FORECLOSURE AND/OR MONEY JUDGMENT
PROCEEDINGS & NOTICE OF HEARING**

Petitioner Monroe County will move the Monroe County Code Compliance Special Magistrate, pursuant to F.S. 162.09(3), to authorize foreclosure and/or money judgment proceedings on the Code Compliance Final Order/Lien in this case, which was recorded in the Official Records of Monroe County on February 12, 2010, Book 2452, Page 1971 on the property that was the subject of the code compliance action described as: 239 CAMELOT DR., KEY LARGO, MONROE COUNTY, FLORIDA, RE# 00480111011200 , and upon any and all other real and/or personal property you own. The current outstanding amount of the County's lien as of September 26, 2015 is \$369,300.80 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This motion will be considered on November 19, 2015 at the Marathon Government Center, 2798 Overseas Highway, EOC Meeting Room at 9:00 a.m., Marathon, FL 33050.

Subject: Code Case: CE05020427
Location: 239 CAMELOT DR., KEY LARGO, FL 33037

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action and upon any and all other real and/or personal property you own.

Please take notice that a Public Hearing will be conducted by the Code Compliance Special Magistrate on November 19, 2015. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

Respectfully yours,

Kathleen Windsor

Hi Joel,

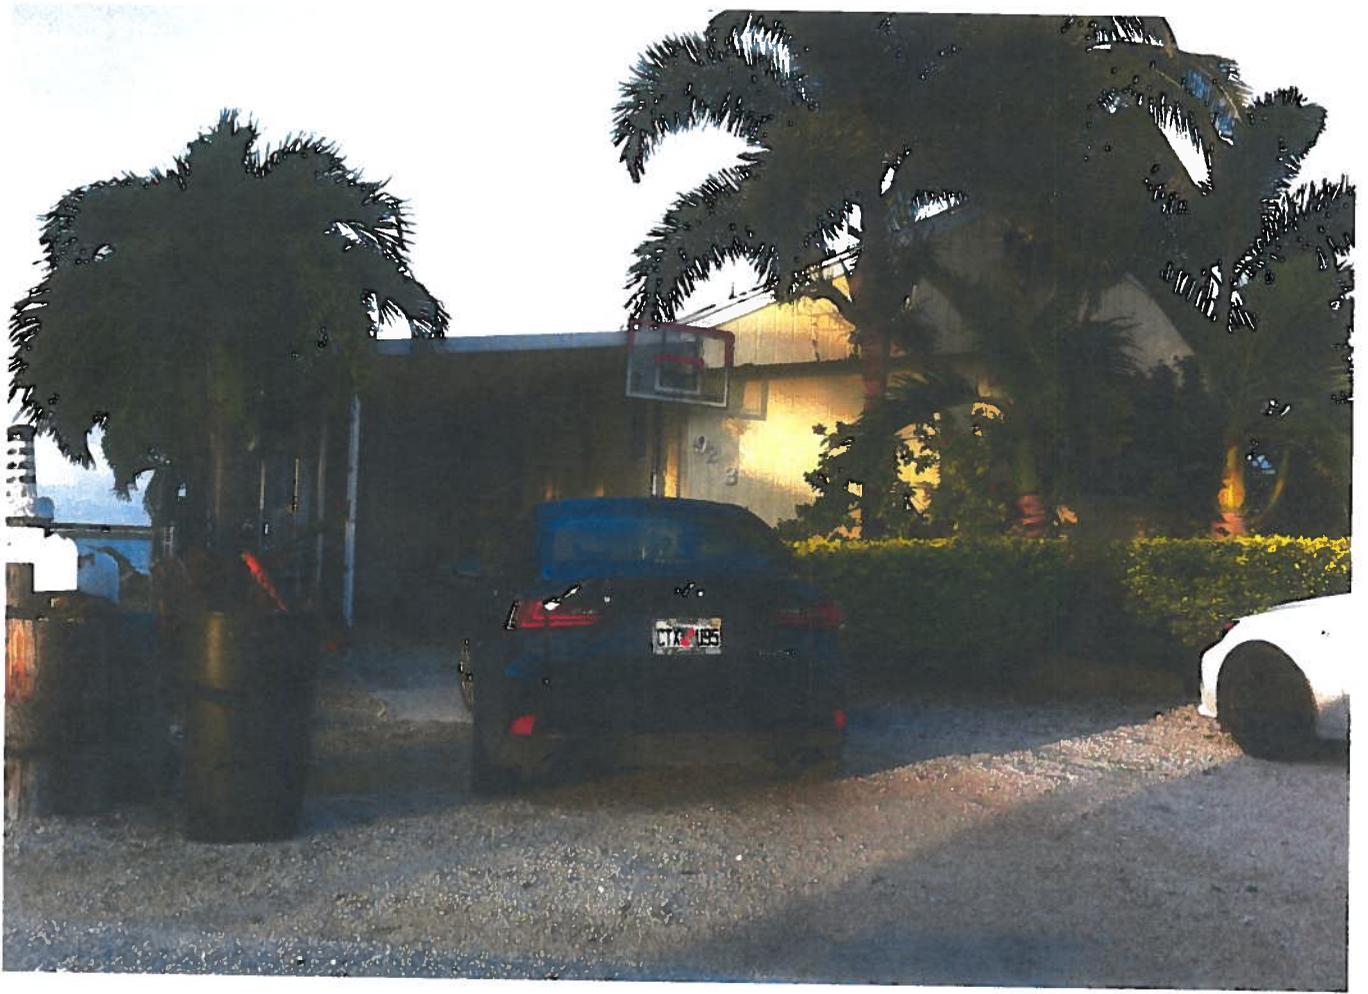

I have prepared this case for Special Magistrate for November. (The appeal is long over and the bank foreclosure appears stalled and I think the property owners are going to retain ownership.)

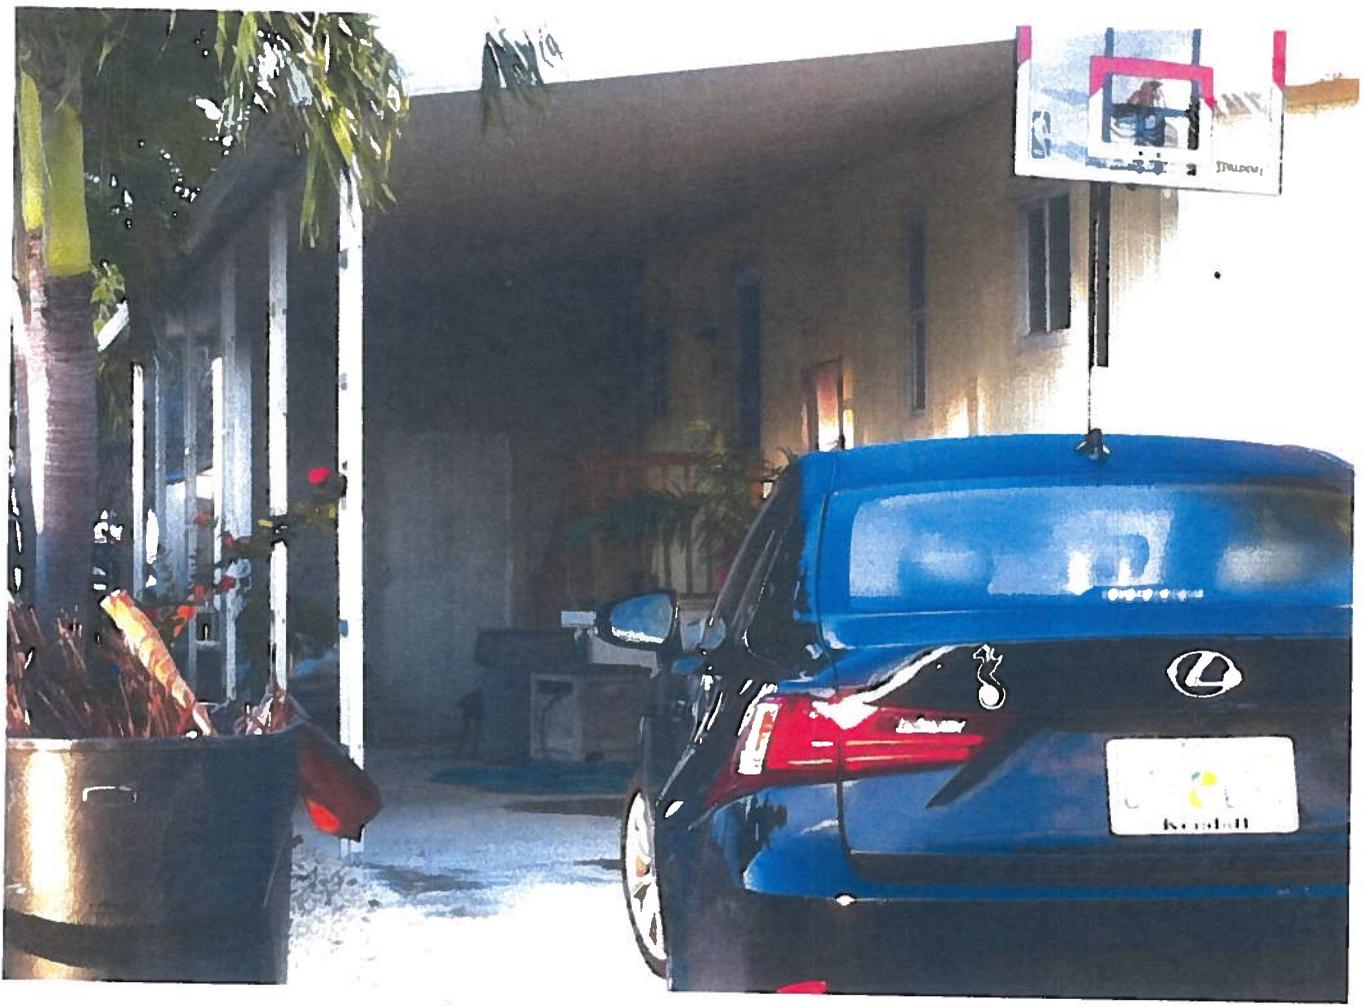

Could you drive by and just confirm that the structure is still there. If it looks like these last photos you took, I don't need new ones.

Thank you

Kat

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No

Division: County Attorney
Staff Contact /Phone #: Steve Williams/292-3470

AGENDA ITEM WORDING: Authorization to initiate litigation against Kenneth Allen Newsom and the property located at 30083 Pine Channel Road, Big Pine Key, Florida, to seek compliance with the County Codes and enforce a lien arising from code compliance case number CE08100108.

ITEM BACKGROUND:

This property was the subject of a Code Compliance case for lack of a valid permit for construction and/or completion thereof, and habitation of the Single Family Residence without the required inspections and/or a Certificate of Occupancy. The fines total \$844,200.00 as of March 7, 2016 and will continue to accrue at \$350.00 per day until compliance is achieved.

CE08100108: The Special Magistrate found the property in violation and ordered a compliance date of July 30, 2009. The property owner did not gain compliance by the deadline ordered by the Special Magistrate and the fine(s) began to accrue. The County's lien was recorded on August 6, 2009. The code case remains open for non-compliance and failure to pay outstanding fines and costs.

The property is not homesteaded and there are no pending foreclosure actions at this time.

Under the policy adopted in Resolution 057-2014 the available legal options in regard to the County's lien on this property are:

1. Initiate litigation against the property owner for injunction, foreclosure, writ of execution and money judgment;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure, writ of execution and money judgment.

MEMORANDUM

TO: Steve Williams, Assistant County Attorney
FROM: Kathleen Windsor, Sr. Code Compliance Research Analyst *KW*
DATE: March 7, 2016
SUBJECT: Recommendation to County Attorney's Office for further action.
SUBJECT PROPERTY: 30083 PINE CHANNEL RD BIG PINE KEY

SUMMARY:

As a result of the Final Order in code compliance case CE08100108, daily fines in the amount of \$350.00 per day have accrued for approximately 2412 days for a total of \$844,200.00 and continue to accrue. All attempts to gain voluntary compliance from the property owner have failed. The subject property, owned by Kenneth Allen Newsom, remains in violation of Monroe County Code.

CASE CE08100108 BACKGROUND:

On October 10, 2008 a complaint was received by the Code Compliance Department for the lack of a valid permit for construction and/or completion thereof, and habitation of the Single Family Residence without the required inspections and/or a Certificate of Occupancy. Research revealed the Building Official, Joe Paskalik had mailed a letter to Mr. Newsom on August 14, 2008. Research also revealed that on June 11, 1996 Mr. Newsom entered into a Completion Agreement with the County agreeing to proceed with the construction by December 11, 1996. Additionally Mr. Newsom acknowledged that without a Certificate of Occupancy being issued, habitation within the structure cannot legally take place. Inspections were not performed timely and the case was referred to the Code Department. Research also reveals that in 2000, the property appraiser inspectors noted that the structure was unfinished and the owner has been living in the house for the last 3 years.

Subsequently a "Notice of Violation/Notice of Hearing" was mailed via certified mail to the property owner on December 9, 2008 to appear at the Special Magistrate Hearing on January 29, 2009. The return receipt was signed on December 17, 2008. The hearing was held and Mr. Newsom attended and admitted to the violations. At the hearing, the Code Compliance Special Magistrate found the property in violation of:

- MCC Sec. 6-18(D) - FAILURE TO COMPLY WITH CONDITIONS OF PERMIT 921-5187 AND THE COMPLETION AGREEMENT DATED JUNE 11, 1996.
- MCC Sec. 6-33 - A NEW PERMIT IS REQUIRED BY MONROE COUNTY BEFORE WORK MAY PROCEED ON THIS PROPERTY.
- MCC Sec. 6-4(b) - THIS PROPERTY HAS BEEN DEEMED UNSAFE BY THE BUILDING OFFICIAL DUE TO THE LACK OF VALID PERMIT(S), APPROVAL(S) AND INSPECTION(S), AND THE LACK OF A CERTIFICATE OF OCCUPANCY.
- MCC Sec. 6-41(a) - THE STRUCTURE ON YOUR PROPERTY HAS NOT RECEIVED THE REQUIRED INSPECTIONS AND A CERTIFICATE OF OCCUPANCY FOR HABITATION. THEREFORE LONG TERM AND/OR SHORT TERM TENANCIES THAT INVOLVE HABITATION,

INCLUDING BUT NOT LIMITED TO EATING, SLEEPING AND BATHING ARE PROHIBITED ON THIS PROPERTY.

- MCC Sec. 6-41(b) - THE BUILDING OFFICIAL HAS DEEMED THAT INSPECTIONS ARE NECESSARY PRIOR TO THE ISSUANCE OF A CERTIFICATE OF OCCUPANCY ON THIS PROPERTY.

The Special Magistrate imposed a compliance date of July 30, 2009 and ordered the respondent to attend a compliance/review hearing to be held on that date.

The hearing was held on July 30, 2009 and the permit 92105187 had been renewed on December 31, 2008, therefore that count (6-33) was deemed compliant. The other counts remain in violation as cited. The Special Magistrate imposed fines beginning on July 30, 2009 and ordered no occupancy of the structure and issuing a *Final Order* for same.

Compliance was not achieved by that date and the Final Order was recorded as a lien on behalf of the BOCC on August 6, 2009. The property owner appealed that that order and that case was dismissed on April 14, 2010 by the circuit court.

Subsequently a "*Notice of Motion to Authorize Collection Proceedings and Notice of Hearing*" was mailed to the property owner on August 6, 2014 and a hearing was held on August 28, 2014. The Special Magistrate issued an "*Order Authorizing Foreclosure*".

Following that order, the permit was renewed again for inspections on November 19, 2014.

As of March 7, 2016 no certificate of occupancy has been issued and a permit fee balance of \$1,634.00 remains unpaid. Staff has exhausted all other mechanisms available to persuade the property owner to achieve compliance.

As of March 7, 2016, the total amount of the lien is \$844,641.01 (\$844,200.00 fines and \$441.01 costs), and the costs and fines will continue to accrue until compliance is achieved and the lien is paid.

STAFF RECOMMENDATIONS:

Approval to proceed with litigation to compel the property owner Kenneth Allen Newsom to comply with various county ordinances and correct the code violations of Code Compliance Case CE08100108.

TO MONROE COUNTY: CODE, BUILDING, PROPERTY APPRAISOR: SUPERVISORS
IF APPROPRIATE WE CAN ALSO SEND A COPY OUR OUR COMPLAINT TO MR.
GEORGE NUGENT, COUNTY COMMISSIONER
FOR MONROE CO. 246 221 0012

Newsom Kennetha Alica BK1 Lot 12
ART KEY # 1314257

MR. NEWSOM ADDRESS IS (30083-PINE CHANNEL ROAD) ONCE YOU TURN DOWN
PINE CHANNEL RD. BIG PINE KEY- IT'S THE 10TH HOME ON THE LEFT. PLEASE
SEE ENCLOSED PICTURES TO INSURE YOU GET THE CORRECT HOME SINCE WE DO
NOT KNOW THE LOT NUMBER.

MR. NEWSOM HAS BEEN LIVING THERE FOR YEARS WITHOUT EVEN A
CERTIFICATE OF OCCUPANCY.

HE HAS CONTINUED TO DO ELECTRICAL AS WELL AS MAJOR CONSTRUCTION
WITHOUT OBTAINING PERMITS.

I DOUBT THIS INDIVIDUAL IS PAYING THE REQUIRED AMOUNT OF PROPERTY TAX
AND AM CONCERNED HE HAS FOR YEARS PROBABLY BROKEN MOST OF THE
COUNTY'S CODES WITHOUT CONCERN FOR HIS NEIGHBORS WHO OBEY THE
LAW. ATTEMPTS TO COMMUNICATE WITH HIM ABOUT THE ABOVE AND AT
TIMES HIS LOUD MUSIC HAVE BEEN INVANE AND IT IS TIME THE COUNTY
INVESTIGATED THIS INDIVIDUAL.

DIRECTIONS TO HIS HOME;

GOING SOUTH IN BIG PINE KEY, FL. TURN LEFT
ON NEWFOND BLVD (THERE IS A MOBIL GAS STATION ON THE SE CORNER. THE
ROAD BREAKS TO THE LEFT AND YOU WILL PASS PELICAN RD AND THEN
HOWARTH WHERE ON YOUR LEFT IS PINE CHANNEL ROAD/ ITS MARKED AT THE
BEGINNING ON BOTH SIDES WITH SIGNS SAYING "PRIVATE RD" DEAD END. IT IS
IN POOR SHAPE WITH LARGE POT HOLES.

NORMALLY WE WOULD BE GLAD TO SIGN OUR NAMES BUT FEEL IF THIS
INDIVIDUAL FOUND OUT WHO REPORTED HIM HE WOULD SEEK VENGEANCE BASED
ON PRIOR EXPERIENCES AND STORIES FROM OTHER NEIGHBORS. WE WERE
PROVIDED THE FOLLOWING PHONE NUMBER FROM A NEIGHBOR BUT WE TOLD HE
MONITORS ALL CALLS. (305) 872-2770.

RE: 921-5187 Parcel 00246221-001200
Lot 12 Block 1 Pine Key Yacht Club Estates

In the process of archiving Building Department files the following was discovered:

- 1) No final inspections have been done.
- 2) No "Certificate of Occupancy" has been issued.
- 3) No final approval has been submitted from the Department of Health for the septic system.
- 4) You applied in 1989 for an "Affordable Housing" exemption from impact fees.
- 5) According to the Property Appraiser the house has been occupied since 2000 and homesteaded since 2005.

Therefore:

The following is required:

- 1) Renew the permit and receive approved final inspections and a Certificate of Occupancy.
- 2) Furnish the Building Department with a final approval from the Department of Health for the Septic System.
- 3) Apply and qualify for "Affordable Housing" exemption under the current regulations or pay the current impact fee which were waived in 1989.

You must contact the Monroe County Building Department within 15 days of receipt of this letter or your file will be turned over to Code Enforcement.

Sincerely,

Joseph Paskalik
Building Official

COMPLETION AGREEMENT

DATE June 11, 1996

BY: PROPERTY OWNER(S) Kenneth A Newsom and Alicia Newsom

PROPERTY DESCRIPTION Block 1, 12 Pine Key Yacht Club Estates, Big Pine Key 0246221-001200

LAST PERMIT NO. 92-1-5187

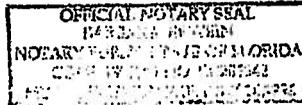

Pursuant to Monroe County Code Section 6-40(e)(2) the unfinished structure built on subject property (under subject permit) has been declared a public nuisance and is hereby referred to the Code Enforcement Department for resolution (M.C.C. Section 6-16.2).

In order to satisfy the requirements of the Code Enforcement Department, the Building Department and the Standard Unsafe Building Abatement Code, the undersigned agrees to obtain either a "Final Exterior Inspection Approval" (M.C.C. Section 6-40(e)(2)) or a "Certificate of Occupancy" (M.C.C. Section 9.5-117) no later than December 11, 1996. The undersigned fully warrants that this new, additional period of time granted will be sufficient to successfully meet the aforementioned, specified completion date. In addition, the undersigned recognizes & agrees that without a "Certificate of Occupancy" being issued, habitation (M.C.C. Section 9.5-4 (H-1)) within the structure cannot legally take place.

It is further understood that failure (for any reason other than "acts of God") to meet the aforementioned specified completion date, will result in the automatic referral of this case to the Code Enforcement Special Master for his determination. Appropriate action by the Special Master may include, but not be limited to, imposition of fines with subsequent liens and foreclosures of the property pursuant to Florida Statutes Chapter 162.

UNDERSTOOD AND AGREED TO:

Signature of Kenneth A. Newsom, DATE 6/11/96 (MUST BE SIGNED BY ALL) PROPERTY OWNER(S)

RE: Completion Agreement - Newsom
Last Permit #92-1-5187

Attached please find a copy of the executed "Completion Agreement" for Kenneth Allen and Alicia Newsom.

Mr. and Mrs. Newsom were supposed to receive either a C.O. or an approved Final Exterior Inspection by December 11, 1996. At this time there has been no additional inspections on this home.

Since they have not contacted me, I have tried to call their home but have not been able to reach them. They do not have an answering machine.

I am turning this file over to you for your action.

MEMORANDUM

Reviewed [Signature]

TO: Joe Paskalik, Building Official

FROM: [Signature] Windsor

SUBJECT: Unsafe Structure Referral

DATE: 10/29/08

Attached please find photographs/documents regarding Code Enforcement Case CE 08100108 for your review.

Owner/ Tenant: Newson Physical Address: 30083 Pine Channel Rd
KEY: RE: 0024621 LOT: BK: SUB: BPK
Comments: 001200

Habitation Prior to Required inspections and issuance of Certificate of Occupancy. Completion Agreement not adhered to. Permit for construction is now null and void.

I have reviewed the documents/photographs provided to me regarding the above Code Enforcement Case.

It is my opinion, based upon these documents/photographs that the structure is:

X Unsafe and will /will not require a building permit to bring violation into compliance

 Not being maintained in a safe and sanitary condition and is in violation of MCC 6-4(A)(C) The Standard Unsafe Building Abatement Code as adopted.

[Signature]
Joe Paskalik, Building Official

MONROE COUNTY CODE ENFORCEMENT
NOTICE OF VIOLATION/NOTICE OF HEARING

TO: Keneth Allen Newsom & Alicia Newsome T/C 30M CASE NUMBER: CE08100108
30083 Pine Channel Road
Big Pine Key, FL 33043

RE NUMBER: 00246221001200
LOCATION : 30083 PINE CHANNEL ROAD
BIG PINE KEY, FL 33043

DEAR PROPERTY OWNER / TENANT,

You are hereby notified that an inspection of the above referenced property on 10/22/08 found violations of the following Monroe County Section(s) :

6-18(D)

FAILURE TO COMPLY WITH CONDITIONS OF PERMIT 921-5187 AND THE COMPLETION AGREEMENT DATED JUNE 11. 1996.

Corrective Action Required:

Contact the Monroe County Building Department regarding the conditions of your permit.

6-33

A NEW PERMIT IS REQUIRED BY MONROE COUNTY BEFORE WORK MAY PROCEED ON THIS PROPERTY.

Corrective Action Required:

All work is to cease until a new permit is obtained. Contact the Monroe County Building Department to obtain the permit. Final inspections are required on all permits.

6-4(b)

THIS PROPERTY HAS BEEN DEEMED UNSAFE BY THE BUILDING OFFICIAL DUE TO THE LACK OF VALID PERMIT(S), APPROVAL(S) AND INSPECTION(S), AND THE LACK OF A CERTIFICATE OF OCCUPANCY.

Corrective Action Required:

All such unsafe buildings shall be abated by repair and rehabilitation or by demolition. Permit and inspections are required. NO EXTRA TIME IS GIVEN TO COMPLY AS THIS VIOLATION POSES A SERIOUS THREAT TO PUBLIC HEALTH, SAFETY AND WELFARE.

6-41(a)

THE STRUCTURE ON YOUR PROPERTY HAS NOT RECEIVED THE REQUIRED INSPECTIONS AND A CERTIFICATE OF OCCUPANCY FOR HABITATION. THEREFORE LONG TERM AND/OR SHORT TERM TENANCIES THAT INVOLVE HABITATION, INCLUDING BUT NOT LIMITED TO EATING, SLEEPING AND BATHING ARE PROHIBITED ON THIS PROPERTY.

Corrective Action Required:

Contact the Monroe County Building Department and obtain a final inspection so a Certificate of Occupancy can be issued.

6-41(b)

THE BUILDING OFFICIAL HAS DEEMED THAT INSPECTIONS ARE NECESSARY PRIOR TO THE ISSUANCE OF A CERTIFICATE OF OCCUPANCY ON THIS PROPERTY.

17

Corrective Action Required:

Contact the Monroe County Building Department and obtain all necessary inspections and/or permits which are required for a Certificate of Occupancy.

TO AVOID FINES AND/OR COSTS OF prosecution as per Chapter 162 F.S. all violations noted above must be corrected by 12/09/2008

IT IS YOUR RESPONSIBILITY TO CALL YOUR INSPECTOR AND REQUEST A RE-INSPECTION. If you fail to correct the above described violation(s) by the above date, or if you wish to contest the alleged violation(s), you must appear before the Special Magistrate as stated below.

**** NOTICE OF ADMINISTRATIVE HEARING ****

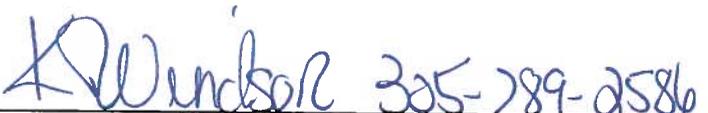

PLEASE TAKE NOTICE that a Public Hearing will be conducted by the Special Magistrate in the above case on 01/29/2009 at 9:00 AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida. The purpose of this hearing is to determine if in fact, a violation currently exists, the appropriate action to be taken, and any fines or penalties to be imposed. YOUR FAILURE TO APPEAR MAY RESULT IN A FINE OR PENALTY BEING IMPOSED AGAINST YOU AND A LIEN BEING IMPOSED ON YOUR PROPERTY. You may appear in person and/or be represented by an attorney. If you are represented by an attorney, your attorney is required to file a written notice of appearance with this office prior to the hearing.

*IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based.

Should you seek a continuance of your administrative hearing, the presiding officer may grant a continuance of a hearing for good cause shown. Except in cases of emergency, requests for continuance must be made at least FIVE working prior to the date noticed for the hearing. A request for continuance DOES NOT GUARANTEE a postponement of your hearing. Contact the office of the Liaison for the Special Magistrate to submit your request.

Pursuant to F.S. Chapter 162.09(2)(d), your failure to correct the violation(s) may result in the imposition of a fine, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the local government in enforcing its codes and all costs of repairs pursuant to subsection (1).

Date: 12/09/08

)
 vs.) Case No. CE08100108
)
 KENETH ALLEN NEWSOM and)
 ALICIA NEWSOM T/C)
)
 Respondents.)
 _____)

FINAL ORDER

This case was heard at public hearing before the Code Enforcement Special Magistrate on January, at the Monroe County Government Regional Center, located at 2798 Overseas Highway, Marathon, Florida. Having fully considered the evidence presented at hearing, including testimony of witnesses under oath, the following findings of fact and conclusions of law are made:

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. The Respondents are the owners of record of property located at:
BK 1 LT 12 PINE KEY YACHT CLUB ESTATES BIG PINE KEY.
RE#: 00246221-001200
2. The Respondents were duly noticed of the hearing; and
3. The above-described property is in violation of the Monroe County Code as described in Exhibit "A," which is attached hereto and incorporated herein.

Therefore it is

ORDERED AND ADJUGED:

1. Respondents are found to be in violation of the Monroe County Code as described in Exhibit "A", and are ordered to correct all violations on or before July 30, 2009 (hereinafter

referred to as the "Compliance Date") and attend a compliance/review hearing to be held on July 30, 2009.

2. Upon complying, Respondents shall notify the Code Inspector in this case, who shall re-inspect the property and, if the property is determined by the Code Inspector to be in compliance, notify the Code Enforcement Department.

3. Noncompliance by the Compliance Date may result in the imposition of a fine for each Code violation and for each day after the Compliance Date that Respondents are in violation.

4. Pursuant to Section 162.07, Florida Statutes, costs in an amount to be determined at the conclusion of this case are hereby levied for the administrative recovery of the costs of prosecuting and investigating this matter. Costs will continue to accrue until compliance is achieved.

5. In the event of nonpayment of fines and costs imposed on Respondents, a certified copy of an order imposing fine may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violators.

DONE AND ORDERED at the Division of Administrative Hearing, Tallahassee, Florida, this 24 day of February, 2009.

Larry J. Sartin
Code Enforcement Special Magistrate

STATE OF FLORIDA
COUNTY OF LEON

I HEREBY CERTIFY that on this day, before me, an officer duly authorized in the State aforesaid and in the County aforesaid, to take acknowledgements, personally appeared Larry J. Sartin, personally known to me, who executed the foregoing and acknowledged before me that he executed the same.

WITNESS my hand and official seal in the County and State last aforesaid this 24 day of February, 2009.

Notary Public

Elma Williams
Commission # DD481642
Expires December 2, 2009
Bonded Troy Fain Insurance Inc 800-385-7019

NOTICE OF RIGHT TO JUDICIAL REVIEW

This Final Order may be appealed pursuant to Section 162.11, Florida Statutes, by an aggrieved party, including Monroe County. Any such appeal will be limited to appellate review of the record created before the Special Magistrate. Any appeal must be filed with the Circuit Court within 30 days of the date of the execution of this Final Order.

EXHIBIT "A"

VIOLATIONS:

COUNT 1. Section 6-18(d). Failure to comply with conditions of permit 921-5187 and the completion agreement dated June 11, 1996.

COUNT 2. Section 6-33. A new permit is required by Monroe County before work may proceed on this property.

COUNT 3. Section 6-4(b). This property has been deemed unsafe by the Building Official due to the lack of valid permit(s), approval(s) and inspection(s), and the lack of a Certificate of Occupancy.

COUNT 4. Section 6-41(a). The structure on your property has not received the required inspections and a certificate of occupancy for habitation. Therefore long term and/or short term tenancies that involve habitation, including but not limited to eating, sleeping and bathing are prohibited on this property.

COUNT 5. Section 6-41(b). The building official has deemed that inspections are necessary prior to the issuance of a certificate of occupancy on this property.

CORRECTIONS:

COUNT 1. Contact the Monroe County Building Department regarding the conditions of your permit.

COUNT 2. All work is to cease until a new permit is obtained. Contact the Monroe County Building Department to obtain the permit. Final inspections are required on all permits.

COUNT 3. All such unsafe buildings shall be abated by repair and re-habilitation or by demolition. Permit and inspections are required. **NO EXTRA TIME IS GIVEN TO COMPLY AS THIS VIOLATION POSES A SERIOUS THREAT TO PUBLIC HEALTH, SAFETY AND WELFARE.**

COUNT 4. Contact the Monroe County Building Department and obtain a final inspection so a Certificate of Occupancy can be issued.

COUNT 5. Contact the Monroe County Building Department and obtain all necessary inspections and/or permits which are required for a Certificate of Occupancy.

CONTACT YOUR CODE INSPECTOR UPON COMPLIANCE

Upper Keys (305) 453-8806

Middle Keys (305) 289-2810

Lower Keys (305) 292-4495

I HEREBY CERTIFY that a true and correct copy of the above has been furnished to the Respondents via first class mail at 30083 Pine Channel Road, Big Pine Key, FL 33043 this 13th day of February, 2009.

Nicole Petrick

BEFORE THE COUNTY CODE ENFORCEMENT SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,

vs.

MELBOETH ALLEN AND

ALICIA NEWSON T/K

Respondent(s).

Case No. CE 08100108

Subject Property Real Estate Number:
00240221-001200

Doc# 1754119 08/06/2009 11:34AM
Filed & Recorded in Official Records of
MONROE COUNTY DANNY L. KOLHAGE

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Enforcement Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative were/were not present and did/did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing. The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and pursuant to Section 162.07 of Florida Statutes costs in an amount to be determined at the conclusion of this case are hereby levied for the administrative recovery of the costs of prosecuting and investigating this matter. Costs will continue to accrue until compliance is achieved and case is closed. Furthermore, the Respondent(s) shall comply with those Code(s) referred to in the Notice of Violation/Notice of Hearing on or before 7/30/09 ("THE COMPLIANCE DATE").

In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the amount of:

\$ 6-18(D) \$ 50.00 6-41(B) \$ 50.00
6-4(B) \$ 250.00
6-41(A) \$ 50.00

Doc# 1754119
Bk# 2426 Pg# 594

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

() a one time fine of \$ _____ is ORDERED, and the condition causing the violation(s) is found to present a threat to the public health, safety and welfare. It is further ordered, that the County is hereby authorized to make all reasonable repairs which are required to bring the property into compliance and charge the respondent(s) with cost of repairs including administrative recovery of the costs of prosecuting and investigating this matter.

() The Respondent(s) is/are ordered to attend a compliance/review hearing to be held on _____, 20____.

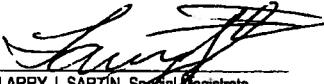

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE ENFORCEMENT AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

In the event of nonpayment of fines and costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months. Please make checks payable to Monroe County Code Enforcement and mail to: Monroe County Code Enforcement, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

() The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Enforcement within thirty (30) days of this Order.

NO OCCUPANCY EFFECTIVE 7/30/09

DATED this 30th day of JULY, 2009

LARRY J. MARTIN, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

Aug 06, 2014

Subject: Code Case: CE08100108
Location: 30083 PINE CHANNEL ROAD, BIG PINE KEY, FL 33043

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action and upon any and all other real and/or personal property you own.

Please take notice that a Public Hearing will be conducted by the Code Compliance Special Magistrate on **August 28, 2014**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Traci Schoenrock at (305) 292-4498.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

Respectfully yours,

Kathleen Windsor

Sec. 6-145. - Certificate of occupancy.

- (a) *Required.* No new building shall be occupied or a change made in the occupancy of an existing building until after the building official has issued a certificate of occupancy. *was 6-41 (A)*
- (b) *Issuance of certificate of occupancy.* Upon completion of construction of a building or structure and installation of electrical, gas, mechanical, and plumbing systems and after final inspections, the building official shall issue a certificate of occupancy if he verifies that the completed construction under the applicable permit:
- (1) Was found in compliance with the Florida Building Code and this chapter;
 - (2) Was found in compliance by the planning director with part II of this Code;
 - (3) Was found in compliance with fire prevention and life and safety codes by the fire marshal, where applicable; and
 - (4) That any on-site sewage disposal and treatment received an approved final inspection, where applicable.
- (c) *Debris removal.* No certificate of occupancy shall be issued unless all construction debris is removed from the site.
- (d) *Revocation of certificate of occupancy.* The building official may revoke any certificate of occupancy, if a false statement is contained in the permit application upon which the certificate is issued or if subsequent use does not conform with the land use (zoning) district in which the structure is located.
- (e) *Temporary certificate of occupancy.* The building official may issue a temporary certificate of occupancy for no more than 12 months for portions of a building that, in his determination, may be safely occupied prior to final completion of the building.

(Code 1979, § 6-41; Ord. No. 010-2002, § 8)

Sec. 6-101. - Building permit application process.

- (a) *Application.* An applicant for a building permit shall submit a completed application on a form approved by the building official along with a nonrefundable fee, if required by this chapter, and any other drawings, diagrams, and materials required by the building official to ensure compliance with the Florida Building Code and this chapter. The application shall be signed by the owner of the property or his authorized agent. No application shall be accepted for processing that is not deemed complete, that includes payment of all required fees, without the express written approval of the building official.
- (b) *Agents for owner builders.* In accordance with F.S. ch. 489, an agent may not apply for, nor be issued a permit on behalf of an owner builder.
- (c) *Permit issuance.* A building permit shall only be issued if the building official finds that it is consistent with the Florida Building Code and this chapter and is compliant with part II of this Code, as determined by the planning director.
- (d) *Permit conditions.* The building official may place conditions on a permit as are necessary to ensure development is carried out in compliance with all applicable regulations. Violation of a permit condition shall be a violation of this chapter. — was 6-18(D)
- (e) *Inspection prior to issuance of a permit.* Before issuing a permit, the building official may examine or cause to be examined any building, electrical, gas, mechanical or plumbing system for which an application has been received for a permit to enlarge, alter, repair, move, demolish, install or change the occupancy. He shall inspect all buildings, structures, electrical, gas, mechanical and plumbing systems, from time to time, during and upon completion of the work for which a permit was issued. He shall make a record of every such examination and inspection and of all violations of the technical codes.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes No

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Joseph Beaton and Elizabeth Beaton and the property located at 278 Scorpio Lane, Geiger Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE14120105.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$18,500.00 as of March 5, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE14120105: The Special Magistrate found the property in violation and ordered a compliance date of September 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on September 2, 2015. The County's lien was recorded on September 8, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner does not own additional real property;
- No efforts toward compliance have been made to date; and
- The public records of Monroe County indicate a pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: BEATON JOSEPH & ELIZABETH
278 SCORPIO LANE
KEY WEST, FL 33040**

Case Number: CE14120105

**Location: 278 SCORPIO LN GEIGER KEY, FL 33040
Re Number: 00145440000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 01/28/2015 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 04/30/2015 at 9:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **04/23/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

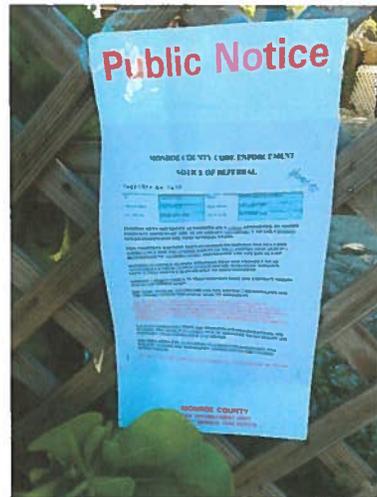

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

CERTIFICATION OF MAILING

I, Thomas G. Walker, Manager of Engineering, hereby certify that the 30 Day Notice for Connection to the Big Coppitt Wastewater System (**Exhibit A**) was mailed on August 10, 2009 to all property owners of the Big Coppitt Wastewater System listed on Schedule B (**Exhibit B**) attached hereto, which mailing was required by Monroe County Ordinance 017-2002 Section 5 (**Exhibit C**).

I further certify that on September 18, 2012 a letter (**Exhibit D**) was mailed to those individuals (**Exhibit E**) who have not connected to the wastewater system as of January 18, 2012.

Certified on September 17, 2013.

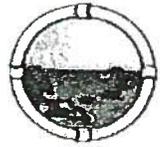

By: 
Thomas G. Walker, Manager of Engineering

FLORIDA KEYS AQUEDUCT AUTHORITY

1100 KENNEDY DRIVE, KEY WEST, FL 33040

BIG COPPITT WASTEWATER PROJECT

**RE: Notice To Connect To Available Central Wastewater System
Real Estate Number
Physical Address**

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with the Monroe County, has now made available centralized wastewater service to the above listed address. The FKAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from this property. All properties on Shark Key and all properties on the bayside of U.S. 1 on Big Coppitt Key are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is required. Your property is in Phase \diamond . The required connection date for this property is no later than \diamond , however you may connect your property any time prior to that date.

