**VACATION RENTALS – Things to know, check and do before renting!**

Vacation rental means a dwelling unit that is rented, leased or assigned for tenancies of less than 28 days duration.

An owner or agent is required to obtain an annual special vacation rental permit for each dwelling unit prior to renting any dwelling unit as a vacation rental unless an exemption to the vacation rental permit has been issued for the property as provided in Section 134-1(b) of the Monroe County Code.

All vacation rental units shall have a vacation rental manager, who has been issued a vacation rental manager license by the Planning & Environmental Resources Department.

A special vacation rental permit is nontransferable between owners. A change of ownership of the vacation rental unit shall require the new owner or his agent to obtain a new vacation rental permit for the residential dwelling unit.

It is important to review the Land Development Code requirements and comply with all requirements to avoid code compliance action. The adopted requirements are in place to foster and preserve public health, safety, comfort and welfare, and to aid in the harmonious and orderly development of the unincorporated areas of the county.
