As there was no quorum, the meeting was cancelled.

Off the record, Ira Braun, property owner at 260 Tarpon Street, was present to voice his concern about a dock that will be built near his home. He explained that this large dock has received an exception and will block access to the water and negatively impact the neighborhood.

Alice Allen explained that this is outside of the HPC's purview.

Rey Ortiz offered to have Mr. Braun come down to his office in Key Largo and they can review the permit history and any plans for the property.

The next meeting is scheduled for January 6th.