In order to facilitate an orderly connection process connection requirements are being implemented in phases. Please see the attached map and table for a description of the Big Coppitt and Shark Key streets eligible for connection and their compulsory connection date.

Billing for wastewater is based on the availability of the system and the establishment of a wastewater rate by the FKAA Board of Directors. Billing for wastewater will occur no sooner than the September billing cycle. The billing cycle will begin at the same time for all properties regardless of which connection phase your property is located in. The first wastewater billing cycle will consist of the base facility charge only. Subsequent bills will include the base facility charge and flow charge. A follow-up letter will provide information on the rates and billing cycle once it has been established by the FKAA Board of Directors. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 293-7524 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAA Representative, Olympia Newton at (305) 295-2144 if you have any questions about the connection process. You may also visit the FKAA website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System

Real Estate Number:

Physical Address:

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with Monroe County, has now made available centralized wastewater service to the above listed address. The FKAAs wastewater treatment facility and collection system is now ready to accept and treat wastewater from Rockland Ocean, Rockland Gulf, Big Coppitt Key and Geiger Key. All properties in the wastewater district are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is mandatory. The required connection date for this property is no later than January 11, 2010, however you may connect your property any time prior to that date.

Billing for wastewater is based on the availability of the system. Billing for wastewater will commence in January 2010.

The first wastewater billing cycle will consist of the base facility charge only. The base facility charge is based on meter size. Most residential meters are 5/8" and would receive a base facility charge of \$25.90. Subsequent bills will include the base facility charge and flow charge. Flow charges are calculated at a rate of \$9.80 per thousand gallons of water consumed. The consumption charges for single-family residences are capped at 12,000 gallons. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

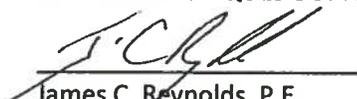

Please contact the Monroe County Department of Health at (305) 809-5670 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAAs Representative, Joshua Peele at (305) 809-2636 if you have any questions about the connection process. You may also visit the FKAAs website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BEFORE THE COUNTY CODE COMPLIANCE SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,
vs.

Case No.: CE14120105

Subject Property Real Estate Number: 00145440-000000

JOSEPH BEATON &
ELIZABETH BEATON
Respondent(s).

Doc# 2044755
Bk# 2759 Pg# 1838

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were / were not present and did / did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before _____ 9/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 30th day of April

John G. Van Lanningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Subject: Code Case CE14120105
Property Location: 278 SCORPIO LN, GEIGER KEY, FL 33040
Real Estate No.: 00145440000000

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1838. The current amount of the County's lien is \$1080.15 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495

FILE COPY

November 18, 2015

Subject: Code Case: CE14120105
Location: 278 SCORPIO LN GEIGER KEY

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$100.00 per day until the property comes into compliance. A daily fine of \$100.00 per day has currently accrued for 77 days for a current total of \$7,700.00

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$192.75 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$7,892.75 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

Mallory Jones

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330

ORDER AUTHORIZING FORECLOSURE

A Final Order was entered in this matter and was thereafter recorded as a lien. The lien has remained unpaid for at least 3 months from the date of the Order. Therefore, it is hereby ORDERED that the office of the Monroe County Attorney may institute foreclosure and/or money judgment proceedings to recover the amount of the lien plus accrued interest.

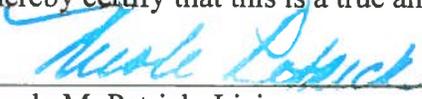

DONE AND ORDERED this 28th day of January, 2016, at the Marathon Government Center, Marathon, Florida.

John G. Van Laningham
Special Magistrate

CERTIFICATE OF ORDER

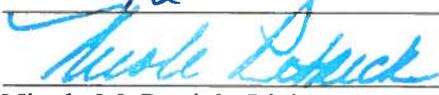

I hereby certify that this is a true and correct copy of the above Order.

Nicole M. Petrick, Liaison

CERTIFICATE OF SERVICE

I hereby certify that a true and correct copy of this Order has been furnished to the Respondent(s) via hand delivery / first class U.S. mail to Respondent(s) address of record w/ the Monroe County Property Appraiser's Office as referenced above and/or Authorized Representative n/a on this 29th day of January, 2016

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No _____

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Joseph P. Clements and the property located at 728 Prado Circle, Big Coppitt Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE14120053.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$18,400.00 as of March 4, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE14120053: The Special Magistrate found the property in violation and ordered a compliance date of September 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate and fines began to accrue on September 2, 2015. The County's lien was recorded on September 8, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is homesteaded;
- The property owner does not own additional real property;
- The property owner has applied for a building permit #16100491, to complete the wastewater connection;
- The public records of Monroe County indicate the permit has not been issued to date;
- The public records of Monroe County indicate no pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, and money judgment;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction and money judgment.

Re Number: 00149800000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 11/18/2014 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 04/30/2015 at 9:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **04/23/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AV0AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

PLEASE CALL INSPECTOR TRACI SCHOENROCK FOR QUESTIONS: 3

JOSEPH P. CLEMENTS &
DEBRA L. CLEMENTS T/C
Respondent(s).

Doc# 2044753
Bk# 2759 Pg# 1834

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were not present and did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before 9/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$ 100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 30TH day of April

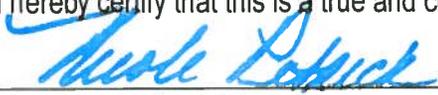

John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Subject: Code Case CE14120053
Property Location: 728 PRADO CIRCLE, BIG COPPITT KEY, FL 33040
Real Estate No.: 00149800000000

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1834. The current amount of the County's lien is \$1074.15 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact the Lower Keys Office at (305) 292-4495.

Respectfully yours,

Nicole Petrick
Special Magistrate Liaison

FILE COPY

November 18, 2015

Subject: Code Case: CE14120053
Location: 728 PRADO CIRCLE BIG COPPITT

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$100.00 per day until the property comes into compliance. A daily fine of \$100.00 per day has currently accrued for 77 days for a current total of \$7700.00.

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$186.75 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$7886.75 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

Mallory Jones

FILE COPY

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Mallory Jones at (305) 289-2540.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes No

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Jacob J Freeman and the property located at 6 Egret Lane, Gieger Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE14120093.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$18,500.00 as of March 5, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE14120093: The Special Magistrate found the property in violation and ordered a compliance date of September 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on September 2, 2015. The County's lien was recorded on September 8, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner does not own additional real property;
- No efforts toward compliance have been made to date; and
- The public records of Monroe County indicate a pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: FREEMAN JACOB J
6 EGRET LANE
KEY WEST, FL 33040**

Case Number: CE14120093

**Location: 6 EGRET LANE GEIGER KEY, FL 33040
Re Number: 00142000000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 01/28/2015 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 04/30/2015 at 9:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **04/23/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

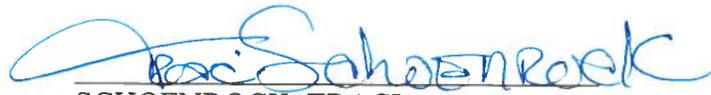

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

NOTICE OF REFERRAL

1/28/15

PROPERTY ON CASE

RE	0014200000000	Owner	FREEMAN JACOB J
Property Address	6 EGRET LANE	Owner Address	6 EGRET LANE
City/State/Zip	GEIGER KEY FL 33040	City/State/Zip	KEY WEST FL 33040

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

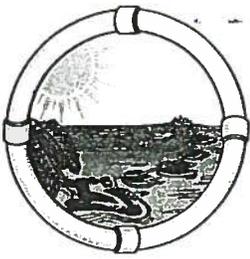

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

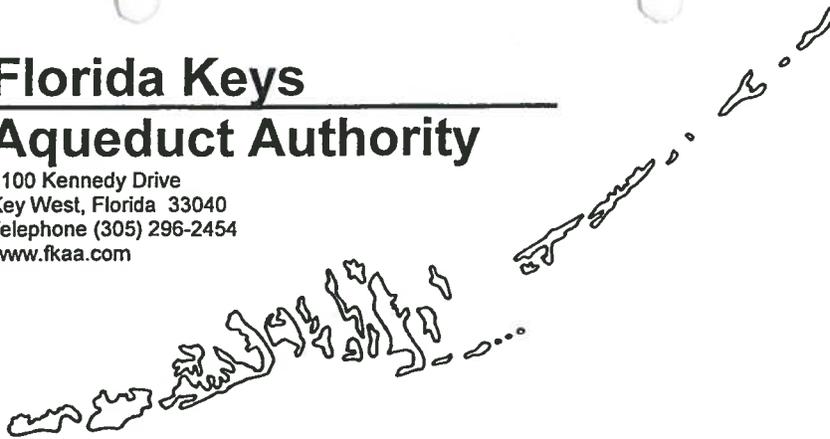

PLEASE CALL INSPECTOR TRACI SCHOENROCK FOR QUESTIONS:

CERTIFICATION OF MAILING

I, Thomas G. Walker, Manager of Engineering, hereby certify that the 30 Day Notice for Connection to the Big Coppitt Wastewater System (**Exhibit A**) was mailed on August 10, 2009 to all property owners of the Big Coppitt Wastewater System listed on Schedule B (**Exhibit B**) attached hereto, which mailing was required by Monroe County Ordinance 017-2002 Section 5 (**Exhibit C**).

I further certify that on September 18, 2012 a letter (**Exhibit D**) was mailed to those individuals (**Exhibit E**) who have not connected to the wastewater system as of January 18, 2012.

Certified on September 17, 2013.

By: _____

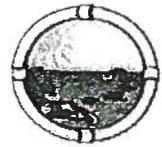

Thomas G. Walker, Manager of Engineering

FLORIDA KEYS AQUEDUCT AUTHORITY

1100 KENNEDY DRIVE, KEY WEST, FL 33040

BIG COPPITT WASTEWATER PROJECT

**RE: Notice To Connect To Available Central Wastewater System
Real Estate Number
Physical Address**

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with the Monroe County, has now made available centralized wastewater service to the above listed address. The FKAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from this property. All properties on Shark Key and all properties on the bayside of U.S. 1 on Big Coppitt Key are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is required. Your property is in Phase ◊. The required connection date for this property is no later than ◊, however you may connect your property any time prior to that date.

In order to facilitate an orderly connection process connection requirements are being implemented in phases. Please see the attached map and table for a description of the Big Coppitt and Shark Key streets eligible for connection and their compulsory connection date.

Billing for wastewater is based on the availability of the system and the establishment of a wastewater rate by the FKAA Board of Directors. Billing for wastewater will occur no sooner than the September billing cycle. The billing cycle will begin at the same time for all properties regardless of which connection phase your property is located in. The first wastewater billing cycle will consist of the base facility charge only. Subsequent bills will include the base facility charge and flow charge. A follow-up letter will provide information on the rates and billing cycle once it has been established by the FKAA Board of Directors. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 293-7524 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAA Representative, Olympia Newton at (305) 295-2144 if you have any questions about the connection process. You may also visit the FKAA website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System

Real Estate Number:

Physical Address:

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with Monroe County, has now made available centralized wastewater service to the above listed address. The FKAAs wastewater treatment facility and collection system is now ready to accept and treat wastewater from Rockland Ocean, Rockland Gulf, Big Coppitt Key and Geiger Key. All properties in the wastewater district are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is mandatory. The required connection date for this property is no later than January 11, 2010, however you may connect your property any time prior to that date.

Billing for wastewater is based on the availability of the system. Billing for wastewater will commence in January 2010.

The first wastewater billing cycle will consist of the base facility charge only. The base facility charge is based on meter size. Most residential meters are 5/8" and would receive a base facility charge of \$25.90. Subsequent bills will include the base facility charge and flow charge. Flow charges are calculated at a rate of \$9.80 per thousand gallons of water consumed. The consumption charges for single-family residences are capped at 12,000 gallons. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

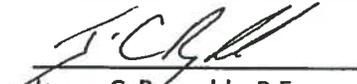

Please contact the Monroe County Department of Health at (305) 809-5670 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAAs Representative, Joshua Peele at (305) 809-2636 if you have any questions about the connection process. You may also visit the FKAAs website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BEFORE THE COUNTY CODE COMPLIANCE SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,
vs.

Case No.: CE14120093

Subject Property Real Estate Number: 00142000-000000

JACOB J. FREEMAN
Respondent(s).

Doc# 2044752
Bk# 2759 Pg# 1832

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were not present and did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before 9/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$ 100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

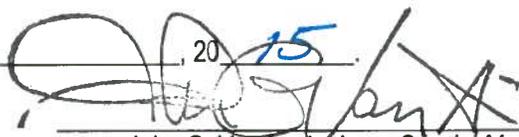

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 30TH day of April

John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Subject: Code Case CE14120093
Property Location: 6 EGRET LANE, GEIGER KEY, FL 33040
Real Estate No.: 00142000000000

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1832. The current amount of the County's lien is \$1074.15 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

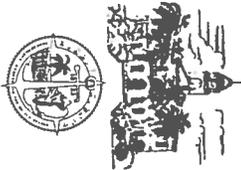

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Mallory Jones at (305) 289-2540.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes No

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Mark Holzapfel and the property located at 516 Park Dr., Rockland, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE15010049.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$15,500.00 as of March 5, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE15010049: The Special Magistrate found the property in violation and ordered a compliance date of October 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on October 2, 2015. The County's lien was recorded on October 9, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner does not own additional real property;
- No efforts toward compliance have been made to date; and
- The public records of Monroe County indicate no pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: HOLZAPFEL MARK
1300 15TH CT LOT 69
KEY WEST, FL 33040-4148**

Case Number: CE15010049

**Location: 516 PARK DR, ROCKLAND KEY, FL 33040
Re Number: 0014837000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 01/28/2015 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 05/28/2015 at 09:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **05/21/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

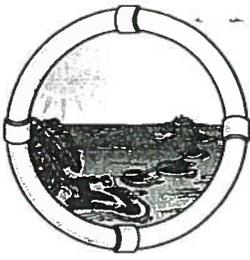

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

CERTIFICATION OF MAILING

I, Thomas G. Walker, Manager of Engineering, hereby certify that the 30 Day Notice for Connection to the Big Coppitt Wastewater System (**Exhibit A**) was mailed on August 10, 2009 to all property owners of the Big Coppitt Wastewater System listed on Schedule B (**Exhibit B**) attached hereto, which mailing was required by Monroe County Ordinance 017-2002 Section 5 (**Exhibit C**).

I further certify that on September 18, 2012 a letter (**Exhibit D**) was mailed to those individuals (**Exhibit E**) who have not connected to the wastewater system as of January 18, 2012.

Certified on September 17, 2013.

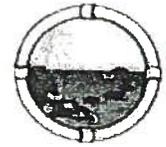

By: 
Thomas G. Walker, Manager of Engineering

FLORIDA KEYS AQUEDUCT AUTHORITY

1100 KENNEDY DRIVE, KEY WEST, FL 33040

BIG COPPITT WASTEWATER PROJECT

**RE: Notice To Connect To Available Central Wastewater System
Real Estate Number
Physical Address**

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with the Monroe County, has now made available centralized wastewater service to the above listed address. The FCAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from this property. All properties on Shark Key and all properties on the bayside of U.S. 1 on Big Coppitt Key are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is required. Your property is in Phase <. The required connection date for this property is no later than <, however you may connect your property any time prior to that date.

In order to facilitate an orderly connection process connection requirements are being implemented in phases. Please see the attached map and table for a description of the Big Coppitt and Shark Key streets eligible for connection and their compulsory connection date.

Billing for wastewater is based on the availability of the system and the establishment of a wastewater rate by the FCAA Board of Directors. Billing for wastewater will occur no sooner than the September billing cycle. The billing cycle will begin at the same time for all properties regardless of which connection phase your property is located in. The first wastewater billing cycle will consist of the base facility charge only. Subsequent bills will include the base facility charge and flow charge. A follow-up letter will provide information on the rates and billing cycle once it has been established by the FCAA Board of Directors. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 293-7524 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FCAA Representative, Olympia Newton at (305) 295-2144 if you have any questions about the connection process. You may also visit the FCAA website for detailed information on the connection process and construction requirements at www.fcaa.com/wastewater.htm.

Thank you for your assistance.

Dated this 10th day of August, 2009

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System

Real Estate Number:

Physical Address:

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with Monroe County, has now made available centralized wastewater service to the above listed address. The FCAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from Rockland Ocean, Rockland Gulf, Big Coppitt Key and Geiger Key. All properties in the wastewater district are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is mandatory. The required connection date for this property is no later than January 11, 2010, however you may connect your property any time prior to that date.

Billing for wastewater is based on the availability of the system. Billing for wastewater will commence in January 2010.

The first wastewater billing cycle will consist of the base facility charge only. The base facility charge is based on meter size. Most residential meters are 5/8" and would receive a base facility charge of \$25.90. Subsequent bills will include the base facility charge and flow charge. Flow charges are calculated at a rate of \$9.80 per thousand gallons of water consumed. The consumption charges for single-family residences are capped at 12,000 gallons. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

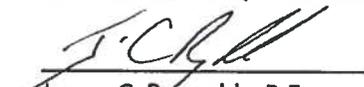

Please contact the Monroe County Department of Health at (305) 809-5670 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FCAA Representative, Joshua Peele at (305) 809-2636 if you have any questions about the connection process. You may also visit the FCAA website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

Dated this 8th day of December, 2009

FLORIDA KEYS AQUEDUCT AUTHORITY

BEFORE THE COUNTY CODE COMPLIANCE SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,

vs.

MARK HOLZAPFEL
Respondent(s).

Case No.: CE15010049

Subject Property Real Estate Number: 00148370-000000

Doc# 2048813 10/09/2015 4:26PM
Filed & Recorded in Official Records of
MONROE COUNTY AMY HEAVILIN

Doc# 2048813
Bk# 2764 Pg# 1548

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were / were not present and did / did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before 10/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$ 100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 28TH day of May

2015
John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Date: October 21, 2015

Subject: Code Case CE15010049
Property Location: 516 PARK DR, ROCKLAND KEY, FL 33040
Real Estate No.: 00148370-000000

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 10/09/15, Book 2764, Page 1548. The current amount of the County's lien is \$2033.66 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact the Lower Keys Office at (305) 292-4495.

Respectfully yours,

Nicole Petrick
Special Magistrate Liaison

December 30, 2015

Subject: Code Case: CE15010049
Location: 516 PARK DR ROCKLAND KEY

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$100.00 per day until the property comes into compliance. A daily fine of \$100.00 per day has currently accrued for 89 days for a current total of \$8,900.00.

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$181.66 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$9,081.66 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

Kathleen Windsor

Subject: Code Case: CE15010049
Location: 516 PARK DR ROCKLAND KEY, FL 33040

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on February 25, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No _____

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Mark D. Robinson and the property located at 23072 Snapper Lane, Cudjoe Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE09040030.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to comply with floodplain regulations by having an air condensing unit and hot water heater below base flood elevation and plumbing in the downstairs enclosure.. The fines total \$39,400.00 as of March 5, 2016 and will continue to accrue at \$200 per day until compliance is achieved.

CE09040030: The Special Magistrate found the property in violation and ordered a compliance date of August 20, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on August 21, 2015. The County's lien was recorded on September 2, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner does not own additional real property;
- No efforts toward compliance have been made to date; and
- The public records of Monroe County indicate no pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

TOTAL COST: Appx. \$2500.00 **INDIRECT COST:** _____ **BUDGETED:** Yes X No _____

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: ROBINSON MARK D
7 ERRETT RD
BETHANY BEACH, DE 19930-9064**

Case Number: CE09040030

**Location: 23072 SNAPPER LN , CUDJOE KEY, FL 33042
Re Number: 0018805000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 04/07/2009 and subsequently found the following violation(s) of the Monroe County Code:

122-4.(b)(1)d - PERMIT CONDITIONS/FLOOD HAZARD

AS PER THE LETTER PROVIDED FROM THE FLOODPLAIN MANAGER
DATED APRIL 7, 2009 YOUR DOWNSTAIRS ENCLOSURE IS IN
VIOLATION OF THE FOLLOWING ITEMS:

1. THERE IS AN AIR CONDENSING UNIT AND HOT WATER HEATER BELOW BASE FLOOD, AND
2. THERE IS PLUMBING IN THE ENCLOSURE.

Corrective Action Required:

CONTACT THE FLOODPLAIN MANAGEMENT OFFICE FOR INFORMATION TO BRING THE ENCLOSURE INTO COMPLIANCE. IF YOU HAVE ALREADY BEEN NOTIFIED BY THE FLOOD PLAIN MANAGEMENT OFFICE OF THE CORRECTIVE ACTION REQUIRED PLEASE FOLLOW THE REQUIREMENTS AS STATED IN THE LETTER. ITEMS BEING STORED UNDER THE ELEVATED STRUCTURE NOT DEFINED AS LIMITED STORAGE MUST BE REMOVED. BUILDING PERMITS, APPROVALS, INSPECTIONS AND/OR FINAL INSPECTIONS MAY ALSO BE REQUIRED.FLOOD PLAIN MANAGEMENT OFFICE (305)289-2866.

6-144.(7)b - INSPECTIONS-FINAL INSPECTIONS

ALL PERMITS REQUIRE PASSING FINAL APPROVALS AND INSPECTIONS.
THE FOLLOWING PERMITS REMAIN OPEN WITHOUT FINAL APPROVALS/INSPECTIONS:

- 1 Permit #93106638 Dock/Dock Facility
- 2 Permit #93106987 Clearing/Grubbing
- 3 Permit #98100044 Dock/Dock Facility
- 4 Permit #98100160 Roofing-Residential
- 5 Permit #98101999 Building Miscellaneous (Hurricane Damage)
 - Replace (4) Rafters in Roof
 - Replace Siding
 - Replace Plywood/Insulation and Dry In Roof
- 6 Permit #01100510 Paving/Driveway/Sidewalk
- 7 Permit #09101153 FEMA Insp Compliance Program

Corrective Action Required:

CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN REQUIRED FINAL INSPECTIONS OR RENEW PERMIT AS INSTRUCTED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 05/28/2015 at 09:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **05/21/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance DOES NOT GUARANTEE a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

RE#: 00188050 000000

NAME: David Robinson

ADDRESS: 23072 Snapper Lane, Cudjoe Key, FL 33042

DATE OF INSPECTION: April 7, 2009

DATE: April 16, 2009

Enclosed please find two (2) Community Inspection Reports required by the National Flood Insurance Program in order for you to renew your flood insurance policy. **One Inspection Report must be submitted with your check to renew your flood insurance policy or provided to you insurance agent if your bank escrows your account.** The other report is for your records. **YOUR FLOOD INSURANCE WILL BE RENEWED BY RETURNING ONE OF THE ENCLOSED COMMUNITY INSPECTION REPORTS.**

Additionally, this letter will serve to report the findings of the community inspection that occurred on April 7, 2009 which provided you with the community inspection report for your National Flood Insurance renewal. During the inspection the following deficiencies were observed:

THE AIR CONDENSING UNIT AND HOT WATER HEATER ARE BELOW BASE FLOOD ELEVATION

Section 122-4(b)(1)b. states "Electrical and mechanical equipment servicing an elevated structure must be elevated to or above the required base flood elevation. Your base flood elevation is eleven feet above mean sea level (AE 11) and the ground is 3.7 feet above mean sea level. This means base flood elevation is 7.3 feet above the ground. The hot water heater is 4.4 feet above the ground, which means it should be elevated an additional 2.9 feet above where it is now to be at 7.3 feet above grade

The air condensing unit is 4.16 feet above grade, which means it should be additional 3.14 feet to reach 7.3 feet above the ground.

SOLUTION:

Elevate the air condensing and the hot water heater a minimum of 7.3 feet above the ground.

THERE IS A SLOP SINK BELOW BASE FLOOD ELEVATION

Section 122-4(b)(1)d.(9) states no electrical, mechanical or plumbing may be located below the base flood elevation.

SOLUTION:

Remove the slopsink and all fixtures, plumbing and plumbing pipes. Pour concrete into and over where the plumbing was in the floor, and wood, concrete or brick over the openings where the plumbing was in the walls so as to have continuous floor and walls where the remains of the plumbing are no longer visible.

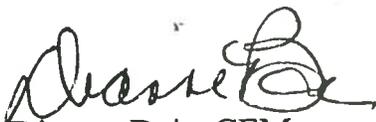

Please be aware that Section 122-4(b)(1)d. states that the space below the lowest floor of an elevated structure shall be used exclusively for parking of vehicles, elevators, limited storage or building access. Section 122-3 (a.) defines limited storage as the "storage of lawn mowers, rakes, wheelbarrows and similar equipment". Limited storage does not apply appliances, indoor furnishings and furniture, computer monitors, workshops or any storage items that would be damaged if inundated with salt water. Limited storage is limited to incidental items which can withstand exposure to the elements and have low flood damage potential such as lawn mowers, garden equipment, bicycles and boating and dive equipment. Disposal of water damaged furniture, appliances or other household items would represent additional state and federal financial exposure during the clean up phase of a disaster declaration. The Federal Emergency Management Agency pays 75% and the State pays 12.5% of the cost to clean up and haul debris out of the County following a disaster declaration. This relieves an impacted community of these financial obligations.

Please contact me within 60 days of receipt of this letter. You have up to 12 months from the date of this letter to correct the deficiencies. After you have corrected the deficiencies I will arrange for another inspection at no charge and issue two amended

community inspection reports. Failure to comply may result in code enforcement procedures and cancellation of your flood insurance. My number is (305) 289-2518. Thank you for your cooperation.

RE: Flood Insurance Inspection for Lot 13, Block 5, Cutthroat Harbor Estates
RE# 00188050.000000

Dear Mr. Robinson,

In April 2009, Monroe County performed a Flood Insurance Inspection on the parcel referenced above. You were issued two Community Inspection Reports and received a letter addressing the deficiencies. The letter provided direction to you to contact this office within 60 days, and to obtain a reinspection. As of this date, no reinspection has been scheduled.

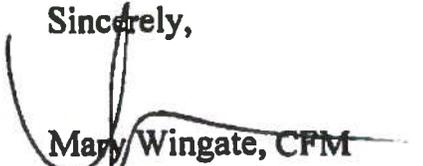

This letter is to officially inform you that in accordance with the Implementation Plan for the Monroe County Flood Insurance Program approved by the Monroe County Commission and the Federal Emergency Management Agency (FEMA), the County has no choice but to submit this information for Code Enforcement Proceedings.

If you have corrected the deficiencies, and are ready for a reinspection, please contact our office no later than August 3, 2010. If we do not hear from you by that time we will refer this matter to Code Enforcement. You can reach us at 305 289-2866 or 289-2518 to arrange for your reinspection.

Thank you for your attention to this matter.

Sincerely,

Mary Wingate, CFM
Plans Review Technician

Subject Property: 23072 Snapper Lane, Cudjoe Key
Certified Mail: 7010 2780 0001 7746 6585

FILE COPY

Dear Mr. Robinson,

The purpose of this letter is to inform you that our records indicate that there is an open code case on this property which you acquired on June 7, 2011. This code case is the result of a Flood Insurance Inspection conducted on this property on April 7, 2009. Our records indicate that the violations remain.

This case has been referred to the Code Compliance Department for further action. However, since you were not the owner at the time of the inspection, please consider this letter as a Courtesy Notice. Therefore, if the violations are corrected by April 3, 2014, it will not be necessary to schedule this case for a Hearing.

The violations are as follows: MC Sec. 122-4(B)(1)D TO-WIT:
AS PER THE LETTER PROVIDED FROM THE FLOODPLAIN MANAGER DATED APRIL 7, 2009 YOUR
DOWNSTAIRS ENCLOSURE IS IN VIOLATION OF THE FOLLOWING ITEMS:

1. THERE IS AN AIR CONDENSING UNIT AND HOT WATER HEATER BELOW BASE FLOOD, AND
2. THERE IS PLUMBING IN THE ENCLOSURE

Enclosed please find a copy of the "Community Inspection Report" which describes the corrective actions required. Please contact the Monroe County Floodplain Management Office at (305) 289-2586 for additional information to bring the enclosure into compliance. Building permits, approvals, inspections and final inspections are required. Items being stored under the elevated structure not defined as limited storage must be removed.

Respectfully yours,

Cynthia J. McPherson, CFM

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 28TH day of May

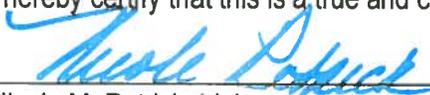

John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Subject: Code Case: CE09040030
Location: 23072 SNAPPER LN, CUDJOE KEY

Dear Property Owner,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$200.00 per day until the property comes into compliance. A daily fine of \$200.00 per day has currently accrued for 96 days for a current total of \$19,200.00.

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$188.60 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$19,388.60 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

A handwritten signature in black ink that reads 'Cynthia J. McPherson'.

Subject: Code Case: CE09040030
Location: 23072 SNAPPER LN CUDJOE KEY, FL 33042

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Mallory Jones at (305) 289-2540.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

Respectfully yours,

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No _____

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Ted R. Simpson and Friday Simpson and the property located at 16 Calle Uno East, Rockland Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE15010034.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$18,400.00 as of March 4, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE15010034: The Special Magistrate found the property in violation and ordered a compliance date of September 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on September 2, 2015. The County's lien was recorded on September 8, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner does not own additional real property;
- No efforts toward compliance have been made to date; and
- The public records of Monroe County indicate no pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

TOTAL COST: Appx. \$2500.00 **INDIRECT COST:** _____ **BUDGETED:** Yes X No _____

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: SIMPSON TED R & FRIDAY
P.O. BOX 441
PROCTORVILLE, OH 45669-0441**

Case Number: CE15010034

**Location: 16 CALLE UNO ROCKLAND KEY, FL 33040
Re Number: 00121950001600**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 01/28/2015 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 04/30/2015 at 9:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **04/23/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

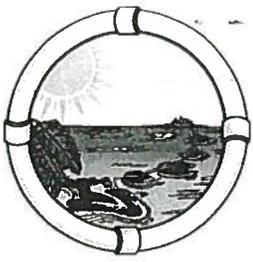

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

CERTIFICATION OF MAILING

I, Thomas G. Walker, Manager of Engineering, hereby certify that the 30 Day Notice for Connection to the Big Coppitt Wastewater System (**Exhibit A**) was mailed on August 10, 2009 to all property owners of the Big Coppitt Wastewater System listed on Schedule B (**Exhibit B**) attached hereto, which mailing was required by Monroe County Ordinance 017-2002 Section 5 (**Exhibit C**).

I further certify that on September 18, 2012 a letter (**Exhibit D**) was mailed to those individuals (**Exhibit E**) who have not connected to the wastewater system as of January 18, 2012.

Certified on September 17, 2013.

BIG COPPITT WASTEWATER PROJECT

**RE: Notice To Connect To Available Central Wastewater System
Real Estate Number
Physical Address**

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with the Monroe County, has now made available centralized wastewater service to the above listed address. The FKAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from this property. All properties on Shark Key and all properties on the bayside of U.S. 1 on Big Coppitt Key are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is required. Your property is in Phase \diamond . The required connection date for this property is no later than \diamond , however you may connect your property any time prior to that date.

In order to facilitate an orderly connection process connection requirements are being implemented in phases. Please see the attached map and table for a description of the Big Coppitt and Shark Key streets eligible for connection and their compulsory connection date.

Billing for wastewater is based on the availability of the system and the establishment of a wastewater rate by the FKAA Board of Directors. Billing for wastewater will occur no sooner than the September billing cycle. The billing cycle will begin at the same time for all properties regardless of which connection phase your property is located in. The first wastewater billing cycle will consist of the base facility charge only. Subsequent bills will include the base facility charge and flow charge. A follow-up letter will provide information on the rates and billing cycle once it has been established by the FKAA Board of Directors. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 293-7524 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAA Representative, Olympia Newton at (305) 295-2144 if you have any questions about the connection process. You may also visit the FKAA website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System

Real Estate Number:

Physical Address:

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with Monroe County, has now made available centralized wastewater service to the above listed address. The FKAAs wastewater treatment facility and collection system is now ready to accept and treat wastewater from Rockland Ocean, Rockland Gulf, Big Coppitt Key and Geiger Key. All properties in the wastewater district are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is mandatory. The required connection date for this property is no later than January 11, 2010, however you may connect your property any time prior to that date.

Billing for wastewater is based on the availability of the system. Billing for wastewater will commence in January 2010.

The first wastewater billing cycle will consist of the base facility charge only. The base facility charge is based on meter size. Most residential meters are 5/8" and would receive a base facility charge of \$25.90. Subsequent bills will include the base facility charge and flow charge. Flow charges are calculated at a rate of \$9.80 per thousand gallons of water consumed. The consumption charges for single-family residences are capped at 12,000 gallons. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

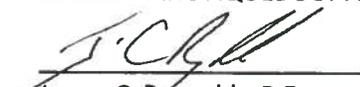

Please contact the Monroe County Department of Health at (305) 809-5670 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAAs Representative, Joshua Peele at (305) 809-2636 if you have any questions about the connection process. You may also visit the FKAAs website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BEFORE THE COUNTY CODE COMPLIANCE SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,
vs.

Case No.: CE15010034

Subject Property Real Estate Number: 00121950-001600

TED R. SIMPSON &
FRIDAY SIMPSON
Respondent(s).

Doc# 2044758
Bk# 2759 Pg# 1844

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were not present and did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before 9/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$ 100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 30TH day of April

John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1844. The current amount of the County's lien is \$1067.19 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact the Lower Keys Office at (305) 292-4495.

Respectfully yours,

Nicole Petrick
Special Magistrate Liaison

FILE COPY

November 20, 2015

Subject: Code Case: CE15010034
Location: 16 Calle Uno

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$100.00 per day until the property comes into compliance. A daily fine of \$100.00 per day has currently accrued for 79 days for a current total of \$7,900.00.

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$179.79 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$8,079.79 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

A handwritten signature in cursive script that reads 'Mallory Jones'.

FILE COPY

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a **Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016**. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Mallory Jones at (305) 289-2540.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No _____

Department: County Attorney
Staff Contact Phone #: Steve Williams 305-289-2500

AGENDA ITEM WORDING: Authorization to initiate litigation against Joseph W. Walter Jr. and Francesca V. Walter and the property located at 211 Venus Lane, Geiger Key, Florida, to seek compliance with the County code and enforce a lien arising from Code Compliance case number CE15010025.

ITEM BACKGROUND:

This property has been the subject of a Code Compliance case for failure to hook up to central sewer. The fines total \$18,500.00 as of March 5, 2016 and will continue to accrue at \$100 per day until compliance is achieved.

CE15010025: The Special Magistrate found the property in violation and ordered a compliance date of September 1, 2015. The property owner did not gain timely compliance by the deadline ordered by the Special Magistrate. Fines began to accrue on September 2, 2015. The County's lien was recorded on September 8, 2015. The code case remains open for continuing non-compliance and failure to pay outstanding fines and costs.

- The property is not homesteaded;
- The property owner owns a vacant commercial parcel (RE#00150980-000000) property; a vacant residential parcel (RE#00145720-000000); a residential parcel/mobile home (RE#00146580-000000); and a commercial parcel/nightclub (RE#00151000-000000)
- The property owner applied for a building permit, #16100353, to connect to the central sewer;
- The public records of Monroe County indicate incomplete inspections to date;
- The public records of Monroe County indicate no pending foreclosure action by the mortgagee.

Under the policy adopted in Resolution 057-2014 the available legal options with respect to the County's County's lien are:

1. Initiate litigation against the property owner for injunction, foreclosure, money judgment and writ of execution;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure; money judgment and writ of execution.

NOTICE OF VIOLATION/NOTICE OF HEARING

**To: WALTER JOSEPH W JR & FRANCESCA V
114 STAR LANE
KEY WEST, FL 33040**

Case Number: CE15010025

**Location: 211 VENUS LANE GEIGER KEY, FL 33040
Re Number: 00145730000000**

DEAR PROPERTY OWNER,

You are hereby notified that an investigation of the above property was initiated on 01/28/2015 and subsequently found the following violation(s) of the Monroe County Code:

20-78.(a) - MANDATORY CONNECTION/SEWER
FAILURE TO COMPLETE THE MANDATORY CONNECTION OF
THE ABOVE STATED PROPERTY TO THE CENTRAL SEWER
SYSTEM.

Corrective Action Required:

1. CONTACT THE FLORIDA DEPARTMENT OF HEALTH AND OBTAIN A SEPTIC ABANDONMENT PERMIT.
2. CONTACT THE MONROE COUNTY BUILDING DEPARTMENT AND OBTAIN A MONROE COUNTY SEWER LATERAL CONNECTION PERMIT.
3. CONTACT THE WASTEWATER UTILITY IN YOUR AREA TO OBTAIN AN INTITAL INSPECTION FOR APPROVAL TO PROCEED.

CONTACT INFORMATION IS ATTACHED

NOTE: ALL PERMITS AND CONNECTIONS WILL REQUIRE A PASSING FINAL INSPECTION FROM ALL APPROPRIATE AGENCIES. COMPLIANCE WILL BE ACHIEVED WHEN THE MONROE COUNTY PERMIT HAS BEEN CLOSED.

PLEASE TAKE NOTICE that a **Public Hearing will be conducted by the Special Magistrate in the above case on 04/30/2015 at 9:00AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida.**

You can avoid attending the hearing if all violation(s) noted above are corrected by **04/23/2015** and you have contacted your inspector. If a violation is corrected and then recurs, or if a violation is not corrected by the time specified, the case may be presented to the Special Magistrate even if the violation has been corrected prior to the hearing.

The Code Inspector has reason to believe violation(s) or the condition causing the violation(s) presents a serious threat to the public health, safety, and welfare or is irreparable or irreversible in nature, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the violation(s) have been corrected prior to the hearing.

The Code Inspector has reason to believe repeat violation(s) have been found, therefore no compliance date has been provided. This case may be presented to the Special Magistrate even if the repeat violation(s) have been corrected prior to the hearing.

If the Special Magistrate finds that violation(s) have occurred, then the Special Magistrate may impose fines, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the County in enforcing its codes. If the County is forced to correct your violation(s), the Special Magistrate may order all costs incurred to be reimbursed to the County. **THE IMPOSITION OF FINES AND/OR COSTS MAY RESULT IN A LIEN AGAINST YOU AND YOUR PROPERTY.**

You may appear in person and/or be represented by an attorney or authorized agent. If you are represented by an attorney, your attorney is required to file a written notice of appearance with the Liaison for the Special Magistrate, 2798 Overseas Highway, Suite 330, Marathon, FL 33050; Phone: (305) 289-2509, Fax: (305) 289-2858, prior to the date of the hearing:

You may request a continuance of the hearing for good cause shown. If you choose to request a continuance, a written request on the County's form must be made at least five (5) business days before the date of the hearing. If you choose to request a continuance, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for continuance **DOES NOT GUARANTEE** a postponement of your hearing.

If you agree that the violation(s) exist as alleged in this Notice, you may request a Stipulation Agreement in lieu of attending the hearing. If you choose to request a Stipulation Agreement, contact the Code Inspector listed below at least five (5) business days before the date of the hearing. A request for a Stipulation Agreement does not guarantee a postponement of your hearing. It is important that you contact your inspector listed below.

NOTE: IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based. The appeal must be filed within 30 days of the Special Magistrate's Final Order.

IT IS YOUR RESPONSIBILITY TO CONTACT THE CODE INSPECTOR to confirm that you do not need to attend the hearing(s). Please contact your inspector at the appropriate location:

FLORIDA KEYS AQUADUCT AUTHORITY (FKAA) HAS ATTEMPTED TO NOTIFY PROPERTY OWNERS OF THE AVAILABILITY TO CONNECT TO THE CENTRAL SEWER SYSTEM FOR THE PAST SEVERAL YEARS.

THIS PROPERTY HAS NOW BEEN REFERRED TO MONROE COUNTY CODE COMPLIANCE FOR THE ENFORCEMENT OF THAT CONNECTION AS IT IS A REQUIRMENT OF FLORIDA STATE AND MONROE COUNTY LOCAL LAW.

