RESOLUTION NO. 026 - 2022

A RESOLUTION OF MONROE COUNTY BOARD OF COUNTY COMMISSIONERS EXPRESSING CONCERN THAT FEMA'S RISK RATING 2.0 WILL INCREASE NATIONAL FLOOD INSURANCE POLICY PREMIUMS AND SUPPORTING THE NATIONAL FLOOD INSURANCE PROGRAM REAUTHORIZATION AND REFORM ACT THAT INCLUDES PROVISIONS TO PROTECT AFFORDABILITY, SPECIFICALLY THE IMPLEMENTATION OF A CAP ON ANNUAL PREMIUM INCREASES OF NO MORE THAN 9%, AND OTHER MEASURES THAT STRENGTHEN THE PROGRAM AND ENCOURAGE FLOOD RISK MITIGATION; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, flooding is the number one natural disaster in the United States; and

WHEREAS, the National Flood Insurance Program ("NFIP") is a program created by Congress to mitigate future flood losses across the United States, by providing access to affordable flood insurance protection for property owners and to provide an insurance alternative to disaster assistance to meet the increasing costs of repairing damage to buildings and their contents caused by floods; and

WHEREAS, the NFIP must be reauthorized by Congress every five years. The current authorization expired on September 30, 2017. Since then, Congress has authorized numerous short-term extensions of the program, with the most current extension set to expire on February 18, 2022; and

WHEREAS, the NFIP maintains a significant role in providing financial protection against flood events to Florida’s and Monroe’s residential and commercial property owners; and

WHEREAS, the State of Florida has the highest number of NFIP policies, with over 1.7M policies and 35% of the national portfolio; with the highest insured value at $442B; and the highest annual premiums paid at $976M; and

WHEREAS, Monroe County has over 31,000 NFIP policy holders with about $7.5B in insured value; and

WHEREAS, the Monroe County Board of County Commission has long recognized flood insurance affordability as (1) a critical pocketbook issue for our residents and business owners, (2) an important component of affordable housing, and (3) a significant factor in our community’s property values and tax base; and

WHEREAS, Monroe County continues to demonstrate its commitment to responsible flood plain management and to reducing flood risk in our communities by its participation in the Community Rating System (CRS) and its advancement from CRS Class 10 in 2016 to a Class 3, which will officially take effect in April 2022; and

WHEREAS, FEMA has begun the implementation of Risk Rating 2.0 which takes effect for all new policies as of October 1, 2021 and for all existing policies upon renewal after April 1, 2022; and
WHEREAS, Risk Rating 2.0 will dramatically change the way FEMA prices NFIP premiums, and will now account for series of new flood risk factors for individual properties including: proximity to the coast, propensity for heavy rainfall and storm surge, prior flood claims and the cost to rebuild – all factors that will inevitably subject coastal communities like Monroe County already challenged by high housing costs to even higher flood insurance premiums; and

WHEREAS, NFIP policy holders are already subject to steep annual premium increases of up to 18% for primary homeowners and 25% for commercial and repetitive loss properties that were set in law in 2014; and

WHEREAS, the Monroe County Commission believes that these rate caps are steep, unaffordable and unsustainable for NFIP policy holders and is deeply concerned that Risk Rating 2.0 will exacerbate pressure on flood insurance premiums; and

WHEREAS, the Monroe County Commission believes a lower annual increase cap will provide a more gradual and reasonable glide path of increases, and therefore greater economic stability and fairness; and

WHEREAS, on November 2, 2021, the National Flood Insurance Program Reauthorization and Reform Act ("NFIP-RE") was introduced in the United States Senate, and on November 15, 2021 companion bill HR 5812, was introduced in the United States House of Representatives; and

WHEREAS, this legislation will strengthen the NFIP, protect policy holders, and boost flood risk mitigation by doing the following:

- Reauthorizing NFIP for the next five years,
- Capping annual premium increases to 9% (on all properties irrespective of use),
- Boosting the amount for Increased Cost of Compliance (to encourage individual property mitigation efforts),
- Redirecting the program’s interest payment on the debt to community-wide mitigation programs; and

WHEREAS, the Monroe County Commission strongly urges Congress to pass this legislation that will finally provide long-term NFIP reauthorization legislation, with an affordable and sustainable glide path for premium increases to guard against impacts from Risk Rating 2.0, and that encouraging meaningful mitigation efforts and continued responsible flood plain management; and

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MONROE COUNTY, FLORIDA:

1. The above recitals are hereby incorporated into this resolution as restated herein constitute the legislative findings and intent of the Board of County Commissioners of Monroe County, Florida.

2. The Clerk for this Board shall furnish copies of this resolution via email and regular mail to:
