Land Use District Designation(s): Improved Subdivision
 Present Land Use of the Property: vacant
 Proposed Land Use of the Property: Single Family Residence
 Total Land Area: 3,680 #

Pursuant to Section 102-186(b) of the Monroe County Land Development Code (LDC), the Director of Planning & Environmental Resources is authorized to grant the following variances:

- (1) Reduction of front or rear yard non-shoreline setback requirements, as provided in LDC Chapter 131, by up to ten (10) feet; and reduction of non-shoreline side yard setback requirements, as provided in LDC Chapter 131, by up to five (5) feet;
- (2) Reduction in the off-street parking requirements in LDC Chapter 114, Article III, by no more than 20%;
- (3) Reduction in the bufferyard width requirements for Class C, D, E, and F district boundaries, major streets, and scenic corridors in LDC Chapter 114, Article III, by no more than 10%;
- (4) Reduction in the total area of landscaping required for off-street parking and loading in LDC Chapter 114, Article III, by no more than 10%; and
- (5) Reduction in the loading/unloading space dimensional requirements in LDC Chapter 114, Article III.

Provide the standards required by the land development regulations: (Secondary front 25') front 25', rear 20' sides 5' x 10'
 (i.e., front yard setback of 25 feet, 100 off-street parking spaces, etc.)

Provide requested variance: reduction of primary front to 15', reduction of secondary front to 15' and rear reduction to 10'
 (i.e., reduction of 5ft for a front yard setback of 20 feet; reduction to 90 off-street parking spaces, etc.)

All of the following standards must be met in order to receive variance approval. Please describe how each standard will be met (as it relates to the property):

1. The applicant shall demonstrate a showing of good and sufficient cause for granting the variance:
We need the reductions in setbacks in order to have adequate space to build the SFR & have parking spaces required.

2. Failure to grant the variance would result in exceptional hardship to the applicant:
It would result in an exceptional hardship to us if we were not granted this variance, as we would not be able to build the house.

Exceptional hardship means a burden on a property owner that substantially differs in kind or magnitude from the burden imposed on other similarly situated property owners in the same land use district as a result of adoption of the regulations.

3. Granting the variance will not result in increased public expenses, create a threat to public health and safety, create a public nuisance or cause fraud or victimization of the public:

The granting of this variance would not result in any additional public expense, threat, nuisance, fraud or victimization of the public.

4. Property has unique or peculiar circumstances, which apply to this property, but which do not apply to other properties in the same zoning district:

This neighborhood has many previously approved administrative variances due to the small lot sizes. The 2 front setbacks create an even smaller area to work with, hence the reason we are requesting relief in order to be able to build the SFR.

5. Granting the variance will not give the applicant any special privilege denied other properties in the immediate neighborhood in terms of the provisions of the code or established development patterns:

There would be no special privileges denied to others due to the granting of this variance.

6. Granting the variance is not based on disabilities, handicaps or health of the applicant or members of his family:

No, this is not based on any disabilities or handicaps nor the health of the applicant.

7. Granting the variance is not based on the domestic difficulties of the applicant or his family:

No, this is not based on domestic difficulties.

8. The variance is the minimum necessary to provide relief to the applicant:

Yes, this is a minimum request in order to provide the relief necessary to construct the SFR.

Pursuant to LDC Section 102-186 (i), the applicant shall post the property of the proposed variance with a waterproof sign at least four (4) square feet in front surface area, which is so lettered as to be easily visible from all public streets and public ways abutting the property. The property shall remain posted for no less than thirty (30) calendar days beginning within five (5) working days of the date that the application is deemed to be in compliance by the Planning Director. For your convenience, the Department will provide you with a sample of the sign.

The applicant/owner hereby acknowledges and agrees that any staff discussions or negotiations about conditions of approval are preliminary only, and are not final, nor are they the specific conditions or demands required to gain approval of the application, unless the conditions or demands are actually included in writing in the final development order or the final denial determination or order.

By signing this application, the owner of the subject property authorizes the Monroe County Planning & Environmental Resources staff to conduct all necessary site visits and inspections on the subject property.

I, the Applicant, certify that I am familiar with the information contained in this application, and that to the best of my knowledge such information is true, complete and accurate.