FLORIDA STATUTE § 381.00655: REQUIRES THAT YOU CONNECT TO AN AVAILABLE CENTRAL SEWER SYSTEM WITHIN 365 DAYS OF WRITTEN NOTICE THAT SERVICE IS AVAILABLE TO YOUR PROPERTY.

MONROE COUNTY CODE § 20-78.(a) REQUIRES THAT YOU CONNECT WITHIN 30 DAYS OF NOTIFICATION.

THE SAME STATUTE ALLOWS THE COUNTY TO ENACT ITS OWN LAWS FOR THE PROTECTION OF THE PUBLIC HEALTH AND SAFETY.

BE ADVISED YOU WILL BE RECEIVING A "NOTICE OF VIOLATION" REGARDING THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM. THAT "NOTICE OF VIOLATION" WILL BEGIN THE ENFORCEMENT PHASE OF CONNECTION AT WHICH TIME A HEARING DATE WILL BE SCHEDULED AND A COMPLAICNE DATE WILL BE ORDERED BY THE SPECIAL MAGISTRATE.

LACK OF COMPLIANCE WITH THE TIMELINES ESTABLISHED DURING THE HEARING MAY RESULT IN A DAILY FINE OF \$100.00/DAY TO ACCRUE ON THE PROPERTY UNTIL COMPLIANCE IS ACHIEVED.

THIS WILL RESULT IN A LIEN BEING PLACED ON YOUR PROPERTY FOR FAILURE TO MAKE THE MANDATORY CONNECTION TO THE CENTRAL SEWER SYSTEM.

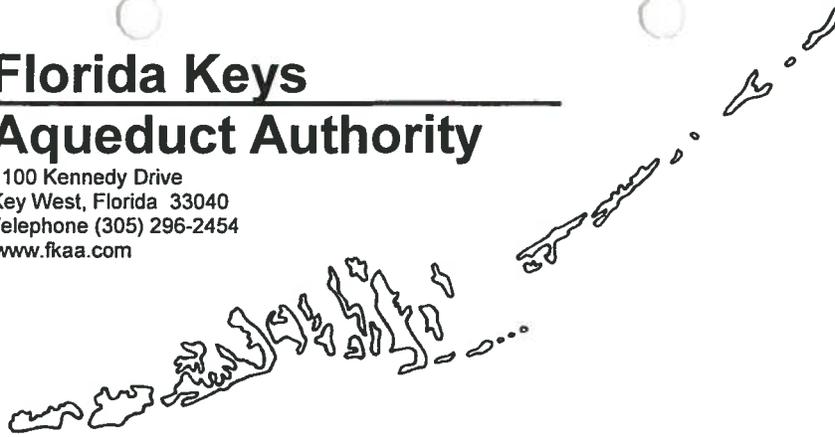

PLEASE CALL INSPECTOR TRACI SCHOENROCK FOR QUESTIONS:

CERTIFICATION OF MAILING

I, Thomas G. Walker, Manager of Engineering, hereby certify that the 30 Day Notice for Connection to the Big Coppitt Wastewater System (**Exhibit A**) was mailed on August 10, 2009 to all property owners of the Big Coppitt Wastewater System listed on Schedule B (**Exhibit B**) attached hereto, which mailing was required by Monroe County Ordinance 017-2002 Section 5 (**Exhibit C**).

I further certify that on September 18, 2012 a letter (**Exhibit D**) was mailed to those individuals (**Exhibit E**) who have not connected to the wastewater system as of January 18, 2012.

Certified on September 17, 2013.

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System
Real Estate Number
Physical Address

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with the Monroe County, has now made available centralized wastewater service to the above listed address. The FKAA's wastewater treatment facility and collection system is now ready to accept and treat wastewater from this property. All properties on Shark Key and all properties on the bayside of U.S. 1 on Big Coppitt Key are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is required. Your property is in Phase \diamond . The required connection date for this property is no later than \diamond , however you may connect your property any time prior to that date.

In order to facilitate an orderly connection process connection requirements are being implemented in phases. Please see the attached map and table for a description of the Big Coppitt and Shark Key streets eligible for connection and their compulsory connection date.

Billing for wastewater is based on the availability of the system and the establishment of a wastewater rate by the FKAA Board of Directors. Billing for wastewater will occur no sooner than the September billing cycle. The billing cycle will begin at the same time for all properties regardless of which connection phase your property is located in. The first wastewater billing cycle will consist of the base facility charge only. Subsequent bills will include the base facility charge and flow charge. A follow-up letter will provide information on the rates and billing cycle once it has been established by the FKAA Board of Directors. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 293-7524 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAA Representative, Olympia Newton at (305) 295-2144 if you have any questions about the connection process. You may also visit the FKAA website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BIG COPPITT WASTEWATER PROJECT

RE: Notice To Connect To Available Central Wastewater System

Real Estate Number:

Physical Address:

Dear Property Owner:

The Florida Keys Aqueduct Authority, in conjunction with Monroe County, has now made available centralized wastewater service to the above listed address. The FKAAs wastewater treatment facility and collection system is now ready to accept and treat wastewater from Rockland Ocean, Rockland Gulf, Big Coppitt Key and Geiger Key. All properties in the wastewater district are now invited to connect to the central wastewater system.

Please consider this letter your official notification that a centralized wastewater system is now available to the above referenced property. Pursuant to Monroe County Ordinance (No. 017-2002), connection to the system is mandatory. The required connection date for this property is no later than January 11, 2010, however you may connect your property any time prior to that date.

Billing for wastewater is based on the availability of the system. Billing for wastewater will commence in January 2010.

The first wastewater billing cycle will consist of the base facility charge only. The base facility charge is based on meter size. Most residential meters are 5/8" and would receive a base facility charge of \$25.90. Subsequent bills will include the base facility charge and flow charge. Flow charges are calculated at a rate of \$9.80 per thousand gallons of water consumed. The consumption charges for single-family residences are capped at 12,000 gallons. All properties will be billed for wastewater at the specified time, even if they are not connected to the system.

Please contact the Monroe County Department of Health at (305) 809-5670 for information regarding the abandonment of your current septic system or cesspit, or the opportunity to convert your existing septic tank into a cistern. For information regarding the permitting process please contact the Monroe County Building Department at (305) 289-2501.

Please contact FKAAs Representative, Joshua Peele at (305) 809-2636 if you have any questions about the connection process. You may also visit the FKAAs website for detailed information on the connection process and construction requirements at www.fkaa.com/wastewater.htm.

Thank you for your assistance.

BEFORE THE COUNTY CODE COMPLIANCE SPECIAL MAGISTRATE
MONROE COUNTY, FLORIDA

MONROE COUNTY FLORIDA,
Petitioner,
vs.

Case No.: CE15010025

Subject Property Real Estate Number: 00145730-000000

JOSEPH W. WALTER JR &
FRANCESCA V. WALTER
Respondent(s).

Doc# 2044757
Bk# 2759 Pg# 1842

FINAL ORDER

Having fully considered the evidence presented at hearing, including testimony of the Code Compliance Inspector(s) and/or witnesses under oath, the following Findings of Fact and Conclusions of Law are ORDERED:

The Respondent(s) and/or Authorized Representative _____
were / were not present and did / did not contest the violation(s) set forth in the Notice of Violation/Notice of Hearing which is incorporated herein as if fully set forth.

- The Respondent(s) is/are the owner(s) of property located within Monroe County and was/were duly noticed of the hearing.
- The Respondent(s) is/are in violation of the Monroe County Code(s) as fully set forth in the Notice of Violation/Notice of Hearing served upon the Respondent(s).
- The violation(s) is found to be irreparable or irreversible and a one-time fine of \$ _____ is ORDERED, payable within _____ days of this Order.
- Pursuant to Section 162.07(2) of Florida Statutes all costs incurred by the County in prosecuting the case is ordered to be paid within thirty (30) days of compliance. Costs will continue to accrue until compliance is achieved and the case is closed.
- The Respondent(s) shall comply with the Code(s) referred to in the Notice of Violation/Notice of Hearing on or before _____ 9/11/15 ("THE COMPLIANCE DATE").
- In the event the violation(s) were or are not corrected on THE COMPLIANCE DATE PREVIOUSLY ORDERED or on THE COMPLIANCE DATE SET FORTH HEREIN, fine(s) in the dollar amount:

20-78.(a) \$ 100.00

for each day beginning on THE DAY AFTER THE COMPLIANCE DATE that the Respondent(s) is/are in violation is/are hereby ORDERED.

It is further ordered, that the County is hereby authorized to make all reasonable repairs including demolition which are required to bring the property into compliance and charge the Respondent(s) with the cost of repairs incurred by the County, the costs of prosecution incurred by the County and any fines Ordered in this matter.

The Respondent(s) were in violation of the MONROE COUNTY Code(s) as fully set forth in the Notice of Violation/Notice of Hearing filed in this case and did not come into compliance on or before THE COMPLIANCE DATE but are now in compliance. The Respondent(s) shall pay the total amount of cost and/or fines (\$ _____) to Monroe County Code Compliance within thirty (30) days of this Order.

Other: _____

In the event of nonpayment of fines and/or costs imposed on Respondent(s), a certified copy of this Order may be recorded in the public records and shall thereafter constitute a lien against the land on which the violation or violations exist and upon any other real or personal property owned by the violator. The County may institute foreclosure proceedings if the lien remains unpaid for three months and/or may sue to recover money judgment for the amount of the lien plus accrued interest. Please make checks payable to Monroe County Code Compliance and mail to: Monroe County Code Compliance, Attn: Office of the Liaison, 2798 Overseas Hwy., Suite 330, Marathon, FL 33050.

IT IS THE RESPONDENT(S) RESPONSIBILITY TO REQUEST A REINSPECTION TO DETERMINE WHETHER THE PROPERTY IS COMPLIANT BY CALLING CODE COMPLIANCE AT (305) 453-8806 FOR THE UPPER KEYS; (305) 289-2810 FOR THE MIDDLE KEYS; (305) 292-4495 FOR THE LOWER KEYS.

DATED this 30th day of April

2015

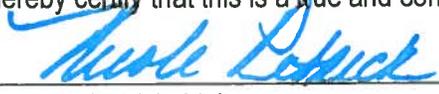

John G. Van Laningham, Special Magistrate

APPEAL PROCEDURES

Respondent(s) shall have 30 days from the date of the foregoing Order of the Special Magistrate to appeal said Order by filing a Notice of Appeal, signed by the Respondent(s). ANY AGGRIEVED PARTY, INCLUDING MONROE COUNTY, MAY HAVE APPELLATE RIGHTS WITH REGARD TO THIS ORDER PURSUANT TO SECTION 162.11, FLORIDA STATUTES. ANY SUCH APPEAL WILL BE LIMITED TO APPELLATE REVIEW OF THE RECORD CREATED BEFORE THE SPECIAL MAGISTRATE. ANY APPEAL MUST BE FILED WITH CIRCUIT COURT WITHIN 30 DAYS OF THE EXECUTION OF THIS ORDER.

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

Property Location: 211 VENUS LANE (GEIGER KEY), GEIGER KEY, FL 33040

Real Estate No.: 00145730000000

Dear Property Owner(s),

The purpose of this letter is to inform you that our records indicate that the violation(s) remain on your property and the fines will continue to run in the amount of \$100.00 per day until the property comes into compliance.

Additionally, a lien against your property was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1842. The current amount of the County's lien is \$1043.19 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This lien is a lien on the property that was the subject of the code enforcement action **and** upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to:

Monroe County Code Compliance Department
Attention: Nicole Petrick
2798 Overseas Highway, Suite 330
Marathon, Florida 33050.

The County will then provide a Release and Satisfaction of Lien to you. It is then your responsibility to record the Release and Satisfaction with the Clerk of Courts in Monroe County. Please note that once your property is in compliance you may request mitigation of your fine(s) based on any mitigating circumstances.

If you have achieved compliance, please contact your Code Inspector at the appropriate location.

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495

FILE COPY

November 19, 2015

Subject: Code Case: CE15010025
Location: 211 VENUS LANE GEIGER KEY

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code compliance action. A copy is enclosed for your convenience. This lien is a lien on the property that was the subject of the code compliance action and upon any **and** all other real and/or personal property you own.

Additionally, our records indicate that the violations remain on your property. Because your property is not in compliance the fines continue to run in the amount of \$100.00 per day until the property comes into compliance. A daily fine of \$100.00 per day has currently accrued for 78 days for a current total of \$7,800.00.

Additionally pursuant to F.S. §162.07(2), since the County prevailed in prosecuting the case before the Special Magistrate for Code Compliance, the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F. S.162.09(3). To date, these costs are \$155.79 and costs will continue to accrue until the violations are corrected and the case is closed.

Therefore, the current amount of the Monroe County lien is \$7,955.79 and fines and costs will continue to accrue until compliance is achieved and payment is received.

Failure to bring your property into compliance within 15 days will result in a referral to the Monroe County Attorney's Office for further action.

Respectfully yours,

A handwritten signature in cursive script that reads 'Mallory Jones'.

FILE COPY

Dec 11, 2015

Subject: Code Case: CE15010025
Location: 211 VENUS LANE GEIGER KEY, FL 33040

Dear Property Owners,

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien(s) against your property as a result of the above referenced code compliance actions. This lien is a lien on the property that was the subject of the code compliance action **and** upon any and all other real and/or personal property you own.

Please take notice that a Public Hearing will be conducted by the Code Compliance Special Magistrate on January 28, 2016. The purpose of this hearing is to consider approval to initiate collection proceedings, (complaint for foreclosure and/or money judgment).

Our records indicate that the violations remain on your property and the fines will continue to run until the property comes into compliance. If you have achieved compliance, please contact your Code Inspector at the appropriate location.:

Lower Keys: 5503 College Road, Suite 204
Key West, FL 33040 (305) 292-4495
Middle Keys: 2798 Overseas Highway, Suite 330
Marathon, FL 33050 (305) 289-2810
Upper Keys: 102050 Overseas Highway
Key Largo, FL 33037 (305) 453-8806

If this case involves a Sewer Connection, and you have achieved compliance, please contact Inspector Mallory Jones at (305) 289-2540.

Additionally, pursuant to F.S. §162.07(2), the County is entitled to recover all costs incurred in prosecuting the case and those costs are included in the lien authorized under F.S. §162.09(3). These costs will continue to accrue until the violations are corrected and the case is closed.

Respectfully yours,

Kathleen Windsor
Sr. Code Compliance Research Analyst
Windsor-kathleen@monroecounty-fl.gov

Respondent(s))

CASE NO.: CE15010025

**NOTICE OF MOTION TO AUTHORIZE FORECLOSURE AND/OR MONEY JUDGMENT
PROCEEDINGS & NOTICE OF HEARING**

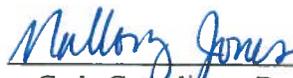

Petitioner Monroe County will move the Monroe County Code Compliance Special Magistrate, pursuant to F.S. 162.09(3), to authorize foreclosure and/or money judgment proceedings on the Code Compliance Final Order/Lien in this case, which was recorded in the Official Records of Monroe County on 09/08/15, Book 2759, Page 1842 on the property that was the subject of the code compliance action described as: 211 VENUS LANE GEIGER KEY, FL 33040 MONROE COUNTY FLORIDA RE# 00145730000000 and upon any and all other real and/or personal property you own. The current outstanding amount of the County's lien as of December 7, 2015 is \$9,764.19 (fines and costs) which continue to accrue and increase until the case is compliant and closed. This motion will be considered on January 28, 2016 at the Marathon Government Center, 2798 Overseas Highway, EOC Meeting Room at 9:00 a.m., Marathon, FL 33050.

Steven T. Williams
Assistant County Attorney

ORDER AUTHORIZING FORECLOSURE

A Final Order was entered in this matter and was thereafter recorded as a lien. The lien has remained unpaid for at least 3 months from the date of the Order. Therefore, it is hereby ORDERED that the office of the Monroe County Attorney may institute foreclosure and/or money judgment proceedings to recover the amount of the lien plus accrued interest.

DONE AND ORDERED this 28th day of January, 20 16, at the Marathon Government Center, Marathon, Florida.

John G. Van Laningham
Special Magistrate

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes X No

Division: County Attorney
Staff Contact /Phone #: Steve Williams/292-3470

AGENDA ITEM WORDING: Authorization to initiate litigation against Mr. and Mrs. Lester Day and the property located at 234 Hispanola Road, Key Largo, Florida, to seek compliance with the County Codes and enforce a lien arising from code compliance case number CE08030073.

ITEM BACKGROUND:

This property was the subject of a Code Compliance case for lack of a valid permit for construction and/or setback violations. The fines total \$124,100.00 as of March 8, 2016 and will continue to accrue at \$50.00 per day until compliance is achieved.

CE08030073: The property owners entered into a “*Stipulation to Code Violation and For Time To Comply For First Time Offenses*” agreement with Monroe County admitting to the violations of Monroe County Code as cited; agreeing to a compliance date of May 21, 2009 with a review hearing scheduled on May 28, 2009 if compliance is not achieved. Compliance was not achieved and at the hearing the Special Magistrate imposed a daily fine of \$25.00 per count per day for each violation beginning on May 22, 2009. This Order was recorded as a lien on July 21, 2009. The code case remains open for non-compliance and failure to pay outstanding fines and costs.

The property is not homesteaded and there are no pending foreclosure actions at this time.

Under the policy adopted in Resolution 057-2014 the available legal options in regard to the County’s lien on this property are:

1. Initiate litigation against the property owner for injunction, foreclosure, writ of execution and money judgment;
2. Allow the liens to remain against the property owner, the subject property and any other property owned by the property owner; and/or
3. Reduce the amount of the fines.

PREVIOUS RELEVANT BOCC ACTION: N/A

CONTRACT/AGREEMENT CHANGES: N/A

STAFF RECOMMENDATIONS: Authorization to initiate litigation against the property owner for injunction, foreclosure, writ of execution and money judgment.

MEMORANDUM

TO: Steve Williams, Assistant County Attorney
FROM: Kathleen Windsor, Sr. Code Compliance Research Analyst
DATE: March 8, 2016
SUBJECT: Recommendation to County Attorney's Office for further action.
SUBJECT PROPERTY: 234 HISPANOLA RD KEY LARGO

SUMMARY:

As a result of the "Order Imposing Penalty and Authorizing Recording Lien" in code compliance case CE08030073, daily fines in the amount of \$50.00 per day have accrued for approximately 2482 days for a total of \$124,100.00 and continue to accrue. All attempts to gain voluntary compliance from the property owners have failed. The subject property, owned by Mr. and Mrs. Lester Day, remains in violation of Monroe County Codes.

CASE CE08030073 BACKGROUND:

On May 29, 2008 a complaint was received by the Code Compliance Department for unpermitted construction and a Stop Work Order was posted at the property on June 24, 2008 for the construction of the following items: window replaced with exterior door, Guest House, Jacuzzi, Wet bar, addition to house, and new metal roof.

Research was conducted on September 29, 2008 revealing no permit applications on record for After-the-fact structures or demolition thereof. Additionally a "For Sale" advertisement was found with photos of the completed construction. Therefore a "Notice of Violation/Notice of Hearing" was mailed via certified mail to the property owners on November 21, 2008 to appear at the Special Magistrate Hearing on December 4, 2008.

On November 27, 2008 the property owners entered into a "Stipulation to code violation and for time to comply for first time offenses" agreement with Monroe County admitting to the violations of Monroe County Code as cited:

- MCC Sec. 9.5-111(1) - PERMITS, APPROVALS AND INSPECTIONS ARE REQUIRED FOR THE NEW METAL ROOF, ADDITION, GUEST HOUSE, JACUZZI AND STRUCTURE OVER IT, and
- MCC Sec. 9.5-281 - ALL STRUCTURES CONSTRUCTED MUST MEET THE SETBACK REQUIREMENTS FOR YOUR PROPERTY;

agreeing to a compliance date of May 21, 2009 with a review hearing scheduled on May 28, 2009 if compliance is not achieved. Compliance was not achieved and at the hearing on May 28, 2009 the Code Compliance Special Magistrate imposed a daily fine of \$25.00 per count per day for each violation beginning on May 22, 2009. This Order was recorded as a lien on July 21, 2009.

On November 1, 2010 a letter was sent to the property owners advising them of the lien and the continuation of daily fine accrual.

On March 2, 2011 research revealed that compliance was not achieved and a "Notice of Motion to Authorize Collection Proceedings and Notice of Hearing" was mailed to the property owners and a hearing was held on March 31, 2011. The Special Magistrate issued an "Order Authorizing Foreclosure".

As of March 8, 2016 no permits have been submitted to the building Department for either After-the-fact or demolition, therefore the violations remain. Staff has exhausted all other mechanisms available to persuade the property owners to achieve compliance.

As of March 8, 2016, the total amount of the lien is \$124,524.40 (\$124,100.00 fines and \$424.40 costs), and the costs and fines will continue to accrue until compliance is achieved and the lien is paid.

STAFF RECOMMENDATIONS:

Approval to proceed with litigation to compel the property owners Mr. and Mrs. Lester Day to comply with various county ordinances and correct the code violations of Code Compliance Case CE08030073.

Subject:

Dear Ms. Norman

I have filed a complaint with your office March 3, 2008. It was my concern about an unsafe structure and non-permitted dwelling at 234 Hispanola Road Tavernier Florida 33070. I have since tried to gain information regarding the status of my complaint. Unfortunately I was not able to get an answer whether a notice was served or not. It has been almost three months now and I still seek information about 234 Hispanola Rd. I am hoping you could help me determine whether the owners have been notified. I did get a chance to speak with Brian on a couple of occasions; however, he said it would probably be within two weeks and as far as I know there has been no action taken thus far.

Thank you for your time and consideration

Andrew Tsang

MONROE COUNTY CODE ENFORCEMENT
NOTICE OF VIOLATION/NOTICE OF HEARING

TO: DAY LESTER G & LINDA A
234 HISPANOLA RD
TAVERNIER, FL 33070

CASE NUMBER: CE08030073

RE NUMBER: 00450250000000

LOCATION : 234 HISPANOLA RD HARRY HARRIS
TAVERNIER, FL 33070

DEAR PROPERTY OWNER / TENANT,

You are hereby notified that an inspection of the above referenced property on 6-24-08 found violations of the following Monroe County Section(s):

9.5-111(1)

PERMITS, APPROVALS AND INSPECTIONS ARE REQUIRED FOR THE NEW METAL ROOF, ADDITION, GUEST HOUSE, JACUZZI AND STRUCTURE OVER IT.

Corrective Action Required:

Contact the Monroe County Building and Planning Department and obtain an after the fact permit or remove as directed.

NOTE: All permit fees and permit requirements are based on the specific scope of work. Additional permits, permit fees, mitigation fees, or restoration of the property to original condition may be required. The minimum fee for an After The Fact permit is \$500.00 (five hundred dollars) as per Monroe County Code Section 6-29(a)(1). All permits will require final inspection(s).

9.5-281

ALL STRUCTURES CONSTRUCTED MUST MEET THE SETBACK REQUIREMENTS FOR YOUR PROPERTY.

Corrective Action Required:

Please contact the Monroe County Planning Department to obtain a variance or remove as directed.

TO AVOID FINES AND/OR COSTS OF prosecution as per Chapter 162 F.S. All violations noted above must be corrected by 11/21/2008

IT IS YOUR RESPONSIBILITY TO CALL YOUR INSPECTOR AND REQUEST A RE-INSPECTION. If you fail to correct the above described violation(s) by the above date, or if you wish to contest the alleged violation(s), you must appear before the Special Magistrate as stated below.

** NOTICE OF ADMINISTRATIVE HEARING **

PLEASE TAKE NOTICE that a Public Hearing will be conducted by the Special Magistrate in the above case on 12/04/2008 at 10:00 AM at the Monroe County Government Regional Center, 2798 Overseas Hwy., Marathon, Florida. The purpose of this hearing is to determine if in fact, a violation currently exists, the appropriate action to be taken, and any fines or penalties to be imposed. YOUR FAILURE TO APPEAR MAY RESULT IN A FINE OR PENALTY BEING IMPOSED AGAINST YOU AND A LIEN BEING IMPOSED ON YOUR PROPERTY. You may appear in person and/or be represented by an attorney. If you are not represented by an attorney, your attorney is required to file a written

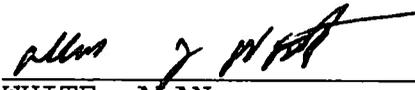

notice of appearance with this office prior to the hearing.

*IF YOU DECIDE TO APPEAL any decision by the Special Magistrate, you will need to ensure that a verbatim record of the proceedings is made, which shall include the testimony and evidence upon which the appeal is to be based.

Should you seek a continuance of your administrative hearing, the presiding officer may grant a continuance of a hearing for good cause shown. Except in cases of emergency, requests for continuance must be made at least FIVE DAYS prior to the date noticed for the hearing. A request for continuance DOES NOT GUARANTEE a postponement of your hearing. Contact the office of the Liaison for the Special Magistrate to submit your request.

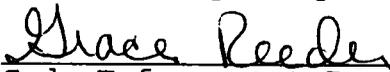

Pursuant to F.S. Chapter 162.09(2)(d), your failure to correct the violation(s) may result in the imposition of a fine, not to exceed \$1,000 per day per violation for a first violation, \$5,000 per day per violation for a repeat violation, and up to \$15,000 per violation if the Special Magistrate finds the violation to be irreparable or irreversible in nature. In addition to such fines, the Special Magistrate may impose additional fines to cover all costs incurred by the local government in enforcing its codes and all costs of repairs pursuant to subsection (1).

Date: 10/21/08

**MONROE COUNTY CODE ENFORCEMENT
SPECIAL MAGISTRATE**

Monroe County Code Enforcement
Petitioner

vs.

Case Number CE08030073

Respondent(s)

LESTER G AND LINDA A DAY.

**STIPULATION TO CODE VIOLATION AND FOR TIME TO COMPLY FOR
FIRST TIME OFFENSES**

**In the matter of:
RE- 00450250.000000**

LESTER G AND LINDA A DAY (Hereinafter referred to jointly and severally as
"Respondent(s)") and Monroe County Code Enforcement ("Petitioner"), by and
through the undersigned individuals, hereby agree and stipulate to the following:

1. Respondent(s) agrees that I/we received the Notice of
Hearing issued in this case, and that a hearing is scheduled to be heard on
DECEMBER, 4TH to determine whether the charges alleged in the Notice of
Violation and Notice of Hearing are accurate and supported by substantial
evidence ("Hearing").
2. Respondent(s) agrees that the violation(s) exist as alleged in
the Notice of Violation which was served in this matter.

3. Respondent(s) understands that he/she could appear at the Hearing and contest any evidence to be submitted by Code Enforcement. However, by entering into this Stipulation, Respondent(s) understands and agrees that:

- (a) He/she need not appear at the Hearing, but instead, stipulates to entry of the finding against Respondent(s); and
- (b) Any evidence in the Code Enforcement file will be deemed the record in the case; and
- (c) He or she waives the right to appeal any finding of violation or order that he or she would otherwise have under Section 162.11, Florida Statutes.

4. The parties agree that a further status/review hearing will be held at **MAY, 28TH 2009** to determine whether the property has been brought into compliance. The property will be checked for compliance on **MAY, 21ST 2009**.

5. The parties agree that the Special Magistrate may impose costs of prosecution pursuant to Section 162.09(2) (d), Florida Statutes, and Monroe County Code section 6.3-5.

6. The parties (a) agree to a fine of \$50.00 that shall accrue daily and may be imposed against the Respondent(s) and recorded as a lien against the property and upon any other real or personal property owned by the violator if the property is not brought into compliance within the time specified in paragraph 4.

7. The Respondent(s) understands that if the Respondent(s) fails to comply within the time given, the fine(s) shall accrue each day the violation(s) remain as follows.

9.5-111 (1) \$50.00 per day.

The parties understand and agree that the Respondent(s) may revoke this Stipulation at any time prior to the Hearing by the Special Magistrate in this case. Such revocation must be done in writing or done in person when the Special Magistrate is hearing Respondent(s)'s case **MAY, 28TH 2009**.

8. Respondent(s) agrees and represents that Respondent(s) entered into this Stipulation of the Respondent(s)'s own free will. Respondent(s) further understands and agrees that he/she has the right to consult with counsel prior to signing this Stipulation, and has done so or has elected to waive this right.

By signing this Stipulation, both parties represent that they have READ, UNDERSTOOD, AND CONSENT to its terms and conditions.

Case No. CE08030073

Doc# 1751564
Bk# 2423 Pg# 1332

ORDER IMPOSING PENALTY AND AUTHORIZING RECORDING LIEN

This case was heard at public hearing before the Code Enforcement Special Magistrate on May 28, 2009, at the Monroe County Government Regional Center, located at 2798 Overseas Highway, Marathon, Florida. The Special Magistrate fully considered the evidence presented at hearing, including testimony of witnesses under oath.

1. The Respondents are the owners of record of property located at:

BK 9 LT 18 HARRIS OCEAN PK ESTATES FIRST ADDN KEY
LARGO. (RE#: 00450250-000000).

2. On December 4, 2008, a Stipulation to Code Violation and for Time to Comply for First Time Offenses finding Respondent in violation of Sections 9.5-111(1) and 9.5-281 of the Monroe County Code, was entered.

3. The Respondents were ordered to correct the Code violations by May 21, 2009 (hereinafter referred to as the "Compliance Date"), and were informed that failure to do so could result in the imposition of a fine for each Code violation and for each day after the Compliance Date that Respondents were in violation.

4. Respondents were also ordered to pay the costs of the prosecution and investigation of this matter.

5. As of the May 28, 2009, Respondents had not corrected the Code violations.

Therefore it is

ORDERED:

1. Respondents shall pay to Monroe County, Florida, a fine in the amount of \$ 25.00 (TWENTY FIVE DOLLARS) for each Code violation, for each day a violation remains uncorrected beginning May 22, 2009 and the costs of the prosecution and investigation of this matter; and

2. MONROE COUNTY MAY RECORD A CERTIFIED COPY OF THIS ORDER IN THE PUBLIC RECORDS, WHICH SHALL THEREAFTER CONSTITUTE A LIEN AGAINST THE LAND ON WHICH THE VIOLATIONS EXIST AND UPON ANY OTHER REAL OR PERSONAL PROPERTY OWNED BY RESPONDENTS.

DONE AND ORDERED at the Division of Administrative Hearing, Tallahassee, Florida, this 4th day of June, 2009.

Larry J. Sartin
Code Enforcement Special Magistrate

I HEREBY CERTIFY that a true and correct copy of the above has been furnished to the Respondents via first class mail at 234 Hispanola Rd, Tavernier, FL 33070 this 5th day of June, 2009.

Nicole Petrick
Code Enforcement Liaison

NOTICE OF RIGHT TO JUDICIAL REVIEW

Any aggrieved party, including Monroe County, may have appellate rights with regard to this Order pursuant to Section 162.11, Florida Statutes. Any such appeal will be limited to appellate review of the record created before the Special Magistrate. Any appeal must be filed with the Circuit Court within 30 days of the date of the execution of this Order.

Subject: Code Enforcement Case: CE08030073

Dear Lester G & Linda A Day

The purpose of this letter is to inform you that Monroe County, Florida has imposed a lien against your property as a result of the above referenced code enforcement action. Additionally our records indicate that the violation(s) remain. Please take note that the fines will continue to run in the amount of \$50.00 per day until the property comes into compliance.

The current amount of the Code Enforcement Lien is \$25,946.27. The lien was recorded in the Official Records of Monroe County on July 21, 2009 at Document 1751564, Book 2423, Page(s) 1332-1333. This lien is a lien on the property that was the subject of the code enforcement action and upon any and all other real and/or personal property you own.

You can resolve this matter by bringing the property into compliance and remitting payment in full to Monroe County Code Enforcement Dept., 2798 Overseas Highway, Suite 330 (Attention: Nicole Petrick), Marathon, Florida 33050. Within 30 days of the date of compliance and clearance of the payment in full, the County will provide a release and satisfaction of said lien to you. It is then your responsibility to record the release and satisfaction in the Monroe County Clerk of Courts.

If the property does not gain compliance and the County does not receive payment in full within fourteen (14) days of the date of this letter, a collection foreclosure action will begin against you.

Very truly yours,

Lisa Granger

ORDER AUTHORIZING FORECLOSURE

A Order Imposing Penalty was entered in this matter and was thereafter recorded as a lien. The lien has remained unpaid for at least 3 months from the date of the Order. Therefore, it is hereby ORDERED that the office of the Monroe County Attorney may institute foreclosure and/or money judgment proceedings to recover the amount of the lien plus accrued interest.

DONE AND ORDERED this 31st day of March, 2011, at the Marathon Government Center, Marathon, Florida.

John G. Van Laningham
Special Magistrate

CERTIFICATE OF ORDER

I hereby certify that this is a true and correct copy of the above Order.

AGENDA ITEM WORDING: A public hearing to consider a request for a Beneficial Use Determination, and the recommendations of the special magistrate, for property legally described as Block 9, Lot 1, Section 3, Bay Haven Subdivision (PB2-41), Key Largo, approximate Mile Marker 94.5, having Real Estate Number 00517650.000000, as requested by property owners, Scott and Toni Beauchamp.

ITEM BACKGROUND: Property owners Scott and Toni Beauchamp (“Applicants”) have requested a Beneficial Use Determination (BUD) for a vacant parcel of land within Bay Haven Subdivision, Section 3, in Key Largo. The Applicants are asserting that the adoption of the Monroe County Land Use District Map, which designated the subject parcel as part of a Suburban Residential (SR) land use district, constitutes a taking of the landowners’ property. The property contains 0.19 acres of upland (8,276 SF), which is not enough upland to meet the maximum density or maximum net density requirements for a single dwelling unit within an SR land use district, per Monroe County Code (MCC) §130-157.

Pursuant to the procedural requirements of the BUD Ordinance (MCC §102-102 through §102-110), the application was the subject of a hearing before a special magistrate on May 23, 2014 (see Exhibit 1: staff report prepared for the special magistrate). The special magistrate has issued a recommended order (see Exhibit 2), and has “recommended that the Board of County Commissioners deny Petitioners’ application for relief under the BUD Ordinance.”

Pursuant to MCC §102-108, “the board shall set the matter for a public hearing...the applicant shall be provided an opportunity to be heard prior to the decision of the board. The recommendation of the special magistrate is not binding on the board. At the hearing, the board, by resolution, shall approve, modify, reverse, or approve with conditions, the recommendations of the special magistrate, based on the standards of sections 102-109 and 102-110.”

Sec. 102-109. - Beneficial use standards.

(a) Standard.

In furtherance of the purpose and intent of this division, and consistent with Policy 101.18.5 of the comprehensive plan, relief under this division may be granted where a court of competent jurisdiction likely would determine that a final action by the county has caused a taking of property and a judicial finding of liability would not be precluded by a cognizable defense, including lack of investment-backed expectations, statutes of limitation, laches, or other preclusions to relief. Whether such liability, at the time of application under this division, is likely to be established by a court should be determined based on applicable statutory and case law at the time an application is considered under this division.

(b) Burden.

The applicant shall have the burden of showing that relief under this division is appropriate.

Sec. 102-110. - Granting of relief.

(a) General.

If the board determines that relief is appropriate under this division, relief may be granted, as provided in this section and consistent with the comprehensive plan.

(b) Forms of relief.

In order to avoid an unconstitutional result and to provide a landowner with an economically viable use of property pursuant to this division, the special magistrate may recommend and the board may allow for additional uses, density, or relief beyond that allowed by a literal application of the land development regulations or comprehensive plan on the particular property, which may include:

- (1) Redesignation of the property on the land use map or future land use map;*
- (2) Permits for development despite the literal application of the land development regulations and comprehensive plan, although permits issued pursuant to this section shall be subject to applicable construction deadlines and expiration dates under chapter 6;*
- (3) Transferable development rights (TDRs);*
- (4) Eligibility for dedication of the property pursuant to section 138-28(5);*
- (5) Repeal or amendment of the land development regulation or comprehensive plan policy affecting the subject property;*
- (6) Any other economically beneficial use of the property or relief the board determines appropriate and adequate under section 102-109 and the comprehensive plan; or*
- (7) Any combination of subsections (b)(1)–(6) of this section.*

(c) Minimum increase.

Relief granted pursuant to this division shall be the minimum necessary to comply with section 102-109. The highest, common, or expected use is not intended as an appropriate remedy, unless expressly required by applicable statute or case law.

(Quasi-Judicial Proceeding)

MEMORANDUM
MONROE COUNTY PLANNING & ENVIRONMENTAL RESOURCES DEPARTMENT

To: Special Master (to be designated by MCC §102-105)

From: Townsley Schwab, Senior Director of Planning & Environmental Resources

Date: November 25, 2013; **Amended December 13, 2013**

Subject: *Request for Beneficial Use Determination for property legally described as Block 9, Lot 1, Section 3, Bay Haven Subdivision (PB2-41), Key Largo, Monroe County, Florida, and having Real Estate Number 00517650.000000.*

I. REQUEST

The Monroe County Planning & Environmental Resources Department (“Department”) has received an Application for a Determination of Beneficial Use, under Monroe County Code (MCC) §102-102 – §102-110 (see Exhibit A), for the property referenced above (“subject parcel”), owned by Scott and Toni Beauchamp. The Beauchamps and their authorized agent (“Applicants”) are asserting that the adoption of the Monroe County Land Use District Map, which designated the subject parcel as part of a Suburban Residential (SR) land use district, “on its face” constitutes a taking of the landowner’s property.

Subject parcel outlined in yellow (2012 Monroe County aerial)

Location

Address: Corner of Meridian Ave and Lycaloma Ave, mile marker 94.5 (Gulf of Mexico side of US 1)

Legal Description: Block 9, Lot 1, Bay Haven Section 3 (PB2-41)

Real Estate (RE) Number: 00517650.000000

Applicant

Owner: Scott and Toni Beauchamp

Agent: Randy Wall

II. RELEVANT PRIOR COUNTY ACTIONS

On September 15, 1986, the current land use district (zoning) maps, which included a designation of Suburban Residential (SR) for the subject parcel, became effective. On February 28, 1986, the Monroe County Board of County Commissioners (BOCC) adopted Resolution 049-1986, which transmitted amendments to the land use district (zoning) map (including the rezoning of the subject parcel from RU-1 to SR) to the Florida Department of Community Affairs. At that time, Florida Statute required such amendments to be adopted by Florida Administration Commission (F.A.C.) Rule as part of Florida's Area of Critical State Concern program (Section 380.05, F.S., was amended in 1997 to approve amendments pursuant to final orders instead of by rule). The zoning map amendments were adopted by Rule 28-20.021, F.A.C., which became effective on September 15, 1986, after the expiration of the required appeal period.

The Applicants assert that in May of 2012, Randy Wall met with Department staff regarding the process for applying for a ROGO allocation for the subject parcel. Staff informed Mr. Wall that the lot is within a SR land use district and, under the density requirements of MCC§130-157 (see Exhibit B), the lot does not have enough land area for one dwelling unit. Although staff members have some recollection of such a meeting, the first documented meeting between staff and Mr. Wall took place on July 13, 2012, as described below.

On July 13, 2012, Mayté Santamaria, Assistant Director of Planning, sent an email to Mr. Wall reiterating options discussed earlier that day regarding the Beauchamps' property.

On October 9, 2012, the Beauchamps submitted an application to the Department for a Pre-Application Conference with a Letter of Understanding (LOU). On November 28, 2012, Scott Beauchamp sent an email to the Department requesting that the application fee for the LOU be instead applied towards a Beneficial Use Determination (BUD) application. A pre-application conference was not held. An LOU was not prepared. The application was closed and the Planning Director approved the use of the application fee toward a subsequent Planning & Environmental Resources application fee.

On January 14, 2013, the Department received a BUD application for property owned by the Beauchamps. Following multiple phone conversations and email correspondence between the Department and the Applicants, the Applicants submitted an updated BUD application on the

current application form. This updated application was received by the Department's coordinator on August 1, 2013.

