

**RESIDENTS AND JOB SEEKERS INVITED TO ROCK HARBOR BREAKWATER REPAIR
PROJECT MEETING IN KEY LARGO – FUNDED BY HUD SUBGRANT #IR-036**

Monroe County will conduct a public information meeting to present details of the Rock Harbor Breakwater Repair Project that is about to be under construction in the Rock Harbor community. The team will provide details of the project that includes repair of the existing breakwater and installation of a weed gate. A schedule of activities will be provided. Representatives from the Contractor, Adventure Environmental Incorporated and the Construction Engineering Firm, WSP USA, Incorporated will be present.

Details on jobs applicable for this construction project and other restoration projects will also be shared at the meeting. This project is funded by the United States Department of Housing and Urban Development (HUD), under Grant #IR-036 issued by the State of Florida, Department of Commerce.

Residents and job seekers are invited to attend and ask questions. This is an in-person meeting only.
