

Memo

To: Tourist Development Council
From: Jessica Bennett, Research Department
Date: May 29, 2009
Re: Visa Vue International Traveler Data

This month's packet is the premiere of new international visitor estimates based on credit card data obtained from Visa Credit Card Company. The TDC has subscribed to this new reporting service, VisaVue International Traveler Data, via a co-op with VISIT FLORIDA.

Through training with VISIT FLORIDA, we've developed a methodology for translating credit card transaction data into estimates of visitation by country of origin. These calculations include data from other sources; such as the Nilson Report on Visa credit card use by Country and our Visitor Profile Survey data on travel party size by Country.

The Visa data, and our derived estimates, are for the County as a whole and for four individual regions of the Keys: Key West & the Lower Keys combined, Marathon, Islamorada and Key Largo. As Visa limited our region reports to four, we combined District I and District II. Please note: as many travelers visit more than one district during their trip to the Keys, visitation numbers for each of the four regions if added together would exceed our total estimate for the County because of duplication. Therefore, only the number given as the total County estimate should be used for total Keys visitation by country.

Canadian visitor estimates are not included in this report. As the use of Visa credit cards is low among Canadian travelers, it has been advised that the Visa Vue data not be used to estimate Canadian visitation.

Summary of Q1 Results:

- Visitors from 115 different countries around the world came to the Keys in Q1 2009. Countries were as varied and far reaching as the Maldives, China, Macedonia, United Arab Emirates and Australia.
- The Top Foreign Countries of Origin (excluding Canada) were:
 1. Germany 17,000
 2. United Kingdom 15,300
 3. France 10,400
 4. Italy 8,000
 5. Sweden 6,100
 6. Denmark 5,100
 7. Brazil 3,800
 8. Switzerland 3,700
 9. Norway 2,800
 10. Spain 2,600