Following receipt of the application, the Department sent a letter, dated August 15, 2013, informing the Applicants that it deemed the application to be incomplete, as it did not contain all of the required materials and information listed in MCC §102-105(b)(1)-(13). In response to this letter, the Applicants submitted revisions to the application, received by the Department on September 13, 2013, including a statement of habitat received on September 17, 2013.

On September 27, 2013, pursuant to MCC §102-105(d)(2), the Department sent a letter to the Applicants as notification that the Department had determined the application to now be sufficient, and include all required materials and information listed in MCC §102-105(b)(1)-(13).

III. BACKGROUND INFORMATION

- A. Size of Site: 8,276 SF (0.19 acres) per Monroe County GIS
- B. Buildable Area of Site (gross upland area minus required open space): 4,138 SF (0.095 acres)
- C. Land Use District (LUD): Suburban Residential (SR)
- D. Future Land Use Map (FLUM) Designation: Residential Low (RL)
- E. Tier Designation: Tier 3
- F. Flood Zone: AE – EL 7
- G. Existing Use: Vacant
- H. Existing Vegetation/Habitat: High elevation hammock
- I. Community Character of Immediate Vicinity: Single-Family Residential

IV. REVIEW OF DEVELOPMENT POTENTIAL

Future Land Use and Land Use District Purposes:

Policy 101.4.2 of the Monroe County Year 2010 Comprehensive Plan states:

The principal purpose of the Residential Low (RL) land use category is to provide for low-density residential development in partially developed areas with substantial native vegetation. Low intensity public and low intensity institutional uses are also allowed. In addition, Monroe County shall adopt Land Development Regulations which allow any other nonresidential use that was listed as a permitted use in the Land Development Regulations that were in effect immediately prior to the institution of the 2010 Comprehensive Plan (pre-2010 LDR's), and that lawfully existed on such lands on January 4, 1996 to develop, redevelop, reestablish and/or substantially improve provided that the use is limited in intensity, floor area, density and to the type of use that existed on January 4, 1996 or limit to what the pre-2010 LDR's allowed, whichever is more restricted.

As set forth in MCC §130-44, the purpose of the Suburban Residential (SR) district “is to establish areas of low- to medium-density residential uses characterized principally by single-family detached dwellings. This district is predominated by development; however, natural and developed open space creates an environment defined by plants, spaces and over-water views.”

Permitted and Conditional Uses:

The permitted and conditional uses within the SR district are described in MCC §130-94, which is attached in full as Exhibit C. The Applicants’ request is to build a single family residence on the subject parcel. Although MCC §130-94 lists both detached and attached dwelling units as permitted uses within the SR district, density requirements preclude the development of a dwelling unit on the subject parcel due to its size. These density requirements, as well as a review of other permitted uses as applied to the subject parcel, are discussed in more detail in the paragraphs that follow.

Residential Density:

Per MCC §130-157 (Exhibit B), the allocated residential density in the SR district is 0.5 dwelling units (du) per acre of upland. The maximum net density in the SR district is 5.0 dwelling units per net buildable acre of the site. These density limitations are consistent with those specified in Policy 101.4.22 (Exhibit D) of the Comprehensive Plan, which allows an allocated density of 0.25-0.50 du/acre and a maximum net density of 5.0 du/buildable acre within the RL future land use district. Maximum net density is available with the use of transferable development rights (TDRs) and/or for affordable housing projects.

Although a survey of the subject parcel was provided with the BUD application, it did not specify the exact land area of the parcel. For all calculations in this staff report, an area of 8,276 square feet, or 0.19 acres, has been used, as shown by the County’s GIS.

As defined in MCC §101-1, “*Net buildable area* means that portion of a parcel of land that is developable and is not open space required by section 130-157 or required minimum bufferyard under chapter 114, article V or required setbacks under section 130-186.”

According to MCC §130-157, the required open space in the SR land use district is 50%. The total upland area of the subject parcel is 8,276 SF, or 0.19 acres. When open space is subtracted, the net buildable area of the subject parcel is 4,138 SF, or 0.095 acres.

According to the density limitations outlined above, the residential development potential for the subject parcel is as follows:

RESIDENTIAL DENSITY						
FLUM/LUD	Allocated Density	Upland Acres on site	Maximum Allocated Allowed	Maximum Net Density	Net Buildable Acres on site	Max Net Allowed
Residential Low FLUM (RL) Policy 101.4.22	0.25-0.50 units/acre	0.19 acres	0.048-0.095 units	5.0 units/buildable acre	0.095 buildable acres	0.475 units
Suburban Residential LUD (SR) MCC §130-157	0.5 units/acre	0.19 acres	.095 units	5.0 units/buildable acre	0.095 buildable acres	0.475 units

The Applicants are requesting to build one (1) detached residential unit on the subject parcel. As calculated above, the allocated density for a parcel of that size within the RL and SR districts would only allow 0.095 dwelling units. Even with the use of TDRs, the maximum net density for a parcel that size within the RL and SR districts would only allow 0.0475 dwelling units. Therefore, density requirements do not support the development of one dwelling unit on a parcel of this size within the RL and/or SR districts.

Hotel/Motel, Institutional, and Campground Density:

Per MCC §130-162, the allocated density in the SR district for hotel/motel rooms and campground spaces is 5 rooms or spaces/acre, and for institutional residential is 3 rooms/acre. The maximum net density in the SR district for hotel/motel rooms is 15 rooms/buildable acre, for campgrounds is 10 spaces/buildable acre, and for institutional residential is 6 rooms/buildable acre. However, these density limitations are not consistent with those specified in Policy 101.4.22 of the Comprehensive Plan, which has an allocated and maximum net density of zero (0) rooms/acre within the RL future land use district. As the Comprehensive Plan is the controlling document, hotel/motel and institutional rooms, and/or campground spaces, would not be permitted on the subject parcel.

Note: Section 163.3161(6), F.S. - It is the intent of this act that adopted comprehensive plans shall have the legal status set out in this act and that no public or private development shall be permitted except in conformity with comprehensive plans, or elements or portions thereof, prepared and adopted in conformity with this act.

HOTEL/MOTEL, INSTITUTIONAL, CAMPGROUND RESIDENTIAL DENSITY							
FLUM/LUD	Allocated Density	Upland Acres on site	Maximum Allocated Allowed	Maximum Net Density	Net Buildable Acres on site	Max Net Allowed	
Residential Low FLUM (RL) Policy 101.4.22	0 rooms/acre	0.19 acres	0 rooms	N/A	0.095 buildable acres	N/A	
Suburban Residential LUD (SR) MCC §130-162	Institutional Residential	3.0 rooms/acre	0.19 acres	0.57 rooms	6.0 rooms/buildable acre	0.095 buildable acres	0.57 rooms
	Hotel	5.0 rooms/acre	0.19 acres	0.95 rooms	15.0 rooms/buildable acre	0.095 buildable acres	1.4 rooms*
	Recreational Rental (Campground)	5.0 spaces/acre	0.19 acres	0.95 spaces	10.0 spaces/buildable acre	0.095 buildable acres	0.95 spaces

*Although MCC §130-162 would appear to permit a maximum of 1.4 hotel rooms on a site of this size within the SR land use district, Comprehensive Plan Policy 101.4.22 has controlling authority over the land development regulations, and has an allocated and max net density of 0 hotel rooms/acre within the RL FLUM. Therefore, hotel rooms would not be permitted on the subject property.

Nonresidential Intensity:

Per MCC §130-164, institutional development, as well as public buildings and uses, may be built to a maximum FAR of 0.25. As noted in MCC §130-164, the maximum amount of low- and medium-intensity commercial retail and office floor area permitted within the SR district is not calculated based on a maximum FAR, but is based on the maximum floor area listed in the permitted uses for the SR district. Per MCC §130-94, low- and medium-intensity commercial retail and office of less than 2,500 SF are permitted with a minor conditional use permit. However, Policy 101.4.22 of the Comprehensive Plan allows nonresidential development of 0.20-0.25 FAR within the RL future land use district. As the Comprehensive Plan has controlling authority over the land development regulations, low- and medium-intensity commercial retail and office floor area would therefore be limited to Policy 101.4.22's maximum of 0.25 FAR or MCC §130-94's maximum of 2,499 SF of floor area, whichever is less.

NONRESIDENTIAL INTENSITY				
FLUM/LUD		Nonresidential Max Intensity	Upland Area of site	Maximum Floor Area Allowed
Residential Low FLUM (RL) Policy 101.4.22		0.20-0.25 FAR	8,276 SF	1,655-2,069 SF
Suburban Residential LUD (SR) MCC §130-94 and §130-164	Institutional and Public Buildings/Uses	0.25 FAR	8,276 SF	2,069 SF
	Low- and Medium-Intensity Retail or Office	<2,500 SF*	N/A	2,499 SF*

*Although MCC §130-94 permits a maximum of 2,499 SF of floor area for low- and medium-intensity commercial retail and office floor area within the SR district, Comprehensive Plan Policy 101.4.22 has controlling authority over the land development regulations, and limits nonresidential development to a maximum of 0.25 FAR within the RL FLUM, which would be 2,069 SF for the subject parcel.

Educational Overlay Intensity:

MCC §130-94 includes the Educational overlay district as a use permitted with a major conditional use. As stated in Policy 101.4.11 of the Comprehensive Plan, the principal purpose of the Educational land use category is to provide for public educational facilities. The County shall coordinate with the School Board to balance educational facility land requirements with other land use objectives. In recognition of Monroe County's environment and the linear distribution of its population, the County shall encourage schools to accommodate building and facility requirements on existing sites. When new school sites are required, school shall be encouraged to locate proximate to urban residential areas and other public facilities.

MCC §130-123 states:

Any use identified in the Monroe County Year 2010 Comprehensive Plan as Education (E) and further identified on the Monroe County Future Land Use Map with a designation of "E" may be overlaid on any new or existing land use district. The use within the overlay district shall be subject to all land development regulations of the underlying district with the exception of those regulations controlling density and intensity. The use within the overlay district shall be developed with the following density and intensity regulations:

EDUCATIONAL OVERLAY INTENSITY			
FLUM/LUD	Educational Max Intensity	Upland Area of site	Maximum Floor Area Allowed
Educational FLUM (E) Policy 101.4.11 MCC §130-123	0.30 FAR	8,276 SF	2,482 SF

Development of an educational facility under the Educational FLUM and the Educational land use overlay district may be permitted up to 2,482 SF, and would require a FLUM amendment and a major conditional use.

Review of Permitted and Conditional Uses:

The permitted and conditional uses within the SR district are described in MCC §130-94. The following list is an analysis of the permitted and conditional uses, as applied to the subject parcel, based on the requirements of MCC §130-94, and the density and intensity requirements within MCC and the Comprehensive Plan, described above. The full text of MCC §130-94 is attached as Exhibit C.

PERMITTED AND CONDITIONAL USES WITHIN SR ZONING (BASED ON MCC §130-94, §130-123, §130-157, §130-162, and §130-164; and Policy 101.4.22)		
AS OF RIGHT	ALLOWED*	REASON
(1) Detached residential dwellings	NO	Density allows <1 unit.
(2) Community parks	YES	
(3) Beekeeping	YES	
(4) Home occupations—Special use permit required	NO	Density allows <1 unit.
(5) Accessory uses;	YES – IF PRINCIPAL USE ESTABLISHED	
(6) Vacation rental use	NO	Density allows <1 unit.
(7) Collocations on existing antenna-supporting structures	NO	Use does not currently exist.
(8) Satellite earth stations <2 meters as accessory	YES – IF PRINCIPAL USE ESTABLISHED	
(9) Wastewater nutrient reduction cluster systems that serve less than ten residences	YES – IF ACCESSORY TO ADJACENT RESIDENTIAL DEVELOPMENT	
MINOR CONDITIONAL USE	ALLOWED*	REASON
(1) Attached residential dwelling units (<4 units per building)	NO	Density allows <1 unit.
(2) Public or private community tennis courts and swimming pools	YES	

(3) Public buildings and uses	YES – UP TO 2,069 SF	
(4) Commercial retail of low- and medium-intensity or office uses or any combination thereof of less than 2,500 SF of floor area, provided that: a. The parcel of land on which the commercial retail use is to be located abuts the right-of-way of U.S. 1, or a dedicated right-of-way to serve as a frontage road for U.S. 1; b. The structure must be located within 200 feet of the centerline of U.S. 1;	NO	Parcel does not abut the right-of-way of U.S. 1, or a dedicated right-of-way to serve as a frontage road for U.S. 1; and Parcel is not within 200 feet of the centerline of U.S. 1.
(5) Parks and community parks	YES	
(6) Institutional uses	YES – UP TO 2,069 SF	
(7) Churches, synagogues, and houses of worship	YES – UP TO 2,069 SF	
(8) Replacement of an existing antenna-supporting structure	NO	
(9) Stealth wireless communications facilities, as accessory uses	YES – IF PRINCIPAL USE ESTABLISHED	
(10) Satellite earth stations ≥ 2 meters as accessory	YES – IF PRINCIPAL USE ESTABLISHED	
MAJOR CONDITIONAL USE	ALLOWED*	REASON
(1) Attached residential dwelling units (>4 units per building)	NO	Density allows <1 unit.
(2) Institutional residential uses	NO	Density allows <1 unit.
(3) Marinas	NO	No water access.
(4) Agricultural uses	YES	
(5) Campgrounds provided that the parcel has an area of at least 5 acres	NO	Parcel has an area less than 5 acres.
(6) Hotels of fewer than 12 rooms provided that the parcel has an area of at least 2 acres	NO	Parcel has an area less than 2 acres.
(7) Clubhouse or meeting facilities for educational and public interest purposes	YES – UP TO 2,069 SF	
(8) Educational Overlay Uses	YES – UP TO 2,482 SF	
REDEVELOPMENT OF ALREADY LAWFULLY ESTABLISHED USES	ALLOWED*	REASON
(1) Commercial retail of low- and medium-intensity or office uses or any combination thereof of less than 2,500 SF of floor area	NO	Use does not currently exist.

(2) Marinas	NO	Use does not currently exist.
-------------	----	-------------------------------

*Permitted and conditional uses are also subject to all other applicable comprehensive plan policies and land development regulations.

V. RESPONSE TO APPLICANTS' CLAIMS

It is anticipated that the Applicants will assert the following:

1. With the adoption of the Land Use District Map, not only did the County act in error with the designation of Bay Haven Subdivision (and the subject parcel) as an SR district, but the County did not have the right to step in and remove the building rights of individual lot owners by a zoning change in a subdivision that the County had accepted and recorded.

County Response: Changes to the Land Use Map may be initiated by the County or by private owners as long as the proper process is followed. The land use map amendments were adopted by BOCC Resolution 049-1986 and Rule 28-20.021, F.A.C., which became effective on September 15, 1986. [see Rule 28-20.021, .023, .024, and .025] The mere purchase of land does not create a right to rely on existing zoning. Second, the Applicants did not appeal or otherwise timely challenge the zoning change. Finally, defenses to a regulatory takings suit must be considered pursuant to MCC§ 102-109. In this case, any claim against the zoning change is time barred by the statute of limitations, which is 4 years after the effective date of the map amendments. This would preclude a judicial finding of taking liability and militates against relief recommendation.

2. The 1986 adoption of the LUD Map and designation of the property as SR constituted a compensable taking.

County Response: A regulatory taking is defined by the courts as any regulatory activity that denies all or substantially all economically beneficial use of property. The subject parcel still has potential to be used for the uses listed in this staff report, including, but not limited to, a community park or swimming pool, public buildings or uses, institutional uses, church or synagogue, agricultural uses, and educational uses. The subject parcel could also be sold to a neighboring parcel for use as a side yard. At the time the Beauchamps purchased the lot in 2006, it was under common ownership with, and was being used as a yard for, adjacent Lot 11, which is developed with a single family residence. Additionally, pursuant to MCC §130-160, recently amended by Ordinance 025-2013 (Exhibit E), which became effective on November 7, 2013, the subject property may be eligible for use as a sender site for transferable development rights. Determination of such eligibility would require additional information.

3. The land development regulations do not allow the rezoning of an established platted subdivision so as to require 9 contiguous platted lots in order to build a dwelling unit.

County Response: There are no provisions within the Monroe County Code, Comprehensive Plan, or Florida Statute that prohibit requesting a rezoning of a platted subdivision, provided the proper process is completed.

4. Prior to purchase, in 2005 the Beauchamps were taken by their realtor, Humberto Jimenez, to the Department's Key Largo office and told by a Monroe County Planner that "Lot 1, Block 9 of Bay Haven was a buildable lot and that the County would be happy to receive their single family residence application."

County Response: The Department has done a thorough review of County records and has found no record of this meeting. Furthermore, prior to 2008, the Department did not have an office location in Key Largo. The Upper Keys office was located on Plantation Key in Islamorada.

5. It was reasonable for the Beauchamps to assume a single family home could be built on the lot by virtue of it being part of a plat approved by the County BOCC.

County Response: Monroe County's land development regulations must take into account a set of factors related to hurricane evacuation and environmental sensitivity unlike that in any other region of the nation. These additional variables make the Monroe County Code as a whole extremely unique, and many expectations that may apply in other communities do not apply within Monroe County. Courts have previously held that the purchase of vacant property in Monroe County with the subjective assumption by the landowner that it can be used for residential development is not enough to establish vested rights or inverse condemnation.

Note, the following adopted Monroe County Comprehensive Plan provisions:

Objective 101.19 Monroe County recognizes that there presently exists a significant excess of platted residential subdivision lots relative to the County's carrying capacity based upon hurricane evacuation, traffic circulation, water quality and marine resources, and other level of service standards. The County further recognizes that lot owners who are unaware that they will be subject to the County's land development regulations may have unrealistic expectations concerning their ability to receive building permits. In order to avoid, to the extent possible, further unrealistic development expectations, Monroe County shall not approve a preliminary or final plat unless development of the plat would meet all of the requirements of Monroe County's land development regulations including, but not limited to, minimum area

requirements for a single-family residence. Under no circumstances shall Monroe County approve a plat which creates an unbuildable lot.

6. The Beauchamps completed appropriate due diligence by checking with the County as to the buildability of the lot.

County Response: The land development regulations which preclude the development of a dwelling unit on the subject parcel were effective at the time the Beauchamps purchased the parcel. Appropriate due diligence would have included obtaining first-hand knowledge of relevant sections of the Monroe County Code – particularly density requirements. The alleged informal representation by an unnamed County planner does not constitute due diligence. Moreover, the County has no record of having ever met with the Applicants. A letter of understanding would have been one of the ways Applicants could have conducted due diligence.

7. The only possible permitted use on the property is beekeeping, which would be ill advised in a residential neighborhood.

County Response: As described in this staff report, the subject parcel still has potential to be used for a variety of uses, including, but not limited to, a community park or swimming pool, public buildings or uses, institutional uses, church or synagogue, agricultural uses, and educational uses. The subject parcel could also be sold to a neighboring parcel for use as a side yard. Additionally, pursuant to MCC §130-160, recently amended by Ordinance 025-2013 (Exhibit E), which became effective on November 7, 2013, the subject property may be eligible for use as a sender site for transferable development rights. Determination of such eligibility would require additional information.

8. Bay Haven Section 1 subdivision is substantially built out. The majority of remaining vacant lots border US1, and were zoned BU-1 prior to 1986.

County Response: The subject parcel lies within Bay Haven Subdivision Section 3, which includes 99 vacant platted lots. Of these 99 vacant lots, 67 are privately owned. Bay Haven Subdivision as a whole (Sections 1-4) currently includes 254 vacant lots, of which 114 are privately owned. All privately owned parcels within Bay Haven Subdivision are in a similar situation to the subject parcel, as they have a land use district designation of either SR or Native Area (allocated density of 0.25 du/acre) and a FLUM designation of either RL or Residential Conservation (allocated density of 0-0.25 du/acre). A change to the zoning and FLUM of the parcels within this subdivision or an allowance to build a dwelling unit at a density above the adopted

maximum density requirements could therefore create the opportunity for 114 additional residential units to be developed.

As required by the State of Florida, a Rate of Growth Ordinance (ROGO) was implemented in order to provide for the safety of residents in the event of a hurricane evacuation and to protect the significant natural resources of Monroe County. ROGO is a competitive permit allocation system whereby those applications with the highest scores are awarded building permits. The creation of 114 additional residential unit requests may create other issues for the County, as the County is only allowed to issue 197 building permits per year for new residential development (Rule 28-20.140, F.A.C.) within unincorporated Monroe County in order to maintain hurricane evacuation clearance times of 24 hours.

In March 2013, the Governor and Cabinet, sitting as the State Administration Commission, approved the recommendation to allocate 10 years' worth of growth ($197 \times 10 = 1,970$ permits) to Monroe County while maintaining an evacuation clearance time of 24 hours, through the year 2023. Recent analysis by the County highlights the challenges the County may face, as there are 8,168 privately owned vacant parcels in unincorporated Monroe County. With just 197 permits per year, it would take over 41 years' worth of annual allocations (at the current rate of 197) to absorb these parcels. Additional requests for residential units only exacerbate the challenge.

9. Most of the houses in Bay Haven subdivision were entered into the tax rolls in 1987 or later. The following two properties within the Bay Haven subdivision were issued single family residence permits after the 1986 zoning change:

Example A. Parcel #00516190.000000, Building Permit #893-1416, issued on June 1, 1989.

Example B. Parcel #00516380.000000, Building Permit #C20308, issued on September 1, 1986.

County Response: A review of County building permit records shows that building permit applications for all developed lots within Bay Haven Subdivision (Sections 1-4) were applied for prior to the effective date of the amendment changing the zoning of the subdivision from RU-1 to SR.

Concerning Example A, the permit in question was issued as a re-issuance for transfer of ownership of earlier permits #C23361 and #C18916, which was applied for on March 24, 1986; the effective date of the Land Use District Map that designated Bay Haven as an SR district was September 15, 1986.

Concerning Example B, the application date of the permit in question was August 6, 1986, and the permit was issued on September 1, 1986; the effective date of the Land

Use District Map that designated Bay Haven as an SR district was September 15, 1986.

10. The County owns and maintains the streets and rights of way within Bay Haven subdivision, yet has declared it not to be a residential subdivision.

County Response: There are no regulations within the Monroe County Code, Comprehensive Plan, or Florida Statute that require the County to allow specific residential density within areas where the County maintains streets and rights of way. The zoning and density regulations that apply to Bay Haven Subdivision determine the number of dwelling units which may be built, but have no bearing on whether or not an area is defined as a “residential subdivision.”

VI. RECOMMENDATION

The Applicants have requested one of the following forms of relief:

1. MCC §102-110(b)(1): Redesignation of the property on the land use map and future land use map; or,
2. MCC §102-110(b)(2): Permits for development despite the literal application of the land development regulations and comprehensive plan, with the understanding that the permit will still be subject to ROGO requirements.

The subject parcel has been reviewed fairly according to the land development regulations, and these regulations were already in effect prior to the Beauchamps’ purchase of the property. The Department disagrees that there has been a regulatory taking of the subject property; even if there has been, several affirmative defenses could be asserted against a taking claim precluding a judicial finding of liability and this supports the denial of the request relief pursuant to MCC§102-109.

VII. EXHIBITS

- A. Monroe County Code §102-102 – §102-110. Beneficial Use Determinations.
- B. Monroe County Code §130-157. Maximum residential density and district open space.
- C. Monroe County Code §130-94. Suburban Residential District (SR) Permitted and Conditional Uses.
- D. Monroe County Year 2010 Comprehensive Plan Policy 101.4.22.
- E. Monroe County BOCC Ordinance No. 025-2013.

VIII. MAPS

1. Current Land Use District Map for subject parcel.
2. Current Future Land Use Map for subject parcel.
3. 2012 Aerial photography for subject parcel.
4. Bay Haven Subdivision (Sections 1-4) Current Land Use District Map.

DIVISION 2. BENEFICIAL USE DETERMINATIONS

Sec. 102-102. Generally.

If, after a final decision or action by the county, including available variances, a landowner is of the opinion that the adoption or application of a county land development regulation or comprehensive plan policy has caused a taking of the landowner's property, the procedures of this division shall be used prior to seeking relief from the courts.

(Ord. No. 035-2007, § 2(9.5-171))

Sec. 102-103. Purpose and intent.

- (a) The purpose of this division is to ensure that the adoption or application of a county land development regulation or comprehensive plan policy does not result in an unconstitutional taking of private property.
- (b) The intent of the board of county commissioners is that this division provide a means to resolve a landowner's claim that a land development regulation or comprehensive plan policy has had an unconstitutional effect on property in a nonjudicial forum. This division is not intended to provide relief related to regulations promulgated by agencies other than the county or to provide relief for claims that are not cognizable in court at the time of application under this division. Further, the procedures of this division are not intended, nor do they create, a judicial cause of action.

(Ord. No. 035-2007, § 2(9.5-172))

Sec. 102-104. Exhaustion.

Relief under this division cannot be established until the landowner has received a final decision on development approval applications from the county, including building permit allocation system applications, appeals, administrative relief pursuant to [section 138-54](#), and other available relief, exceptions, or variances, unless the applicant asserts that a land development regulation or comprehensive plan policy, on its face, meets the standards for relief in [section 102-109](#).

(Ord. No. 035-2007, § 2(9.5-173))

Sec. 102-105. Application; applicability; sufficiency.

- (a) **Generally.** An application for a beneficial use determination may be made to the planning department by filing an application and an application fee as established by the board.
- (b) **Contents of application.** The application shall be submitted in a form established by the county and shall include the following:
 - (1) **Contact information.** The name, address, and phone number of the landowner and applicant or agent;
 - (2) **Legal description.** A legal description and the real estate or parcel number for the property;
 - (3) **Letter of agency.** If a person other than the landowner is requesting relief pursuant to this division, a notarized letter of agency from the landowner authorizing the person to represent them with respect to the application. Except as specifically provided herein, the landowner will be bound by the representations, obligations, and agreements made by the landowner's agent in the course of the beneficial use determination process.

The term "applicant" as used in this division refers to the landowner or the landowner's agent, as applicable;

- (4) **Date of acquisition, offers to purchase, attempts to sell.** Documentation of the date of acquisition, the price incurred to acquire the property, the date and amount of any offers by any person, corporation, governmental entity, or association to acquire the property, and any attempts by the landowner to sell the property;
 - (5) **Land development regulation or comprehensive plan policy.** A statement describing the land development regulation, comprehensive plan policy, or other final action of the county, which the applicant believes necessitates relief under this division, including the effective date of the land development regulation or comprehensive plan policy and/or the date of the final action by the county related to the property. The application shall identify the subject land development regulations or comprehensive plan policies of the county by section and number;
 - (6) **Description of land.** A description of the property's physical and environmental features, total acreage, and use presently, at the time of acquisition, and upon the effective date of the land development regulation or comprehensive plan policy or other final action the applicant believes necessitates relief under this division;
 - (7) **Improvements to land.** Evidence of any investments made to improve the property, the date the improvements were made, and the cost of the improvements;
 - (8) **Description of allowable uses.** A description of the type and extent of land uses allowed on the property, from the time the applicant acquired the property until the date of application under this division, including allowable density, permitted and conditional uses, open space ratios, and other factors affecting the property's development potential;
 - (9) **Requested relief.** A statement regarding the form of relief requested by the landowner, pursuant to section 102-110
 - (10) **Maps.** Maps shall be included in the application, which show the property presently, at the time of acquisition, and upon the effective date of the land development regulation, comprehensive plan policy, or other action of the county the applicant believes necessitates relief under this division. Maps shall indicate the land use designation, future land use designation, aerial photography, and environmental conditions and habitat on the property at the above times;
 - (11) **Previous development applications and appeals.** A description of all efforts to seek approval to develop the property, including date of application; name of the local, state, or federal permitting agency; nature of approval, denial, or appeal sought; disposition; and the date of disposition;
 - (12) **Agency approvals.** Evidence of whether the applicant has received necessary approvals from governmental agencies other than the county, which are required in order to undertake development of the property, including, as applicable, evidence that approvals from other agencies are not required;
 - (13) **Signature of landowner and agent.** The signature of landowner and agent, attesting to the accuracy of the statements and representations made in the application; and
 - (14) **Additional materials.** Any other appraisals, studies, or evidence supporting the applicant's contention that relief under this division is appropriate, including appraisals related to any alleged diminution in fair market value of the property.
- (c) **Standards applicable to landowner and landowner's representative.**

- (1) The landowner and the landowner's representative shall exercise due diligence in the filing of and legal bases asserted pursuant to an application for relief under this division.
 - (2) The signature upon the application by the landowner and the landowner's representative shall constitute a certification that the landowner and landowner's representative have undertaken due diligence in the filing of the application, that to the best of his knowledge the application is supported by good grounds under applicable laws, and that the application has been filed in good faith, consistent with the purpose and intent of this division.
 - (3) The landowner and the landowner's representative shall have a continuing obligation throughout the proceedings to correct any statement or representation found to have been incorrect when made or which becomes incorrect by virtue of changed circumstances.
 - (4) If a claim for relief pursuant to this division is based upon facts the landowner or the landowner's representative knew or should have known were not correct or upon assertions of law that were frivolous, the special magistrate may dismiss the application and may recommend any remedy or penalty to the board provided by law or ordinance.
- (d) **Determination of sufficiency.** Within 15 calendar days of accepting the application, the planning director, or the planning director's designee, shall determine if the application is complete and includes the materials and information listed in subsections (b)(1)—(13) of this section. The special magistrate may require the landowner or the county to provide additional information in order to make a determination under this division and may conduct a hearing on whether the application should be dismissed for failure to include information necessary to make a recommendation, based on the standards set forth in this division.
- (1) **Determined insufficient.** If the planning director determines the application is not complete, a written notice shall be mailed to the applicant specifying the application's deficiencies. No further action shall be taken on the application until the deficiencies are remedied. If the applicant fails to correct the deficiencies within 30 calendar days of a notice of deficiencies, the application shall be considered withdrawn, and the application fee shall be refunded to the applicant, upon request.
 - (2) **Determined sufficient.** When the application is determined sufficient, the planning director shall notify the applicant in writing and, within 60 calendar days, forward the application to a special magistrate to set a hearing date. The planning director may forward to the special magistrate additional materials, applications, or decisions related to the application, including recommended forms of relief, consistent with this division.

(Ord. No. 035-2007, § 2(9.5-174))

Sec. 102-106. Action by the special magistrate.

- (a) **Establishment of date for hearing and notice.** The special magistrate shall schedule and hold a hearing on an individual beneficial use determination application within 90 calendar days of receipt of the complete application from the planning director.
- (b) **Hearing.** At the hearing, the landowner or landowner's representative shall present the landowner's case and the planning director or the planning director's representative shall represent the county's case. The special magistrate may accept briefs, evidence, reports, or proposed recommendations from the parties.

- (c) **Recommendation of the special magistrate.** Within 60 calendar days of the close of the hearing, the special magistrate shall prepare and transmit in writing to the planning director and the landowner, or their representatives, a recommendation regarding the application, based on the evidence submitted and the standards set forth in sections 102-109 and 102-110
- (1) If the special magistrate's recommendation is that relief is not appropriate, the special magistrate's recommendation shall specify the basis for the recommendation.
 - (2) If the special magistrate's recommendation is that relief is appropriate, the special magistrate's recommendation shall:
 - a. Recommend a form of relief, pursuant to section 102-110; and
 - b. Indicate the basis for the recommendation, including, as applicable:
 1. Identification of the county land development regulation, comprehensive plan policy, or other action that resulted in the recommendation for relief; and
 2. The date the land development regulation, comprehensive plan policy, or other final action of the county affected the property so as to necessitate relief.

(Ord. No. 035-2007, § 2(9.5-175))

Sec. 102-107. Action by the planning director.

Based on the recommendations of the special magistrate, the planning director shall prepare the item for consideration by the board of county commissioners. The planning director may not disturb or alter the recommendations of the special magistrate. Within 30 calendar days of receipt of the recommendations of the special magistrate, the planning director shall forward the special magistrate's recommendation to the board to set a public hearing on the matter. The planning director may include with the recommendation a proposed process and schedule for implementing the special magistrate's recommendation.

(Ord. No. 035-2007, § 2(9.5-176))

Sec. 102-108. Action of the board.

Following receipt of the matter from the planning director, the board shall set the matter for a public hearing. The county shall provide notice and the applicant shall be provided an opportunity to be heard prior to the decision of the board. The recommendation of the special magistrate is not binding on the board. At the hearing, the board, by resolution, shall approve, modify, reverse, or approve with conditions, the recommendations of the special magistrate, based on the standards of sections 102-109 and 102-110. The resolution shall:

- (1) State the date, if any, upon which any resolution granting relief will cease to be in effect;
- (2) State that neither the board's resolution nor any process or evidence associated with this division is an admission of a taking of property;
- (3) Direct county staff to undertake any additional steps necessary to implement the resolution; and
- (4) Address other matters necessary to implement the purpose and intent of this division.

(Ord. No. 035-2007, § 2(9.5-177))

Sec. 102-109. Beneficial use standards.

- (a) **Standard.** In furtherance of the purpose and intent of this division, and consistent with Policy 101.18.5 of the comprehensive plan, relief under this division may be granted where a court of competent jurisdiction likely would determine that a final action by the county has caused a taking of property and a judicial finding of liability would not be precluded by a cognizable defense, including lack of investment-backed expectations, statutes of limitation, laches, or other preclusions to relief. Whether such liability, at the time of application under this division, is likely to be established by a court should be determined based on applicable statutory and case law at the time an application is considered under this division.
- (b) **Burden.** The applicant shall have the burden of showing that relief under this division is appropriate.

(Ord. No. 035-2007, § 2(9.5-178))

Sec. 102-110. Granting of relief.

- (a) **General.** If the board determines that relief is appropriate under this division, relief may be granted, as provided in this section and consistent with the comprehensive plan.
- (b) **Forms of relief.** In order to avoid an unconstitutional result and to provide a landowner with an economically viable use of property pursuant to this division, the special magistrate may recommend and the board may allow for additional uses, density, or relief beyond that allowed by a literal application of the land development regulations or comprehensive plan on the particular property, which may include:
- (1) Redesignation of the property on the land use map or future land use map;
 - (2) Permits for development despite the literal application of the land development regulations and comprehensive plan, although permits issued pursuant to this section shall be subject to applicable construction deadlines and expiration dates under chapter 6
 - (3) Transferable development rights (TDRs);
 - (4) Eligibility for dedication of the property pursuant to section 138-28(5);
 - (5) Repeal or amendment of the land development regulation or comprehensive plan policy affecting the subject property;
 - (6) Any other economically beneficial use of the property or relief the board determines appropriate and adequate under section 102-109 and the comprehensive plan; or
 - (7) Any combination of subsections (b)(1)—(6) of this section.
- (c) **Minimum increase.** Relief granted pursuant to this division shall be the minimum necessary to comply with section 102-109. The highest, common, or expected use, is not intended as an appropriate remedy, unless expressly required by applicable statute or case law.

(Ord. No. 035-2007, § 2(9.5-179))

ARTICLE V. LAND USE INTENSITIES

Sec. 130-157. Maximum residential density and district open space.

The maximum residential density and district open space shall be in accordance with the following table:

<i>Land Use District</i>	<i>Allocated Density DU/Acre</i>	<i>Maximum Net Density DU/Buildable Area</i>	<i>Open Space Ratio*</i>
Urban commercial	6.0	12.0	0.2
Urban residential	6.0	12.0	0.2
(Affordable housing)	6.0	25.0	0.2
(Employee housing)	6.0	25.0	0.2
Urban residential mobile home (URM)	1/lot	0	0.2
Mobile home parks per section 101-1	5.0	7.0	0.2
URM-limited	1/lot	0	0.2
Suburban commercial	3.0	6.0	0.2
(Employee housing)	3.0	15.0	0.2
Suburban residential	0.5	5.0	0.5
Suburban residential LTD	0.5	3.0	0.5
Sparsely settled	0.5	0	0.8
Native	0.25	0	*
Mainland native	0.01	0	0.99
Offshore island	0.1	0	0.95
Improved subdivision	1/lot	0	0.2
Commercial fishing**	3.0	12.0	0.2
Destination resort	1.0	18.0	0.2
Industrial	1.0	2.0	0.2
Maritime industry	1.0	2.0	0.2
Mixed use	1.0	12.0	0.2
(Affordable housing)	1.0	18.0	0.2
(Employee housing)	1.0	18.0	0.2
Military facility	6.0	12.0	0.2
Park and refuge	0.25	0	0.9
*See additional open space ratios in chapter 118 ; in accordance with section 101-2(1) , the most restrictive of these ratios applies.			
**The allocated and maximum net densities listed in this table do not apply to CFSD-20 (Little Torch). See section 130-79(14)c. for residential densities.			

Note—Properties consisting of hammocks, pinelands, and disturbed wetlands that are within RV, MU, UC, SC, CFV, CFA, CFSD districts have a maximum net density of 0.

(Code 1979, § 9.5-262; Ord. No. 33-1986, § 9-302; Ord. No. 26-1995, § 1; Ord. No. 041-2003, § 1)

ARTICLE III. PERMITTED AND CONDITIONAL USES

11/14/2013

Sec. 130-94. Suburban residential district (SR).

