

RESIDENTS INVITED TO WINSTON WATERWAYS SEA LEVEL RISE PROJECT MEETING IN KEY LARGO

Monroe County and its consultant, HDR Engineering, Inc., will be conducting a public information meeting to present details of the Winston Waterways Road Elevation & Stormwater Resiliency Design Project that is underway for your community.

The team will provide details of the ongoing design that includes road elevation and an engineered stormwater management system consisting of a collection system, water quality treatment, a pump station and a disposal system, as well as a discussion of easement requirements, adjacent property harmonization, project funding including future operations and maintenance assessments.

Residents are encouraged to attend and ask questions. It is a hybrid meeting so you can attend in person or via zoom.
