

Monroe County Building Department

SEWER AFFIDAVIT

Permit # _____

Lot _____ Block _____ Subdivision _____

As the owner of the property located at _____

I have been advised that sewers are scheduled to be connected to my property on or about _____ per the applicable Wastewater Treatment District. I am hereby requesting that the Monroe County Building Department waive the required Department of Health (DOH) plan review and approval at the time of permit application submittal and I acknowledge that my construction will not be issued a Certificate of Occupancy until I connect to the operational sewer system. I understand that by electing this option, I may no longer qualify for a Department of Health (DOH) onsite wastewater system on this property, even if the construction of the sewer system is delayed.

I understand that if I sell this property, it is my responsibility to apprise the new owner in writing of the conditions of this affidavit and provide a copy of that notification to the Building Department.

Owner - Signature

Owner - Print Name