- (a) The following uses are permitted as of right in the suburban residential district:
- (1) Detached residential dwellings;
 - (2) Community parks;
 - (3) Beekeeping;
 - (4) Home occupations—Special use permit required;
 - (5) Accessory uses;
 - (6) Vacation rental use if a special vacation rental permit is obtained under the regulations established in [section 134-1](#)
 - (7) Collocations on existing antenna-supporting structures, pursuant to [section 146-5\(3\)](#);
 - (8) Satellite earth stations less than two meters in diameter, as accessory uses, pursuant to [section 146-5\(6\)](#); and
 - (9) Wastewater nutrient reduction cluster systems that serve less than ten residences.
- (b) The following uses are permitted as minor conditional uses in the suburban residential district, subject to the standards and procedures set forth in [chapter 110](#), article III:
- (1) Attached residential dwelling units, provided that:
 - a. The total number of units does not exceed four per building;
 - b. The structures are designed and located so that they are visually compatible with established residential development within 250 feet of the parcel proposed for development; and
 - c. The parcel proposed for development is separated from any established detached residential use by a class C bufferyard;
 - (2) Public or private community tennis courts and swimming pools, provided that:
 - a. The parcel of land proposed for development does not exceed five acres;
 - b. The parcel proposed for development is separated from any established residential use by a class C bufferyard; and
 - c. All outside lighting is designed and located so that light does not shine directly on any established residential use;
 - (3) Public buildings and uses, provided that:
 - a. The parcel proposed for development is separated from any established residential use by a class C bufferyard; and
 - b. Access to U.S. 1 is by way of:
 1. An existing curb cut;
 2. A signalized intersection; or
 3. A curb cut that is separated from any other curb cut on the same side of U.S. 1 by at least 400 feet;
 - (4) Commercial retail of low- and medium-intensity or office uses or any combination thereof of less than 2,500 square feet of floor area, provided that:
 - a. The parcel of land on which the commercial retail use is to be located abuts the right-of-way of U.S. 1, or a dedicated right-of-way to serve as a frontage road for U.S. 1;
 - b. The structure must be located within 200 feet of the centerline of U.S. 1;
 - c. The commercial retail use does not involve the sale of petroleum products;

- d. The commercial retail use does not involve the outside storage or display of goods or merchandise with the exception that outside sales and display for nurseries may be permitted with the stipulation that required open space and required bufferyards may not be used for display and sales;
 - e. There is no direct access to U.S. 1 from the parcel of land on which the commercial retail use is to be located;
 - f. The structure in which the commercial retail use is to be located is separated from the U.S. 1 right-of-way by a class C bufferyard;
 - g. The structure in which the commercial retail use is to be located is separated from any existing residential structure by a class C bufferyard; and
 - h. No signage other than one identification sign of no more than four square feet shall be placed in any yard or on the wall of the structure in which the commercial retail use is to be located except for the yard or wall that abuts the right-of-way for U.S. 1;
- (5) Parks and community parks;
- (6) Institutional uses, provided that:
- a. The parcel proposed for development is separated from any established residential uses by a class C bufferyard; and
 - b. Access to U.S. 1 is by way of:
 - 1. An existing curb cut;
 - 2. A signalized intersection; or
 - 3. A curb cut that is separated from any other curb cut on the same side of U.S. 1 by at least 400 feet;
- (7) Churches, synagogues, and houses of worship, provided that:
- a. The parcel proposed for development is separated from any established residential uses by a class C bufferyard; and
 - b. Access to U.S. 1 is by way of:
 - 1. An existing curb cut;
 - 2. A signalized intersection; or
 - 3. A curb cut that is separated from any other curb cut on the same side of U.S. 1 by at least 400 feet;
- (8) Replacement of an existing antenna-supporting structure pursuant to [section 146-5\(2\)](#);
- (9) Stealth wireless communications facilities, as accessory uses, pursuant to [section 146-5\(5\)](#); and
- (10) Satellite earth stations greater than or equal to two meters in diameter, as accessory uses, pursuant to [section 146-5\(6\)](#).
- (c) The following uses are permitted as major conditional uses in the suburban residential district, subject to the standards and procedures set forth in [chapter 110](#), article III:
- (1) Attached residential dwelling units, provided that:
 - a. The structures are designed and located so that they are visually compatible with established residential development within 250 feet of the parcel proposed for development; and
 - b. The parcel proposed for development is separated from any established residential use by a class C bufferyard;
 - (2) Institutional residential uses, provided that:

- a. The use is compatible with land uses established in the immediate vicinity of the parcel proposed for development;
 - b. The parcel proposed for development is separated from any established residential use by a class C bufferyard; and
 - c. Access to U.S. 1 is by way of:
 1. An existing curb cut;
 2. A signalized intersection; or
 3. A curb cut that is separated from any other curb cut on the same side of U.S. 1 by at least 400 feet;
- (3) Marinas, provided that:
- a. The parcel proposed for development has access to water at least four feet below mean sea level at mean low tide;
 - b. The use does not involve the sale of goods and services other than private clubs, sport fishing charters, boat dockage and storage;
 - c. All boat storage is limited to surface storage on trailers or skids and no boats or other equipment is stored on any elevated rack, frame or structure;
 - d. Vessels docked or stored shall not be used for live-aboard purposes;
 - e. All outside storage areas are screened from adjacent uses by a solid fence, wall or hedge at least six feet in height; and
 - f. Each nonwaterside perimeter setback of the parcel proposed for development must have a class C bufferyard within a side yard setback of ten feet;
- (4) Agricultural uses, provided that:
- a. The use is compatible with land uses established in the immediate vicinity of the parcel proposed for development;
 - b. The parcel proposed for development is separated from any established residential use by at least a class C bufferyard; and
 - c. All outside storage areas are screened from adjacent uses by solid fence, wall or hedge at least six feet in height;
- (5) Campgrounds, provided that:
- a. The parcel proposed for development has an area of at least five acres;
 - b. The operator of the campground is the holder of a valid county business license;
 - c. If the use involves the sale of goods and services, other than the rental of camping sites or recreational vehicle parking spaces, such use does not exceed 1,000 square feet and is designed to serve the needs of the campground; and
 - d. The parcel proposed for development is separated from all adjacent parcels of land by at least a class C bufferyard;
- (6) Hotels of fewer than 12 rooms, provided that:
- a. The parcel proposed for development has an area of at least two acres;
 - b. All signage is limited to that permitted for a residential use;
 - c. The parcel proposed for development is separated from any established residential use by at least a class C bufferyard; and
 - d. The use is compatible with land uses established in the immediate vicinity of the parcel proposed for development;
- (7)

- Clubhouse or meeting facilities for educational and public interest purposes, provided that:
- a. The use does not exceed 5,000 square feet of floor area; and
 - b. The parcel proposed for development is separated from all adjacent residential uses by a class C bufferyard;
- (8) Land use overlay E, subject to the provisions of article IV of this chapter.
- (d) The following lawfully established nonresidential uses in the suburban residential land use district, which were rendered nonconforming by the 2010 Comprehensive Plan, but listed as permitted uses in the land development regulations that were in effect immediately prior to the institution of the 2010 Comprehensive Plan (pre-2010 LDRs) and lawfully existed on such lands on January 4, 1996, which are damaged or destroyed may be permitted to be redeveloped, make substantial improvements, or be reestablished as an amendment to a major conditional use, subject to the standards and procedures set forth in chapter 110, article III.
- (1) Commercial retail of low- and medium-intensity or office uses or any combination thereof of less than 2,500 square feet of floor area, provided that:
- a. The parcel of land on which the commercial retail use is to be located abuts the right-of-way of U.S. 1, or a dedicated right-of-way to serve as a frontage road for U.S. 1;
 - b. The commercial retail use does not involve the sale of petroleum products;
 - c. The commercial retail use does not involve the outside storage or display of goods or merchandise with the exception that outside sales and display for nurseries may be permitted with the stipulation that required open space and required bufferyards may not be used for display and sales;
 - d. The structure in which the commercial retail use is to be located is separated from the U.S. 1 right-of-way by a class C bufferyard;
 - e. The structure in which the commercial retail use is to be located is separated from any existing residential structure by a class C bufferyard;
 - f. No signage other than one identification sign of no more than four square feet shall be placed in any yard or on the wall of the structure in which the commercial retail use is to be located except for the yard or wall that abuts the right-of-way for U.S. 1; and
 - g. The use is limited in intensity, floor area, density and to the type of use that existed on January 4, 1996, or limited to the permitted uses and/or the provisions for minor or major conditional uses allowed in the pre-1996 LDRs for this district, whichever is more restrictive;
- (2) Marinas, provided that:
- a. The parcel has access to water at least four feet below mean sea level at mean low tide;
 - b. The use does not involve the sale of goods and services other than private clubs, sport fishing charters, boat dockage and storage;
 - c. All boat storage is limited to surface storage on trailers or skids and no boat or other equipment is stored on any elevated rack, frame or structure;
 - d. Vessels docked or stored shall not be used for live-aboard purposes;
 - e. All outside storage areas are screened from adjacent uses by a solid fence, wall or hedge at least six feet in height;
 - f.

The parcel is separated from any established residential use by a class C bufferyard; and

9. The use is limited in intensity, floor area, density and to the type of use that existed on January 4, 1996, or limited to the permitted uses and/or the provisions for minor or major conditional uses allowed in the pre-1996 LDR's for this district, whichever is more restrictive.

(Code 1979, § 9.5-236; Ord. No. 33-1986, § 9-206; Ord. No. 40-1987, § 56; Ord. No. 19-1989, § 1(PD66E), (PD72) —(PD75); Ord. No. 21-1989, § 1(PD59N); Ord. No. 4-1997, § 9; Ord. No. 28-1999, § 2; Ord. No. 53-2000, § 6; Ord. No. 27-2001, § 2; Ord. No. 33-2001, § 3; Ord. No. 018-2002, § 6; Ord. No. 007-2003, § 5; Ord. No. 034-2005, § 3; Ord. No. 037-2006, § 6)

Policy 101.4.22

Monroe County hereby adopts the following density and intensity standards for the future land use categories, which are shown on the Future Land Use Map and described in Policies 101.4.1 - 101.4.17: [9J-5.006(3)(c)7].

Future Land Use Densities and Intensities			
Future Land Use Category And Corresponding Zoning	Allocated Density ^(b) (per acre)	Maximum Net Density ^{(a)(b)(1)} (per buildable acre)	Maximum Intensity (floor area ratio)
Agriculture (A) ^(h) (no directly corresponding zoning)	0 du 0 rooms/spaces	N/A N/A	0.20-0.25
Airport (AD) (AD zoning)	0 du 0 rooms/spaces	N/A N/A	0.10
Commercial (COMM) (C1 and C2 zoning)	0 du 0 rooms/spaces	N/A N/A	0.15-0.50
Conservation (C) (CD zoning)	0 du 0 rooms/spaces	N/A N/A	0.05
Education (E) ^(h) (no directly corresponding zoning)	0 du 0 rooms/spaces	N/A N/A	0.30
Industrial (I) (I and MI zoning)	1 du 0 rooms/spaces	2 du N/A	0.25-0.60
Institutional (INS) ^(h) (no directly corresponding zoning)	0 du 3-15 rooms/spaces	N/A 6-24 rooms/spaces	0.25-0.40
Mainland Native (MN) (MN zoning)	0.01 du 0 rooms/spaces	N/A N/A	0.10
Military (M) (MF zoning)	6 du 10 rooms/spaces	12 du 20 rooms/spaces	0.30-0.50
Mixed Use/Commercial (MC) ^{(g)(1)} (SC, UC, DR, RV, MU and MI zoning)	1-6 du 5-15 rooms/spaces 1 du (MI zoning)	2-18 du 10-25 rooms/spaces 2 du (MI zoning)	0.10-0.45 (SC, UC, DR, RV, and MU zoning) 0.30-0.60 (MI zoning)
Mixed Use/Commercial Fishing (MCF) ^(g) (CFA, CFV ^(c) , CFSD zoning)	Approx. 3-8 du 0 rooms/spaces	12 du 0 rooms/spaces	0.25-0.40
Public Facilities (PF) ^(h) (no directly corresponding zoning)	0 du 0 rooms/spaces	N/A N/A	0.10-0.30
Public Buildings/Grounds (PB) ^(h) (no directly corresponding zoning)	0 du 0 rooms/spaces	N/A N/A	0.10-0.30
Recreation (R) (PR zoning)	0.25 du 2 rooms/spaces	N/A N/A	0.20
Residential Conservation (RC) (OS and NA zoning)	0-0.25 du 0 rooms/spaces	N/A N/A	0-0.10
Residential Low (RL) (SS ^(d) , SR, and SR-L zoning)	0.25-0.50 du 0 rooms/spaces	5 du N/A	0.20-0.25
Residential Medium (RM) (IS zoning)	approx. 0.5-8 du (1 du/lot) 0 rooms/spaces	N/A N/A	0
Residential High (RH) (IS-D ^(e) , URM ^(e) , and UR ^(f) zoning)	approx. 3-16 du (1-2 du/lot) 10 rooms/spaces	12 du 20 rooms/spaces	0

Notes:

- (a) "N/A" means that maximum net density bonuses shall not be available.
- (b) The allocated densities for submerged lands, salt ponds, freshwater ponds, and mangroves shall be 0 and the maximum net densities bonuses shall not be available.
- (c) The allocated density for CFV zoning shall be 1 dwelling unit per lot and the maximum net density bonuses shall not be available.
- (d) Maximum net density bonuses shall not be available to the SS district.

- (e) The allocated density for IS-D and URM zoning shall be 2 and 1 dwelling units per lot, respectively and the maximum net density bonuses shall not be available.
- (f) The maximum net density for the UR district shall be 25 for units where all units are designated as affordable housing.
- (g) For properties consisting of hammocks, pinelands or disturbed wetlands within the Mixed Use/ Commercial and Mixed Use/ Commercial Fishing land use categories, the floor area ratio shall be 0.10 and the maximum net residential density bonuses not apply.
- (h) Uses under the categories of Agriculture, Education, Institutional, Public Facilities, and Public Buildings and Uses, which have no directly corresponding zoning, may be incorporated into new or existing zoning districts as appropriate.
- (i) The Maximum Net Density is the maximum density allowable with the use of TDRs.
- (j) A mixture of uses shall be maintained for parcels designated as MI zoning district that are within the MC future land use category. Working waterfront and water dependent uses, such as marina, fish house/market, boat repair, boat building, boat storage, or other similar uses, shall comprise a minimum of 35% of the upland area of the property, pursuant to Policy 101.4.5.

(Ordinances 032-2012 and 010-2013)

**MONROE COUNTY, FLORIDA
MONROE COUNTY BOARD OF COUNTY COMMISSIONERS
ORDINANCE NO. 025 - 2013**

AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY CODE SECTION 130-160, TRANSFERABLE DEVELOPMENT RIGHTS, REVISING THE LAND DEVELOPMENT REGULATIONS TO BE CONSISTENT WITH POLICY 101.13.4 OF THE MONROE COUNTY COMPREHENSIVE PLAN, PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR CODIFICATION; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners approved Ordinance #004-2013 on January 16, 2013. The intent of the ordinance was to amend the provisions of Monroe County Code Section 130-160 to be consistent with Monroe County Comprehensive Plan Policy 101.13.4; and

WHEREAS, Monroe County Code Section 130-160 and Monroe County Comprehensive Plan Policy 101.13.4 pertain to transferable development rights, commonly referred to as TDRs; and

WHEREAS, additional amendments to Monroe County Code Section 130-160 are necessary to address inconsistencies between Monroe County Code Section 130-160 and the Monroe County Comprehensive Plan that were inadvertently not corrected by Ordinance #004-2013; and

WHEREAS, Monroe County Comprehensive Plan Policy 101.13.4 allows the transfer of TDR's from sender sites within habitat of specified types which lie within any zoning category; however Monroe County Code Section 130-160 - as revised by Ordinance #004-2013 - requires that the sender site be within a listed zoning category (and thus restricted to only those 6 zoning categories) and be within a listed habitat type (and thus further restricted to having to comply with the zoning criteria and the habitat criteria, rather than one or the other); and

WHEREAS, Monroe County Comprehensive Plan does not prohibit the transfer of TDR's to tier I parcels. In other policies, the Comprehensive Plan discourages development on tier I parcels; however it does not prohibit; and

WHEREAS, based upon the information and documentation submitted, the Commission makes the following Conclusions of Law: 1) the text amendment is consistent with the Principles for Guiding Development in the Florida Keys Area of Critical State Concern; 2) the text amendment is consistent with the provisions and intent of the Monroe County Comprehensive Plan; and 3) the text amendment is consistent with the provisions and intent of the Monroe County Code; and

WHEREAS, during a regularly scheduled meeting held on April 23, 2013, the Monroe County Development Review Committee reviewed the ordinance and recommended approval to the Board of County Commissioners; and

WHEREAS, during a regularly scheduled public hearing held on May 29, 2013, the Monroe County Planning Commission reviewed the ordinance and recommended approval to the Board of County Commissioners;

NOW, THEREFORE, BE IT ORDAINED BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS:

Section 1. Section 130-160 of the Monroe County Code shall be amended as:

Sec. 130-160. Transferable development rights (TDR's).

(a) *General and criteria.* All residential development rights allocated or established in sections 130-157 and 130-162 are transferable from one parcel of land to another parcel of land, provided that the sender and receiver sites meet all of the following criteria:

- (1) A sender site is the land area from which the development right(s) to be transferred is derived. In the event an applicant intends to only use part of a greater property for a transferable development right application, the additional land area not required to amass the transferable development right(s) shall not be considered part of the sender site and not subject to conservation as required in subsection (8). As part of the application required in subsection (b)(2), the applicant shall provide a boundary survey and legal description that identify the boundaries of the sender site within the greater property.

A sender site shall be within one of the following Land Use (Zoning) Districts in subsection a. and/or contain at least one of the following habitat types in subsection b.:

- a. *Land Use (Zoning) Districts:* Conservation (C), Mainland Native (MN), Native Area (NA), Offshore Island (OS), Parks and Refuge (PR) or Sparsely Settled (SS).
- b. *Habitat Types:* Freshwater wetlands, Saltmarsh/Buttonwood wetlands, High quality high hammock, High quality low hammock, Moderate quality high hammock, Moderate quality low hammock, High quality pinelands, Low quality

pinelands, Beach/berm, Palm Hammock, Cactus Hammock, and/or Disturbed wetlands.

- (2) The maximum net densities set forth in sections 130-157 and 130-162 shall not be exceeded and new development on a receiver site shall be developed in compliance with each and every requirement of this Land Development Code.
 - (3) The maximum net densities set forth for the applicable future land use category in the comprehensive plan shall not be exceeded and new development on a receiver site shall be developed in compliance with each and every requirement of the comprehensive plan.
 - (4) The assignment of transferable development rights to receiver sites designated tier I shall be discouraged.
 - (5) The assignment of transferable development rights to receiver sites on Big Pine Key, No Name Key, and North Key Largo from other areas of the County shall be prohibited, excluding the assignments of transferable development rights a) from sender sites on Big Pine Key to receiver sites on Big Pine Key; b) from sender sites on No Name Key to receivers sites on No Name Key, and c) from sender sites within North Key Largo to receiver sites within North Key Largo.
 - (6) The assignment of transferable development rights to receiver sites within Land Use (Zoning) Districts that do not have a maximum net densities is prohibited (including, but not limited to, Improved Subdivision (IS, IS-D, IS-M, or IS-V), Urban Residential Mobile Home (URM or URM-limited), Sparsely Settled (SS), Native Area (NA), Offshore Island (OS), and Mainland Native (MN).
 - (7) A development right may be transferred in part, provided it is rounded to the nearest tenth (i.e. if a sender site is designated Native Area (NA) and consists only of two (2) acres of upland, the property owner may transfer the fractional 0.50 transferable development right). However, in accordance with subsection (8), in no event shall a property owner utilize part of a sender site's acreage for a transferable development right and maintain the right to develop that acreage as the land use intensity shall be exhausted.
 - (8) Prior to application for a building permit authorizing the development of a residential dwelling unit on a receiver site requiring a transferable development right, the sender site(s) shall be a) dedicated to the County or b) placed in a conservation easement prohibiting its future development. A conservation easement shall be reviewed and approved by the Planning and Environmental Resources Department prior to its recording in the official records of the County.
- (b) *Procedure.* The transfer of development rights shall be carried out as follows:

- (1) A minor conditional use permit shall be required to identify, determine the eligibility of and document the approval of the sender and receiver site, pursuant to the process set forth in section 110-69. If a single receiver site is proposed to receive transferable development rights from multiple sender sites, a conditional use permit application for each sender site shall be required. All sender and receiver sites associated with a proposed transfer of a transferable development right shall be identified at the time of application;

- (2) The minor conditional use permit application required in subsection (b)(1) shall be submitted in a form provided by the Planning and Environmental Resources Department and include the following:
 - a) The names and addresses of the property owners of record for the sender site(s) and receiver site(s);
 - b) The property record cards from the Monroe County Property Appraiser of the sender site(s) and receiver site(s);
 - c) Written legal descriptions of the sender site(s) and receiver site(s);
 - d) A copy of the affidavit of intent to transfer;
 - e) Boundary surveys and legal descriptions of the sender site(s) and receiver site(s), prepared by a surveyor registered in the State of Florida, showing the boundaries of the sites, elevations, bodies of water and wetlands, total acreage, total upland acreage and total acreage by habitat; and
 - f) Vegetative studies of the sender site(s) and receiver site(s).

- (3) A development order shall memorialize approval of the minor conditional use permit required in subsection (b)(1). The development order shall include language requiring a Deed of Transfer described in this subsection (below). After successfully passing all applicable appeal periods, the development order shall be recorded in the official records of the Monroe County Clerk of the Circuit Court. Such recording shall be carried out so that the document is associated with all applicable sender and receiver sites; and

- (4) Prior to issuance of a building permit authorizing the development of a residential dwelling unit, all or a part of which is derived from a transferred development right, a deed of transfer shall be recorded in the chain of title of the sender site (transferor parcel) containing a restrictive covenant prohibiting the development that would require use of any of the allocated density that was transferred from the parcel.

* * * * *

Section 2. Severability.

If any section, paragraph, subdivision, clause, sentence or provision of this ordinance shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, invalidate, or nullify the remainder of this ordinance, but the effect thereof shall be confined to the section, paragraph, subdivision, clause, sentence, or provision immediately involved in the controversy in which such judgment or decree shall be rendered.

1
2 **Section 3. Conflicting Provisions.**

3
4 All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the
5 extent of said conflict.

6
7 **Section 4. Transmittal.**

8
9 This ordinance shall be transmitted to the Florida State Land Planning Agency as required by F.S.
10 380.05 (11) and F.S. 380.0552(9).

11
12 **Section 5. Filing.**

13
14 This ordinance shall be filed in the Office of the Secretary of the State of Florida but shall not
15 become effective pursuant to Section 7 until a final order is issued according to F.S. 380.05(6) by
16 the Florida State Land Planning Agency or Administration Commission approving the ordinance,
17 and if the final order is challenged, until the challenge to the order is resolved pursuant to F.S.
18 Chapter 120.

19
20 **Section 6. Inclusion in the Monroe County Code.**

21
22 The provisions of this Ordinance shall be included and incorporated in the Code of Ordinances
23 of the County of Monroe, Florida, as an addition to amendment thereto, and shall be
24 appropriately renumbered to conform to the uniform marking system of the Code.

25
26 **Section 7. Effective Date.**

27
28 This ordinance shall become effective as provided by law and stated above. This ordinance
29 applies to any applicable application submitted after the effective date.

30
31 **PASSED AND ADOPTED** by the Board of County Commissioners of Monroe County, Florida
32 at a regular meeting held on the 17th day of July, 2013.

STATE OF FLORIDA
DIVISION OF ADMINISTRATIVE HEARINGS

SCOTT AND TONI BEAUCHAMP,

Petitioners,

vs.

Case No. 13-4632GM

MONROE COUNTY PLANNING
COMMISSION,

Respondent.

RECOMMENDED ORDER

This matter was heard before the Division of Administrative Hearings (DOAH) by its assigned Administrative Law Judge, D. R. Alexander, on May 23, 2014, at video teleconferencing sites in Tallahassee and Marathon, Florida.

APPEARANCES

For Petitioners: Andrew M. Tobin, Esquire
Andrew M. Tobin, P.A.
Post Office Box 620
Tavernier, Florida 33070-0620

For Respondent: Derek V. Howard, Esquire
Assistant County Attorney
Post Office Box 1026
Key West, Florida 33041-1026

STATEMENT OF THE ISSUE

The issue is whether to approve Petitioners' application for a beneficial use determination (BUD) on their property

in Key Largo, Florida, and if approved, to determine the type of relief that is appropriate.

PRELIMINARY STATEMENT

This proceeding was initiated after Petitioners were advised by the Monroe County Planning Commission (Commission) that they could not build a single-family residence on their property because of zoning restrictions adopted by Monroe County (County) in 1986. Pursuant to section 102-105, Monroe County Code (M.C.C.), Petitioners filed an application for a BUD, claiming that the 1986 regulatory action by the County constitutes a compensable taking of their property. This administrative remedy, the current version of which was adopted by the County in 2007, is available to property owners to secure relief through a non-judicial process when they believe that a land development regulation (LDR) or comprehensive plan policy has deprived them of all beneficial use of their property. See § 102-102, M.C.C.; Future Land Use Element Policy 101.18.5. Pursuant to a contract, the application was referred by the Commission to DOAH for a hearing before a special magistrate (administrative law judge). See § 102-105, M.C.C.

At the hearing, Scott D. Beauchamp testified on his own behalf and presented the testimony of Emily Schemper, County Principal Planner; Randolph D. Wall, a builder and former

Planning Commissioner; and Robert A. Smith, an environmental consultant and accepted as an expert. The County presented the testimony of Emily Schemper, who was accepted as an expert. County Composite Exhibit 1 was also received.

There is no transcript of the hearing. Proposed Recommended Orders were filed by the parties, and they have been considered in the preparation of this Recommended Order.

FINDINGS OF FACT

1. Petitioners purchased their property in September 2006 for \$60,000.00 (or at the peak of the Florida housing boom). The parcel is located at the corner of Meridian Avenue and Lycaloma Avenue, mile marker 94.5, on the Gulf of Mexico side of U.S. Highway 1 in Key Largo. It is also identified as Block 9, Lot 1, Section 3 of the Bay Haven Subdivision, an older, partially-developed subdivision comprised of four sections and several hundred lots.

2. Since September 15, 1986, the subdivision, including Petitioners' lot, has been zoned Suburban Residential (SR), which allows only one residential unit per two acres. No challenge to that action was taken by any person, and no contention has been made that the County failed to follow the established procedure for adopting its LDRs. A challenge to the

validity of the LDRs is now barred by the statute of limitations.¹ See § 95.11(3)(p), Fla. Stat.

3. The Bay Haven Subdivision is located in South Key Largo and was first platted after World War II. Building permits for all existing homes in the subdivision were applied for before the zoning change became effective in September 1986. Due to the SR restrictions, around 250 lots remain vacant at this time, including 99 in Section 3 where Petitioners' lot is located. Many of these vacant lots have been deeded by their owners to the County for conservation purposes in exchange for points that can be used with a Rate of Growth Ordinance (ROGO)² allocation to develop other property in the County.

4. Petitioners' corner lot lies at the intersection of two streets and has an irregular shape with a large radius at the intersection. It is bordered on two sides by single-family homes, measures 8,276 square feet, or around 0.19 acres, and is somewhat larger than the typical subdivision lot size of 5,000 square feet.

5. Mr. Beauchamp, who resides in Wisconsin, testified that he purchased the property with the expectation of building a home when he retired as an air traffic controller. Before purchasing the property, he assumed that it was zoned Improved

Subdivision (IS) because this was the zoning incorrectly shown on the multiple listing service sheet provided by his realtor.

6. Neither Mr. Beauchamp nor his realtor was familiar with County zoning classifications or permissible uses for the parcel.³ Sometime in 2006 they visited a County office to secure further information. Mr. Beauchamp says they spoke with two unidentified "planners," who told them that a single-family home could be built on the property. However, nothing was confirmed in writing, and there is no record of the meeting. Other than this meeting, neither Mr. Beauchamp nor his realtor took any other steps to verify the zoning on the property and/or any development restrictions that might apply. Based solely on the oral advice given by these two unnamed County employees, the Beauchamps purchased the lot.

7. According to Petitioners' expert, Robert Smith, before purchasing a vacant lot in the Keys, normal due diligence would require a prospective purchaser to arrange a pre-application conference with Planning Department staff and secure a written Letter of Understanding confirming the rights of the property owner. See § 110-3, M.C.C. However, Petitioners (and their realtor) did not complete appropriate due diligence; they simply checked with an unidentified County employee and without any other assurance purchased the property.⁴

8. In May 2012, Petitioners' agent, Randy Wall, a builder and former Planning Commissioner but not an attorney, met with a representative of the County Building Department to begin the process of securing approval to build a single-family residence on the property. Mr. Wall was advised that the zoning on the property was SR, which allows only one dwelling unit per two acres. This was confirmed in an email dated July 13, 2012, from the Assistant Director of Planning, which stated as follows:

The parcel has a zoning designation of SR which requires Two (2) acres per residential unit. As noted by planning staff, this parcel does not have sufficient land area for the zoning and associated density.

9. At the meeting, Mr. Wall also inquired about the possibility of changing the zoning on the property from SR to IS (which would allow construction of a single-family home), but decided not to pursue that option because he recognized the poor prospects of securing a zoning change for a single lot in a large subdivision, when scores of other lots were subject to the same restriction. He assumed, probably correctly, that this might invite a spot zoning challenge.

10. Other than having a discussion with County representatives, Mr. Wall did nothing more. He did not file an application for a residential dwelling unit allocation under the County's ROGO process, or any other formal application for

relief, such as a change in the zoning district or land use designation, a variance, or an exception.

11. Believing that the County staff would "fix the problem" because the County had made "a mistake" in reclassifying the entire subdivision as SR, Mr. Wall prepared and filed a BUD application, which was eventually deemed to be complete on September 27, 2013. The BUD process is intended "to provide a means to resolve a landowner's claim that a [LDR] or comprehensive plan policy has had an unconstitutional effect on property in a nonjudicial forum." § 102-103(a), M.C.C.

12. An applicant for a BUD must include a statement "describing the [LDR], comprehensive plan policy, or other final action of the county, which the applicant believes necessitates relief under this division." § 102-105(b)(5), M.C.C. The application at issue simply stated that "the adoption of the land use designation of SR for the subdivision of Bay Haven constituted a compensable taking." The application did not refer to any comprehensive plan policy or final action taken by the County. As relief, the application requested that the County take one of the two following actions: (a) change the Future Land Use Map and zoning designations to allow a residence to be built on the lot; or (b) notwithstanding the SR zoning, issue a permit for development.

13. The BUD process requires applicants to state whether they are alleging a facial or as-applied regulatory taking as the basis for administrative relief. See § 102-104, M.C.C. Unless a landowner asserts that a LDR or comprehensive plan provision, on its face, has caused a taking of his property, relief is permitted only after "the landowner has received a final decision on development approval applications from the county, including building permit allocation system allocations, appeals, administrative relief pursuant to section 138-54, and other available relief, exceptions, or variances." Id.

14. Mr. Wall did not formally apply for any type of development approval and received no final decision, as contemplated by the Code. However, Mr. Wall testified that he "understood" the County was waiving that requirement in this instance. He also stated in the application that "Joe Haberman contracted [sic] the Beauchamps and informed them that staff had deemed this phase unnecessary and to move directly to submitting a [BUD] application." Other than this assertion, there is no evidence to confirm this understanding, and the County's Principal Planner testified that a waiver had not been granted. She also confirmed that no development approval application had been filed, and no final decision had been made, both required by the Code in order to seek relief under an "as applied"

theory. Therefore, rightly or wrongly, as plainly stated in the application, Petitioners' basis for relief is that the LDR on its face constitutes a taking of their property.⁵

15. Besides a single-family home, which is impermissible here due to size limitations of the lot, two other uses are permitted as of right in the SR district: community parks and beekeeping. See § 130-94, M.C.C. Also, a property owner may apply for a minor conditional use, subject to approval by the Planning Director. Permissible minor conditional uses include public or private community tennis courts and swimming pools; public buildings and uses; parks and community uses; institutional uses; and churches, synagogues, and houses of worship. Id. However, Mr. Beauchamp testified that he is not interested in any of these uses since he believes most, if not all, would be offensive to a residential neighborhood or simply impractical due to the size of his lot. The property can also be sold to the owners of adjacent Lot 11 to be used as a side yard, its use before being purchased by Petitioners. Finally, the Principal Planner testified that there are transferable development rights (TDRs) on the property, whose value at this time is unknown. See § 130-160, M.C.C. Therefore, the Beauchamps are not deprived of all economically beneficial use of their property. Cf. § 102-110(c), M.C.C. ("[t]he highest,

common, or expected use, is not intended as an appropriate remedy, unless expressly required by applicable statute or case law").

16. There was no evidence from a property appraiser on the fair market value of the parcel, as encumbered by the regulation.

CONCLUSIONS OF LAW

17. Pursuant to a contract with DOAH, after a BUD application is determined to be complete, it is transmitted to a special magistrate (administrative law judge) to set a hearing date. See § 102-105(d)(2), M.C.C. The hearing process is governed by the following broad guidelines established in subsection 102-106(b):

At the hearing, the landowner or landowner's representative shall present the landowner's case and the planning director or the planning director's representative shall represent the county's case. The special magistrate may accept briefs, evidence, reports, or proposed recommendations from the parties.

18. Section 102-109(a) provides that relief under the BUD process:

may be granted where a court of competent jurisdiction likely would determine that a final action by the county has caused a taking of property and a judicial finding of liability would not be precluded by a cognizable defense, including lack of investment-backed expectations, statute of

limitations, laches, or other preclusions of relief."

19. The applicant has the burden of showing that relief is appropriate. See § 102-109(b), M.C.C.

20. An applicant must allege and then prove (a) that the enactment of a LDR or comprehensive plan provision, on its face, constitutes a taking of the property; or (b) that "other final action" has been taken on a development approval application, which results in a taking of the property.

21. The statute of limitations for the two remedies begins to run at different times. For a facial takings claim, it begins to run on the date of the enactment of the regulation effectuating the alleged taking. Collins v. Monroe Cnty., 999 So. 2d 709, 713 (Fla. 3d DCA 2008). For an as-applied takings claim, it does not begin to run until the property owner has obtained a final decision from the land use authority regarding the application of the regulations to the property. See Beyer v. City of Marathon, 37 So. 3d 932, 934 (Fla. 3d DCA 2010).

22. If the statute of limitations has run, or the zoning ordinance does not preclude all development of the property, a takings claim must necessarily fail. Beyer at 934; Collins at 713. Here, the four-year statute of limitations accrued with the enactment of the 1986 zoning ordinance and precludes a finding of liability on the part of the County. See § 102-109,

M.C.C. While the parties dispute the economic productivity of the other uses allowed on the property, it was not disputed that the Code permits other uses; the parcel can be sold to the owners of adjacent Lot 11 to be used as a side yard; and there are TDRs associated with the parcel that can be used for other purposes. Therefore, even if the claim had been timely filed, the mere enactment of the regulation did not constitute a taking of all economic value of the land.

23. For an as-applied takings claim to be considered ripe, a property owner must have taken reasonable and necessary steps to allow the County to exercise its judgment regarding development plans, including the opportunity to grant waivers and variances or other relief. See Collins at 716; § 102-104, M.C.C. Petitioners suggest, however, that given the circumstances here, the filing of a development application would be futile. Although the final action prerequisite may be satisfied by proof that attempts to comply would be futile, futility is not established until at least one meaningful application has been filed. Glisson v. Alachua Cnty., 558 So. 2d 1030, 1036 (Fla. 1st DCA 1990) (quoting Unity Ventures v. Lake Cnty., 841 F.2d 770, 775 (7th Cir. 1987)). It is undisputed that no "meaningful application" has been filed, and no final action has been taken. Also, there is insufficient proof to

establish that the County intended to waive this requirement. Therefore, even if the Beauchamps' application does not implicate a facial takings claim, an as-applied claim is not yet ripe and should be denied.

24. In summary, a court of competent jurisdiction likely would determine that a final action of the county has not caused a taking of property and a judicial finding of liability would be precluded by a cognizable defense. See § 102-109, M.C.C. Therefore, the application should be denied.

RECOMMENDATION

Based on the foregoing Findings of Fact and Conclusions of Law, it is

RECOMMENDED that the Board of County Commissioners deny Petitioners' application for relief under the BUD Ordinance.

DONE AND ENTERED this 10th day of July, 2014, in Tallahassee, Leon County, Florida.

Filed with the Clerk of the
Division of Administrative Hearings
this 10th day of July, 2014.

ENDNOTES

¹ Even though the County gave timely and proper notice that a new zoning code and comprehensive plan were being adopted, Petitioners' agent, Mr. Wall, opined that many property owners, including himself, were unaware of the ramifications of the changes and failed to contest the LDRs or otherwise take any interest in the amendment process.

² At the direction of the State, the ROGO was implemented in order to provide for the safety of residents in the event of a hurricane evacuation and to protect the significant natural resources of the County. ROGO is a competitive permit allocation system whereby those applications with the highest scores are awarded building permits. Even though there are currently more than 8,000 privately owned vacant lots in unincorporated Monroe County, Florida Administrative Code Rule 28-20.140 allows the County to issue only 197 building permits per year for new residential development within unincorporated Monroe County in order to maintain established hurricane evacuation clearance times. This limitation on ROGO permits extends through the year 2023. See County Ex. 1, Staff Report, pp. 12-13.

³ The undersigned finds it puzzling that a licensed realtor in the Keys would be unfamiliar with zoning districts, related development restrictions, and the appropriate steps necessary to verify that information.

⁴ The record does not show how many times the property was sold between 1986 and 2006. In any event, the undersigned assumes the latest sellers failed to disclose the SR zoning restrictions when they sold the property to the Beauchamps in 2006.

⁵ At hearing, and in their Proposed Recommended Order, Petitioners took the position that their application implicated an as-applied takings claim. They did not directly respond to the County's treatment of the application as a facial takings claim.

NOTICE OF FURTHER RIGHTS

This Recommended Order will be considered by the Board of County Commissioners at a public hearing. See § 102-108, M.C.C. The time and place of such hearing will be noticed by the County.

**BOARD OF COUNTY COMMISSIONERS
AGENDA ITEM SUMMARY**

Meeting Date: March 23, 2016
Bulk Item: Yes No

Department: Planning & Environmental Resources
Staff Contact Person/Phone #: Mayté Santamaria 289-2500

AGENDA ITEM WORDING: A public hearing to consider a resolution transmitting to the State Land Planning Agency an ordinance by the Monroe County Board of County Commissioners amending Monroe County Comprehensive Plan by creating a definition of offshore island; amending Policies 101.5.8 and 101.13.5 within the Future Land Use Element and Policy 207.1.2 within the Conservation and Coastal Management Element to further clarify the development of offshore islands; providing for severability; providing for repeal of conflicting provisions; providing for transmittal to the State Land Planning Agency and the Secretary of State; providing for inclusion in the Monroe County Comprehensive Plan; providing for an effective date. (Legislative Proceeding)

ITEM BACKGROUND:

A special BOCC public hearing was held on October 7, 2014, to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the Florida Department of Economic Opportunity (DEO) and the hearing was continued to December 10, 2014, to discuss the following:

- BOCC directed staff to work on an inventory/data of privately-owned offshore islands. Staff to present draft during the regular December BOCC meeting.

During the regular December 10, 2014 BOCC meeting, a public hearing was held to discuss proposed height and offshore island policies and to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the Florida Department of Economic Opportunity (DEO). The BOCC directed staff to maintain the existing adopted height and offshore island policies and to process separate amendments to address these topics. A transmittal hearing was set for January 14, 2015 for the proposed the Monroe County 2030 Comprehensive Plan.

During the special January 14, 2015, BOCC transmittal hearing, the BOCC directed the Planning & Environmental Resources Department to process an interim development ordinance which defers the acceptance of applications that include the Transfer of Development Rights to offshore islands, Transfer of ROGO Exemptions to offshore islands, tier amendments for offshore islands, Map Amendments or Text Amendments having the effect of increasing development potential on offshore islands until such time as a comprehensive plan amendment process is completed regarding offshore islands.

During the regular January 21, 2015 BOCC meeting, the Monroe County Board of County Commissioners adopted Resolution No. 022-2015 directing the Monroe County Planning and Environmental Resources Department to process an Ordinance to defer the approval of applications for the transfer of development rights to offshore islands, transfer of ROGO exemptions to offshore islands, tier amendments for offshore islands, map amendments for offshore islands to increase potential density or intensity and text amendments to increase development potential (density/intensity).

The Monroe County Board of County Commissioners held a public hearing on April 15, 2015, and adopted Ordinance 011-2015 to defer the approval of applications that include the Transfer of Development Rights to offshore islands, Transfer of ROGO Exemptions to offshore islands, tier amendments for offshore islands, Map Amendments or Text Amendments having the effect of increasing development potential on offshore islands, commencing January 21, 2015, until such time as a comprehensive plan amendment process is completed regarding offshore islands. The proposed interim development ordinance shall provide for a sunset date no greater than 365 days from its effective date or when the comprehensive plan amendments become effective, whichever comes first. [365 days from effective = July 22, 2016]

County staff separated the proposed text amendments for offshore islands into a stand-alone amendment. The Monroe County Development Review Committee considered the proposed amendment at regularly scheduled meetings held on March 24, 2015, May 26, 2015, August 25, 2015, October 27, 2015 and January 26, 2016, and incorporated revisions based upon public input.

The Monroe County Planning Commission considered the proposed amendment at a regularly scheduled meeting held on February 24, 2016 and recommended approval to the BOCC. The Planning Commission recommended an edit to Policy 207.1.2 to include that the County Biologist will verify data and surveys submitted to document a bird rookery.

Currently, the Monroe County Comprehensive Plan allows the transfer of ROGO exemptions (TREs) to Tier III receiver areas within the same ROGO-subarea. Further, the Monroe County Comprehensive Plan currently allows Transferable Development Rights (TDRs) to be transferred off specific habitat types (hammock, wetlands, etc.) and certain zoning districts, such as lands designated as Offshore Island (OS) zoning category, to receiver sites with a max net density [Policy 101.13.3 – The Maximum Net Density is the maximum density allowable with the use of TDRs, and shall not exceed the maximum densities established in this plan].

The proposed text amendment continues to disallow the transfer of TREs or TDRs to Tier I, II and III-A or to properties with a FLUM designation without a maximum net density. In addition, the proposed amendment also adds for clarification purposes that TREs and TDRs cannot be transferred to any offshore island. A definition of offshore island is also proposed as follows: *an area of land, surrounded by water, which is not directly or indirectly connected to U.S. 1 by a bridge, road or causeway.*

All offshore islands identified (see Exhibit 5 of staff report) have a Future Land Use designation that does not have a max net density (i.e. no transfer of TDRs permitted) or a Tier I designation (i.e. no transfer of TREs), except for the parcels identified in the table below (yellow = FLUM with a max net density, purple = no FLUM and red= no tier designation):

Map Name	Map Page	RE Number	FLUM	FLUM Residential Allocated Density	Approx. Residential Development Potential	Zoning	Zoning Residential Allocated Density	Approx. Residential Development Potential	Tier	Estimated Upland Acres Based on GIS Data	Estimated Total Acres

approximation for Ballast Key

Density or allocated density means the number of dwelling units or rooms allocated per gross acre of land by the plan.
Gross acre means the total area of a site excluding submerged lands, tidally inundated mangroves, not to exceed mean high tide, and any publicly dedicated rights-of-way.

