

RESOLUTION NO. 401 - 2018

**A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA IN SUPPORT OF REAUTHORIZATION AND FULL FUNDING FOR THE LAND AND WATER CONSERVATION FUND.**

**WHEREAS**, the Land and Water Conservation Fund (LWCF), established by Congress in 1964, is one of the most successful government programs in preserving our country's precious natural and cultural resources and improving equitable access to the outdoors in urban and rural communities, which is essential to Florida's health, culture, jobs and economic opportunities and the future of our children and grandchildren; and

**WHEREAS**, LWCF has been instrumental in creating opportunities for Floridians in urban, suburban, and rural areas to get outdoors. Over the past 54 years, LWCF funds have provided more than \$1 billion to protect Florida's outdoor places, promote water resources and healthy ecosystems and increase sportsmen's access and opportunity. LWCF has been a critical tool in conserving Florida's national parks and historic sites, national wildlife refuges, watersheds and rivers, forests, wildlife areas, and state and local parks, as well as trails and ball fields; and

**WHEREAS**, LWCF is based on the simple premise that as we extract natural resources that belong to our nation – offshore oil and gas – we should, in turn, protect and invest in onshore and coastal resources for future generations; and

**WHEREAS**, LWCF takes a portion of royalties from offshore oil and gas development and invests that money in protecting America's important public lands and waterways for future generations, be that an iconic national park or an urban playground; and

**WHEREAS**, though LWCF is authorized to receive \$900 million annually, this cap has been met only twice during the program's nearly five decades of existence and, instead of being fully funded, nearly every year Congress diverts much of this funding to purposes other than conserving our most important lands and waters; and

**WHEREAS**, despite receiving only a fraction of its intended funding over the last 54 years, LWCF has led to the protection of land in every state and nearly every county in America; has improved access to these public lands; and has provided matching grants for the creation of more than 41,000 state and local park projects; and

**WHEREAS**, LWCF supports and maintains the economic assets that our federal, state and local public lands and waterways represent. Hunting, fishing, camping, hiking, paddling and other outdoor recreation activities contribute a total of \$58.6 billion annually to Florida's economy and supports 485,000 jobs in our state, which generates \$17.9 billion in wages and salaries and also adds \$3.5 billion to state and local tax bases. (Source: Outdoor Industry Association, 2017). Whether manufacturing, retail or service related, many of these jobs are sustainable resource or tourism-based jobs and cannot be exported; and

**WHEREAS**, LWCF funds have been essential to protecting Florida's wildlife and habitat providing hundreds of millions of dollars from LWCF that have been used for the restoration of the Everglades National Park, Everglades National Wildlife Refuge, Big Cypress National Preserve, Biscayne National Park, Osceola National Forest, St. Marks National Wildlife Refuge, Pelican Island National Wildlife Refuge and the Florida National Scenic Trail, among others. The Land and Water Conservation Fund not only helps fund Florida's iconic national parks and wildlife preserves, but also provides money for sportsmen's access including funding fishing piers and boat ramps across the state – all of these projects help support local jobs and promote Florida's outdoor recreation economy; and

**WHEREAS**, Florida has received more than 500 statewide LWCF grants to local governments and state parks, totaling over \$131 million and impacting every county in Florida; and

**WHEREAS**, over the last 54 years, LWCF funding has contributed to the enhancement of local parks, sports fields, walking trails and other recreational opportunities that are part of the fabric of Monroe County including providing essential funding for the following:

- Marvin D. Adams Waterway
- Sombrero Beach
- Long Key
- Higgs Beach Park
- Key Colony Beach Park
- Salt Ponds Hammock
- Big Pine Key Outdoor Recreation Area
- Benjamin Bernstein Park
- Marathon Community Park; and

**WHEREAS**, local parks, trails, and recreation projects are dependent upon LWCF funding to help contribute to the health, well-being and quality of life for Florida families; and

**WHEREAS**, the Land and Water Conservation Fund was initially authorized by the President and Congress over 50 years ago and expired on September 30, 2018; and

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:**

1. The Board of County Commissioners of Monroe County, Florida hereby expresses its support and urges Congress to act swiftly to enact permanent reauthorization and full funding of the Land and Water Conservation Fund given the important contributions it makes to the economic well-being of Florida and the nation, providing recreational access to our nation's natural treasures.

- 2. The Clerk is hereby directed to forward a copy of this resolution to the entire Florida Congressional Delegation to show support for the permanent reauthorization and full funding of the Land and Water Conservation Fund.

**PASSED AND ADOPTED** by the Board of County Commissioners of Monroe County, Florida at a regular meeting of said Board on the 20th day of November, 2018.