While not the subject of this text amendment, the following offshore islands do not have a tier designation (red= no tier designation in the table above): Card Sound Road, Tavernier Key, Cotton & Wilson Keys, Spoil Island (MM73), Molasses Keys, Little Money Key, Money Key, Rachael Carlson Key, Gopher Key, Buttonwood Key, Wisteria Island and Ballast Key. Pending the status of the interim development order and this text amendment, staff will process future tier designation (map overlay) amendments through the public process.

PREVIOUS RELEVANT BOCC ACTION:

On July 23, 2014, the BOCC held a special public hearing (transmittal hearing) and reviewed, discussed and provided direction on all the proposed elements of the 2030 Comprehensive Plan. The BOCC continued to hearing to October 7, 2014, to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the State Land Planning Agency.

On October 7, 2014, the BOCC held a special public hearing (transmittal hearing) and reviewed, discussed and provided direction on all the proposed elements of the 2030 Comprehensive Plan. The BOCC continued to hearing to December 10, 2014, to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the State Land Planning Agency.

On December 10, 2014, the BOCC held a public hearing (transmittal hearing) and reviewed, discussed and provided direction on proposed elements of the 2030 Comprehensive Plan related to height and offshore islands. The BOCC continued the transmittal hearing to January, 14, 2015, to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the State Land Planning Agency. The BOCC directed staff to process separate amendments for height and offshore islands (not to include within the 2030 Comprehensive Plan)

On January 14, 2015, the BOCC held a special public hearing (transmittal hearing) and voted to transmit the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the State Land Planning Agency (without the amendments for height and offshore islands).

On January 21, 2015, the Monroe County Board of County Commissioners adopted Resolution No. 022-2015 directing the Monroe County Planning and Environmental Resources Department to process an Ordinance to defer the approval of applications for the transfer of development rights to offshore islands, transfer of ROGO exemptions to offshore islands, tier amendments for offshore islands, map amendments for offshore islands to increase potential density or intensity and text amendments to increase development potential (density/intensity).

On April 15, 2015, the BOCC held a public hearing and adopted Ordinance 011-2015 to defer the approval of applications that include the Transfer of Development Rights to offshore islands, Transfer of ROGO Exemptions to offshore islands, tier amendments for offshore islands, Map Amendments or Text Amendments having the effect of increasing development potential on offshore islands, commencing January 21, 2015, until such time as a comprehensive plan amendment process is completed regarding offshore islands. The proposed interim development ordinance shall provide for a sunset date no greater than 365 days from its effective date or when the comprehensive plan amendments become effective, whichever comes first.

MONROE COUNTY BOARD OF COUNTY COMMISSIONERS

RESOLUTION NO. - 2016

A RESOLUTION BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS TRANSMITTING TO THE STATE LAND PLANNING AGENCY AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING A DEFINITION OF OFFSHORE ISLAND; AMENDING POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICY 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS.

WHEREAS, the Monroe County Board of County Commissioners conducted a public hearing for the purpose of considering the transmittal to the Florida Land Planning Agency and Reviewing Agencies as defined in Section 163.3184(1)(c), Florida Statutes for review and comment of the proposed amendments to the Monroe County Year 2010 Comprehensive Plan which is identified as the Monroe County Year 2030 Comprehensive Plan; and

WHEREAS, the Monroe County Planning Commission and the Monroe County Board of County Commissioners support the requested text amendments;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

Section 1: The Board of County Commissioners does hereby adopt the recommendation of the Planning Commission to transmit the draft ordinance, attached as Exhibit A, for adoption in the Monroe County Comprehensive Plan.

Section 2. The Monroe County staff is given authority to prepare and submit the required transmittal letter and supporting documents for the proposed amendment in accordance with the requirements of Section 163.3184(4), Florida Statutes.

Section 4. The Clerk of the Board is hereby directed to forward a certified copy of this resolution to the Director of Planning.

Date 3/7/16

**MONROE COUNTY, FLORIDA
ORDINANCE NO. __-2016**

AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING A DEFINITION OF OFFSHORE ISLAND; AMENDING POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICY 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Monroe County, at a special meeting on January 14, 2015, unanimously passed a motion to direct staff to impose a temporary moratorium upon certain development applications of Offshore Islands due to pending legislation; and

WHEREAS, Monroe County is currently in the process of updating its Comprehensive Plan, to the 2030 Comprehensive Plan which includes updates and revisions on policies regulating development on all lands within the County, including Offshore Islands; and

WHEREAS, on December 10, 2014, the Board of County Commissioners directed that pending and proposed new Comprehensive Plan amendments specifically concerning Offshore Islands and building height restrictions be removed from the larger Comprehensive Plan update project and that each be considered as a separate and distinct Comprehensive Plan Amendment to be voted upon and submitted to the State of Florida separately from the rest of the cumulative Comprehensive Plan update project package; and

WHEREAS, the Comprehensive Plan amendment process remains pending and an ongoing process, an ordinance to prohibit new applications from being processed is necessary to ensure new Amendment(s) regarding Offshore Islands are fully evaluated, including the provision of public participation in the planning process; and

WHEREAS, during a special meeting of the Board of County Commissioners to consider the transmittal of the 2030 Comprehensive Plan amendment package on January 14, 2015, a discussion was held and motion made and passed to direct staff not to accept any applications regarding Offshore Islands that would involve a Transfer of Development Rights to Offshore Islands, Transfer of ROGO

Exemptions to Offshore Islands, and Map Amendments or Text Amendments that would bring about increased density or intensity to Offshore Islands; and

WHEREAS, during the regular January 21, 2015 BOCC meeting, the Monroe County Board of County Commissioners adopted Resolution No. 022-2015 directing the Monroe County Planning and Environmental Resources Department to process an Ordinance to defer the approval of applications for the transfer of development rights to offshore islands, transfer of ROGO exemptions to offshore islands, tier amendments for offshore islands, map amendments for offshore islands to increase potential density or intensity and text amendments to increase development potential (density/intensity).

WHEREAS, the Monroe County Board of County Commissioners held a public hearing on April 15, 2015, and adopted Ordinance 011-2015 to defer the approval of applications that include the Transfer of Development Rights to offshore islands, Transfer of ROGO Exemptions to offshore islands, tier amendments for offshore islands, Map Amendments or Text Amendments having the effect of increasing development potential on offshore islands, commencing January 21, 2015, until such time as a comprehensive plan amendment process is completed regarding offshore islands. The proposed interim development ordinance shall provide for a sunset date no greater than 365 days from its effective date or when the comprehensive plan amendments become effective, whichever comes first; and

WHEREAS, the Monroe County Development Review Committee considered the proposed amendment at regularly scheduled meetings held on March 24, 2015, May 26, 2015, August 25, 2015, October 27, 2015 and January 26, 2016; and

WHEREAS, the Monroe County Planning Commission considered the proposed amendment at a regularly scheduled meetings held on February 24, 2016; and

WHEREAS, the Planning Commission recommended revisions be made to Policy 206.1.2 and recommended approval of the proposed amendment; and

WHEREAS, the Board of County Commissioners held a public hearing on March 23, 2016, provided for public comment and public participation in accordance with the requirements of state law and the procedures adopted for public participation in the planning process, to transmit comprehensive plan amendments to the State Land Planning Agency and Reviewing Agencies as defined in Section 163.3184(1)(c), Florida Statutes for review and comment; and

WHEREAS, the Board of County Commissioners _____; and

WHEREAS, on _____, the State Land Planning Agency issued its Objections, Recommendations, and Comments (ORC) report. The ORC report states _____; and

WHEREAS, as a response to the ORC Report, Monroe County _____.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA, THAT:

Section 1. The Monroe County 2010 Comprehensive Plan is amended as shown. (Deletions are ~~stricken through~~ and additions are underlined. Items in *italics* were included in the January 14, 2015 Comp Plan transmittal and reflect direction from the BOCC on March 1, 2016.)

Policy 101.56.8

Monroe County ~~may develop a program, called~~ shall maintain a Transfer of ROGO Exemption (TRE~~),~~ program, that ~~would allow~~ allows for the transfer off-site of dwelling units, hotel rooms, campground/recreational vehicle spaces and/or mobile homes to another site in the same ROGO sub-area, provided that they are lawfully existing and can be accounted for in the County's hurricane evacuation model. Dwelling units may be transferred as follows:

- a. between sites in the Upper Keys ROGO sub-area;*
- b. between sites in the Lower Keys ROGO sub-area;*
- c. between sites in the Big Pine Key and No Name Key ROGO sub-area;*
 - i. units from the Big Pine Key and No Name Key ROGO sub-area may also be transferred to the Lower Keys ROGO subarea.*

No sender units may be transferred to an area where there are inadequate facilities and services. —In addition, the receiver site shall be located within a Tier III area outside a designated Special Protection Area and for a receiver site on Big Pine Key and No Name Key, the sending site shall also be located on one of those two islands.

Sender Site Criteria:

- 1. Contains a documented lawfully-established sender unit recognized by the County; and*
- 2. Located in a Tier I, II, III-A or Tier III designated area; including any tier within the County's Military Installation Area of Impact (MIAI) Overlay.*

Receiver Site Criteria:

- 1. The Future Land Use category and Land Use (Zoning) District must allow the requested use;*
- 2. Must meet the adopted density standards;*
- 3. Includes all infrastructure (potable water, adequate wastewater treatment and disposal wastewater meeting adopted LOS, paved roads, etc.);*
- 4. Located within a Tier III designated area;*
- 5. Structures are not located in a velocity (V) zone or within a CBRS unit; and*
- 6. Is not an offshore island.*

Policy 101.13.4

In conjunction with the evaluation of the existing TDR program pursuant to Policy 101.13.2, ~~parcels within the following habitats and land use districts shall be designated as sender sites for Transferable Development Rights (TDRs):~~

Any parcel within these zoning categories:

- Offshore Island (OS) Sparsely Settled (SS)*
- Main land Native (MN) Parks and Refuge (PR)*
- Native (NA) Conservation (C)*

Habitat of the following types which lie within any zoning category:

- Freshwater wetlands*

~~Saltmarsh/Buttomwood wetlands
High quality high hammock
High quality low hammock
Moderate quality high hammock
Moderate quality low hammock
High quality pinelands
Low quality pinelands
Beach/berm
Palm Hammock
Cactus Hammock
Disturbed Wetlands~~

Policy 101.13.53

~~In conjunction with the evaluation of the TDR program pursuant to Policy 101.13.2 and no later than one year from the date when the County's Geographic Information System is fully functional, Monroe County shall map potential TDR sender and receiver sites as specified in Policy 101.13.4, and shall map parcels from which development rights have been transferred. These maps shall be updated as necessary and made available to Growth Management staff and public for use in the development review process.~~

~~Transfer of Development Rights program sender and receiver sites are subject to the following transfer conditions:~~

Sender Site Criteria:

1. Property has development rights to transfer.
2. Located in a Tier I, II, III-A or Tier III designated area; including any tier within the County's Military Installation Area of Impact (MIAI) Overlay.

Receiver Site Criteria:

1. The Future Land Use category and Land Use (Zoning) District must allow the requested use;
 - Liveable CommuniKeys Community Centers shall be encouraged as receiving areas for transfer of development rights.
2. Must have an adopted maximum net density standards;
3. Includes all infrastructure (potable water, adequate wastewater treatment and disposal wastewater meeting adopted LOS, paved roads, etc.)
4. Located within a Tier III designated area;
5. Is not located within a designated CBRS unit; and
6. Is not an offshore island

Policy 207206.1.2

~~Development shall be prohibited on offshore islands (including spoil islands) which have been documented as an established bird rookery, based on resource agency best available data or survey as verified by the County Biologist. As used in this policy, established bird rookery refers to the location where colonial birds nest together (location in which a bird lays and incubates its eggs and raises its young). The nesting area may include nest structures, shallow depression in sand, soil or vegetation, crevices in the rocks, burrows, and cavities, as identified on the current Protected Animal Species Map. [9J-5.012(3)(e)1; 9J-5.013(2)(e)5 and 6]~~

Glossary:

Bird Rookery means a communal nesting ground for gregarious birds.

Native Upland Vegetation/Habitat (also Upland Native Vegetation/Habitat) means native plant species, either new growth or mature, occurring within native upland plant communities including pinelands, cactus hammocks, palm hammocks or tropical hardwood hammocks.

Nesting Areas (for birds) means those areas that birds use for nesting. This applies to wading birds, hawks, falcons, seabirds, shorebirds, and any bird species federally or state-listed as endangered, threatened, or a species of special concern. This definition does not apply to non-native invasive or nuisance species.

Offshore Island means an area of land, surrounded by water, which is not directly or indirectly connected to U.S. 1 by a bridge, road or causeway.

Upland means the area of a site landward of mean high water, excluding submerged lands and tidally inundated mangroves.

Upland Native Vegetation/Habitat (see Native Upland Vegetation/Habitat)

Section 2. Severability. If any section, subsection, sentence, clause, item, change, or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such validity.

Section 3. Repeal of Inconsistent Provisions. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of said conflict.

Section 4. Transmittal. This ordinance shall be transmitted by the Planning Department to the Florida State Land Planning Agency pursuant to Chapter 163 and 380, Florida Statutes.

Section 5. Filing and Effective Date. This ordinance shall be filed in the Office of the Secretary of State of Florida, but shall not become effective until a notice is issued by the Florida State Land Planning Agency or Administration Commission finding the amendment in compliance, and if challenged until such challenge is resolved pursuant to Chapter 120, F.S.

Section 6. Inclusion in the Comprehensive Plan. The amendment shall be incorporated in the Monroe County Comprehensive Plan. The numbering of the foregoing amendment may be renumbered to conform to the numbering in the Monroe County Comprehensive Plan.

PASSED AND ADOPTED by the Board of County Commissioners of Monroe County, Florida, at a regular meeting held on the _____ day of _____, 2016.

MEMORANDUM
MONROE COUNTY PLANNING & ENVIRONMENTAL RESOURCES DEPARTMENT

To: Monroe County Board of County Commissioners

From: Mayté Santamaria, Senior Director of Planning & Environmental Resources
Emily Schemper, Comprehensive Planning Manager

Date: March 4, 2016

Subject: AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING A DEFINITION OF OFFSHORE ISLAND; AMENDING POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICY 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE. (File 2015-007)

Meeting: March 23, 2016

I. REQUEST

The Monroe County Planning & Environmental Resources Department is proposing an amendment to revise the policies related to the development of offshore islands in regards to the use of transfer of development rights (TDRs) and transfer of ROGO exemptions (TREs).

II. BACKGROUND INFORMATION

The County has been working on the Comprehensive Plan update and has held numerous public hearings on the proposed amendments. Most recently, the Board of County Commissioners (BOCC) held special public meetings on March 21, 2014, April 23, 2014 and May 22, 2014, to review proposed amendments to the Comprehensive Plan. A special BOCC public hearing was held on July 23, 2014, to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the Florida Department of Economic Opportunity (DEO) and this hearing was continued to October 7, 2014.

The Monroe County Board of County Commissioners held a special meeting on October 7, 2014, to consider the transmittal of the proposed amendments (the Monroe County 2030

Comprehensive Plan) to the Florida Department of Economic Opportunity (DEO) and the hearing was continued to December 10, 2014, to discuss the following:

- *Policies 101.5.31 and 101.5.32: BOCC directed staff to work on height policies for addressing the replacement of existing buildings which exceed the 35ft height limit, architectural features, flood protection purposes and affordable housing. Staff to present drafts during the regular December BOCC meeting.*
- *BOCC directed staff to work on an inventory/data of privately-owned offshore islands. Staff to present draft during the regular December BOCC meeting.*

During the regular December 10, 2014 BOCC meeting, a public hearing was held to discuss proposed height and offshore island policies and to consider the transmittal of the proposed amendments (the Monroe County 2030 Comprehensive Plan) to the DEO. The BOCC directed staff to maintain the existing adopted height and offshore island policies and to extract the proposed changes to the offshore island policies and process it as a separate amendment. A special BOCC transmittal hearing was set for January 14, 2015 for the proposed the Monroe County 2030 Comprehensive Plan.

The Monroe County Board of County Commissioners, at a special meeting on January 14, 2015, unanimously passed a motion to direct staff to impose a temporary suspension upon certain development applications of Offshore Islands due to pending legislation (updates to the Comprehensive Plan).

During the regular January 21, 2015 BOCC meeting, the Monroe County Board of County Commissioners adopted Resolution No. 022-2015 directing the Monroe County Planning and Environmental Resources Department to process an Ordinance to defer the approval of applications for the transfer of development rights to offshore islands, transfer of ROGO exemptions to offshore islands, tier amendments for offshore islands, map amendments for offshore islands to increase potential density or intensity and text amendments to increase development potential (density/intensity).

DRC: At its regularly scheduled meeting on March 24, 2015, the Monroe County Development Review Committee reviewed the proposed text amendment and held a workshop format meeting to allow for extensive public review and comment. The information provided in the staff report and comments from the public were discussed at the meeting. The text amendment was continued to a future DRC meeting to allow for additional public review, input and discussion early in the process. Minutes from the March 24, 2015 DRC are attached as Exhibit 1.

DRC: At its regularly scheduled meeting on May 26, 2015, the Monroe County Development Review Committee reviewed the proposed text amendment and held a workshop format meeting to allow for extensive public review and comment. The information provided in the staff report and comments from the public were discussed at the meeting. The text amendment was continued to a future DRC meeting to allow for additional public review, input and discussion early in the process. Minutes from the May 26, 2015 DRC are attached as Exhibit 2.

DRC: At its regularly scheduled meeting on August 25, 2015, the Monroe County Development Review Committee reviewed the proposed text amendment and held a workshop format meeting to allow for extensive public review and comment. The information provided in the staff report

and comments from the public were discussed at the meeting. The text amendment was continued to a future DRC meeting to allow for additional public review, input and discussion early in the process. Minutes from the August 25, 2015 DRC are attached as Exhibit 3.

DRC: At its regularly scheduled meeting on October 27, 2015, the Monroe County Development Review Committee reviewed the proposed text amendment and held a workshop format meeting to allow for extensive public review and comment. The information provided in the staff report and comments from the public were discussed at the meeting. The text amendment was continued to a future DRC meeting to allow for additional public review, input and discussion early in the process. Minutes from the October 27, 2015 DRC are attached as Exhibit 4.

DRC: At its regularly scheduled meeting on January 26, 2016, the Monroe County Development Review Committee reviewed the proposed text amendment and provided for public review and comment. The information provided in the staff report and comments from the public were discussed at the meeting. Approved minutes from the January 26, 2016 DRC are not available as of the date of this staff report.

PC: At its regularly scheduled meeting on February 24, 2016, the Monroe County Planning Commission reviewed the proposed text amendment, provided for public review and comment and recommended approval of the proposed amendments with revisions to Policy 206.1.2. The information provided in the staff report and comments from the public were discussed at the meeting. Approved minutes from the February 24, 2016 PC are not available as of the date of this staff report.

III. ANALYSIS OF PROPOSED AMENDMENT

The proposed changes relate to where development, in terms of the transfer of development rights (density) and transfer of ROGO exemptions (lawfully-established unit) are directed.

Transfer of ROGO exemptions or TREs:

The existing Comprehensive Plan Policy 101.5.8 allowed for the transfer of units, based on the following criteria: *occurs within the same ROGO sub-area, provided the units are lawfully existing and can be accounted for in the County's hurricane evacuation model. In addition, the receiver site shall be located within a Tier III area outside a designated Special Protection Area and for a receiver site on Big Pine Key and No Name Key, the sending site shall also be located on one of those two islands.*

The new proposed policy expands the criteria to provide additional standards and utilize the Tier System:

Sender Site must be located in a Tier I, II, or III-A designated area; or any tier designation within the County's Military Installation Area of Impact (MIAI) Overlay.

Receiver Site criteria:

- The Future Land Use category and Land Use (Zoning) District must allow the requested use;
- Must meet the adopted density standards;

- Includes all infrastructure (potable water, adequate wastewater treatment and disposal wastewater meeting adopted LOS, paved roads, etc.);
- Located within a Tier III designated area; and
- Structures are not located in a velocity (V) zone or within a CBRS unit.

Transfer of development rights or TDRs:

The existing Comprehensive Plan Policy 101.13.4 (TDR) specifies habitat types (hammock, wetlands, etc.) and certain zoning districts that are allowable sender sites for TDRs. The *Offshore Island (OS) zoning category* is specifically identified as an eligible sender site (note, this does not mean the general/glossary term of offshore island: an area of land, surrounded by water, which is not directly or indirectly connected to U.S. 1 by a bridge, road or causeway - *it is the zoning category*).

The new proposed Policy 101.13.3 (TDR) utilizes Tier designation to specify allowable sender sites because it reflects both the habitat types and several of the zoning districts utilized in existing Policy 101.13.4.

Tier designations are based mainly on the environmental characteristics of the land and other items such as: Tier 1 category (Policy 205.1.1) includes lands within state/federal acquisition boundaries; known locations of threatened and endangered species; and lands designated as Conservation and Residential Conservation on the Future Land Use Map (FLUM) (*note, the Offshore Island (OS) zoning category falls under the Residential Conservation FLUM*).

TDRs are utilized by applicants to get enough density to build proposed dwelling units - both residential and transient. Specifically, maximum net density is the maximum density allowed with the use of TDRs (Policy 101.13.3).

The new proposed Policy 101.13.3 also utilizes Tier designation to specify receiver sites for TDRs. Under the new policy, only parcels designated as Tier III – infill areas, may be receiver sites. The policy also specifies that receiver sites must have an adopted maximum net density standard.

INVENTORY/DATA OF PRIVATELY-OWNED OFFSHORE ISLANDS:

During the Comprehensive Plan update, the BOCC requested an inventory/data of privately-owned offshore islands. This information is attached as Exhibit 4 (table) and Exhibit 5 (maps).

For these exhibits, staff utilized the previously proposed definition of offshore island which means an area of land, surrounded by water, which is not directly or indirectly connected to U.S. 1 by a bridge, road or causeway.

Additionally, staff utilized the County’s GIS data to provide Future Land Use Map (FLUM) designation, Land Use (Zoning) District, Tier designation and approximate upland acres for each privately owned offshore island.

All offshore islands identified have a Future Land Use designation that does not have a max net density (i.e. no transfer of TDRs permitted) or a Tier I designation (i.e. no transfer of TRES), except for:

Map Name	Map Page	RE Number	FLUM	FLUM Residential Allocated Density	Approx. Residential Development Potential	Zoning	Zoning Residential Allocated Density	Approx. Residential Development Potential	Tier	Estimated Upland Acres Based on GIS Data	Estimated Total Acres
Palo Alto Keys	1	00091410-000000	Undesignated			OS	0.10	0.00	I	0.00	0.36

IV. PROPOSED AMENDMENT

(Deletions are ~~stricken through~~ and additions are underlined.)

Note: items shaded in grey were included in the January 14, 2015 Comp Plan transmittal.

Note: items in blue text were amendments directed by the BOCC at the March 1, 2016 Public Hearing.

Policy 101.56.8

Monroe County ~~may develop a program, called~~ shall maintain a Transfer of ROGO Exemption (TRE), ~~program, that would allow~~ allows for the transfer off-site of dwelling units, hotel rooms, campground/recreational vehicle spaces and/or mobile homes to another site in the same ROGO sub-area, provided that they are lawfully existing and can be accounted for in the County's hurricane evacuation model. Dwelling units may be transferred as follows:

- a. between sites in the Upper Keys ROGO sub-area;
- b. between sites in the Lower Keys ROGO sub-area;
- c. between sites in the Big Pine Key and No Name Key ROGO sub-area;
 - i. units from the Big Pine Key and No Name Key ROGO sub-area may also be transferred to the Lower Keys ROGO subarea.

No sender units may be transferred to an area where there are inadequate facilities and services. In addition, the receiver site shall be located within a Tier III area outside a designated Special Protection Area and for a receiver site on Big Pine Key and No Name Key, the sending site shall also be located on one of those two islands.

Sender Site Criteria:

1. Contains a documented lawfully-established sender unit recognized by the County; and
2. Located in a Tier I, II, III-A or Tier III designated area; including any tier designation within the County's Military Installation Area of Impact (MIAI) Overlay.

Receiver Site Criteria:

1. The Future Land Use category and Land Use (Zoning) District must allow the requested use;
2. Must meet the adopted density standards;
3. Includes all infrastructure (potable water, adequate wastewater treatment and disposal wastewater meeting adopted LOS, paved roads, etc.);
4. Located within a Tier III designated area;
5. Structures are not located in a velocity (V) zone or within a CBRS unit; and
6. Is not an offshore island.

Policy 101.13.4

~~In conjunction with the evaluation of the existing TDR program pursuant to Policy 101.13.2, parcels within the following habitats and land use districts shall be designated as sender sites for Transferable Development Rights (TDRs):~~

~~Any parcel within these zoning categories:~~

- ~~Offshore Island (OS) Sparsely Settled (SS)~~
- ~~Main land Native (MN) Parks and Refuge (PR)~~
- ~~Native (NA) Conservation (C)~~

~~Habitat of the following types which lie within any zoning category:~~

~~Freshwater wetlands
Saltmarsh/Buttonwood wetlands
High quality high hammock
High quality low hammock
Moderate quality high hammock
Moderate quality low hammock
High quality pinelands
Low quality pinelands
Beach/berm
Palm Hammock
Cactus Hammock
Disturbed Wetlands~~

Policy 101.13.53

~~In conjunction with the evaluation of the TDR program pursuant to Policy 101.13.2 and no later than one year from the date when the County's Geographic Information System is fully functional, Monroe County shall map potential TDR sender and receiver sites as specified in Policy 101.13.4, and shall map parcels from which development rights have been transferred. These maps shall be updated as necessary and made available to Growth Management staff and public for use in the development review process.~~

Transfer of Development Rights program sender and receiver sites are subject to the following transfer conditions:

Sender Site Criteria:

1. Property has development rights to transfer.
2. Located in a Tier I, II, III-A or Tier III designated area; including any tier within the County's Military Installation Area of Impact (MIAI) Overlay.

Receiver Site Criteria:

1. The Future Land Use category and Land Use (Zoning) District must allow the requested use;
 - Liveable CommuniKeys Community Centers shall be encouraged as receiving areas for transfer of development rights.
2. Must have an adopted maximum net density standards;
3. Includes all infrastructure (potable water, adequate wastewater treatment and disposal wastewater meeting adopted LOS, paved roads, etc.)
4. Located within a Tier III designated area;
5. Is not located within a designated CBRS unit; and
6. Is not an offshore island

Policy 207206.1.2

Development shall be prohibited on offshore islands (including spoil islands) which have been documented as an established bird rookery, based on resource agency best available data or survey, as verified by the County Biologist. As used in this policy, established bird rookery refers to the location where colonial birds nest together (location in which a bird lays and incubates its eggs and raises its young). The nesting area may include nest structures, shallow

depression in sand, soil or vegetation, crevices in the rocks, burrows, and cavities, as identified on the current Protected Animal Species Map. [9J-5.012(3)(e)1; 9J-5.013(2)(e)5 and 6]

Glossary:

Bird Rookery means a communal nesting ground for gregarious birds.

Native Upland Vegetation/Habitat (also *Upland Native Vegetation/Habitat*) means native plant species, either new growth or mature, occurring within native upland plant communities including pinelands, cactus hammocks, palm hammocks or tropical hardwood hammocks.

Nesting Areas (for birds) means those areas that birds use for nesting. This applies to wading birds, hawks, falcons, seabirds, shorebirds, and any bird species federally or state-listed as endangered, threatened, or a species of special concern. This definition does not apply to non-native invasive or nuisance species.

Offshore Island means an area of land, surrounded by water, which is not directly or indirectly connected to U.S. 1 by a bridge, road or causeway.

Upland means the area of a site landward of mean high water, excluding submerged lands and tidally inundated mangroves.

Upland Native Vegetation/Habitat (see *Native Upland Vegetation/Habitat*)

V. CONSISTENCY WITH THE MONROE COUNTY YEAR 2010 COMPREHENSIVE PLAN, THE FLORIDA STATUTES, AND PRINCIPLES FOR GUIDING DEVELOPMENT

A. The proposed amendment is consistent with the following Goals, Objectives and Policies of the Monroe County Year 2010 Comprehensive Plan. Specifically, the amendment furthers:

Goal 101: Monroe County shall manage future growth to enhance the quality of life, ensure the safety of County residents and visitors, and protect valuable natural resources.

Objective 101.11

Monroe County shall implement measures to direct future growth away from environmentally sensitive land and towards established development areas served by existing public facilities.

Policy 102.7.2

By January 4, 1997, Monroe County shall adopt Land Development Regulations which will further restrict the activities permitted on offshore islands. These shall include the following:

1. development shall be prohibited on offshore islands (including spoil islands) which have been documented as an established bird rookery or nesting area (See Conservation and Coastal Management Policy 207.1.3.);
2. campgrounds and marinas shall not be permitted on offshore islands;
3. new mining pits shall be prohibited on offshore islands;
4. permitted uses by-right on islands (which are not bird rookeries) shall include detached residential dwellings, camping (for the personal use of the owner of the property on a temporary basis),

- beekeeping, accessory uses, and home occupations (subject to a special use permit requiring a public hearing);
5. temporary primitive camping by the owner, in which no land clearing or other alteration of the island occurs, shall be the only use of an offshore island which may occur without necessity of a permit;
 6. the use of any motorized vehicles including, but not limited to, trucks, carts, buses, motorcycles, all-terrain vehicles and golf carts shall be prohibited on existing undeveloped offshore islands;
 7. planting with native vegetation shall be encouraged whenever possible on spoil islands; and
 8. public facilities and services shall not be extended to offshore islands

Policy 102.7.3

Monroe County shall discourage developments proposed on offshore islands by methods including, but not limited to, designated offshore islands as Tier I Lands

Policy 207.1.2

Development shall be prohibited on offshore islands (including spoil islands) which have been documented as an established bird rookery, as identified on the current Protected Animal Species Map.

Policy 207.9.1

By January 4, 1998, the Monroe County Biologist, in cooperation with DNR, FGFWFC, FWS, and the National Audubon Society Research Department shall update the list of offshore island bird rookeries where development shall be prohibited. Until the list is updated, the offshore islands which are established bird rookeries shall be defined as any offshore island designated as a known habitat for a nesting bird on the latest update of the Protected Animal Species Map.

GOAL 209

Monroe County shall discourage private land uses on its mainland, offshore islands and undeveloped coastal barriers, and shall protect existing conservation lands from adverse impacts associated with private land uses on adjoining lands.

Policy 215.2.3

No public expenditures shall be made for new or expanded facilities in areas designated as units of the Coastal Barrier Resources System, saltmarsh and buttonwood wetlands, or offshore islands not currently accessible by road, with the exception of expenditures for conservation and parklands consistent with natural resource protection, and expenditures necessary for public health and safety.

Policy 217.4.2

No public expenditures shall be made for new or expanded facilities in areas designated as units of the Coastal Barrier Resources System, undisturbed saltmarsh and buttonwood wetlands, or offshore islands not currently accessible by road, with the exception of expenditures for conservation and parklands consistent with natural resource protection, and expenditures necessary for public health and safety.

Policy 1401.2.2

No public expenditures shall be made for new or expanded facilities in areas designated as units of the Coastal Barrier Resources System, undisturbed saltmarsh and buttonwood wetlands, or offshore islands not currently accessible by road, with the exception of expenditures for conservation and parklands consistent with natural resource protection, and expenditures necessary for public health and safety.

B. The amendment is consistent with the Principles for Guiding Development for the Florida Keys Area, Section 380.0552(7), Florida Statute.

For the purposes of reviewing consistency of the adopted plan or any amendments to that plan with the principles for guiding development and any amendments to the principles, the principles shall be construed as a whole and no specific provision shall be construed or applied in isolation from the other provisions.

- (a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.
- (b) Protecting shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.
- (c) Protecting upland resources, tropical biological communities, freshwater wetlands, native tropical vegetation (for example, hardwood hammocks and pinelands), dune ridges and beaches, wildlife, and their habitat.
- (d) Ensuring the maximum well-being of the Florida Keys and its citizens through sound economic development.
- (e) Limiting the adverse impacts of development on the quality of water throughout the Florida Keys.
- (f) Enhancing natural scenic resources, promoting the aesthetic benefits of the natural environment, and ensuring that development is compatible with the unique historic character of the Florida Keys.
- (g) Protecting the historical heritage of the Florida Keys.
- (h) Protecting the value, efficiency, cost-effectiveness, and amortized life of existing and proposed major public investments, including:
 - 1. The Florida Keys Aqueduct and water supply facilities;
 - 2. Sewage collection, treatment, and disposal facilities;
 - 3. Solid waste treatment, collection, and disposal facilities;
 - 4. Key West Naval Air Station and other military facilities;
 - 5. Transportation facilities;
 - 6. Federal parks, wildlife refuges, and marine sanctuaries;
 - 7. State parks, recreation facilities, aquatic preserves, and other publicly owned properties;
 - 8. City electric service and the Florida Keys Electric Co-op; and
 - 9. Other utilities, as appropriate.
- (i) Protecting and improving water quality by providing for the construction, operation, maintenance, and replacement of stormwater management facilities; central sewage collection; treatment and disposal facilities; and the installation and proper operation and maintenance of onsite sewage treatment and disposal systems.
- (j) Ensuring the improvement of nearshore water quality by requiring the construction and operation of wastewater management facilities that meet the requirements of ss. 381.0065(4)(l) and 403.086(10), as applicable, and by directing growth to areas served by central wastewater treatment facilities through permit allocation systems.
- (k) Limiting the adverse impacts of public investments on the environmental resources of the Florida Keys.
- (l) Making available adequate affordable housing for all sectors of the population of the Florida Keys.
- (m) Providing adequate alternatives for the protection of public safety and welfare in the event of a natural or manmade disaster and for a post disaster reconstruction plan.
- (n) Protecting the public health, safety, and welfare of the citizens of the Florida Keys and maintaining the Florida Keys as a unique Florida resource.

Pursuant to Section 380.0552(7) Florida Statutes, the proposed amendment is consistent with the Principles for Guiding Development as a whole and is not inconsistent with any Principle.

C. The proposed amendment is consistent with the Part II of Chapter 163, Florida Statute (F.S.). Specifically, the amendment furthers:

Section 163.3161(4), F.S. – It is the intent of this act that local governments have the ability to preserve and enhance present advantages; encourage the most appropriate use of land, water, and resources, consistent with the public interest; overcome present handicaps; and deal effectively with future problems that may result from the use and development of land within their jurisdictions. Through the process of comprehensive planning, it is intended that units of local government can preserve, promote, protect, and improve the public health, safety, comfort, good order, appearance, convenience, law enforcement and fire prevention, and general welfare; facilitate the adequate and efficient provision of transportation, water, sewerage, schools, parks, recreational facilities, housing, and other requirements and services; and conserve, develop, utilize, and protect natural resources within their jurisdictions

Section 163.3177(1), F.S. – The comprehensive plan shall provide the principles, guidelines, standards, and strategies for the orderly and balanced future economic, social, physical, environmental, and fiscal development of the area that reflects community commitments to implement the plan and its elements. These principles and strategies shall guide future decisions in a consistent manner and shall contain programs and activities to ensure comprehensive plans are implemented. The sections of the comprehensive plan containing the principles and strategies, generally provided as goals, objectives, and policies, shall describe how the local government’s programs, activities, and land development regulations will be initiated, modified, or continued to implement the comprehensive plan in a consistent manner. It is not the intent of this part to require the inclusion of implementing regulations in the comprehensive plan but rather to require identification of those programs, activities, and land development regulations that will be part of the strategy for implementing the comprehensive plan and the principles that describe how the programs, activities, and land development regulations will be carried out. The plan shall establish meaningful and predictable standards for the use and development of land and provide meaningful guidelines for the content of more detailed land development and use regulations.

VI. PROCESS

Comprehensive Plan amendments may be proposed by the Board of County Commissioners, the Planning Commission, the Director of Planning, or the owner or other person having a contractual interest in property to be affected by a proposed amendment. The Director of Planning shall review and process applications as they are received and pass them onto the Development Review Committee and the Planning Commission.

The Planning Commission shall hold at least one public hearing. The Planning Commission shall review the application, the reports and recommendations of the Department of Planning & Environmental Resources and the Development Review Committee and the testimony given at the public hearing. The Planning Commission shall submit its recommendations and findings to the Board of County Commissioners (BOCC). The BOCC holds a public hearing to consider the transmittal of the proposed comprehensive plan amendment, and considers the staff report, staff recommendation, and the testimony given at the public hearing. The BOCC may or may not recommend transmittal to the Florida Department of Economic Opportunity (DEO). The amendment is transmitted to DEO, which then reviews the proposal and issues an Objections, Recommendations and Comments (ORC) Report. Upon receipt of the ORC report, the County has

180 days to adopt the amendments, adopt the amendments with changes or not adopt the amendment.

VII. STAFF RECOMMENDATION

Staff recommends APPROVAL of the proposed amendments.

VIII. EXHIBITS

1. March 24, 2015 DRC Minutes
2. May 26, 2015 DRC Minutes
3. August 25, 2015 DRC Minutes
4. October 27, 2015 DRC Minutes
5. Table of privately owned offshore islands within unincorporated Monroe County.
6. Location maps of privately owned offshore islands within unincorporated Monroe County.

DEVELOPMENT REVIEW COMMITTEE

Tuesday, March 24, 2015

MEETING MINUTES

The Monroe County Development Review Committee conducted a meeting on **Tuesday, March 24 , 2015**, beginning at 1:02 p.m. at the Marathon Government Center, Media & Conference Room (1st floor, rear hallway), 2798 Overseas Highway, Marathon, Florida.

CALL TO ORDER

ROLL CALL by Gail Creech

DRC MEMBERS

Townsley Schwab, Senior Director of Planning and Environmental Resources	Present
Mayte Santamaria, Senior Director of Planning and Environmental Resources	Present
Mike Roberts, Sr. Administrator, Environmental Resources	Present

STAFF

Steve Williams, Assistant County Attorney	Present
Emily Schemper, Principal Planner	Present
Matt Coyle, Senior Planner	Present
Gail Creech, Planning Commission Coordinator	Present

CHANGES TO THE AGENDA

Mr. Schwab stated Item 2 will be heard first because the applicant for Item 1 is delayed.

MINUTES FOR APPROVAL

Mr. Schwab approved the minutes of the February 24, 2015, DRC meeting as is.

MEETING

New Items:

2. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN POLICY 101.4.26 TO PROVIDE AN EXCEPTION TO THE HEIGHT LIMIT FOR WIND TURBINES OWNED AND OPERATED BY A PUBLIC UTILITY; CREATING POLICY 101.5.31 TO ADDRESS NON-HABITABLE ARCHITECTURAL DECORATIVE FEATURES WITHIN THE OCEAN REEF COMMUNITY; CREATING POLICIES 101.5.32 AND 101.5.33 TO PROVIDE CERTAIN EXCEPTIONS TO THE HEIGHT LIMIT IN ORDER TO PROTECT PROPERTY FROM FLOODING AND REDUCE FLOOD INSURANCE COSTS; AND CREATING POLICY 101.5.34 TO PROVIDE AN EXCEPTION TO THE HEIGHT LIMIT EXCLUSIVELY FOR AFFORDABLE OR EMPLOYEE/WORKFORCE DWELLING UNITS THAT MEET THE INCOME LIMITS FOR THE VERY LOW, LOW AND/OR MEDIAN

INCOME CATEGORIES ON PROPERTIES DESIGNATED AS TIER 3; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.

(File 2015-006)

(1:03 p.m.) Ms. Santamaria stated that Items 2 and 3 will be held as a workshop discussion versus a staff report with comments. Both items are from the comp plan update and were proposed within the 2030 comp plan. The BOCC has asked staff to remove the policies as they were in the comp plan and process them separately so that there is public understanding and public input through the process. This item will be brought back two or three times to ensure revisions can be made with public input.

Ms. Santamaria first addressed Policy 101.4.26. Ms. Santamaria explained that the current height definition is the vertical distance between grade and the highest part of any structure and it is measured from either grade or the crown of the nearest road. Multiple height exceptions have been proposed in order to address a variety of issues. The first one is the wind turbine for facilities owned and operated by a public utility. An avian protection plan would be required. The height exception would be for those wind turbines that facilitate green technologies and alternative energy sources. Ms. Santamaria informed Deb Curlee there are no applications for wind turbines currently.

Alicia Putney commented that her personal experience has been that wind turbines are not able to generate enough current to be deemed useful unless the sustainable winds were above 20-25 miles an hour. Consequently, wind is more questionable than solar energy at this point. Ms. Curlee is not in favor of wind turbines because of their aesthetics. Ms. Santamaria will draft a version of the policy as the BOCC has proposed it next to a version that includes the public's input. Bill Eardley asked that staff obtain an analysis of FKEC's two wind turbines located on Cudjoe Key before proceeding with this policy.

Ms. Santamaria then addressed Policy 101.5.31. Ms. Santamaria explained that this policy is specific to Ocean Reef. In permitting for that community staff has had to deal with architectural features just above the 35-foot height limit. Staff has recommended the architectural features could exceed the 35-foot height limit by five feet, not to exceed 40 feet, and can contain no habitable space up there.

Joel Reed was present on behalf of Ocean Reef Community Association and Ocean Reef Club. Mr. Reed stated even though Policy 101.5.31 is intended to address non-habitable architectural decorative features, it is only one and the least significant of three provisions that Ocean Reef has requested. Mr. Reed explained that Ocean Reef has its own architectural review committee that projects go through as well. One of the longer term issues facing Ocean Reef Club is that they still own a number of buildings and condominiums that currently exceed the 35-foot height restriction. These are aging buildings coming to the end of their useful life. There is concern if they are ever destroyed they would not be able to build back to their current heights. Mr. Reed agrees with being proactive by building above the FEMA flood heights. One policy request from

Ocean Reef is for the ability to build back on a story-by-story approach rather than to the pre-existing height. Mr. Reed feels allowing this way of rebuilding with an increase in the slab-to-slab measurement to 11 feet would encourage owners to remodel their buildings rather than tearing them down. Another issue important to Ocean Reef is the Cultural Center building. Because the flyover space in this building is limited, the ability to have productions in this building is limited also. Mr. Reed suggested that a height of 65 feet would accommodate that flyover space. Mr. Reed emphasized that the proposed story-by-story rebuilding process is being requested for Ocean Reef only, which is an isolated and gated community, not visible from the roadway. Ms. Santamaria asked that Ocean Reef provide information of the cultural center, such as a map depiction and its existing height information. Mr. Reed agreed to provide that information, as well as a list of inventoried buildings at Ocean Reef including their existing heights.

Ms. Curlee asked for an estimate of the height of a building with an 11-foot slab-to-slab allowance plus the flood elevation. Mr. Reed replied that it depends on the flood zone and the average existing grade or crown of road of each site. Ms. Putney proposed Ocean Reef go through a variance procedure for each of the specific buildings because of all the variables associated with each building. Mr. Reed agreed that consideration needs to be given for each building individually and stressed that losing a floor would not be an option in rebuilding. Mr. Reed further explained that some communities have minimum ceiling heights so that a more adaptable building into the future is built.

Ms. Putney asked if Ocean Reef has its own community master plan containing its own design criteria. Mr. Reed responded that there are architectural design guidelines for Ocean Reef that are followed currently and a process is being gone through to update and create a new master plan for Ocean Reef. Ms. Santamaria clarified that it is for Ocean Reef's own development internally, but a Livable CommuniKeys plan or even an overlay district can be proposed. Ms. Putney voiced concern that this policy would open the door for other gated communities throughout the Keys to increase their height restriction. Ms. Santamaria noted that the reason the BOCC was even considering this policy is because Ocean Reef is not only gated, but it is isolated and separate from the rest of the Keys. Bill Hunter, present on behalf of Sugarloaf Property Owners Association (SPOA), will be taking this request by Ocean Reef back to SPOA members for their input. SPOA recognizes that Ocean Reef is isolated and very different from the rest of the Keys. Mr. Hunter commented that the BOCC has said in the past they do not want to treat Ocean Reef differently than the rest of the County. SPOA is neutral on this policy as long as this does not affect the rest of the County.

Mr. Reed explained that there is language that allows Ocean Reef to go through a letter of understanding process without going through a conditional use process. Mr. Reed feels perhaps some stronger language would help address the concerns being voiced. Ms. Putney again suggested Ocean Reef have their own Livable CommuniKeys plan which is protected by the comp plan. Mr. Reed pointed out that Ocean Reef has stricter regulations than the rest of the County has, such as setbacks. Ms. Putney suggested adding language referring to gated communities over a certain size. Ms. Curlee believes, regardless of Ocean Reef being isolated and gated, the public will expect the same consideration that Ocean Reef receives. Ms. Putney agreed. Ms. Putney asked to underscore that the BOCC does not want to have special rules for

Ocean Reef. Mr. Reed added that he believes only one Commissioner has expressed that sentiment. Ms. Santamaria stated the BOCC will make the decision of what they choose to adopt and/or transmit to the State and will ultimately make the decision of which communities, which policies and where they will apply to.

Ms. Santamaria then addressed Policies 101.5.32 and 101.5.33. Ms. Santamaria explained these policies are an attempt to provide existing and new structures the ability to redevelop or lift the existing structure to come into compliance with their flood zone. New FEMA maps are expected in four years. The first provision of Policy 101.5.32 is for new structures to voluntarily elevate their structures up to five feet above the 35-foot height limit. It is based on what they choose to elevate above flood. The second provision of the policy is for existing structures to be able to meet their base flood zone or to exceed it. Again, they can go up to five feet above the 35-foot height limit, but this is based on the amount they choose to go up. The third provision is for those structures that need to go a little bit higher to meet their flood zone. The addition of one foot of freeboard above the base flood elevation is provided for.

Bill Eardley stated raising an existing structure is impractical due to the cost. It is simpler to pay off the mortgage and cancel the flood insurance. Mr. Eardley feels there is no need for the exception on new construction because the building can be designed to meet the current standards. Ms. Santamaria explained the exception was proposed because the BOCC did not want people to lose living space and be squeezed into smaller homes. FEMA representatives have informed staff a grant program may be created to help with the cost of elevating a home. Ms. Santamaria pointed out that some existing structures may not be able to be raised due to its structural integrity. Mr. Roberts pointed out that there has been discussion about including bonus points or points under the CRS for communities that provide for an opportunity for property owners to elevate their base floor one to three feet above base flood elevation on a voluntary basis. Dottie Moses from the Upper Keys Homeowners Federation stated that the CRS looks at encouraging people not to build in low-lying areas. Ms. Santamaria explained that is why the inventory of flood zones was done. Mr. Hunter expressed concern that the County is somehow encouraging building in a very low-lying area where roads will eventually no longer be maintained by the County. Ms. Santamaria clarified that Number 1 is applicable when people tear down and build a new structure. Ms. Putney stated that the number of homes built before FEMA came in to Monroe County in '78 built below the base flood would be a small enough number that they could be dealt with through some kind of a development review mechanism as opposed to a carte blanche rule. Ms. Schemper noted that this would give property owners the allowance to do it rather than being penalized because of their unique circumstance. Ms. Santamaria stated staff will evaluate that.

Ms. Santamaria then described a situation of a property owner in North Florida who built a home less than ten years ago at three feet above flood. The new FEMA maps now show that home being three feet below flood. Ms. Santamaria explained that the new FEMA maps could impact a substantial number of people whose flood insurance premiums are going to skyrocket up because of this situation. FEMA is supposed to take sea level rise into account when creating their new maps. Staff is trying to think into the future to try to facilitate people's ability to protect their homes and investments. Mr. Hunter suggested, because it is unknown what the maps will show, introducing the concept and making allowances for the solution in the comp

plan and holding off on the details of the actual solution since modifying the LDRs in the LDC is an easier process. Mr. Schemper cautioned the longer addressing this issue is put off, the more homes will be built that are going to be affected. Ms. Moses stated that at an Army Corps meeting comments were made that all of the “easy” lots have been built on and what is left will require mitigation and other issues. Ms. Santamaria will try to run an analysis of the flood zone of the vacant parcels in the County.

Mr. Hunter clarified that when he suggested splitting the concept in the comp plan and the detail in the LDRs, he was not suggesting delaying the LDRs. Mr. Hunter further stated more public outreach would help in educating the public more on climate change and sea level rise. Mr. Roberts clarified for Mr. Hunter that the County does not have policies in place yet regarding replacement of infrastructure in areas potentially susceptible to sea level rise, so the County has to proceed under existing policies and directives, which obligates the County to maintain the roads. Ms. Santamaria described a situation in St. Augustine where property owners are suing the municipality to maintain a road in a low-lying area so that the people would have access to their fire service. Ms. Curlee asked about regulations regarding filling a lot. Mr. Roberts explained that whether fill is allowed depends on the flood zone. Ms. Putney added that runoff from higher lots into the road is creating a problem for the neighbors and in the canals, as well as blocking views and creating shade. Mr. Williams clarified that situation does not create a property rights issue. Ms. Santamaria noted that the variance procedure could create a staggered view line in an area.

Ms. Moses stated the Federation has taken the position they do not want the 35-foot height limit raised under any circumstance. The County has managed to get by under that height limit to date with new construction. Mr. Hunter on behalf of SPOA agreed with Ms. Moses’ comments. Mr. Hunter personally believes more education is needed about freeboard and the benefits of freeboard. Ms. Putney on behalf of Last Stand stated existing buildings should have some kind of mechanism for special approval, but that the total raised building could not exceed 40 feet and the space created under the first floor should be non-habitable. Secondly, Last Stand is opposed to new construction receiving an exception to the 35-foot height limit. Mr. Williams noted that there is a potential map amendment process to appeal to FEMA to make an exception for a lot. The expense of that process was discussed.

Ms. Santamaria then addressed Policy 101.5.33. Ms. Santamaria explained that this policy addresses existing structures that currently exceed the height limit, such as a three or four-story condo. By redeveloping to upgrade the building, coming into compliance with the flood zone may result in loss of a story of that condo. That could potentially result in 20 people on the top floor no longer having the ability to rebuild their home. Ms. Putney questioned why it is perceived to affect the top story as opposed to the first story. Ms. Santamaria stated half of the people would lose their home regardless of which story it is. This policy provides for allowing five feet above their existing height. Ms. Putney stated Last Stand supports this policy provided that the footprint of the structure is not changed. Ms. Santamaria clarified for Ms. Curlee there is no cap on the height. Staff does not have a clear inventory of those structures this policy would encompass, but estimates only a handful. Mr. Reed asked that those who do support this policy consider giving some additional slab-to-slab height when rebuilding. Ms. Putney replied Last Stand supports the grandfathering of nonconforming height to certain buildings in Monroe

County when redevelopment is involuntary provided the new building height does not exceed that of the old building. As such, compliance with FEMA along with any additional voluntary clearance above base flood elevation must be equal to or less than the height of the old nonconforming building. Mr. Hunter stated SPOA agrees as long as the redevelopment is involuntary, such as because of fire or flood. Ms. Santamaria asked if the public in attendance considers the new FEMA maps deeming a structure below base flood involuntary.

Mr. Reed does not like the “involuntary” language because it is a very tricky threshold to meet. Ms. Santamaria noted the BOCC has tried to direct staff to focus on redevelopment versus trying to facilitate a lot of new development. Mr. Reed clarified that while there is no magic slab-to-slab number, floor to ceiling heights should be created that are adaptable and can continue to be remodeled throughout future years. Ms. Curlee expressed concern that what is “involuntary” to one person may open the door to let somebody else take advantage of this policy. Ms. Santamaria clarified for Ms. Curlee that in almost all situations exceptions to the height limit will not allow people to add a story. In some situations that would be possible. Ms. Putney believes that language should be included to limit in what situations it would be allowed. Mr. Hunter suggested more detail of the buildings in Ocean Reef be gathered to realize the effect this could have on the County. Mr. Reed clarified that his comments regarding slab-to-slab increases were specific to the Ocean Reef policy, but feels it might be worth considering for all of unincorporated Monroe County. Ms. Moses is concerned about taking people’s property rights away from them. Mr. Hunter then commented that the “historical designation” language should be eliminated.

Ms. Santamaria then addressed Policy 101.5.34. Ms. Santamaria explained this came out of the session of the BOCC at the October meeting to address a different height maximum for very low, low and median income affordable employee and work force housing on properties designated Tier III. This was to facilitate having nonresidential development on the first story and allowing a couple stories of affordable housing on top. Mr. Hunter stated SPOA is opposed to this amendment. SPOA believes that the County has the benefit of seeing what the cities have done to address this issue before they make a decision on solutions. Another issue for SPOA is using height as a solution to affordable housing in the County where there is more land than the County has ROGO allocations for. Ms. Moses stated the Federation is opposed to raising the affordable housing limit. Key Largo does not have an affordable housing issue. There are affordable housing projects in the Upper Keys district already and some of the way those projects are being managed are not the way their deed restrictions have been written.

Ms. Moses pointed out there is no definition for “workforce housing” in the code. Ms. Santamaria replied the Affordable Housing Committee will be addressing that soon. The BOCC hired the FSU Consensus Center to provide a report on the County’s affordable housing issue. Ms. Schemper added that the LDC uses the term “affordable housing” or “employee housing,” which are defined terms. “Work force housing” is a more general term. Mr. Reed argued that there is a demand and a need still in the Upper Keys for affordable housing. Mr. Reed then stated it is a severe challenge to find appropriate land of a certain size to accommodate affordable housing. Mr. Eardley is concerned this amendment would open the door for all kinds of other development. Mr. Eardley agrees there are ways to address work force housing without going higher, such as making the units smaller. Ms. Curlee added when talking about truly

affordable housing that would be rentals. Ms. Putney believes this issue is complex and the height exception for affordable housing should be dealt with within the arena of the affordable housing discussion separate from what is being done today. Ms. Santamaria clarified this amendment would provide the opportunity to build more units, but it also will raise those units above base flood.

Ms. Santamaria thanked the public for their comments and stated these comments will be included in the staff report and will be back before the DRC again for more comments.

1. Playa Largo Resort, 97450 Overseas Highway, Key Largo, mile marker 97.5: A public meeting concerning a request for an Amendment to a Major Conditional Use Permit. The requested approval is required for the development of a proposed 177-unit hotel and associated accessory uses. The subject property is legally described as Tracts 4B and 5B, Amended Plat of Mandalay (Plat Book 2, Page 25), Key Largo, and also a tract of submerged land in the Bay of Florida fronting said Tract 5B (TIIF Deed No. 22416), Monroe County, Florida, having real estate number 00555010.000000.
(File 2015-031)

(2:32 p.m.) Ms. Schemper presented the staff report. Ms. Schemper reported that this applicant currently has an approved major conditional use permit from 2007 and it has had several deviations and time extensions over time. It is still active. The most recent deviation has approved the site plan for 162 transient units and one commercial apartment, which was previously on the site. The applicant has been issued a number of building permits. This amendment to the major conditional use permit is to add an additional 15 transient units into the hotel, the building of which has already been permitted, and that would bring them up to their max number net density. It does not change any footprint on the site plan. All of the required criteria are in compliance. The only issue that is still outstanding is the traffic and access. The applicant had supplied a Level 2 traffic study with this application, and because of the threshold of what is being proposed a Level 3 traffic study is needed. This may also impact the requirement for a right-turn deceleration lane leading into the property. Ms. Schemper recommended approval with conditions. Those conditions were outlined.

Ms. Santamaria commented that the Planning Commissioners will likely want to see the traffic studies so they can take that data into account in their decision-making and make sure that it is compliant. Mr. Roberts asked that Number 7 of the recommended actions be reworded to specify the number of allowed docks. Mr. Roberts will supply that number to Ms. Schemper.

Jorge Cepeda, present on behalf of the applicant, stated he was familiar with the conditions contained in the original approval. Mr. Cepeda asked that Condition 8, the transportation shuttle for guests and employees, be considered in the traffic study because that has less of an impact on traffic. Mr. Cepeda asked that the second portion of the language about adequacy of public facilities on Page 6 of the report remain part of the recommended action. Mr. Cepeda clarified that no trees will be cut for the mulch exercise path, but there may be some underbrush that may need to be accommodated. Mr. Roberts specified that "clearing" is the removal of any native vegetation regardless of the size. Mr. Roberts asked the applicant to inform staff if the applicant is planning on clearing or removing additional vegetation that has not been previously accounted

for in the site plan. Ms. Schemper will look again at the deviation to see exactly how it is worded and get back to the applicant regarding the clearing.

Ms. Santamaria asked for public comment. Ms. Moses asked whether the proposed commercial apartment is bayfront. Ms. Schemper explained it was a previously existing unit, so the residential use and density is protected. Mr. Cepeda stated the apartment is in the same location as the prior developer's site plan. Ms. Moses then pointed out the site plan shows two entrances. Ms. Schemper explained one is an emergency access drive requested by the fire department. Ms. Moses then noted that the front buffer that faces US-1 looks to contain lead tree. Mr. Cepeda replied that the landscaping will be done in the final stage. The main entrance is the original American Outdoor entrance and at the end stage the exotics will be removed and landscaping will be done to complete that buffer. Ms. Moses commented that there are a lot of non-native species on the vegetation list. Mr. Roberts explained that the required vegetation is 100 percent native vegetation, but anything planted above the minimum requirement can be anything the developer wants. The developer is overplanting the required landscaping significantly. Ms. Schemper clarified for Ms. Moses that the docking facility on the property is a hotel accessory dock, not a marina.

3. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICIES 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE. (File 2015-007)

(2:49 p.m.) Ms. Santamaria stated this item also comes from the comp plan update project. The BOCC asked staff to remove these policies that were included in the comp plan and process them separately since it was a new topic and received a lot of attention and people wanted to provide input on the topic. These policies relate to the transfer of ROGO exemptions, density rights, as well as where the development would be directed to.

Ms. Santamaria addressed Policy 101.5.8. Ms. Santamaria explained that, again, this item will be handled today more like a workshop-type item.

Bart Smith, Esquire, was present on behalf of FEB Corp. Mr. Smith asked staff to address all of the policies together. Mr. Smith thanked staff for planning multiple workshops to allow these policies to be vetted over a period of time where everyone can work together. Mr. Smith asked staff to provide notice to the affected property owners of these meetings so they can actively engage in this process. Mr. Smith asked staff to contemplate the unintended consequences of these policies of not allowing the TDRs and TREs to be transferred to offshore islands and designating all offshore islands as Tier I. Mr. Smith believes this negates the tier system, which is the primary tool for determining whether a parcel is suitable for development. These policies

put an inordinate burden on the property owners. These property owners have some development right, all residential in nature. The code only has two ways that residential can be built: Through ROGO allocation or ROGO exemption. These islands do not have ROGO exemptions because they do not have homes on them, so in order to build residential one would have to get a ROGO allocation or transfer a ROGO exemption from somewhere else. These policies eliminate the ability to transfer. A property is left with requiring a ROGO allocation, but the property is designated Tier I. This would be so limiting that the only use left would be bee-keeping and temporary camping by the owner. Mr. Smith asked that staff look at how these policies would operate as a whole to get a complete picture of how it would operate.

Ms. Santamaria clarified individual property owners were not notified because this is not property-specific and not all properties have their issues resolved with ownership. This is a policy that would impact all privately-owned or even publicly-held offshore islands. Ms. Santamaria further clarified that while the policy has direction of discouraging development by designating Tier I does not mean it is an automatic Tier I. That designation would have to go through its proper process to apply a designation to a property. Ms. Santamaria commented that this policy is not a huge change regarding the TREs and the TDRs. This is a proposed change based on the discussions from the BOCC of where to direct the remaining allocations or exemptions and where is the most appropriate place to direct development.

Julie Dick on behalf of Last Stand and Florida Keys Environmental Fund thanked staff for the workshop process and allowing the public the opportunity to participate in this process. Last Stand thinks that the policies generally are consistent with the concepts of the tier overlay system for offshore islands. Last Stand is generally supportive of the changes. Ms. Dick commented that there are some inconsistencies with the acreage on the inventory. Ms. Santamaria explained the Property Appraiser does not have the exact acreage of a property. A boundary survey is required to determine the upland portions of a property. Ms. Santamaria will look into any discrepancy reported to her. Ms. Dick further stated Last Stand agrees with the sender and receiver site criteria. For evacuation purposes it make sense to discourage additional development on offshore islands. Last Stand recommends removing significant upland habitat as a criteria in Policy 206.1.2. The reasons to protect offshore islands go beyond whether or not they are suited to upland habitat, such as containing bird rookeries. Ms. Santamaria pointed out that under Policy 206.1.2 the significant upland habitat is one of the criteria and it is being made consistent with the Tier I criteria.

Ms. Putney asked whether there was a determination made that offshore islands were Tier I when the County went to the tier system. Ms. Santamaria explained Policy 102.7.3 stated that designating offshore islands as Tier I lands was one method used to discourage developments proposed on offshore islands. The only offshore islands that are not designated Tier I were the ones that were missed by accident and undesignated, but this policy does not automatically designate them. They would still have to go through that process. The provision exists in the LDC that any islands without a specific land use designation shall be considered zoned as offshore islands. The approximately ten offshore islands that were missed and not designated were discussed.

Ms. Santamaria thanked the members of the public for their participation and invited them to participate in the workshop-style meetings scheduled in the future.

ADJOURNMENT

The Development Review Committee meeting was adjourned at 3:15 p.m.

DEVELOPMENT REVIEW COMMITTEE

Tuesday, May 26, 2015

MEETING MINUTES

The Monroe County Development Review Committee conducted a meeting on **Tuesday, May 26, 2015**, beginning at 1:00 p.m. at the Marathon Government Center, Media & Conference Room (1st floor, rear hallway), 2798 Overseas Highway, Marathon, Florida.

CALL TO ORDER

ROLL CALL by Gail Creech

DRC MEMBERS

Mayte Santamaria, Senior Director of Planning and Environmental Resources	Present
Mike Roberts, Sr. Administrator, Environmental Resources	Present

STAFF

Steve Williams, Assistant County Attorney	Present
Rey Ortiz, Planning & Biological Plans Examiner Supervisor	Present
Lori Lehr, Floodplain Administrator	Present
Tiffany Stankiewicz, Development Administrator	Present
Matt Coyle, Senior Planner	Present
Gail Creech, Planning Commission Coordinator	Present

CHANGES TO THE AGENDA

There were no changes to the agenda.

MINUTES FOR APPROVAL

Ms. Santamaria approved the minutes of the April 28, 2015, DRC meeting with one correction of a section number that will be submitted to Ms. Creech.

MEETING

New Items:

1.99700 Overseas Highway, Key Largo, mile marker 99: A public meeting concerning a request for a major deviation to a major conditional use permit. The requested approval is required for the proposed development to increase the existing walk-in cooler and to increase the size of the existing bathrooms which would increase the amount of non-residential floor area on the property. The subject property is legally described as Lazy Lagoon – A revision of Amended Plat of Curry’s Corner, Plat Book 2, Page 120 of public records, Monroe County, Section 33, Township 63 South, Range 39 East, Key Largo, Monroe County, Florida (legal description in metes and bounds is provided in the application/file), having real estate number 00497540.000000.

(File 2015-093)

(1:01 p.m.) Mr. Ortiz presented the staff report. Mr. Ortiz reported that the applicant is requesting a major deviation to a major conditional use application. The applicant wants to expand the bathroom by approximately six square feet, add a modular component to the rear of the building for a walk-in cooler and expand an existing cooler that is currently within the setbacks on the rear property line. The only criteria not met is regarding the variance requirement that the site is going to need. Mr. Ortiz recommends approval to the Planning Commission with conditions. Those conditions were outlined. Ms. Santamaria confirmed that the applicant has submitted a variance application.

Hany Haroun, the applicant, emphasized that this renovation is necessary. Many hours have been spent with Wendy's International and the County to make this work. The new kitchen configuration in the center of the restaurant is a requirement from Wendy's International, which takes away from the cooler/freezer space and the current storage area. The extension for the sides is due to making the bathrooms ADA compliant. None of this will be visible from the front. The only setback issue is for the cooler/freezer.

Ms. Santamaria asked for public comment.

Dottie Moses, Key Largo resident, does not object to what is being asked for. Ms. Moses likes the proposed landscaping along the highway. Ms. Moses commented on the poor drainage that exists on the property. Mr. Haroun explained that the main road was built to drain out towards Buttonwood Drive and consequently it floods there all the time. That is on the County right-of-way. The County and State agreed to dig out the French drain and fill it with gravel to address the flooding problems. The tides also affect the drainage in this area. Ms. Santamaria noted when building permits are applied for the applicant will have to comply with the stormwater requirements. Mr. Williams suggested that the applicant provide some documentation from Wendy's International to show the hardship imposed on the applicant for purposes of the variance. Mr. Ortiz asked the applicant to provide an updated site plan.

2. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN POLICY 101.4.26 TO PROVIDE AN EXCEPTION TO THE HEIGHT LIMIT FOR WIND TURBINES OWNED AND OPERATED BY A PUBLIC UTILITY; CREATING POLICY 101.5.31 TO ADDRESS NON-HABITABLE ARCHITECTURAL DECORATIVE FEATURES WITHIN THE OCEAN REEF COMMUNITY; AND CREATING POLICIES 101.5.32 AND 101.5.33 TO PROVIDE CERTAIN EXCEPTIONS TO THE HEIGHT LIMIT IN ORDER TO PROTECT PROPERTY FROM FLOODING AND REDUCE FLOOD INSURANCE COSTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.
(File 2015-006)

(1:12 p.m.) Ms. Santamaria presented the staff report. Ms. Santamaria reported that this item started with the comp plan update. There were policies to amend the height policies, address the wind turbines, affordable housing and the flood protection. The BOCC asked staff to process this as a separate stand-alone amendment. This was before the DRC in March where a lot of comments were received. The flood protection policy generated concerns about the overall height exception. Staff has proposed a policy that includes the reasons why there would be an exception with a max height limit of 40 feet and it would be to elevate property three feet above base flood elevation (BFE). The exception for new buildings is to exceed BFE, not just to meet it, up to three feet above BFE. The exception for lawfully existing buildings is to either meet or exceed BFE because there are circumstances, depending on the flood zone, where this exception will not allow you to exceed BFE. If it is exceeded, it is only that amount it is exceeded that one gets to go above BFE. Again, it is capped at 40 feet. The exception would not be allowed in high-risk areas.

Ms. Santamaria introduced Ms. Lehr and asked for an update and information on flood zones.

Ms. Lehr explained that one of her roles is to help the County get into the Community Rating System (CRS) program, which would result in some discount in flood insurance. When property owners voluntarily elevate their properties they get a reduced premium on their flood insurance. For every foot of elevation, the savings is about a quarter of the premium. After the cap of three feet, the discounts fall off. The cost to elevate a property is recouped quickly in flood insurance savings. Ms. Lehr believes the future of the Florida Building Code and other legislation is going to be moving towards the implementation of some sort of freeboard, some sort of elevation requirement above BFE. Ms. Lehr further explained the County is going through a mapping process currently. It will be 2018 before those new maps come out, but the general feeling of those maps is that the elevations in some areas will increase, so the required elevations will increase.

Ms. Lehr clarified for Ms. Moses a community has to require a higher regulatory standard above what is required on the flood insurance rate amounts to get CRS credit. Florida in general has some of the highest scoring communities in the nation. Ms. Lehr believes Monroe County is doing a lot of things to address the flooding that will be worth CRS credit. There will be changes in the Florida Building Code coming up in the next couple of years to address BFE. Ms. Santamaria explained the CRS does not address the top height, so the BOCC gave staff direction to look into elevating the height limit so home owners are not squeezed in from the top, causing homes to become smaller and smaller. Ms. Lehr noted that credits are being given for existing buildings being elevated as opposed to rebuilt. The CRS program is very adamant that communities do what is good for their floodplain management and protection of their citizens' investments.

Ron Miller, Planning Commissioner and Key Largo resident, questioned why the County has become concerned about someone losing habitable space in their structure, because in URM parking spaces were required to be under homes, which takes away from habitable space. Ms. Santamaria clarified this proposal is not zoning-specific. Mr. Miller feels homeowners should be amenable to some give-and-take in the loss of some habitable space. Mr. Miller believes the people interested in more living space and more stories are those who are renting illegally. Ms.

Santamaria clarified that the BOCC has become aware of the new FEMA maps coming out and want Monroe County to get into the CRS and help the community better protect their property and investments. So they have directed staff to address this issue by allowing people to make that financial choice themselves. The whole intent was to better protect our community.

Bill Hunter, Sugarloaf resident, suggested that a definition of “elevate” be proposed. Mr. Hunter mentioned different scenarios of what could fall under the definition of “elevate.” Ms. Santamaria said that staff will consider and look into those different scenarios. Ms. Lehr clarified if a bottom floor was knocked out and used for parking with penthouses built on top of the structure, those structures would still be limited by the height restriction from BFE. Ms. Santamaria noted that Policy 101.5.33 is for lawfully established existing buildings which already exceed the 35-foot height limit and a top cap of 40 feet is in place unless the owners go to a public hearing before the BOCC. Mr. Hunter then asked for an explanation of why the different numbers of 38 and 40 feet are used. Ms. Santamaria explained that discounts are given for one, two and three feet above BFE. Since discounts are not given above that, the new buildings were capped at 38 feet. The 40-foot limit was added for existing buildings in case they needed to raise their property a little bit higher because they do not meet base flood today. Ms. Lehr clarified that the flood insurance policy associated with a structure would receive a different rating because of the elevation of that property. The discount for CRS is completely different. The discount for CRS could be in addition to the different rating on the insurance policy for an elevation. Ms. Santamaria noted that no exception will be given to either new or existing structures in AE10 through VE10. That came from the comments made at prior DRC meetings about not facilitating redevelopment or new development in higher-risk areas.

Mr. Hunter stated he agrees with Mr. Miller about the ability of Monroe County citizens to live under the 35-foot height limit, but is more sympathetic to the owners of existing homes than to new construction. Mr. Miller is concerned for the properties in such a high AE or VE that they would not be able to develop a home that was attractive. Mr. Miller proposed keeping the 35-foot height limit in the comp plan and allowing for a variance for those so limited that they would not be able to develop something architecturally acceptable to the community. Ms. Santamaria stated it would be difficult to create a variance for architectural or visual issues. There is no real hardship in that instance.

Naja Girard, Key West resident, commented that people are more concerned over encouraging new development in AE and VE areas as opposed to elevating existing homes in those areas. Mr. Miller agrees with limiting infrastructure in flood-prone areas, but feels a minimal-size house could be able to punch through the height barrier if the owners could show a hardship when asking for a variance. Ms. Lehr explained that the CRS does not take away points. The CRS program credits activity. Prohibiting development in high-risk areas is credited under the CRS. The emphasis of the program has always been to build safer, more resilient communities.

Jim Hendrick was present on behalf of Ocean Reef Community Association (ORCA) regarding Policy 101.5.31. Mr. Hendrick stated Ocean Reef is an isolated and gated community with a distinct community character. The planning process in Ocean Reef is very tough. Mr. Hendrick said Ocean Reef would like the extra five feet for architectural features. The largest concern with this policy for Ocean Reef is its cultural center. The cultural center does not have the head

room needed to be able to house events that could potentially be put on at this facility. Mr. Hendrick asked for a height limit unique to the Ocean Reef Cultural Center, which was built and paid for by the people of Ocean Reef. Another concern that ORCA has is that any multi-story building in existence on the effective date of this policy be able to replace their existing number of stories up to 11 feet slab to slab per story. The Ocean Reef hotels are currently dated with a ceiling height of only eight feet. Ms. Santamaria noted that at the last meeting Joel Reed presented this information on behalf of Ocean Reef Club. Staff had asked for an inventory of existing heights of the various structures throughout Ocean Reef. Nothing has been received to date. Mr. Hendrick will send the complete list to Ms. Santamaria. Mr. Hendrick emphasized this is being asked to apply to Ocean Reef only, which is isolated and does have a distinct community character.

Deb Curlee, resident of the Lower Keys, noted that Ocean Reef is still part of Monroe County. Mr. Hendrick replied there is an abundant body of policy already recognizing the unique circumstances of Ocean Reef. Ms. Santamaria asked that Ocean Reef consider proposing an Ocean Reef specific overlay to address height issues in Ocean Reef. Mr. Hendrick replied Ocean Reef has a very effective self-governance program within the community. Ms. Santamaria asked that the information regarding the various heights as well as the total heights at Ocean Reef be sent in to help staff understand what the request is from Ocean Reef. Mr. Hendrick then explained for Ms. Girard how Ocean Reef is self-governed.

Ms. Moses stated the Federation is opposed to punching through the height limit and they feel that the 35-foot height limit has been accommodating and there is still room for elevating the floodplain. Ms. Girard on behalf of Last Stand stated that a majority of the properties should be able to elevate the buildings as much as needed and still have adequate living space. Last Stand would like to see this turned into a hardship situation that would have to be triggered to go through the height barrier.

Mr. Miller asked what would happen to those properties whose flood zone was changed due to the FEMA flood maps. Ms. Santamaria reminded Mr. Miller that no exceptions being given to properties in AE10 or VE10 or higher was a result of members of the community not wanting to facilitate development of homes within those flood zones. The owners of those properties would have to work within the rules or not build at all. Ms. Santamaria then confirmed for Mr. Hunter that reconstructed structures in Policy 101.5.33 includes those that are demolished and rebuilt. Ms. Santamaria explained that the BOCC resolution that specifies the maximum approved height is done on a building-by-building basis. There is currently no limit to that height because it is not known what would be needed to meet base flood. Ms. Santamaria explained that buildings over 35 feet currently could only rebuild to 35 feet if they were wiped out by a hurricane.

Ms. Curlee asked why no caps are placed in Policy 101.5.33. Ms. Santamaria replied that building heights would be different depending on how it was measured. Ideas were proposed for the BOCC to consider when making the decision on how high they can go. Mr. Hunter suggested considering the community's desire to limit the height. Ms. Santamaria noted a public hearing would require surrounding property owner notices being sent out.

Mr. Haroun stated he finds it unreasonable to not allow a condo to be built back up so that no owners would lose their living space. Ms. Santamaria pointed out that is why a flood exception is being proposed for those property owners. Mr. Miller noted that his concern is not whether they can build back what they had or not, but his concern is that the potential for more habitable space in this county is being increased as a result of seeking relief from sea level rise.

Ms. Santamaria then stated the affordable housing has been struck from this proposal at this point in time. Staff will work with the BOCC and the Affordable Housing Committee further in that regard. The other item in this stand-alone amendment is the wind turbines owned and operated by a public utility. At the last meeting members of the public asked what the results were from the Keys Energy demonstration project. It was concluded that the wind towers have been proven to be ineffective. Ms. Moses proposed striking this item altogether. Ms. Girard stated on behalf of Last Stand they would like to see the whole exception to the wind turbines stricken. If someone comes forward and proposes a great plan in the future, then it can be looked at with specific considerations in mind.

Ms. Santamaria stated the plan is to bring this amendment back to the DRC and get more data for community-specific amendments. It will be brought back as two items: One as a comp plan and an LDR for more discussion and more input.

3. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING A DEFINITION OF OFFSHORE ISLAND; AMENDING POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICY 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.

(File 2015-007)

(2:38 p.m.) Ms. Santamaria presented the staff report. Ms. Santamaria reported that this amendment has stemmed from the comprehensive plan update process. There was a lot of discussion on where to direct and how to direct development in the future and if it is appropriate to go to offshore islands. The BOCC asked staff to remove this from the general comp plan update and process it as a stand-alone amendment. The definition of "offshore island" has been included. The new provision is that TDRs and TREs would not be allowed to transfer to an offshore island.

Ms. Santamaria asked for public comment.

Attorney Nick Batty was present on behalf of FEB Corporation with respect to Wisteria Island. Mr. Batty stated the issues that FEB has with this proposed amendment pertain to the receiver sites for TREs have to be within a Tier III designated area and must not be an offshore island. Policy 206.1.2 provides that Monroe County shall discourage the development

of offshore islands which have no prior development and have significant upland habitat by discouraging the extension of public facilities and designating the offshore islands as Tier I. That makes a scenario where ROGO exemptions cannot be transferred to those islands and at the same time bumps them down to a Tier I level for the ROGO allocation program. Mr. Batty pointed out there is no definition proposed for “significant upland habitat.” Significant upland habitat does not necessarily coincide with environmentally sensitive areas. As a result, areas like Wisteria Island, which does not have significant areas of environmentally sensitive habitat, would by default be lumped in with a Tier I designation, which is contrary to the intent of the code. Bumping them down to a Tier I in terms of the ROGO allocation system and not allowing any transfers of TREs to the area would result in a situation where there would be no beneficial uses for the properties. Mr. Roberts replied that using the blanket and undefined term “significant upland habitat” does not account for the differences in the natural features of those properties and effectuate the intent of the Tier I and Tier III definitions. Ms. Santamaria added that no changes are being proposed to the Tier III criteria for designating any land. Mr. Batty replied that islands which currently do not have a tier designation and would fit whatever the definition is determined to be of “significant upland habitat” and have no prior development would be pushed into that Tier I category without any other consideration. Ms. Santamaria stated no particular tier designation is being proposed for any offshore island. This is simply policy, not property specific. Ms. Santamaria will review this further and consider proposing a definition for “significant upland habitat.”

Ms. Girard, on behalf of Last Stand, stated it makes very little difference what is on the upland, whether or not there even is upland, because offshore islands are surrounded by shallow waters and environmentally sensitive benthic resources and are important for avian species. Ms. Girard emphasized a survey containing 76 different species of native plants and a report regarding the importance of Wisteria Island for the white crown pigeons a couple of hundred feet away from Wisteria Island are on file with the County. Last Stand thinks it is extremely appropriate that offshore islands be given Tier I designations and that they not be considered as receiver sites because they are inappropriate for development in a county that has a limited number of ROGOs and is basically facing build-out. Ms. Santamaria clarified that this is not a property-specific amendment. Ms. Santamaria further clarified that the tier designations are based on upland habitat. Mr. Roberts clarified for Ms. Girard that native areas that provide corridors or wildlife access between other larger native areas are part of the Tier I designation. Mr. Batty pointed out it is important to make sure the intent of the code is being effectuated.

Ms. Santamaria asked for further public comment. There was none. Public comment was closed.

Ms. Santamaria stated staff will review all the comments made and will look at defining “significant upland habitat” and bring this back to the DRC for one more round of public input before taking it to the Planning Commission.

ADJOURNMENT

The Development Review Committee meeting was adjourned at 2:55 p.m.

DEVELOPMENT REVIEW COMMITTEE

Tuesday, August 25, 2015

MEETING MINUTES

The Monroe County Development Review Committee conducted a meeting on **Tuesday, August 25, 2015**, beginning at 1:00 p.m. at the Marathon Government Center, Media & Conference Room (1st floor, rear hallway), 2798 Overseas Highway, Marathon, Florida.

CALL TO ORDER

ROLL CALL by Gail Creech

DRC MEMBERS

Mike Roberts, Sr. Administrator, Environmental Resources	Present
Emily Schemper, Comprehensive Planning Manager	Present
Kevin Bond, Planning & Development Review Manager	Present

STAFF

Steve Williams, Assistant County Attorney	Present
Matt Coyle, Senior Planner	Present
Devin Rains, Senior Planner	Present
Thomas Broadrick, Senior Planner	Present
Gail Creech, Planning Commission Coordinator	Present

CHANGES TO THE AGENDA

Mr. Roberts announced Items 5 and 6 will be heard first.

MINUTES FOR APPROVAL

Mr. Roberts deferred approval of minutes to the next DRC meeting.

MEETING

New Items:

5. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING POLICY 101.5.31 TO ADDRESS NON-HABITABLE ARCHITECTURAL DECORATIVE FEATURES WITHIN THE OCEAN REEF COMMUNITY; AND CREATING POLICIES 101.5.32 AND 101.5.33 TO PROVIDE CERTAIN EXCEPTIONS TO THE HEIGHT LIMIT IN ORDER TO PROTECT PROPERTY FROM FLOODING AND REDUCE FLOOD INSURANCE COSTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING

FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.

(File 2015-006)

Mr. Roberts presented the staff report. Mr. Roberts reported that while working on the comp plan update the BOCC directed staff to maintain the existing adopted height and offshore island policies and to pull the proposed changes for further review and submit as a separate amendment. The proposed text amendment has been reviewed at two prior DRC meetings. Policy 101.5.30 adds mechanical equipment to the 35-foot limit while excluding certain structures. There are no exceptions to the height limitation in Airport districts. Policy 101.5.31 for Ocean Reef, which is a gated and isolated community with a distinct community character, includes non-habitable architectural decorative features that exceed the 35-foot height limit, but such features shall not exceed five feet above the building's roof line. There are Land Development Code amendments to reflect these policies. Policy 101.5.32 provides that certain buildings voluntarily elevated to meet or exceed the FEMA base flood elevation (BFE) may exceed the 35-foot height limit. New buildings voluntarily elevated to exceed the building's minimum required BFE may exceed the 35-foot height limit by three feet. For lawfully established existing buildings which do not exceed 35 feet and are voluntarily retrofitted to meet and/or exceed the building's minimum required BFE, an exception of a maximum of five feet above the 35-foot height limit may be permitted.

Bill Hunter, resident of Sugarloaf Key, asked for the rationale for the difference of an extra two feet between an existing building and a new building. Mr. Coyle explained that it is to allow a homeowner more room to get into compliance and go up. Mr. Hunter then asked for clarification on the definition of "retrofit." Mr. Roberts stated that retrofitting means making changes to an existing building to protect it from flooding or other hazards. Demolition and reconstruction of a new structure would not fit within that definition.

Dottie Moses, on behalf of the Federation of Homeowners Association, stated that the Federation consistently maintains its opposition to raising the height limit. Ms. Moses asked who is requesting the height increase. Mr. Roberts replied that this amendment was staff-initiated at the direction of the BOCC. Ms. Moses believes that the recent change in the code that allows setbacks being used for parking in URM zones will result in another floor of bedrooms being added under this amendment, which will increase density. The hurricane evacuation issue is always a concern in the community, also. Ms. Moses then asked where the exception provided for properties located in the AE 10 or VE 10 or greater FEMA flood zones originated. Ms. Schemper will look into that for Ms. Moses. Ms. Schemper added that this item will be brought back to the DRC one more time.

Joel Reid, on behalf of Ocean Reef Club and Ocean Reef Community Association, commented that these two associations have asked for height changes to address their community concerns. Mr. Reid expressed disappointment that some items Ocean Reef has been asking for have not been included in the staff report. Mr. Reid then asked for clarification regarding architectural elements exceeding 40 feet under Policy 101.5.33. Ms. Schemper explained that Policy 101.5.33 applies to lawfully established buildings that are already over 35 feet high. The intent is if it was a pre-existing feature, then the BOCC could approve it, but if it is a proposed architectural

feature an exception would not be given if it is over 40 feet. Mr. Reid stated Ocean Reef would like some protection in order for residents to be able to build back their structures without losing their views. Ms. Schemper pointed out that this amendment is to protect what is already in existence while also meeting the flood requirements. The existing intensity or density type of use would be protected. Policy 101.5.33 does not specifically address increasing slab-to-slab heights. That would have to be approved by the BOCC if over 40 feet. The mechanism of going through the approval process to the BOCC has not been thoroughly fleshed out. That would be in the Land Development Code portion of the amendment. Mr. Reid asked how rebuilding and doing modifications to the Ocean Reef Cultural Center and boat storage area would be handled. Ms. Schemper responded that the full amount of data in those issues has not been received by staff at this point.

6. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICIES 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE. (File 2015-007)

Ms. Schemper presented the staff report. Ms. Schemper reported that this is another item originally contemplated during the comp plan update. Staff was directed by the BOCC to pull it out as a separate text amendment. This was already reviewed at two DRC meetings and has been continued to this meeting to get additional public review, input and discussion. The proposed changes are about where development in terms of TDRs and the transfer of ROGO exemptions are directed. Existing Policy 101.5.8 allows for the transfer of units based on certain criteria. The new policy expands the criteria and has additional standards to utilize the tier system. The sender site must be located in Tier I, II, or III-A, or any tier designation if it is within the military installation impact overlay. The receiver site must have a future land use category ability and zoning district that allows the use, must meet the adopted density standards, include all infrastructure, be located within Tier III and may not be within a V zone or a CBRS unit. The comprehensive plan specifies specific habitat types and the certain zoning districts that were allowed on sender site TDRs. The offshore island zoning category is specifically identified as an eligible sender site. The new proposed policy utilizes the tier designation to specify the sender site because this already accounts for both habitat types and zoning districts that were in the existing policy. The new policy states only parcels designated Tier III can be receiver sites and they must have an adopted maximum net density standard, which would be based on their zoning category. Ms. Schemper reviewed Policy 206.1.2, which prohibits development on offshore islands, and the definition of significant native upland habitat. This item will be brought back to the DRC one more time.

Julie Dick with Everglades Law Center, present on behalf of Florida Keys Environmental Fund and Last Stand, believes Policy 206.1.2 is redundant and is addressed somewhere else in the

comp plan. Ms. Dick suggested eliminating the entire policy because any confusion resulting from this policy leaves the door open to misinterpretation. Ms. Dick supports Policy 101.6.8 in making sure that offshore islands are not receiver sites.

Bart Smith, Esquire, commented that generally he appreciates the revisions made to the obtaining and transferring of TDRs. On behalf of FEB Corp. Mr. Smith stated most of the receiver site criteria in the staff report seems very logical. Mr. Smith does not, however, feel that the sixth criteria that blanketly prohibits offshore islands from being receiver sites is logical because there is not any data and analysis identifying the reasons why an offshore island cannot be a receiver site. Mr. Smith feels that the definition of "significant native upland habitat" is a well-thought-out definition. Mr. Smith stated everything in the proposed ordinance makes logical sense and is conforming except for the blanket prohibition of offshore islands.

Naja Girard, speaking on behalf of Last Stand, addressed Mr. Smith's comments by responding that one thing different about offshore islands is that shallow waters surround the offshore islands and include benthic resources that the comp plan directs the County to protect. Encouraging development on offshore islands would require the acceptance of all the boating traffic that would be created as a result of that development. Ms. Girard agrees that Policy 206.1.2 is redundant and changes the normal way offshore islands are designated Tier I, which could result in confusion on its interpretation. Ms. Girard believes this weakens the protection of all offshore islands. Ms. Girard also believes there is not accurate data on what actually exists on these islands.

1.AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING THE MONROE COUNTY LAND USE DISTRICT (ZONING) MAP FROM INDUSTRIAL (I) AND COMMERCIAL FISHING AREA (CFA) TO MIXED USE (MU), FOR PROPERTY LOCATED AT APPROXIMATE MILE MARKER 9, DESCRIBED AS A PARCEL OF LAND IN SECTION 21, TOWNSHIP 67 SOUTH, RANGE 26 EAST, BIG COPPITT KEY, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBER 00120940.000100, AND FROM INDUSTRIAL (I) TO COMMERCIAL 2 (C2) FOR PROPERTY LOCATED AT APPROXIMATE MILE MARKER 9, DESCRIBED AS FOUR PARCELS OF LAND IN SECTION 21, TOWNSHIP 67 SOUTH, RANGE 26 EAST, ROCKLAND KEY, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBERS 00122080.000000, 00122081.000200, 00122010.000000 AND 00121990.000000, AS PROPOSED BY ROCKLAND OPERATIONS, LLC AND ROCKLAND COMMERCIAL CENTER, INC.; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR AMENDMENT TO THE LAND USE DISTRICT (ZONING) MAP; PROVIDING FOR AN EFFECTIVE DATE.

(File 2012-069)

Ms. Schemper presented the staff report. Ms. Schemper reported that this item is a zoning amendment to accompany a FLUM amendment which has already been transmitted by the BOCC to DEO. Staff has received the objections, recommendations and comments report on the FLUM amendment. DEO's objection was that it was increasing the potential residential

development and should be revised to allow other residential uses. The original deadline for adopting that FLUM amendment was September 19, but staff has asked for an extension based on the applicant's delay and the new deadline is March 15, 2016. The current zoning amendment would be required to match the FLUM amendment. The applicant is required to revise the total FLUM amendment to include a comp plan policy that would limit any residential development on the site to affordable housing only. This affects only the northernmost L-shaped parcel on the map. The southern parcels are proposed to become commercial with no residential density. Today's discussion concerns the zoning portion of the amendment. The net change in development for the entire site will actually be a reduction in residential density. The Big Coppitt portion of the site would have an increase in affordable residential, but the proposed comp plan policy will limit all residential development to affordable housing on that site. Staff has found that any impact is not anticipated to have an adverse effect on community character. Staff has found no adverse effects for traffic circulation. There is sufficient capacity for the public facilities for potential development under this zoning amendment. Staff has found that the proposed amendment is consistent with the Monroe County comprehensive plan and the Land Development Code. The proposed zoning map amendment is necessary to be consistent with the proposed FLUM amendment that the BOCC has already recommended and transmitted to the State. Staff recommends approval of the proposed amendment. This is contingent on the adoption of the FLUM amendment.

Deb Curlee, resident of Cudjoe Key, asked what the Navy has to say about this amendment. Ms. Schemper replied that the portion of affordable housing is actually in the noise zone at the greatest distance compared to the rest of the property. Bart Smith, Esquire, agreed and added that the requirement to sound-attenuate to the level the Navy requests is specifically written in to the site-specific zoning.

2. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING THE MONROE COUNTY FUTURE LAND USE MAP FROM RESIDENTIAL CONSERVATION (RC) TO RECREATION (R) AND CONSERVATION (C), FOR PROPERTY DESCRIBED AS A PARCEL OF LAND IN SECTION 24, TOWNSHIP 59 SOUTH, RANGE 40 EAST, KEY LARGO, MONROE COUNTY, FLORIDA, AND ALSO BEING A PORTION OF TRACT A, HARBOR COURSE SOUTH, SECTION ONE, OCEAN REEF PLAT NO. 14 (PLAT BOOK 7, PAGE 9), KEY LARGO, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBER 00573690.003900, AS PROPOSED BY OCEAN REEF CLUB INC.; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN AND FOR AMENDMENT TO THE FUTURE LAND USE MAP; PROVIDING FOR AN EFFECTIVE DATE.

(File 2015-047)

3. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING THE MONROE COUNTY LAND USE DISTRICT (ZONING) MAP FROM NATIVE AREA (NA) TO PARKS AND REFUGE (PR) AND CONSERVATION DISTRICT (CD), FOR PROPERTY DESCRIBED AS A PARCEL OF LAND IN SECTION 24, TOWNSHIP 59 SOUTH, RANGE 40 EAST, KEY LARGO,

MONROE COUNTY, FLORIDA, AND ALSO BEING A PORTION OF TRACT A, HARBOR COURSE SOUTH, SECTION ONE, OCEAN REEF PLAT NO. 14 (PLAT BOOK 7, PAGE 9), KEY LARGO, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBER 00573690.003900, AS PROPOSED BY OCEAN REEF CLUB INC.; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR AMENDMENT TO THE LAND USE DISTRICT (ZONING) MAP; PROVIDING FOR AN EFFECTIVE DATE.
(File 2015-048)

Ms. Schemper presented the staff reports. Ms. Schemper reported that these two amendments are FLUM and zoning amendments that coordinates with one another for a parcel within Ocean Reef proposed by Ocean Reef Club. The site is 11 acres and currently has a FLUM designation of Residential Conservation with a zoning category of Native Area. The property owners would like to develop a park on a portion of the site and are requesting to change the FLUM to 9.5 acres of Conservation and a little over 1.5 acres of Recreation for the FLUM and, corresponding to that, 9.5 acres of Conservation zoning and 1.5 acres of Park and Refuge zoning. The density and intensity change for this amendment would be a decrease in both residential and non-residential density and intensity. There is no adverse impact on community character and no additional impact foreseen for any of the public facilities. Staff has found both proposed amendments would be consistent with the comp plan and the Land Development Code and is consistent with the principles for guiding development. These amendments support Ocean Reef's desire to increase some of the park and recreational space within the community based on an increase in the number of families with children currently in their community. If the corresponding FLUM amendment is transmitted to the State and adopted, then the zoning plan would be required to remain consistent with the FLUM. Staff is recommending approval of the FLUM amendment from Residential Conservation to Conservation and Recreation and staff is recommending approval of the zoning amendment from Native Area to Parks and Refuge and Conservation district. The zoning recommendation would be contingent on the approval and effectiveness of the proposed FLUM amendment that corresponds with this.

Joel Reid, the representative of the applicant, stated that Ocean Reef Club is always looking to enhance the community's experience and meet their needs for the community members.

Mitch Harvey, resident of Key Largo, asked whether Mr. Roberts had any concern with clearing of upland habitat of protected species of 1.71 acres for the sole purpose of providing a park for homeowners. Mr. Roberts replied that the applicant is required to coordinate directly with U.S. Fish & Wildlife for the protection of these species. The County's clearing requirements would fall back to the original development orders for Ocean Reef Club because it is not dictated by the tier clearing limits in the code.

4.PL OCEAN RESIDENCES, 97801 OVERSEAS HIGHWAY, KEY LARGO, MILE MARKER 98: A PUBLIC MEETING CONCERNING A REQUEST FOR A MINOR CONDITIONAL USE PERMIT. THE REQUESTED APPROVAL IS REQUIRED FOR THE DEVELOPMENT OF A PROPOSED 24 ATTACHED DWELLING UNITS DESIGNATED AS

AFFORDABLE HOUSING, 28 DETACHED DWELLING UNITS OF MARKET RATE HOUSING, AND ASSOCIATED AMENITIES. THE SUBJECT PROPERTY IS DESCRIBED AS PARCELS OF LAND LOCATED IN SECTIONS 5 AND 6, TOWNSHIP 62 SOUTH, RANGE 39 EAST, KEY LARGO, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBERS 00090810.000000, 00090820.000000, 00090840.000000, 00090840.000100, AND 00090860.000000.
(File 2015-049)

Ms. Schemper presented the staff report. Ms. Schemper reported that this is a request for a minor conditional use permit which is required because the applicant is requesting to develop 24 attached dwelling units. Within the Urban Residential zoning category that use requires a minor conditional use permit. The development is reviewed by staff as a whole for consistency sake. The total proposal is requesting 24 attached dwelling units as affordable housing and 28 detached dwelling units as market rate housing. The site's current characteristics and zoning were described. The site has ROGO exemptions for 20 permanent dwelling units.

Ms. Schemper then listed the categories where staff has found either compliance is still to be determined or the site was found not in compliance. Compliance with the residential ROGO is to be determined because at the time of the building permit is when the applicant applies for their ROGO allocations. An additional eight market rate ROGO allocations and 24 affordable housing ROGO allocations would be needed. Permitted uses is listed as not in compliance because the attached residential dwelling units are permitted with the condition that sufficient common areas for recreation are provided to serve the number of dwelling units proposed to be developed. Compliance is to be determined on residential density and maximum floor area because the site requires 7.6 transferred development rights which are done at the time of the building permit. Compliance is to be determined on required open space because the calculations were not comparable of the upland area on the site plan. Mr. Roberts noted that the indicated shoreline setbacks were either incorrect or not clearly depicted on the site plan.

Ms. Schemper continued to report that most of the non-shoreline setbacks are in compliance at this point, but the setback lines shown on the site plan are not necessarily the correct lines in every situation. The surface water management will be dealt with for full compliance at the time of permit application. Mr. Roberts noted that there was conflicting information on the site plan regarding the depth to ground water. Ms. Schemper continued to report that there are inconsistencies on the site plan regarding the height of the fencing and privacy wall. The privacy wall shown on the site plan separates the site completely between the attached units and the detached units, which basically turns the parcel into two separate developments and they would each need to meet all of the land development regulations on their own. Some sort of connection is needed between the two. Compliance for flood plain, energy conservation and potable water is to be determined, as well as environmental design criteria and mitigation, at the building permit stage. The required parking is also affected by the separation between the two types of units on the site plan. The total number of parking spaces is sufficient if the site is viewed as a whole. The required bufferyards are not in compliance because the site plan shows some incorrect bufferyards. Mr. Roberts added that the property was rezoned from URM to UR and the URM boundary buffers are being shown.

Ms. Schemper continued to report that the square footage of the signage proposed has some issues and recommended that the signage be done separately as part of the fence permit at the time of the building permit. The access is currently under review by the County's traffic consultant. The site plan shows the County standards on U.S.1, but also needs to comply with FDOT standards. Compliance is to be determined on inclusionary housing at the time of the building permit because when the tenth permanent market rate unit gets its certificate of occupancy, a certificate of occupancy is required on at least three of the affordable housing units, and a proportional increase continues accordingly throughout the development. Given all of those items, staff still recommends approval. A list of 22 conditions required are listed in the staff report.

Jorge Cepero, present on behalf of the applicant, clarified that there is still one structure, a gatehouse, in the front of the property that was not demolished.

Robert Ginter, owner of an adjoining property, is concerned about the fencing and buffers to protect the neighborhood. Ms. Schemper explained that there are quite a few buffers on the site plan. There is an access off of First Street for a portion of the property. Ms. Schemper will make the site plan available to Mr. Ginter at the end of today's meeting.

Mitch Harvey, resident of Key Largo, is concerned that this is the one time that the public has a chance to review this proposal and there are so many items still not deemed to be in compliance. Ms. Schemper explained that there is a 30-day notice that goes out that says the Planning Director intends to issue the minor conditional use permit, as well as a legal ad. The Planning Director's decision will not be made until these items are all fulfilled. The revised proposal will be available through the Planning Department.

ADJOURNMENT

The Development Review Committee meeting was adjourned at 2:32 p.m.

DEVELOPMENT REVIEW COMMITTEE

Tuesday, October 27, 2015

MEETING MINUTES

The Monroe County Development Review Committee conducted a meeting on **Tuesday, October 27, 2015**, beginning at 1:00 p.m. at the Marathon Government Center, Media & Conference Room (1st floor, rear hallway), 2798 Overseas Highway, Marathon, Florida.

CALL TO ORDER

ROLL CALL by Gail Creech

DRC MEMBERS

Mayte Santamaria, Senior Director of Planning and Environmental Resources	Present
Mike Roberts, Senior Administrator, Environmental Resources	Present
Emily Schemper, Comprehensive Planning Manager	Present
Kevin Bond, Planning & Development Review Manager	Present

STAFF

Devin Rains, Senior Planner	Present
Gail Creech, Planning Commission Coordinator	Present

CHANGES TO THE AGENDA

Ms. Santamaria asked that Items 2 and 3 be read together.

MINUTES FOR APPROVAL

Ms. Santamaria approved the meeting minutes of July 28, 2015, August 25, 2015, and September 29, 2015.

MEETING

New Items:

1. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING THE MONROE COUNTY LAND USE DISTRICT (ZONING) MAP FROM SUBURBAN COMMERCIAL (SC) TO MIXED USE (MU), FOR PROPERTY LOCATED AT 28500 AND 28540 OVERSEAS HIGHWAY, LITTLE TORCH KEY, MILE MARKER 28.5 OCEANSIDE, LEGALLY DESCRIBED AS PARCELS OF LAND IN A PART OF U.S. GOVERNMENT LOT 6, SECTION 28, TOWNSHIP 66 SOUTH, RANGE 29 EAST, LITTLE TORCH KEY, MONROE COUNTY, FLORIDA, HAVING REAL ESTATE NUMBERS 00113570-000000, 00113570-000100, 00113570-000200, 00113590-000000 AND 00113620-000000, AS PROPOSED BY PATRICK R AND DIANE COLEE, DOLPHIN MARINA ASSOCIATES LTD AND TORCH KEY PROPERTIES LTD; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING

PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR AMENDMENT TO THE LAND USE DISTRICT (ZONING) MAP; PROVIDING FOR AN EFFECTIVE DATE.
(2015-152)

Mr. Bond presented the staff report. Mr. Bond reported that this is a land use district map amendment from Suburban Commercial to Mixed Use. The property is located oceanside on Little Torch Key and serves as a land base for the Little Palm Island. There is no FLUM change required for this proposed amendment. The property was described. Mr. Bond stated the change in development potential between the two districts would result in a reduction of eight permanent residential units, a slight increase in max net density, a net zero change in transient development potential and no change in commercial development potential. The change would open up the possibility of some uses that are currently prohibited within the SC district. Staff has evaluated the proposed amendment and found it is consistent with the comprehensive plan and that the request does fall under two provisions of the code: Number 4, new issues; and 6, data updates, primarily due to the Lower Keys Livable CommuniKeys Plan (LCP). It is consistent with the Lower Keys LCP. Staff recommended approval of the proposed amendment.

James Hendrick was present on behalf of the applicant and commended staff on their memorandum.

Ms. Santamaria asked for public comment.

Dottie Moses, Key Largo resident, asked why the applicant is changing the zoning Ms. Santamaria replied that the applicant wants to have a use their current zoning does not allow, which will reduce the overall allocated density, but they can transfer in up to 11 more units through TDRs. Mr. Hendrick assured Ms. Moses that the applicant is definitely not interested in having a light industrial use on the property.

Bill Hunter, Sugarloaf Key resident, asked for clarification on the justification for the request. Mr. Bond explained that there are seven different factors by which map amendments are to be evaluated. Any one of those factors can be a justification for map amendment approval. Number 4 is new issues, the new Lower Keys LCP, which was not in effect prior, and Number 6, data updates, which is the LCP that was not in effect at the time of their original zoning. The Lower Keys LCP is not inconsistent and is new data in the County's files. Mr. Hendrick noted that the applicant has other rationale for the proposed change.

Deb Curlee, Cudjoe Key resident, asked for clarification on what is being proposed to be on the property. Ms. Santamaria responded that this is a map amendment only and the specific development is not the subject of the amendment. Mr. Hendrick offered to e-mail Ms. Curlee an outline of the proposed development. Mr. Bond explained for Ms. Curlee that with the map amendment staff evaluates what the potential is, not what they specifically may or may not be planning to do. Anything listed as a major or minor conditional use would go through the review process and, if the applicant meets all of those conditions staff would have no basis for saying no and would approve it. Ms. Creech and Mr. Bond confirmed that no negative feedback was received from any neighbors.

Ms. Santamaria asked for further public comment. There was none.

2. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING POLICY 101.5.31 TO ADDRESS HEIGHT EXCEPTIONS FOR NON-HABITABLE ARCHITECTURAL DECORATIVE FEATURES WITHIN THE OCEAN REEF MASTER PLANNED COMMUNITY; AND CREATING POLICIES 101.5.32 AND 101.5.33 TO PROVIDE CERTAIN EXCEPTIONS TO THE HEIGHT LIMIT IN ORDER TO PROTECT PROPERTY FROM FLOODING AND REDUCE FLOOD INSURANCE COSTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE. (File 2015-006)

3. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY LAND DEVELOPMENT CODE AMENDING SECTION 101-1 TO CREATE DEFINITIONS RELATED TO FLOOD PROTECTION HEIGHT EXCEPTIONS; AND AMENDING SECTION 130-187 TO PROVIDE CERTAIN EXCEPTIONS TO THE HEIGHT LIMIT IN ORDER TO PROTECT PROPERTY FROM FLOODING AND REDUCE FLOOD INSURANCE COSTS AND TO ADDRESS HEIGHT EXCEPTIONS FOR NON-HABITABLE ARCHITECTURAL DECORATIVE FEATURES WITHIN THE OCEAN REEF MASTER PLANNED COMMUNITY; PROVIDING FOR SEVERABILITY; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY CODE; PROVIDING FOR AN EFFECTIVE DATE. (File #2015-171)

Ms. Santamaria presented the staff report. Ms. Santamaria reported that this is the fourth DRC meeting on the proposed comp plan amendments for the height provisions. The BOCC asked staff to work on the height policies that were in the comp plan update and process them separately so that they could be fully vetted and worked through as one topic versus within the entire comp plan update. The previous various staff reports are attached to show how these amendments have been revised. Ms. Santamaria stated there is a proposed policy change to Policy 101.5.3 to incorporate the height definition that is in the code today into the comp plan as well. That height is defined as “The vertical distance between grade and the highest part of the structure.”

Ms. Santamaria reported that the next amendment is to Policy 101.5.31, Ocean Reef-specific, related to non-habitable architectural decorative features. This would allow these features to be above the roof line of those homes up to five feet. The overall height of those structures still cannot exceed a 40-foot height limit. There are no differences between this version and what was presented at the last DRC meeting regarding this policy.

Mr. Hendrick, present on behalf of Ocean Reef, stated Policy 101.5.31 does not address Ocean Reef's needs. Ocean Reef had asked for three things. Mr. Hendrick acknowledged that staff has not received the additional information it had requested. Mr. Hendrick stated Ocean Reef contains several buildings which now greatly exceed the 35-foot height limitation, do not comply with flood, and Ocean Reef would like for them to be elevated. Mr. Hendrick submitted a document detailing what Ocean Reef is asking for with regard to the corresponding Land Development Code. Mr. Hendrick continued to explain that Ocean Reef is most concerned about the lawfully established existing buildings which exceed 35 feet and do not meet flood. There is no mechanism in the proposed policies which allows for those buildings to be made flood-compliant as-of-right. Mr. Hendrick pointed out that Ocean Reef is a master-planned community, completely isolated from the rest of Monroe County, and they have established their own community character, which is not 35 feet in height. Ocean Reef would ask for a policy which enables them to replace their existing buildings, floor for floor, to allow for flood compliance. Ocean Reef would also like to increase their slab-to-slab height in building to be consistent with what people expect when they go to a luxury resort. Mr. Hendrick then stated Ocean Reef is concerned about their cultural center because that building cannot accommodate the fly space that is needed. Ms. Santamaria confirmed that staff has not received information from Ocean Reef that they have requested. Staff needs more information so they can evaluate and understand what is being requested. Staff has not received information on the Ocean Reef Cultural Center.

Dottie Moses, speaking on behalf of Island of Key Largo Federation of Homeowners, voiced concern these policies could spill over into Unincorporated Monroe County. Ms. Curlee agreed. Ms. Santamaria explained that staff would like to start to move this item toward the Planning Commission unless members of the public would like to have another DRC meeting to get more input. Alicia Putney, speaking on behalf of Last Stand, reiterated what Ms. Moses stated regarding spillover into Monroe County.

Ms. Santamaria then reported that the next proposed amendment is to Policy 101.5.32, and this is to create a flood protection height exception up to five feet above the 35-foot height limits to allow buildings to go three feet above their base flood elevation. In no event under this policy will a building be over 40 feet. The policy is specific to new buildings and for existing buildings. If the building is not being elevated to meet at least the required base flood elevation this exception cannot be used at all. This exception would not be provided for buildings located in the very hazardous flood zones.

Ms. Santamaria asked for public comment.

Ms. Moses commented that adding an extra three feet to meet base flood elevation should be allowed with the 35-foot height limit remaining. Ms. Moses does not see the need for this amendment for new construction. Ms. Santamaria explained that staff does not know how many homes there are in the County below base flood right now. Staff is working on getting information from the Property Appraiser to see if somehow that information can be extrapolated, but it is not available at this time. Ms. Santamaria confirmed for Ms. Moses that this policy refers to elevating existing structures. If a house is torn down it must be rebuilt to a 35-foot height limit. Ms. Santamaria then explained between the last DRC meeting and today the

language has been reorganized a bit, but it is the same information. Language has been added that if a building is not being elevated to at least meet base flood it is not eligible for this exception. This exception shall also apply to the substantial improvement of buildings, whether voluntary or not.

Ms. Putney stated that it would be helpful to know what the FEMA maps will show. Ms. Putney then noted that with new construction, although there may be a hardship involved, it can be made to work within the 35-foot height limit. Ms. Moses stated the Federation opposes raising the 35-foot height limit on new construction. Ms. Moses shared a newsletter written by Dennis Henize, a retired meteorologist, stating that communities should be thinking in terms of decelerating growth, especially in the eyes of sea level rise. Ms. Putney pointed out that pre-FIRM, January 1, 1975, people built on the ground mostly and built a small enough house that they could afford to lose. With insurance, houses got bigger, higher and fancier. Citizens need to open up their minds to reverting back to smaller homes given sea level rise and FEMA.

Ms. Santamaria then reported that Policy 101.5.33 is another flood protection height exception, but this is for lawfully established existing buildings which already exceed the 35-foot height limit. If a lawfully established existing building which already exceeds the 35-foot height limit wants to rebuild over 40 feet, they would have to go before the BOCC and meet specific criteria. The BOCC would then decide and specify the height that they could build to. Ms. Santamaria reviewed the criteria used by the BOCC to evaluate the request. The BOCC would have to pass a resolution stating which height a homeowner could build to. Ms. Santamaria explained there are condo structures where clearly units would be lost if redeveloped at the 35-foot height limit.

Ms. Moses pointed out the amendment, as written, does not apply to only multi-tenant buildings, but would apply to any building. Ms. Santamaria added that the public can suggest a provision that this is for multi-family structures only. Ms. Curlee agreed with that suggestion. Ms. Moses noted that previously Legal staff had referred to a Bert Harris implication when discussing this. Ms. Santamaria stated at the next meeting there will be an attorney present who will be able to address that. Mr. Hunter asked if there are any commercial buildings that fall into this category. Ms. Santamaria is unaware of any, but stated that does not mean there is not one in existence. Ms. Moses asked what effect raising some of the low roads would have on this. Ms. Santamaria explained that grade is either natural elevation or crown of the road, whichever is higher. Ms. Moses believes that could exacerbate things.

Mr. Hendrick commented that there are many commercial buildings throughout the County over 35 feet. Mr. Hendrick stated Ocean Reef has a boat barn well over 35 feet. They have real concerns because they would like to elevate, but if they do they are going to lose rack space when they already cannot supply the need that they have. Mr. Hendrick then asked that the words "building envelope" be substituted with "building footprint" to be able to modernize these spaces. Ms. Santamaria confirmed for Mr. Hunter that boat barns would fall within the definition of "building."

Ms. Santamaria asked for further public comment. There was none.

4. AN ORDINANCE BY THE MONROE COUNTY BOARD OF COUNTY COMMISSIONERS AMENDING MONROE COUNTY COMPREHENSIVE PLAN CREATING A DEFINITION OF OFFSHORE ISLAND; AMENDING POLICIES 101.5.8 AND 101.13.5 WITHIN THE FUTURE LAND USE ELEMENT AND POLICY 207.1.2 WITHIN THE CONSERVATION AND COASTAL MANAGEMENT ELEMENT TO FURTHER CLARIFY THE DEVELOPMENT OF OFFSHORE ISLANDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF CONFLICTING PROVISIONS; PROVIDING FOR TRANSMITTAL TO THE STATE LAND PLANNING AGENCY AND THE SECRETARY OF STATE; PROVIDING FOR INCLUSION IN THE MONROE COUNTY COMPREHENSIVE PLAN; PROVIDING FOR AN EFFECTIVE DATE.
(File 2015-007)

Ms. Santamaria presented the staff report. Ms. Santamaria reported that this item started with the comp plan update in dealing with amendments that prohibited transferable ROGO exemptions and transferable density from going to an offshore island. After numerous public comments the BOCC asked staff to extract those amendments from the overall comp plan update and process them separately. This amendment reflects the comp plan update. This proposed amendment is to Policy 101.6.8, which is the transfer of ROGO exemptions. The existing text in the staff report for this policy is already included in the comp plan update and has been transmitted to the State with the exception of Receiver Site Criteria Number 6, which says it is not an offshore island. This is a separate stand-alone amendment so focus can be placed on this one topic. Policy 101.13.3, which is the transfer of development rights, has been transmitted to the State with the EAR-based amendments except for Receiver Site Criteria Number 7, which states it is not an offshore island. That also reflects the initial amendment in the comp plan update the BOCC asked staff to extract and process separately. Policy 206.1.2 had an added statement not transmitted with the comp plan update regarding discouraging the development of offshore islands. This added statement has been struck for consideration and still includes existing policies in the comp plan that offshore islands should be designated as Tier I and it has the existing policy that development shall be prohibited on offshore islands, including spoil islands which have been documented as an established bird rookery based on resource agency best available data or survey. Staff is proposing a definition for the entity "offshore island" as "Offshore Island means an area of land surrounded by water which is not directly or indirectly connected to US-1 by a bridge, road or causeway."

Ms. Santamaria asked for public comment.

Lance Kyle, owner of an offshore island in Monroe County, asked for an explanation of "severability" as used in the agenda. Ms. Santamaria explained that the one provision of offshore island could be appealed and extracted out without overturning the rest of the ordinance and keeping it from becoming effective. Ms. Santamaria further explained for Mr. Kyle that she believes the ten-acre size determination came from the '86 code. Mr. Roberts clarified for Mr. Kyle that the fact that his island is only 800 feet from US-1 does not give it any kind of special consideration.

Gidget Jackson asked whether there is any flexibility in the restricted use for the islands for camping. Ms. Santamaria responded that the zoning category allows for camping of the owner

only. Law enforcement would have to be called for trespassers on an offshore island. Mr. Hendrick confirmed that the ten-acre determination did come from the '86 code, if not before.

Bart Smith, Esquire, was present on behalf of FEB Corp. Mr. Smith asked staff to look closely at whether it is necessary to prohibit transferring TREs onto offshore islands because TREs take pressure off of the allocation system and offshore islands are already limited in density to .1 per acre. There are restrictions in place that require all of the development potential be in place with the correct development requirements. Mr. Smith agreed with the prior comments made by Ms. Dick on behalf of Last Stand regarding the redundancy of the language in 206.1.2 because that is already provided for in the policy as written. Mr. Smith believes the citation to the ALJ order from 2006 regarding the four-acre threshold was incorrect. Mr. Smith stated now that the language that defines "significant upland habitat" has been eliminated and the term "offshore island" is being added to the defined terms of the glossary the policies identify when development on offshore islands should be prohibited is based on the documentation of an established bird rookery or nesting area. Those terms are not defined in the comprehensive plan and the land development regulations and should be. Without having a quantifiable or objectionable criteria for what an established bird rookery or nesting area is it could be left to interpretation. FEB Corp. has retained Phil Frank, a well-respected biologist in the community, to put together a proposed definition for "established bird rookery or nesting area." Copies of the definition were submitted to staff. Mr. Frank then explained how he worked through the definition and what he reviewed in order to come up with that definition. Mr. Frank stated the common theme in the definitions as cited by different authorities is the words "communal nesting, gregarious birds, prominent colonies, colony forming, gregarious colony." Mr. Smith read aloud the proposed definition. Mr. Smith believes if this term that is utilized for the absolute prohibition of development is not defined it will be left open to interpretation that will be fought over for years to come.

Ms. Santamaria stated that part of the reasons a definition for "bird rookery" is not proposed in this amendment is that in the comp plan update the definition as "A communal nesting ground for gregarious birds" was included, as well as a definition for "nesting area." This has been transmitted to the State. Ms. Santamaria read aloud the definition for "nesting area." Mr. Frank pointed out that passerine birds are not listed in the definition and should be. Mr. Smith stated he is concerned that the definition for "nesting area" is too broad and could prohibit development on any offshore island.

Ms. Curlee noted that solitary birds, which are not included in the definition, are equally as important. Ms. Curlee does not agree with Mr. Frank's definition, but does agree with staff's. Mr. Smith believes the definition needs to be clarified so that arguments are not made that all offshore islands are nesting islands.

Julie Dick of the Everglades Law Center, present on behalf of Last Stand and Florida Keys Environmental Fund, re-emphasized that offshore islands are the last place to be encouraging development because they are not connected to public facilities and are some of the most environmentally sensitive areas in the entire Keys. Development rights should not be moved to offshore islands because they are the hardest areas to evacuate. Ms. Dick disagreed with Mr. Smith that TREs should not have the restriction on transferring receiver sites to offshore islands.

Ms. Dick appreciates staff removing the confusing and redundant new language in Policy 206.1.2, but continues to believe the entire policy should be removed. Ms. Dick stated Last Stand and Florida Keys Environmental Fund will likely support staff's existing definition over what has been proposed today, but will need time to confer on that.

Mr. Hendrick, speaking on behalf of himself, stated he fully supports the idea of protecting bird rookeries, but feels that it seems illogical to focus and protect nesting areas on offshore islands because nesting areas are located everywhere. Ms. Santamaria clarified Policy 206.1.2 does not actually refer to nesting areas. Mr. Frank commented when the comp plan was written back in 1986 the bird rookeries were teased out as special resources. Mr. Smith noted that is why using one definition is preferable. Ms. Dick clarified Last Stand and Florida Keys Environmental Fund fully supports the language protecting nesting areas. Ms. Dick then noted that Mr. Smith is here on behalf of FEB, who does not own Wisteria Island, and questions their interest in the matter. Ms. Santamaria emphasized the ordinance does not speak to a particular island, but would apply to anything that falls within the definition of offshore island.

Mr. Kyle asked whether the term "nest" implies that the island has to have some sort of tree canopy or bush canopy. Mr. Roberts replied not necessarily, because there are a number of shore birds and wading birds that are ground-nesters. Mr. Kyle then commented that 90 percent of the speck islands in the County are transient, so the evacuation time issue seems to be somewhat discounted. Ms. Santamaria then explained to Mr. Kyle in detail how the phased evacuation process occurs. Ms. Dick re-emphasized that evacuation is a real concern for Monroe County citizens and it is a safety threat for everyone in the county if the evacuation predictions are not correct. That situation adds further weight to the need to reduce added risk to the evacuation formula by allowing further development on offshore islands.

Ms. Santamaria asked for further public comment. There was none.

Ms. Santamaria asked the public if they prefer to bring this back to DRC one more time or move this forward to the Planning Commission. Mr. Smith, on behalf of FEB Corp., stated they would like to see how concerns over nesting areas are going to be resolved prior to bringing it to the Planning Commission because it affects all offshore islands. Ms. Santamaria agreed to bring this matter back to the DRC one more time for safe measure.

ADJOURNMENT

The Development Review Committee meeting was adjourned at 2:45 p.m.

approximation for Ballast Key

Density or allocated density means the number of dwelling units or rooms allocated per gross acre of land by the plan.

Gross acre means the total area of a site excluding submerged lands, tidally inundated mangroves, not to exceed mean high tide, and any publicly dedicated rights-of-way.

NOTE, acreage provided is an estimate. A property owner may submit a sealed boundary survey which shows mean high water lines in accordance with Florida Statutes and specifically provides the numeric amount of land situated above mean high water.

Subject: RE: Key Largo Village MM 101.5 Bayside - Park Drive

Good afternoon – thank you for contacting us. We are aware that Park Drive is one of the areas where we see this type of flooding during the high tides. The BOCC directed staff to evaluate the issue and works towards a solution. There is an item on the December BOCC agenda to have an engineering consultant, in coordination with the climate change team, do a pilot study to develop design alternatives to mitigate these areas. So, while we are not in a position to fix the problem immediately we are currently working on a solution.

Sincerely,

Judith S. Clarke, P.E.

Subject: Key Largo Village MM 101.5 Bayside - Park Drive

Ms. Clarke, I would like to bring to your attention that on some high tide days, the road (Park Drive) gets flooded with salt water, and makes it very difficult to drive thru and does not allow access to some of the amenities. The only real solution is to raise the crown of the road above this flood level. We understand that there is a lot of news regarding super tides and water level rising, however this problem is real today, I hope you can evaluate the situation and provide a real solution.

Thank you for your attention to this matter,

Eduardo Pozo
